Moved by Myhrum, seconded by Benson that the Nortz Lumber Co., be granted permission to install a Team Platform Scale in front of their office. Motion carried.

Moved by Myhrum, seconded by Olson, that the appointment of Severt Egenes to membership in the Fire Department to succeed Homer Mussey and Morris LaSalle to succeed H. L. Schuster be approved. Motion carried.

In response to advertisement for bids for the construction of Cement Sidewalks and Street Crossings for the year 1918, the following bid was received.

Lars Backe submitted the following bid:

12 cents per square foot for cement walks where cash payment is made

13 cents per square foot for cement walks if paid in time certificates.

35 cents per lineal foot for curbs and gutters.

13 cents per square foot for repair of sidewalks.

17 cents per square foot for repair of street crossings.

17 cents per square foot for street crossings where cash payment is made.

18 cents per square foot for street crossings if paid in time certificates.

Where filling is needed for more than ordinary leveling 75 cents per yard.

Moved by Brandon, seconded by Benson, that the bid of Lars Backe for constructing cement sidewalks and street crossings be accepted and that a bond of $2,000.00 be furnished. $1,000.00 to guarantee work and $1,000.00 to indemnify the city against accidents. Motion carried.

Moved by Froseth, seconded by Myhrum, that the bond of John H. Meyers in the sum of $250.00 be accepted. Motion carried.

Moved by Myhrum, seconded by Brandon, that the city by resolution appropriate the sum of $400.00 to assist the fair association in holding their annual fair Motion carried. (See Resolution.)

Moved by Froseth, seconded by Myhrum, that the salaries of the Thief River Falls Fire Department by Resolution be increased in the sum of $160.00 for the month of June, 1918. Motion carried. (See Resolution.)

On motion duly seconded the Council adjourned.

O. L. IHLE,
President of the Council.
Attest:
A. H. AKRE,
City Clerk.

RESOLUTION.

At a regular meeting of the City Council held May 14, 1918, Alderman Myhrum, seconded by Alderman Brandon, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minnesota, that there be and hereby is appropriated to the Pennington County Fair association the sum of Four Hundred Dollars for the purpose of assisting in the holding of an agricultural and industrial exhibit in the city during the season of 1918, and the proper officers of the city are hereby authorized and required to execute and deliver to the officers of said Pennington County Fair association the City's Warrant for that sum.

Roll Call:

Members voting Yes: Benson, Myhrum, Olson, Brandon, Ihle.

Members voting No: None.

Resolution declared passed.

O. L. IHLE,
President of the Council.
Approved May 18, 1918.
G. A. PENNEY,
Mayor.
Attest:
A. H. AKRE,
City Clerk.

RESOLUTION.

At a regular meeting of the City Council held May 14, 1918, Alderman P. O. Myhrum, seconded by Alderman C. Froseth, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minnesota, that the salary of the Thief River Falls Fire Department for the month of June, be, and hereby is increased in the sum of $160.00, with provision that said money be used in attending the meeting of the State Fire Men's association to be held at Montevideo on June 11th, 12th and 13th, and that there is hereby appropriated said sum for that purpose and the Mayor and the City Clerk are hereby authorized to execute and deliver to the Chief of the Fire Department the City's Warrant in that sum to be distributed and used in accordance herewith.

Roll Call:

Members voting Yes: Froseth, Benson, Myhrum, Olson, Brandon, Ihle.

Members voting No: None.

Resolution declared passed.

O. L. IHLE,
President of the Council.
Approved May 18, 1918.
G. A. PENNEY,
Mayor.
Attest:
A. H. AKRE,
City Clerk.

RESOLUTION.

At a regular meeting of the City Council held May 14th, 1918, Alderman Alfred K. Olson, seconded by Alderman P. O. Myhrum, introduced the following resolution and moved its adoption:

POLITICAL ADVERTISEMENT

Inserted by W. J. LaBree, candidate for sheriff, on his own behalf and to be paid for by him. Amount, 30 cents per inch.

For Sheriff

W. J. LaBree

I wish to announce to the voters of Pennington County that I am a candidate for the office of sheriff at the primary election to be held June 17th.

I respectfully ask the support of the voters of the county and I pledge my best efforts, if nominated and elected, to the honest and efficient service of the people in this important position.

Condition For Renewal of Certificates.

A first class certificate having no mark below 75, is upon recommendation of the County Superintendent renewable for five years if its holder has taught at least eighteen months of the time for which it is originally issued. A second class common school certificate is on the same condition renewable for two years, if the holder has taught at least eight months. In each case the applicant must show that he or she has shown progress by attendance at teachers' meetings, institutes or training schools. Four Reading Circle certificates must be presented for the renewal of a first and two for renewal of a second grade certificate.

The state department of education has recently issued the following supplimentary order:

"All teachers who have attended summer school in 1916 or later and have taught one year, will be excused from summer school this year providing they can show certified evidence of such employment, signed by the proper county authorities."

Applicants for renewals, who have a standing in a subject or subjects less than 75 must write examinations in those subjects.

"These teachers may be excused from summer school work providing their certificates simply need renewal. If lacking in credits, the teacher must attend summer school.

"The teachers must also show certified evidence of continuous summer employment, for six weeks at least.

"1. Where they take charge of at least 20 children in club project work, under county or district club leaders.

"2. Where they are hired to release men for farm employment.

"3. Where they are hired and paid for work in farm kitchen.

"4. Where they are hired to take the place of men in the field.

In case they wish to work for their parents, arrangements for the renewal of certificates must be made through the county superintendent, with this department.

"Teachers are not expected to be called to do farm work while men are available, but the employment bureau thought best to list such workers, in case of a shortage. In case teachers are to be excused from summer school, they must fill out a blank furnished by this department, properly certified to and signed by the County Superintendent, the County Director of the Safety Commission, and the employer.

"Very truly yours,
"C. G. SCHULZ,
"Superintendent."

As already announced in these "Notes" the summer school will open on Monday, June 17th and continue for six weeks at all the normal schools and at University Farm, St. Paul, at Morris and at Crookston.

The high school board examinations for May will be held Friday, Monday, Tuesday and Wednesday the 24, 27, 28 and 29. For the Rural schools the program will be as follows:

Friday, May 24: 2:00 p. m. Physiology.

Tuesday, May 28th: 10:15 a. m. Spelling, 30 minutes; 2:00 p. m. Eighth grade grammar and composition.

Wednesday, May 29th: 8:00 a. m. Arithmetic; 2:00 p. m. Geography.

High School Board examinations will be conducted in the following schools:

District No. 178—Mabel Satre, conductor.

District No. 180—Mabel Engen, conductor.

District No. 102—A. O. Halvorson, conductor.

District No. 52—Gertrude I. Olson, conductor.

District No. 66—Tillie Thompson, conductor.

Districts Nos. 35, 154, 12—Lilly M. Boehm, conductor, Hazel.

District No. 25—Ella Engen, conductor.

District No. 57—Louise Furstnau, conductor.

District No. 73—Carrie B. Holden, conductor.

Pupils of district No. 35 and 154 will take the examinations in District No. 12 at Hazel and pupils No. 48 at District No. 57 at Torgerson.

Pupils who have the required credits for graduation should not fail to send the credits to this office.

School clerks kindly make sure that all reports, Library and State aid be sent to this office at their earliest convenience. May I again ask that the question of hiring teachers for next year be considered at their earliest convenience.

Let me ask the rural schools yet in session to report to the chairman of the county committee for the purchase of Thrift Stamps if the respective schools have organized the War Saving society. This matter was presented through literature sent to every school and through presentation made by your superintendent during his visitations in March and April.

Let me also urge that all pupils who have bought Thrift Stamps, but not as yet have completed their cards, to do their best so to do, so as to obtain in exchange the War Saving Stamps and thus to be assured interest and return of their money.

I do hope that many schools with many pupils will be able to show thrift by presenting war saving certificates, when the solicitors come around in the war saving drive which is presently to take place.

In this way the pupil will become one of the great army of children as well as men and women who put Uncle Sam to work—for Uncle Sam, you know, will have to pay both principal and interest, besides doing all the other things to be done for the good of our country.

Let us all feel that we are one among the number by getting our Thrift Stamp card in order and in obtaining a new war saving certificate for the old card.

Yours truly,
E. A. MOSTUE.
Member of County Committee.

Proceedings of Board of County Commissioners

Thief River Falls, Minnesota, May 17th, 1918.

The County Board of Pennington County met in special session in the office of the County Auditor in the City of Thief River Falls, at 2 o'clock P. M.

Meeting was called to order by Chairman Commissioner Peterson.

Members reported present as follows: Commissioners Wold, McGinn, Larson, Roy and Peterson. Members absent, None.

The matter of the petitions of O. W. Brink and others to have certain tracts of land set off from the Incorporated Village of St. Hilaire came duly up before the Board and was given a hearing. Attorney Theo. Quale appeared for the Petitioners and Attorney Chas. Boughton appeared for the Village of St. Hilaire.

Motion made by Commissioner McGinn and duly seconded by Commissioner Larson that the petitions of Maakerud, Vik and McKircher be granted and that their lands be set off from the Incorporated Village of St. Hilaire.

On Roll Call the following votes were recorded:

Wold—No.
McGinn—Yes.
Larson—Yes.
Roy—Did not vote.
Peterson—Yes.

The motion was duly declared approved.

Motion made by Commissioner McGinn and duly seconded by Commissioner Larson that the petitions of Soderberg, Stoll, Williams, Elmquist, Lundberg, Brink and Cooper be rejected.

Those voting for the motion: Commissioners McGinn, Larson and Peterson.

Those voting against the motion: Commissioner Wold.

Commissioner Roy did not vote.

The motion was so declared approved.

Bids for the construction of Job 1806 on the Reservation line was called for by the County Board and the following bids were received:

Bid of Charley Glen as follows:

Grubbing 5½ acres at $35.00 per acre.

Grading 2419.1 cubic yards at 40 cents per cubic yard.

Side excavation 28769.3 cubic yards at 27½ cents per cubic yard.

Offtake ditch 2153.4 cubic yards at 22 cents per cubic yard.

Hauling and installing 15 culverts at $12.00 each.

Certified check for $600.00 accompanied said bid.

Bid of Lloyd E. Crown as follows:

Grubbing and clearing 5½ acres for the lump sum of $220.00.

Excavation 2419.1 cubic yards at 45 cents per cubic yard.

Hand ditching offtake 2153.4 cubic yards at 24 cents per cubic yard.

Side ditching 28769.3 cubic yards at 28 cents per cubic yard.

Installing 15 culverts at $15.00 each.

Certified check for $600.00 accompanied said bid.

Bid of Hyland and Lande as follows:

Clearing and grubbing 5½ acres at $50.00 per acre.

Grading 2419.1 cubic yards at 35 cents per cubic yard.

Pure Bred Percheron Stallion
MARLO 73151

Marlo, 73151, is known far and near by our best horsemen to be every way right and one of the best foal getters in the states. He is a coal black with the best of style and action, good bone, short on legs, close ribbed, short back, just the kind that our government wants, just the breed of horses you see in all the large shows. He is a heavy black and daple gray Percheron. Watch when the big show comes to Thief River Falls and see if I am not right. The pure bred horse is easy to train and as the Percheron has lots of style there is always a good demand for them and the highest prices will be paid for horses ever known. Remember it takes five years, starting now, to get a colt four years old and by that time the horses you now have are gone. Terms $15.00 payable at the birth of *living colt, unless the mare is pure bred Percheron, if so my price* is $20.00. This horse will be at Ramstad's big barn as mentioned below, Thursday, Friday and Saturday up to July first and maybe longer; the balance of the time he will be at home on the farm in section 4, town of Sanders, about 5½ miles due west of Thief River Falls. Phone at the farm. When wishing to phone, call four short and one long on 811. When I am in town call and arrange your business with me as it will save you time and disappointment.

G. W. EASTMAN, Owner.

State of Minnesota Stallion Registration Board License Certificate

PURE BRED STALLION

No. 4034.

The pedigree of the stallion, Marlo 73151, owned by G. W. Eastman, Thief River Falls, Pennington County, Minn. Color black. Breed Percheron, foaled 1909, Sire Marley 40448 (53726), Dam, Lucy 47592, has been examined at the College of Agriculture, Division of Animal Husbandry, and it is hereby certified that the said stallion is of pure breeding and is registered in a studbook recognized by the Department of Agriculture, Washington, D. C. The above named stallion has been examined by H. B. Newell, a duly licensed Veterinarian, and is reported as free from infectious, contagious or transmissible disease, or unsoundness, and is licensed to stand for public service in the State of Minnesota.

Dated at St. Paul, Minnesota, this 14th day of March, 1916.

(SEAL.) T. L. HARCKER,
Professor of Animal Husbandry and Secretary Stallion Registration Board.

Renewed 1918.

WILL MAKE FOLLOWING STANDS:

Beginning May 2nd, Monday, Tuesday and Wednesday, Sec. 4, Sanders township. Thursday, Friday and Saturday, Ramstad's barn, Thief River Falls. Terms of Service: Same as last year.

This stallion is a large black beauty and has given the best of satisfaction; low down on legs; the kind that sells.

G. W. EASTMAN, Owner.

Cottage Cheese---An Inexpensive Meat Substitute

Cottage cheese is one of the important meat substitutes, say specialists of the United States Department of Agriculture. It contains a larger percentage of protein (the chief material for body building) than most meats and furnishes this material at a lower cost. In every pound of cottage cheese there is about one-fifth of a pound of protein, nearly all of which is digestible. Meats, on the other hand, usually contain less protein and besides have a certain waste, such as bone and other inedible material. A pound of cottage cheese daily would supply all the protein required by the ordinary adult engaged in a sedentary occupation.

The following table shows that cottage cheese is much cheaper than most meats in furnishing protein for the diet.

For supplying protein, one pound of cottage cheese equals:

1.27 pounds sirloin steak.
1.09 pounds round steak.
1.37 pounds chuck rib beef.
1.52 pounds fowl.
1.46 pounds fresh ham.
1.44 pounds smoked ham.
1.58 pounds loin pork chop.
1.31 pounds hind leg of lamb.
1.37 pounds breast of veal.

In addition to protein, energy for performing body work must be furnished by food. As a source of energy also, cottage cheese is cheaper than most meats at present prices. The following table shows the comparison when energy is considered.

On the basis of energy supplied, one pound of cottage cheese equals:

8 1-3 ounces sirloin steak.
11½ ounces round steak.
11¼ ounces chuck rib beef.
10¾ ounces fowl.
5½ ounces fresh ham.
5 ounces smoked ham.
6 ounces loin pork chop.
7 1-3 ounces hind leg of lamb.
12¾ ounces breast of veal.

Sold for 10c per pound at Nielsen's Meat Market, DeCremer's Meat Market.

Thief River Co-Operative Creamery Association
Thief River Falls, Minn.

CHEERFUL GIVERS EVERYWHERE MET

RED CROSS SOLICITORS LOUD IN PRAISE OF SPIRIT DISCLOSED.

There is no use denying the fact that many of the Red Cross solicitors started out on their rounds with a feeling that their mission would not prove very popular with the people whom they accosted. Our citizens a short time ago went just about the limit on Liberty Bonds and have besides been contributing regularly toward the maintenance of the county Red Cross chapter. For this reason if was feared that the supply of ready cash might be just a little short. The solicitors were agreeably surprised, however.

One story, which has counterparts galore, is told by a member of one of the teams making the east side of the river. They arrived at a home that looked very well kept and indicated that the people residing there were at least in fair circumstances. Their summons was answered by a young woman who invited them in, saying that their visit had been expected and that preparations for meeting the requirements had been made. They discovered that the father had been sick and unable to work for a long time and that the mother was also unable to do much. The care of the household therefore devolved upon two daughters. She stated that there was naturally not a great deal of ready cash at hand but that the family wanted to be represented among the contributors to the Red Cross, particularly as she had a brother in the army.

The young lady thereupon produced a ten dollar bill and asked to have it credited to her sister and herself equally. Thereupon the mother of the family spoke up and said that she had some change saved up through having deposited pennies and odd sums in a small bank and that this had better go for the good cause also. This source yielded three dollars. Just then the father hobbled into the the room. After taking note of the proceedings he opened his pocket book and added the only two dollars it contained to the three already given by his wife. This totalled $15 from this one family and the solicitors say they actually felt guilty in taking it under the circumstances. The donors were so cheerful about it, however, and evidently so happy in being able to do their part that they would most assuredly have felt hurt had the money not been accepted in the same spirit it was offered.

Similar situations were met with by other teams. In a few instances the people approached were simply unable at this time to make a donation, but in such cases generally insisted on setting a specified date when they would come forward with their share.

The solicitors encountering these little side lights on the campaign say that anyone who thinks our people are not heart and soul behind the Red Cross in the great work the society is accomplishing simply do not know anything about the matter.

GRAND JURY NAMED FOR JUNE SESFION

The grand jury will be called for service at the June term of the district court and will convene on the 25th, one day before the term is formally opened by Judge Grindeland. There was some question as to whether or not it would be necessary to call together the indicting body at this time, but County Attorney E. M. Stanton believed that such action would be advisable and the members were on Friday selected by Clerk of Court Adolf Eklund, Sheriff LaBree and Justice of the Peace Paul Borgie of Hazel.

Following are those who will serve: C. M. Wilson, Ben Erickson, Rasmus Oen, Ed. O'Hara, W. J. McGinty, Carl Hilliard and Lars Backe, city; Gust Roos and Alfred Forslund, Numedal; John Ulvild, Cloverleaf; Lars Loberg, St. Hilaire; Hans Skogstad and Ole Forthune, Silverton; P. O. Sollum, North; James Gilbertson, River Falls; Joe Glacken and August Scholin, Bray; B. Bjornaraa, Hickory; August Roese, Wyandotte; Albert Kolp, Black River; L. C. Fevig, Star; Osmund N. Ordahl, Goodridge; Albert Johnson, Rocksbury.

The petit jury is made up of the following citizens: M. C. Burns, Peter Eberhart, P. J. Keating, Pat Soards, M. C. Harlow, M. M. Johnson and Phil Zeh, Thief River Falls; Iver Solheim, Kratka; Swan Johnson and Carl J. Erickson, Rocksbury; Theodore Halvorson, Wyandotte; J. O. Thorstad and A. N. K. Anderson, Sanders; Gunder Erickson, Goodridge; Geo. M. Gunderson and H. C. Woolson, Silverton; H. T. Hanson, Hickory; Peter Bugge, Numedal; Arthur Peterson and Andrew Faragen, Reiner; Waldie Christianson, North; Peter Thune, Smiley; J. J. Helrud and Jens Almquist, St. Hilaire.

Official Program For Battalion Drill, Sunday, May 26, 1918, at East Grand Foksr

10:30—Officers school; uniformity of company drill. Battalion formations. Formating battalion for drill and for ceremonies. Position of captains. Position of lieutenants. Positions of guides. Commands—What given by Major, what given by Captains. (1st. Sergeans drill companies in company drill. Physical drill if weather is cold.)

10:50—School for guides.

11:00—Company drills. Fixed and moving pivot. Uniformity.

11:15—Battalion drills. All formation in 1911 I. D. R.

12:30—Mess.

1:30—Officers and non-commissioned officers school. Assemble at East Grand Forks drill ground, east end of Demers Avenue. Company drills.

2:00—Companies assemble at last named place. Company drills. Battalion riot work, street column, street square.

3:00—Parade, West Side.

4:00—Battalion parade.

4:30—Guard mounting (formal) Company A.

4:45—Dismissed.

Orders to be published at Parade—Company A will report for formal guard mounting immediately after the Battalion Parade.

Guard Details For Cars—Each Company to furnish one non-commissioned officer and six privates—two for each one hour detail.

NEW PRINCESS THEATRE

The Shows As You Like Them

Thursday, May 23—
Big special attraction, ALMA RUBENS in
"THE ANSWER"
Seven reel production. This is a most thrilling and unusual picture. Don't fail to see it. No advance in prices.

Friday, May 24—
The famous Japanese actor, SESSUE HAYAKAWA in
"THE HONOR OF HIS HOUSE"
The greatest of all Hayakawa pictures, better than "The Cheat"; also a Cub comedy.

Saturday, May 25—
Special, HAROLD LOCKWOOD in
"THE EVENING TRAIL"
A striking story of adventure set in the northern lumber camps. A picture of unusual interest; also a two reel Keystone comedy.

Sunday, May 26—
Big special attraction, MARY PICKFORD, the American Sweetheart in
"STELLA MARIS"
This is a wonderful picture and every one should try to see it; also a comedy. Adults 20c; childrern 11c, including war tax. First show 7:15; second 9.

Monday, May 27—
ROY STEWART in
"FAITH ENDURING"
A thrilling western story, something different; also a comedy.

Tuesday, May 28—
Big Special, MIRIAM COOPER in
"WOMAN AND THE LAW"
Has the law the right to deprive a mother of her child? Come and see the answer. Also "Screen Telegram". Adults, matinee 17c; children 11c. Evening, 20c; children 11c, including war tax.

Wednesday, May 29—
DOROTHY DALTON in
"LOVE ME"
A picture taken in the wilds of the Amber country. The most thrilling of all her pictures; also a two reel Keystone comedy.

Matinee Tuesday, Wednesday and Saturday at 2:30, 6c and 11c. Evening: First show 7:30. Second 9; 11c and 17c.

Coming—June 2—De Mille's masterpiece, "THE WHISPERING CHORUS."

Coming—Annette Kellerman in
"A DAUGHTER OF THE GODS"

FOR CONGRESS

I am a candidate for the Republican Nomination for Representative in Congress from the Ninth Minnesota District.

I believe I understand the hearts of the people in this District, and know how they feel upon public questions and what they want done at Washington.

I believe I can demonstrate that I am in full accord with the ideas and ideals of the people of this District, and feel that I can creditably represent them at the National Congress.

The people are demanding honest government. They demand an end to all waste, graft, and favoritism. They demand fair markets and right conditions for the producers. There must be no plundering or price gouging.

These are my principles, and to these ends I will give All my Energy and Ability.

I am endorsed by the Nonpartisan League and a member of the Brotherhood of Locomotive Engineers.

Very Respectfully,
FRANK M. BARTON.

(Political advertisement inserted in his own behalf by Frank M. Barton, Mahnomen, Minn, candidate for Representative in Congress from the Ninth District. Amount to be paid, 30c per inch.)

CHIROPRACTIC IS RIGHT

Adjustments Restore Health Quickly and Permanently

Nature is the Chiropractor's only aid. Adjustments remove the pinch on the nerves and enable nature to do her part in making and keeping the body well.

Ninety-five per cent of diseases are due to pressure upon nerves along the sides of vertebral column. This pressure interferes with their functions; hence inflammation, unnatural action, pain and distress are manifested where these nerves end. All diseases are prolonged until pressure upon these nerves leading to the affected parts is adjusted.

Chiropractic Adjustments, Relieving Nerve Impingement, Permit Nature to Remove the Cause of Disease and Correct Abnormalities Without the Use of Drugs.

Historical Society

MINNESOTA HISTORICAL SOCIETY

MAY MEAN BUT ONE DEPOT HERE

MUCH SPECULATION AS TO EFFECT OF PHYSICAL MERGER PLAN.

NOT A DIFFICULT MATTER

SHORT BRIDGE WOULD CONNECT GREAT NORTHERN WITH SOO TRACKS.

The report is current—and no one can be found who will either confirm or deny it—that the Great Northern and Soo railroads may both use the terminal facilities of the latter road in this city. This would mean the closing of the Great Northern station entirely, at least during the time the government retains control of all railway business.

McAdoo Gives Orders.

W. G. McAdoo, director general of railroads, has given notice that he intends to order the unification of all equipment under his control, forming all lines into practically one system in fact as well as in name. This will mean the limination of a great many duplicating factors and may extend to depots. This will be done solely for the purpose of securing greater speed in the handling of goods by making all transfers unnecessary. The plan, according to those who have made a study of it, is to do away with as much of the cost of transferring as possible and, to a lesser degree, cut the cost of depot maintenance.

Is Practically Certain.

That some such move is being considered by the director general is certain. Where the depot facilities of one road are ample for the accommodation of the business of a larger number it is more than probable that such order will be issued. This would include Thief River Falls and the fact that officials of the Great Northern have been in this section of the state during the past week looking over the property of the line lends weight to the rumor that the change will soon be made. Vice President Gruber and other officers of the Great Northern were scheduled for a visit to this city last week, but are understood to have gone over the Cass Lake branch instead. That they will be here in the near future is, however, certain.

Offers No Obstacles.

There are no very serious obstacles in the way of making the Soo depot serve the purpose of the two roads. There is a track connecting the lines about a mile and a half north of the city but the use of this by the Great Northern would mean the loss of considerable time in backing in or out again. As time saving is the main object in making the change it is not likely that this method will meet with general approval.

Short Bridge Needed.

It is far more probable that a bridge will be placed across the river at the site of the former Great Northern bridge. This structure was only removed last year after having done service during all the time that the city was a lumbering center. At this point the tracks of the Soo and the Great Northern are not more than 500 feet apart and there are no difficult engineering feats to overcome. This would permit the Great Northern to run in to the Soo station from either direction and would in fact be a saving of time even over the present system, which requires that the trains of this road approach and leave the station over a "Y."

FIRST AUXILIARY PICNIC SUNDAY

ROCKSBURY RED CROSS WILL BE HOST AT BIG OUTDOOR GATHERING.

The Red Cross picnic scheduled for Walhalla last Sunday had to be postponed on account of the weather but will take place next Sunday without fail. The Thief River Falls band will attend for the purpose of furnishing the music during the afternoon. Company C, Minnesota Home Guard, was invited and it is likely that a number of the members will attend but it was not deemed advisable to be present in uniform. Supt. J. H. Hay will deliver an address and there will be other speakers.

The sports program will begin promptly at one o'clock and will consist of games of all kinds. Persons residing in other sections are particularly invited to be present at this picnic, as it is the first of this kind to be given in the county and it will be a good thing for the Red Cross as well as for the community generally if the attendance at functions of this kind becomes general.

Big Fish Shipments.

The state fisheries at Red Lake are now sending out large quantities of fish. The shipments have been passing through the station here during the past week and have averaged 45 boxes per day. The boxes contained in the neighborhood of 300 pounds of fish each so that each shipment represented in the neighborhood of five tons. Practically every kind of fish found in the Red lakes were included—pike, pickerel, red horse, gold eye, sheephead and suckers. The shipments came from Redby by the way of Bemidji and were destined for the markets in the Twin Cities and Chicago. The Indians are securing an immense amount of fish and are consequently prospering at the same time that they are relieving the food situation by providing a valuable meat substitute.

Is Rebekah Secretary.

At the district meeting of Rebekah lodges held at Warren last week Mrs. Mathilda Norquist, of Thief River Falls, was elected secretary. The other officers chosen were: President, Mrs. Dr. Just, Crookston; vice president, Mrs. W. H. Dixon, Warren; treasurer, Mrs. Jenkins, Ada. Miss Gusta Johnson was also a delegate from the Thief River Falls lodge to the meeting. The Warren lodge served a fine supper to the visiting sisters and a pleasant and instructive afternoon was spent.

OVER THE TOP IN CITY AND COUNTY

RED CROSS ALLOTMENT MET AND MORE CASH STILL TO COME.

And again the people of Pennington county have more than met the expectations. The county was asked to subscribe $10,000 for the support of the Red Cross and this amount has been oversubscribed by quite a respectable sum. Just how large this sum is, cannot be told at this time, but last evening Chairman G. Howard Smith, in charge of the city solicitors, had returned to him pledges totalling $5,405 with about $200 still alloted which will come in later. The boy scouts are busy cleaning up the odds and ends of the campaign, seeing people who were not in the city when the solicitors called and looking up any who may have escaped when the general assessment was levied.

County Chairman Thos. A. Way states that all townships thus far reporting have gone over their allotment and is certain that the others will do likewise. The pledge card plan is proving very popular and as the pledges very often include produce to be delivered later in the year the exact amount secured cannot be foretold. It is certain, however, that not only will the amount requested by the National Red Cross be more than secured, but that the local chapter and auxiliaries will also have quite a sum to their credit for work at home when the returns are all in.

Mr. Way and Mr. Smith both wish to express their deep appreciation of the manner in which the people met this request for more funds as well as to the public spirited solicitors who so generously helped to make the campaign a success. It is but another indication of the capability and willingness of our people to meet any demand made upon them that will in any manner aid in the successful prosecution of the war.

JUDGE C. W. STANTON FLAG DAY SPEAKER

BEMIDJI JURIST WILL BE THE SPEAKER AT FLAG DAY CELEBRATION HERE.

The members of the local lodge of Elks are making elaborate preparations for the celebration of Flag Day on June 14. While this celebration is an annual event with this lodge, conditions at the present time give anything connected with a display of respect to the flag an added importance. The public is cordially invited to take part in these observances, which will be held at the Auditorium in the evening. Judge C. W. Stanton of Bemidji, will deliver the principal address of the occasion. Judge Stanton is one of the best-known jurists in the Northwest and a speaker of rare ability. Lodge members and other visitors from nearby points have signified their intention of coming to Thief River Falls for the purpose of participating in this function and the indications are that a large crowd will be present.

The remainder of the program is being worked out by a committee and will be announced later.

New Creamery Product.

The government has for some time been carrying on a campaign for the purpose of bringing cottage cheese into more general use by our people. This milk product is recognized as one of the very best substitutes obtainable for meat and is a palatable, nutritious and healthful food. In order to comply with this request the Thief River Falls creamery will go extensively into the manufacture of this article and will be able to supply a large demand. Buttermaker L. Hazelrud has made a special study of the latest manufacturing methods with the intention of producing a superior article and those who have sampled the cheese turned out by the creamery say it is of particularly fine quality. The general trade will be supplied as fast as the demand can be met and cottage cheese of home manufacture may now be had at both the DeCremer and Nielsen meat markets. Our people are urged to give this food product a trial.

STAMP CAMPAIGN IS NEXT IN ORDER

PENNINGTON COUNTY MUST PLEDGE $219,000 INVESTMENT FOR YEAR.

HAVE CREDIT OF $30,000

OUR PEOPLE HAVE ALREADY BOUGHT BABY BONDS TO THIS EXTENT.

Beginning next Thursday the government of the United States is going to offer the people the greatest opportunity to save money ever held out to the population of any country in the history of the world. If you will permit Uncle Sam to hold $4.17 for you until the first day of January, 1923, he will give you back a five dollar gold piece. This rate of increase means that you are being paid four per cent on your savings and that the interest is compounded quarterly.

There is positively no better or safer investment for your surplus to be found anywhere in the world.

Big Sum For County.

The government requests that two billion dollars be raised through the sale of Thrift Stamps and Savings Certificates. This means that every man, woman and child in the country must invest $20 during the year. At first glance this looks like a large sum for the people of Pennington county to assume, but when looked at in the right light the proposition is not so formidable. In the first place we will be credited with about $30,000, which sum represents the amount already invested in these securities by our people. This leaves $189,000, or just a little more than was required as our quota of the Third Liberty Bond issue. We have the remainder of the year in which to pay it and the size of the payments are left to our own convenience. We may determine to set aside a certain sum every day, week or month and it will be perfectly all right with the government. All that is asked is that the total shall foot up $20 for each one of us by the first day of next January. Cards are provided whereby we may keep a close check upon ourselves and see that we do not fall behind in our payments.

May be Cashed In.

Should you absolutely need the money you have invested in these baby bonds before the date of maturity you can receive it by giving ten days' notice at the postoffice. In such case you will not lose the interest. The amount accrued will be handed over along with your original investment.

A Wonderful Plan.

This manner of raising war funds is proving more popular throughout the country than even the Liberty Bonds. The interest is more liberal and the redemption clause guards against the hanging up of the money in case of necessity. It was found necessary to place a limit on the amount any one person could carry of these securities as the big-money interests would grab the entire issue otherwise. These indebtedness certificates are for the people and their acquirement is so arranged that practically every citizen in the land can participate.

Same Committee in Charge.

George G. Johnson is chairman of this campaign also and his assistants will be practically the same as during the Liberty Loan drive. Every section of the county will be canvassed and it is hoped The Times will be able to record as great a success for the Baby Bonds as for the Liberty Bonds. Having gone over the top on every other proposition advanced by the government it would be too bad to fall down on the most popular one. But we will not fall down.

POLICE HERE STOP RUNAWAY GIRLS

ONE ACCUSED OF HAVING ROBBED MOTHER OF $50 BEFORE LEAVING HOME.

Chief of Police Erickson was on Saturday evening notified to look out for two girls, both still in their "teens." They were wanted at Cass Lake, having left their homes in that village to seek their fortunes in other localities. A description of the girls was sent, together with the information that one of them had stolen some $50 from her mother before leaving home.

The girls had hired an automobile to take them to Bemidji from which point they went to Erskine over the Great Northern. They waited around in the junction town for some time, finally catching a freight train which arrived here about nine o'clock. Officers were on the lookout and had no trouble in spotting the pair when the train arrived here. They were placed under arrest but as the jail was filled up by reason of a number of army service evaders being held here over night for the Canadian authorities, the girls were taken to a hotel and locked into a room. The parents were notified and the father of one of the delinquents arrived on Monday and took them both back to Cass Lake.

Annual Red Cross Meeting.

The annual meeting of the Pennington County chapter of the Red Cross will be held Monday evening of next week in the Commercial club rooms at eight o'clock sharp.

At that time directors for the ensuing year will be chosen, one from each branch chapter and fifteen directors from the parent chapter.

The American Red Cross has requested that hereafter all elections be held in October, and accordingly the directors to be chosen Monday evening will serve either till October 1918, or till October, 1919, the matter being left to the members to decide Monday evening when balloting.

The regular monthly and annual reports will be submitted at the meeting Monday and it will be one full of interest to all. The public in general is invited to attend and to learn of what the Red Cross has been doing in the year just closing.

Want More Comfort Kits.

Seventy-five comfort kits is the allotment of the Pennington County Chapter of the Red Cross, according to word received by Secretary Scott Laird the first of the week.

These are for the men about to be called by the army and navy. Of this number 50 is for the former class and 25 for the latter.

The comfort kits must be ready by July 1. The number alloted to the Northern Division is 20,000 for the army and 10,000 for the navy.

Each branch will be called upon to do its share and Pennington county will not be found to have failed.

OBSERVANCE OF MEMORIAL DAY

ALL BUSINESS HOUSES IN CITY CLOSED FROM 10 TILL 4 O'CLOCK.

GRAVES ARE DECORATED

LARGE AUDIENCE HEARS ADDRESS DELIVERED BY REV. AASTAD AT AUDITORIUM.

Business of every kind is suspended in Thief River Falls today between the hours of ten and four o'clock in order that our people may pay a fitting tribute to the memory of the men who went forth to battle in a former war for humanity. Memorial Day this year means more to the American people than it has at any time since its institution as a national holiday and it is being more generally observed in every part of the country than has been the case for many years.

Rev. Aastad Speaks.

There is to be a general gathering of citizens at the Auditorium at 10 o'clock this morning at which Rev. I. T. Aastad of the Norwegian Lutheran church in this city will be the principal speaker. The program will contain other exercises appropriate to the occasion. The intention is that the school children shall play a particularly prominent part in the proceedings.

Will Decorate Graves.

At the close of the Auditorium exercises a parade will be formed comprised of the band, home guard, civic bodies, lodges, societies and organizations of all kinds, and the line of march taken up to the cemetery where the graves of the old soldiers will be decorated and a military salute fired. Everybody is expected to take part in this demonstration in honor of the soldiers of the Grand Army of the Republic.

The committee in charge of the arrangements is composed of E. O. Mogensen, Geo. G. Johnson and G. Howard Smith.

Check Forger Sentenced.

Ed Voitas, the 17 year old boy who was arrested for passing a forged check on a local business man, was last week taken before Judge Grindeland at Warren by Deputy Sheriff Paul Midderigh for sentence. The lad pleaded guilty and offered to enlist in the navy if he were let off. The judge might have consented to such disposition of the case, particularly as there was no objection on the part of County Attorney E. M. Stanton, but the boy was found too light. He was then given a reformatory sentence of one year. This was suspended providing he would go to work on a farm, his employer to report to the court every month. This the boy promised to do and a place was found for him on the farm of Andrew Steiner, about seven miles from Warren.

Judge Grindeland and County Attorney Stanton both evidently took into consideration the boy's lack of early training. His father is living at Portland, Ore., and has taken no particular interest in the boy. The lad had been living with his grandfather near Greenbush and the latter would not even come down to this city when notified that the young man was in serious trouble.

Returned From West.

Mr. and Mrs. Chas. Gustafson returned to their home in this city Monday morning from the West where they have been for the past four months. They visited in Denver and other cities in Colorado and throughout the states of California and Washington.

MUST REGISTER ON WEDNESDAY

ALL MEN WHO HAVE REACHED TWENTY-ONE DURING PAST YEAR.

BUT ONE BOOTH IN COUNTY

REGISTRANTS MUST COME TO THIEF RIVER FALLS TO BE ENROLLED.

Preparations for the registration of all young men who have reached the age of 21 years since the fifth day of last June will be conducted on Wednesday of next week, just one year from the date of the former registration. County Auditor T. P. Anderson, clerk of the local registration board, states that the requirements are very strict and that no excuses of any kind for non-appearance will be considered with the exception of illness. Any person coming within the requirements who does not appear will not only be deemed a slacker but comes under the head of an evader of the draft regulations and is punishable as such.

One Hundred From County.

It is expected that there are about 100 young men who have reached the age of 21 since the fifth day of last June, approximately one-half of whom reside in the city. It is deemed inexpedient to require a registration place for every township and village simply for the purpose of accommodating this number of men. Any one coming under the provisions of the ruling will therefore be required to come to Thief River Falls for the purpose of enrollment. Quarters will in all likelihood be fixed up for the purpose in the district court room and it is the intention to ask certain of the home guards to act as registrants. This will be the easiest and cheapest way to carry out the orders.

General Instructions.

Mr. Anderson has received copies of the blanks to be filled out by the registrars and the questions that must be answered by the registrants. These questions are as follows, together with a general idea of the answers that must be given:

1. Name and age. Give all names in full and age in years.
2. Home address. This means the permanent place of residence and not the place at which the registrant may happen to be temporarily working.
3. Date of birth. To be included in this registration a man must have been born previous to the 5th of June, 1897.
4. Where were you born? Name of city and town, state or country.
5. Are you a native of the United States, a naturalized citizen, an alien, or have you declared your intention of becoming a citizen? Specify which.
6. If not a citizen, of what country are you a subject? This need be answered only by aliens.
7. Father's birthplace. City or town and country.
8. Name of employer and place of employment.
9. Name and address of nearest relative.
10. Race—White, Negro, Indian or Oriental?

Study the Questions.

It will save time and much explanation if the registrant will familiarize himself with the above questions and thus be prepared to answer them without hesitation when called upon by the registrars.

NINE MORE LEAVE TO JOIN SERVICE

FOUR TO CAMP LEWIS, THREE GO TO DODGE; FOUR JOIN NAVY.

The four men of the selected army representing Pennington county's quota in the May requisition left for Camp Lewis, American Lake, Wash., on Monday afternoon. The usual honors were accorded them, they being escorted to the depot by the band and home guard as well as a large number of citizens. Those going were: Fred Leimers, Oscar M. Dahl, Edgar Stevens and Berneth Bolstad. Olaf Ness of this city and Ole Narveson of Highlanding, who asked to be sent at this time, accompanied them, their destination being Camp Dodge.

Last evening three men for the navy were shipped over the Soo. They were Knute Thompson Berg, Ole Myrum and Tarje T. Uppestad. All were registered men but were given their release through the efforts of County Auditor Anderson and granted permission to enlist in the branch of the service they happened to prefer.

It is rather suspected that the small quota for the last requisition assigned to Pennington county was an error and that more men should have been sent. If such is the case the mistake was made before the order reached the local board and nothing has been heard of it yet. It is fully expected that there will be a call at least once a month from now on until Class 1 has been depleted.

The Community Picnic.

Pennington county's third annual community picnic will be held on Flag Day, June 14th. This year the picnic will be held on the S. L. Holm farm at Highlanding. This beautiful location is one-half mile south of the Highlanding bridge on the bank of the river. Splendid boating, fishing and swimming is to be had close by the grounds. Several motor and row boats will be on duty all day and evening.

Miss Holliday, of the Northwest School at Crookston, will be present to render vocal selections and to lead in chorus singing. Miss Holliday is a rare artist and is worth going miles to hear. Judge F. T. Wilson, of Stillwater, will be the speaker of the day. He will give his famous lecture on "Community Life and Community Spirit." Judge Wilson comes with a message full of life and hope—a message that will be an inspiration to all who hear him. The remainder of the day will be taken up with a ball game, racing, boating, *fishing and resting.*

THIEF RIVER BOYS ARRIVE IN FRANCE

QUITE A NUMBER REPORT SAFE JOURNEY DURING PAST WEEK.

The Twentieth Engineer regiment, of which a number of Thief River Falls boys are members, has arrived safely in France, as reported to relatives and friends here this week. The first news of their safe passage was telegraphed to The Times by Congressman Steenerson, who has taken a deep interest in the boys from this section. This office next received a postal card signed by Ben E. Bothun, formerly a reporter on the paper, stating that he had landed safely. Similar notices were received by relatives and friends of Frances Burns, Oscar Paulson, W. H. Halbert, Henry Johnson, Leland Sether, Clement Haukaas, Tom Lonson, Moritz Brink and others.

The Twentieth is, however, not the only regiment that has made the trip safely, as these soldiers were not all members of that unit. Johnson and Haukaas, for instance, were infantry men, while Sether, Brink and Lonson are signal corps men.

It was generally expected that at least a number of these boys would soon be on the other side as they have been in training in this country since early last fall. Everyone will be glad to know that they have made the crossing without mishap.

BOOZE CARRIER IS CAUGHT WITH GOODS

AXEL LAPALM OF DEVILS LAKE RUNS FOUL OF MINNESOTA LAWS.

The first arrest in Pennington county under the recent ruling of the Minnesota Safety commission forbidding the transportation of booze into dry territory was made on Monday night when Axel LaPalm was arrested, charged with this offense. LaPalm, who claims his home is at Devils Lake, arrived on the evening train, carrying a suit case and set it down on the platform while he went into the depot. An agent of the Safety Commission was also aboard, having followed LaPalm from Plummer, and tipped Patrolman Roy Morgan off as to what the suit case was suspected of containing. An inspection disclosed 10 quarts of whiskey and the cargo was at once confiscated as evidence. LaPalm denied that he was the owner of the suit case as well as all knowledge of what it contained. He was taken to the lockup and arraigned on a charge of drunkenness. Pending word from commission headquarters at St. Paul he was given a ten day sentence.

It is claimed that this suit case stunt has been practiced quite frequently since the new order went into effect. Some person, generally a stranger, will get off the train and leave a suitcase standing on the platform. Then according to those who have watched the proceedings, another party will drive up in an auto, grab the case, throw it into the rig and drive off. In this manner the evidence is pretty well disposed of and neither the seller, the go-between nor the receiver is caught. The police have been on the lookout for the offenders for some time and it is likely that the practice will be made unpopular.

Is Fuel Order Week.

All consumers of coal will be specially urged to put in their orders for the year's supply during the week of June 3, which has been set aside as "early ordering week" by the United States Fuel administration.

The purpose is to stimulate increased production of an adequate coal supply next winter.

Minnesota will put on the drive in co-operation with the national authorities, who explained the idea in a letter received by Judge J. F. McGee, federal fuel administration, for the state.

E. P. Sartwell, director of the educational division of the food administration, sends assurances Minnesota will be supplied with posters. Slides are being supplied to motion picture houses. Coal dealers will be asked to have banners made and displayed on their wagons.

COUNTY FILINGS ARE COMPLETED

CANDIDATES FOR THREE OFFICES MUST MAKE PRIMARY CAMPAIGN.

ALL BUT ONE OPPOSED

DR. FROEHLICH IS ONLY NAME ON TICKET FOR CORONER'S PLACE.

The time for filing for a place on the county ballot at the general election to be held next November closed on Monday evening with every aspirant but one in Pennington county being provided with an opponent. The lone exception is Dr. H. W. Froehlich, who will be permitted to assume the office of coroner without making a campaign. There are but two candidates for auditor, treasurer, county attorney and commissioner from the Fifth district and these will not be compelled to make a fight for preference at the primaries on June 17. Those who will be called upon to make the campaigns are the candidates for sheriff, register of deeds, judge of probate and commissioner from the First and Fifth district.

Last Minute Surprises.

For a long time it looked as if there might be a number of places for which there would be but one candidate but on Saturday and Monday quite a number suddenly developed an ambition to serve their neighbors in an official capacity. There were one or two last-minute filings, as is generally the case. The final line-up is as follows:

Auditor—T. P. Anderson and M. N. Benson.
Treasurer—John Gullingsrud and Bernhard Knutson.
Sheriff—W. J. LaBree, Ove E. Berge and Lewis A. Nelson.
County Attorney—E. M. Stanton and Theodore Quale.
Register of Deeds—Lars Backe, N. J. Anderson, Theo. H. Liden and W. E. Wood.
Superintendent of Schools—E. A. Mostue and George M. Gunderson.
Judge of Probate—Wilhelm Michelet, Ira C. Richardson and Nels K. Nelson.
Coroner—Dr. H. W. Froehlich.
Commissioner, First district—Peter C. Wold, Elev Aakre and W. G. Hunt.
Commissioner, Third district—Victor E. Brink, Gust Naplin and Hans Anton.
Commissioner, Fifth district—Oscar J. Peterson and J. M. Thiege.

Gets Washington Job.

George Mostue, son of Mr. and Mrs. E. A. Mostue, left the first of the week for Washington where he will become connected with the quartermaster's department of the army in a clerical capacity. The salary is $1,100 per year to begin with. Miss Blanche Chittick was offered a place at a similar salary in the adjutant general's department, but was unable to accept at this time.

LARGER QUARTERS FOUND NECESSARY

CONSIDERABLE SHARE OF MEEHAN BLOCK NOW OCCUPIED BY THE TIMES.

The Times company last week closed a lease with the owners of the Meehan block on Second street whereby another large room is added to the space occupied by the printing and publishing concern. Increased business and the consequent addition of machinery and equipment made the securing of more space an absolute necessity. The room just east of the business office of the paper was therefore secured and an archway cut for the purpose of uniting the different departments.

The business office will remain at the old location but the editorial rooms have been moved into the newly acquired quarters. The linotype and bindery departments have also been transferred from their former location, allowing more space for the composing and press rooms.

The Times now covers almost exactly 3,000 square feet of floor space and has none too much at that. The business of the plant has steadily increased during the past year and the prospects are for still greater growth. Among the new features to be added to the plant in the immediate future is a periodical and circular folder, which is now on the way. This machine will make practically any kind of fold required and will do away with the slow and costly hand process that has heretofore been employed. Other improvements are contemplated, it being the aim of the company to keep abreast of the demand for high grade printing of every kind. An expert pressman has been employed and will give his sole attention to this important feature of the establishment.

The newspaper and job departments have been separated as far as possible, this making for increased speed in production and greater efficiency in handling.

MEMBER ORGANIZED 1867

THIS MEANS YOU, MR. CITYMAN.

When it was first proposed to have the men of the cities help the farmers in the gathering of crops this year the suggestion formed the subject for much carcastic comment. The farmer himself found the idea rather amusing while farm papers were decidedly pointed in the things they said about it. That the salvation of a part at least of the crop of the country may depend upon the willingness and ability of the people in cities to come to the rescue of farmers is highly probable. Farm labor is going to be so scarce that the government bureaus having to do with agricultural activities and crop production are urging that city people prepare to help secure the crops when the proper time comes. The Weekly News Letter sent out from Washington for use of the press takes the matter up seriously and urges every man residing in the city to regard it as a patriotic duty to aid with the farm work wherever possible. The article is in part as follows:

If one part of the western front fails to hold, no matter at what cost, when the command has been issued that no ground must be given, the freedom of the world, your freedom, your family's security, are imperiled.

If one State fails to hold its part of the line back home—fails to produce its part of the food crops needed for war purposes—the strength of the battle front is weakened. And as it is weakened your home becomes less secure. That is the personal meaning of the situation.

The gravest period of human history may be described in terms of a popular American expression—and practice. Civilization endures or declines, freedom flourishes or fails, just as that line on the western front "delivers the goods," just as the production line back home "delivers the goods," just as you "deliver the goods."

What about your state, your county, your town —you?

It is necessary in every county and community for emergency farm labor needs this summer and fall to be supplies by emergency workers from the towns of that county and community as far as possible.

Which means that you—a town man of past farm experience—are called, as a patriotic duty, to work on near-by farms this summer and fall at such intervals and for such periods as local conditions may require.

Which means that you—a farmer—must make the best of this emergency help as a patriotic duty. We can't pick and choose and split hairs over niceties of perference now. If we do the Germans may win while we are quibbling. Every earthly question is secondary to the one supreme consideration of winning the war. We can't win the war without food; we can't produce food without farm labor; we can't have sufficient farm labor this year unless high-school boys and town volunteers are used to the utmost in every community, idlers forced to go to work, every community's entire energy turned to farm work during the "peaks" of cultivation and harvest.

THE THING TO CONSIDER.

Our people have had an opportunity to see and hear Frank M. Barton, candidate in the Republican primaries against Halvor Steenerson for congressman from this district. They found him able to refute many of the charges against his patriotism that have been bruited about without anyone seeming willing to stand sponsor for their correctness. Mr. Barton proved that he had purchased his allotment of Liberty Bonds, had contributed to the Red Cross and had in other ways conducted himself in the manner of any good American at this time. Those who heard and saw him also found a man who is evidently no orator but withall possessing many traits that naturally go toward making him a leader among the people with whom he associates. His sincerety The Times is more than willing to take for granted.

That he should at this time supplant Halvor Steenerson as congressman from the Ninth district is, however, something The Times cannot admit. The present representative has a long and honorable record to his credit. He is an influential member of the house. By reason of his committee places he is in a position to be of vastly more value to the district than any new man could possibly hope to become until after long service. To refuse to reelect him now would be about as sensible as turning off a trusted and faithful employe simply because another wanted his job. There is absolutely no argument in favor of changing congressmen at this time. The only things Mr. Barton can promise to do for the district Mr. Steenerson has already done. So far as concerns the future, Mr. Steenerson is certainly in better position to look after the interests of our people than Mr. Barton would be for many years.

A. D. Stephens of Crookston, is a candidate for the Republican nomination for lieutenant governor, the general impression being that he is the man favored by the Burnquist faction. Thomas Frankson, the present incumbent, is a candidate for re-election, while Ralph E. Crane will go into the primaries with the endorsement of the Nonpartisan league. Stephens would be the natural choice of the northern part of the state if it were not for this last contingency, but as matters now stand the outcome is problemmatical. It looks very much as if Crane might have the edge in a close vote.

THE TRUTH ABOUT SUGAR.

From time to time there have been numerous stories in circulation to the effect that there is no real shortage of sugar in this country, and that there will not be one. This supposition is by many people based on the fact that there ought to be a greater supply than before the war for the production of the sugar beets has been steadily increasing.

This last statement is true, yet when one carefully analysis the situation the opposite of the case is quite apparent. Before the war Belgium, parts of France, Germany and Austria were the centers of sugar production. With the first great swoop of the Central powers through Belgium and France the situation regarding sugar production was greatly changed.

Before the war the European countries mentioned above were supplying a large portion of the world's sugar supply. A month later one third of the world's sugar refineries were under the control of the Central powers and the Allied nations began to look to this country for a portion of their sugar. With the Russian government withdrawing from the war and the Central powers getting part of Russia still more sugar refineries fell into the hands of the opponents of the Allies. Now it is estimated that perhaps one half of the world's refineries are within Germany's grasp.

This means that this country must share with the Allies much of its production. Of course Cuba and the Phillipines furnish some sugar, but not of any great quantity when the total required is considered.

Therefore it is best that we continue the sparing use of sugar and share it with those who are in sore need of it. Italy is one country that is particularly in this situation; France is another, while England is also in line for a large contribution.

THE VERY BEST INVESTMENT.

"There can be no 'if' big enough to excuse citizens from pledging the purchase of War Savings stamps," declares State Director D. S. Culver of the Minnesota War Savings Committee in a letter to county chairmen. "If Germany took this country and the Kaiser exacted an indemnity of, say $100,000,000 none of our residents would be permitted to say he would pay his share of this tax provided business continued good or the crops turned out well.

"War Savings Stamps are a first class investment—there is none better. They pay the holder four per cent compound interest and are backed by the unlimited resources of the United States government. They can be cashed in at par value plus accrued interest at the postoffice on ten days' notice, which makes them about the same as interest-bearing currency. What more could the investor ask?

"In the face of the expense the government is incurring to win the war, however, it would seem to be anything but loyal for any citizen to cash in his War Savings Stamps before they mature.

"How much better are War Savings Stamps which give the purchaser his money back in less than five years together with a liberal rate of interest, than should he be obliged to pay out this money in a war tax and receive only a receipted slip. Our citizens should take these matters into consideration because that is pretty certain to be the result if the War Stamp Drive does not hit the mark.

"Pledges during the drive beginning June 6th may specify purchasing the number of dollars worth of Stamps upon either a weekly or monthly proportionate basis during the year, or in a lump late in the fall in case of farmers who derive their income once a year from the sale of crops."

WHY BUY WAR STAMPS?

(Colliers)

A correspondent inquires, "Why should I buy War Stamps? Aren't Liberty Bonds enough?" To the latter inquiry we answer, "No," and to the former we answer that there are many reasons why one should buy War Stamps. Here are a few:

First, because it is a patriotic duty just as much as it is to buy Liberty Bonds, to work for the Red Cross, or to serve in the trenches. Men who can fight are fighting. Men, women and children who cannot stand on the firing line should lend a hand by contributing to the support of the fighters. You do so whenever you buy a War Savings Stamp.

Second, when you buy War Savings Stamps, you are helping to put yourself on a higher plane of service. We are rich and prosperous. All history shows that wealth, as it accumulates, stimulates the desire for luxury, that luxury leads to extravagance, and extravagance to evils that undermine the foundations of society. A little lesson in economy is timely. Save and teach the children to save, but not to be stingy. We despise the miser.

Third, patriotism calls you to make some sacrifice, if only a little one. From the selfish standpoint, when you buy War Savings Stamps you make a safe and profitable investment. For every $4.17 required to fill the little card, you will, in five years, receive a five-dollar gold piece, or its equivalent. You are lending, not giving.

Fourth, last and best of all, remember that when you buy a War Savings Stamp, however high or humble your station, you are lifting up your hand in support of a sacred war for justice and righteousness.

Suppose, for instance, a situation similar to the one confronting congress last winter again arose. Suppose, further, that the congressman from the Ninth district was asked by the union men of the city to hold down the price of wheat in order that flour might be cheaper and at the same time was asked by the farmers of his district to work for a better guarantee in order that a more fair valuation might be put upon the farmer's product. Then and in that case who would the farmers of the Ninth district rather have representing them at Washington—Steenerson or Barton? It may be some of them never looked at the matter just in that light but the question is worth considering.

In spite of the general impression prevailing throughout the county to the effect that T. P. Anderson is entitled to re-election as county auditor without opposition, an opponent was disclosed at the last minute. Well, this is a free country.

Items of Interest Reprinted From Files of the News and Press of 10 and 20 Years Ago

Twenty Years Ago.

Thief River Falls defeated the St. Hilaire ball team by a score of 5 to 1 on Sunday and the Press writer lambasts the visitors unmercifully. The following is the mildest pragraph of a long sereed: "The most to be admired in the St. Hilaire delegation is the unquenchable idea they labor under that they can play and know all about the game, while it is apparent to the most casual observer that they cannot put up enough modern ball to enthuse the craziest of home fans."

There was a big Memorial Day celebration in Thief River Falls at which R. J. Montague of Crookston was the principal speaker.

Allen Campell of Seeney, Mich., was drowned in the river while working as a log driver for Dwyer & Long.

The foundation for the new school building in District No. 166, town of Rocksbury, was reported completed and work on the structure was begun.

The Peoples' Party primary election was held on Wednesday, the following delegates to the county convention being chosen: First ward—K. M. Hanson and Ed. Hilson; Second ward—J. W. Swanstrom and George Williams; Third ward—G. Gilbertson and Frank Tilton.

The Mechan saw mill started work for the season on Wednesday. There was an ample supply of logs on hand and the outlook very good for a successful season.

An important job of ditching was started in North township. A large crew of men and teams went to work at digging a deep ditch starting from the common corner of sections 20, 21, 28 and 29 and working eastward to the river. This ditch was expected to drain a large section of overflowed land.

Attorney F. Hiebner returned from Fargo with his bride, formerly Miss Hannah Thomas.

Matt Holzknecht was married to Miss Mathilda Geska at the residence of Henry Rondorf.

Ten Years Ago.

The ladies auxiliary of the Commercial club met and elected the following officers: President, Mrs. I. C. Richardson; vice presidents, Mrs. M. V. Evenson, Mrs. J. M. Bishop, Mrs. G. A. Penney; secretary-treasurer, Mrs. J. W. Eastman. Ward committees were appointed as follows: First ward, Mesdames Vance, Fasel, Ramstad, Jarmen, Mabey; Second ward, Mesdames Phil Zeh, Bakke, Emil Zeh, Stebbins, Lang; Third ward, Mesdames Fuller, Brady, Shaw, Winton, Christianson.

Lars Enstrom, a single man, was brought to the hospital in this city in a serious condition from a self-inflicted wound. He had tried to commit suicide by cutting his throat with a razor.

Congressman J. Adam Bede announced that duties at Washington would prevent him from delivering the commencement address for the graduates of the Thief River high school and Rev. C. H. Fletcher was substituted.

C. A. Tullar of Warren, was announced as a Democratic candidate for the congressional nomination.

H. E. Ives was hustling hard to get himself elected to the state legislature.

Dr. F. H. Gambell left during the week for a visit with a sister residing in Oregon. He expected to visit California and New Mexico points before returning.

Rev. and Mrs. Barackman and children left on Wednesday expecting to be absent several weeks. Rev. Barackman went as the representative of the Adams Presbytery at the general assembly at Kansas City, while Mrs. Barackman and the children would visit relatives at Granite Falls, according to the Blackduck American of that week.

Miss Estella Newberry and Clarence J. Cummings were married at the home of Mr. and Mrs. James Hulman.

The Thief River creamery received 30,990 pounds of cream during the month of April, according to the statement published by Secretary Paul Engelstad. Five patrons received checks of over $40 for their product.

The following officers were elected by the Pennington County Fair association: President, C. C. Jackson, vice presidents, John Morgan and O. J. Schei; secretary, G. A. Penney; treasurer, Daniel Shaw.

WORK OR FIGHT SAYS NEW ORDER

MEN NOT ENGAGED IN GAINFUL OCCUPATIONS MUST DO ONE OR OTHER.

A CLEAN-UP OF LOAFERS

LOCAL BOARDS MAY TAKE ACTION NO MATTER WHERE PARTY BELONGS.

It has happened right here in Thief River Falls that some person has relieved himself of some such remark as the following: "Why in thunder don't the government gather in a lot of these fellows who are hanging around pool rooms and bowling alleys and put them in the army instead of going after our farmer boys who are needed at home to gather the crops?"

Well, the government is going to do that very thing. According to an order sent out last week by Provost Marshal Crowder every man of draft age must either work or fight after July 1. This is the edict set forth in a drastic amendment to the selective service regulations.

Even Clerks Included.

Not only idlers but all draft registrants engaged in what is held to be non-useful occupation are to be hailed before the local boards and given their choice of new jobs or the army. Gamblers, race track and bucket shop attendants and fortune tellers head the list, but those who are reached by the new regulations also include waiters, bar tenders, theatre ushers and attendants, passenger elevator operators and other attendants of clubs, hotels, stores, etc., domestics and clerks in stores.

Deferred classification granted on account of dependents will be disregarded entirely in applying the rule. A man may be at the bottom of class one or in class four but if he falls within the regulations and refuses to take useful employment he will be given a new number in class one that will send him into military service forthwith.

Local boards are authorized to use discretion only where they find that an enforced change of employment works a hardship on the dependents.

Plan Has Been Pending.

It has been known for some time that some sort of a "work or fight" plan had been submitted to President Wilson, but there had been no intimation that it would have a so far reaching scope. Both the military authorities and department of labor officials believe that it will go a long way toward solving the labor problems for farmers, ship builders and munition makers and will end for the present at least the talk of conscription of labor. The announcement noted specifically that the list of non-useful occupations would be extended from time to time as necessity requires. The new regulations may require professional ball players to either engage in some useful occupation or join the army.

May Grab Anyone.

The local registration boards will have charge of this matter and are given rather wide latitude in the application of the rule. Not only will such boards be expected to round up the delinquents registering in their own districts, but they are also ordered to take any they find from other sections. If they find a man who claims to be registered at Crookston or Red Lake Falls or Warren, for instance, even though they know this to be a fact, the requirements are that they gather him in and make him go to work forthwith or send him to the army.

The regulations which apply to idle registrants will be deemed to apply also to gamblers of all descriptions and employes and attendants of bucketshops and race tracks, fortune tellers, clairvoyants, palmists and the like.

Moratorium For Soldiers.

A measure of considerable interest and importance was enacted into law a short time ago, although not much is heard concerning it. This was the passage of a moratorium law in favor of soldiers and sailors. The bill was passed by the Senate March 8, having previously been adopted by the house. It protects soldiers in service from foreclosures of mortgages, prevents the seizure of articles on which partial payments have been made and suspends financial obligations in the case of necessity for the defenders of Uncle Sam while they are in the service.

Have No Trouble.

Mahnomen Pioneer: An automobile hearse went through Mahnomen yesterday bound for Thief River Falls. The owner had to drive it through as the government cannot spare freight cars for such work, but Red Lake county saloons seem to have no trouble in getting cars in which to ship the beer and booze that is illegally peddled throughout the adjoining counties.

POLITICAL ANNOUNCEMENT—Inserted in his own behalf by Lars Backe, Thief River Falls, Minn., candidate for Register of Deeds. Amount to be paid, 30 cents per inch.

Lars Backe

To The Voters of Pennington County:

For 28 years I have been a resident of what is now Pennington County.

I have, at different times, been Village Recorder, City Clerk, Mayor and for 18 years member of the Board of Education of the city of Thief River Falls; from its organization.

With others I have taken an active part in the affairs of the county and city in the upbuilding of local public utilities and educational institutions.

The compensation in money for this work has been small or none at all.

In seeking the office of Register of Deeds, considered a good paying office, I refer the voters to my public services. I am willing to stand or fall on my record of the past 28 years.

I am under no political obligations to any party and have formed no combinations with others running for office.

Your vote and support will be greatly appreciated.

Yours respectfully,
Lars Backe

Red Cross Auction.

The first auction for the benefit of the Red Cross to be held in Pennington county will take place on Saturday afternoon and evening, June 8, at the Torgerson school house in Reiner township. The residents of the neighborhood will donate the articles to be sold and it is expected that a good sum will be realized. Everything submitted will be sold regardless, according to Chairman E. Akre of the finance committee.

These auctions have proven very popular affairs in other communities and the amount of money raised by this means is very large. Other communities are planning on something similar in the near future.

Came Here to Outfit.

Rev. L. W. Bartlow, scoutmaster of the boy scouts at Warren, autoed over with a bunch of his proteges on Saturday afternoon for the purpose of having them outfitted. They found what they wanted at the Mogensen store.

DE WITT HARRY IS ON FRENCH FRONT

FORMER THIEF RIVER FALLS NEWSPAPER MAN IS FINALLY HEARD FROM.

Many persons in Thief River Falls have wondered what became of De-Witt Harry, a newspaper man who was for a while employed on the old News-Press in this city. He was something of a character and bound to show up somewhere or other as he was not of the type that would be kept down. From the Winnipeg Free Press we learn what became of him after leaving Thief River Falls. Says that paper:

"Word has been received in the city that this former well-known journalist is now in France, having been transferred to the 27th City of Winnipeg battalion from the Army Medical corps, to which he was attached as sergeant-drummer at Risboro camp. Corporal Harry left for overseas with the 200th battalion under command of Lt. Col. Bonnycastle. Before coming to Winnipeg he was on the staff of the Minneapolis Journal. His parents reside in Portland, Ore. Corporal Harry, being a particularly "live wire," has chafed under the inactivity of a noncombatant unit and writes that he is glad of the chance to participate in the titanic struggle this summer on the western front."

BOOST LIVE STOCK FOR THIS SECTION

MEETING AT CROOKSTON LAST WEEK TO TALK OVER SITUATION.

A meeting that contained elements of probable importance to the future development of the livestock industry in the Red River valley was held Friday evening when prominent leaders from a number of the valley towns gathered at Crookston to discuss the future of the live-stock situation and the establishment of permanent quarters for the holding of a winter livestock exhibit.

Representatives of the Red River Valley Live-Stock association, the Northwestern Minnesota Poultry association and the Minnesota Red River Valley Development association were present from Ada, McIntosh, Mallory, East Grand Forks, Crookston, Euclid, Warren, Argyle, Stephen, Hallock, Red Lake Falls, Thief River Falls and Strandquist.

Committees were appointed to investigate the various features of the proposition, and will report back at the summer meeting of the Minnesota Red River Valley Development association at Warren.

Arrangements were also made at this time to change the dates for holding the summer meeting of the Development Association from June 13th and 14th to June 20th and 21st, and the latter dates are now officially announced for the summer meeting.

Step Lively! Corns Quit with "Gets-It"

The Great Corn-Loosener of the Age. Never Fails. Painless.

Watch my step! What's the use! I go along "right side up without care," even with corns, because I use "Gets-It," the painless, off-like-a-banana-peel corn remover. I tried other ways galore, until I was blue

Corns Simply Can't Stop Us, We Use "Gets-It"

in the face and red in the toes. No more for me. Use "Gets-It." It never fails. Touch any corn or callus with two drops of "Gets-It," and "Gets-It" does the rest. It's a relief to be able to stop cutting corns, making them bleed, wrapping them up like packages and using sticky tape and salves. It removes any corn clear and clean, leaving the toe as smooth as your palm. You can wear those new shoes without pain, dance and be frisky on your feet. It's great to use "Gets-It."

"Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

Sold in Thief River Falls and recommended as the world's best corn remedy by J. P. Curtis, Lambert's Drug Store and F. J. Stebbins.

BOYS TO TRAIN FOR WAR WORK

HIGH SCHOOL LADS SELECTED FOR SPECIAL TRAINING AT VALPARAISO, IND.

PREFERRED SERVICE CLASS

WILL ENTER INDUSTRIAL DEPARTMENT OF REGULARS IN DIFFERENT CAPACITIES.

Nine young men, none of whom have yet reached the age of twenty years while all are over eighteen, on Sunday night left their homes in this city to enlist in the military establishment of the United States for the duration of the war. Seven of these will go to Valparaiso college, Valparaiso, Ind., for special industrial training, while two will join the coast artillery, taking leave of their companions at Minneapolis. The seven who will attend the Indiana college are: Jordan A. Penney, Frank E. McGinn, Charles E. Prichard, Alf R. Crown, Ambrose Zeh, Howard Sandum, and Ivan Erickson. The two whose destination is the coast artillery are Ralph K. Hilson and Severn A. Eberhart. These latter two also intended going with the rest, but the physical examination disclosed that their eyesight would not stand the exacting test required for the place.

All High School Boys.

All but one of these boys are members of one of the classes of the Thief River Falls high school, the only one not so designated being Frank McGinn, who this year finished his studies at Green Bay, Wis. Of the others Hilson, Crown, Prichard, Zeh and Eberhart were seniors of this year's class; Penney was a junior and Erickson a sophomore, while Sandum had left school during his freshman year.

Are First on List.

The call for young men to enter special training departments at certain selected colleges of the country has just been issued by the government and this bunch from Thief River Falls are among the first to go. Minnesota was required to furnish 50 students for this division so that Thief River Falls produced more than its share. Sergeant Mokowski of Minneapolis, who came up for the purpose of explaining to the boys just what would be required of them in case they accepted the service, stated that he had never come across a finer bunch of young men physically. Every one of them passed very close up to the perfect mark—a tribute to the athletic training encouraged in our high school.

Will Study Mechanics.

It is understood that these boys will be assigned to the class of work for which they display special attitude. It will probably all be of a mechanical and engineering nature, including gas engine construction and repair, airplane building and maintenance, road construction, surveying and such other branches as are necessary to the army. No necessity exists for the placing of boys of this age on the fighting line and there is no likelihood that they will ever be so employed.

Were Bound to Go.

Since early this spring these boys have been besieging their parents for permission to enlist in some branch of the service. They even went so far as to make inquiries on their own account as to the branches for which they might prove available. When their determination became known Mayor G. A. Penney and Postmaster John Morgan began casting about for the most likely place in which to land them. They found that the recently created industrial branch gave just the opening they had been looking for and the visit of Sergeant Morkowski followed.

A Rousing Farewell.

With the exception of the first drafted men to go, no bunch has received such a send off as was given these lads on Sunday night. Practically the entire city turned out to bid them Godspeed and wish them good luck. The band and home guard company were present and added the required military flavor to the occasion, while the Soo depot platform was jammed with friends and neighbors. And the boys are deserving of all the fuss made over them. No finer young men have ever been sent out by any community for any purpose and that they will be a credit to their home town and people is the positive conviction of all who have watched them grow up and know the sterling qualities of each and every one.

HERE AT HOME.

Thief River Falls Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Polls so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Thief River Falls citizen.

E. T. Emerson, retired farmer, 417 LaBree Ave. N., says: "I was greatly annoyed with a lame, aching back and pains across my loins kept me in misery. My kidneys were weak and didn't act as they should. I got Doan's Kidney Pills from Curtis' Drug Store and two boxes gave me splendid relief. I recommend this fine remedy highly."

Mr. Emerson gave the above statement March 16, 1912 and on December 1, 1917 he added: "The cure Doan's Kidney Pills made for me some years ago is permanent. I am glad to again recommend them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Emerson had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

Pan Motor Co. O. K.

There was considerable interest in Thief River Falls over the outcome of the hearing in the case of the Pan Motor company of St. Paul, conducted in St. Paul last week. Upon a complaint of the Associated Advertisers a hearing was conducted by the state "blue sky" commission to ascertain whether the license of the company to sell stock in Minnesota should be revoked.

Recommendations were made that slight changes be made in the company's method of keeping books to permit local directors to have more power in conducting the corporation. No other recommendations were made by the commission. No mention was made of revoking the license.

Reduced Fare For Soldiers.

Soldiers and sailors on furlough and traveling at their own expense will be given special passenger rates of about 1 cent a mile under an order issued by Director General W. A. McAdoo, to become effective as soon as necessary forms are printed and distributed, probably within two weeks.

This fare will be allowed by ticket agents on presentation of a certificate from the commanding officer.

The plan will apply alike to officers and enlisted men.

Thief River Falls People Helped.

Thief River Falls people have discovered that ONE SPOONFUL of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, relieves sour stomach, gas and constipation AT ONCE. This remedy is well known as the appendicitis preventative. F. J. Stebbins, druggist.

TIME TO PRESERVE STRAWBERRIES NOW

WILL NOT BE CHEAPER, IS CLAIM, AND MAY COST MUCH MORE.

It behooves the thrifty housewives of this city and vicinity to put up their strawberries now, for they are cheaper this week than they will be at any time this year, according to dealers.

Missouri berries have been on the market for almost a week now and the information from the districts where berries are grown and shipped is that berries will be at their best this week.

Two car load lots have been received this week, one on Monday and the other today. They have been retailing at 25 cents a quart and lower and have been in great demand.

Quite a number of people have been of the opinion that it was too early to buy their sugar for canning purposes but the fact that strawberries for canning will soon be off the market demonstrates that they should buy at least part of the sugar for that purpose without further delay. Of course one does not need to buy 25 pounds at one time if this is not deemed wise, but the food administration urges people to at once put in their canning sugar for it may be that there will be a shortage in the near future—in fact, when the canning season is at its height.

Dale-Sether.

On last Thursday evening, May 23, Miss Pearl Constance Sether, daughter of Mr. and Mrs. J. O. Sether, became the bride of Mr. Arnold Clarence Dale of Crookston. The wedding took place at the home of the bride, 716 Knight avenue north with Rev. A. N. Skogerboe, pastor of Hauges Synod church, officiating. Miss Sether was attended by her sister, Miss Alma Sether, and Olaf Thompson, of the Bridgeman-Russell company, attended the groom. The bride wore a simple white dress and carried a shower boquet of delicate pink roses. Only the family and the following friends were present at the wedding: Misses Amy Nelson, Gudrun Evenson and Nettie Ove. A three course dinner was served in the prettily decorated dining room. Dark red roses and ferns were used in decorating the rooms.

Mr. and Mrs. Dale left Friday afternoon for Crookston where they will live until Mr. Dale, who is in Class 1, is called to service. Mr. Dale is traveling salesman for the DeLaval Cream Separator company of Chicago and makes his headquarters in Crookston.

Passed For West Point.

The Times is in receipt of a dispatch from Congressman Halvor Steenerson which states that he has been advised by the secretary of war that Theodore A. Holdahl, of Roseau, and Adolph Berglund, of Warroad, both in this district, had passed their mental examinations for entrance to West Point with excellent marks.

The boys will leave in June for the military academy and will be admitted unless disqualified for physical reasons.

15 ANNUALS LEFT
Will Be Sold for $1.00 Each

The Senior Class has 15 of the 1918 Prowler left and these will be disposed of at the price above quoted. They are on sale at

GOODRICH TESTED TIRES

HERE'S a lot of geography in the wear of tires. Some wear well in one region, and wear out in another. Climate, peculiar roads and road conditions are the cause of it. Therefore, good service in a single region is not enough proof of tires that must undergo nationwide use. Least of all could it measure tires up to the TESTED standard, Goodrich demands of tires.

With a command to find out what Goodrich Tires do on the roads of every section of our country, and what the roads of every section do to Goodrich Tires, Goodrich sent its famous Six Fleets of over forty cars, light and heavy, the length and breath of our nation to an aggregate mileage of 1,044,686 linear miles, and 4,178,744 tire miles.

W.S.S.
Thrift is the sister of patriotism. Buy War Saving Stamps.

The Pacific Fleet contributed 166,960 miles on desert paths and coast highways; the Mountain Fleet 55,796 through the Rocky Mountains; The Dixie Fleet 3,285,860 in the South and North Midland; the Prairie Fleet 198,744 on the Great Plains; The Lake Fleet 217,372; and The Atlantic Fleet 254,012 on a grand tour of many tours ranging from Virginia through New England, and back to the City of Goodrich.

Throughout this road roughing, SILVERTOWN CORDS, and BLACK SAFETY TREADS, proved themselves the tires of durability and dependability wherever you go in our broad land. They verified all the good qualities of Goodrich Tires, and revealed many new virtues.

Get the economy, the comfort and certainty of such proven service by demanding the tires proved out in 4,178,744 miles over American roads—"America's Tested Tires."

Railroad News Notes

Items Concerning Soo and Great Northern Activities

WAGE INCREASE IS NOW A CERTAINTY

APPLIES TO NEARLY 2,000,000 WORKERS AND WILL COME TO $300,000,000.

The big item of interest for Thief River Falls railroad men is naturally the general raise in wages promised by the government, details of which have just been perfected. This increase will prove a boon particularly to that class of workers whose wages have always been considered low as the regulation is retroactive and will give them the back pay from the first of January if figured at the new rate. This will in many cases mean in the neighborhood of $100, which will be an absolute bonus and was not expected. By far the largest portion of the amount appropriated for this purpose will go to the more poorly-paid among the employes, and this feature will meet with genuine approval, even among the brotherhood men, who have all along admitted that both track men and office employes have been underpaid.

Affects 2,000,000 Employes.

Under Sunday's date line the daily papers carried the announcement that general pay increases for nearly 2,000,000 railroad employes were announced today by Director General McAdoo, effective next Saturday and retroactive to last January 1, carrying out substantially recommendations of the railroad wage commission. The aggregate of the increases probably will be more than $300,000,000 a year, half of which will be distributed within a few weeks as back pay in lump sums, ranging from about $100 to nearly $200 each.

Hours Unchanged.

The director general departed from the wage commission's recommendations in the following particulars:

The principle of the basic eight-hour day is recognized, but owing to exigencies of the war situation, hours of employment are not actually reduced and overtime is to be paid pro rata. Future adjustments of pay are to be made on the basis of eight hours.

In addition to the ordinary scale of increase, day laborers, employed mainly on track work, are to get at least 2½ cents an hour more than they received last December 31.

Women's Wages Raised.

A minimum of 55 cents an hour is established for the shop trades, including machinists, boilermakers and blacksmiths.

Women are to receive the same pay as men for the same work, and negroes are to get the same as white men for similar employment.

All increases now ordered will be determined according to a percentage scale based on pay received in December 1915, and any increases which have been allowed within that time will be deducted. In many cases raises in pay in the last two and a half years are about equal to the increases now approved, and consequently those employes will get little or no more.

Rates Are Raised—To meet wage increases just announced and higher costs of coal and other supplies this year Director General McAdoo today ordered railroad freight rates in the United States raised 25 per cent and passenger fares increased to 3 cents a mile from the present basis of about 2½ cents. It is estimated that the program will bring between $800,000,000 and $900,000,000 more revenues to the railroads within the next year.

It presents by far the biggest rate increase in the history of railroads. The new freight charges, which cover both class and commodity rates become effective June 25 and the passenger increase will go into effect June 10.

Means Increased Rates.—Northwest railroads will have $75,000,000 added to their annual passenger and freight revenues by the increased rates to be made effective soon by the Federal railway administration, St. Paul officials declared this week. *Authoritative word from Washington* is that the increase will approximate 25 per cent. The basis for the revision of the passenger tariffs is practically completed and local rail executives look for announcement of the increase within the next two or three weeks. It is expected the freight rate increase will follow soon after.

Boys Will Assist Him—Louis Vevea is having rather a hard time of it. He sustained an injury to an eye some time ago and has been unable to do any work since that time. Numerous trips to the cities have rather placed a drain on his resources and the boys are contemplating helping him out a little. Plans for the best way of doing this are being worked out. Vevea may lose the sight of one eye, it is said, and there is much sympathy expressed for him.

Went Over the Top—After having made a record in the Liberty Loan campaign the boys and girls employed by the railroads in this city found it easy to go over the top when it came to helping the Red Cross. Their allotment was placed at $1,100, and even this was considered pretty liberal, but it never phased them. The committees in charge report that the sum collected will reach at least $1,400.

Died in Hospital—W. J. Smith, Soo agent at Overly, died in a hospital at Green Bay, Wis., on Tuesday morning, after an illness of more than a month. Deceased had been with the company since August, 1904 and was a highly-regarded employe. He leaves a wife and daughter to mourn his loss, the latter being Mrs. C. H. Shumway, wife of a hardware man at Overly.

A Social Gathering—On Sunday afternoon the local engine men and firemen met at the Odd Fellows hall for a social time. The members brought their ladies with them and a lunch served by them was one of the features of a pleasant afternoon. Rev. Maxwell, who was in this section filling speaking dates, made a short address as did also Emil Erdman and F. J. Kilp. The former is the chairman of the system of the firemen's union and Mr. Kilp occupies the same position with regard to the engineers.

Division Jottings.

F. S. Dalton, agent at Ardock, spent Saturday at Grafton.

F. L. Pettit, agent at Eckman, was a Sunday visitor at Grano.

A new platform is being put in at the freight house of the Soo.

Fireman Burrell left last Friday on a visit to friends at Bemidji.

Dan Paranteau returned Monday from a short business trip to Noyes.

Miss Nettie Ove of the superintendent's office, spent Friday on a visit to friends at Winnipeg.

C. G. Sturtevant, tax and townsite agent for the Soo, was in the city on business the first of the week.

Helmer Helland, engine dispatcher, has been promoted to fireman. Otto F. Haldeen has his former position.

Lyndon Barnard, who was laid up for about three weeks with a bum hand, has again resumed work as machinist.

Victor Polman, clerk in the master mechanic's office, returned Saturday from a vacation of a week, spent in the cities.

Gilbert Gulden, call boy at the station here, is off the job on account of sickness. His place is being taken by Harold Langvold.

D. L. Emery, operator at Alexandria, will leave on June 1 for Minneapolis, where he expects to enlist in the signal corps of the army.

Roundhouse foreman Farley is on the bachelor list this week, Mrs. Farley being absent on a visit to friends and relatives at Enderlin and Ellendale.

E. H. Holmgren, passenger brakeman of the Wheatline, left for St. Paul on Wednesday. He was a member of the quota that left for the army at that time.

Arthur Rambeck left Wednesday for Carlos, to which point he had been transferred, being promoted from from engine watchman to machinist's helper at the same time.

C. W. Stewart, train dispatcher at the station here starts on his vacation next Sunday, going to Crookston and Minneapolis. He will be joined in the latter city by his family.

Master Mechanic J. W. Hendry made a business trip the first of the week to the lower end of the First district, looking after matters pertaining to his office in the neighborhood of Carlos.

C. W. Ernst this week resumed work as agent at Egelund. K. O. Johnson, who was his relief, was transferred to Nekoma, to take the place of T. F. Michalson, who has been made agent at Lincoln, vice William Lennon, transferred to Strandquist as regular agent. H. P. Phifer, who has been relief agent at the last-named town, has been transferred to Halma to relieve H. B. Dow, who has been granted a leave of absence.

NORTHERN DIVISION LEADING THEM ALL

MOST EFFICIENT OF RED CROSS ORGANIZATIONS IS THE REPORT.

The Northern Division of the Red Cross, comprising the states of Minnesota, North Dakota, South Dakota and Montana, leads all divisions in the United States in war work efficiency, according to a report received from Washington.

According to the official report the Northern Division, in per capita value of goods produced, is 60 per cent higher than any other division in the United States. The per capita valuation of goods produced in this division is 13.2 cents. The Central Division with headquarters at Chicago is second on the list, with a per capita average of 8.11 cents.

Not only is the Northern Division far in the lead in per capita valuation of goods produced but the percentage of cost for production is 35 per cent lower in this division than in any other. The total percentage of expense on all transactions in the Northern Division is only 86 hundredths of one per cent. The nearest approach to this record is by the Pacific Division, with a 1.42 percentage of expense.

Also according to the Washington report, business is increasing more rapidly in the Northern Division than in any other. In the last month the valuation of goods and accounts received at this division office was $64,213 more than during the preceding month. The Atlantic Division increased $2,793; but the Atlantic Division, of course, has a far greater population than the Northern Division.

In the volume of business done during the month of March, 1918, the Northern Division, despite the fact that it is one of the smallest from a population basis, ranks well up among the leaders with a total business transacted of $766,020; the Central Division leading with a business of $1,480,112. Total transactions of all divisions for the month amounted to $7,832,227.

Want Red Cross Nurses.

The local Red Cross chapter has been asked to assist in the national drive for enrollment of Red Cross nurses during the month of June, blanks having been sent to the chairman of the chapter. These have been turned over to Dr. O. F. Mellby, who will make the report to Minneapolis.

It is estimated that there are but 2,800 nurses in the Northern Division and Minnesota's quota is 925. It is therefore necessary that a large proportion of all nurses available report.

Any nurse who may be located in Pennington county should communicate with Dr. Mellby without delay.

Writing Letters to Germany.

To communicate with Americans or friends in Germany is a hard task at this time, yet the American Red Cross has undertaken to get thru letters from Red Cross members and their friends if the letters are short and addressed to a sister, cousin, friend, etc.

Blanks for this purpose are now in the hands of Secretary Scott Laird and are very explicit as to information required before any letter may be sent. The blanks call for the name and address of both the writer and the one written to, the name of the chapter, branch or auxiliary, and a statement as to the relation of the addressee.

Then follows a small space for the letter, which must be a personal one, open for the inspection of government officials in such countries it may go thru. Anyone desiring to write friends in Germany should secure one of these blanks from Mr. Laird.

How to Make Victory Food

TIMELY TIPS FROM U. S. FOOD ADMINISTRATION TO HOUSEWIVES OF THIEF RIVER.

Use—

Corn
Barley
Oatmeal
Rice and
Other Cereals.

Saving the Wheat for Our Soldiers and the Allies.

In using substitutes, muffins or dropped biscuits are preferable to molded biscuits.

Oatmeal.

The Food of Many Uses

Breakfast Food
Puddings
Baked Dishes (with nuts) in place of meats
Bread
Wafers
Cookies
Soups

Combination Muffins.

Method of mixing: Add to the cup of milk, the melted fat, sirup and slightly beaten egg; sift the salt, baking powder and flour together. Use a coarse sieve so that no part of the flour is wasted. Combine the two mixtures, stirring lightly without beating. Bake in a hot oven for 20 to 30 minutes depending upon the size of the muffins.

Ground Rolled Oats, Cornflour.

1 cup liquid; 1 tablespoon fat; 2 tablespoons sirup; 2 eggs (or 1); 4 teaspoons baking powder; 1 teaspoon salt; ¾ cup ground rolled oats; 1 cup cornflour.

Barley, Oats.

1 cup liquid; 1 tablespoon fat; 2 tablespoon sirup; 2 eggs (or 1); 4 teaspoons baking powder; 1 teaspoon salt; 1½ cups barley flour; ¾ cup ground rolled oats.

Oatmeal Betty.

2 cups of cooked oatmeal; 4 apples cut up small; ½ cup raisins; ½ cup sugar; ¼ teaspoon cinnamon; mix and bake for ¾ hour. Serve hot or cold. Any dried or fresh fruits, dates, or ground peanuts may be use instead of apples. Will serve five people.

Oatmeal Pie Crust.

2 cups finely ground oatmeal; 1 cup boiling water, 1 tablespoon fat. Scald oatmeal with the water. Add fat and mix thoroughly. Roll very thin and line small pie or tart tins with mixture. Bake in hot oven.

Rice Good Mixer.

It must be well cooked.

You won't need any bread when you serve this.

1 cup rice with boiling water to cover well; 1 teaspoon salt; 1 piece green or red pepper; 2 cups tomatoes; 1 small onion.

Wash and drain rice, add to boiling salted water and cook rapidly until soft. Drain. Each grain should be distinct. Cook tomatoes, onion and pepper 10 minues, Add them to rice, and steam 20 minutes.

Don't be afraid to use cooked rice if you are making bread. In corn bread it can be used in a half and half proportion.

SUN ECLIPSE WILL BE VISIBLE HERE

MAY BE NOTED TOWARDS EVENING ON SATURDAY, JUNE 8.

One of those interesting natural phenomena, an eclipse of the sun, will take place on Saturday, June 8, and will be total in a path stretching diagonally across the United States from the southern boundary of Washington state to Florida. The width of the path of the shadow will vary from 70 miles on the Pacific coast to 58 miles at Denver and 44 miles in Florida. North and south of this path, the eclipse will appear as partial, that is, only part of the sun's disc will be hidden by the moon as the latter passes between the earth and the sun.

At Thief River Falls the eclipse will commence about five o'clock in the afternoon, daylight saving time, and continue until about seven o'clock reaching the maximum period at about six o'clock.

The Farmers' Friend.

Greenbush Tribune: Ole Pederson of Solem made us a pleasant call last Saturday. While he is a member of the Nonpartisan league, he says he does not approve of that organization endorsing another candidate to oppose Congressman Steenerson. He says Mr. Steenerson is the best friend the farmers ever had in Congress and he and many of his farmer friends intend to stand by him.

A Bargain in Lumber.

The lumber used in the construction if the ice rink on Second street will be sold to the highest bidder for cash. Also the building, 16x40 feet used as a warming house.

Sealed bids will be received up until 4 p. m. Saturday, June 8 at the office of G. Howard Smith, Citizens Bank building.—m-30-j-6.

STEENERSON HELPS THE SOLDIER BOYS

ONE OF THESE ASKS HOME FOLKS TO STAND BY CONGRESSMAN.

The Pennington county soldiers who have temporarily been stationed in or near the national capitol have written numerous letters home telling of the interest taken in their welfare by Congressman Steenerson. That this interest extends to the boys from other sections of the district is evidenced by the following letter, written to the Garry Graphic by Corp. O. B. Strand of the Marines, who is a member of headquarters detachment, Marine Barracks, St. Thomas, Virgin Islands. Writing under date of May 13, Corp. Strand says:

"It is with great pleasure to note in the columns of this paper that the Hon. Halvor Steenerson has filed for the renomination as representative to Congress from the Ninth district. There could be no greater benefit to the Soldiers and Sailors of this district than to have him re-elected.

"During my stay in the training camp in Philadelphia, Mr. Steenerson considered it his duty to do me a great favor. He went so far as to personally assist me. It is without a doubt that other men from this community have been similarly treated. You will do us an injustice if you fail to support him.

"In this great crisis we cannot afford to make mistakes. Let experience lead us. One blunder may prolong this frightful war to an indefinite period. We are the fighters; you are the backers. If you are for us, if you are for Liberty, if you stand for Democracy, stand with us for Steenerson."

Big Flax Acreage.

C. D. Drake, who with A. C. Horrill is in charge of the work being done on the lands of the Northwestern Land company about seven miles west of this city, was in town Sunday looking for a suitable residence into which to move his family which is expected here in a short time. Mr. Drake says that between 1500 and 3000 acres have been broken up and put to flax in that district this spring and that the outlook for a big crop is excellent. The land lies about straight west of this city on the other side of the Pembina trail and he adds that there would be a remarkable development in that section if a short piece of road could be provided so as to make markets more accessible. Pennington county last year built a road to within two miles of the Polk county line and this gap would give many farmers a direct line to Thief River Falls, which is the closest trading point of any importance.

"Hep! Hep!" Ten miles more to hike—then camp and the comforts of a little chew of Real Gravely.

See That He Never Lacks a pouch of Real GRAVELY Chewing Plug

Your fighting man will go to almost any lengths to get good tobacco. Many a man has paid $5 for less good tobacco than you will send him in a pouch of Real Gravely Chewing Plug. Only costs you 10 cents.

Give any man a chew of Real Gravely Plug, and he will tell you *that's* the kind to send. Send the best!

Ordinary plug is false economy. It cost less per week to chew Real Gravely, because a small chew of it lasts a long while.

If you smoke a pipe, slice Gravely with your knife and add a little to your smoking tobacco. It will give flavor—improve your smoke.

SEND YOUR FRIEND IN THE U. S. SERVICE A POUCH OF GRAVELY

Dealers all around here carry it in 10c. pouches. A 3c. stamp will put it into his hands in any Training Camp or Seaport of the U.S.A. Even "over there" a 3c stamp will take it to him. Your dealer will supply envelope and give you official directions how to address it.

The Eagle Needs Your Help

THE American Eagle---the American nation---needs your help to defend our country ---God's own country.

Suppose you did subscribe to the first Liberty Loan. Suppose you subscribed to the second one as well. Don't consider your duty ended there. It would be just like expecting to win the War by having our boys take part in one or two battles.

You've got to keep on helping just as our boys have got to keep on fighting. They are called upon constantly to risk their lives. Are you going to slack because you are called upon more than once or twice to invest your money at liberal interest?

It takes money to win the War—money to build ships, buy munitions, food, clothing and a hundred and one different things to back up our boys.

Pennington County has been asked to raise a total of $219,000 during the year. This is $20 for every man, woman and child in the county. The same ratio holds good in the entire country.

We went over the top in the Liberty Loan drive and also in the Red Cross drive. Can we do it again? It is up to each and every one of us to try. If we are able to invest $1.00 per week in stamps or certificates for the balance of the year we will have made up our quota.

Are you willing to sign a pledge card to invest this sum?

Drive Starts on Thursday, June 6

Scrap Iron Wanted

Owing to the increase in freight rates, which will take effect the middle of June, the freight on scrap iron will be from $1.00 to $1.50 more per ton.

We will ship on June 10th and 11th. Bring in all your scrap iron now as the price will be lower after the new freight rates go into effect. If you live closer to Mavie, see C. W. Nelson.

Good prices paid for rags, rubbers and metals.

The Theatres

At the Princess.

Olive Thomas, one of the most charming of screen favorites, will appear at the Princess tonight in "An Heiress for a Day." The play gives ample scope for all the versatile talents of Miss Thomas.

Jack Pickford is rapidly developing into one of the very best of the moving picture stars. He has a new play that just suits him. It is the Saturday Evening Post story, "His Majesty Bunker Bean," and is mostly funny. Louis Huff is the flapper in the play.

Saturday evening's feature is Madam Petrova in "More Truth Than Poetry." The play is full of the emotional situations that Mme Petrova seems to delight in. In this story she marries a rather mediocre sort of chap and spurs him on to great deeds.

On Sunday night there will appear the great Cecil B. DeMille production, "The Whispering Chorus," with Kathleen Williams in the leading role. She is supported by such actors of note as Raymond Hatton, Elliott Dexter, Tully Marshall and James Neill. The play is a drama of the highest class and has had a remarkable run in the larger cities. It is one of the year's great productions.

Mary Miles Minter will be seen on Monday night in "The Powers That Prey." This is a great story of the fight an honest newspaper man makes against a coterie of grafting politicians and the help furnished him by his clever and charming daughter.

The advertising matter for Tuesday evening missed connections somewhere enroute, but it is an Antonio Moreno production and those who have seen the big, handsome Italian before need not be told that the production is worth while. There is also a big comedy, "The Screen Telegram," for this night.

Then comes Pauline Frederick in "Resurrection." This is a picturization of the great book of the same name by *Leo Tolstoi. The character* of Katushn affords this great Paramount star an exceptional opportunity to display her rare talents. "Resurrection" is the bill for Wednesday.

PRIMAY LIST FOR STATE IS AT HAND

THREE FOR LIEUTENANT GOVERNOR; ALSO FOR CLERK OF COURT.

The list of candidates to be voted on at the primaries on June 7 for state offices has been received by County Auditor T. P. Anderson but will not be officially published until after the county filings close on the evening of May 27.

There is but one office on the Democratic ballot for which there is any contest—that of governor. For this honor Fred E. Wheaton will have to contest with W. L. Comstock. The Republicans will of course have a full ticket in the field and there are contests on for every place. In most instances there are but two candidates, but in the case of lieutenant governor and clerk of the supreme court there are three. Following is the ticket:

United States Senator—Knute Nelson and J. A. Peterson.

Governor—J. A. A. Burnquist and C. A. Lindbergh.

Lieutenant Gov.—Ralph E. Crane, Thomas Frankson and A. D. Stephens.

Secretary of State—Carl G. Malmberg and Julius Schmahl.

State Treasurer—Albert H. Fasel and Henry Rines.

Attorney General—Clifford L. Hilton and Thomas V. Sullivan.

Clerk of Supreme Court—I. A. Caswell, George C. Magnussen and Herman Mueller.

Railroad and Warehouse Commissioner—Fred W. Peterson and Fred E. Tillquist.

Congressman, Ninth District—Halvor Steenerson and Frank M. Barton.

Canadian Deserters Caught.

Two sergeants in the Canadian army passed through the city Monday night, bringing with them a couple of deserters from the army. They had secured their men at Cass Lake and were on their way back to Winnipeg.

A Challenge.

The Goodridge base ball team hereby challanges any other base ball team in Pennington county to a game of ball on Flag Day, June 14th. Game to be played at the Community Picnic, to be held on the S. L. Holm farm at Highlanding.

(Signed) ALVIN B. RATTKE,
Manager.

Bananas by the Pound.

Bananas hereafter will be sold by the pound. This is one of the direct effects of the war. The withdrawal of a large number of shipping craft by the government has caused a shortage in this popular fruit, and the demand has caused a sharp advance. The big cities are bidding high for the bananas but the local wholesale house has been successful in securing a steady supply thus far. A half car was received Tuesday and will probably be all sold out by the end of the week.

The Wrong Impression.

In its writeup of the accident which resulted in the death of Hugo Gulden last week The Times stated that the young man was working alone near the end of a freight train when he was caught between the cars. Elmer Roll, foreman of the switching crew working on that particular train, says that this gives the wrong impression. It is never the custom to send a man alone any great distance, according to Mr. Roll, who states that a fellow-workman of the dead man was stationed not more than 15 or 20 feet from the spot where the accident happened.

Mrs. Casper Weiner and baby, who live a short distance southwest of the city, left Tuesday night for St. Paul for a two or three weeks' visit with relatives.

Ed. Schultz, the blacksmith, has been laid up during the past three weeks as the result of a broken arm sustained when he was caught in a revolving pulley.

Mrs. I. Peterson of Fosston returned to her home last Saturday morning after a few days' visit in this city at the home of Mrs. Nels Anderson and with her husband who is employed in the Larson Furniture store here.

Norden Red Cross.

There will be an important meeting of the Norden Township Red Cross auxiliary held at the residence of A. Myrom on Monday, June 3. All members are requested to be present as there is business of importance to be transacted.

Card of Thanks.

We wish to express our heartfelt thanks to the friends and neighbors for their many acts of kindness during the illness and after the death of our beloved daughter and sister, Myrtle. We also take this means of expressing our appreciation of the many beautiful floral offerings.

Mr. and Mrs. O. Tessum,
m-30. and Children.

For Congress

I am a candidate for the Republican Nomination for Representative in Congress from the Ninth Minnesota District.

I believe I understand the hearts of the people in this District, and know how they feel upon public questions and what they want done at Washington.

I believe I can demonstrate that I am in full accord with the ideas and ideals of the people of this District, and feel that I can creditably represent them at the National Congress.

The people are demanding honest government. They demand an end to all waste, graft, and favoritism. They demand fair markets and right conditions for the producers. There must be no plundering or price gouging.

These are my principles, and to these ends I will give All my Energy and Ability.

I am endorsed by the Nonpartisan League and a member of the Brotherhood of Locomotive Engineers.

Very Respectfully,
FRANK M. BARTON.

(Political advertisement inserted in his own behalf by Frank M. Barton, Mahnomen, Minn., candidate for Representative in Congress from the Ninth District. Amount to be paid, 30c per inch.)

(Political advertisement inserted by J. A. O. Preus in his own behalf as candidate for State Auditor. Amount paid $1.20.)

RE-ELECT
J. A. O. PREUS

STATE AUDITOR

Strawberries for Canning

Information Received by Us Indicates that

This Week

Will See Missouri Berries at their best and cheapest, and our advice is that the housewife will best serve her country by preserving them at this time. Also buy your first allotment of sugar for canning now if you have not already done so, thus avoiding a shortage which is sure to come in July and August. Order from your grocer immediately.

Bankers Elect Officers.

The Ninth District Bankers association held an interesting meeting at Fergus Falls last week at which C. L. Hansen and Geo. G. Johnson were the delegates from Thief River Falls. The crop outlook was considered particularly promising and general business conditions throughout the district reported good. The following officers were chosen: President, S. A. Erickson, Crookston; vice president, G. I. Brandt, Greenbush; secretary-treasurer, J. E. Bakke, Detroit; members of executive committee, C. L. Hansen, Thief River Falls, and A. G. Anderson, Fergus Falls.

Mother, Sister or Sweetheart?

"It really doesn't make much difference, he's so proud of all the loved ones at home.

But he wants a picture of each one of them. They are such good pals when a fellow gets lonesome and blue. Don't keep him waiting any longer.

Make an oppintment today and surprise him with a beautiful portrait of yourself.

SALVESON STUDIO

DELCO-LIGHT
Increases Farm Efficiency

Fifty thousand Delco-Light plants in operation on American farms are saving at the most conservative estimate, an hour a day each—or over 18,000,000 work hours a year. That is equal to an army of 60,000 men working ten hours a day for a full month. Delco-Light is a complete electric light and power plant for farms and suburban homes. It furnishes an abundance of clean, safe, economical light, and operates pump, churn, cream separator, washing machine and over 200 time and labor-saving appliances.

HENRY OLSEN, St. Hilaire

Around Our Town

Theo. Qualo returned Monday evening from Warren where he was called on business.

Victor Brink of St. Hilaire attended to business matters in this city Tuesday of this week.

Mrs. K. Moore, Misses Ruth and Gladys Gigstad and Mr. and Mrs. W. R. Wicks of St. Hilaire visited here last Saturday.

Mrs. Joe Becker left yesterday afternoon for St. Hilaire for a few days' visit at the home of her sister, Mrs. Emil Just.

Miss Lilly Hoard and Miss Anna Bredeson of this city were guests at the home of Mrs. Albert Johnson at Plummer last Sunday.

Mr. and Mrs. Ole Legvold, Jr., of this city, left Tuesday afternoon to attend the funeral of Mr. Legvold's aunt, which was held yesterday.

Hauken Olson of this city returned Monday evening from Warren where he has been assisting in one of the barber shops for three weeks.

Miss Anna Stockestad of St. Hilaire returned to her home yesterday afternoon after a brief visit in this city at the home of Mrs. Morris *Johnson and with other friends.*

Miss Islet LaSage who has been teaching a term of school near Alvarado during the past eight months, arrived in this city last evening and will spend the summer here at her home.

Bert Skorstad, who has been making his home in this city at the home of his brother, O. Skogstad for several months, left Tuesday afternoon for Shelly, this state, where he will be employed during the summer.

Miss Lydia Anderson of Montevideo left Sunday evening to resume her duties as Western Union Telegraph operator at that place, after having spent a week's vacation at the home of Mr. and Mrs. Roy Morgan.

Mrs. M. N. Majeres and daughter, Miss Anna, left yesterday afternoon for Crookston for a few days' visit with Mrs. Majeres' son, Tom. They will leave in a few days for Minneapolis for a month's visit at the home of Mrs. Majeres' sister, Mrs. L. Moore.

Miss Lily Hoard of this city, accompanied by her cousin, Ralph Shetler, left yesterday afternoon for Big Sandy, Montana, where they will spend the summer. Miss Hoard plans on teaching school in the state of Washington next fall, but will probably return here before her school begins.

Mrs. Newell Dahl accompanied by her sister, Miss Sophia Sterns, of Minneapolis, arrived in this city Monday from Goodridge where the former's husband is in the hardware business. They were guests at the Olaf Ramstad home here for a short time and left on the flyer Monday night for Minneapolis. Mrs. Dahl will return to Goodridge in a few days.

Miss Dorothy Miller returned yesterday afternoon from Roseau where she had been visiting since last Saturday at the home of her aunt, Mrs. Sjoberg. Miss Miller who has been attending the Lincoln high school here for the past three years leaves tomorrow for Fergus Falls where her parents, formerly of this city, moved several weeks ago. Miss Miller will visit at the home of Miss Alice Hanson on her way to Fergus Falls.

Miss Louise Wilson of St. Hilaire visited with friends in this city Monday.

Dr. H. W. Froehlich left yesterday morning for Middle River on professional business.

Mrs. Olaf Ramstad and daughter, Mrs. Ila Reynolds of this city, visited with friends in Goodridge last Monday.

Mrs. Dave Gustafson and son left yesterday afternoon for Crookston for a few days' visit with friends and relatives.

Miss Nellie Follstad of St. Hilaire returned to her home yesterday afternoon after a brief visit in this city on business.

Mr. and Mrs. P. Sorenson, of Paynesville, arrived in the city last Monday. Mrs. Sorenson received medical treatment here.

Mr. and Mrs. O. C. Evenson, of this city, left Tuesday afternoon for Hendrum, to attend the funeral of Mrs. Evenson's father.

The Zion Lutheran Ladies' Aid society will be entertained on Thursday, June 6, in the basement of the church, by Mrs. Finberg.

Miss Mae Olson of this city left yesterday afternoon for St. Hilaire for a brief visit at the home of her brother, Orden Olson.

The Ladies' Aid society of the Methodist church will be entertained at the church parlors on Wednesday, June 5, by Mrs. Chas. Alexander and Mrs. R. G. Cook.

Miss Laura Hall, of Newfolden, accompanied by Mrs. Ed. Sjolsvold, also of Newfolden, returned to their home yesterday morning after a brief visit in this city with friends.

Miss Orpha Rusdal, of Halstad visited in this city Tuesday at the home of Mrs. E. B. Bakke on her way to her home from Hazel where she was a guest of Miss Laura Larson.

J. H. Hay left yesterday morning for Spooner to deliver the commencement address for the graduating class of that place. Supt Hay will also address the graduating class at Badger.

Miss Tena Lane, one of the nurses at the Physicians' hospital, has as her guest, her mother, Mrs. Hannah Lane of Evansville, who arrived here Tuesday evening for a few days' visit.

Miss Ella Kelley who has been teaching school in Plummer during the past nine months arrived in this city last evening for a brief visit at the home of her aunt, Mrs. J. M. Skog.

Miss Linda Kolstad, who has been one of the nurses at the Sanatorium for several months, left Tuesday afternoon for Northwood, N. D., where she was called because of the serious illness of her mother.

The Farmers' club of Rockasbury township which usually meets at Valhalla hall will meet at the Cheerville school Saturday evening, June 1, beginning at 8:30. All members are requested to be present.

Marriage licenses were issued during the past week by Clerk of Court, Adolph Eklund to Victor C. McLeod and Miss Evangeline H. Causins of Goodridge; and to Clarence G. Stephenson and Miss Irene E. Ferdinandson, also of Goodridge.

Miss Anna Rowberg, of Crookston, returned to her home Tuesday afternoon after a brief visit in this city with friends. Miss Rowberg arrived here Tuesday morning from Goodridge where she was a guest at the home of her sister, Mrs. C. N. Urdahl for three weeks.

Miss Amelia Ostby, of Bozeman, Mont., who had been visiting at the home of her sister, Mrs. O. C. Evenson of this city during the illness of her father, left Tuesday afternoon for Hendrum to be present at her father's funeral. Miss Ostby later will return to her home in Montana.

Severt Ostby, of Erskine and brother, Andrew, of Georgetown were guests at the home of their sister, Mrs. O. C. Evenson the first of the week. They left Tuesday afternoon for Hendrum to attend the funeral of their father, who died in this city at the Ostby home Sunday evening.

Mrs. Tobina Nelson and daughter, Thelma, and son, Elmer, who have lived in this city since April 1, will leave the first of next week for Seattle, Wash.; where they will live in the future. Mrs. Nelson previous to her coming to this city, was a resident of Highlanding for 14 years and practiced in that vicinity as nurse.

The following relatives were guests at the Olaf Tessum home the latter part of last week to attend the funeral of Myrtle Tessum: Mr. and Mrs. Oscar Tessum and two children, Minerva and Ernest, Peter Abrahamson and son, Paul, and Mons Anderson of Lanesboro, Minn.; Mrs. Miller Tessum of Preston, Minn., and Ole Foswick of Brookings, S. D.

Miss LaVida Ball, who has been living with her sister, Mrs. Anna Dock of this city and who has been employed in the Sharp printing office for some time, left yesterday morning for her home in Westby, Mont., accompanied by her niece, Miss Phyllis Dock of this city. Miss Phyllis will spend the summer on her grandmother's farm near Westby.

Edward Stebbins, who was in the hospital at the time his unit was ordered to France, has again taken up his duties at Fort Sam Houston. He is to take a course of three months in aviation engineering at the aviation school, Kelly field, and has already begun this work. In a letter to his parents he states that he is learning all about the interior arrangements of a gasoline engine and expects to make a thorough study of other airplane parts before he finishes.

Miss Nora Rollefson left Tuesday night for Minneapolis for a several days' visit with friends before leaving for the East. Miss Rollefson and Miss Ethelyn Gaylord have been instructors of piano in this city during the past year, but do not intend to open a studio here in the fall. Miss Gaylord leaves Saturday night for her home in Chicago, Ill., where she will remain during the summer, while Miss Rollefson will spend the summer in Weathersfield, Con, doing social settlement work.

Mrs. Louis Grund, of Pitt, arrived here Monday for a brief visit with friends.

Roy Coleman of Lancaster arrived here Monday evening for a few days' visit with friends.

Miss Juretta Dahl, of Holt, returned to her home yesterday morning after a brief visit in this city with friends.

Mrs. Geo. Kinghorn of Moose Lake, this state, arrived here last evening for a few week's visit at the home of her son, H. W. Kinghorn.

Jos. Perdzock of this city returned Tuesday afternoon from Warroad where he had been on a brief business trip, for the Northwestern Drainage company.

Math Barzen and Frank Turner motored to Crookston yesterday morning for a brief visit to attend to business matters in connection with the Hansen-Barzen Milling Co.

Dr. and Mrs. J. N. Nesse, accompanied by Carl Sundahl of this city, left yesterday afternoon for McIntosh for a brief visit at the home of Mrs. Nesse's parents. The trip was made in the Nesse car.

There will be a dance at the Roller rink on Friday evening and on every Friday night thereafter. Rives' orchestra has been secured to furnish the music. A general invitation is extended to everyone to come and have a good time.—M-30.

Mrs. Oscar Skogstad and baby of this city, left yesterday afternoon for Crookston to visit at the home *of Mrs. H. O. Dalnes. Mrs. Skog*stad will also visit her sister, Mrs. C. Abbott, in Grand Forks, during her absence and will return here in about two weeks.

Miss Martha Haug arrived in this city last Thursday evening from Lancaster where she taught in the public school during the past year, and visited for a short time with friends.

Otto Haack, Jr., arrived here last Saturday from Grygla, for a brief visit with friends and to attend to business.

Misses Ruth Wold, Theresa Olson, Florence Richards and Walter Holbrok who are attending the business college in Warren arrived in this city last evening for a brief visit enroute to their home in Goodridge. They were accompanied by Miss Bertha Holbrok of Goodridge who had been visiting in Warren for a few days.

SAVE and SERVE
ARMY NAVY

Time Will Help Win The War. Don't Waste It!

BUSINESS efficiency without loss of time was never so important as now. In growing and marketing crops and produce there will often be occasions when it is more convenient to send your deposits to us by mail than to come to the bank in person.

YOU may be assured that such deposits will receive our prompt and careful attention and be credited to your account in any department you may designate.

Citizens State Bank
Resources Over $600,000.00

George Adolphs of this city left on Thursday afternoon of last week for St. Hilaire to visit at the home of his uncle and aunt, Mr. and Mrs. M. Fricker. He returned on Monday last.

Miss Olga Sortland arrived in this city last Saturday evening from Minot, N. D., where she is trimming in one of the millinery stores, for a few days' visit with her parents and friends.

Verner Nelson of Grygla, who enlisted last week, left Tuesday evening from this city for Minneapolis where he entrained for South Carolina to be stationed at a marine training camp.

Miss Cleo Amble who is at present employed in Plummer, arrived in this city last Friday evening for a brief visit with friends on her way to St. Hilaire to spend Sunday with her parents, Mr. and Mrs. S. J. Amble.

"WEAR-EVER"

Aluminum Cooking Utensils

"Wear-Ever" utensils are preferred by thousands of patriotic housewives because they conserve food and fuel, and save money. They heat exactly all over and cook the most delicate foods without scorching—thus saving food that so frequently is wasted because burned.

"Wear-Ever" utensils take the heat so quickly and retain it so long that they require only a fraction of the heat required by ordinary utensils. Simply turn the flame to the usual height, as soon as the food starts to boil, reduce the flame one-third to one-half.

"Wear-Ever" utensils outlast several ordinary utensils. Their wonderful durability eliminates the expense and annoyance of constantly buying new cooking utensils. Look for the "Wear-Ever" trademark on every utensil. Refuse substitutes.

Replace utensils that wear out with utensils that "Wear-Ever"

PHILLIPS-LAING HARDWARE CO.

221 NORTH MAIN

TWO BANKS AT GRYGLA MERGE

CITIZENS' STATE TAKES OVER BUSINESS OF THE FARMERS' STATE.

MEMBER OF STRONG CHAIN

NOW IN BETTER POSITION TO LOOK AFTER NEEDS OF GROWING SECTION.

A bank consolidation of much interest and importance to the people residing in eastern Pennington and Marshall counties was effected last week when the Citizens' State bank of that village took over the business of the Farmers' State bank. This leaves the village with two banks instead of three as formerly and will prove a vastly more satisfactory arrangement all around.

Is Strongly Fortified.

The Citizens' bank is a link in what is known as the Melgaard-Ramstad chain which extends throughout this section of Minnesota. Associate banks are all designated as Citizens' among which are those located at Thief River Falls, Newfolden, Warren, Hazel and Argyle. The combined resources of these institutions make them among the strongest in the Northwest.

Bremner Retains Interest.

Otto Bremner of St. Paul, who was the principal stockholder in the former Farmers' bank, has transferred his interests and will be a member of the board of directors in the new institution. Olaf Ramstad of Thief River Falls, will remain as president while A. J. Anderson will continue in his position of cashier. T. L. Melgaard, cashier of the Citizens' in this city, will be one of the vice-presidents of the Grygla bank.

Has Ample Capital.

The new institution starts out with a capitalization of $20,000 and a surplus of $4,000. The country about Grygla is growing rapidly and it will

A. J. ANDERSON

be the aim of the institution to at all times be in a position to furnish the greatest possible aid to farmers and stockmen. This plan is one followed with great success by the other banks in the chain and is one of the fixed policies of the directors.

Woodmen of the World.

All members take notice: Our Sovereign Clerk, John T. Yates, has *notified me to make monthly report* together with remittance not later than the 5th of each month. Please see to it that your dues are paid to me on or before the first of each month.

Do not expect me to call upon each one of you to collect, but send your dues to me at 203 Duluth Ave N.

I. G. SANDS,
m-30. Clerk.

Card of Thanks.

We desire to express our heartfelt thanks to all those who assisted us during the illness and death of our beloved daughter and sister; to the sacred Heart League, to the donors of flowers, pallbearers and especially to Rev. M. J. Noeson for his spiritual ministrations.

Mr. and Mrs. Joseph Votava,
m-30-p. and Children.

TEN DOLLARS PER DAY HERD RECORD

CREAMERY REPORT IS SHOWING OTHERS CLIMBING FAST IN PRODUCTION.

Twenty-four patrons of the Thief River Falls creamery received an average of $136.64 for the milk and cream supplied by them during the month of April, according to the report sent out this week by Secretary Henry Hanson. These 24 were the top-notchers and all were mailed checks of over $50. At the head of the list stands the herd of Hans Anton of St. Hilaire, whose returns totalled $292.67 for the month, or nearly $10 per day. Besides these big-check men there are a large number coming just under the $50 mark, the total showing a big increase over the previous month as well as the corresponding period last year.

The creamery is doing a splendid business and the number of patrons is increasing every month. Following is a list of those receiving more than $50:

Hans Anton	$292.67
Kirk & Christenson	125.99
Henry Koop	118.51
Fred Copp	106.27
Hanson & Barzen	102.40
Carsten Christenson	98.88
Dahl Bros., Trail	98.38
H. R. Rued	96.87
R. M. Johnson	96.69
S. Wieberg	95.87
A. J. Funnesdahl	85.78
John Phillips	80.94
Mrs. J. J. Berg	80.07
E. Edman, Alvarado	79.70
Henry Pope	78.10
John J. Kast	76.86
Ludvik Larson	70.49
Waldie-Christenson	69.91
H. T. Waale	69.10
Wm. Hohner	66.20
Albert Hanson	62.59
August Carlson	62.58
Oscar Swenson	54.72
M. Stenvold, Griebrook	50.93

Richardson Has Filed For an Important Office.

(Political advertisement inserted by Ira C. Richardson in his own behalf as candidate for Judge of Probate of Pennington County. Amount to be paid, 10c per line.)

For me to neglect to become a candidate for Judge of Probate at this time, would show a want of respect to a large number of voters, who loyally supported me at the last election; therefore I have filed for the office of Judge of Probate for Pennington County, Minnesota, and respectfully solicit the support and votes of all electors at the primary election; June 17, 1918 and the general election following.

It is an important judicial office that demands the undivided loyalty and perfect fidelity of the Judge to all persons, who have business before that court—mostly widows and orphans; and, if elected, I shall discharge the duties of the court, fairly and impartially to the best of my knowledge and ability; and decline to practice as an Attorney at Law.

What would you think of a Judge of the District Court, who would practice as an attorney in any Court, while he is a Judge?

No man can serve two masters; and a lawyer must be to his client: "True as the needle to the pole, Or as the dial to the sun."

IRA C. RICHARDSON,
502 LaBree Ave N.,
Thief River Falls, Minn.

POLITICAL ANNOUNCEMENT.
For County Commissioner.

Inserted by Hans Anton, candidate for county commissioner, in his own behalf. Amount paid, 30 cents per inch.

Having filed as a candidate for county commissioner in District No. 3, I solicit the votes of the citizens of that section. I have been a resident of Pennington county for many years and believe that I understand its needs and those of the people of the Third district. If elected I promise to give the office the very best attention of which I am capable.

Yours truly,
HANS ANTON.

TO THE VOTERS OF PENNINGTON COUNTY:

I hereby announce my candidacy for the office of Register of Deeds for Pennington County. My motto is fair and equal treatment for all. Your support at the polls will be appreciated.

m-9-tf. N. J. ANDERSON.

SCOTT LAIRD

LAIRD IS MANAGER FOR ECON-O-KLEEN

FORMER COMMERCIAL CLUB SECRETARY NAMED FOR RESPONSIBLE POST.

At a meeting of the directors of the Econ-O-Kleen Fuel company held this week it was unanimously decided to tender the position of general manager to Scott Laird, at present city salesman for the Thief River Grocery company and formerly secretary of the Commercial club. Mr. Laird has accepted the offer and will assume his new duties about the first of June.

The business of the Econ-O-Kleen concern is growing to such extent that it was absolutely necessary to secure a man to devote all his attention to its management. The plant has been in operation only about a year but the reputation of the product has already become national. The office work has heretofore been looked after by members of the board of directors who have taken the time from their other business, but this will no longer answer the purpose and a regular manager is absolutely necessary.

New offices and manufacturing quarters have been provided by the lease of the entire Smith building at the corner of Main avenue and First street, to which place the machinery and equipment will be moved on the first of June. The demand for the product has become so great that the manufacturing facilities have had to be doubled and the orders are piling up even at that. As an indication of the interest created by the news that a preparation had been discovered that would eliminate all carbon troubles in gas motors it might be stated that an order was this week received from Honolulu, while shipments to both coasts are every day occurences.

The newly appointed manager will prove an asset to the company. He is a good business man and has had much experience in publicity work—a feature very necessary in getting a new product properly started.

RED CROSS MAKES NO MORE REPORTS

GOVERNMENT ASKS THAT INFORMATION BE WITHELD FOR PRESENT.

It may seem strange to some people that there has been no report lately as to the shipments from the Red Cross chapter and branches of this county, but it is not desirable to give the enemy this information and so the contents of shipments are not now given out, nor are the demands for certain material.

However, shipments are going forward each month and this week saw another large one sent to the Northern division at Minneapolis. Special blanks have now been provided for this purpose and when the bureau of supplies at Minneapolis receives a shipment they do not have to scrutinize all kinds of writing for the various garments and bandages, etc., as are all listed. All that is required of the ones making the shipment is to fill in the quantity and sign the Chapter's name and address.

The City Churches

St. John's Lutheran Church, F. J. Seitz, Pastor—Services at Thief River Falls next Sunday forenoon at 10:30; at Holt Sunday afternoon at 2:30. The Ladies' Aid society will be entertained by Mrs. Joe Becker next Wednesday afternoon in the basement of the church.

Norwegian Lutheran Church, I. T. Aastad, Pastor—Services next Sunday at 11 a. m. Services in Silverton at 3 p. m. Sunday school at 9:30. The Religious school will commence June 17, at 9 a. m.

First Swedish Ev. Luth. Church. Albin A. Larson, Pastor—Divine services next Thursday evening at 7:45. No services Sunday morning. Services in English Sunday evening. The Ladies' Aid and the Luther League will be entertained by the Kellberg family at their farm home on Wednesday afternoon and evening respectively. June 12.

Norwegian Free Church, Rev. Geo. Larson, Pastor—Services at Bethlehem church at 11 o'clock and at Ringdal at 2:30 in the afternoon. There will be evening service in the church in the city at 7:30 o'clock.

Evangelical Lutheran Church, Rev. O. Schultz—English services at the Erie Lutheran church next Sunday at 11 a. m., at the Germantown schoolhouse at 3 p. m.

COUNTY FREE FROM BARBERRY PLAGUE

TWO PATCHES OF RUST-CARRIER FOUND IN CITY AND DESTROYED.

County Agent R. P. White states that there is very little danger of the wheat crop being attacked by rust carried by the Barberry bush as there is none of the plague-carrying plant in the city or county. Two instances were discovered where this bush had been permitted to grow up but the owners of the premises on which the plants were found at once destroyed them when informed by Mr. White of the danger of permitting them to flourish. The county agent made a thorough survey of the city and was unable to find another plant of the nuisance anywhere.

There are several varieties of the barberry bush, said Mr. White, but it is only the common variety of the bush that carries the rust which destroys the wheat. The others are harmless.

"We are receiving many samples from farmers throughout the county, but in every instance so far, the samples were either of the harmless variety of barberry or other shrubs resembling the barberry, such as the hawthorn bush, etc. However," continued Mr. White, "we are encouraging the movement of sending samples to the county agent of any plants resembling the barberry and in any instance where the real bush is discovered will take steps at once to destroy it."

John Hedlund, of Alvarado, visited with friends in the city last Sunday.

THERE'S ECONOMY — IN SHEDS
IF LUMBER IS BOUGHT HERE

Our sources of supply are the largest in the world.

Our buying facilities enable us to lay down our lumber here at as favorable prices as can be secured by competition anywhere.

Rest assured we are passing that advantage right along to you. We will prove it on the first bill you bring in.

WINTON-NICHOLS Lumber Company
IF IT'S BUILDING MATERIAL-WE HAVE IT.

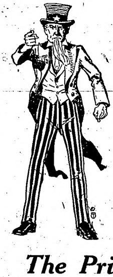
Don't Pay Your Subscription to The Times Now

Oh, yes, we want you to pay it alright, but wait for the big announcement that will be made in a very short time. We want every one of our **4000** subscribers to share in this

Extraordinary Offer

Something all have been waiting for. Watch for the announcement and then act.

Uncle Sam Says:
"Order Coal Now!"



The National Fuel Administrator has designated the week beginning Monday, June 3, as "Coal Order Week," at which time he urges all the people in the United States to notify their dealer of their probable requirements for the coming year. This is an important matter and should be attended to by everyone in order that the Government may be able to adjust matters so the railroads will be able to supply the different districts.

Send Us Your Order Now

Our new sheds will soon be ready for the receipt of coal and we are receiving orders for future delivery. Our coal will be new and clean—no screenings or accumulations of slag or dirt will be found. Our delivery service will be prompt and our treatment satisfactory.

Tell us of your needs in the coal line and then forget about it---we will look after everything else.

The Prichard Company

As Light Goes Through Glass

Just as light rays penetrate through glass, so current passes freely through Threaded Rubber Insulation. Nearly 200,000 tiny threads in each insulator mark the path for the current flow.

The hard rubber stands guard against the formation of short circuits between battery plates.

There's another reason why the Still Better Willard Battery with Threaded Rubber Insulation is worth so much more than its slightly higher cost. It's the one and only battery with the "Bone Dry" principle that is your absolute assurance of getting a battery as new as the day it left the factory.

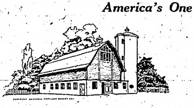
Farm Building As Affected By War

America's One Big Task---To Bring the Enemy to Terms---Requires New Improvements



COVERED MANURE PIT
REDUCES FERTILIZER WASTES
SIZE 30 FT x 30 FT
WALLS AND FLOORS OF CONCRETE
POSTS AND ROOF OF FRAME

The job is a big one. It means tremendous activity in making a myriad of things---food is one of the most important.

This job belongs to the American farmer. Whatever he can do to increase production or decrease waste brings victory closer.

The Council of National Defense, the Food Administration and the U. S. Department of Agriculture all strongly urge farm building activity, for that helps to produce more meat and milk, lessens waste and when arranged and equipped in the modern way, makes up for the shortage of labor by letting one man do the work of two.

BUILDING COSTS ARE REASONABLE

Of course, building materials and labor cost a little more but the only way to take full advantage of the present high returns from farm produce is to have modern buildings that will store crops efficiently and that will cut down the labor needed to care for crops and animals.

The business farmer cannot afford to let his plant go back. The ramshackle barn reduces the selling value of every acre. Every modern improvement increases the selling value by an amount greater than the actual money spent on the improvement. This is true of new work and of repairs.

Many farm building groups need re-arranging to save the time spent in doing chores. A saying of 15 minutes night and morning for one man, with labor figured at 20 cents an hour, means a saving of over $36.00 per year—6 per cent on $600. With labor hard to get, it will pay well to invest that $600.00. Frequently a far greater saving can be made by a less expenditure, letting time lost now in doing chores go into profitable, productive field work,—two or three more turns around the field with a plow, an extra acre of corn cultivated, or an extra load of hay under cover before a shower.

THE RIGHT MATERIAL

No material is so long-lived, so easily cleaned and so sanitary and fireproof as concrete. Use it for foundation walls, floors, walks, cellars, well curbs and wherever moisture from the ground can cause rotting of other materials.

But whatever you use, start early. The season is advancing and farm work is heavier every month. If your improvements are to yield profits this year they must be finished early.

It is poor improvements that send farm workers to the city jobs. If you want to keep your men, give them decent working conditions. Clean up the barnyard—pave it with concrete—floor the barns and stables with concrete—build a manure pit—build a silo. For all of these pay good dividends and in addition make farm work more attractive to the labor that you have such difficulty in keeping.

Take stock of your buildings. Make plans on paper for a complete remodeling or re-building. Start the most needed part of the plan this year—at once—and finish as much as possible this year in order that the returns from 1918 operations may be bigger.

NORTZ LUMBER COMPANY
TELEPHONE 110 QUICK SERVICE THIEF RIVER FALLS, MINN.

SERVING TWO MASTERS

SERVING Two Masters is rarely succcessful, but there are exceptions to all rules. The Willys-Overland Company is serving its Country and the public who demand Willys-Overland Cars. It is doing it well. It is a proven exception.

The Willys-Overland Co. has released about five thousand employees for Government Service. They have turned over a large share of their various plants to Government work. They are also manufacturing automobiles in quantitias that is a revelation to the trade, to take care of an insistent public demand for Willys-Overland Cars. ***This is Willys-Overland Slogan---***

"SERVING OUR COUNTRY FIRST"

Service to You When you Need a Car to Help Serve Your Country Better Service After Your Car is Purchased

Overland owners enjoy unequalled facilities in this section. The Grand Forks Overland Company with their $30,000 stock of parts is giving a 24 hour service that has no comparison.

The Willys-Overland Company in Minneapolis augments our service with $200,000 stock, completing service facilities in connection with the hundreds of Overland dealers that is incomparable.

We Have All Sizes and All Types for Instant Service

The Thrift Car at a Thrift Price with a record for thriftiness that is amazing.

All cereals are valuable and will keep. Potatoes will not. Let potatoes take the place of your cereal. They sell today at 75 cents per bushel. Save the wheat for our boys over there. Do your bit.—The Committee, [illegible] H. Herrick, Chairman.

Buttermilk

AN IDEAL AND CHEAP FOOD

Authoratives on animal feeding have found that buttermilk is worth from 50c to 80c per 100 pounds as feed. Measured by the gallon from 4c to 7c a gallon. This is compared to the present feed prices.

The value of buttermilk for feed depends on what animals it is fed to; also on the feed combination. It is especially suited for hogs and calves, but experience has shown that it may be fed to horses and cattle with good results.

We sell fresh buttermilk for 1c a gallon in 10 gallon lots, commencing June 1.

Thief River Co-Operative Creamery Association

Thief River Falls, Minn.

STEINER

Mesdames J. Swanson and Brokke boarded the afternoon train for Thief River Falls last Wednesday to attend the Ladies' Aid.

Harold Berg transacted business at the county seat last week.

BANKRUPT'S PETITION FOR DISCHARGE.

In the District Court of the United States, For the District of Minnesota.

In the matter of Andrew Berkhall, Bankrupt.

In Bankruptcy. No. 1701.

To the Honorable Page Morris, Judge of the District Court of the United States for the District of Minnesota.

Andrew Berkhall, of St. Hilaire, in the county of Pennington and State of Minnesota in said District, respectfully represents:

That on the 29th day of March, 1918, last past, he was duly adjudged bankrupt under the Acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said Acts and of the orders of the court touching his bankruptcy.

WHEREFORE HE PRAYS that he may be decreed by the court to have a full discharge from all debts provable against his estate under said Bankrupt Acts, except such debts as are excepted by law from such discharge.

Dated this 7th day of May, A. D. 1918.

ANDREW BERKHALL,
Bankrupt.

Order of Notice Thereon.

United States District Court, District of Minnesota, Sixth Division, ss.

On this 8th day of May, A. D. 1918, on reading the foregoing petition, it is

ORDERED BY THE COURT, that a hearing be had upon the same on the 15th day of July, A. D. 1918, before said court, at St. Paul, in said District, at ten o'clock in the forenoon; and that notice thereof be published in Thief River Falls Times, a newspaper printed in said District, and that all known creditors and other persons in interest may appear at the same time and place and show cause, if any they have, why the prayer of said petitioner should not be granted.

And It Is Further Ordered by the Court that the Clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

WITNESS the Honorable Page Morris, Judge of said Court, and the seal thereof, at Fergus Falls, in said District, on the 8th day of May, A. D. 1918.

SUMMONS.

City of Thief River Falls, Municipal Court.

State of Minnesota, County of Pennington.

Murray A. Gotham..........Plaintiff
vs.
Tarkel Froisnes ....Defendant

The State of Minnesota, To any Police Officer of said City, to the Sheriff or any Constable of said County:

You are hereby commanded to summon Tarkel Froisnes if he shall be found within the County of Pennington, to be and appear before the Municipal Court of the City of Thief River Falls, at a term there to be holden on the 18th day of June A. D. 1918, at the hour of 10:00 o'clock in the forenoon, and answer to Murray A. Gotham in a Civil Action, whose complaint is on file in said Court and have you then and there this writ.

Witness the Honorable N. W. Tarrant, Municipal Judge, this 1st, day of May A. D. 1918.

(SEAL) N. W. TARRANT.
m-16-23-30 Municipal Judge.

IN PROBATE COURT.

State of Minnesota, Pennington County.

In the matter of the estate of Gustave Omundson, deceased.

Upon reading and filing the petition of Gurena Gunderson, formerly Gurena Omundson as administratrix of the estate of Gustave Omundson representing that the description of the lands described in the final decree made and entered herein, erroneously omitted therefrom the undivided one-half of the Northwest Quarter of Section Thirty-three, Township One-Hundred and Fifty-four, North of Range Thirty-three West, and that the name of said deceased should be corrected to read "Gustav Omundson."

IT IS ORDERED, that said petition be heard on Tuesday, the 18th day of June A. D. 1918 at Ten o'clock in the forenoon, before the Court at the Probate Court rooms in the City of Thief River Falls in said County.

IT IS FURTHER ORDERED, that notice of the time and place of said hearing be given to all persons interested by publication of this order in the Thief River Falls Times, a weekly newspaper printed and published at Thief River Falls, Minnesota.

Dated at Thief River Falls, Minn., this 16th day of May, 1918.

By THE COURT.
WILHELM MICHELET,
(Court Seal) Judge of Probate.

Pure Bred Percheron Stallion
MARLO 73151

Marlo, 73151, is known far and near by our best horsemen to be every way right and one of the best foal getters in the states. He is a coal black with the best of style and action, good bone, short on legs, close ribbed, short back, just the kind that our government wants, just the breed of horses you see in all the large shows. He is a heavy black and daple gray Percheron. Watch when the big show comes to Thief River Falls and see if I am not right. The pure bred horse is easy to train and as the Percheron has lots of style there is always a good demand for them and the highest prices will be paid for horses ever known. Remember it takes five years, starting now, to get a colt four years old and by that time the horses you now have are gone. Terms $15.00 payable at the birth of living colt, unless the mare is pure bred Percheron, if so my price is $20.00. This horse will be at Ramstad's big barn as mentioned below, Thursday, Friday and Saturday up to July first and maybe longer; the balance of the time he will be at home on the farm in section 4, town of Sanders, about 5½ miles due west of Thief River Falls. Phone at the farm. When wishing to phone, call four short and one long on 811. When I am in town call and arrange your business with me as it will save you time and disappointment.

G. W. EASTMAN, Owner.

State of Minnesota Stallion Registration Board License Certificate

PURE BRED STALLION

No. 4054.

The pedigree of the stallion, Marlo 73151, owned by G. W. Eastman, Thief River Falls, Pennington County, Minn. Color black. Breed Percheron, foaled 1909, Sire Marley 40448 (53726), Dam, Lucy 47592, has been examined at the College of Agriculture, Division of Animal Husbandry, and it is hereby certified that the said stallion is of pure breeding and is registered in a studbook recognized by the Department of Agriculture, Washington, D. C. The above named stallion has been examined by H. B. Newell, a duly licensed Veterinarian, and is reported as free from infectious, contagious or transmissible disease, or unsoundness, and is licensed to stand for public service in the State of Minnesota.

Dated at St. Paul, Minnesota, this 14th day of March, 1916.

(SEAL.) T. L. HARCKER,
Professor of Animal Husbandry and
Secretary Stallion Registration Board.

Renedew 1918.

WILL MAKE FOLLOWING STANDS:

Beginning May 2nd, Monday, Tuesday and Wednesday, Sec. 4, Sanders township. Thursday, Friday and Saturday, Ramstad's barn, Thief River Falls. Terms of Service: Same as last year.

This stallion is a large black beauty and has given the best of satisfaction; low down on legs; the kind that takes.

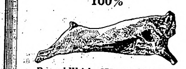
Ostby's Grocery

Only About Half the Steer is Beef

Live Weight 1200 pounds

100%



Dressed Weight 672 pounds of Beef

56%

When Swift & Company buys a steer weighing 1200 pounds, only about 672 pounds goes to market as beef; the other 528 pounds consists of hide, fats, other by-products, and waste.

When the packer pays 15 cents a pound for a steer, he sells the meat to the retailer for about 24 cents. But the packer gets only about 6 cents a pound for the other 528 pounds.

This means that the packer gets about 16 cents a pound for all the products from a steer for which he pays 15 cents.

The difference of 1 cent per pound covers the cost of dressing, preparation of by-products, freight on beef to all parts of the United States, operation of distributing houses, and leaves a net profit of only about ¼ of a cent per pound on all dressed beef sold.

Large volume of business and utilization of parts that were formerly wasted, make this achievement possible.

Year Book of interesting and instructive facts sent on request. Address Swift & Company, Union Stock Yards, Chicago, Illinois

Swift & Company, U.S.A.

THEATRICAL FOLKS FIND WAY BLOCKED

DISCOVER THAT CANADA IS NOT ASYLUM FOR THEIR KIND NOW.

When Canadian emigration laws combine with an obdurate American landlord to make life...hard for a couple of theatrical people the latter may as well give up first as last. This was undoubtedly the conclusion reached by Mr. and Mrs. Dick Allen, who drifted into Thief River Falls about a week ago and later made an unsuccessful attempt to drift out again.

The couple arrived here with their baggage and put up at the Hotel Evelyn. They stated that their manager was a resident of Senelac, Sask., that they were expecting a sum of money from him and would square their account when this arrived. Landlord Julien Provencher received assurances that they were telling the truth and that the money for their keep would be forthcoming. It took some time for it to arrive, however, and the bill mounted up to $54.30. At this point the couple decided that they had better go to Canada and see what was holding back their remittance and boarded the train here for that purpose in spite of the landlord's attempt to stop them. Mr. Provencher made an attempt to have his ertswhile boarders intercepted at Strandquist and also at Karlstad, but they managed to hold the officers off. At Lancaster, however, they ran across a marshal who claimed to know nothing of the law in regard to warrants and insisted on following instructions. He held the couple there until Sheriff W. J. LaBree of Pennington county came after them with an auto. They were brought back to this city and disclaimed any intention of attempting to evade the payment of their bill. The Senelac party had in the meantime been informed of their predicament and telegraphed that the money was on the way. This finally arrived but the sum due, including the costs, had by this time mounted up to something like $100. All arrearages were paid and the couple started for Canada. Arriving at Emerson, just across the line, they were again turned back, being informed that theatrical performers of their class were not permitted in Canada during the war. Again they were forced back to Thief River Falls, but only stayed here over night, taking the southbound train the following morning.

MORE SIDEWALKS ARE ORDERED IN

COUNCIL ALSO APPROPRIATES $300 TOWARD MEMORIAL DAY CELEBRATION.

Sidewalk construction was to the foreground in consideration of matters by the city council Tuesday evening. The petition which had been presented asking for a continuous cement walk on the east side of Duluth avenue from Fifth street north to the city limits was acted upon favorably when a resolution was introduced requiring all property owners who had not already laid such a walk in that district to do so by July 25. A resolution also called for a cement walk on the west side of Arnold between Third and Fourth streets.

The sum of $300 was appropriated to the band for Memorial Day expenses, as has been the custom for several years, this amount being the donation for a band for a whole year.

The plumbers' license bond of Ed Lee in the sum of $1,000 and sidewalk construction bond of Lars Backe in the sum of $2,000 were both ordered accepted by the council, subject to approval by the city attorney.

Final approval of the 10 per cent discount on water bills for the second quarter and of 35 per cent for the third quarter was given by the council.

A committee composed of Aldermen Benson, Froseth and Myhrum, together with City Attorney Quale, was named by President Ihle of the council to see what action can be taken relative to the removal of the large number of telephone poles on First street.

Building permits were granted to Carl Hilliard for a $600 improvement to the City Bakery and to Mrs. Swanson for a $500 residence improvement.

The request of certain employes of the water and light department for a raise in salaries was laid on the table for a month.

Election Judges Named.

The following were named as judges of election for the different voting precincts of the city at the primary election to be held on June 17:

First ward—Herman Ohm, Hogan Hanson and Ed Ness.

Second ward—S. Johnson, E. J. Overland and J. L. Bean.

Third war—A. M. Langseth, Knute Swanson and O. A. Westin.

Fourth ward—Ed Rustad, J. L. Cerny and D. K. Bryant.

THE PUBLIC FORUM.

Editor The Times: We should like to call your attention to the fact that throughout the county our roads, located on ditch grades, are being ruined by the brush that the farmers permit to grow along the sides of the grade. This was not noticed so much when the grades were new and the brush was small, but now they have reached a height and a density of growth that is retaining the snow in the winter time, filling the ditches and causing water to overflow the fields in the spring, and making muddy roads.

Where the brush is on each side of the road the wind cannot penetrate, and the road will stay wet for 24 to 36 hours longer than where it is open, with the result that teams and automobiles passing through, cut it into deep ruts, and when it becomes hard it is pretty nearly impassable.

We have been unable to find any law that covers this and we thought possibly it might be of interest to The Times to take this matter up with the people of Pennington county and see if it is not possible to reach some satisfactory solution of the problem.

Yours truly,
May 29 W. H. FREDERICK.

Myrtle Tessum.

Myrtle Tessum, the eight year old daughter of Mr. and Mrs. Oluf Tessum of this city, died at her home last Thursday after an illness of about ten weeks. Death was caused by leakage of the heart but her condition was not thought serious until a week previous to her death. Myrtle was born on March 20th, 1910, in this city and is survived by her twin sister, Mildred.

In school Myrtle was an exceptionally bright student and devoted much of her time to music.

Those in the family left to mourn her death are, the parents, Mr. and Mrs. Oluf Tessum, the twin sister Mildred, a sister Evelyn and two brothers, Gynther and Edwin. The funeral was Sunday afternoon from the Synod church with Rev. I. T. Aastad officiating and burial was made in the Greenwood cemetery.

John N. Ostby.

John N. Ostby died at the home of his daughter, Mrs. O. C. Evenson in this city Sunday evening at seven o'clock after an illness of five weeks. Mr. Ostby's health had been poor for some time previous to his death but was confined to his bed only five weeks. Death was caused from a cancer of the stomach.

Mr. Ostby was 78 years of age and was born in Norway in 1839. He was a widower and the father of eight children, Mrs. Evenson being the only member of the family living in this city.

The body was shipped to Hendrum Monday afternoon where the funeral was held Tuesday and burial made.

Mr. and Mrs. O. C. Evenson of this city, his daughter, Miss Amelia Ostby of Bozeman, Mont., and two sons, Severt Ostby of Erskine and Andrew Ostby of Georgetown, accompanied the body to Hendrum from this city.

"A DAUGHTER OF THE GODS."

Coming Sunday June 9—Marguerite Clark in
"BAB'S MATINEE IDOL."

Notice to Taxpayers

On June 1st a penalty of 10 per cent is added to all unpaid Real Estate Tax, but in case one-half the amount of the tax on any real estate shall be paid before June 1st of each year then no penalty is added, providing that the remaining half of said tax shall be paid before the 1st day of November of each year, if said remaining one-half of said tax is not paid before November 1st of each year, then a penalty of 10 per cent is added to the one-half of said tax remaining unpaid. Taxes become delinquent on the first day of January next, when an additional penalty of 5 per cent is added. Tax sales take place on the 2nd Monday of May following and the amount of sale draws interest at the rate of one per cent a month until redeemed. If not redeemed wthin three years from the date of sale, all lands become the absolute property of the state or purchaser.

Respectfully,
Theo. H. Liden,
County Treasurer.

THIEF RIVER FALLS TIMES

WITH WHICH IS CONSOLIDATED THE THIEF RIVER FALLS NEWS-PRESS
VOL. 8 $2.00 PER YEAR THIEF RIVER FALLS, MINN., THURSDAY, JUNE 6, 1918 12 PAGES NO. 14

0 REACH DRAFT AGE PAST YEAR

REGISTRATION EXACTLY TEN PER CENT OF FORMER NUMBER.

HALF FURNISHED BY CITY

THIS FIGURE ALSO BEARS OUT PREVIOUS RATIO TO A NICETY.

The officials having to do with selective draft matters are good guessers—at least so far as Pennington county is concerned. They estimated that the number of men who had [illegible]ached the age of 21 years since the [illegible] of last June would be approxi[illegible]ly ten per cent of the total reg[illegible]ing at that time, and they hit [illegible] nail almost squarely on the head [illegible] this community.

Will Total Ninety.

When the registration booth at the court house closed last evening County Auditor T. P. Anderson, clerk of the board, announced that there were just 87 names on the list and that he knew where three more were coming from who could not possibly be present yesterday. This will make the total an even 90, which is as close as it is possible to get to 889—total number registering a year ago.

Are Evenly Divided.

It was rather supposed that the city of Thief River Falls would produce about half of the available men. If the total shall prove to be 90, the city will be credited with exactly one-half, which again goes to show that there has been some mighty close guessing going on.

The Complete Roster.

The registrants began coming in early but the last one was not recorded until just before the hour of [illegible] so that the registrars were kept very busy. Bernhard Knut[illegible] and Ray Pope of the Home Guards, volunteered to assist Mr. Anderson.

Following is a list of the registrants:

Thief River Falls—Gynther C. Tessum, [illegible]mond M. Aase, Henry Froseth, Alfred Gerhart Severson, Palmer Dahl, Aslak Higtvedt, Clarence Henry Burgraff, Arthur Bartelson, Norman Valdness, Roy Arthur Busse, Rudolph E. Protz, Carl Esere Johnson, Clarence P. Daly, David Christianson, Conrad O. Ronning, Clarence Ernest Johnson, Daniel Christianson, Severin Carl Sundahl, Leonard C. Johnson, Oscar Harold Ness, Ole Mosestad, Thom Borgen, Godfrey Carlson, Louis H. Reamer, Richard Ernest Hornseth, Ole Klopp, August Herman Stroberg, Herbert Leonard Nelson, Fred Neilson, Carl John Longren, Ralph U. Wold, Selmer Andrew Gangness, Martin Ernest Carlson, Harry Myrom, George Harry Kzar, Herbert Leonard Johnson, Alvin Gordon Evenson, Louis H. Olson, Martin [illegible], William Dokken, Nedland Hanson, Ludwig Alfred Lian, Henry Dostal, Henry George Granum.

St. Hilaire—Robert Swanson, Oscar Gigstad, Paul Roy, William Engh, Sigurd Peter Vik, Martin Ragnvald Odegaard, Fred Walter Gunstad, Joseph Mosback, Jesse Arthur Bakke, August Althoff, Wesley Pierson, Nis Asmus C. Anton, Henry George Swanson, John A. Halonen, Casper Guy Hanson.

Hazel—John Alfred Helgeson, August P. Thune, Gustav Axel Gustafson, Lloyd L. Huddleson, Julius Peterson.

Goodridge—Bennie Johnson, Victor McLeod.

Mavie—Frank Hincik, Edward M. Schie.

Erie—Martin Jens Olson, Elmer Alvin Dahlen, Ole S. Dahle, Robert Iverson, Arthur Baird, Benjamin Race.

Kratka—Jens Arthur Prestby, Eddie Richard Brekke, Ernest F. Morin.

Plummer—Fred J. Carlson, Fred William Peterson, Oscar Bernard Hanson.

Wylie—Louis Alfred Domstrand.

Sunbeam—Knute Dahl.

Rosewood—Axel Blom.

[illegible]da—Ned Syverarud.

[illegible]ddell—Anton Kolski.

[illegible]rmantown—Herbert Oliver Grin-

CLASS B MEN ARE CALLED TO COLORS

ABOUT 200,000 IN ENTIRE COUNTRY—PENNINGTON HAS VERY FEW.

Two hundred thousand men of draft age who, because of minor physical defects, have been held by examining surgeons over the country for limited military service, are to be employed in producing or handling equipment for the army, Provost Marshal General Crowder announced last Thursday. These men are in Class B.

General Crowder last Thursday issued the first call under the new plan. [illegible]s went forth to governors of states for upwards of 9,000 men for service in spruce production for airplanes. The men are allowed to volunteer until this evening, after which a report will be made to the provost marshal general and if there are not sufficient volunteers allotments will be made to be filled by involuntary inductments.

Some twenty-four trades or classes, including railroad, transport and construction men, office workers and laborers, are desired for the spruce division.

Others Facing Call.

When this division has been filled, men will be called to fill other staff services of the army until the 200,000 total has been exhausted. No indication was given as to when the other calls will be made.

Made Graduation Addresses.

Thief River Falls orators were in demand as speakers at graduating exercises in nearby communities last week. Supt. J. H. Hay was invited to make the address to the graduates at Baudette while County Attorney E. M. Stanton performed a similar service for those of Roseau high school. Reports are to the effect that in both instances the Thief River Falls men acquitted themselves with distinction. The people of the communities visited have signified their intention of inviting these men to address them on patriotic subjects at one of the meetings to be held this summer in the respective communities as the parts of the addresses devoted to this topic were particularly well received.

CHILD BURNED TO DEATH AT GATZKE

ACCIDENTALLY SETS FIRE TO CLOTHING WHILE ATTENDING KITCHEN STOVE.

Lillian, the nine-year-old daughter of Mr. and Mrs. T. A. Jornlind, residing about two miles from Gatzke, died at the Grygla hospital on Friday morning as the result of burns received on Thursday morning. The girl had been sent out to place a stick of wood into the stove in the kitchen when in some manner her clothing caught fire. Before the flames could be extinguished her entire body was enveloped. She was taken at once to the Adkins hospital at Grygla where it was found that she had been so badly burned that recovery was impossible.

The child lingered until Friday morning when death ensued. A remarkable thing in connection with her injuries was that she scarcely seemed to notice them. After her arrival at the hospital she was able to sit up and converse with those about her, being apparently in no great pain, although every part of her body, with the exception of her face, had been severely burned.

The funeral took place on Saturday afternoon, interment being in the Gatzke cemetery.

BOHEMIAN SOCIETY TO AID RED CROSS

LOCAL LODGE WILL PUT ON LECTURE AND STEREOPTICON PICTURES SUNDAY.

Josef Drtina, western organizer for the Zare Severu association, a Bohemian fraternal society, will deliver a lecture on Bohemian, Moravian and other European peoples and conditions at the Commercial club rooms on Sunday evening, beginning at eight o'clock. The lecture will be illustrated with stereoptican views of interesting scenes in these countries as well as pictures of the war. Mr. Drtina will also speak on the patriotic duty of the people of his race at this time.

The Zare Severu is the foremost organization of Bohemian people in America and numbers among its members some of the most prominent men of that race. Mr. Drtina has gained a considerable reputation as a speaker on patriotic subjects since the outbreak of the war and as he was once a resident of the section of which he treats in his lectures his remarks are of particular interest. An admission fee of 15 and 25 cents will be charged, the proceeds going to the Red Cross.

New Grocery Assistant.

Nels Christianson, until recently manager of the Dickinson, N. D. plant of the No-Vary people, arrived the first of the week and will hereafter be connected with the Thief River Grocery company as the assistant to Mr. Herrick. Since the death of J. H. McKinney about six weeks ago, Mr. Herrick has been covering the departments of both and while he has made a very good job of it there is more work than one man should attempt to cover. Mr. Christianson is an experienced grocery man and looked after the business here while Mr. Herrick was away on his vacation last summer, so that he is no stranger to the trade in these parts. Mrs. Christianson arrived yesterday to join her husband.

Red Lake Picnic.

The first annual picnic of the Red Lake County Farm bureau association is scheduled to be held three miles east of Brooks on the Jefferson Highway, on Monday, June 24. The people of the neighboring county are going to make this event of particular significance as they are anxious to bring the work and aims of their farm bureau to the attention of everybody in the county. People from other sections are particularly invited to be present.

SIXTY QUOTA IN CALL FOR JUNE

APPROXIMATELY THIS NUMBER REQUIRED FOR ARMY FROM PENNINGTON COUNTY.

LARGEST DRAFT OF YEAR

THOSE ENGAGED IN FARMING TO BE TAKEN ONLY WHEN NECESSARY.

Minnesota must furnish 10,000 men for the next call of registered men, and of this number Pennington county's share will be about 60. This figure is based on the proportion sent from the county under the first general call a year ago at which time the state furnished 17,778 men of which number 89 were sent by Pennington county.

Thinning Class 1.

This contingent will go to Camp Grant, Ill., and will begin entraining on June 24. The men will all be taken from Class 1 and will leave but 44 remaining in that division in this county. This number will, however, be largely increased through yesterday's registration of those who have become 21 years old during the year just passed.

Taken From the Top.

Those notified to appear will be taken in rotation as their names appear on the registration list. As it seems to be the aim to exempt the farmers as far as possible it is likely that some slight changes will be made in the following lineup, but Clerk T. P. Anderson of the registration board does not believe that many claims for exemption will be presented. He has

(Continued on page 8.)

GOV. J. A. A. BURNQUIST.
Speaker at Great Loyalty Demonstration Here Saturday Evening.

NEARLY $50,000 PAID ON LAST DAY BY TAYPAYERS

County Treasurer Theo. H. Liden received payments for taxes amounting to $48,448.22 on the last day of grace before the ten per cent penalty was added, which was on June 1. This is an increase of about $5,000 over the corresponding day a year ago, the amount at that time being $43,684.75. The total received for the June settlement was $115,500.39 as compared with $108,590.62 a year ago, an increase of about $7,000.

Mr. Liden states that the percentage of those paying up is about the same as in former years. He believes that the number paying in full for the entire year will about equal the number of delinquents so that just about one-half of the total levy will have been covered.

GOV. BURNQUIST'S VISIT WILL BE OCCASION FOR GREAT DEMONSTRATION

One of the biggest loyalty meetings thus far held in Minnesota is scheduled to take place in Thief River Falls on Saturday night. The city will be the central rallying point for the loyalists of the Northwestern corner of the state on that evening and indications are that they will be here from far and wide. Governor J. A. A. Burnquist will be the speaker of the evening and his subject will be "Loyalty"—simonpure and unadulterated Americanism.

A Great Reception.

It is planned to give the governor the greatest reception ever received by a speaker in Thief River Falls. People of all classes will turn out for this occasion as it will in a way indicate the measure of the patriotism. No matter how they may feel toward the visitor as a governor; no matter how they may regard the political party to which he belongs—he is at this time the representative of all the people of the state and their foremost exponent of the great American idea. They will therefore lay aside all other considerations and accord him a reception such as has never been witnessed before in this section.

Gov. Burnquist will arrive on the 7:40 train from Warren. He will be met at the depot by the band, home guard company, Burnquist Loyalty club and other organizations, as well as citizens by the hundreds. Visitors from the outside are expected throughout the day and these will be asked to join in the demonstration. All will form a parade at the depot and will march to the Auditorium at once as the speaker will not have a great deal of time to remain here, he being expected to leave again on the night train.

Let's Show Where We Stand.

The governor has a message for all of us. It concerns Minnesota's share in the winning of the war now raging. He has but little greater actual interest in the outcome than the rest of us. We are all in the same boat and that is why we should forget any other differences we may have, and back him up in the task before him—that of keeping the state of which he is the head 100 per cent American.

Let us lay aside everything else and turn out for this meeting in such numbers that the remainder of the state will be forced to sit up and take notice.

ELKS' PARADE WILL BE UNUSUAL EVENT

PEOPLE FROM ENTIRE SECTION EXPECTED TO JOIN PATRIOTIC DEMONSTRATION.

The greatest patriotic demonstration yet recorded for northwestern Minnesota will be staged in connection with the Flag Day exercises in this city on June 14. The Elks lodge is in direct charge of the event, the date being the time for the annual memorial celebration of that order. All proceedings will be public, however, and everyone is invited to join the members of the lodge in making the celebration the most memorable in the history of Thief River Falls. There will be a monster parade in which all secret and civic organizations are expected to take part, after which there will be patriotic exercises at the Auditorium. Judge C. W. Stanton of Bemidji, has been secured to make the address of the evening and as he enjoys the reputation of being one of the best speakers in the state he should be greeted by one of the biggest audiences ever seen in the city.

The committee in charge of the celebration has received assurances that lodge members and others will be here in large numbers from other cities and every care will be taken that these shall be properly entertained. It will be a big event and all our citizens are interested in seeing that it is made a great success.

Don't fail to attend Community Picnic, Flag Day, June 14.

BURNQUIST LOYALTY CLUB IS ORGANIZED

W. I. NOLAN IS SPEAKER AT ENTHUSIASTIC MEETING LAST EVENING.

An aggressive, enthusiastic Burnquist Loyalty club was formed last evening in the Brumund hotel parlors. The members of the organization have pledged themselves to work for the re-election of Gov. Burnquist on a platform of 100 per cent Americanism, and men of every political faith have joined hands to make this fight in order that any doubt of Minnesota's attitude at this time may be removed from the minds of people wherever they may be located.

Senator W. I. Nolan of Minneapolis was present and delivered a stirring address. He discussed the political situation and stated that there was no question of where Gov. Burnquist stood. He regarded it as very unsafe at this time to place a man at the head of the state government concerning whose loyalty there was a shadow of a doubt and asked his hearers to stand by the man who is recognized as the leader of the loyalty forces. Senator Nolan said there was no doubt in his mind concerning the renomination of Gov. Burnquist, but his majority in the primaries should be so large as to silence forever any criticism of our people.

After the perfecting of the organization a committee was appointed to look after the arrangements for the [illegible] loyalty meeting on Saturday evening at which the governor is to be the speaker.

STAMP SALE ON POPULAR PLAN

GOVERNMENT EXTENDS OPPORTUNITY FOR GOOD INVESTMENT.

READY FOR COUNTY DRIVE

PURCHASERS GIVEN OPTION OF SMALL WEEKLY OR MONTHLY PAYMENTS.

Had you been present at the Commercal club rooms on Saturday afternoon there would not now remain the slightest doubt in your mind but that the people of Pennington county are going to raise the $219,000 required of them as their share of the two billion dollars to be raised by the government through the sale of war stamps and certificates this year. County Chairman George G. Johnson had called his workers and solicitors together for the purpose of outlining the plan announced by the government for this campaign and in spite of the wet weather nearly every man showed up. And every one was an enthusiast. These same citizens carried Pennington county over the top in the Third Liberty Loan drive and again in the Red Cross campaign. They see no reason why the program should not be repeated, particularly when they have such an attractve proposition to put before the people.

Plan of Loan.

What the government wants us to do during the period commencing June 6th and ending June 13th is to pledge the amount we will purchase, to our limit, between then and the last day of December. We have the privilege of paying in installments that are most convenient to us; or, if we want to and can pay cash, taking a $100 pledge for illustration, $83.40 will pay it. The suggested plan for

(Continued on page 3.)

A Successful Picnic.

The picnic given by the Rocksbury auxiliary of the Pennington County Red Cross chapter at Walhalla school house last Sunday was the most successful affair of its kind thus far taking place in this section. There was a large crowd present, every section of the county being represented. The Thief River Falls Kid band furnished music throughout the afternoon. Supt. J. H. Hay of this city, delivered the principal address which was one of the best of the many good ones to his credit. C. L. Hansen also spoke briefly on the aims and work of the Red Cross. The speakers complimented the members of the auxiliary of their enterprise and the excellent showing thus far made and urged them to continue the good work. Ample provision had been made for the entertainment of the large crowd and every feature of the picnic was carried out successfully and with great credit to those in charge.

LARCENY CHARGED IN SEVEN COUNTS

BERTEL BACKE HELD BY MARSHALL COUNTY GRAND JURY ON $5,000 BOND.

Another chapter in the several disastrous ones that seem to have followed the career of the Farmers' State bank of Holt was written this week when the Marshall county grand jury returned seven indictments against Bertel Backe of Thief River Falls, charging grand larceny. His bond was fixed at $5,000.

According to the allegations set forth in one complaint, 13 Marshall county farmers gave their personal notes to Backe in an aggregate sum of $10,000, it being the understanding that they were to receive in exchange for the notes their equivalent in stock of a national bank being organized by Backe. It was further understood, it is alleged, that these notes were in no manner to be disposed of until the stock was delivered. It is now claimed that Backe gave the notes to the Holt Realty and Investment company, of which he was an officer, later transferring to the Maple Lake State bank, which institution is now suing for recovery.

In one indictment Backe is charged with having loaned himself $1,200 without authority from the board of directors. Another charge is that he renewed a note of $1,000 for Solem Brothers and satisfied a mortgage on the Solem building when the original note was in the hands of the Merchants' State bank of Red Lake Falls and neither turned the money over to the Red Lake bank nor carried the new note on the books of the Holt bank.

H. H. Austin, an investment broker of St. Paul seems to have been associated with Backe in these transactions, helping him put the different deals through. Austin was also indicted and is being held on $2,000 bonds.

J. M. Bishop of this city, is the attorney for Backe. The evidence in the case has mostly been adduced by G. Howard Smith, who was appointed by the state banking department to wind up the affairs of the Holt bank.

CALLS MEETING OF CITY SOLICITORS FOR SATURDAY A. M.

Chairman George G. Johnson of the Pennington County War Savings committee, requests all city solicitors to meet at the Commercial club rooms on Saturday morning at 8:30 o'clock for the purpose of receiving final instructions for the drive, which will start here on that day. The government has requested that the Liberty Loan organization be kept intact for this campaign, and this will be the aim. Mr. Johnson therefore requests all who assisted in making that drive a success continue as solicitors in the present case without further notice.

Silverton Club Picnic.

The Silverton Farmers Club will hold its annual picnic next Sunday afternoon, June 9, at the Louis Stenseth farm, two miles south of the State road. County Attorney E. M. Stanton and O. A. Naplin will be the speakers. The club has made preparations for one of the best picnics of the season and a general invitation has been extended, particularly to members of other clubs.

ENDEAVORERS WILL BE HERE IN FORCE

FORTY PASTORS AND 100 DELEGATES EXPECTED AT DISTRICT CONVENTION.

The annual meeting of the Christian Endeavor society of the Methodist church for the Fergus Falls district will be held in Thief River Falls from June 19 to June 23 inclusive. A program of more than usual interest has been arranged for the occasion and delegates are expected from every city and village in the district. There will be in the neighborhood of 100 delegates to the convention proper while about 40 pastors of the church will meet here at the same time in a general convention.

On Wednesday evening there will be an address by Dr. Charles Wesley Burns, DD., LLD., pastor of the Henepin avenue church, Minneapolis. Dr. Burns is one of the foremost Methodist divines in the country and a speaker of great power. On Sunday, June 23, President Kerfoot of Hamline academy, will be the speaker.

An unusual feature of this meeting will be the appearance of "Bart," the famous cartoonist of the Minneapolis Journal, who will lecture on "The Modernization of the Cartoon." He will also give an exhibition of cartoon drawing while you wait.

The local committee in charge announces that the entertainment will be on the Harvard plan, lodging and breakfast furnished. A canvass of the city is being made for places of entertainment for the guests and our people are asked to open their homes to these delegates, who will come from every section of northern Minnesota.

The War Savings Record.

Minnesota Progress, the offjical bulletin of the War Savings committee in this state, under the date of May 25, gives the total amount of stamps and certificates purchased up to that time as $5,201,942.12. Among the counties of northwestern Minnesota, Pennington stands right up close to the head, if it does not stand actually in the lead in per capita subscriptions. The record to date for the nine counties in this neighborhood is as follows:

Beltrami	$22,330.00
Clearwater	5,417.88
Mahnomen	3,227.06
Marshall	20,712.49
Norman	23,196.09
Pennington	27,619.38
Polk	35,867.45
Red Lake	19,941.67
Roseau	6,560.70

SPECIAL SERVICE IS OFFERED FOR FOUR

WILL BE SENT TO UNIVERSITY FOR TRAINING IN AERO MECHANICS.

County Auditor T. P. Anderson was yesterday notified that Pennington county is expected to send four men for army service for the purpose of filling two calls. These calls are numbered 599 and 600 and the first requests that three men be sent. Applicants must have grammar school education in order to be available for duty under the provisions of either call, but the purpose for which they enlist will be somewhat different. Three men are wanted under the first call for training in blacksmithing, bench wood-working, electricity and carpentering. But one man will be required from Pennington county under Call No. 600 and he will be given instructions in automobile mechanics, radio operation, machinery and blacksmithing. All will go to the University of Minnesota for training.

The applications of registrants will be accepted providing these are in the hands of the local board before the evening of June 7, otherwise the lists will be closed to Class 1 men.

This presents a highly desirable class of service and there should be many applicants!

PICNIC PROGRAM FRIDAY, JUNE 14

WILL BE HELD ON RIVER NEAR NEW HIGHLANDING BRIDGE.

JUDGE WILSON TO SPEAK

PEOPLE OF ENTIRE COUNTY WILL POSTPONE BUSINESS AND ATTEND.

The Pennington County Community Picnic will be held on Flag Day, June 14, 1918 on the S. L. Holm farm, one-half mile southwest of the new Highlanding bridge. The beautiful grove in which the picnic will be held is on the bank of Red Lake river where fishing, boating and swimming are always good. It is planned to have everything in full swing by eight o'clock in the morning so that all may come and spend the day. The Red Cross will serve hot coffee, soft drinks, ice cream, fruit, cigars, chewing gum, candy, etc., all day. The society will also have several row boats to rent out at a nominal figure, as well as two motor launches which will make regular trips up and down the river. Experienced operators will be at the helm of both of these boats.

Transportation Arrangements.

Arrangements have been made for auto busses between Goodridge and the picnic grounds. These busses will meet the electric car at Goodridge both morning and afternoon and will make the return trip in time to catch the evening train back. The Goodridge Community Club, which has this entertainment in charge, assures us that there will be plenty of cars. Twenty autos are now available for this service. A uniform charge of one dollar for the round trip has been agreed upon by all drivers.

The amusements will be in full swing all day, and are planned so that all may have a good time.

The Special Features.

Miss M. Lucille Holliday of Crookston, will be present to render vocal solos, and lead the local chorus of five hundred voices in community singing. Her work is full of life and snap. Her old time songs always make a hit and since coming to Crookston she has been booked for many return engagements. Miss Holliday has a voice especially adapted to outdoor and chorus work. She is one of the leading artists in this country along her line. Her solo from down the river will be a treat only to be equalled on a larger body of water.

Judge Wilson Speaker.

Judge F. T. Wilson of Stillwater, at present a member of the United States Food administration, will be the speaker of the day. Judge Wilson is one of the leading orators of the state. He is a booster of community spirit and community ideals. His connection at this time with the food administration will make his talk all the more interesting and instructive. Being the first representative of the U. S. Food Administration to give a talk in this section it is certain that he will give a good rousing patriotic address, full of facts and figures of interest to all. Those who have heard Judge Wilson will not need a second invitation, for he meets the approval and wins the respect and support of all who hear him.

Two Bands Present.

It is planned to have the Goodridge and Silverton bands present to furnish music throughout the day. The following will be the program for the day:

8 to 10 A. M.—Assembly.
10 A. M.—Music by Band.
10:30 A. M.—"Swat the Kaiser."
11:00 A. M.—Racing Program.
11:30 to 1:00 P. M.—Picnic Dinner, (Get your hot coffee at the Red Cross Stand.)
1:00 P. M.—Music by Band.
1:15 P. M. Solo—Miss M. Lucille Holliday, Crookston. Community singing led by Miss Holliday.
2:00 P. M. Address—Judge F. T. Wilson, Stillwater.
3:30 P. M.—Ball Game, Goodridge vs. Thief River Falls.
4:30 P. M.—Racing Program.
5:00 P. M.—"Swat the Kaiser Again," before leaving.
5:30 P. M. Solo—Miss Holliday.

Will Run Special.

The Minnesota Northwestern will run a special car, leaving Thief River Falls at 10:30 a. m. Returning leave Goodridge [illegible] o'clock.

Employment Bulletins.

The Farm Service bureau has placed an employment bulletin in front of the Auditorium for the purpose of announcing to those interested where they may find hired help and also to give the addresses of those needing help. There are a number of applicants of both kinds already registered and County Agent White believes that this means of advertising will be made general use of before the summer is over. If those who are looking for work will address Mr. White he will post their application, and the same holds good for those who are seeking laborers.

More Help For Red Cross.

Miss Ella Engen, teacher at the North Star school in District No. 26, reports that the proceeds of the pound social held in the school house there on May 30 totalled $29.10, which sum has been turned over to the Red Cross.

MEMBER ORGANIZED 1867

The midsummer meeting of the Red River Valley Development association will be held at Warren on June 20 and 21. This will in many ways be the most important gathering ever held by the organization. The matter of larger and better crops will be given a proper share of attention but it is likely that the problem of increasing the live stock supply in the valley will be the topic of greatest interest. There will be a number of speakers from Minnesota and nearby states present and it is announced that two prominent Canadians will also be on hand. These are Hon. Duncan Marshall, minister of agriculture for the province of Alberta, and Hon. J. D. McGregor of Brandon, the latter one of the foremost cattle authorities in the West. The people of Warren are already looking after the entertainment features for the meeting and these will be in accordance with the general importance of the event. There should be a large delegation from Pennington county in attendance as no district is more interested in the subjects that are sure to come up for discussion.

It is hoped that Governor Burnquist will be greeted by a packed house when he speaks in Thief River Falls on Saturday night. He has been chosen by the people as the head of a great state and as such is entitled to both honor and respect. At this particular time Gov. Burnquist conveys a message that every true American should hear, no matter how they may view their chief executive from a standpoint of politics or of achievement or personality. He is making some ringing patriotic addresses throughout the state and this city should feel honored in being among those selected as a point for holding one of these rallies. The governor has had the good sense and taste to eschew political discussions at these gatherings and devotes his entire time to speaking to the people who have honored him on the one subject which should at this time be uppermost in the mind of every true American. Everybody is invited to this meeting and from present indications the seating capacity of the Auditorium is going to be taxed to accomodate the crowd.

The people of the Eighth Congressonal district have evidently made up their minds that this is no time to send an untried man to congress and will stand for no opposition to Representative Clarence B. Miller. The Duluth congressman has been a strong supporter of the administration's war policy throughout and has not permitted his political views to stand in the way of performing his first duty as a citizen. There are others in the Minnesota delegation who should be similarly honored by their constituents and among them is Congressman Steenerson of the Ninth. As there is now no way of keeping the name of an aspirant for the position off the ballot however, it is simply up to the people to make his re-election as near unanimous as possible. This country is going to need men like Steenerson and Miller in congress for some time to come and this is as good an opportunity as any to indicate to those ambitious to succeed them that there is positively nothing doing in that line.

It is none too early to begin figuring on that exhibit for the county fair. Every person who is engaged in growing a crop of any kind or in the raising of farm animals should take particular pains with some specimen and make it a prize-winner. If it is among the best of its kind at the big show during the first week in August the owner will be presented with a sheaf of Savings Stamps as a premium. We can't have a flying machine as Uncle Sam needs all the birdmen in the country to help him put the finishing touches on the kaiser's ambitions. There are a great many things we can have, however, and among them are the best dairy show and farm crop exhibit to be seen in northwestern Minnesota this year. Let's all begin now to make our fair a humdinger.

The people of Thief River Falls have reason to feel some proud of their high school. Not only does it stand high among similar institutions of the state in every department of learning but it has a larger number of graduates than any other school in the state outside the three largest cities. Seventy-eight young men and women received their diplomas at the commencement here as against the following record for some of our neighbors: Crookston, 66; Bemidji, 28; Fergus Falls, 68; Brainerd, 62. While the figures are not available, The Times feels safe in making the statement that there are more former students of the Thief River high school in the army and navy of the United States than can be boasted by any other high school in the state, Minneapolis, St. Paul and Duluth excepted.

The cut worm threatens to do much damage to crops in northwestern Minnesota, particularly to gardens. The Times has therefore requested the agricultural experts in the city, County Agent R. P. White and High School Instructor F. G. Wells, to give their remedy for combatting the pest. Their articles on the subject will be found in another column and should be read by every farmer and gardener in the neighborhood. Cut worms can do an enormous amount of damage in a very short time and well advanced garden enterprises are often brought to naught through the ravages of the insect. Following the instructions laid down in either of the articles referred to will save your crop if the work is gone at in time.

Itasca county, with a taxable valuation of about $27,000,000 and a population of more than 20,000 is asked to raise $225,000 through war stamp pledges for the year. Marshall county with its 16,000 population gets by with $260,000. Pennington county's taxable valuation is about $5,000,000 and the population is 10,000 or so. Our quota of war securities, however, is $219,000. Thanks for the compliment.

We Are Now At Your Service

WITH THE MOST COMPLETE LINE OF BUILDING MATERIAL EVER SEEN IN NORTHWESTERN MINNESOTA. LUMBER, LATH, SHINGLES, CEMENT, BRICK, PLASTER—IN FACT EVERYTHING THAT GOES INTO THE CONSTRUCTION OF A BUILDING OF ANY KIND.

In Days of Yore

Items of Interest Reprinted From Files of the News and Press of 10 and 20 Years Ago

Twenty Years Ago.

The Central school closed the season with a picnic in Abbott's grove on Friday. The total enrollment for the year was 255; number entitled to apportionment, 218; average attendance of each pupil, 111, average daily attendance, 159. O. R. Harper was the superintendent. Herbert Fuller, who was the teacher at the Knox school, reported an enrollment of 154; average attendance, 97; average number of days each pupil attended, 115.

The Populist county convention in session at Red Lake Falls nominated the following county ticket: Auditor, Adam Zeh; attorney, Van R. Brown; register of deeds, Samuel Gibeau; clerk of court, Joseph Perault; treasurer, O. T. Tandberg; sheriff, Henry Nordlund; superintendent of schools, Frank Jeffers; judge of probate, J. D. Knight; coroner, Joe Belaire; court commissioner, J. C. Mathews; surveyor, P. O. Haglund; commissioner First district, O. Larson; Third district, A. A. Wassen; Fifth district, left open.

The settlers on the Red Lake Indian reservation were granted the privilege of commuting by the payment of $1.25 per acre for their holdings after a residence of 14 months. There were 2,002 settlers residing on the lands thrown open to filing.

Four carloads of car wheels arrived in this city for transshipment to the agency where they were to be used in equipping the rolling stock for the new road being built by Halvorsen, Richardson & Co. The wheels were taken up the river on the Alice M.

Emil Zeh fell off a ladder while practicing for the firemen's tournament and sprained his ankle.

O. R. Harper, principal at the high school during the past term, departed for Minneapolis, where he expected to remain.

W. I. McCrum and Henry Bye left for their claims near Langor, where they expected to remain during the summer.

Mrs. I. C. Richardson was enjoying a visit from her sister, Miss Ella Evans of Elgin, Minn.

Peter Eberhart came down from the reservation after repairs for the machinery of the tow boat.

Phil Zeh, C. L. Dobner, Levi Stranahan, S. T. Johnson and H. E. Mussey were appointed a committee to look after the arrangements for a Fourth of July celebration.

Ten Years Ago.

Thief River Falls and McIntosh split even on a double header base ball game.

The announcement was made of the approaching marriage of Attorney Wilhelm Michelet to Miss Anna Mellbe of Black River Falls, Wis. The wedding day was set for June 17 at the home of the bride. The newlyweds had arranged to go to housekeeping in the Zeh residence on Riverside drive after their return from the wedding trip.

F. J. Stebbins expected his Haines touring car to arrive in a few days.

Rev. Neil A. Gilchrist was installed as pastor of the Presbyterian church.

Gunder Lee was awarded the street sprinkling contract, the compensation being placed at $3 per day.

The Crookston land office reported 29 homestead entries, 51 final proofs and 31 commuted proofs for the month of May.

Attorney Gay Halverson was the Memorial Day speaker.

Sixty-two bankers attended the meeting of the Ninth district association held in the city during the week.

LIBERTY OF WORLD OUR NATIONAL AIM

REV. I. T. AASTAD PRAISES SPIRIT WITH WHICH AMERICA FACES ISSUE.

Rain on Memorial Day prevented the carrying out of the complete program announced for the commemoration of the anniversary, but it did not prevent a large audience from gathering at the Auditorium to witness the exercises arranged. G. Howard Smith acted as chairman, the invocation was pronounced by Rev. R. L. Barackman and Lincoln's Gettysburg speech was read by F. H. Baker. Capt. W. B. Fuller spoke briefly on the lessons to be learned from the Spanish-American war.

Rev. I. T. Aastad of the Norwegian Lutheran church, was the principal speaker. The main idea held to thruout his short but excellent discourse was that the United States has never entered a war except in the cause of human liberty. This was the issue during the war of the rebellion, in the civil war and again in the conflict with Spain. In the present conflict the country is more than ever committed to the principle that the earth was intended by the Creator as a habitation for freemen and we are spending our wealth and giving our young men in order to impress this fact upon the minds of the people of the most ruthless military autocracy the world has ever known. The speaker recounted the repeated affronts to our national pride and crimes against humanity submitted to before we finally entered the conflict. He touched upon the history of Germany during the past half century to prove that the rulers of that nation are power-mad and called Bismarck the greatest scoundrel of modern times. Rev. Aastad closed his remarks with an eloquent plea for greater unity of purpose and for a willingness to undergo any sacrifice that we may be called upon to make in order that this war may end victoriously for the exponets of free victoriously for the exponents of free

The parade to the cemetery was abandoned but Company C made the journey and fired a salute over the graves of the soldiers buried there.

PROVIDE SOLDIERS WITH THE BALLOT

HOME FOLKS SHOULD AID AUTHORITIES IN THIS MATTER.

Relatives and friends of the Pennington county soldiers and sailors now in camps or navy yards can do the boys a service by seeing to it that they are supplied with applications for ballots. A supply of these applications are now to be had at the office of County Auditor T. P. Anderson, who has already received requests from the boys direct for a number of them. The men in the service will have the right to vote but can only secure the ballot by having it sent direct and on a formal application. The voting privileges was granted by an order of the Public Safety commission and a large amount of expense and trouble has been incurred. Citizens are asked to cooperate. It is a duty which the boys in camp appreciate.

Notice to the Public.

Beginning with last Monday, June 3rd, we will close our millinery store at 6:30 every evening with the exception of Saturday evenings until further notice.

j6-2t. Johnson's Millinery Store.

M'ADOO EXPECTS MUCH OF STATE

CERTAIN THAT REPUTATION WILL BE MAINTAINED IN STAMP DRIVE.

[illegible]OUD OF SHOWING MADE

[illegible]NNESOTA IS ONE OF TOP-NOTCHERS IN ALL WAR ACTIVITIES.

Urging Minnesota citizens to get behind pledge week for the purchase of War Savings Stamps, that opens June 6th, Secretary McAdoo today, in a letter to State Director Donald S. Culver, gave definite reasons why the Minnesota campaign is so important. Secretary McAdoo pointed out the necessity of this state raising its quota of $47,000,000 and expressed confidence that, like the Third Liberty Loan, Minnesota would rate among the very highest States in the amount of Stamps to be purchased.

Total is $47,000,000.

"It is essential that the American people economize and save in order to make available to their Government the money indispensably needed *for the war and to release* supplies and labor required for the production of things necessary for our own military forces and for the military forces of the nations associated [illegible] us," he wrote. "One of the best [illegible] of bringing about this re[illegible] is for everyone to pledge him[illegible] to economize and save and to purchase, at definite periods, a specific amount of War Savings Stamps, thus giving concrete evidence of his support of the practice of War Savings.

"To achieve this object," continues Mr. McAdoo, "there will be conducted in Minnesota, under the direction of the Treasury Department, a campaign for pledges, culminating on June 14th, when loyal citizens thruout Minnesota will be asked to commit themselves to this program.

Greater Sacrifices Demanded.

"The progress of the war demands constant and increasing sacrifices. We are sending our young manhood to represent us on foreign battlefields, where they are called upon to sacrifice not only their personal comforts and material interests, but their lives as well. It is appropriate, therefore, for Minnesota people who are privileged to remain in safety and comfort at home to consider their sacred obligation to support our gallant men and to pledge themselves earnestly to save and economize in order that our soldiers and sailors may have the food and clothing and the arms and ammunition without which they cannot fight.

Asks Co-operation.

"To the end that this intensive campaign may be most effective, I earnestly bespeak the co-operation of all organizations and institutions of your State which, through their influence and active support, can further this work. It is desirable that the attention of the entire people be centered on their obligation to pledge the Government this kind of support for the winning of the war.

"With adequate preparation I am sure the people of the state will be glad to participate and to pledge themselves to become war savers, thereby giving concrete evidence of their devotion to their country's welfare and of their inflexible purpose to fight until a triumphant victory for liberty is secured."

Returned Goods.

Goods for any reason refused by the consignee at the point of destination are very often spoiled before they can be returned to the shipper and the wholesale grocers of this district have issued a circular requesting all their patrons to send notice of any goods that may be received in unsatisfactory condition in order that some plan may be made for their disposal at once rather than run the risk of total spoilage by being again transferred. This would save food and help the railroads in keeping their tracks clear for other products.

FAMOUS CANADIANS AT STOCK MEETING

MANITOBANS TO BE AMONG SPEAKERS AT WARREN ON JUNE 20-21.

Duncan Marshall, minister of agriculture of Alberta, Canada, has wired he will be present at the summer meeting of the Red River Valley Development association which will be held at Warren on June 20 and 21. Hon. J. D. McGregor, Brandon, Manitoba, member of food administration of Canada, is also expected to come and speak on livestock problems. Mr. McGregor raised the steer which won the championship at the International *Livestock Show at Chicago* two years in succession. He is the promotor and organizer of the Brandon winter stock show. In addition to these men, Dr. C. W. Gay and Prof. W. A. McKerrow will be present on June 20 when the Red River Valley Livestock Breeders will meet. Plans are being made which will make the two days' session at Warren on the 20 and 21 of June stand out in the history of northwestern Minnesota.

SAVING IS EASY BY NEW PLAN

(Continued from page 1.)

paying up on a $100 pledge in installments is as follows:

June 15	$12.51
July 15	12.54
Aug. 15	12.57
Sept. 15	12.60
Oct. 15	8.42
Oct. 30	8.42
Nov. 15	8.44
Nov. 30	8.44
	$83.94

Use Own System.

This plan may be altered in any manner that suits the purchaser. If it is more convenient to pay a small sum each week, that is your privilege. All that is asked is that you take up your allotment before the first of January, next. In many instances the system employed will no doubt be to buy thrift stamps every day and then convert these into certificates when enough have been secured. In this way the sum paid out each time would hardly be felt and the result would be every bit as acceptable as far as the government is concerned.

Better Than Bonds.

These Savings Certificates are the most popular indebtedness pledges yet issued. The rate of interest is 4¼ per cent, compounded quarterly. This is equivalent to practically five per cent on the investment which is exceptional when the character of the security is taken into consideration. The redemption clause of these certificates is another thing greatly in their favor. You can get your money (if you must have it) by giving ten days notice at any postoffice. You do not lose the interest in such case, this being computed up to the time that your investment is withdrawn.

Now-All Together.

Pennington county led the procession in the Third Liberty Loan, being the first to report itself as having gone over the top. In the Red Cross drive we did all that was expected of us—and then some. We are certainly not going to fall down on this last proposition, particularly when it easily presents the best business opportunity yet held out. Most any of us can manage to raise $50 or $100 between now and the first of the year when given the privilege of doing so a quarter at a time. You will be surprised to find with what ease these payments have been met once you get into the habit of saving out a certain sum for them. Sign up for all you are able to carry. You will be mighty glad you did so before very long. In the meantime, if you get pinched you always know where there is a little nest egg to fall back on—but you will use it only when such course is absolutely necessary. Secure a $100 book and watch the little certificates multiply. You will be surprised to find how soon you will be in possession of $100 you never knew you had.

Use Same Organization.

The government has requested that the Liberty Loan organization be again employed wherever this is possible. Chairman Johnson has therefore reappointed all those who made such a success of that drive, with the exception of one or two who find themselves unable at this time to give their attention to the matter. The chairmen are as follows:

W. B. Fuller, First district—Townships of North, Numedal, Norden, Silverton, north half of Smiley and north half of Rocksbury.

K. O. Gigstad, Second district—Village of St. Hilaire, southwest Rocksbury, south half of Sanders, Bray, Polk Center, Black River, west half of River Falls.

Paul Borgie, Third district—Southeast Rocksbury, south half Sanders, east half River Falls, Wyandotte, Mayfield, Deer Park and Hickory.

T. H. Smith, Fourth district—Townships of Cloverleaf and Kratka.

J. P. Jenson, Fifth district—Township and village of Goodridge, townships of Star, Reiner and Highlanding.

SEND MORE NURSES IS RED CROSS CRY

NORTHERN DIVISION MUST PROVIDE 900 BY THE FIRST OF JULY.

Mention was made in these columns last week of a call for 900 nurses from the Northern Division by the American Red Cross. Since that time Secretary Laird has received a second call and still more urgent than the other.

This section of the work has been turned over to Dr. O. F. Mellby, who would like to hear at once from all the nurses in Pennington county, so that a complete list may be maintained at all times of available material to help win the war.

The appeal as received reads as follows:

Must Have More Nurses.

The demands from the front are increasing daily. Thousands of our boys are going "over there" each week and it is the duty of the Red Cross to leave nothing undone that will bring them back to us.

The lives of your sons depend on it. We have the best medical service in the world, but without an adequate number of trained nurses it cannot do its work.

The boys go "over the top" with twice the fire if they know that back *of the lines there are hospitals and* nurses to care for them if they fall.

Nine hundred nurses must come from the Northern Division before July 1. This will mean sacrifice on your part, as well as theirs. You must do without nursing care in order that your wounded boy may have it.

RINES MADE GOOD RECORD IN OFFICE

MANY IMPORTANT REFORMS INAUGURATED UNDER HIS ADMINISTRATION.

Interest received upon state funds in the hands of Henry Rines, state treasurer, for the year ending May 1, 1918, amounts to $170,721.95, an increase of $60,259.78 over the previous year. Some of this increase is due to an increase in funds, but the greater portion is due to larger deposits having been kept in the inactive banks which pay three per cent interest as against two per cent in the active or checking account banks.

It is the policy of Mr. Rines to keep as much of the state's funds as possible in the inactive accounts, which has resulted in a large increase in the state's interest account. Included in the interest collections for the past year is $3,567.94 received as interest from daily deposits of departmental funds. Previous to May 1, 1917, these funds were deposited monthly and the state received no interest for collections made during the month. The law directing daily payments of these collections was passed by the 1917 legislature at the suggestion of State Treasurer Henry Rines.

Since assuming office he has instituted a number of reforms in the treasury department in the interest of economy and greater efficiency. Mr. Rines is serving his first term and is a candidate for re-election.

MUCH DAMAGE BY CUTWORMS

PESTS INFECTING FIELDS AND GARDENS OF NORTHWEST.

Reports of damage by cutworms are coming in from nearly every section of the northwest. The loss from the ravages of these insects will be considerable unless great care is taken to eradicate them. Garden truck has already suffered in some localities and will be entirely depleted if the work of the worm is not checked. Realizing this The Times has requested County Agent Ross P. White and Agricultural Instructor F. G. Wells to give readers of the paper the benefit of their knowledge concerning the best method of putting the pest out of business and they have submitted the following:

(By Ross P. White.)

To the farmer as well as to the small gardener in town come many perplexing problems among which one of the worst at this season of the year is the cut-worm, which is especially destructive and noticeable among the garden crops. It is not hard to locate the cause of the damage even though the cut worm does his feeding at night, and during the day burroughs into the ground to a depth of one-half to one inch.

Whenever a cabbage, cauliflower, or tomato plant is found wholly or practically cut off, just at the surface of the ground you will frequently find the cause of the damage within a short distance of the plant buried in the ground.

This spring many farmers and a large number of the local gardeners have reported serious damage from this pest. The reports show that the worm is not a respector of crops, as it has taken onions, cabbage, cauliflower, tomatoes, beans, peas, begonia, corn and a large number of other crops. Cultivation which brings the worms to the surface where the birds may prey upon them is a very effective means of combatting this insect. Where the damage is serious the worm may be combatted by using poisoned bran mash. It is simply a mixture of paris green, bran and sweetened water, prepared as follows: Where a large amount is needed, mix thoroughly one-half pound of paris green with twenty-five pounds of dry bran. Then mix one quart of cheap molasses with
vation or a couple of rains there is
two gallons of water. The water may be sweetened with syrup or sugar in place of molasses if the latter is not at hand. Moisten the poisoned bran with the sweetened water. Add only enough water to moisten the bran, but not enough to make it sloppy. If only a small quantity is needed for the back yard garden mix one teaspoonful of paris green with a quart of dry bran, and then moisten with the sweetened water as directed above. It is not necessary to measure the paris green accurately; simply use enough to give a light green color to the mixture. Then moisten as stated above. This mixture is then sprinkled over the surface of the ground in small chunks about half the size of a walnut, among the plants which have been attacked. If this is done just before the plants come up or before they are set out it will be a still more effective way of combating the cut worms as they will more readily feed upon the bran mash.

It must be remembered that you are using a poison and therefore all poultry should be kept away from the garden. After a thorough cultiusually no danger of the poultry getting poisoned.

Where protection is wanted for a few plants like tomatoes or cabbage, a very simple means is to place a collar around each plant. This can be done by taking the bottom out of tin cans and placing them around each plant, or heavy paper collars may be made for this purpose. These protectors should extend into the ground one-half to one inch and above the ground two or three inches. In using paper, care should be taken to have it heavy enough to stand up when it rains.

(By F. G. Wells.)

June—the most important garden month of the season. The success or failure of your garden depends in a large measure upon its management and care during this month. Weeds must be vigorously kept in check. Cut worms and other insects guarded against and watched; the ground continually stirred and plants kept at a steady healthy growth. The weather has been exceptionally favorable so far for the garden—and for the cut worms too. These pests of the soil are especially numerous. They may be guarded against in the small gardens by placing a collar of tin or pasteboard about each tomato, cabbage or other hill plant, being careful that no worm is fenced in. The collar should extend about an inch or so into the soil; it need not be high above the ground.

On a larger scale, poisoning with the following mixture is said by the State Experiment Station to be very effective: Take ten pounds of bran, one pound of white arsenic, and one quart of cheap molasses. Mix together and add water enough to make it just hold together. This mixture should be scattered near the infested plants about sundown.

Protect tomato, cabbage or other plants to be set out, from the sun and wind for a few days, by placing shingles or other suitable structures about them.

If you find your currant or gooseberry bushes to be infested with plant lice, ask the High School Department of Agriculture to assist you to spray them.

"I stand for more than loyalty—I stand for patriotism and the upbuilding of American standards."

"The executive department of the state owes to the people the establishment of a definately constructive, formative and progressive policy without wavering or uncertainty."

Judge Willard L.
COMSTOCK
Democratic Candidate for
Governor of Minnesota
(Primaries June 17)

Now District Court Judge at Mankato; 12 years on bench as Special and Municipal Judge; one term in Minnesota Legislature.

Born in Mankato in 1861—Farmer and School Teacher for 6 years; on Mankato School Board 6 years; served 10 years in National Guard, attained rank Captain Co. F, M. N. G., (his only son is now a Lieutenant in U. S. National Army); president National Safety League of Mankato, and engaged in various forms of Public Service for 40 years.

On account of his wide range of experience (as stated above) John Lind said of him:

"I have known Judge Comstock a long, long time. I knew him as student-teacher-lawyer-legislator-judge; all the while a student of political economy and social questions—a great citizen. I assure you that if we make him governor, he will be the biggest governor the state of Minnesota will have had in a quarter of a century."

Judge Comstock's candidacy is due to a demand from all over Minnesota to find the man for the job—not a job for the man. Mankato vouches for Judge Comstock as true and tried—a man of the plain people—he has made good in every way—66 years a neighbor and friend, Mankato will feel honored to see her native son of Minnesota as Governor of the State.

What Judge COMSTOCK stands for—
Maintenance of organized and vigorous support to National Administration during the War.
Liberal program of advancing Public Education, notwithstanding the War.
New State Department of Agriculture to improve lands within Minnesota and promote settlement.
A plan for use of state credit harmonizing with the Federal Farm Loan Policy.
Tax Law revision so that all propery, invisible as well as visible, shall bear its just share.
Prudent extension of State high ways and better roads.
Rigid enforcement of State's Liquor Laws.
Active co-operation with the National Labor Department, and grateful appreciation of the patriotic attitude of labor at this crisis, when a peaceful solution of labor problems may mean the life and success of our Soldier Sons in Europe.

Judge COMSTOCK'S own words.
"The first duty of democracy above all other things is to win the war and win it well."
"There must not be the slightest question. Popular government means equal protection under the law for the weak as well as the strong."
"While our boys carry the flag in the cause of democracy and humanity, it is our duty—yes, it shall be our pleasure to make every sacrifice, limited only by the exhaustion of our resources."
"Woman's war work wins the right of suffrage."
"Minnesota has recently been unjustly accused and unfairly prejudiced before the nation; the task is ours to demonstrate that Minnesota is not only loyal but patriotic; loyalty may be compelled by law; patriotism lies only in the hearts of men who are truly American."

DE LAVAL CREAM SEPARATOR

Users of De Laval Cream Separators have carried away every first prize awarded at conventions of the National Creamery Buttermakers' Association during the last twenty-five years. The record is unbroken.

That ought to be proof enough that cream separated by the De Laval is superior to any other.

The reason is that De Laval bowl design, together with low speed, enable the delivery of butter-fat globules unbroken in their natural condition.

The NEW De Laval is the "blue-ribbon" separator.

You can buy a NEW De Laval from us on liberal terms. Come in and look it over and see how the Bell Speed-Indicator works.

Carl Loen visited in Goodridge last Thursday. He returned to this city Friday by auto.

Miss Blanche Chittick and Miss Gladys Anderson visited with friends at Fosston last Thursday.

Bert Walker, who has a barber shop in Goodridge, visited at his home in this city the latter part of last week.

PAID ADVERTISEMENT. Inserted by Wilhelm Michelet of Thief River Falls, Minn., candidate for Probate Judge, on his own behalf and to be paid for by him. The amount to be paid therefor is 30c per inch.

WILHELM MICHELET
Judge of Probate
Candidate for Re-election

Wilhelm Michelet, Thief River Falls, Minn.

Miss Evangeline Cousins and Victor McLeod, of Goodridge, were guests at the home of Miss Myrtle Blaire the latter part of last week.

Mr. and Mrs. T. P. Anderson and children went to Badger last Thursday on a visit to friends and former neighbors. They returned Saturday.

Mrs. Inga Berg returned the latter part of last week from Moorhead, where she visited her daughter, Miss Myrtle Berg, who is attending the state normal school.

Miss Angaline Richardson arrived in this city the latter part of last week from Argyle and visited for a few days' at the Thos. Smith home in Mavie. Miss Richardson left Saturday morning for her home in Roseau.

Miss Laura Paine, who has been teaching in one of the public schools in Bemidji during the past nine months, arrived in this city the latter part of last week and will spend the summer here at the home of her sister, Mrs. Geo. Curran.

For Congress

I am a candidate for the Republican Nomination for Representative in Congress from the Ninth Minnesota District.

I believe I understand the hearts of the people in this District, and know how they feel upon public questions and what they want done at Washington.

I believe I can demonstrate that I am in full accord with the ideas and ideals of the people of this District, and feel that I can creditably represent them at the National Congress.

The people are demanding honest government. They demand an end to all waste, graft, and favoritism. They demand fair markets and right conditions for the producers. There must be no plundering or price gouging.

These are my principles, and to these ends I will give All my Energy and Ability.

I am endorsed by the Nonpartisan League and a member of the Brotherhood of Locomotive Engineers.

Very Respectfully,
FRANK M. BARTON.

(Political advertisement inserted in his own behalf by Frank M. Barton, Mahnomen, Minn, candidate for Representative in Congress from the Ninth District. Amount to be paid, 30c per inch.)

SWIFT & COMPANY U.S.A.

Bridging the Gap From Steer to Steak

Live stock is raised on the farms and ranches of the West.

Meat is eaten in the large cities of the East, and by our boys in France — thousands of miles away.

The day of transporting live animals from ranch to seaboard and overseas has passed. There was too much waste. The modern packer locates his large and specialized plants in the producing regions. He ships the dressed beef in refrigerator cars, and holds it in his own refrigerated branch warehouses until delivered to the retailer. For shipment to foreign ports, he transfers the meat to refrigerated ships.

By means of his nation-wide organization the modern packer maintains a continuous flow of meats to all parts of the country, so that each retailer gets just the quantity and quality of meat his trade demands, and at the time he wants it.

Swift & Company recently shipped 1,000 carloads of meat products in one week to our Armies and to the Allies.

Bridging the gap from ranch to consumer can be done successfully—and at low unit costs and profits—only by large business organizations.

Swift & Company's profit on meat, always so small as to have practically no effect on prices, is now limited by the Government to about 2 cents on each dollar of sales.

Year Book of interesting and instructive facts sent on request.

Miss Olive Moss, who has been teaching during the past nine months in Brooks, visited in this city the latter part of last week at the home of Mrs. J. W. McGinnity. Miss Moss left last Saturday afternoon for her home in Lockhart where she will spend the summer.

TO THE VOTERS OF PENNINGTON COUNTY:

I hereby announce my candidacy for the office of Register of Deeds for Pennington County. My motto is fair and equal treatment for all. Your support at the polls will be appreciated.

m-9-tf. N. J. ANDERSON.

POLITICAL ANNOUNCEMENT.
For County Commissioner.

Inserted by Hans Anton, candidate for county commissioner, in his own behalf. Amount paid, 30 cents per inch.

Having filed as a candidate for county commissioner in District No. 3, I solicit the votes of the citizens of that section. I have been a resident of Pennington county for many years and believe that I understand its needs and those of the people of the Third district. If elected I promise to give the office the very best attention of which I am capable.

Yours truly,
HANS ANTON.

"Corn-Less Day" for Feet, Every Day

Use "Gets-It," the Great Corn Discovery! Makes Corns Peel Right Off!

Look at the illustration below. See the two fingers peeling off a corn as though it were a banana peel! And the man is smiling while he's doing it! All done painlessly, joyfully. The moment "Gets-It"

"Gets-It," the Only Genuine, Thorough Corn-Peeler Ever Discovered. Demand "Gets-It."

touches a corn or callus the growth is doomed. It takes but two seconds to apply "Gets-It." The corn-pain is eased at once. You can sit at your desk or walk about, dance, think, love and work with absolute ease. You can apply "Gets-It" conveniently almost anywhere where you can take your shoe and stocking off for a moment or two. "Gets-It" dries at once; then put your shoe and stocking on again. There's no further excuse for suffering from corns and corn-pains.

"Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill. Sold in Thief River Falls and recommended as the world's best corn remedy by J. P. Curtis, Lambert's Drug Store and F. J. Stebbins.

Eat Jung's Victory Bread. It conforms with the Food Administration Regulations. Guaranteed to contain 25% wheat flour substitutes.—j6.

Dr. Tillie Kolberg arrived here last Saturday evening from Bottineau, N. D., and has formed a partnership with Dr. Jennie Eastman, chiropractor in this city.

Mrs. A. L. Carlson left last Saturday afternoon for Crookston where Mr. Carlson is employed in thot Great Northern freight depot. Mr. and Mrs. Carlson will live in thtat city.

Mr. and Mrs. A. Morey arrived here Sunday from their home in Halma for a brief visit with friends. They left Monday afternoon for Fargo, N. D., to visit for a brief time.

C. O. Sundling, of Fergus Falls, returned to his home last Saturday evening after a two weeks' visit in this city at the home of Mr. and Mrs. A. Klovstad. Mrs. Sundling and baby who have also been here for two weeks will remain here until the latter part of this week.

Miss Olga Furr returned the latter part of last week from Fargo, N. D., where she visited for a few days with friends.

Miss Rosetta Loberg returned to her home in St. Hilaire last Saturday afternoon after a two days' visit in this city at the home of Miss Genevieve Erickson.

Mr. and Mrs. Albert Engen and daughter, Mildred of this city left on Monday afternoon for Jamestown, and Pettibone, N. D., for a ten days' visit with Mrs. Engen's brothers.

Mrs. S. R. Rogers and children of Steiner, visited in this city Monday for a short time. They left in the afternoon for Tenino, Washington, where Mr. Rogers has been employed in the lumber camps for some time.

Mrs. J. O. Sether left Monday for Ada to attend the 14th district convention of the Woman's Christian Temperance Union. Mrs. Sether, who is vice president of the local organization, was the only representative from this city.

Mrs. E. G. Peterson and two daughters left Monday afternoon for St. Hilaire for a brief visit at the home of Mrs. Peterson's sister.

Miss Ruth Gigstad, of St. Hilaire, returned to her home on Saturday afternoon of last week after a brief visit in this city with friends.

Better than metal

Certain-teed is fast taking the place of metal roofs, not only because of the scarcity and high cost of metal, but because

Certain-teed Roofing

is *superior* in every important roofing quality. Metal easily rusts and disintegrates from atmospheric gases. *Certain-teed* cannot rust and its asphalt base makes it practically immune to any form of corrosion.

Metal absorbs heat and transmits it to the interior of a building. *Certain-teed* insulates against heat and cold, and makes the building cooler in summer and warmer in winter.

Metal must be painted frequently. *Certain-teed* gives years of weather proof service practically without any upkeep expense.

Metal is noisy in wind or storm. *Certain-Teed* fully deadens sound from such sources.

Metal is not safely guaranteed. *Certain-teed* is absolutely guaranteed 5, 10 or 15 years, according to thickness, and actually gives longer service than its guarantee.

Metal is a direct drain on military materials. *Certain-teed* is made principally of waste rags and asphalt—materials which have no military use whatever.

Certain-teed has proved its efficiency and economy for every kind of roofing service—factories, warehouses, hotels, stores, farm buildings, outbuildings, etc.

Certain-teed is more economical and more efficient in service than metal or *any other* type of roof. *Certain-teed* is the best quality of roll roofing—it costs no more to lay than ordinary roll roofing and lasts much longer. Sold by dealers everywhere.

Charles Conner who was operated on for an abscess of the lung two weeks ago was discharged from the hospital Tuesday *morning* of this week and taken to his home. Charles is recovering gradually and it is hoped that he will soon be able to be out again.

Mrs. J. W. McGinnity and two chil-
noon for Red Lake Falls to visit at
the home of her sister Mrs. Kather-
dren of this city left Tuesday after-
ine Schmitt. Mrs. Schmitt arrived in
this city Tuesday morning from Minneapolis where she had been visiting and was a guest at the McGinnity home here.

Mr. and Mrs. Irwin Wilder of this city had as their guests the latter part of last week, Mr. and Mrs. H. B. Allen of Minneapolis, who made the trip here in their car, and Mr. and Mrs. H. L. Prather of Oregon. Mr. and Mrs. Prather left for their home Sunday evening while Mr. and Mrs. Allen left for Minneapolis Monday.

PAID ADVERTISEMENT.
(Inserted by Carl Froseth, 421 Horace Ave. N., Thief River Falls, Minnesota, personal campaign committee for Ira C. Richardson, candidate for nomination for Probate Judge, 502 LaBree Ave. N., Thief River Falls, Minn., to be paid for by him. The amount to be paid therefor is 30 cents per inch.

IRA C. RICHARDSON

Many of us may never have a case in the District Court, but all we have on earth, must be adjusted in the Probate Court, sooner or later, without a jury to aid the Judge, so we want a wise judge in that court, who will devote all his time to the duties of that office.

For that reason, every voter should vote and work for Ira C. Richardson for Probate Judge. j-6

Dance at Mavie Saturday, June 15. Come and have a good time.—J-6.

Mr. and Mrs. H. A. Pratt returned Monday morning from Mnneapolis where they visit over Sunday with relatives.

Glen Seabern of St. Paul was a guest at the home of his sister, Mrs. Chas. A. Pitkin, the first of the week. He returned to St. Paul Tuesday evening.

Miss Mina Rock, superintendent at the Physicians' hospital, left Tuesday evening for her home in Iowa City, Iowa, to spend a two weeks' vacation.

Mrs. Aug. Soderberg who lives a few miles from this city left Tuesday afternoon for Crookston for a two or three weeks' visit with friends and relatives.

Frank Paranteau arrived here Tuesday evening from St. Vincent, for a few days' visit at the home of his uncle, Al. Paranteau and with his brother, James.

Big dance at the rink Friday night. You are invited.—J-6.

Miss Lucille Burns had as her guest last week, Miss Wilson, of Fordville, N. D. Miss Wilson returned to her home Tuesday morning.

The W. C. T. U. will be entertained next Wednesday afternoon, June 12th, at the home of Mrs. C. M. Carlson, 1009 LaBree avenue north.

Mrs. J. G. Baxter arrived here Tuesday morning from her home in Larimore for a few days' visit at the home of her sister, Mrs. Oscar Evenson.

Rev. and Mrs. O. J. Lundell returned Monday evening from Viking where they attended the Red River Valley conference of the Swedish Mission church.

Miss Augusta Swanson, who has been teaching in Lancaster during the past year, closed her school last Friday and arrived in this city the first of the week for a few days' visit at the home of her sister, Mrs. T. S. Brokke.

A marriage license was issued on Monday June 3rd to Wm. Dalquist and Miss Hedvig Olson of this city.

Miss Leena Isaacson of this city left yesterday afternoon for Crookston to visit for a few days with her friends.

Mrs. A. C. Dahl arrived in this city yesterday morning from her home in Crookston for a few days' visit at the home of her parents, Mr. and Mrs. J. O. Sether.

Mrs. Carl O. Rude, accompanied by her three children, arrived in this city Monday evening from their home in Portland, Ore., for a three weeks' visit at the home of Mrs. Rude's parents, Mr. and Mrs. H. P. Sponheim.

The Multi-Service Account

WHEN the farmer opens a checking account at this bank he has a multi-service account. He does not need to leave his important work of feeding the world to come to town to pay a bill—he sends his check.

HE does not need to pay out money for money orders to send out of town—he sends his check.

HE always has an accurate account of his finances and avoids all risks of losing money either from his pockets or thru paying bills twice. Have an account here and use it constantly this summer.

Times Advertisements Are Business Builders

The Eagle Needs Your Help!

The American Eagle---the American nation---needs your help to defend our country---God's own country.

Suppose you did subscribe to the first Liberty Loan. Suppose you subscribed to the second one as well. Don't consider your duty ended there. It would be just like expecting to win the War by having our boys take part in one or two battles.

You've got to keep on helping just as our boys have got to keep on fighting. They are called upon constantly to risk their lives. Are you going to slack because you are called upon more than once or twice to invest your money at liberal interest?

It takes money to win the War—money to build ships, buy munitions, food, clothing and a hundred and one different things to back up our boys.

Pennington County has been asked to raise a total of $219,000 during the year. This is $20 for every man, woman and child in the county. The same ratio holds good in the entire country.

We went over the top in the Liberty Loan drive and also in the Red Cross drive. Can we do it again? It is up to each and every one of us to try. If we are able to invest $1.00 per week in stamps or certificates for the balance of the year we will have made up our quota.

Are you willing to sign a pledge card to invest this sum?

Drive Starts on Thursday, June 6th

TO THE VOTERS OF PENNINGTON COUNTY:

I hereby with to announce my candidacy for the office of Register of Deeds.

While I have been County Treasurer I have served the people to the best of my ability, have carried out the duties of the office as efficiently as I could, have treated all people alike, and I have heard no complaints.

I appreciate the generous support shown me in my last candidacy and am very thankful for it. The experience which I have gained in this office is of great value to me. I feel better qualified for the office I now seek, which would also be an advancement.

Trusting that the voters of Pennington County are satisfied with my work as a public servant, and assuring them my best services should they entrust the duties of the office of Register of Deeds to my care.

I hopefully desire your vote and assistance at the Primary Election, Monday, June 17th, 1918.

Very respectfully yours,
THEO. H. LIDEN.

Rice Flour Receipts

YEAST RAISED RICE FLOUR BREAD.
Make a sponge of 5 lbs. Rice Flour, 10 oz. yeast, 1½ qts. water; allow to raise, then add 4 qts. water, 4 oz. salt, 10 oz. lard, 6 oz. diamalt, 10 3-4 lbs. Rice Flour. Allow to rise in temperature of about 80 degrees Fahrenheit, punch down and allow to rise again, mold into pans and allow plenty of proof before baking in moderate oven.

RAISED RICE FLOUR BREAD WITHOUT YEAST.
5 lbs. Rice Flour, 1 oz. sugar, 4 oz. butter, 5 eggs, 4 oz. baking powder, 1 oz. salt, 1 3-4 qts. milk. Mix together thoroughly folding in baking powder last. Bake in well greased deep pans.

RICE FLOUR BISCUITS.
2¾ lbs. Rice Flour, 2 oz. sugar, 3 oz. butter, 2 eggs, 2 oz. baking powder. Add milk for regular biscuit dough. Bake in moderate oven.

RICE FLOUR MUFFINS.
2¾ lbs. Rice Flour, 4 oz. sugar, 3 oz. butter, 3 eggs, 2 oz. baking powder, 1½ pts. milk, 1 oz. salt, dash of lemon. Bake in muffin pans in moderate oven.

RICE FLOUR GINGERBREAD.
1 lb. Rice Flour, ½ lb. cottonseed Flour, ½ lb. butter, 1½ pts. molasses, 1 pt. milk, 5 eggs, 1 tsp. baking soda, ½ tsp. salt, 6 tsps. ground cinnamon, ½ tsp. ground cloves, 1 dash lemon. Bake in sheet. Cut in squares. Ice with clear water and sugar icing if desired.

RICE FLOUR PIE DOUGH.
2 lbs. Rice Flour, 1 lb. pure lard, ¼ lb. butter, ½ tsp. salt. Rub together and add sufficient ice water to make soft dough.

CHOCOLATE ECLAIRS, CREAM PUFFS, ETC.
1½ lbs. Rice Flour, 1 qt. milk, 1 lb. butter, ¼ tsp. salt, 4 eggs. Bring milk and salt to a boil, stir in Rice Flour and cook about two minutes until mixture loosens from pan and is smooth. When cool stir in eggs one at a time.

Now More Than Ever, the Gift for the American Bride---

"Wear Ever" Aluminum Cooking Utensils

To give "WEAR EVER" is also to perform a patriotic service. The welfare of our fighting men and Allies "over there" depends upon the economies effected over here—the savings made in food, fats, fuel. Aside from its utility, beauty and wonderful durability, "WEAR-EVER" will help American brides to help the great cause.

"Wear Ever" "saves food"
Heat does not collect in one spot—it cooks quickly and thoroughly from all sides at once, with little danger of burning, and with less loss from shrinkage of food.

"Wear Ever" "saves fats"
You can make griddle cakes without grease on the "Wear-Ever" Griddle; muffins without greasing "Wear-Ever" Muffin Pans; bread without greasing "Wear-Ever" Bread Pans; pot roast without grease or even water in the "Wear-Ever" Windsor Kettle.

"Wear Ever" "saves fuel"
"Wear-Ever" utensils take the heat as quickly and retain it so long that they require less heat than ordinary utensils. Turn flame to usual height until food starts to boil. Then reduce flame one-half to one-third. If using a coal stove, close the draft. Save that shovel of coal!

"Wear-Ever" Aluminum Cooking Utensils are made from thick, hard sheet aluminum. They last indefinitely, and save you the bother and expense of constantly buying new utensils. "Wear-Ever" utensils have no joints or seams—are pure and safe—cannot break, crack or chip. Look for the "Wear-Ever" trademark on the bottom of each utensil. Refuse substitutes.

Replace utensils that wear out with utensils that "Wear Ever"

THIEF RIVER FALLS, MINN.

HALVOR STEENERSON
Representative in Congress, Ninth District of Minnesota.

Candidate for re-election, at the Primaries, June 17, 1918

Sixteen Years of Faithful Service

To the Farmers of the Nation

It was Halvor Steenerson who first established the principle that the people can regulate railroad rates—by winning the Steenerson Grain Rate Case, in the Supreme Court.

It is Halvor Steenerson who has always defended the dairy industry against the oleomargarine interests' attempts to sell their product as butter.

It was Halvor Steenerson who was called on as spokesman for the grain growers in their fight for honest grades and better prices.

It is Halvor Steenerson who has been most active of all men in Congress in building up the rural mail delivery system.

It is Halvor Steenerson who is now most active in trying to clear the toll gates from the channels of the grain trade, in order that the producer may get full value for his products. He will succeed in that, if you give him time.

A congressman, though he has the very best intentions, can be no good to you unless he has the experience and ability to carry through what he undertakes. For sixteen years Steenerson has been elected to congress by the farmer vote of the Ninth District. All those years, and before that, he has stood by the farmers on every issue in which they were interested, and the farmers have always stood by him.

He offers to renew the partnership for another two years. It's up to you.

Respectfully, STEENERSON COMMITTEE.
By Martin Widsten, Secretary.

Political Advertising, ordered and paid for by Martin Widsten, Warroad, Minn.

POLITICAL ANNOUNCEMENT—Inserted in his own behalf by Lars Backe, Thief River Falls, Minn., candidate for Register of Deeds. Amount to be paid, 30 cents per inch.

Lars Backe

To The Voters of Pennington County:

For 23 years I have been a resident of what is now Pennington County.

I have, at different times, been Village Recorder, City Clerk, Mayor and for 18 years member of the Board of Education of the city of Thief River Falls; from its organization. With others I have taken an active part in the affairs of county and city in the upbuilding of local public utilities [illegible] educational institutions.

The compensation in money for this work has been small or none at all.

In seeking the office of Register of Deeds, considered a good paying office, I refer the voters to my public services. I am willing to stand or fall on my record of the past 28 years.

I am under no political obligations to any party and have formed no combinations with others running for office.

Your vote and support will be greatly appreciated.

Yours respectfully,
Lars Backe

Inserted by W. J. LaBree, candidate for sheriff, on his own behalf and to be paid for by him. Amount, 30 cents per inch.

For Sheriff

W. J. LaBree

I wish to announce to the voters of Pennington County that I am a candidate for the office of sheriff at the primary election to be held June 17th.

I respectfully ask the support of the voters of the county and I pledge my best efforts, if nominated and elected, to the honest and efficient service of the people in this inportant position.

Railroad News Notes

Items Concerning Soo and Great Northern Activities

No Strike During War—Railroad employes were reminded by Director General McAdoo this week they are employes of the United States in time of war and that a strike means a blow at their own government and the hampering of transportation essential to protect the hundreds of thousands of American boys fighting in Europe. In a telegram to the heads of all labor unions having shopmen among their members, Mr. McAdoo gave notice that the government cannot be coerced or intimidated, and called on railroadmen to remain at their duty and rely on him and the new board of railroad wages and working condtions for just consideration of their claims. He asked the union leaders to urge upon their men by wire the wisdom and patriotism of this course.

Sunday Service Resumed—The Great Northern railway has restored its Sunday trains over the Duluth-Grand Forks line. This service was abandoned about three years ago over the protests of the people living along the road. This will prove a convenience for traveling men and others who can thus get to the head of the lakes on Sunday morning by taking the Saturday night train from this city.

First Woman Custodian—The Soo line has appointed Mrs. Otto E. Estell as custodian at Almore. Mrs. Estell is the first woman on the division to be given a post of this nature, these having heretofore been held by men. The army calls have thinned the ranks of available men, however, and it is likely that more women who have had the proper training will be given similar positions. Almore is a small station and the work is light.

Great Crop Outlook—Railroaders running on the lines westward from Thief River Falls say that the crop outlook in the sections traversed by them is exceptionally good. It is claimed that the conditions now are the most promising they have ever been within the memory of anyone now living, being even better than in the bumper year of 1895. Rains arrived at just the right time to give everything a good start and if no disaster overtakes the crop the harvest will be marvelous.

The Increased Rates—It is almost certain that there will be greatly less traveling when the new rates go into effect, which will be within a week or two. The new tariffs have not been received, but according to the advance unofficially announced it will mean a considerable additional outlay for the traveling public. For instance, the fare to the Twin Cities, which now is $8.85, including the war tax and sleeper berth, will advance to $14.30 if the same accomodations are required. Should the sleeper be dispensed with the fare will still be $9.60, or 75 cents more than the present charge with the sleeper included.

Liberal Donators—J. W. Hendry and H. A. Pratt, who composed the team soliciting Red Cross funds from the employes in the agency and mechanical departments of the Soo in this city, state that they secured subscriptions totalling $736.60 from 134 signers, this representing practically every person employed in these departments. This is an average donation of about $5.42 and is a splendid record.

Division Jottings.

R. E. Fillmore, train dispatcher, left yesterday on his vacation. He will spend the greater part of his time visiting friends and relatives at Ashland, Wis. C. W. Stewart returned from his vacation the first of the week and has resumed his work as dispatcher.

Supt. W. A. Barnard returned from a business trip to the cities Monday evening.

G. Ellison of Detroit, roadmaster in charge of the First district, (Mahnomen to Glenwood), was in the city on business Monday evening.

J. H. Gray, agent at Oslo, spent Monday at Crookston attending to business matters.

H. B. Pfeifer, relief agent at Halma, was at Hallock yesterday for the purpose of registering under the selective draft regulations, he being among those who reached the age of 21 during the year.

Roy Elofson has been transferred from coach cleaner to car repairer with the day crew. Andrew Williamson has Roy's former job.

Julius Knutson, Andrew Tveten and Earl Elofson went down to Federal Dam on a fishing expedition last Saturday. They managed to catch 16 fish between them, which is not a good record. John Heisler and Jos. Novak went down a day or two later and had somewhat better luck, J. S. Leiran, stationery fireman, also tried his luck at the Cass county resort during the week.

Machinist W. E. Miller went down to Wadena the first of the week to look after his farming operations.

Engineer John Sagvold went to Minneapolis on a business trip the first of the week.

Engineer William Smithers, accompanied by Mrs. Smithers and the children, left the first of the week for a visit with relatives in Canada.

Engineer Alfred Engen and family are visiting relatives of Mrs. Engen at Jamestown, N. D., this week.

W. E. Bens, cashier for the Soo at Alexandria, passed through here on Monday night enroute to Warren to visit relatives.

Clarence A. Vevea went to work as a machinist's helper in the shops on Monday morning.

Ralph Ashland machinist's helper, has been transferred to Henning as engine watcher.

Machinist John A. Skog was at Detroit on business Tuesday.

J. H. Spink, of White Bear, arrived here last Sunday morning for a brief visit at the home of his son, H. H. Spink. He returned to his home Monday evening.

Want Ford Tractors.

The McFarland Auto company has received a number of inquiries regarding the new Ford tractor to be distributed among the farmers of Minnesota at cost by the manufacturers. But one carload has been alloted to each county and Pennington's share will soon be spoken for. Olaf Ramstad was the first man to make application for one of these machines.

POLITICAL ANNOUNCEMENT.
Inserted and paid for by R. W. Aikin, Anoka Minn., in behalf of Irving I. Caswell, candidate for clerk of the supreme court. Amount paid, 30 cents per inch.

IRVING A. CASWELL,
Clerk of the Supreme Court of Minnesota, and candidate for Republican renomination at the primary election June 17. Was born in Minnesota, at Anoka, is 48 years old, married and has one son. Is a graduate of the University of Minnesota, and served as a lieutenant in the Spanish-American War. In his last election he had 40,000 more votes than any other candidate for state office.

Eleventh Battalion Band.

The city band of Warren has been honored by being selected as the official musical organization for the Eleventh Battalion, Minnesota Home Guard, of which Company C of Thief River Falls is a member. This is a distinct honor for Warren as the only other northern Minnesota city to have its band similarly appointed is Bemidji, from whence hails the band of the Fourteenth battalion. The director of the Warren band is August I. Eystrom and uniforms for the entire membership have been ordered. A band as a regular unit of the battalion will prove of great value, particularly at battalion drills and at the summer encampment scheduled for sometime in July.

Is Now in France.

Deputy Sheriff Paul Midderigh has received a letter from his son, William, who is a member of Co. A, Third Ammunition Train, stating that he has arrived safely in France after an interesting voyage. Midderigh's letter had been deleted by the censor in a number of places as he had not been careful in omitting the names of ship and places. He says in going across they had lifeboat drill every day and to judge from the passages that had been deleted they must have run across certain things not found in the ocean in times of peace.

The writer was greatly taken with the neat and orderly appearance of everything in England. Not a piece of paper was to be noted along the railroad tracks nor in the streets or the cities. The fields had the appearance of clipped lawns and very beautiful. He is well and evidently well satisfied with the treatment he has been receiving.

Sunday School Conventions.

There will be two big Sunday school conventions held in Minnesota on June 11 to 16—one at Bemidji and the other at Worthington. Those who intend attending from Thief River Falls are requested to apply to the Minnesota Sunday School association, St. Paul, for the proper credentials, enclosing one dollar as registration fee.

At both Bemidji and Worthington entertainment has been provided on the Harvard plan—lodging and breakfast free—for all registered delegates.

McLeod-Cousins.

The marriage of Miss Evangeline Cousins and Victor McLeod of Goodridge, occurred last Thursday at high noon, with Rev. J. A. Orrock, pastor of the Methodist Episcopal church of this city, officiating. The wedding was at the home of the bride's uncle. The rooms were patriotically decorated. Miss Myrtle Blair of this city attended the bride, and Stuart McLeod was his brother's groomsman. Mr. and Mrs. McLeod left Thursday afternoon for Crookston on a brief honeymoon trip. They will live in Goodridge.

Mr. and Mrs. Wm. Korstad and children motored to this city Monday from their home near Highlanding.

This flag signal is the letter "G". The crew wants the supply ship to send over more Gravely.

Uncle Sam will Hand Him Real GRAVELY Chewing Plug in a Pouch from You

The U. S. Mails will reach any man in Uncle Sam's Service. When you send him tobacco, let it be *good* tobacco—tobacco worth sending all that long way—the flat, compressed plug of Real Gravely.

Give any man a chew of Real Gravely Plug, and he will tell you *that's the kind to send. Send the best!* Ordinary plug is false economy. It costs less per week to chew Real Gravely, because a small chew of it lasts a long while.

If you smoke a pipe, slice Gravely with your knife and add a little to your smoking tobacco. It will give flavor—improve your smoke.

SEND YOUR FRIEND IN THE U. S. SERVICE A POUCH OF GRAVELY

Dealers all around here carry it in 10c. pouches. A 3c. stamp will put it into his hands in any Training Camp or Seaport of the U. S. A. Even "over there" a 3c. stamp will take it to him. Your dealer will supply envelope and give you official directions how to address it.

P. B. GRAVELY TOBACCO COMPANY, Danville, Va.

The Patent Pouch keeps it Fresh and Clean and Good—It is not Real Gravely without this Protection Seal

Established 1831

Every Man's Tobacco

True Smoke pals up with every man's pipe. Try it in yours. You'll know then why its bang-up flavor and rich fragrance have made it the smoke-joy of thousands of outdoor workers, big husky men who want a punch in their smoke. Buy it to try it.

Eighth Grade Graduation.

The eighth grade graduation exercises were given in the Imperial hall last Friday evening. In spite of the rainy weather the hall was filled to over-flowing. The eighth grade class of this year was one of the largest and fine work has been done by all. This credit may be given to their teacher, Miss Huldah Gigstad. The following program was given:

Song, "Voices of the Wood"—Class.
Invocation—Rev. A. F. Nelson.
Welcome Address—Stanley Olson.
"An American's Creed"—Class.
Class History—Lilly Norman, Gladys Sherva.
Class Song—Clara Fellman and Vivian Novak, composers.
Class Poem—Edith Malmquist.
Essay, "The American Girl"—Esther Hoppe.
Class Prophecy—Margaret Patterson
Class Will—Leslie Biglow, Curtis Post.
Acceptance of Lantern and Key—Melvin Sherva.
Farewell Address—Erick Aaberg.
Song, "America My Country"—Class.
Address—Rev. I. T. Aastad.
Presentation of Diplomas.
"Star Spangled Banner"—Audience.
Benediction.

The following are members of the class: Erick Aaberg, Clara Fellman, Esther Hoppe, Carrie Moore, Sam Nelson, Nels Nelson, Stanley Olson, Curtis Post, Leslie Biglow, Gladys Gigstad, Edith Malmquist, Lilly Norman, Vivian Novak, Gladys Sherva, Margaret Patterson, George Whalen and John Whalen.

Junior Class Day.

A Junior class day program was given in the Assembly room at the schoolhouse last Thursday evening. This is the first time a program of this kind has been given in the St. Hilaire school and it certainly turned out to be a grand success. Superintendent W. R. Wicks and Principal Miss Callie Merritt are given full credit for this fine work. The Freshman and Sophomore boys and girls decorated the Assembly room in purple and white draperies, the Junior class colors, and ferns and other beautiful flowers. As the St. Hilaire school does not have a complete course of high school, the Junior girls gave this program as farewell exercises for the successful years they have had in this school. The following program was rendered:

Song, "Keep the Glow in Old Glory"—Class.
Class History—Ellen Nelson.
Class Statistics—Lulu Allen.
Song, "Over the Top"—Class.
Class Poems—Selina Simonson.
Duet, "After the War is Over"—Esther Fricker and Alta Olson.
Class Prophecy—Esther Fricker.
Reading, "Knee Deep in June"—Gladys Olson.
Instrumental music—Ruth and Oscar Gigstad.
Class Will—Alta Olson.
Song, "America"—Audience.

The Junior class this year is very small, its members are: Ruth Gigstad, Selina Simonson, Lulu Allen, Ellen Nelson, Gladys Olson, Alta Olson and Esther Fricker.

The I. O. O. F. and Rebekah lodges gave a farewell party last Tuesday evening in the I. O. O. F. lodge rooms for their members, Mr. and Mrs. C. Patterson and Misses Callie Merritt, Agnes Rushfeldt and Jessie SinClair. Mr. and Mrs. C. Patterson have resided in this village for the past six years and have been active members in both of these lodges. The Misses SinClair, Rushfeldt and Merritt were teachers in the local school and have helped the Rebekah lodge a great deal since they became members. The evening was spent in playing cards and dancing after which a delicious luncheon was served. Out-of-town guests were: Mrs. J. Bahan of Perth, Minn.; Mr. and Mrs. G. W. Denhart and Mr. and Mrs. C. Keller of Hazel; Paul Olson and Mr and Mrs. J. Moore of Rockabury and Christ Kruse of Black River.

A recital was given Tuesday afternoon at the schoolhouse by Miss Rolefson of Thief River Falls and her pupils of this village. The program which was rendered to a full house was exceptionally good.

The Sophomore class and teachers, Prof. W. R. Wicks and Miss Callie Merritt enjoyed a picnic on the school grounds last Saturday afternoon.

Mr. and Mrs. Charles Patterson and family left Saturday afternoon for Dawson, N. D. Mr. and Mrs. Patterson have resided in this village for the past six years and since that time have made a large group of friends who are sorry to see them leave this village. They have taken a great deal of interest in all local and social affairs and everyone wishes them joy and happiness in their new home. Mr. Patterson has been manager in the Farmers' elevator ever since he came to this village and has succeeded in making a success in this business. He left about a month ago for Dawson, N. D. where he has a similar position.

Dr. C. Swanson, C. Kruse, A. Swenson, A. Erickson, J. Johnson, Paul Olson and R. Landman transacted business in Thief River Falls Saturday.

Having completed teaching a term of school in Holt, Miss Nettie Johnson returned Saturday to spend the summer vacation at her home.

Axel Rode of Spooner arrived in this village Saturday for a visit at the home of his parents, Mr. and Mrs. H. Rode. He returned Monday morning.

Mrs. Norland and Mrs. McCaffory who spent a week visiting at the home of Mr. and Mrs. S. J. Amble, returned to their home at Grand Forks, N. D., Wednesday.

Miss Agnes Rushfeldt who has been teaching in this village this year, returned Wednesday to her home at Hawley, Minn.

Dan Whalen and son John, left Tuesday for Minneapolis with two carloads of stock. They returned on Monday.

Mrs. Joe Becker of Thief River Falls arrived in this village Wednesday for a visit at the home of her sister, Mrs. Emil Just.

Miss Carrie Hocquist visited at Thief River Falls Friday.

Knute Nash who has been employed in Iowa for the past four months returned to this village Thursday.

Miss Ida Kruse who is employed at Crookston arrived in this village Saturday for a visit at the home of her parents, Mr. and Mrs. Christ Kruse, who reside on a farm west of this village. She returned Monday.

Mrs. Ordean Olson shopped and visited at Thief River Falls Thursday.

Hart Erickson, a private from Camp Custer, Mich., arrived in this village Thursday, for a visit at the home of Mr. and Mrs. John Norman who reside on a farm south of this village.

Mr. and Mrs. E. B. Burkee autoed to Thief River Falls Sunday evening where they visited with friends.

Misses Anna Stockstad and Nellie Folstad shopped and visited at Thief River Falls Wednesday.

Miss Edith Nelson who has been attending school at Warren returned to her home in this village Thursday, by way of Crookston.

Mr. and Mrs. Thorson of Crookston autoed to this village Tuesday for a brief visit with friends. They were enroute for Thief River Falls where they were to visit at the home of Mrs. Thorson's sister, Miss Rolefson.

Mrs. A. H. Pitkin returned to her home in this village Saturday having made a visit at the home of her son, Charles, at Thief River Falls.

Misses Gladys Olson, Esther Fricker and Alta Olson and Messrs. George Whalen and Lester Radke visited at Red Lake Falls Sunday.

Mrs. Selmer Hauge of Bemidji arrived in this village Tuesday for an extended visit at the home of her parents, Mr. and Mrs. H. O. Jackson.

Miss Jessie SinClair returned to her home at Argyle Friday, having completed teaching a term of school in this village.

Herman Peterson left Wednesday for Minneapolis, where he will visit at the home of his daughter, Mrs. H. Adams.

Nels Benoit visited with friends at Red Lake Falls over Sunday.

Mr. and Mrs. C. From and Mrs. W. Ortloff attended to business at Thief River Falls Wednesday.

Miss Lilly Boehn is visiting at the home of her sister, Mrs. R. McKercher having completed teaching a term of school in the consolidated school at Hazel.

Stanley Olson, Arthur Hanson and Vernon Peterson left Monday for Spooner where they will seek employment for the summer months.

A dance was given in the new barn out on the Harper farm south of this village, Saturday evening. Another dance will be given there June 15th. Everybody is cordially invited. The proceeds will be given to the Red Cross.

Mr. and Mrs. D. McAllister and Mr. and Mrs. H. Wilson autoed to Thief River Falls Thursday where they visited with friends.

Miss Blanche Hoff who has been teaching at Roseau this year, returned home Friday.

Mr. and Mrs. W. Janda of Thief River Falls autoed to this village Sunday where they spent the day at the home of Mrs. Janda's parents, Mr. and Mrs. H. M. Kalland.

Miss Alice Ortloff left for Crookston Friday where she made an over-Sunday visit with her sisters, Misses Esther and Lydia Ortloff who are employed at that place. She returned Monday morning.

Mrs. Oscar Felman visited at Thief River Falls Friday.

Miss Mae Olson of Thief River Falls arrived in this village Wednesday for a visit at the home of her brother, O. Olson.

Mrs. H. O. Jackson returned home Saturday, having made a brief visit at the home of her son, Alton Jackson of Crookston.

Having completed teaching a term of school in this village, Miss Clara Alsacker returned Saturday to her home at Benson, Minn. Miss Alsacker will not return next year.

Sam Benson made an over Sunday visit with friends at Duluth.

J. Anderson of Roseau arrived in this village Saturday for a brief visit at the home of Mr. and Mrs. P. Swanson. He returned on Monday.

M. Hamre of Warroad visited at the Hans Rode home on Wednesday.

Mr. and Mrs. George Whalen of Red Lake Falls are the proud parents of a baby boy born to them on Wednesday of last week. Both mother and child are well.

Mrs. T. Johnson left Wednesday for Grand Forks, N. D., where she visited at the home of her mother, Mrs. T. Brink. She returned on Monday morning.

Andrew Simonson left Thursday for Nielsville, Minn., where he will make an extended visit at the home of his daughter, Mrs. Gjerde.

A. S. Wilson and son autoed to Red Lake Falls Friday where they visited at the J. Sieff home. They returned the same day accompanied by the former's daughter, Mrs. Jake Sieff, who will visit in this village for some time.

Miss Blanche Hoff left for Crookston Saturday where she visited with relatives over Sunday.

The following attended the dance out on the Harper farm, Saturday evening: Misses Louise Wilson, Koral Hooper, Elizabeth Johnson, Margaret Patterson, Gladys Sherva, Vivian Novak and Mildred Fellman and Messrs. Henry Kolstad, Curtis Post, Stanley Olson, Roy Wallin, Arthur Hanson, Vernon Peterson, Norman Patterson, George Whalen, Louis Cathelineau, Edward Erickson and Herman Fellman.

(Political advertisement inserted by Oscar Hovelsos in his own behalf as candidate for commisisoner of the 5th District, Marshall County. Amount to be paid 10 cents per line.)

TO THE VOTERS OF EASTERN MARSHALL COUNTY:

As a candidate for the office of County Commissioner from the 5th District, I respectfully ask your support and vote at the coming primary election; pledging, if nominated and elected, my most careful attention and best efforts to the performance of duties as such official.

Having resided in this section for the past 20 years and during the greater part of such time been entrusted in various capacities with the administration of public affairs of more local nature, I believe I may have gained such knowledge of the district's needs and wants as well as conditions as to have become competent to deal intelligently with matters affecting the district and its people, to whom I believe I could be of good service on the County Board and I will highly appreciate to be given the opportunity.

Very respectfully,
OSCAR HOVELSOS,
Germantown, Minn.

POLITICAL ANNOUNCEMENT.

I hereby announce myself as a candidate for the office of sheriff of Pennington county at the primaries to be held on June 17. If elected I promise to give my time and sole attention to the duties of the office and will administer these to the best of my ability.

OVE E. BERGE.

Have I Tested Your Battery this Month?

Twice a month is not too often to get inside facts—to find out whether enough water has been added—whether the charge has been kept up to the proper point—whether avoidable losses have occurred.

A test takes only a few minutes.

Just a little precaution now may save you later from the inconvenience of a motor that refuses to turn over—from lights that are dim when they should be brilliant—from actual *damage* to your battery.

When you come in be sure to remind us that you want to look at the Still Better Willard Battery which is the only battery with the "Bone Dry" principle that is your absolute assurance of getting a battery as new as the day it left the factory.

IN PROBATE COURT.

State of Minnesota, Pennington County.

In the matter of the estate of Gustave Omundson, deceased.

Upon reading and filing the petition of Gurena Gunderson, formerly Gurena Omundson as administratrix of the estate of Gustave Omundson representing that the description of the lands described in the final decree made and entered herein, erroneously omitted therefrom the undivided one-half of the Northwest Quarter of Section Thirty-three, Township One Hundred and Fifty-four, North of Range Thirty-three West, and that the name of said deceased should be corrected to read "Gustav Omundson."

IT IS ORDERED, that said petition be heard on Tuesday, the 18th day of June A. D. 1918 at Ten o'clock in the forenoon before the Court at the Probate Court rooms in the City of Thief River Falls in said County.

IT IS FURTHER ORDERED, that notice of the time and place of said hearing be given to all persons interested by publication of this order in the Thief River Falls Times, a weekly newspaper printed and published at Thief River Falls, Minnesota.

Dated at Thief River Falls, Minn., this 16th day of May, 1918.

By THE COURT.
WILHELM MICHELET,
(Court Seal) Judge of Probate
m23-30-j6.

Proceedings of the City Council

A regular meeting of the City Council was called to order by O. L. Ihle, President, at 8:00 o'clock P. M., May 28, 1918.

Roll Call: Members present: Froseth, Benson, Myhrum, Olson, Brandon and Ihle. Members absent; None.

Minutes of meeting of May 14 were read and approved as read.

Moved by Brandon and seconded by Myhrum that the application for Building and Repair Permits of Mary D. Knutson and C. G. Hillard be granted. Motion carried.

Moved by Myhrum, seconded by Froseth, that the application of the Thief River Grocery Co., for a cigarette license be granted.

Roll call: Members voting Yes; Froseth, Benson, Myhrum, Olson, Brandon and Ihle.

Members voting No; None.

Moved by Myhrum, seconded by Brandon, that the application of Leonard Peterson, Alex Welch, Ole Legvold, Chas. Krause, G. Adolphs, John Dicken for a 10 per cent increase in salary be laid on the table until the next meeting. Motion carried.

The president of the council appointed the following committee together with the City Attorney to see what can be done regarding the removal of telephone poles on First St., Benson, Froseth and Myhrum.

Moved by Myhrum, seconded by Froseth, that the City Council by Resolution appropriate the sum of $300.00 for the observance of Memorial Day, and that a warrant for that amount be drawn on the current fund. See Resolution. Motion carried.

Moved by Brandon, seconded by Benson, that the following voters be appointed to serve as Judges of Election:

First Ward—Ed. Ness, Herman Ohm, and Hogan Hanson.
Second Ward—S. T. Johnson, E. J. Overland and J. L. Bean.
Third Ward—A. M. Langseth, Knute Swanson and O. A. Westin.
Fourth Ward—Ed. Rustad, J. L. Cerny and D. K. Bryant.

Moved by Benson, seconded by Myhrum, that the bonds of Lars Backe, sidewalk contractor, in the sum of $2,000.00 and the bond of Ed. Lee, Plumber, in the sum of $1,000.00, be accepted with the approval of the City Attorney. Motion carried.

Moved by Froseth, seconded by Myhrum, that the City Attorney be instructed to draft a resolution ordering in balance of sidewalk on west side Arnold Avenue between 3rd and 4th Sts. Motion carried.

Alderman Myhrum, seconded by Alderman Brandon, moved the adoption of resolution ordering the construction of cement sidewalk on Duluth Avenue N. (See Resolution.)

Alderman Froseth, seconded by Alderman Brandon, moved the adoption of Resolution offering a discount on water used for sprinkling purposes. (See Resolution.)

On motion duly carried the Council adjourned.

O. L. IHLE,
President of the Council.
Attest:
A. H. AKRE,
City Clerk.

RESOLUTION.

Resolution declared passed.

O. L. IHLE,
President of the Council.
Approved June 1, 1918.
G. A. Penney, Mayor.
Attest:
A. H. AKRE,
City Clerk.

RESOLUTION.

At a regular meeting of the City Council held May 28, 1918, Alderman Froseth, seconded by Alderman Brandon; introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of Thief River Falls, Minnesota, that

WHEREAS, our country is at war and Whereas the government is urging the people to plant war gardens in order to increase the food supply of the country; and

WHEREAS, the use of water for sprinkling purposes will materially add to the production of such gardens;

NOW, THEREFORE, in order to encourage the people of our city to plant garden vegetables and to cultivate and care for same,

BE IT RESOLVED, that the discount of Ten Percent (10 p.c.) on all water bills for water furnished outside of the fire limits during the second quarter of the year 1918, be allowed and a discount of Thirty-five Percent (35 p.c.) on such bills for water furnished during the third quarter of the year 1918 be allowed; and that the City Clerk is hereby authorized and embodied to deduct such discounts at the time such bills are paid.

Roll Call:
Aldermen voting Yes; Froseth, Benson, Myhrum, Olson, Brandon and Ihle.
Aldermen voting No; None.
Resolution declared passed.

O. L. IHLE,
President of the Council.
Approved June 1, 1918.
G. A. Penney, Mayor.
Attest:
A. H. AKRE,
City Clerk.

RESOLUTION.

At a regular meeting of the City Council held May 28, 1918 Alderman Brandon, seconded by Alderman Olson, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minn., that the sum of $300.00 be appropriated for Memorial Day exercises and that the arrangements of said exercises be left in charge of the band committee, and that the warrant for the aforementioned amount be drawn on the current fund, payable to the Treasurer of the band.

Roll Call:
Aldermen voting Yes; Froseth, Benson, Myhrum, Olson, Brandon and Ihle.
Aldermen voting No; None.
Resolution declared passed.

O. L. IHLE,
President of the Council.
Approved June 1, 1918.
G. A. Penney, Mayor.
Attest:
A. H. AKRE,
City Clerk.

RESOLUTION.

At a regular meeting of the City Council held May 28, 1918, Alderman Benson, seconded by Alderman Brandon, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minnesota, that

WHEREAS, the City Council did on the 12th day of July, 1917, order to be built and constructed the following sidewalks within the City of Thief River Falls, to-wit:

The South side of Ninth Street from Duluth Ave. East to LaBree Ave. on the North side of Ninth Street from LaBree Ave. East to Horace Ave., on the West side of Horace Ave., from Ninth Street South One Hundred fifty feet (150 ft.); on East side of LaBree Ave. from Ninth Street South Two Hundred feet (200 ft.); and

WHEREAS, said sidewalk was not completed within the time required in said resolution and whereas the City Council did, on the 11th day of September, 1917 by resolution, duly ordered the said sidewalk to be built by the City; and it appearing that said walks have been built by Lars Backe, the contractor, having the contract for the construction of sidewalks within said city for the year 1917, and, it appearing that said sidewalks have been fully done and completed, and by said contractors in accordance with the requirements of said resolutions; and it appearing that the city has paid for the construction of said walk;

NOW, THEREFORE, be it resolved that Tuesday, the 23rd day of July, 1918, at Eight o'clock P. M., of that day, in the Council Rooms in the City of Thief River Falls, Minnesota, be, and the same hereby is fixed, as the time and place when and where the City Council will hear testimony or all persons interested or affected, and ascertain the amount of benefit of property affronting such sidewalks by reason of the construction thereof, and that this resolution be served upon the owners of such properties as specified in the resolution adopted on July 12, 1917, according to law and at least forty (40) days prior to the time fixed for such hearing.

Roll Call:
Aldermen voting Yes; Froseth, Benson, Myhrum, Olson, Brandon and Ihle.
Aldermen voting No; None.
Resolution declared passed.

O. L. IHLE,
President of the Council.
Approved June 1, 1918.
G. A. Penney, Mayor.
Attest:
A. H. AKRE,
City Clerk.

RESOLUTION.

By the City Council Authorizing the Construction of Sidewalks.

At a regular meeting of the City Council of the City of Thief River Falls, Alderman Myhrum, seconded by Alderman Brandon, offered the following resolution and moved for adoption:

WHEREAS, it appears to be necessary and expedient to construct cement sidewalks on the east side of Duluth Ave., beginning at the Southwest corner of Block 11, of the Original Townsite of the City of Thief River Falls, extending thence due north along the east side of Duluth Ave., to the north City limits of said city.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minnesota, and the City Council does hereby on its own motion and not otherwise, determine that it is necessary and expedient to construct sidewalk; and it is hereby resolved and determined, that said walk be, and hereby is ordered, to be constructed as follows:

Beginning at the southwest corner of Block Eleven (11), Original Townsite of Thief River Falls, Minnesota, extending thence due north along the east side of Duluth Ave., to the north city limits of said city, said sidewalk to be constructed of cement and concrete to be Five (5) feet wide and to be constructed in accordance with and to conform to all ordinances of said city and the plans, specifications and requirements for sidewalks now on file in the office of the City Clerk of Thief River Falls. Said sidewalk to be completed on or before the 25th day of July, 1918; and further, that this resolution shall be duly served on or before the 12th day of June, 1918, upon all owners of the lots, parts of lots, and parcels of ground fronting on said Duluth Avenue where said sidewalks are hereby ordered to be built and constructed, and whose names and their respective holdings are hereinafter stated, said service to be made in accordance with the statute in such case made and provided.

Name of Owner	Front Feet	Description of Property Owned

City Clerk.

Up Goes Pop Corn.

Children and others who have been accustomed to eating candies and popcorn have for some time noticed that the price had raised, but they will now realize more than ever that this country is at war.

Announcement is now made of a very decided advance in the cost of production of crackerjack and checkers. This has in turn been passed on to the pobber, and will now go to the retailer and consumer. It will be but a few days till these popular confections are on sale at 8 cents per box, whereas before the war the selling price was but 5 cents, and more recently 6 cents.

Axel Holmgren arrived in the city last Monday evening from Alvarado for a brief visit at the E. Tharaldson home. Mr. Holmgren left Monday evening for Minneapolis to enlist in the army.

See Florida In The Summer

Florida's mild summer climate is one of its strongest attractions. Sunstroke is unknown. Florida produces more kinds of crops than any other state in the Union. The plant growth is such as may be found in the tropical, semi-tropical and temperate climates. Florida leads the entire country in the furnishing of fresh vegetables for the winter markets. Florida excels the world in the quality of its citrus fruits, such as oranges, lemons, grapefruit. If a farmer tills 40 acres of good Florida land right he should sell produce from same for about $28,000 yearly. Send 5 cents to cover postage on illustrated pamphlets and colored view cards.

DELCO-LIGHT
Increases Farm Efficiency

Fifty thousand Delco-Light plants in operation on American farms are saving at the most conservative estimate, an hour a day each—or over 18,000,000 work hours a year.

That is equal to an army of 60,000 men working ten hours a day for a full month.

Delco-Light is a complete electric light and power plant for farms and suburban homes.

It furnishes an abundance of clean, safe, economical light, and operates pump, churn, cream separator, washing machine and other appliances.

It is also lighting rural stores, garages, churches, schools, army camps and railway stations.

MONTHLY REPORTS OF THE RED CROSS

MEMBERS CHOSEN FOR EXECUTIVE COMMITTEE AT MONDAY'S MEETING.

The regular meeting of the Red Cross Monday evening of this week was one full of interest and well attended considering the unfavorable weather. Several of the branch chapters were represented by delegates who had come to attend the meeting and place in nomination directors for the coming year.

Following the reading of the minutes by the secretary, Treasurer T. L. Melgaard gave his financial report for the month of May. Interesting reports for the month were also presented by Mrs. T. L. Melgaard of the hospital supplies committee; Mrs. W. W. Prichard, Sr., of the knitting committee; Mrs. J. J. Richter of the military relief committee; Mrs. L. G. Larson of the comfort kit committee; Ross P. White of the crop pledge committee, and G. Howard Smith of the war fund committee.

The ladies and gentlemen representing the country branches gave some good reports of the work being done throughout the rural districts, despite the fact that this is the busiest time of the year on the farms.

A more detailed report of Mr White's statement will be found elsewhere in this issue.

The secretary called attention to the urgent demand for nurses to be sent to Europe as noted heretofore and again in the columns of this paper. Following this the bills incurred for the month were read by the secretary and duly allowed.

Directors Elected.

Eight members of the executive committee were elected at the meeting. Of this number three were reelected for another three years, they being W. W. Prichard, Jr., Mrs. L. G. Larson and Mrs. J. H. McKinney. These three had served the one year term for which they had been elected last year.

On account of the removal of H. Z. Mitchell, Mrs. J. C. R. Charest and Dr. H. G. Hieber, it was necessary to choose others in their place for the remaining two years of their three year term. To fill these three vacancies and the other two of the new three year term members, the following were the choice of those present at the meeting: Supt. J. H. Hay, Miss Maggie Hill, Mrs. A. Craik, John Bratrud and Mrs. J. J. Richter.

ALL IS WELL WITH BOYS AT BARRACKS

YOUNG FELLOWS FIND WEATHER IN MISSOURI HOT; OTHERWISE O. K.

The nine lads who left here last week to enter the military establishment of the United States under a special ruling of the war department, have arrived at Jefferson Barracks Mo., from which place they are expected to be moved to Valparaiso college to receive instructions in different branches of mechanics. If anyone at home was expecting to hear that the boys were homesick or tired of their adventure they have been disappointed. A number of letters have been received but in none of these can any indication of regret at the step taken be found.

A communication signed by the entire bunch has been received by Mayor G. A. Penney, the lads evidently figuring that this as the way to notify the entire population that they are all right. The letter is as follows:

"Dear Folks at Home: The whole crowd is sitting around a little table, perspiring very freely. It is a little hard to express oneself under such circumstances but we want to thank all of you for the hearty sendoff received at Thief River Falls.

"We have had our first shot in the arm and are none the worse for it. They try to scare a fellow a little, but it is really not very painful.

"The first thing you hear when you enter the barracks is: 'O, you'll like it.' We'll say we will."

The letter is signed by Charles E. Prichard, Ambrose C. Zeh, Jordan A. Penney, Ralph K. Hilson, Frank E. McGinn, Severin A. Eberhart, Alf R. Krohn, Howard Sandum and Ivan Erickson.

H. O. Loken left last Friday for an extended business trip to Eastern markets for the purpose of making selections for the goods to be announced in the fall catalogue of the firm. This catalogue will be issued in September and will be much larger than the first one put out by the firm this spring. Mr. Loken will go to the Twin Cities, Chicago, Cleveland, New York and other large centers before returning and expects to be gone about three weeks.

ASKS CITIZENS TO OBSERVE THE LAW

MAYOR G. A. PENNEY CALLS ATTENTION TO ORDER ON PEDDLING OF LIQUOR.

By reason of its location Thief River Falls is likely to be bothered to a greater or less degree by persons attempting to evade the recent liquor-carrying order of the State Safety commission. This order forbids the transportation of intoxicating liquors into or through dry territory and provides severe penalties for violations. Last week one man was caught at this business and has caused the authorities a vast amount of trouble.

The order of the commission has but recently been issued and its general purpose may be unknown to many. Mayor G. A. Penney has therefore deemed it advisable to issue a proclamation covering the subject so that no one will be able to plead ignorance of the law. The mayor calls upon all good citizens to tender their aid to the police officials in seeing that this order is observed as a disregard of its provisions can only result in a heavy cost to the taxpayers and a most unenviable reputation being acquired by the city. The proclamation is as follows:

"To Whom it May Concern: Pursuant to Orders No. 24, 33 and 35 of Minnesota Commission of Public Safety, it is unlawful for any person to bring or transport into the City of Thief River Falls any intoxicating liquor in any manner whatever, excepting from the operation of such orders druggists and other persons authorized by law to import and keep such liquors. The Chief of Police or any peace officer are by such orders authorized and instructed to search persons for such liquors and confiscate same, when found.

"The importation of liquors as aforesaid is also made a misdemeanor punishable by a fine, not to exceed $100, or imprisonment in the county jail not to exceed 90 days.

"The public is hereby notified that it is the duty of the Mayor and Police Officers of the City of Thief River Falls to enforce said orders and such action will be taken in that behalf, as the public authorities may deem necessary.

"It is the duty of every good and patriotic citizen to observe these orders and it is hoped that such compliance be had therewith that prosecutions will be unnecessary."

More Red Cross Picnics.

There will be a Red Cross picnic at New Carmel, eight miles southeast of Grygla, on June 9th, to aid the Red Cross and celebrate the completion of the new creamery and store. An invitation is extended to everyone to be present.

Free Dental Service.

The dentists of the country have been drafted into the service of Uncle Sam to the extent of giving free advice to the men who join the army concerning their teeth. Dr. C. R. Crandall is the chairman for Pennington county, and all the dentists have signified their willingness to comply with the request. Any of the men who are called in the draft or who wish to volunteer will find it to their advantage to visit a dentist before doing anything else as the matter of teeth is one of the most important according to the standards of the army or navy.

Banks to Close Saturday P. M.

According to the notice printed in another column of this issue it will be seen that the banks of the city will close at noon on Saturdays, beginning this week and continuing until August 31. This is the plan followed generally by banking houses all over the country and there is no good reason why those in Thief River Falls should not follow suit. This will cause no inconvenience to the public once the matter is understood and will make a decided difference to the bank employes.

Miss Helen Barnekman who taught in the public school at Euclid, returned to her home in this city Tuesday morning to spend her summer vacation.

Mrs. Ray Lindquist, nee Miss Mabel Loken, of this city, arrived here Monday morning from her home in Minneapolis, for a few weeks' visit at the home of her mother. Mrs. Lindquist is managing the Loken department store during the absence of Mr. Loken who is in the East.

Mrs. W. B. Fuller and daughter, Theresa, and son Bernard, returned Sunday morning from a several days visit in Minneapolis and Faribault. Mrs. Fuller visited her son Herman, who is a student in the Faribault school for the blind. Herman returned with them Sunday morning to spend his vacation here at his home.

A Bargain in Lumber.

The lumber used in the construction of the ice rink on Second street will be sold to the highest bidder for cash. Also the building, 16x40 feet used as a warming house.

Sealed bids will be received up until 4 p. m. Saturday, June 8 at the office of G. Howard Smith, Citizens Bank building.—m-30-j-6.

Stephenson-Ferdinanson.

Last Thursday morning at 10:30 o'clock, Miss Irene Ferdinanson, of Goodridge, became the bride of Clarence Stephenson, also of Goodridge, at the German Lutheran parsonage with Rev Schultz of Goodridge officiating. Miss Evangeline Cousins was bridesmaid and Victor McLeod was groomsman. They will live in Goodridge.

The Greatest Picture of All!

War on Insects Will Save Food

Th cereals which are being used as substitutes for wheat flour are very attractive to certain insects, especially during the warm weather. Proper care in handling and storing wheat substitutes will preven[illegible] all loss from insects, ("Meal bugs," "Meal worms," "Flour moths," and others.)

When You Buy Wheat Flour Substitutes

PURCHASE SMALL QUANTITIES of different cereals which can be used without long storage.
INSIST ON FRESH, CLEAN CEREALS.
PACKAGE CEREALS SHOULD BE IN TIGHTLY SEALED PACKAGES.

Do not accept packages which have been broken open or have holes in them. Even very small holes may mean that there are insects in the package. "Sacked cereals" should be in clean, tight packages.

Before You Store Wheat Flour Substitutes

HEAT THE SACKED CEREALS IN THE OVEN.

Your grocer should supply you with "heat testing wax" for use in heating cereal to protect it from insects. One box of wax costs 5 cents and contains 20 tests, which will supply an average family all the season.

DIRECTIONS FOR HEATING CEREALS TO PREVENT INSECTS FROM BEING BROUGHT INTO THE HOME.

1. Put the cereal in pans so that it will be not more than 2 inches deep. (An ordinary "dripping pan" 11x15 inches holds 5 lbs. of ground cereal or 2½ lbs. of rolled cereal.)

2. Put the pan of cereal on the upper grate of the oven. If you have more than one pan of cereal it may be necessary to fill the oven.

3. Place the testing wax on a piece of paper on top of a pan of cereal and put this pan in the part of the oven which you have found to be the hottest. This will probably be the top of a wood or coal oven and the bottom of other ovens. If in doubt, place wax in each part of the oven.

4. Heat the cereal until the testing wax melts down to a grease spot. (185 degrees F.) With a coal or wood stove, have a slow fire and the wax should melt in 10 or 15 minutes. A gas, gasolene, kerosene oven should be run with the fire as low as it will burn well, and the wax should melt in about 15 minutes.

5. When the wax melts, remove the wax and mix the cereal well.

6. Leave the cereal in the oven 45 minutes after the testing wax melts. If using a wood or coal stove, leave the oven door open during the 45 minutes, and keep the fire low. When using a gas, gasolene, or kerosene oven, turn out the fire and leave the oven door closed during the 45 minutes.

7. At the end of this time there will be no chance of insects, developing in the cereal unless you store it where they can get at it.

CAUTIONS

Do not have the cereals more than 2 inches deep in the pans.

Always use testing wax when heating cereals.

Watch the wax carefully during the first 10 or 15 minutes and do not let the oven get hotter after the wax melts.

When more than one piece of wax is used, stop heating when the first piece melts.

Mix the cereal when the wax melts.

Leave the cereal in the oven 45 minutes after the wax melts.

Leave the oven door open after the wax melts when using a wood or coal stove.

Turn out the fire and leave the oven door closed after the wax melts, when using a gas, gasolene, or kerosene stove.

Watch your cupboard. Insects are very small and sly and their eggs are so small that they can hardly be seen. Take more than usual care in the regular cleaning, and the insects will not have a chance to live. If there are any insects present which feed on cereals, they will get into your cereal and destroy it. If there are no holes in the sacks or packages, they will make holes for themselves. Once in the packages, they will multiply rapidly, and it will be hard to get rid of them.

WHEN YOU STORE YOUR CEREALS, it is suggested that you put them in jars, stone crocks, or tin cans. These can be scalded out, dried, and tightly covered.

IF THE CEREALS GET "BUGGY", place the cereal in the oven and heat according to directions. This will kill the insects and the cereal may then be sifted and used for cooking, if the damage is not too great. In case the damage is too great, it may be used for feed for animals.

Lest You Forget --- Safety First
BUY FRESH CLEAN CEREALS IN TIGHT PACKAGES.

Be doubly safe by heating the sacked cereals as soon as you get them home. This is the only safe method of protecting your home against pests of wheat flour substitutes.

MINNESOTA HISTORICAL SOCIETY

[illegible]REAT CROWD TO HEAR GOVERNOR

ONE OF LARGEST GATHERINGS IN CITYS HISTORY GREET GOVERNOR.

A STRONG PATRIOTIC PLEA

FARMERS FROM NEARBY SECTIONS MADE UP LARGE PART OF AUDIENCE.

One of the largest audiences ever seen in Thief River Falls greeted Governor J. A. A. Burnquist here on Saturday evening when he delivered an address on "Patriotism" at the Auditorium. One of the notable features of the gathering was the [illegible] number of farmers present, [illegible] coming from long distances to [illegible] the state's chief executive de[illegible]er one of the most able and telling addresses on the duties of citizenship ever heard in this section.

Crowd Was Enthusiastic.

It was perhaps the most responsive crowd ever seen in the city. Time after time the speaker was interrupted by applause indicating enthusiastic approval. As he arose to speak after the introduction by Mayor G. A. Penney, the audience greeted him by rising and applauding for several minutes. The governor was in good voice and his remarks could be heard in every corner of the large auditorium.

Mayor Was Chairman.

Mayor Penney acted as chairman of the meeting. In presenting the governor he made a plea for laying aside all political differences at this time and unitedly working and voting for the men who unreservedly have stood by the nation in the past troublous times and who could be depe[illegible]d on to remain in that position [illegible] peace shall again have descended [illegible] war-weary world. "I have al[illegible] affiliated with the Democratic [illegible]ty," said the mayor, "but I am go[illegible]g to vote for Burnquist," which declaration was met by a rousing round of applause.

Hit All Hun Propoganda.

Governor Burnquist coincided with Mayor Penney as to unity of all parties at this time and went on to state that this should be so, regardless of occupation, of race, of color, of nationality, of creed or even of party.

In his talk the speaker of the evening took occasion to refer to the demoralization of Russia, suggesting that the very same thing might be possible right here in Minnesota if the activities of such organizations as the I. W. W. were not properly dealt with. However, he felt certain that the people of this commonwealth had come to realize the situation, and that they would not stand for one class being arrayed against another.

No Discriminations.

Ever since Abraham Lincoln declared that this should be a country [illegible]h a government of the people, by [illegible] people and for the people, this [illegible]le sentiment has spread far and [illegible]de and become a world power, said Gov. Burnquist. He was roundly applauded when he went on to say that there must be no discrimination shown against any class; that the business man should not be merely for the business man, the farmer for the farmer, the labor union for the labor union, but that each should stand shoulder to shoulder in this fight toward a common end.

However, the speaker was fearful on account of the attempts being made to place politics ahead of loyalty at this time, and he was cheered time and again and his hearers rose to their feet as he stated in no uncertain words that as long as he was governor of Minnesota he would smash any damnable Hun propaganda that he might learn of.

Send Disloyalists Back.

Continuing along these lines the governor openly declared that he believed that if there was a disloyal person in the United States such party should be interned for the duration of the war, that he should be [illegible]rived of his citizenship papers, [illegible] have his property taken away [illegible] him, and at the conclusion of [illegible] war sent back to the country [illegible]hence he came in the hope that he would there find himself among friends.

In conclusion of his remarks the governor was cheered when he said that under no circumstances would he permit any of our boys to be stabbed in the back.

Prof. Hay's Remarks.

J. H. Hay, superintendent of the Thief River Falls schools, made a few remarks in closing that were deserving of the high praise they received. Prof. Hay said that the governor's speech had brought out facts and cleared the entire atmosphere in this section. Not only the approval of the address of the governor in itself, but the significance of the reception given him, augured well for the soundness of the views entertained by the people of Pennington county and northwestern Minnesota.

Injured by Dog.

Mrs. H[illegible] [illegible]son, wife of the [illegible]nager of the Nortz Lumber company, has been laid up during the pa[illegible] week as a result of a peculiar accident. She was standing on the corner of Third and LaBree waiting for an auto to pass when a big Newfoundland dog attempted to rush past her. The clumsy canine evidently meant no harm but he ran into Mrs. Johnson from behind with sufficient force to knock her down. She struck the back of her head in the fall and was quite badly shaken up. She is improving and nothing serious is expected to result.

GOVERNOR BURNQUIST

LOCAL CONTRACTOR IS BADLY INJURED

JACOB PFEFFER IMPALED BY SCANTLING WHILE WORKING AT HIBBING.

Jacob Pfeffer of the Northern Construction company of this city, is lying in a serious condition at a hospital in Hibbing as the result of an accident which happened about three weeks ago the details of which have just become known here.

Mr. Pfeffer had charge of certain building operations for his concern in the range town, and was engaged in taking down the concrete forms used in the construction of a basement wall when the accident occurred. He was on top of the wall attempting to loosen a scantling, when the piece suddenly broke off near the bottom, causing him to lose his balance and fall. The scantling broke so as to leave a sliver about two feet long sticking up, and Mr. Pfeffer lit straddle of this. The sliver penetrated his body completely, coming out at the side and making its immediate removal impossible. It was found necessary to saw off the splinter and move the injured man to the hospital with it sticking in his body.

In spite of the seriousness of the wound, Mr. Pfeffer was evidently getting along very well until a few days ago, when complications set in. He is a man of unusually robust physique and it was thought he had a fighting chance for life. Late reports, however, are to the effect that he is in a very serious condition and the doctors are not holding out much hope for him.

REV. DUDLEY WILL DELIVER ADDRESS

PUBLIC INVITED TO ATTEND PATRIOTIC EXERCISES AT AUDITORIUM.

Rev. W. E. Dudley of Crookston will be the speaker at the memorial services to be held under the auspices of the local Elks' lodge tomorrow evening. Judge C. W. Stanton of Bemidji, who was announced as the speaker for this occasion, has found that other matters will make it impossible for him to be present.

The parade will start from the Auditorium at 7:30 o'clock sharp, and will march through the principal streets of the city, disbanding again at the point of beginning. The Elks have arranged the finest program in the history of the organization in this city and every person is invited to come and help make the occasion a rousing patriotic demonstration.

Many will be in attendance at the community picnic near Highlanding during the afternoon, but will have returned to the city in time to take part in this patriotic memorial demonstration.

GO TO U. OF M. FOR SPECIAL TRAINING

FOUR YOUNG MEN ENLIST FOR THIS SERVICE AND LEAVE SATURDAY.

An opportunity for special training at the university of Minnesota was recently offered a limited number of young men in the state, Pennington county's quota being four. Application for the assignment was made by the following and they have been selected to go: Elmer Ferdinand Erickson of River Falls township; Ole Haugan, city; Theodore Rustad, Erie; Ray Lindquist, Bray township.

These men were all draftees but the local board was granted permission to release them for this service.

WILL READJUST DRAFT CLASSES

CLAIM MADE THAT MANY ARE PLACED IN WRONG DIVISION.

MISTAKE IN OUR CREDITS

PENNINGTON COUNTY AMONG THE LOWEST IN THE ENTIRE STATE.

Pennington county has a kick coming against whoever in charge has the giving out of figures with reference to army enlistments, registrations and quotas.

Increase in the number of Minnesota draft regsitrants in Class 1 through transfers from Classes 2 to 5 under the draft regulations is the end sought in an order from Provost General E. H. Crowder and in connection with the publication of this fact the people here have been given a decidedly black eye and one to which they are not at all entitled.

Figures Entirely Wrong.

Pennington county and District No. 4 of St. Louis county are claimed to have furnished but 15 per cent of Class 1 men out of the total registration. This is so clearly wrong, so far as concerns this county at least, that no time should be lost in making the correction.

According to the books of County Auditor T. P. Anderson, clerk of the local board, the total registration in Pennington county was 904 men. Out of this number 246 were placed in Class 1. This is almost exactly 26 per cent of those available, while the figures show that but little over 24 per cent of the registration was placed in the first class in the entire state.

Percentage Increased.

But the county's record is even better than this. The books show that 132 registered men have already been sent to the different divisions of the army and that there are 92 still remaining. Besides these there were 32 names stricken off the original Class 1 list and placed in Class 5, Division D by the board, they being already in the military service, while 15 were inducted previous to the arrival of the questionaires. This brings the total up to 271 men who would properly be in Class 1, or within a very small fraction of 34 per cent. When it is taken into consideration that Pennington county is an agricultural community and that the district exemption board therefore had to do with a considerable number of claims on this account, it will be seen that there are very few counties in the state with a better record.

Will Ask Correction.

The registration officials and people generally are naturally somewhat peeved over the publication of any such record and the matter has been called to the attention of Major Snyder in the hope of having the mistake corrected.

May Play For Red Cross.

Base ball enthusiasts among the railroad men are busy trying to get together a team for the purpose of playing in this neighborhood during the summer. The trouble seems to be that no sooner is the lineup about completed than the boys get the fever and join the army. If a team can be gotten together it is the intention to challenge the Goodridge bunch for a game here, the proceeds to go to the Red Cross. This kind of schedule could be extended indefinitely and would prove very popular.

CITY IS WELL OVER RED CROSS QUOTA

SUBSCRIPTIONS WILL PROBABLY TOTAL 20 PER CENT MORE THAN ASKED.

G. Howard Smith, chairman of the Red Cross soliciting committee for the city of Thief River Falls, reports that a total of $5,704.05 has been pledged to date and that the probabilities are that the sum will reach $6,000. The campaign is practically closed as far as the city is concerned but there are still a number of country districts to hear from. Chairman Thos. A. Way, having this part of the campaign in charge, states that there is no question but that the county has more than subscribed its $10,000 allotment, but that the exact figures are hard to get at because in many cases the donations are represented by pledge cards which are not returnable until after harvest this fall.

Through the sale of the products from farm plots donated as well as live stock and other items of value it is figured that not only will the county's quota be well oversubscribed but that the local chapter and auxiliaries will have a fine working capital with which to continue operations. Thirty per cent of the amount subscribed on pledge cards of this character goes to the local chapter and auxiliaries, the remainder being turned in as part of the county's quota for the maintenance of the national organization. Cashier L. A. Lampert of the Farmers and Merchants State bank, which has been named as depository for the funds, states that $1,206.60 in cash has also been received from outlying districts.

In the city very few blue cards were used while in the country districts hardly one was needed. People came forward gladly to the extent of their means, many even going much farther than was expected of them.

City Buys Coal Early.

The city will endeavor to save a small sum of money by purchasing and having delivered at once the supply of coal needed during the coming winter, and at the same time assist the government in its movement to have next winter's coal shipped and stored during the summer months.

When Supt. Leonard Peterson, of the Water and Light department took the matter up with the council he was at once advised to take the above step, and also told to have the coal shipped at once and to have it prepaid. It is hoped that the order can be filled and shipped, and perhaps received, before the advance in freight rates takes effect.

Mr. Peterson stated that the city used about 200 tons last winter and he thought a similar amount should be ordered now. This would probably save the city $160 if secured under present freight rates instead of waiting until later in the season.

44 CLASS ONE MEN IS COUNTY QUOTA

THIS NUMBER WILL BE SENT TO CAMP GRANT ON JUNE 24.

The local registration board has been notified to have 44 Clas 1 men ready for shipment to Camp Grant, Rockford, Ill., on June 24, this being the requirement for Pennington county in the current call.

The notice for entrainment received by Clerk T. P. Anderson of the board, urges that men who are actually engaged in the planting and cultivation of crops be drawn upon only in cases where there are not a sufficient number otherwise procurable to fill the quota. The list of those available published in The Times last week may therefore be changed in some slight particulars, those who can most easily be spared from their work at this time being taken. It was also figured at that time that about 50 would be the requirement for the county and the lower number will make the selection easier.

This will be the largest number of draftees sent from this city since the first contingent left a year ago.

GAS FRANCHISE IS LOST BY DEFAULT

COMPANY FINDS IT IMPOSSIBLE TO COMPLETE WORK THIS YEAR.

The Public Improvement company of Minneapolis, owners of the franchise for providing commercial gas in the city of Thief River Falls, has defaulted in the terms of its contract and the franchise will automatically expire on the first of July. According to the agreement entered into between the city and the company the latter was to be in shape to furnish gas within one year from the time the franchise was sold, but not even an appreciable start toward a plant has been made. That the company was sincere in its desire to put i na gas system is evidenced by the fact that land for the location of the tank was acquired and other preliminary steps taken. The high cost of material and the difficulty encountered in disposing of public service bonds at this time are given as the reasons for not going ahead with the work.

It is understood that the company will ask that the franchise right be extended for another year in order that the enterprise may be again taken up when conditions shall change.

Will Not Seek Re-election.

Although the date for the holding of the annual school election is still more than a month distant, quite a little interest is shown in the outcome. Two members of the board of education are to be chosen, the terms of Dr. F. H. Gambell and C. A. Pitkin expiring. The latter states that he will not again become a candidate while the preference of Dr. Gambell in the matter has not been announced. July 8 is the last day for filing but names may be placed on the ballot through petition signed by five voters.

Guard Mount and Retreat.

As a part of the drill program for this evening Company C will put on guard mount and retreat at the Soo depot, the large flag there being employed in the ceremony. This is a beautiful observance and it will do our people a whole lot of good to witness it as often as possible. While the band is playing the national anthem all within hearing are required to stand with heads uncovered, the military company standing at parade rest. It would be a splendid and appropriate thing if as many of our citizens as can possibly do so would be at the Soo depot park when this ceremony is being observed and pay their respects to the flag.

HON. HALVOR STEENERSON

For Sixteen Years Representative in Congress From the Ninth Minnesota District and Candidate for Renomination at the Republican Primaries on June 17.

ALL ABOARD FOR THE BIG PICNIC

OTHER ACTIVITIES WILL BE SUSPENDED IN COUNTY TOMORROW.

HELP TO SWAT THE KAISER

THIS WILL BE CONTINUOUS PASTIME OF THE THOUSANDS PRESENT.

Everything is in readiness for the Pennington County Community Picnic to be held in the S. L. Holm grove at Higlanding tomorrow, June 14th. This is Flag Day and many of the business houses will close up for the day and it is understood that most of the others will close up at noon, thus allowing the clerks and proprietors an opportunity of taking in the afternoon program. The report is that St. Hilaire and the immediate vicinity will send 60 cars. The people at Goodridge say that there will not be a car left in town except those which will meet the Electric car to dray the pleasure seekers to the picnic grounds and many of them will make extra trips to accommodate those who do not have the means of reaching Highlanding. It is expected that Thief River Falls will send from 150 to 200 cars. At least from 10 to 15 cars will make the trip from Grygla. It is reported that a large number will be present from Marshall, Beltrami and Red Lake counties. Arrangements have been made at the picnic grounds to accommodate 600 automobiles.

Electric Will Run Special.

The Northwestern Electric railway will run a special train, leaving Thief River Falls at ten o'clock. This will make all of the regular stops, thus furnishing transportation to the farmers along the line. Two cars have been engaged, so there will be room for all who do not make the trip in an automobile. The return train will leave Goodridge at 5 p. m.

Two Bands Present.

Music will be furnished throughout the day by the Silverton and Goodridge bands. A musical prelude to the afternoon program will be in charge of Miss M. Lucille Holliday of Crookston, who is one of the best known vocal leaders in this country. The main speaker of the day will be Judge F. T. Wilson of Stillwater, a member of the U. S. Food Administration, who will speak on the subject: "War Interests." Judge Wilson is one of the leading speakers of the state, and is sure to give a message full of value and interest.

Big Sports Card.

Besides the regular racing program there will be a ball game between Goodridge and Thief River Falls. One of the most enjoyable sport events will probably be the tug of war across the river. Six young men from Goodridge have challenged any other similar number in the county in this contest, and the only provision they have made, is that the men who accept the challenge prepare for a bath in the river. Boat racing, swimming and other water events will entertain the people on the river banks.

Close up shop and attend. This is everybody's picnic.

"Swat the kaiser."

RED CROSS ELECTION.

There will be a meeting of the executive committee of the Red Cross at the Commercial club rooms at 1:30 o'clock Saturday afternoon for the purpose of electing officers for the short term which terminates in October. City and country members are all urged to be present.

May Enlist in Navy.

Men of the 1918 class of draft registrants may enlist in the navy and marine corps, according to new rulings made by Provost Marshal Gen. Crowder. Order numbers and serial numbers have not been assigned the registrants, but this contingency was waived.

This will prove good news to several of the boys who registered in Pennington county on the 5th, as it is known that they greatly prefer the navy service. These should at once make application for enlistment in this branch.

WITHDRAWS FROM LEGISLATIVE RACE

G. P. JONES OF BAGLEY, DECIDES TO SUPPORT MR. DAY INSTEAD.

The withdrawal of G. P. Jones of Bagley as a candidate for the legislature in this district leaves the fight a three-cornered proposition. Mr. Jones' announcement came as something of a surprise, but he evidently does not wish to be responsible for the vote of Clearwater being split on this proposition. In announcing his retirement from the field, Mr. Jones says:

"The paramount issue in this part of the district was, shall the representatives of this district be guided in matters of legislation by the farming constituency or shall a few bankers direct and control them in future as they have succeeded in doing in the past. Mr. Day has announced his policy or platform. He is considered generally to be the farmers candidate. I have no desire to oppose their candidate and have decided to withdraw my candidacy."

This leaves the race between Mr. Day and Messrs. Sortedahl and Grandbois of Red Lake county, with two to be chosen.

NONPARTISANS IN BIG AUTO PARADE

The Pennington county members of the National Nonpartisan League made a demonstration in force on Tuesday when they formed themselves into an automobile parade and visited numerous point in the neighborhood. The procession started at St. Hilaire and passed through Thief River Falls, there being about 180 cars in line when this city was reached. Others joined the line at Mavie, Goodridge and Highlanding, the total being about 258 by the time the last named point was reached, when dinner was served. Music was provided by the bands from Silverton and Black River townships.

The return trip was made by way of Terrebone, Plummer and Red Lake Falls, the procession disbanding at St. Hilaire. The demonstration was turned into a regular picnic event in which entire families took part.

FARMERS STICK TO STEENERSON

RECOGNIZE FACT THAT CHANGE AT THIS TIME WOULD BE UNWISE.

GETS AN UNUSUAL TRIBUTE

CHICAGO PUBLICATION IS DEVOTING MUCH SPACE TO RECOUNT HIS RECORD.

Halvor Steenerson, congressman from the Ninth Minnesota district during the past 16 years, has by reason of his attitude toward all matters pertaining to farmers and farming become recognized as the foremost spokesman for the agricultural classes at Washington. This recognition is not confined to the district he has so ably represented for so long nor even to the state from which he hails—it is a tribute paid him by the farmers in every section of the country. His fight against the oleomargarine interests, his insistence upon more equitable grain grading laws, his demand that the farmers be assured a fair price for their wheat during the war, and the strong presentations he has always been able to make because of his intimate knowledge of the conditions surrounding farming operations everywhere has singled him out as the one infallible authority whenever subjects of this nature have come up for discussion.

An Unusual Tribute.

"Skandinaven," a Norwegian language newspaper published in Chicago, is among the publications of national prominence that have watched the career of Steenerson and approve of it. In a recent issue this widely-read journal contained an editorial endorsing a similar article appearing previously in The Times, prefacing the translated clipping with the following:

"Congressman Halvor Steenerson of the Ninth Minnesota district, is seeking renomination at the primary election on June 17. His opponent is Frank M. Barton, a locomotive engineer on the Soo railroad, who is said to be a most radical Socialist and who has at no time indicated that he is in sympathy with the government in its conduct of the war. He is incidentally endorsed by the Nonpartisan League's management, and as the league is said to have a considerable membership in the district he will in all probability secure a number of votes on which he could otherwise not have calculated. It may be expected, however, that the large majority of the district's Republican voters will endorse Steenerson's excellent record and see to it that he is not superseded by a man who is his inferior in every way and concerning whose loyalty there exists more than a doubt.

"The Thief River Falls Times has been considered one of the papers friendly to the farmer's organization, although the League has at no time exercised any control over its policy. This paper in its issue of May 23, contained an editorial article dealing with the forthcoming election which it will be of general interest to reproduce."

Here follows the entire editorial appearing in The Times with comment highly complimentary to the present Ninth district congressman. "Skandinaven" supplements The Times' article with a considerable list of law enactments which Steenerson has either himself introduced or has been instrumental in getting passed. The list is a highly creditable one, but forms only a small fraction of the many enactments to the credit of the present congressman from this district.

From Nearer Home.

The independent newspapers of the district are supporting Steenerson generally. The Warren Sheaf, whose editor has known the congressman for years, contributes the following testimonial to his worth:

"Without saying anything in disparagement of Frank M. Barton, the Nonpartisan candidate for Congress, who no doubt is a sincere and good man, we, nevertheless, believe that the farmers of Marshall county will think twice before they will turn down such a true and tried public servant as Halvor Steenerson. In his whole congressional career, we have yet to learn of a single measure advocated by him that has been contrary to or deterimental to the best interests of the farmers and producing classes. On the other hand we know of many things he has done to foster legislation of direct benefit to the farmers of the Red River Valley. His work for drainage, federal appropriations for good roads, the national farm loan system, rural mail delivery, agricultural education and many other measures, has certainly been valuable to his constituents. We have known Mr. Steenerson personally for over thirty years and we have always known him to be the farmers' friend. It was he who in pioneer days fought their cases in court against unjust discrimination and exactions of railroads and elevator companies. Mr. Steenerson is getting to be an old man now and we are convinced that he will not knowingly forsake the common people at this late day of his life. Other men may make good representatives in Congress. Mr. Barton may, possibly, although he is totally lacking in legislative experience. But as to Mr. Steenerson we are dead sure that he will do the right thing at the right time. For these reasons and many others that we could name, we believe the voters in Marshall as well as other counties in the district, will vote overwhelmingly for Mr. Steenerson's return to Congress at the primaries to be held on June 17."

Would Not Serve as Well.

The Karlstad Advocate can see no basis for comparison between the two candidates. The editor of that paper voices his opinion of Mr. Steenerson's opponent in the following terms:

"Frank Barton, candidate for Congress on the Nonpartisan ticket, was here last week and attended a picnic at Bothum's grove near Halma.

"Barton will never be anything but what he is, a railroad engineer. He has no ideas about the political needs of the country. His speech was a halting attempt to say something and he would make more votes staying at home and letting someone else blow his horn. Halvor Steenerson is an able man and has served us well for many years. We don't believe that even the most enthusiastic of Nonpartisans are going to stand for anything like Barton representing them in the national Congress. He will serve us as well as a Congressman as Halvor would serve as an engineer if he was placed in charge of a locomotive and told to go ahead."

The Man We Need.

The farmers of Clearwater county are evidently well satisfied with Mr. Steenerson as a representative. The Bagley Independent has the following to say concerning his candidacy:

"Hon. Halvor Steenerson is again a candidate to succeed himself as congressman from the 9th district. He confers a favor upon the people of his district. We do not believe that any change could better matters. Mr. Steenerson has been loyal. He has a tremendous influence in Congress and he is doing the things people elected him to do. That is the kind of men we need in Congress just now. Let us keep him there."

Has Splendid Record.

The Clearbrook Leader agrees with The Times in saying that the farmers could not be better represented in Washington than at present. The Leader says:

"It is important to every voter in the Ninth district that Halvor Steenerson again be returned to Congress for the very reason that we cannot afford to make a change at this critical moment and during his sixteen years of service in Congress has been a most urgent worker for the farmers and is responsible for many laws enacted favoring the farmers of the Northwest. His long service has given him knowledge and the ability to carry out his aims and convictions. He has a splendid record in Congress and we predict his re-nomination and re-election."

A Friend of the Farmer.

One of the things to be particularly noted in this campaign is the evident disposition on the part of all newspapers to treat Mr. Barton, the opponent of Congressman Steenerson, with the utmost fairness. In urging his readers to support the present member, Editor F. R. Davies of the Plummer Pioneer says:

"In the fight for Congress this year we do not believe that the farmers are going to stick for the Nonpartisan League candidate. Halvor Steenerson has always been a friend of the farmer in this community. He is a man whose word carries weight and influence with his fellow congressmen on account of his personal knowledge of the country's needs and condition, which he has obtained through 16 years of actual service. Mr. Steenerson occupies many important committee positions and is far more able to get bills through than a new man who is not acquainted with conditions. While, we know nothing whatever about Steenerson's opponent, Frank M. Barton, nevertheless, we say to re-elect Steenerson, by all means."

REGISTRANTS RUN HEAVY TO NORSE

NEARLY TWO-THIRDS OF THOSE LISTED CLAIM SCANDINAVIAN PARENTAGE.

The fathers of but 18 out of the 89 young men who registered for military service last Wednesday were born in the United States. Those of Scandinavian parentage were in the strong majority, representing practically two-thirds of the entire list. Norway leads, of course, the fathers of almost half the entire bunch hailing from the Land of the Midnight Sun.

The following list shows the nativity of the fathers of the registrants:

Native born	18
Norway	41
Sweden	17
Denmark	4
Bohemia	2
Scotland	1
Russia	1
Germany	1

Of those registering 85 were native born, three alien and one a naturalized citizen. The one lad of German parentage is Nis Asmus C. Anton, whose father was born in Alsace-Loraine.

More Help For Red Cross.

At the Red Cross auction sale held at the school house in District No. 57, township of Reiner on June 8th, the proceeds totalled over $70.00, according to E. Aakre, who was chairman of the finance committee, which sum has been turned over to Treasurer T. L. Melgaard of the Pennington county chapter. The auction was well attended and everybody had a good time.

Will Adjourn For Picnic.

The board of county commissioners is scheduled to hold a meeting tomorrow, but it is expected that an adjournment will be taken immediately after the meeting is called in order to allow the members to attend the community picnic.

EPWORTH BAND WILL MEET HERE

CONFERENCE OF METHODIST PASTORS TO BE HELD AT SAME TIME.

FOR A FIVE-DAY SESSION

PASTORS AND DELEGATES OF NORTH HALF OF STATE WILL BE PRESENT.

The Fergus Falls district conference, and Epworth League convention of the Methodist church will convene in Thief River Falls on the evening of Wednesday, June 19, the sessions lasting over Sunday. About 150 will be in attendance and there will be a full program of good things every morning, afternoon and evening.

Address by Dr. Burns.

On Wednesday evening Dr. Chas. Wesley Burns of Hennepin Ave. church, Minneapolis, will deliver an address on "The Dynamics of Personality." Dr. Burns is one of the leading platform men in the Northwest and those who fail to hear him will miss a rare treat.

On Thursday morning the district conference will open with a sermon by Rev. J. W. Powell of Moorhead after which a business session will be held. In the afternoon short addresses will be given by Rev. O. D. Cannon, of Detroit, Rev. L. W. Barthotow of Warren, and Rev. B. D. Hanscom of Bemidji.

Former Pastor to Speak.

Rev. J. B. Smith, a former pastor of the church in Thief River Falls, will preach at the evening session. On Friday morning Rev. E. E. Shall of Crookston will preach at 8:30, the sermon being followed by a full program on the related interests of the church. The afternoon session will open the Epworth League convention when various themes relative to young people's work will be discussed by leaders in the movement in the district. At 4:00 p. m. the inspirational hour will be conducted by the Rev. G. G. Valentine of Minneapolis, and it will be an hour of great interest to all our people, regardless of church affiliations. At eight o'clock Rev. C. H. McCrea of Wadena, will deliver a patriotic address. Dr. McCrea is at home with this theme and is in a almost constant demand in the various parts of the state. This will be another number that all will want to hear.

Saturday's Program.

A full program will be given on Saturday morning which will be of interest to all who are engaged in work with young people. Saturday afternoon is given over to recreation and if the weather permits the local chapter will entertain their visitors at a real old-fashioned picnic. Sunday morning, June 23, opens with the love feast, at 8:00, which will be followed at 10:30 by the regular morning worship. Dr. S. F. Kerfoot DD., president of Hamline University will preach. The music will be under the direction of the local choir, assisted by the district quartette, Miss Agnes Gunderson of Crookston, and others who will help to make this feature of the program attractive to those who attend.

A general invitation is extended to members of all other churches to attend these meetings.

Miss Tillie Melby arrived here last Saturday morning from Minot, N. D., where she has been teaching in the public schools, and will visit here with her sister, Mrs. Wilhelm Michelet, for a few weeks.

Railroad News Notes

Items Concerning Soo and Great Northern Activities

HOW THE INCREASE AFFECTS EMPLOYES

GREATEST ADVANCE RECEIVED BY THOSE WITH SMALLEST PAY CHECK.

The 2,000,000 employes of the railroads are still puzzled about that raise in pay granted them by Director General McAdoo. They know that it totals something like $300,000,000 and is retroactive to last Jan. 1; that it recognizes the basic principle of the 8-hour day, but that owing to the war, hours of employment are not actually reduced, overtime pro rata being paid instead; that day laborers employed on track work are to get at least 2½ cents an hour more than last December; that a minimum of 55 cents an hour is established for the shop trades; that women are to receive the same pay as the men where they do the same work; and that negroes are to get the same as white men for the same job.

They know that men drawing under $46 a month on December 31, 1915, get a flat raise of $20 over that figure, and that men from $46 up get amounts varying from 43 down to 4.56 per cent of their wages, the bigger increases being given to the men with the smaller wages. They know comparatively the same scale of percentages applies to the men who work by piece, by hour or by train miles. But railroad men don't know how the scale works. So here are a few examples which will show them how it figures out.

Will Affect Nearly All.

The telegrapher who holds the same position now that he did Dec. 31, 1915, will receive an additional wage of $30.75. If in the past two years he has received an increase of $10 a month, his net advance now will be $20.75. In other words, he will hereafter draw $105.75 and, in addition, will get five months' back pay at the rate of $20.75 a month, or $103.75 in all.

Sectionman Smith is employed in 1918, but was not working in 1915. The rate of pay on the division where he is working was in 1915, $1.10 a day of 12 hours, seven days a week. The 1918 rate of pay is $1.50 a day for the same hours. The monthly rate for 1915 was, therefore, $33. It is now $45. Under the McAdoo plan of increase this job pays $20 a month more than it did in 1915, or $53.00. This is $8 a month more than Smith is now drawing. He is, therefore, entitled to five months' back pay at this rate, or $40 velvet, and in the future draws $53 a month regularly.

He Pulled the Peas—Roundhouse Foreman Farley of the Soo, believes in making his surroundings as pleasant as possible and therefore thought that there should be flowers in the bed provided for that purpose in the rear of his place of employment. He therefore planted several rows of sweet peas and these were just coming up in nice shape when something happened to them. The young fellow whose duty it is to keep the premises clean noticed the shoots coming out of the ground and made up his mind that they were weeds. So thoroughly did he attend to the matter of cleaning up the flower bed that not a single sweet pea remains. Farley says he will quit raising flowers. He and Nels Nelson, the blacksmith, have each bought a reel and the latest thing in fishing rods and will devote their spare time to angling.

Rates are Increased—Ticket agents at the different stations put in a couple of busy days straightening out their passenger tariff sheets in order to be ready for the rate increase that went into effect on Monday morning. There is a flat raise of one-third over the old price of tickets and there are various other charges in connection with sleeping cars and other extras which make traveling a positive luxury just now. It costs more than $14 to go from Thief River Falls to Minneapolis if a sleeper is used and it is expected that this will have rather a depressing effect upon travel.

One Depot For Crookston—According to information current in railroad circles, the Great Northern and Northern Pacific depots, freight and passenger, soon will be united, and all the business will be transacted by one force at the Great Northern station. Efforts to verify the rumors have failed, but the reports have been persistent for several days.

Railroad officials and engineers have been in the city investigating the matter, it is said, and they are to make recommendations to the general offices in St. Paul.

To Increase Switching Charges—Local switching charges are to be increased 25 per cent under the same rules applicable to other shipping the railroad administration announced today. This will result in doubling charges on many commodities such as sand and gravel moving under commodity rates. No car load shipments will be expected even for local switching movements at less than $15 a car. This increase will not be applied to switching included in long-range hauling.

Wreck Causes Delay—A derailed freight train near Gonvick was responsible for the passenger train from Duluth being held up more than 20 hours on Monday. Eight cars were thrown off the track and the work of replacing them proved considerable of a contract as the territory is boggy. The passenger arrived here at one o'clock Tuesday afternoon and started right back on its return trip. No one was injured in the wreck.

Back to Railroading—D. L. Emery, telegrapher, who a short time ago left the service with the intention of enlisting in the signal corps, failed to pass the physical examination and he is again in the employ of the Soo. He was yesterday checked in as agent at Southan, N. D.

Division Jottings.

Eugene Hance, storeman at the Soo, spent a couple of days this week at Overly.

Misses Nettie Ove and Anna Quale of the superintendent's office, spent Sunday in Minneapolis.

John Brod, pipefitter, is among the week's visitors at the state capitol.

Superintendent W. A. Barnard went to Minneapolis on business on Monday. He stopped off at Detroit over Wednesday and is expected back this evening.

Arthur Rambee has gone back to Henning as engine watcher for a short time.

Nels Ostvolden, car repairer, was in Minneapolis a couple of days the first of the week.

Louis Vevea returned to Minneapolis the first of the week, accompanied by his daughters, Marie and Louise. Mr. Vevea some time ago injured one of his eyes and as there seems to be no hope of improvement the specialists in charge have decided to remove the member and substitute one of glass.

Milton Gilseth, machinists helper, is visiting at Devils Lake for a couple of weeks.

Jacob Hermanson has been transferred to Henning for a short time.

Ingvald Fossum, storeroom clerk, went up to Karlstad the other day and came back with a big six cylinder, superheater Oldsmobile, which he had secured by trading in his old car and other valuable consideration. Vic Polman says that Ingvald is going into the freight hauling business as the car is one of 66 horsepower and almost as heavy as a young locomotive.

Emil Norquist and Nels Nelson are going to Glenwood next week to be right on the ground as soon as possible after the bass fishing season opens, which will be on Saturday.

Nels Ostvolden went to Camp Dodge last week to visit his son, Bert, who is one of the Pennington county boys in training there.

Mr. and Mrs. James Johnson were called to Holt on Tuesday by the serious illness of Mrs. Johnson's mother.

Car Foreman G. J. Conklin left for Minneapolis on business Saturday. He is expected back this evening.

Stop!

Uncle Sam wants you to place that order for your next winter's coal NOW, and like most things ordered by him, it's for your own protections.

We will soon be in a position to supply your needs. In the meantime, get your order in. You may depend upon our protecting you in this important matter.

How "Wear-Ever" Utensils Are Helping to Win the War

They Save Food

They save food from loss by burning or shrinkage. Heat does not collect in one spot. They cook quickly and thoroughly from all sides at once, with little danger of burning and with less loss from shrinkage of food.

They Save Fats.

They require little or no grease. It is estimated that if all griddle cakes were baked on "Wear-Ever" griddles without grease, there would be saved in a year by the families of the United States at least twenty-five thousand tons of fat.

They Save Fuel.

They heat quickly and uniformly. After food begins to boil the flame should be turned down one-third to one-half, or if coal or wood is used the draft should be closed. "A shovelful of coal saved daily in each of 15,000,000 homes means a saving of 15,000,000 tons a year."

They Save Time and Labor.

Time and labor can be saved—to knit for soldiers or to sew for the Red Cross—because little stirring of food is necessary and because less time is required to cook food. Thousands of women do not yet know that it is possible to preserve food in a "Wear-Ever" Preserving Kettle without stirring.

They Save Money and Metal.

A press notice issued by manufacturers of enameled ware states that about $100,000,000 are spent each year for enameled ware. Think of the vast quantity discarded each year—a National Waste Enormous and Avoidable. Did you ever see a "Wear-Ever" utensil in a junk heap?

Replace utensils that wear out with utensils that "Wear-Ever"

Phillips-Laing Hardware Co.

NEXT WEEK WILL BE "LA CAMILLE" WEEK

"La Camille"

On exhibit will be the latest make of this famous corset---the highest embodiment of the front laced idea. In attendance will be

Mrs. M. S. Prichard

principal of the International School of Scientific Corsetry—most expert fitter of front laced corsets in America—and a corsetiere of many years experience.

Mrs. Prichard will be glad to meet every woman who is interested in proper corseting, to explain how LaCamille corsets embody style, fit and comfort in an ideal combination—and if you wish demonstrated to you personally the thorough fit and comfort of the LaCamille designed for your figure.

This is a good opportunity to become acquainted with the greatest corset improvement of a decade—the

VENTILO BACK

and Front Shield of the LaCamille. No stiffness along the spine, nor pressure, but a patented, comfort-giving lattice-work device which also permits free circulation of air. The Ventilo Front Shield is grateful protection, especially to stout women, as it prevents scoring.

There is a LaCamille corset, embodying the latest style ideas, for every figure. High grade materials and careful workmanship are a LaCamille policy. Exceptional value in every corset.

There is a La Camille for you that will make you look your very best.

Prices $2 to $25

OEN MERCANTILE CO.

OVER $10,000 FOR RED CROSS WORK

THIS AMOUNT INDICATED BY CROP PLEDGES RECEIVED IN COUNTY.

FIGURE CROPS AS AVERAGE

DONATIONS COVER EVERY KIND OF FARM PRODUCE AND LIVE STOCK.

Over $10,000 already is in sight for the Pennington County branch chapters of the American Red Cross, this amount representing the estimated returns from crop pledges now being secured throuout the country.

Of all 21 townships, ten have sent in complete returns, seven incomplete and four no returns at all. However, several of these last should produce excellent results.

Based on Average Crop.

The above statement was made by Ross P. White, county agent, and who is on the crop pledge committee of the parent chapter having the matter in hand. Mr. Ross made his estimate after, securing figures showing the average crops for Minnesota for the past ten years. The figures he got [illegible] $10,092.45 and he believes [illegible] the total this fall will not be far [illegible] $15,000.

The total acreage so far reported [illegible] practically half a section, there being 318 acres altogether, of which about two-thirds are equally divided between wheat and oats. The figures for grain acreage are: Wheat, 111; oats, 107; barley, 40½; rye, 31; flax, 21½; potatoes, 3.

Live Stock and Poultry.

It was expected that several farmers would prefer to give live stock of some kind and this is borne out by the following offers: 23 calves, 7 pigs and 3 lambs. Poultry is also a suitable and useful gift and the Red Cross has been promised 10 ducks, 9 turkeys, 2 geese and 2 pigeons, to say nothing of 687 chickens—enough for a whole poultry ranch. For good luck six dozen eggs have also been placed at the disposal of the Red Cross.

Some Interesting Items.

Just as interesting are the miscellaneous items promised by other farmers of Pennington county, for [illegible] of which one has but to note [illegible] following: There will be three [illegible] of wood, five loads of sand, one [illegible] of wool, two bushels of beans, [illegible] pounds of honey and $232 in cash.

The report of Mr. White brought forth hearty applause from all the Red Cross workers present at the monthly meeting Monday night.

Civil Service Examination.

An open competitive examination for the position of clerk in the postoffice at Thief River Falls will be held on Saturday, June 22. Both men and women are eligible to hold this position. All those wishing to take this examination should communicate with Tarje S. Brokke, secretary of the commission in Thief River Falls, and receive full particulars regarding the routine to be followed.

Was Successful Picnic.

The picnic given by the Silverton Farmers' club last Sunday was well attended, a large number of townspeople helping to swell the crowd present from the farms. County Attorney E. M. Stanton and O. A. Nap[illegible] were the speakers, and their addresses were listened to with deep interest and appreciation. The Silverton band furnished the music and surprised many by the high quality of their performance.

May Debate Here.

A challenge for a series of debates on prohibition and its effects on organized labor was issued today by the Trade Union Dry League for the prevention of Unemployment.

If the challenge is accepted, arrangements will be made for the opposing forces to debate at many of the larger cities and towns of the state, including Montevideo, Barnesville, Brainerd, Albert Lea, Red Wing, Alexandria, Grand Rapids, Willmar, International Falls, Two Harbors, Thief River Falls, Rochester, Crookston, St. Cloud, Owatonna, Winona, Faribault, Little Falls, St. Peter, St. James, Stillwater and Breckenridge.

Another in France.

M. T. McFarland has receied a letter from H. William Peterson, his former partner in the garage business here stating that he has arrived safely in France. These notifications are now coming thick and fast, showing conclusively that the soldiers of Uncle Sam are arriving in gratifying numbers. A large number from Pennington county have recently been landed and it is safe to say that other sections are as well represented. This would indicate a steady stream of khaki going across the Atlantic and also means that the task of the kaiser is daily growing harder.

FIFTY LAMBS FROM 29 EWES IN YEAR

R. L. MUZZY FINDS SHEEP RAISING BOTH SAFE AND PROFITABLE.

Farmers of Pennington county are rapidly being convinced that the sheep business is one of the best sidelines in which they can engage. During the past spring a number of fine breeding animals have been brought in and the work begun on an intelligent and rather elaborate scale.

R. L. Muzzy is one of the farmers having had much experience with sheep and he is a firm believer in their adaptability to conditions in this section. Recounting his experience for the benefit of Times readers he says of the results during the past season:

"I have a flock of 41 head among which are 12 yearlings which do not have lambs this year, leaving 29 bearing ewes These dropped 50 lambs out of which number two died, leaving me at this time 48 fine specimens one month old. The wool shear averaged 10 pounds per head.

"Feed during the winter consists of corn fodder and a straw stack, while a shed as a shelter against storms is all the housing required. The main thing to look out for in raising sheep is to wean the lambs so that the sheep will get a full feed and come into winter quarters in good shape—the fatter the better, as it means more wool and more lambs.

"Pick and save your best twin lambs from the best milking ewes. I have followed this plan for the past 30 years and find the results highly satisfactory. If a ewe does not have a lamb until she is two years old she will be a sturdier sheep herself, produce more wool and have better lambs.

"Every farmer going into the sheep business should have a piece of corn fodder as this is preferable to clover hay as feed for the animals."

For Thief River Falls People.

Simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, the appendicitis preventative, drains so much foul matter from the body that ONE SPOONFUL relieves sour stomach, gas and constipation AT ONCE. The QUICK action is astonishing. F. J. Stebbins, druggist.

BOYS AND GIRLS WAR GARDENERS

PLEDGES SIGNED BY 85 IN AND AROUND THIEF RIVER FALLS.

MEMBERS OF TWO BODIES

ONE OF NATIONAL SCOPE, THE OTHER ENCOURAGED BY STATE.

If you will take a drive about Thief River Falls on any pleasant day, you can hardly help being impressed by the number of boys and girls of all ages and sizes, who are actively engaged in gardening.

There are 85 boys and girls in and about Thief River Falls, according to F. G. Wells, high school agricultural instructor, who have signed garden pledges and who are enrolled in one or both of two organizations: The Minnesota State Garden and Canning contest and the United States School Garden Army. (USSG.)

Plots of One Rod.

To enter the state garden and canning contest, a boy or girl must agree to plant and care for at least one square rod of garden space, and to can a portion of the vegetables raised for winter use. A complete and careful record must be kept of all expenditures and of labor spent upon these gardens. Credit at market prices must be allowed the garden for all produce raised whether consumed in the home, canned or sold. At the end of the season, they will make a report showing the profit or loss of their garden and will write a story, "How I Helped Uncle Sam With My War Garden." Prizes are to be awarded for the best gardens and stories in each county, and all who complete their project will be given a State Certificate of Merit.

The National Garden Army.

Those who did not care to enter the state contest, or who could not get one square rod of space to care for, enrolled in the USSG. No special requirements as to land or accounts, are necessary. All those entering the state contest are also enrolled with the USSG. The Government has promised an attractive badge, rectangular in shape, with a blue border, white field, and red letters in the center, for those who enroll in the national organization.

Bakers Become Canners.

The High School Bread Baking club, upon completion of its project of bread baking, voted to become a canning club, and to enter the state canning club contest. Each member must can at least fifty quarts of vegetables. She may buy or raise the materials canned. The club has not as yet met for active work but will begin in the very near future. The domestic science room at the high school will be used and much of the vegetable material will be canned by the cold pack and steam pressure process.

A few of the high school boys and girls have agreed to grow sugar beets and to make up their beets into syrup. They will be entered in the state sugar beet and syrup contest.

Join Working Reserve.

Some thirty boys from 14 to 20 years of age from the upper grades and high school have joined the U. S. Boys' Working Reserve. This is a national organization under the department of labor. The boys enlist for productive labor during the summer months. Those who have enlisted are now employed upon farms or at other necessary labor. Upon the completion of eight weeks of work—forty-eight days of eight hours each—they are to be awarded a bronze badge of honor from the U. S. Government, bearing an appropriate design and the name of their organization.

Badly Scratched Up.

Fred D. Haug, the garage man, and "Curley" McDaniel, his assistant, are both shy several square inches of hide as a result of a bad motorcycle spill on Friday. They were riding tandem in the south part of town and were going at a pretty good clip when they struck a deep rut. Both were thrown hard, McDaniel and the motorcycle lighting on top of Haug, and the whole business skidding through the gravel for some distance. Both men are badly scratched up and are walking with a decided limp, but no serious damage was done, which is attributable more to good luck than anything else as they were traveling about 25 miles an hour when the machine buckled.

ALIEN WOMEN ARE TO BE REGISTERED

GERMAN FEMALES MUST GIVE PHOTOS AND FINGER PRINTS FOR IDENTIFICATION.

German alien females must register at the postoffice from which their mail is distributed, according to instructions received in this city by Postmaster John Morgan.

Under the authority of the proclamation of the president, dated April 19, 1918, the attorney general has designated the date for this registration to begin on Monday morning, June 17, and to continue each day successively thereafter, except Sunday, June 23, up to and including Wednesday, June 26. Every postmaster in the state is appointed to act as assistant registrar for his community, and his duty will be to register every such German alien female who lives within the radius of or receives mail from his office.

Each alien female required to register shall furnish four unmounted photographs of herself not larger than 3x3 inches in size, on thin paper with a light background. The photograph shall be of the shoulders and full face, without hat or other head covering. Each photograph shall be signed by the registrant across the face thereof, so as not to obscure the features. In addition to this each registrant will be required to register her finger prints.

POLITICAL ANNOUNCEMENT.

I hereby announce myself as a candidate for the office of sheriff of Pennington county at the primaries to be held on June 17. If elected I promise to give my time and sole attention to the duties of the office and will administer these to the best of my ability.

OVE E. BERGE.

Edmund Berk Stewart.

Edmund Berk Stewart of Argyle died in this city Thursday May 30th, at the local hospital after an illness of several months. Mr. Stewart was 23 years of age and was a University student. He was brought to this city January 1st to receive treatment in the Sanitorium and the first of April was taken to the Physicians' hospital where he was operated on. Since that time he had been confined in the hospital. The deceased is survived by a mother, two brothers, George H. and Wm. Stewart of Oslo and one sister, Miss Olive, who has a government position in Washington, D. C. The body was shipped to his home at Argyle and the funeral was held on Saturday June 1st, burial being made in that city.

PAID ADVERTISEMENT. Inserted by Wilhelm Michelet of Thief River Falls, Minn., candidate for Probate Judge, on his own behalf and to be paid for by him. The amount to be paid therefor is 30c per inch.

WILHELM MICHELET

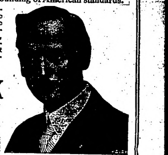
Judge of Probate

Candidate for Re-election

Wilhelm Michelet, Thief River Falls, Minn.

"I stand for more than loyalty—I stand for patriotism and the upbuilding of American standards."

"The executive department of the state owes to the people the establishment of a definately constructive, formative and progressive policy without wavering or uncertainty."



Judge Willard L. COMSTOCK

Democratic Candidate for

Governor of Minnesota

(Primaries June 17)

Now District Court Judge at Mankato; 12 years on bench as Special and Municipal Judge; one term in Minnesota Legislature.

Born in Mankato in 1861—Farmer and School Teacher for 6 years; on Mankato School Board 6 years; served 10 years in National Guard, attained rank Captain Co. F, M. N. G., (his only son is now a Lieutenant in U. S. National Army); president National Safety League of Mankato, and engaged in various forms of Public Service for 40 years.

On account of his wide range of experience (as stated above) John Lind said of him:

"I have known Judge Comstock a long, long time. I knew him as student-teacher-lawyer-legislator-judge; all the while a student of political economy and social questions—a great citizen. I assure you that if we make him governor, he will be the biggest governor the state of Minnesota will have had in a quarter of a century."

Judge Comstock's candidacy is due to a demand from all over Minnesota to find the man for the job—not a job for the man. Mankato vouches for Judge Comstock as true and tried—a man of the plain people—he has made good in every way—56 years a neighbor and friend, Mankato will feel honored to see her native son of Minnesota as Governor of the State.

What Judge COMSTOCK stands for—

Maintenance of organized and vigorous support to National Administration during the War.

Liberal program of advancing Public Education, notwithstanding the War.

New State Department of Agriculture to improve lands within Minnesota and promote settlement.

A plan for use of state credit harmonizing with the Federal Farm Loan Policy.

Tax Law revision so that all propery, invisible as well as visible, shall bear its just share.

Prudent extension of State high ways and better roads.

Rigid enforcement of State's Liquor Laws.

Active co-operation with the National Labor Department, and grateful appreciation of the patriotic attitude of labor at this crisis, when a peaceful solution of labor problems may mean the life and success of our Soldier Sons in Europe.

Judge COMSTOCK'S own words.

"The first duty of democracy above all other things is to win the war and win it well."

"There must not be the slightest question. Popular government means equal protection under the law for the weak as well as the strong."

"While our boys carry the flag in the cause of democracy and humanity, it is our duty—yes, it shall be our pleasure to make every sacrifice, limited only by the exhaustion of our resources."

"Woman's war work wins the right of suffrage."

"Minnesota has recently been unjustly accused and unfairly prejudiced before the nation; the task is ours to demonstrate that Minnesota is not only loyal but patriotic; loyalty may be compelled by law; patriotism lies only in the hearts of men who are truly American."

TO DECIDE NEXT MONDAY.

Before The Times again reaches its readers the people will have exercised their privilege of elimination and decided who shall be the candidates to be voted for at the general election to be held in November.

The selection of the right men for the right offices was never so important as at this time. Particularly does this apply to the congressman to be elected. The country has a war to win and no man who in the slightest degree may lend his support toward anything that will retard the progress of that war or jeopardize its final success should receive any consideration from the people.

It is a time for sticking to tried and true servants. Those who have proven their worth should be retained, no matter what their politics. The biggest job in the history of the country confronts us as a nation and confronts congress as the law-making body of that nation. The retention of the men who have from the beginning been a part and parcel of the war congress is not only good ordinary business sense, but also a patriotic duty. The administration has learned to depend upon these men, and sending new and untried representatives in their places would slow up the work and give rise to innumerable difficulties because of the new legislators' lack of information covering the subjects which must for some time continue to be matters of the greatest importance in congress.

For this reason Congressman Steenerson should be re-elected. He should be re-elected for the further reason that in him the farmers of the Ninth district have a man representing them in congress who has proven his concern for their welfare on every occasion where anything pertaining to their interests has come up. He has fought valliantly to secure a reasonable price for their wheat. He has demanded the adjustment of the grading laws so that the farmer shall receive in full what he is entitled to for his crop. He has fought their battle against powerful milling and elevator interests, and he has won.

Steenerson has never failed in his duty toward soldier, sailor or settler. He stands squarely upon his Americanism and is lending all his support and influence to the administration in the prosecution of the war. He refuses to come home for the purpose of making a campaign, believing that the people of the district have the first call upon his time and that their interests as well as those of the entire country demand that he shall remain on the job. To fail to give him an endorsement at the primaries would be like penalizing him for doing his duty too well.

Pennington was the banner Steenerson county of the district two years ago. Since that time Steenerson has added to his value as a representative and increased his worth as an American. The vote for him should be larger now than at that time. During this period he has more than ever proven that he is preeminently the man for the position.

Vote for Steenerson on Monday. He has voted for your interests on every question that has come up during the past sixteen years.

WHY WE SHOULD SAVE WHEAT.

It does not seem possible, but the figures are given out by Richard A. Claybourne, president of the New York Produce Exchange, and his means of knowing what he is talking about are the best in the world. Mr. Claybourne says that the American people are observing the wheat-saving order to such a degree that the normal consumption of 40,000,000 bushels per month has been cut to 13,000,000 bushels, showing a saving of 27,000,000 bushels. This means that we have entered upon a system of rationing that permits of our sending 224,000,000 bushels of wheat each year to our soldiers and allies, over and above the usual amount sent abroad.

Many persons may not yet see the necessity for thus denying ourself an unlimited quantity of our favorite breadstuff, but Herbert Hoover makes this necessity quite clear. In a recent address to the hotel men of the United States the food administrator said:

"We have asked you to come here, many of you on a long journey, with great sacrifice to yourselves. We have not asked you to come for any idle purpose. You meet us at probably the most serious day in our national history since the Battle of Gettysburg. The seriousness of the situation can only emphasize the problem which we wish to put before you. Our wheat situation today is the most serious situation in the food supply of the whole allied world. The Food Administration has not taken the attitude of the general in command, giving orders. I, therefore, cannot give you orders. I am going to make an appeal. My message is small and concrete. The service that we ask of you—that we ask of every well-to-do, every independent person in the United States today—is that he or she shall abstain from the use of wheat, in any form, until the next harvest. If the Lord is good to us in weather, our problem will be over by the first of September. That is not a long period of sacrifice. Now most of us can play but a small part in the winning of this war, and you and I do not wish to look into the eyes of our children ten years hence and say that we failed in our duty. This is a sacrifice that is small in figure, but I can assure you there is no message that I can send the food controllers of Europe today that will carry such weight and such encouragement to their people as to be able to say that every first-class hotel and restaurant in the United States has, for their sake, abolished the use of wheat."

THE CHILDREN'S CRUSADE.

In proportion to their ability the children of this country are doing as much to help finance the war as their elders, if not more. Every school has its stamp agency and the sums secured in this manner are greater than generally supposed. The youngsters have gone into this saving campaign as thought it were a game and are getting more fun out of saving their nickels for Stamps than they formerly found in spending them. Teachers everywhere have been expalining the purpose of these little stamps and their charges have entered into the spirit of saving with an enthusiasm that might with profit be emulated by their elders.

Two little fellows, perhaps nine years old, were noticed coming out of a junk dealer's establishment in this city the other day, when one said to the other: "Well, we've now got 18 cents and if we hustle another load of old iron we will have enough for one more thrift stamp." How many grown-ups are there in Thief River Falls applying themselves to the securing of stamps with a proporitonate degree of earnestness?

During the present Baby Bond drive a Thrift Card should be provided for every child old enough to understand the value of money, while the parents themselves should take out cards for those too young to realize what it is all about, and see to it *that stamps are placed thereon at regular intervals.* No better plan for saving for their future could be devised. The weekly outlay need not be great, while the final aggregate would constitute quite a sum and form a nucleus for a savings account that the child would take pride in increasing in later years. It is certain that the authorities reasoned somewhat after this manner when the plan was accepted as the best presented.

Then there is the value of this kind of saving as a patriotic lesson. Children will be brought to understand that the reason why they are not supposed to spend their money as in former times is that their country needs it for the purpose of carrying on a war against those who would destroy everything that American children are taught to hold sacred.

Encourage some boy or girl to start a stamp book. If you have no boy or girl of your own, adopt one for this particular purpose. You will not only be doing your country a service but will also be giving the youngster a start in the right direction.

DOES NOT APPLY HERE.

The following article, taken from the St. Paul Dispatch, indicates a state of affairs that is most decidedly to be regretted, if it is the truth. No wonder the officials at the state capitol were astonished, as the attitude called attention to is most astounding. Says the St. Paul paper:

"Reports that county officials obliged by the government to serve on draft boards will be punished for performing their legal duty by being defeated for re-election, reached the Capitol yesterday and state officials refused to credit them.

"It was stated that feeling against draft board members has developed in some sections of the state and that voters in some instances may indulge in groundless fights and vote for opponents of faithful patriotic county officials who performed only their duty under the law, but state officers were unanimous in asserting that a voter could do nothing more un-American than to oppose an official simply because he is obliged to perform an unpleasant duty."

It is hard to understand how anyone can think of punishing these officials for doing their plain duty and still consider himself a good American citizen. The officials constituting the draft boards in the different counties did not seek the position and would no doubt be extremely thankful to be relieved of it. The duties are exacting and very often far from aggreeable, while the compensation is next to nothing. These men, in Pennington county at least, have given freely of their time in attending to the business of the government and their work has been as valuable and patriotic as much that has received greater recognition. To make these men suffer because of the part they have of necessity playe din the strenuous times of the past year is so far removed from the American notion of just appreciation and fair play that none but the most ignorant or prejudiced would give it a moment's consideration.

USE THE ENGLISH LANGUAGE.

A short time ago a gathering of Norwegian Lutherans went on record as advocating that the use of the English language be made compulsory at all meetings or gatherings in this country and the matter has been receiving a great deal of attention. Governor Harding of Iowa, for instance, has issued a proclamation to the people of his state, calling upon them to employ only English in conservation and business transactions. He submits the following as rules to be followed everywhere:

"First—English should and must be the only medium of instruction in public, private, denmominational or other similar schools.

"Second—Conversation in public places, on trains and over telephones should be in the English language.

"Third—All public addresses should be in the English language.

"Fourth—Let those who cannot speak or understand the English language conduct their religious worship in their homes."

Governor Harding and the Lutherans are right. We are living in the United States and the language of the country should be the one employed. If the country is good enough to live in and good enough to die for, the language of the country should be good enough for its citizens.

The United American, formerly the Norwegian American, in a strong article advocating the use of English at all times and everywhere, says: "Again we remark, the language of the young people of America is English. There is no question about it. If the majority of our young people could speak English they would vote in English, and they would vote for English."

STAMPS OR TAXES—WHICH?

For some reason or other the people of Pennington county are not taking the interest they should in the Thrift Stamp and Saving Certificate campaign now being waged. The proposition that they pledge themselves to buy a certain amount of stamps during the balance of the year does not seem to meet with the enthusiastic compliance that characterized the Liberty Bond sale and the Red Cross donation. This is rather strange and we cannot but think it is because the people fail to understand the matter rightly.

The money derived from the sale of these stamps is as important and necessary as that secured through a bond issue. The government must have the cash and is going to get it. The people will have to provide it some way and if they do not wish to do so through a plan that secures a good rate of interest, then the government will simply have to get it through taxation. People may think that they are being called upon to meet these outlays at rather regular intervals, but it is almost certain that there will be no letup in this program until after the war. The money must be had in some manner and it is much better to loan it out at interest than it is to have it taken from us in taxes. That this will happen if the response to the demand that we buy war securities liberally is not more generally heeded is certain.

Pennington county should carry its share of these loans. The securities are the safest and best thus far offered by the government, being even more desirable as an investment than a Liberty Bond. The terms of payment are such that almost any person can subscribe for a fair sized amount without being in any manner inconvenienced. The securities are negotiable on ten days' notice and the interest is not lost in case it is found necessary to turn them into cash.

Let us maintain the standard we set in the Third Liberty Loan. It may pinch for a little while, but in the end we will all be better off for having denied ourselves something in order to keep up the payments on these Baby Bonds. We have the balance of the year to pay for whatever amount we take and the payments may be made at the time and in the manner most convenient to the purchaser.

Sign a pledge card. Then make it a business to every day step into some place where stamps are sold and attach one or two to your Thrift Card. Or have your mail carrier supply you. Then when the little card has four dollars worth on it, pay a few cents and get a certificate worth five dollars on the first of January, 1923. This beats paying taxes by several rods.

PUTS US IN WRONG LIGHT.

The Times does not know where the St. Paul Dispatch secured the figures for its report on the percentage of Class 1 men secured from the total registration in Pennington county, but the source was decidedly unreliable. The St. Paul paper is not to blame in all likelihood, but that kind of thing puts the community in an unenviable light before the rest of the state and we have a right to register a kick.

In reporting the standing of the counties, the Dispatch states that Pennington shows one of the lowest percentages in the state, contending for the bottom position with one of the districts of St. Louis county. It is impossible to see how any such result can be arrived at from the figures. Out of a total registration of 687 men the local board placed 240 in the Class 1 column, which is somewhat more than the 15 per cent credited to us. In addition to this a considerable number of registrants had been inducted into the service before the arrival of the questionaries and these must naturally have been included in the first class had they waited until they were assigned instead of enlisting.

It will be found that Pennington county furnished considerable more than 30 per cent of Class 1 men out of its total registration, which puts the community well to the head of the list, the average for the state being only about 24 per cent.

A report of this kind places the registration board, the registrants and the entire population in a bad light, and should be corrected.

AN INVALUABLE SERVICE.

The young man who is expecting to be called into the military service of the nation is overlooking an exceptional opportunity in not joining the home guards. The instructions received as a member of the home company will prove of inestimable value upon his arrival at the training camps and place him in line for almost certain promotion. This has been the experience of the boys who have gone from here lately. Even though their membership in the guard company may have been of short duration their experience has stood out so clearly that they have been marked men from the outset.

There are large numbers of non-commissioned officers to be seeelted for every quota arriving at the camps. These must to a large extent be picked from the membership of these same units as those occuping the places previously will almost invariably be sent overseas with the organizations of which they are members. And here is where the opportunity of the home guard comes in.

The experienced army officers can spot a man with previous training the moment they set eyes on him. If he has gumption enough to stand up straight, keep his eyes to the front and doesn't fall all over himself in turning around he is taken out of the ordinary ruck and promoted. What this means only those who have been in the army know. The promotion does not have to be very great before there is a difference in the treatment accorded a man. If the prospective soldier only realized this as fully as those who have gone through the mill he would go to almost any inconvience to secure some degree of training before going to camp, no matter how slight this might seem at the time.

The officers and members of home guard companies in the state are glad to give time and attention to the young men who will within a short time be selected to give tehir services to the country. Constant drafts are taking the younger members out fast and their places should be filled by those who will be called upon at a later date. If the boys will but take some slight interest in this they will bless the day they did so.

Tearing candidate's banners off automobiles is one of the foolest ways of expressing disapproval yet devised. The Times understands that this was done in Thief River Falls in one or two instances on Saturday night during the Burnquist speech, when the banners of the opposing candidate were torn off while the owners of the cars were listening to the governor. The deed is laid at the door of the small boy, and it is probable that he is guilty. He could hardly have gotten away with it, however, without some grown person seeing him, and his enthusiasm should have been squelched by whoever happened to be around at the time. A person has no more right to remove a banner from an automobile than he has to take off the nameplate or steal the carburetor. It is a chump trick.

In Days of Yore

Items of Interest Reprinted From Files of the News and Press of 10 and 20 Years Ago

Twenty Years Ago.

A well-attended farmers' institute was held in the city during the week.

Frank M. Eddy was being supported generally in this neighborhood as candidate for congress.

A committee to have charge of Fourth of July celebration was appointed. Among the attractions announced was a number of Indians in war paint and feathers.

F. H. Kratka received a covered carriage which he intended to use in a trip around the state. A provision box arrangement was attached behind the rig and the travelers were prepared to make an extended journey in comfort.

Editor John W. Eastman of this city was married on Wednesday to Miss Barbara Browning of Anoka.

The cut worm was reported doing considerable damage to crops in this section.

Pat Meehan, who was East on a business trip, sent word home that he had purchased a large electric light plant to be used in the saw mill here.

A special train was announced for the following Sunday for those who wished to go to Red Lake Falls to witness the ball game between the teams of the two towns.

Ten Years Ago.

The installing of the new pipe organ at the Synod church was completed during the week and a musical festival was advertised [illegible] honor of the event.

The officers and members of Company L, Third Regiment Minnesota National Guard, were making preparations to attend the encampment at Lake City.

The survey of the proposed Thief River Falls-Roosevelt railroad was completed and it looked as if the project might amount to something. The line was planned to go through Thorwick, Rollis, Fra, Gatzke, Casperson, Wannaska and American.

The Socialists nominated the following for county office: O. H. Nelson, register of deeds; Herman Ohm, treasurer; J. C. Dahl, judge of probate; P. L. Vistaunet, coroner.

The local base ball team defeated the White Earth Indians by a score of 12 to 6.

Ira C. Richardson left for Peoria, Ill., as a delegate from the local lodge of Woodmen.

William Sponheim, carrier on Route No. 2, received rather severe injuries when his team ran away.

Jack Cahill, the local wrestler, was scheduled to meet McDonald [illegible] Grand Forks in a mat contest [illegible] White Earth.

The county seat fight had progressed to a point where the daily papers were printing stories to the effect that the life of Chairman C. A. Lindquist of the board of county commissioners, had been threatened for opposing the project.

Big Red Cross Picnic.

One of the biggest Red Cross picnics of the year will be held at the Soren Knutson farm, formerly the Stevens place, on the Pembina trail in the town of Numedal, on Sunday next. O. A. Naplin of Thief River Falls, and Mr. Nestrud of Viking will be the speakers and the Thief River Falls band will furnish the music. The Viking Glee club will also render a number of selections. The proceeds will all go to the Red Cross.

Around Our Town

Mrs. H. J. Dieter, of Roseau, arrived here last Friday afternoon for a few days' visit with friends.

Mrs. Albin Knauff left yesterday morning for Holt for a few days' visit with relatives.

Mrs. A. Rindal of this city left last Saturday morning for Hatton, N. D., for a few days' visit with friends.

C. A. Howard and Misses Aby Gasety and Mary Erickson, of Dubuque, Iowa, arrived in the city last Saturday for a brief visit and on business.

Mr. and Mrs. C. G. Allen, of Laurens, Iowa, visited in the city the latter part of last week, Mr. Allen having matters of business to attend to.

Mrs. Hans Russell and children, of Warroad, left yesterday morning for Brooten, Minn., after a brief visit in this city at the home of Mr. and Mrs. E. Aga.

Mrs. Roy Lambert and son George, returned last Monday evening from Detroit, where they had been visiting for some time at the home of Mrs. Lambert's parents.

Miss Lottie Austin, one of the proprietors of Black's Sweet Shop, left Monday morning for Fosston, this state, for a few days' visit at her home. She returned last evening.

Mrs. E. O. Mogenson informally entertained a number of ladies Tuesday afternoon at her home on LaBree avenue north, in honor of her sister, Mrs. Kelly of Devils Lake, N. D., who is her guest.

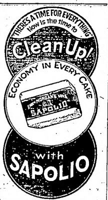
A dinner and sale will be given by the Ecklund Ladies' Aid society on Friday, June 25th at the home of Mr. and Mrs. Emil Grams in the township of Star. A cordial welcome is extended to everyone.

Mrs. C. O. Sundling and baby, who had been visiting in the city at the home of Mrs. Sundling's uncle and aunt, Mr. and Mrs. A. Klovness, for several weeks, left yesterday morning for ther home in Fergus Falls.

Mrs. J. H. Mahony of Crookston returned to her home Tuesday afternoon after a brief visit in this city at the home of her mother, Mrs. Delina LaCoe. Mrs. Mahony was accompanied by her two sisters, Marie and Mayme.

Mr. and Mrs. Carl Peterson and children of Crookston, arrived in this city last week to visit at the home of Mrs. Peterson's parents, Mr. and Mrs. A. Aklund. Mr. Peterson left for his home yesterday afternoon, but Mrs. Peterson and children will remain here two weeks more.

Miss Myrtle Berg, who has been attending the State Normal school at Moorhead during the past year, returned to her home in this city the first of the week to spend the summer. Miss Berg had been confined in a hospital in Fargo for several weeks and was not able to return with the other students from the Normal.



Mr. and Mrs. Ole Landro of Grygla motored to this city yesterday for a brief visit with friends.

Mrs. J. W. Hendry left Monday morning for Superior, Wis., for a few days' visit with friends and relatives.

Miss Gena Legvold of this city left the first of this week for Park River, N. D., for a visit with her sister for several weeks.

Rev. N. C. Carlson arrived here Tuesday from Beresford, S. D., and is a guest at the home of Mr. and Mrs. A. Rindal.

Charles Brenna arrived in this city Tuesday morning from Grafton, N. D., for a brief visit at the home of his sister, Mrs. John Gustafson.

Mrs. Dorr, of St. Paul, arrived this week to take charge of the millinery department at Loken's store, Mrs. Gilian having returned at the close of the spring season.

Mrs. Clarence Docken of Holt, passed through this city yesterday afternoon enroute to Takoma, Wash., where she will live while her husband is in training at Camp Lewis.

Miss Dora Holmes of the First and Peoples' State bank, left this morning for Brooten and the Twin Cities for a brief visit with friends. She will return Sunday morning.

Mrs. C. J. Kelly and son arrived here the first of this week from their home in Devils Lake, N. D., for a week's visit at the home of Mrs. Kelly's sister, Mrs. E. O. Mogensen.

Miss Freida Lloyd accompanied by her father, motored to this city last Saturday evening for a brief visit with friends and to hear Governor Burnquist speak at the Auditorium.

Mrs. A. E. Kenyon arrived in the city Tuesday evening from her home in Fordville, N. D., for a few days' visit at the home of Mrs. A. E. Preston, Mrs. A. J. Marcoe and other friends.

Mrs. Aaron Bratt and sister, arrived here Monday evening from their home in Overly, N. D., for a few days' visit at the home of Mr. and Mrs. J. J. Holstein and with other friends.

Mrs. W. S. Williams and son, arrived in this city Tuesday evening from Argyle, and visited at the home of Miss Meta Kiland for a short time. They left last evening for Middle River.

Mr. and Mrs. H. S. Dahlen and children of this city left yesterday morning for Detroit, Minn., to attend the marriage of Mr. Dahlen's sister, Miss Anna Dahlen and Silas Strand of Ray, Minn.

Mr. and Mrs. A. Engen and daughter, Mildred, returned to their home in this city yesterday morning after a several days' visit in Jamestown, N. D., and Bottineau and other points in South Dakota.

Miss Anna Johnson of Golden Valley, Minn., who had been visiting in this city at the home of her cousin, Mrs. Sam Larem, left yesterday afternoon for Grand Forks where she will be employed.

Miss Olga Fricker arrived in this city Tuesday evening from Badger where she had been visiting for a short time. While here Miss Fricker was a guest at the home of Mr. and Mrs. G. Adolphs. She returned to her home in St. Hilaire yesterday afternoon.

Jean Hay returned to her home in this city on Wednesday evening of last week from St. Cloud where she attended the Normal school. Miss Hay will spend the summer here with her parents, Prof. and Mrs. J. H. Hay and will return to the Normal in the fall.

Miss Ruby Anderson accompanied by her mother, Mrs. Andrew Anderson, left last Sunday night for Minneapolis to visit with relatives. Mrs. Anderson will return in about two weeks but Ruby will remain to study during the summer months, at the McPhail Conservatory of Music.

Mrs. A. J. Lawrence returned to her home in this city yesterday morning from the East where she has been visiting for three months. Mrs. Lawrence visited her parents in Lawrence, Ohio and her sister in Pittsburg, Penn. She was accompanied here by her sister, Mrs. T. J. Williams and son, Lawrence, of Pittsburg, who will visit here for a few weeks.

Joe Perdzock returned the first of the week from Roseau county, where he had been taking lessons in plain and fancy dynamiting. Joe is employed in the office of the Northern Construction company in this city, but it became necessary to send him out to finish deepening a big ditch started last year and as the contract did not warrant putting the big excavator to work it was done with dynamite.

Next week will be "La Camille" week at Oen's Mercantile store and the latest models in Front Lace Corsets will be exhibited. Mrs. M. S. Prichard, principal of the International School of Scientific Corsetry—most expert fitter of front laced corsets in America—and a corsetiere of many years experience, will be at Oen's store to display and will demonstrate to anyone the proper fit and comfort of the La Camille designed for one's figure. See ad in another part of this issue.

G. H. Pries of Monee, Ill., transacted business in this city Monday.

Mrs. H. Greene, of Grand Rapids arrived in this city on Thursday evening of last week for a brief visit.

Olaf Berg of Granite Falls, Minn., arrived in this city on Saturday of last week on a brief business mission.

Oliver D. Smith of Morristown, Minn., attended to matters of business in this city the first of this week.

Miss Ruth Anderson, of Stephen, arrived in this city on Friday evening of last week for a brief visit with friends.

Miss Edith Dahl of St. Hilaire, returned to her home yesterday afternoon after a brief visit in this city at the home of Miss Carrie Holden.

Mrs. Ben Docken and child arrived in this city yesterday afternoon from her home in Holt for a brief visit at the home of her parents, Mr. and Mrs. D. B. Bakke.

The Ladies' Aid of the Zion Lutheran church will be entertained next Thursday afternoon, June 20th, at the home of Mrs. M. M. Johnson, 623 Main avenue north.

Miss Anna Thompson who had been visiting at the home of Mrs. T. T. Kiland for a few days this week, returned to her home in Neilsville, yesterday afternoon.

Mr. and Mrs. A. Engen of this city left last night for Waukon, Ia., to attend the funeral of Mr. Engen's brother, who died in New York while in the Navy service.

Mr. and Mrs. Lars Matson returned to their home in this city the latter part of last week from *Raymond, Mont.*, where they visited for a month with friends.

Mr. and Mrs. A. C. Kvennes accompanied by Mr. and Mrs. O. J. Olson, motored to this city last Saturday from their home in Middle River, for a brief visit here with friends.

Mr. and Mrs. Andrew Fladeland and children, of Grygla, motored to this city on Friday of last week for a brief visit here with friends. Mr. Fladeland attended to business matters.

Mrs. T. T. Kiland of this city left yesterday afternoon for Neilsville, Minnesota, for a few days' visit with friends. She will also visit with friends in Hillsboro, N. D., before returning.

Miss Esther Gjertson arrived in this city Tuesday morning from Wadena, Minn., to take the position as cashier in the Great Northern depot, formerly occupied by Harry Dybvig, who resigned last week.

Mrs. William Dalquist of this city left yesterday morning for Roseau to visit at the home of her parents for a few days. Mr. and Mrs. Dalquist who were recently married expect to make this city their home.

The Nortz Lumber company this week received a 17-foot Smith Forma-truck, which is being rigged up for delivery purposes. It is the longest contraption of its kind in the city and should prove one of general utility.

Miss Agnes Simonson arrived here Tuesday evening from Cass Lake where she graduated from the high school this spring, to visit her sister, Miss Solma Simonson for a few days before returning to her home in St. Hilaire for the summer.

Miss Helen Eckland arrived here yesterday morning from Ellendale, N. D., where she taught school during the past year, and will visit at the home of her aunt, Mrs. Hans Langseth for a few days. Miss Ecklund will leave the last of this week for her home in Pitt, Minn., to spend the summer.

Derby Anderson, son of Mr. and Mrs. N. J. Anderson, left Monday night for Camp Sevier, Greenville, South Carolina, where he is a member of the Signal Corps of the Aviation department. Derby was here on a three week's furlough, but expects to be discharged in a short time on account of poor health.

Mrs. C. T. Storholm and son, Clifford, returned to their home in this city this morning from Grand Forks, where they had been visiting for several days at the home of Mrs. Storholm's sister and with Mr. Storholm's parents. Mrs. Arthur Harleen of Grand Forks, accompanied Mrs. Storholm here for a brief visit.

Mrs. A. H. Kline of this city left last Monday morning for Henning, for a brief visit with her sister, Mrs. J. Wassgren of this city, who is spending several weeks in Henning with her husband who is working there with a dredging crew. Mrs. Kline was accompanied to Henning by little Ruth Wassgren who will remain there with her mother. Mrs. Kline returned here Monday evening.

A surprise party was given on Mrs. Alf. Borry last evening at her home, north Duluth avenue by a number of her friends. The party was in the nature of a shower and a handsome copper percolator, creamer and sugar bowl to match were presented to her. A dainty lunch was served by those in charge and red, white and blue were the predominating colors used throughout. There were thirty guests.

Washington, D. C.

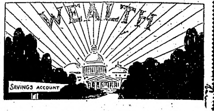
WAR INDUSTRIES BOARD
Wool Division
PERMIT TO OPERATE

Permission is hereby granted to Thief River Hide & Fur Co., Thief River Falls, Minn., to operate as an approved wool dealer in country districts, for the 1918 clip in conformity with the regulations of the War Industries Board.

LEWIS PENWELL,
Chief of Wool Division,
War Industries Board.

The Government Permit printed above authorizes us to buy wool in accordance with the government regulations. Bring your wool to us and we will give you all the Government allows. If you can't bring your wool in, ship it to us. We will furnish you with shipping tags on request. We can also furnish you with wool sacks and twine.

THIEF RIVER HIDE & FUR CO. Thief River Falls, Minnesota.



It Cannot Be Lost or Stolen, and is Less Apt to Be Spent Injudiciously.

Besides, it is much more convenient to pay your bills by check than from a wallet filled with currency.

If your check book is lost we furnish you another without charge. When you lose your wallet—that's another story. Why not open that bank account here today?

FIRST & PEOPLES STATE BANK
THIEF RIVER FALLS, MINN.
CAPITAL & SURPLUS $90,000.00

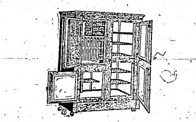
Screens and Doors

We want to make your home comfortable and sanitary.

Do it by having a complete outfit of screens for your doors and windows.

Prices to save you money.

Winton - Nichols Lumber Company



A Summer Necessity

A refrigerator is a necessity in every home, both from the point of economy and health. If the ordinary housewife were asked just what piece of household equipment she could least get along without in summer the chances are ten to one that she would answer "The refrigerator." She knows the annoyance caused by having good food spoil as well as the difficulty in keeping flies and other pests away from it.

Nothing pays better dividends than a refrigerator. We have them in several sizes and at all prices. We shall be pleased to show you our stock.

Reckless - - Checkless

THE bills you pay by cash expose you to trouble. If the amount is not large, and the other party does not offer a Receipt, you hesitate to ask for one.

WHEN you pay obligations by check, you leave a written record behind you. Every check you write this Bank returns cancelled and the Law labels it a "legal receipt".

CASH paying has always involved disputes, dissensions and double paying. It is reckless because it is Checkless.

The Picnic Basket

Everybody's interested in it. And upon what goes into it really depends the success of the Outing.

So have your picnic baskets filled at this store—where nothing but the freshest and best groceries are ever handled. We carry a line of fruits, canned goods and bottled goods that are just the things to make any picnic lunch a delicious repast.

Ostby's Grocery

MILK

7c Per Quart

Commencing June 11th and continuing for the summer months, we will sell milk for 7c a quart. While cows are on pasture the milk costs some less to produce and we give our customers the advantage of this lower price during the price.

This price is considerably below what is commonly charged for the grade of milk that we sell but we feel that public service rather than a large profit is the thing needed at the present time.

Those who have studied the question of diet for children, know that milk is indispensible if health and growth is to be maintained. It is therefore of some importance that pure milk can be had at a low price.

The Public Forum

Readers of The Times are invited to make free use of this column to express their ideas on topics of general interest, but discussion of sectarian religious differences as well as personalities are barred. All communications must be signed, not necessarily for publication, but in order to show the good faith of the writer. In thus throwing open its columns to the public, The Times assumes no responsibility for the opinions expressed, nor is it to be assumed that their tenor necessarily corresponds with the policy of the paper.

A Non-Partisan View.

Editor Thief River Falls Times. Dear Sir: The report is current and it did not surprise us any that some one of the loyal factions of our good state of Minnesota has caused the arrest of Charles A. Lindbergh, the Nonpartisan League candidate for governor. They have some real men on the job looking after the loyalty of our candidate now.

Before Lindbergh was endorsed by the Nonpartisan League, they didn't happen to think of the fact that there might be a chance of searching out certain sentences and there being disloyal charges against him, but it's different now.

These great patriotic men have an idea that they will, by causing Lindbergh's arrest just on the eve of election, swing the state back to the old gang, but they've got to do worse than that. They have got to prove something, which they have been unable to do before. People are not going to be scared or fooled by such rot. We all know that if there had been anything disloyal in his book it would have been suppressed long ago.

But here is the one outstanding fact—they see themselves losing and they grasp at every straw. In some localities they even stoop so low as to hire children to steal Lindbergh's banners for them, paying them 10c apiece for each banner they might be able to swipe from the autos while the owners are not around.

If those men were as small in stature as they are in principle we should need a spyglass to see them.

You would think to hear some people talk and to read some publications that there is no patriotism outside of certain party affiliations.

What a world of truth!

I, for one, am unable to see why a man should be considered a traitor or disloyalist because he chooses to vote according to his own convictions even tho they may differ from the order laid down by the twin city papers and the political bosses, and I am going to take the chances of a change.

Yours for a better Minnesota,
T. H. BJERKE.

Stick by Steenerson.

Editor Times:—I notice through your paper that some of the old Pennington county office-holders are coming back asking for re-election upon the strength of their past record. This may be good and well, and may apply in certain cases as far as the county offices are concerned, but no other. A man that does not offer any other inducement to the voters than a last year's garment—in the shape of a record—does not come up to the present requirements of the day. He is either afraid to meet the demands of the state and nation in compliance with the wishes and demands of President Wilson and the people upholding him, or else he has got something up his coat sleeve that he don't want the voters to know anything about.

If ever there was a time when the voters have a right to know where a candidate stands, it is right now. Some of our candidates have the nerve to say that they stand right behind President Wilson, yet they reserve the right to determine this themselves, regardless of how they vote and act in representing the people as a whole.

It is not enough to just say that you stand behind President Wilson. What the voters want to know is how and where they stand behind President Wilson. You can't prove this by referring to past records. The man of the hour is the man who tells his voters where he stands today. That is the Wilson type of a real servant of the people and the kind he wants to see in office now. If President Wilson were to run again just now, he would have to get his votes upon the strength of "where he stands today." Two to one another man would be President tomorrow if he tried in any other way. That is where we stand; that is the requirements of the hour, and the voters are awake to the facts.

Our duty is plain. Make the office seekers come across with both feet.

We regret very much that we are not a resident of Pennington county so that we could again have the pleasure to vote for our able Congressman, Mr. Halvor Steenerson. We recognize the fact that Mr. Barton has been endorsed, but yet it will be pretty hard for the voters of the Ninth district to discharge their old friend in Washington, who has been their mainstay for the past 16 long years. Mr. Barton may be as good, but he cannot be any better.

W. A. SWANSON,
Dennison, Minn.

Mayfield Red Cross.

A general invitation is extended to the people of the county to attend the big Red Cross picnic to be given at the Ed. Rewart's farm by the Mayfield township auxiliary on Sunday afternoon, June 16. County Attorney E. M. Stanton will deliver a patriotic address and others are expected to help fill out the speaking program. The usual sports and games will be pulled off and refreshments served throughout the day. The proceeds will go to the Red Cross.

Human Bait

The other night I heard a young man in my home town tell about some of his experiences in France. His name is Johnston. Early in the war he enlisted in the French army. Later he entered the Aviation Corps. When I talked with him he was home on a short furlough.

He told me many stories of what he had seen in the trenches, to fight for you and for me. He urged me to do everything possible about men who had left comfortable homes, with wives and children, to increase production and stop waste here at home in order that there may be more for those boys abroad. We, who are still left in our own homes, he specially urges to sacrifice.

One morning, after the boys had been "over the top" during the night, he saw one of our men tied to the barb wire entanglement midway between the French and German trenches. It could be seen that the man was alive and apparently he was being fed by the German soldiers. What was the reason for this he could not imagine.

The next night several men went out from different parts of the French line to rescue this poor fellow; but none of them returned. Just as they were about to help their brother, they were shot by some German sharpshooter.

Finally when the opposite German trench was taken, a circle of 30 dead comrades lying on the ground was found about this poor fellow.

The reason for tying this prisoner to the post and feeding him was then very plain. The Germans were just using him for bait to attract others to help him in his distress. As his brothers would come out to relieve him, they would be shot. Yes, the German military officers are actually using human beings as bait.

How any red-blooded man, whether socialist or pacifist, is willing that this military power shall slowly but surely creep toward us is more than I can understand. I'm not much for war and I see the injustices to the masses in all wars; but anyone who does not see a difference between two evils is crazy.

Our fellow-citizens are across the water tonight hurling themselves against steel bayonets for your protection; facing poisonous gases and liquid flame to keep America safe; fighting that our women may not become playthings and our homes the plunder of German militarists. Can we know these things without forgetting wages and hours or profits and dividends? Can any man sleep tonight knowing that he is not doing his share to increase the production of food, ships, and other supplies? I'm sure that when men understand the real conditions, that this is not a rich man's war but a war in the interest of everyone, there'll be no slackers in our factories, shipyards and mines.

ROGER W. BABSON.

First Swedish Ev. Luth. Church, Albin A. Larson, Pastor—Services Sunday in the Swedish language at 11 a. m.; in the English language at 7:45, Sunday school at 9:45 a. m.

Norwegian Lutheran Church, A. N. Skogerboe, Pastor—Services in the city next Sunday at 11 a. m., and in Mavie at 3 p. m.

The Week's Food Fact

Our immediate pressing duty is to see that the peoples and armies of Great Britian, France and Italy are fed, so that they will not collapse as Russia and Finland have done because of the disorganization due to German propoganda, injustice and above all, lack of food. It is imperative that we save and send wheat and other foods absolutely required in Europe during the months before the next harvest. We cannot do it unless we stop using them here. We must realize that food is the weapon with which America is going to be able to maintain a position in this war long enough to win it. The food administration is not asking that food be saved to save money, but to save lives that will win the war.

The food administration is urging that the sugar regulations providing sugar for canning be taken advantage of now and the maximum of all kinds of food preserved in every household for future use. The preservation of home grown perishables is one of the greatest possible aids to food conservation and the possibility of furnishing to the armies their required amount of food. Food grown and preserved at home guards against a possible food shortage; food grown and preserved at home requires no railroad transportation to bring it to the family table and it releases for export shipping the railroad transportation that would be necessary to bring food in that it replaces.

These are the reasons why the food administration has announced that so long as sugar is available it may be purchased by householders in quantities for canning and preserving only upon certificate signed at the store upon purchase. Sugar distributors report big supplies on hand now and the home owner should take full advantage of the opportunity, the food administration states.

Each day adds its quota to the growing army of American wheat abstainers. "Total Abstainers Clubs" are being formed in some places by those who are willing to pledge their entire wheat ration to the Allies. In one western state both merchants and consumers are offering stocks of flour to the government, some cities retaining two pounds of flour per month per capita. A large proportion of the parishes in Louisiana have agreed to use no wheat until the new crop comes in. One church congregation has adopted resolutions pledging the entire congregation to consume not more than three pounds per person per month. Prominent clubs throughout the country, both men and women's clubs have held patriotic meetings pledging themselves to abstain from wheat until after the next harvest. The state of Texas has gone on a wheatless basis from April 15 until June 15 or longer. What is your organization doing to urge those who can afford it to perform one of their greatest war services by going without wheat and wheat products in any form until the next crop comes in?

BACK GIVES OUT.

Plenty of Thief River Falls Readers Have This Experience.

You tax the kidneys—overwork them—

They can't keep up the continual strain.

The back may give out—it may ache and pain;

Urinary troubles may set in.

Don't wait longer—take Doan's Kidney Pills.

Thief River Falls people tell you how they act.

Mrs. Chas. Alexander, 216 Conley Ave., Thief River Falls, says: "Last fall I had been picking berries and when I got home, I was suddenly taken with a bad attack of kidney complaint. The pains across my back kept me from doing my work and such things as doing my washing, was out of the question. I often got dizzy and was afraid to walk across the room. My kidneys didn't act as they should and I felt miserable. One of my neighbors suggested Doan's Kidney Pills and I got some at the East Side Drug Store. I got entirely over the trouble and I have felt fine ever since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Alexander had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

(Political advertisement inserted by Oscar Hovelsos in his own behalf as candidate for commissioner of the 5th District, Marshall County. Amount to be paid 10 cents per line.)

TO THE VOTERS OF EASTERN MARSHALL COUNTY:

As a candidate for the office of County Commissioner from the 5th District, I respectfully ask your support and vote at the coming primary election; pledging, if nominated and elected, my most careful attention and best efforts to the performance of duties as such official.

Having resided in this section for the past 20 years and during the greater part of such time been entrusted in various capacities with the administration of public affairs of more local nature, I believe I may have gained such knowledge of the district's needs and wants as well as conditions as to have become competent to deal intelligently with matters affecting the district and its people, to whom I believe I could be of good service on the County Board and I will highly appreciate to be given the opportunity.

Very respectfully,
OSCAR HOVELSOS,
Germantown, Minn.

(Political advertisement inserted by Theo. H. Liden in his own behalf. Amount to be paid, 30c per inch.)

Thief River Falls, Minn., 1918.
TO THE VOTERS OF PENNINGTON COUNTY:

I hereby wish to announce my candidacy for the office of Register of Deeds.

While I have been County Treasurer I have served the people to the best of my ability, have carried out the duties of the office as efficiently as I could, have treated all people alike, and I have heard no complaints.

I appreciate the generous support shown me in my last candidacy and am very thankful for it. The experience which I have gained in this office is of great value to me. I feel better qualified for the office I now seek, which would also be an advancement.

Trusting that the voters of Pennington County are satisfied with my work as a public servant, and assuring them my best services should they entrust the duties of the office of Register of Deeds to my care.

I hopefully desire your vote and assistance at the Primary Election, Monday, June 17th, 1918.

Very respectfully yours,
THEO. H. LIDEN.

ROSEWOOD

S. Haugen returned home this evening from Warren, having completed his petit jury term.

Miss Cora Sevaldson returned home this evening after a long visit with her sister, Mrs. O. Johnson at Warren.

Alfred Thoreson, who has been employed this spring at the Melgaard farm north of Warren returned home this evening. He is required to register this year and will make a few weeks stay at the home of his parents, before returning west.

John Sjolsvold and Herbert Carlson left to spend Sunday among Thief River Falls friends.

Imbel Sagmoen is home from her school work at Thief River Falls to spend her vacation with her parents here.

Lars Furan, the Non-Partisan organizer, in company with H. O. Berve, the Non-Partisan's endorsed candidate of Germantown for state representative, were in town this evening from Warren, and enroute to Thief River Falls.

Twenty-five pupils have enrolled so far for work in the Scandinavian parochial school.

The primary election of June 17, this year, will be at the Sjolsvold school house, District No. 137, three miles north and one mile east of Rosewood. The official bulletin of electors will be found on the bill board north of the freight station.

John S. Sagmoen has been appointed agent for the Western Express Co., and will take charge in about two weeks.

Alfred Raftoseth returned home from Pipstone this morning where he has been employed at dredging work this spring. He will visit with his parents and friends next week and also register for military services after which he will return to resume his duties.

STAR

Theo. Gilbertson accompanied by another member of the Oen Mercantile Co. of Thief River Falls, called on Star township farmers anent business matters Thursday.

Rural Carrier August Roland of the Erie route, leaves Friday the 14th on his annual vacation. Otto Sunsdahl will have charge as substitute carrier until Mr. Roland returns to his post, July 1st at which time his furlough expires.

Mrs. H. A. Dahlen entertained the Eastern Star Ladies' Aid on Wednesday afternoon.

Iver Iverson returned last Thursday from Nelson Co., N. D., where he has been employed.

August Schneider and Anderson Brothers are among those who have broken up large tracts of land and seeded it to flax this season.

Joseph Johnson departed Saturday via Goodridge for Thief River Falls to attend to business matters and his farming interests in the immediate vicinity of the county seat.

Mrs. Ole Trontweth and Gunhild Rensla visited at their parental home near Rhoda over Sunday.

The following were visitors at the Gust A. Iverson home on Sunday: Mr. and Mrs. Bennie Rendahl and Mr. and Mrs. Theo. Rendahl of Lillo; Mr. and Mrs. Oscar Lofthus, Thor Bolstad and Elvin Bommerud of Rhoda.

AGDER

H. Peterson visited at the I. Isaacson home Sunday.

Peter Bekken, Walter Evenson and Melvin Rude attended the picnic on the Stenseth farm.

Oscar Peterson, Albert Peterson, Hannah Peterson and Tarjer Senum autoed to the picnic Sunday.

I. Isaacson called at the Peterson home Sunday evening.

Christ Nelson and family called at the Bendickson home Sunday and took them to the picnic in his car.

Wm. Rude called at the Isaacson home Sunday.

Miss Hannah Peterson, Tarjer Senum and Miss Laura Johnson called at the Geo. Nustvold home Sunday evening. Melvin Rude called at the Evenson home Monday.

Times Wants

FOR SALE

FOR SALE—One fine dark red registered Shorthorn heifer 11 months old. One roan registered Shorthorn cow. Both of the milking strain. Will E. Smith, Thief River Falls. Phone 810-4.—j-13-20-p.

FOR SALE—A few pigs eight and ten weeks old. H. W. Hicks, Esplee, Minn.—j-13.

FOR SALE—Small pigs. Nearly full-blooded Poland China. Six weeks old. Price $5.50. Tom Syverson, 322 Knight Ave. N., or Syverson Bros., R. 2.—j-1-p.

ORE TONNAGE TAX WILL SAVE MILLIONS FOR SMALL OWNERS

Steel Interests With More Wealth Than All Farmers in Minnesota Escape Paying Just Taxation.

One plank of the Nonpartisan League platform is sufficient to account for the desperate opposition now displayed by Big Business against the League in the present campaign in Minnesota. That plank is the demand for a tonnage tax on iron ore.

A whole state has been dominated, corrupted and politically controlled for a generation by Big Business, and one of the main motives behind this condition was the "protection" of these interests against the just demands of taxation. The biggest factor in this fight has been the iron mining interests, led by the Steel Trust.

These combined mining properties are worth more than all the farms in the state put together and the revenues involved are probably big enough to cut down the state tax on farm lands and other small properties one-half. That this is no exaggeration is indicated by the fact that the Minnesota iron mines supplied nearly 70 per cent of all the iron ore used in the United States last year. The Steel Trust controls 80 per cent of these mines and a recent estimate places the value of the trust's share of ore in the ground at $1,750,000,000.

SEIZED BY POLITICAL POWER.

This great store is natural wealth, was stolen from the people of Minnesota through the political power and influence of the big interests. Concessions, grants and privileges giving away these mountains of ore without compensation were made by "favorable" legislatures and endorsed by "friendly" executive and upheld by "fair" courts. Even today the state leases mining ground to these interests for a royalty of 25 cents a ton, when the regular royalty rate charged by private owners is $1.00 a ton.

Agricultural land is everlasting and raises a new crop every year. Mineral lands raise only one crop. That crop in Minnesota is being exhausted and carried out of the state to pile up wealth for absentee owners. The only recourse of the people of the state is a tax that will compensate them for this loss.

The first tax law on the iron mines was entirely in favor of the interests. It was a tonnage tax law imposing a tax of only one cent a ton on all ore mined. The properties and their improvements were exempt from taxation. Idle properties paid no taxes at all. This encouraged speculation and discouraged mining to such an extent that the mining region became partially idle and deserted.

EFFORTS OF PEOPLE DEFEATED.

This condition aroused the people sufficiently to secure the enactment of a law in 1897 taxing iron mines on the estimated value of the property. This law, with subsequent modifications, is the one we now have.

It does not work well because these estimates must be based in large part on figures furnished by the mining interests and because nothing works well as long as Big Business controls the state. It has compelled the smaller mining companies to work their properties or sell out and this has worked out in favor of the Steel Trust by helping them to absorb the smaller independent companies.

The failure of this law to tax the mining interests to the same extent that the small properties in other lines are taxed, led in 1909 to another partially successful attempt to remedy this injustice. A tonnage tax law to be applied in addition to the existing law passed both houses but was vetoed by the governor.

Every session of the legislature but one since 1909 has witnessed a battle by the people against the Steel Trust for a tonnage tax law and every session has seen the people defeated. In 1917 a tonnage tax law passed the house and was killed by the Senate. Most of the representatives from the Twin Cities and Duluth voted against it.

ADVENT OF LEAGUE CHANGES SITUATION.

The entrance of the Nonpartisan League into the fight has changed the whole situation. For the first time the trust and its Big Business allies are face to face with an organized movement of farmers backed by labor. That Big Business believes that this combination will actually put its program through if it gets a chance is proved by the deadly opposition of the interests all along the line.

The Nonpartisan League demands that each interest shall contribute to the expenses of government in proportion to the value of its holdings and that in order to make this principle effective the iron mining interests shall pay in addition to a property tax an ore tonnage tax. This is necessary because there is no way to estimate the true value of mines as there is to determine the value of farms and other small properties.

MINES TAXED ON FALSE BASIS.

In 1916 the agricultural interests of Minnesota paid on an assessed valuation of $658,331,869 at an average rate of 3.5 per cent taxes to the amount of $23,040,951. The same year the mining interests paid on property assessed at $260,080,000 the sum of $9,600,000 AND YET AS WE SHALL SHOW, THE MINES OF MINNESOTA ARE WORTH A GREAT DEAL MORE THAN THE FARMS.

The value of property is measured by its average earning power. All just tax laws should be based on this fact.

The 46,189,000 tons of iron ore mined in Minnesota in 1917 was worth at Cleveland an average of $6 per ton. It cost the trust $1.65 to lay it down there over its own lines of transportation. This left a net profit of $4.35 on every ton of ore, or $200,912,150 net profit on the total tonnage.

DOUBLE STANDARD SHOWN.

The Bureau of Markets of the United States Department of Agriculture estimates that average farm earnings are $318.11 per farm. There are 156,000 farms in Minnesota according to the 1910 census. Counting these earnings as profits and allowing the farmer nothing for wages, the total net earnings of farms in Minnesota averages somewhat around $49,625,160, or let us say $50,000,000 a year.

THIS IS LESS THAN A FOURTH OF THE NET EARNINGS OF THE MINES. IN OTHER WORDS, ALTHOUGH THE MINING INTERESTS IN MINNESOTA EARN FOUR TIMES AS MUCH AS THE FARMING INTERESTS, THE FARMING INTERESTS PAY TWO AND A HALF TIMES AS MUCH TAXES.

This is positive proof that mines and farms are taxed on a different basis and that we have a double standard of taxation.

Mine owners have been urging that they are already being taxed too much because mines are taxed on 50 per cent of the estimated value of their ore contents and farms on 33 1-3 per cent of their estimated value.

On this basis the mines were valued at $529,160,000 in 1916 and the farms at $1,974,965,607. Something is manifestly wrong in an estimate that assigns a value of a half billion dollars to property that earns $200,000,000 a year and a value of nearly two billion dollars to property that earns only $50,000,000 a year.

FARMER MADE THE GOAT.

This injustice is revealed when we ascertain how these respective estimates are obtained. Farm values are all in sight and are of the present and are assessed to the limit. Mine values are hidden in the earth and are in the main of the future. By a purely fictitious estimate of their values, the owners are able to escape a just assessment. Under the existing law the tax commission takes the trust figures for the value per ton of the ore at the mouth of the mine and discounts what remains in the ground according to the year it will probably be taken out. As a result the value per ton of ore now in the ground is set at 39 cents and the assessed value at 19½ cents.

IF THE SAME METHOD OF TAXING FARMS WERE USED AS IS USED IN TAXING THE MINES, THE FARMERS WOULD HAVE PAID ONLY $9,102,800 LAST YEAR AND WOULD HAVE SAVED THEMSELVES $13,938,151.

Is it to be supposed for an instance that the Steel Trust would sell holdings that were earning for it nearly a quarter of a billion dollars a year, for a half billion dollars? This question shows the absurdity of present valuations. The president of the trust himself, Elbert H. Gary, when the question of taxes was not being discussed several years ago, said that the ore in the Steel Trust's Minnesota mines was worth $1,120,000,000.

ORE TONNAGE TAX REMEDY.

The ore tonnage tax is intended as a supplementary tax to a straight tax on the estimated value of the mines. Such a tax is necessary because the value of mining property cannot be properly estimated. It should be large enough so that the tax the mining interests pay will bear the same relation to mine earnings as the taxes farmers pay bear to farm earnings. A 3 per cent ore tonnage tax would have produced a revenue of $6,027,065 from the mines in 1917 in addition to what they paid on the estimated value of their ore contents.

This remedy as advocated by the Nonpartisan League is not unfair even to the trust or Big Business. It requires only that each interest shall contribute to the support of the state in proportion to the value of its property. As for the small business man, it will reduce his taxes as much as it does the farmer's, and he should line up with the farmer and help put it through. Much of the cause of the deadly opposition of Big Business to the League and the false charges of disloyalty lies in the fact that Big Business is not paying its share of the taxes and is in mortal fear of the League's program of equalized taxation.

Paid advertisement issued for the National Nonpartisan League Publicity Department by W. W. Liggett, 543 Endicott Bldg., St. Paul, Minnesota.

Penrod on the U. S. S. G. Army

By Booth Tarkington

Hon. Franklin K. Lane, the Secretary of the Interior, Washington:

Dear Mr. Secretary—A kind of friend of mind told me you wrote to him to tell me to write a letter about raising vegaetables to eat and all. His name is Mr. Tarkington or supthing like that and he said he wold adress the letter and all and write what is at the top of this letter to start with. Well I do not know much about raising vegeteables yet but I will tell all I know. When Miss Spence said our class better join the U. S. School Garden Army and when she says we better why we usualy we got to. Besides she said the U. S. Government says so too and it is the School Garden Army is an Army of the U. S. Government and if we belong to it we are just as much in the army as if we had guns, and will get a badge and all and besides can get some money by selling the vegetables. Well I wold like to have some money and so wold any other boy and girl. Besides this I wold do it anyway because if I am in the U. S. S. G. I am in the Army and have a badge. And I can eat some of the vegetables myself and all. Well anybody wants to be in the army of course, so I am now a going to be a member of the army. Anybody what says I am not going to be ask whoever they like they will tell them quick enogh I am going to be in the Army because I am going to be in the U. S. S. G. Army. It has the U. S. before it and I guess that is enough for me I guess.

Well so we thought we better get some practice raising some vegetables, so we went to Sam William's yard and got two colored boys so as to have them to do a good deal of the work, as they have got to work almost all the time anyway at their own house. These two colored boys they used to live in the country out about five and one-half milus and they know how to raise cabaj and all.

Well, Sam said we could dig up his back yard and he wold help some. We also got some seeds that we got by trading some old iron to the rag man and we had onion seed and we had some potatoes eyes and some corn. Well, it did not look like much use. You can dig up a yard and put these things in and cover them up, and maybe put some rich dirt on top, and it does not look like much use, I tell you. Wel, we sat around there after school for several days; when we had put all these things in the ground we felt like we wished they would come up so we cold look at them.

This is not the first time Sam and I have planted seed because I expect in our time we have planted more cherry stones and peach stones and orange seeds and lemond seeds and apple seeds and once we must have planted anyway 1,000,000 watermelon seed in our yard but you cold go to the place 1,000,000 times and look at it for a couple of hours if you wanted to, but you wold never see any difference. But that was when we were little and now we are going to be in the U. S. S. G. Army of course we wold know better. When we were little we wold just as leaf do our planting in October as any other time.

Well so one morning before school Sam Williams called me to come over there and he was all hopping when I got to our farm because there was a little plant sticking up out of the ground and signs of some more coming with little leaves and all. I *tell you we never did feel better than* when we say that because it was our own little plant on our own little farm and it made us feel hungry like we wanted to eat it ourselves right away but we did not because of course it wold be too young and if we went and eaten it we cold not sell it. Well, we were pretty glad all day and after school we sat and looked at our farm and pulled some weeds out and we cold see this plant was already some bigger. Sam said it was going to be potatoes and I thought onions. Verman said corn but he probaly said that because he is tongue-tied and it was the easiest for him to say.

Well anyway we thought a great deal of our plant and Sam said he never did like any plant as much as he did that one and so did I because when you have raised a plant it is deferent from any plant. And Sam said they were coming up so fast now we wold probaly have 100 by tomorrow morning.

Well we did not. I went there before school next morning and Sam said look what happened and he was almost crying because this is what had gone on. Well some old chickens had been there and they had scratched up our whole farm up the vile old chickens and eaten up all our seeds that had not sprouted and there was not any farm left.

Well we called the two colored boys an they were as mad as any thing but they said if they cold find those chickens they know what they wold do with them and so we wold begin all over again and make a new farm, because the spring was early yet and if those chickens cam back well just let them try it that's all.

Well in school Miss Spence told us some more about the U. S. S. G. the Army. She said there wold be directors to tell us what to do to make our little farms, and wold come back where the farm was like Sam's back yard for instace sometimes, and wold tell us all how to get the farm going so we can see our own vegetableas coming up pretty as anything and sell them and make money and be in the Army. On the badge a captain will have three stars and if Sam is a first lieutenant he will get two stars and if Herman is a second lieutenant he will get one star and Verman will get a badge too.

So we are going to start our farm again and it is going to be a mighty good farm. She said this army was going to have 5,000,000 boys and girls, just as many as there will be soldiers in the army, and our farm is going to be the best because we have already got the experience of one farm and we would not take anything for how we felt when we saw our own plant coming up and getting ready to eat. That is a kind of a feeling nobody knows how much excitement there is in it till you see your own plant coming up like that.

Well and so that is about all because our army is getting ready to begin and help win the war and see their own plant coming up. Well we have got some pretty good spades and hos and rakes and trowls and we found where those vile hens came from. They belong to old Mr. Tronket lives three doors up the street from Sam so we thought we better warn this old Tronket and we wrote him a note. It said if any more vile hens found on our farm they will then be the propty of a poor colored famly that is in need.

So we expect there will probably be no more trouble and pretty soon some morning we will see our own plant coming up again and will all be looking at our own old plants and wearing our badge of the U. S. S. G. Army.

Yours sincerely,
PENROD SCHOFIELD.

Church Picnic.

The members of the Swedish Lutheran Clara church will hold a picnic at the J. A. Sjoberg home on Sunday, June 23, at which everyone will be welcome.

DROPPING OF J. J. FARREL AIDED PACKERS IN FIGHT ON DAIRYMEN

Governor Burnquist Refused to Reappoint Vigilant Official While in Midst of Campaign to Stop Sale of Colored Butter Substitutes.

That Governor Burnquist has scant understanding of or sympathy with farm problems and that his acts have favored big business corporations a against country producers and city consumers, was clearly indicated by his refusal to re-appoint J. J. Farrel as State Dairy and Food Commissioner a year ago, although Mr. Farrel had a splendid record, was conducting a vigorous campaign against the sale of butter substitutes by the great packing interests, and had been recommended for reappointment by the State Dairymen's and the State Buttermaker's associations.

Prior to the dropping of Commissioner Farrel, Governor Burnquist had seriously interfered with the efficiency of his department by combining it with the department of oil inspection and the department of hotel inspection, two notorious refuges for political job hunters. After years of fighting the farmers had succeeded in placing the dairy and food department under strict civil service rules, but the efficiency of the whole service was hindered by this combination made over the protest of Commissioner Farrel.

FARREL DROPPED DURING FIGHT.

Commissioner Farrel, president of the National Food and Dairy Commissioners' association and known all over the country for his fearless enforcement of pure food regulations, was dropped just at the climax of his fight to prevent the packers from driving creamery butter off the market by selling substitutes with butter color. It is difficult for high-grade butter to compete with these cheap substitutes and especially when these substitutes are colored to resemble butter.

The Packers sought to evade the law by adding to their product "oleo" oil made from the fats of canner cows and by mixing in a small percentage of highly colored June butter. This made a colored substitute that could be passed off upon unsuspecting persons as butter. Because they added no coloring matter directly, the packers claimed this product did not violate the law.

FARREL SEIZED PACKERS' PRODUCT.

Commissioner Farrell, ever vigilant to guard the interests of the dairy producers and the consuming public, thought otherwise and during 1916 he confiscated case after case of this camouflaged butter as it came to the grocers. The packers sought to enjoin him in the court, not as an officer of the state, but as an individual, and after considerable inside politics in the Attorney General's office the case was almost allowed to go by default and an attorney for Swift & Co., was able to have it transferred from the Federal to the state courts, despite the protests of Mr. Farrel, who did not want to be a party to any attempt to have the Minnesota law set aside.

Mr. Farrel charges that the attorney general's office was negligent in preparing these cases and that Governor Burnquist displayed no disposition to take any vigorous steps to protect the dairy interests. While these cases were still pending Mr. Farrel was let out of office,—although the dairy interests all over the state were unanimous in demanding his retention. He had incurred the bitter enmity of the packers and other big business interests, however, and Governor Burnquist turned a deaf ear to the dairymen.

LOBBYIST BOASTS IN ADVANCE.

A significant feature of the case is that Mr. Ashcraft, Washington legislative lobbyist for the Cotton Crushers' association, a subsidiary of the Packing Trust, boasted that he had "got Farrel's scalp" two days before Mr. Farrel himself was notified that he had not been reappointed.

With Commissioner Farrel out of the way, the Packers were able to proceed with more facility and in the fall of 1917 obtained a court decision which virtually nullified the Minnesota law. As a consequence through their ownership of cold storage facilities, centralizers and by price manipulation, the Packers are preparing to control the butter trade and to gradually replace high-grade pure dairy products with their monopolized artificial substitutes.

If they succeed in these far-reaching plans it will seriously affect Minnesota's prosperity. In 1916 there were 844 creameries in the state patronized by more than 100,000 farmers and producing 150,800,569 pounds of butter. There were 644 co-operative creameries alone which paid their 71,110 farmer owners nearly $23,000,000 for their cream. Any inroads upon this industry would be a serious blow to the farmers of Minnesota and the dairy industry is sure to suffer unless it is protected by alert, fearless and honest state officials who will not be subservient to the Packers, or other Big Business interests.

NONPARTISANS PROTECTED DAIRYMEN.

One of the first acts of the Nonparisan League legislature in North Dakota was to pass a law preventing the unfair practices which now obtain in Minnesota and men favorable to the farmers were appointed to administer the law. Minnesota should follow this splendid example, and the farmers of the state know by experience that they can not get the necessary legislation unless they elect their own men to office.

The dairy products alone make diversified farming possible in Minnesota, for long since the packers have destroyed any real profits for the farmer in stock raising. If they now succeed in their plans to kill the butter market, diversified farming will have to be abandoned.

Constructive measures and firm law enforcement are needed, therefore, not merely to protect the dairy industry but the whole farming industry dependent upon it. The Nonpartisan League by its plan to give the farmers political power, offers the only way out.

Astonishes Thief River Falls.

The QUICK action of buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, the appendicitis preventative, astonishes Thief River Falls people. ONE SPOONFUL of this remedy relieves sour stomach, gas and constipation AT ONCE. F. J. Stebbins, druggist.

Old Settler's Funeral.

Norman County Index: Funeral services were held at Hendrum last week Wednesday for John N. Ostby, who settled east of Halstad on a homestead in 1874, being one of our very earliest settlers. Later he lived in Hendrum, Fertile and Thief River Falls.

See Florida In The Summer

Florida's mild summer climate is one of its strongest attractions. Sunstroke is unknown. Florida produces more kinds of crops than any other state in the Union. The plant growth is such as may be found in the tropical, semi-tropical and temperate climates. Florida leads the entire country in the furnishing of fresh vegetables for the winter markets. Florida excels the world in the quality of its citrus fruits, such as oranges, lemons, grapefruit. If a farmer tills 40 acres of good Florida land right he should sell produce from same for about $28,000 yearly. Send 5 cents to cover postage on illustrated pamphlets and colored view cards.

The Conquerors

HAIL The Conquerers of The Road Hail the tires that triumphed in the bitterest struggle ever staged between roads and tires, a conflict of 4,178,744 tire miles. Hail Goodrich Tested Tires.

Hear the story of a good fight well won. One year ago Goodrich, challenging the roads of America to a test of strength, sent forth six Test Car Fleets to battle America's roads in every region of the country.

GOODRICH TESTED TIRES

The roads did their worst. East, west, north and south, as the Test Car Fleets whirled from state to state, the teeth of the road gnawed at Goodrich Tires.

But the tires conquered with phenomenal mileage that doubled Goodrich's pride. From that test covering millions of miles, the Test Car Fleets came back with a new tire standard, the TESTED of Goodrich Tested Tires.

Tested Tires mean certainty of service, proved service, and that means a lot to a tire user. It means long life in a tire, and dependability on the road, for no hidden weakness could conceal itself in that year long test of Goodrich's Test Car Fleets.

"W. S. S."
On sale at every Goodrich Branch and Depot

SILVERTOWN CORDS, and BLACK SAFETY TREADS, proved themselves masters of the road. The spiral-wrapped, cable-cord tire body, and the tough, close-clutch, cross-barred black safety tread defied the rough going.

Under light and heavy cars they proved themselves not for one car or one driver, or one road, but all cars, all drivers, all roads.

Reap the benefits of this nation-wide victory of Goodrich Tires, the sure mileage and dependability of a proven tire service, by demanding tires that won the title, "America's Tested Tires."

ROSEWOOD

(Crowded Out Last Week.)

Farm Club.

A splendid meeting of the Rosewood Farmers club was held this evening at Rosebank and despite quite unfavorable weather conditions upwards of 100 persons were in attendance, some of which had driven with horses as far as seven miles (from Excel) which must be a somewhat courageous undertaking considering the condition of the roads and the occasional rain showers during the evening. The New Solum Farmers club also had a meeting this evening at Busy Bee and as that closed quite early a number of their attendance came over towards midnight to spend a while with us. A good deal of credit will be awarded our cheerful county agent John Husby, who braved a 50-mile auto drive to be present and arrived in his rosiest humor ready to deliver one of the heartiest and most patriotic lectures ever given before our club. Mr. Husby was given the floor at about 9:30 and commenced his lecture by touching briefly upon the work of a county agent, what should be required of him and what not, and the idea anticipated by the government in installing these agents as well as all agricultural colleges, farming bureaus and the government agricultural department, a common mistake is made by supposing that these institutions were created to with the purpose of traveling about and informing the farmers how to farm, how to do this and how to do that. This if attempted is only a bywork, while its main purpose is to centralize farming, encourage co-operation and organization among the farming population and to study by the aid of scientifical means the certain grades of agricultural work best suited for the different sections of the country, try out new experiments and pass about information to the individual workers, and the center person of this work is the county agent who should with the cooperation of a number of the progressive farmers scattered about his county, attempt to study the most vital problems confronting the population of the county. A farm bureau was organized in this county in 1917 and now has about 425 members all over Marshall county. Their directors met at Warren some months ago and agreed on the following program of work for the coming year:

1. Weed Control—Educating the people of the country on this important subject, through public meetings, circular letters, newspaper articles, etc., and ascertaining the best means of checking and exterminating different weeds. Along this line will be sought the co-operation of all the county town boards.
2. Farm Records—Encouraging the keeping of detailed records of all farm transactions.
3. Crops—Especially with potatoes, the selection of seed, control of diseases and if possible a public demonstration during the year.
4. Live Stock—Study of best kinds and encouraging the co-operation of exchanging and importing better breeding stock.
5. Silos—A silo census of the county and a tour to study the different kinds planned.
6. Boys' and Girls' Club Work—Garden and canning, potato growing, pig raising and bread making.
7. Assisting farmers in obtaining farm labor, by appointing a man to ascertain the needs in each individual township, who reports to the county agent and he in turn to the government employment bureau now organized at Minneapolis.

Towards the close Mr. Husby spoke for a few minutes on food conservation, and the painful attitude nourished by certain persons in regard to the necessary use of substitute foods. The reason for this was thoroughly elucidated by explaining the quick decomposition of certain foods, while others could be preserved for months without the least damage, consequently the shipment of hardy foods to "over there" while the use of the less hardy at home. One injustice however in regard to this was strongly emphasized by Mr. Husby, and that is the price control. The real food is controlled by government prices, while the substitutes may soar above their actual values. That a remedy for this would however soon be brought on Mr. Husby was quite certain.

A few minor business propositions were brought before the house after the speech but were soon disposed of. It was decided that the next meeting will be held at the same place four weeks from date and with Harvey Copp on the program committee and Axel Bloom, the caterer. Due to the untiring efforts of Sigurd Raftesoth, a sumptuous luncheon was served after which the happy evening ended.

Monday.

Rudolph Sagmoen has been home this week to assist his mother with home work. His father, B. P. Sagmoen, who has been on the sick list for several weeks, is reported slowly recovering.

Mr. and Mrs. John Ranum, of Viking, were in town yesterday visiting and attending to social doings.

Mrs. Nina Anderson returned this evening from Viking, where she had been visiting in company with her boys, Newell and Lloyd, over Sunday.

Swen Haugen is home from Warren where he has been a member of the spring court's petit jury.

Mr. Solem, of Holt, went to Warren this morning in company with several friends to attend court affairs.

Herbert Carlson, Olof and Henry Lappegaard and Edwin Myrom, attended the Saturday evening dance at Mavie.

Mrs. Chas. Anderson and daughter, arrived from Marsh this evening for a few days' visit at the Renhard Ranum home.

Garageman Larson went to Thief River Falls this morning, from where he was to drive for John Sorenson.

Mrs. John Sorenson returned to Thief River Falls today following a week's visit with her mother, Mrs. M. Evenson, north of town.

Lars Furan was up from Thief River Falls in car today and returned in company with Henry Sagmoen who will be employed at that place in the immediate future.

Ole Jorgenson returned to southern Pennington county this evening after a visit with his daughter, Mrs. A. Thoreson.

Ivor Westby returned from Warren this evening where he has been employed at tractor breaking this spring. He will visit his parental home until Saturday when he returns.

John Helquist is among the days' shoppers and visitors at the Pennington county seat.

Rev. Fjelstedt, of Leonard, Minn., arrived from Viking this evening having been invited to speak at the Congregational church this evening and tomorrow. He gave three lectures and returned west on Wednesday.

Mrs. Albert Paulson left the beginning of the week for Fargo, N. D., where she will visit among relatives for two weeks. Miss Ella Nelson is staying at her home during her absence.

Tuesday.

Mr. and Mrs. C. E. Helquist and children, Henrietta, Elmer and Ernie, arrived from Thief River Falls this morning to visit at the John Helquist home during the day. Mrs. Helquist has been of rather poor health this spring and is so continuously.

Jacob Bergland and P. Woldness left for North Dakota this morning t oseek summer employment.

Mrs. Peder Sjolavold is spending today at Viking to shop and visit.

The Norwegian Ladies' Aid society has its monthly meeting this evening at the C. A. Flann home.

The Soo railway platform is under extensive repairs this week.

J. Sorenson returned this evening to his home at Thief River Falls following a business stay at this place.

Mrs. Geo. Larson and children returned to Thief River Falls this evening, having been at this place during the day to visit and attend the Ladies' Aid meeting at Flanns.

Wednesday.

The following were to Viking today from this place to be registered for war service: Fred Rahum, William Sorenson, Alfred Raftesoth, Alfred Thoreson, Emil Helquist and Joel Shoberg.

Mrs. Flodstrom, David and John Flodstrom, of Viking motored up today for a visit at the John Helquist home. David Flodstrom is home on furlough from military training in Louisiana and will return tomorrow.

The L. L. Furan and Sievert Benson families of Thief River Falls, autoed up today for a visit with relatives and friends in town. They were accompanied home by Miss Isabel Sagmoen who will stay at Thief River Falls for some time.

Axel Bloom, of Norden, autoed to Thief River Falls today to register for war service.

A Red Cross outing picnic will be held at the Rosebank school grounds on Thursday afternoon, June 27. State Senator E. E. Lobeck will be present to deliver a lecture on the importance of passing the dry state amendment for Minnesota. Speaking will commence at 2:00 p. m. Ice cream and lemonade will be for sale. In case of rain participants will have admittance to the Rindal church building on the north side.

Thursday.

Mesdames Victor Mosbeck and Chas. Sagmoen and children left this morning on a week's visit with their sister, Mrs. Henry Whitehead, of Forest River N. D.

Mrs. James Johnson and son, Earl, of Thief River Falls, are visiting for a few days with her parents, Mr. and Mrs. John Helquist at this place.

Harvy Copp, of Steiner, was in town this evening demonstrating some of his newly acquired possessions.

Christ Storholm, of Thief River Falls was in town this forenoon on business with the local merchants.

Mrs. John Bloom left this evening to visit for a few days with her daughter, Mrs. Lloyd Crown, in town of Rocksbury.

Mr. and Mrs. Axel Axelson are shopping and visiting at Thief River Falls today.

Town Treasurer P. Sorenson is at Viking today on business in connection with the War Stamp drive which will commence on Monday. The quota for this township is $1800. The same officers who had charge of the Liberty Bond drive, will also have charge now.

Friday.

Miss Clara Nelson left today for Minneapolis where she will visit for two weeks with Mr. and Mrs. Roy Skinner.

Mr. and Mrs. Ole Skaar and Miss Clara Nelson motored to Newfolden this afternoon.

Henry Lappegaard left this evening for Thief River Falls on a short stay attending to business.

Mrs. S. S. Nordgaard and two sons arrived from Viking this evening to visit for a week among relatives at this place.

Saturday.

Mr. and Mrs. John Henderson returned to their home at Atwater this morning after a weeks' visit at the home of Mrs. Henderson's brother, John Sor and family at this place.

Miss Marie Helquist who is employed at the Jung bakery at Thief River Falls, is home today to visit with her parents.

Bella Sagmoen came on the morning train today for a brief visit with her parents, returning to Thief River Falls later in the day in company with her brother, Rudolph Sagmoen.

E. Gudmondson, from the eastern part of the state, was in town today on business. Mr. Gudmondson was formerly a farmer north of this place.

The following are spending today at Thief River Falls attending to business and visiting: Nina Anderson, O. A. and Marshall Flann, Herbert Carlson, Axel Larson, Simon Gulseth and Joel Shoberg.

Daniel Shaw, of Thief River Falls, is in town this afternoon on land affairs.

M. B. Raftesoth went to Pennington county this evening for an over Sunday stay.

Mr. and Mrs. Ole Nyhus, of Thief River Flls, motored up today to visit with their daughter, Mrs. S. Swenson, of this place.

A number of the people from here are at Thief River Falls this evening to attend the speech by Governor J. A. A. Burnquist at the Auditorium.

Sunday.

A Sunday school class was organized at the Willowdale school house this forenoon under the auspices of the Swedish Congregational church. John Bloom and Mrs. Nina Anderson will teach.

Mr. and Mrs. E. Nelson and family and Geo. Hegg, of Viking, are visiting this afternoon at the Carl Mellem home.

The following have made pleasant calls at the J. Sor home during the past week: Mrs. Even Anderson, J. Fjelstedt, Mr. and Mrs. C. E. Helquist and family, John Bloom, Nina Anderson, Mrs. S. S. Nordgaard and son, Alton.

Mrs. Eva Carlson and Howard Carlson, of Norden, are afternoon guests with Mr. and Mrs. John Sagmoen.

Renhard Ranum, who is now employed at carpenter work near Warren is spending the day with his family at this place.

Monday.

Swen Swenson has spent a few days at Thief River Falls and other southern points this week to attend banking and other business affairs.

T. Mellem went to Viking this morning to visit and attend to business.

Alfred Raftesoth has returned to southern Minnesota to resume his dredging work.

ST. HILAIRE

E. G. Peterson died as a result of a fall from an automobile at the home of his daughter, Mrs. E. B. Gustafson, at eight o'clock on Thursday evening. Mr. Peterson was 74 years of age and was born in Foegel, Sweden in 1844. The body was brought to his old home Friday afternoon and the funeral was held Sunday at ten o'clock at the Swedish Lutheran church. Mr. Peterson was a true Christian and his last words expressed a wish to die and meet his God and he left a warning to all the rest to meet him there. The deceased left to mourn his demise his daughters, Mrs. E. B. Gustafson of Beltrami and Mrs. A. J. Duntley of Minneapolis and two sons, Charley Peterson of Canada, and John E. Peterson with whom he has made his home, a sister, Mrs. Amanda Backman of Chicago and brothers, Willie Peterson and Anton Peterson and numerous other relatives.

Mrs. Selmer Hauge returned to her home at Bemidji via the Soo at Hazel Thursday after spending the past week visiting with her parents, Mr. and Mrs. H. O. Jackson.

Dan Whalen and son, John, returned to their home in this village Tuesday after taking a carload of cattle to South St. Paul.

Miss Callie Merritt, assistant principal in the St. Hilaire public school, left for her home at Aitkin Thursday where she will spend the summer vacation with her parents.

Rev. and Mrs. Orrock and daughter of Thief River Falls, autoed to this village Tuesday evening to attend services held in the Methodist church with Rev. Ackley officiating.

Miss Mary Anderson, who has taught a term of school near Grand Forks arrived here Tuesday via Thief River Falls and will spend the summer with her uncle and aunt, Mr. and Mrs. Henry Jackson.

Oscar Post of Steiner came down to this village Saturday evening to visit with his son, Curtis. He returned on Monday.

Miss Olga Fricker went to Crookston Friday evening where she took a civil service examination. Saturday evening she left for Bagley where she will visit with her brother, George.

Miss Cleo Amble, who has been employed as clerk in one of the stores at Plummer, returned to her home in this village Friday to visit with her parents.

Mr. and Mrs. A. S. Wilson, Mr. and Mrs. Hans Wilson and Duncan McAllister autoed out to the Keller farm east of town, Sunday.

Ed. Lambert and J. Eatnode autoed up from Red Lake Falls Sunday and spent the day visiting with friends.

Miss Ethel Patterson, who daught school at Little Falls, arrived here Saturday to spend her vacation at her parental home.

Mrs. Wm. Olson and children, Alta and Harwood, visited with Mrs. Olson's mother, Mrs. E. Avelson, who resides on a farm west of town, Sunday.

Mr. and Mrs. Lawrence Wilson and Henry Kolstad and Curtis Post autoed up to Thief River Falls Sunday evening to visit with friends.

Mrs. J. Shannon, of Minneapolis, arrived here Tuesday to visit with her daughter, Mrs. Dan Whalen for an indefinite length of time.

Harry Jackson, who has been employed at Minot, N. D., for the past two months, arrived here Wednesday to visit with his parents.

Miss Blanche Hoff returned from Crookston Tuesday after visiting there with friends.

The Misses Inez and Mabel Patterson, instructors in one of the schools at Fargo, arrived here Saturday to spend the summer visiting with their parents, Mr. and Mrs. Daniel Patterson.

Mrs. Stadsvold and little daughter, of Crookston, arrived here Saturday to visit with her sister, Mrs. Ina Johnson.

Mrs. Jack Bahan and children, Leona and Jack, left for their home at Stampede Saturday after visiting at the G. Fellman, C. Patterson and G. W. Hooper homes for the past month.

Mrs. Albert Larson, who taught a term of school at Gerry, Minn., returned to this village Saturday and will visit with her mother, Mrs. Richard Wallen.

Among those who attended the dance at the Luttmer farm Saturday evening were Henry Kolstad, Louis Cathlineau, Fred Hanson and Miss Mildred Fellman and Norman Patterson, who furnished the music.

Fred Anderson returned to his home here Sunday after visiting with his brother, Ed., who resides at Argyle.

Mrs. Duncan McAllister, Louise Wilson and Alta Olson autoed to Thief River Falls Friday evening.

Mrs. McKercher and children left for Wisconsin Wednesday where they will visit with relatives for an indefinite period.

Mr. Aspeland, manager of the St. Hilaire Retail Lumber company, left for Bemidji Tuesday to visit with his wife and children. He returned here Friday.

Miss Olive Patterson, who has been attending school at the Moorhead normal, returned to her home here Saturday and will spend the summer with her parents, Mr. and Mrs. Daniel Patterson.

Mrs. O. Steen and daughter, Elsie, arrived here Tuesday from St. Paul to visit at the Dan Whalen home.

Miss Myrtle Larson, who resides on a farm west of town, is visiting with her cousin, Alice Bengston this week.

The Misses Alta Olson, Gladys Olson and Esther Fricker visited between trains at Thief River Falls, Thursday.

GERMANTOWN

Benard Bendickson transacted business at Nabben's on Monday of last week.

Mrs. Hans Dahl visited at the Aandall home on Monday of last week.

Mrs. Klockmann and son, Henry, autoed to Thief River Falls on Tuesday of last week.

Mr. and Mrs. H. Roller were Mavie callers on Tuesday.

Mrs. Harry Torgerson from Montana is visiting with her sister, Mrs. Clarence Wayne for some time.

Misses Linda and Mina Bentlin were callers at the Aandall home on Tuesday.

Mrs. Hamre was a Mavie caller on Wednesday.

Mrs. Frank Habedank and children are visiting at her parental home.

Mrs. Strubbel visited with Mrs. Aug. Ristau on Thursday afternoon.

Miss Clara Hamre departed for Thief River Falls on Thursday to visit with her sister, Mrs. John Joringdal.

Miss Easter Bendickson was a guest of Mrs. Aandall one day this week.

Mrs. Hans Dahl called at the Bendickson home on Friday afternoon.

Mrs. Clarence Wayne and Mrs. H. Torgerson visited at the Aug. Ristau home on Friday afternoon.

Mrs. Charley Wayne of Rollis is visiting with the Mesdames Will and Clarence Wayne.

Miss Olida Kjeslo, of Mavie, was an over Sunday guest at her home, returning on Monday to resume her duties as instructor in the Norwegian school held in the Germantown Lutheran church.

Mrs. L. Bendickson and daughter were callers at Mrs. J. Aandall's on Saturday afternoon.

Detlef Dau visited at the August Ristau home Sunday afternoon.

A large number of young folks of this community attended the Farmers Club picnic at Stenseth's on Sunday last, and report a fine time and a large crowd present.

A surprise party was given at the Jenson home on Thursday evening of last week. A large crowd was present and a good time had.

ROUTE NUMBER TWO

The Ladies' Aid society of the Synod church will have their picnic at the home of Mrs. Hans Peterson on Sunday afternoon, June 16, commencing at one o'clock. The children of the Norwegian school will give a program, also a lunch will be sold in the afternoon. Don't forget to attend.

A large number of young folks from this locality made a pleasure trip to Thief River Falls on Sunday evening in their cars.

Mrs. A. Klungnes visited at the Ed. Hansen home on Sunday afternoon.

Miss Laura Johnson visited with the Targer Senum people on Sunday.

Mrs. N. Gunderson was a Monday afternoon caller at Moe's.

Messrs. A. Klungnes and A. Bordahl visited at the home of M. Sampson Sunday evening.

An auto load of people of this locality autoed to Thief River Falls Sunday to attend services at that place.

A Red Cross meeting was held at the Steiner school house Saturday evening.

Messrs. Arnie and Alfred Solem spent Sunday afternoon visiting with Julius Liden.

HOSPITAL NOTES

Mrs. L. R. Johnstone of this city is recovering from an operation performed Tuesday morning.

Mrs. W. E. Baker was discharged from the hospital today having recovered from a successful operation performed on Monday of last week.

Mrs. W. W. Prichard, Jr., and new son, left the hospital yesterday and returned to their home in this city.

Victor Borg, of Middle River, will leave the hospital the latter part of this week after a several weeks' confinement, recovering from an operation.

Lincoln Thorson was operated on for removal of the tonsils last Saturday at the local hospital.

Mrs. Henry T. Swenson and little son, of this city, were discharged from the hospital the first of this week.

DELCO-LIGHT

Increases Farm Efficiency

Fifty thousand Delco-Light plants in operation on American farms are saving at the most conservative estimate, an hour a day each—or over 18,000,000 work hours a year. That is equal to an army of 60,000 men working ten hours a day for a full month. Delco-Light is a complete electric light and power plant for farms and suburban homes. It furnishes an abundance of clean, safe, economical light, and operates pump, churn, cream separator, washing machine and over 200 time and labor-saving appliances.

Over 50,000 DELCO-LIGHT Plants in Actual Use

"See 'Gets-It' Peel Off This Corn."

Leaves The Toe as Smooth as the Palm of Your Hand.

The corn never grew that "Gets-It" will not get. It never irritates the flesh, never makes your toe sore. Just two drops of "Gets-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right

It's Wonderful to See "Gets-It" Peel Off Corns!

off with your finger and there you are—pain-free and happy, with the toe as smooth and corn-free as your palm. "Gets-It" is the only safe way in the world to treat a corn or callus. It's the sure way—the way that never fails. It is tried and true—used by millions every year. It always works. "Gets-It" makes cutting and digging at a corn and fussing with bandages, salves or anything else entirely unnecessary.

"Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

Sold in Thief River Falls and recommended as the world's best corn remedy by J. P. Curtis, Lambert's Drug Store and F. J. Stebbins.

Take Care of Your Tires

America's greatest need is for ships—more ships.

Every available vessel is being utilized in government service.

Many ships that have been carrying rubber from Sumatra and Brazil have been taken for active transport duty.

This will necessarily force a temporary curtailment of tire production.

So, make the most of the tires you have.

Use good tires.

Take good care of them. Keep them in perfect repair. See that they are properly inflated.

Increase their mileage by careful driving. Keep out of car tracks and away from bumps. Don't scrape the curb or apply brakes too suddenly.

Get every mile your tires have in them.

Only in that way can you be assured of your car's continuous service.

United States Tires are Good Tires

We *know* United States Tires are good tires. That's why we handle them.

A Graduate from School of Labor.

Farmer-Labor Choice for Congress.

Member of Locomotive Engineers Union.

A Veteran in the Fight for the Workers.

IF YOU WANT A CONGRESSMAN WHO WILL FIGHT FOR THE PEOPLE IN EVERY ISSUE WITH BIG BUSINESS, AND WHO WILL STAND WITH THE ADMINISTRATION AGAINST THE PROFITEERS, VOTE FOR

FRANK M. BARTON

THIS IS WHAT HE SAYS:

"To win the war for democracy we must mobilize our industrial structure to back up our military machine. We must make one great co-operative machine out of our industrial resources. Congress must give the president authority to fix prices all down the line, as was asked by him in his message to Congress December."

Ask for a Republican Ballot.

Political Advertisement.

Issued by W. W. Liggett, 543 Endicott Bldg., St. Paul, candidate for congress. Amount to be paid, $6.70.

THESE CANDIDATES WILL END CONTROL OF BIG BUSINESS

Men Indorsed By Nonpartisan League Offer A Definite Program to People.

The issue of this campaign is between Big Business and the people. Interests like the Steel Trust, the Packers, the Millers, the Lumber and Insurance combines, have laid their hands upon the resources and the government of this state and are taking advantage of the war to undermine popular government and intrench themselves permanently in power.

Farmers and workers from all parts of the state met in St. Paul in March and wrote a new declaration of independence. To make it effective they have indorsed for office only true and tried champions of the common people who have courageously resisted the big profiteering interests in the past.

Do not be stampeded by the false cry of disloyalty. It is a weapon Big Business has seized to crush every movement of the people. A vote for these candidates is a vote to preserve democracy at home as well as to uphold our soldiers who are giving their lives to sustain it abroad. It is a fight to give them a freer and better country when they return. It is the most patriotic vote you can cast.

Clip the following list of candidates to guide you at the polls and ask for a Republican ballot.

CHARLES A. LINDBERGH
For Governor
RALPH E. CRANE
For Lieutenant Governor
THOMAS V. SULLIVAN
For Attorney General.
S. O. TJOSVOLD
For State Auditor
ALBERT A. FASEL
For State Treasurer
FRED E. TILLQUIST
For Railroad and Warehouse Commissioner
HERMAN MUELLER
For Clerk of Supreme Court
HENRIK SHIPSTEAD
For Congressman, Seventh District
FRANK M. BARTON
For Congressman Ninth District

FROM LINDBERGH'S SPEECHES.

"A new era is about to dawn in which democracy will be extended into industry as well as politics. * * * The producers—the workers and farmers—who constitute the great mass of our people must direct this great movement. We must stand together with a definite program."

"The National Nonpartisan League is the only political organization in America that has a constructive program for war and after war problems. It was the first political organization in America to demand government control of industries and a far-reaching price fixing program.

"The plutocrats who insist upon piling up profits while the common people sacrifice are doing more than the pro-German spies to handicap our war program. This is disloyalty of the most damnable and despicable sort.

"Our first problem is to win the war and to win the war we must first unlock the shackles which the profiteers have placed upon industry.

"The products of the farm and the factory must be freed from the extortionate toll of monopolistic middlemen."

POLITICAL ANNOUNCEMENT---Inserted in his own behalf by Lars Backe, Thief River Falls, Minn., candidate for Register of Deeds. Amount to be paid, 30 cents per inch.

Lars Backe

To The Voters of Pennington County:

For 28 years I have been a resident of what is now Pennington County.

I have, at different times, been Village Recorder, City Clerk, Mayor and for 18 years member of the Board of Education of the city of Thief River Falls; from its organization.

With others I have taken an active part in the affairs of the county and city in the upbuilding of local public utilities and educational institutions.

The compensation in money for this work has been small or none at all.

In seeking the office of Register of Deeds, considered a good paying office, I refer the voters to my public services. I am willing to stand or fall on my record of the past 28 years.

I am under no political obligations to any party and have formed no combinations with others running for office.

Your vote and support will be greatly appreciated.

Yours respectfully,

Lars Backe

"Quality" Fully Describes Times Work

SWIFT & COMPANY U.S.A.

Why Swift & Company Has Grown

The fact that a business organization has grown steadily for forty years proves that it has kept continually meeting a vital business demand.

It must have kept "fit" or it could not have stood the strain of ever-shifting conditions.

Swift & Company has been trained in the school of experience.

Every day of its forty years of service has solved some new problem of value to its customers.

Every year has proved its ability to learn by experience, and to use this knowledge *for the benefit of those with whom it deals.*

Swift & Company, U. S. A.

Adjudged Insane.

Otto Ortloff was on Monday taken before Judge of Probate Wilhelm Michelet to be examined as to his sanity. Drs. H. W. Froehlich and F. H. Gambell conducted the examination and there was no doubt as to the man's affliction. Religion seems to be at the basis of his disorder and he seems unable to stop talking once he gets started. Ortloff has a wife and four children dependent upon him at the family home in the town of Wyandotte. He has for some time been considered queer but the brothers have been able to look after him in a satisfactory manner. His disease has now reached a stage that makes other provision for him necessary and Sheriff W. J. LaBree took him to Fergus Falls on the afternoon train.

Inserted by W. J. LaBree, candidate for sheriff, on his own behalf and to be paid for by him. Amount, 30 cents per inch.

For Sheriff

W. J. LaBree

I wish to announce to the voters of Pennington County that I am a candidate for the office of sheriff at the primary election to be held June 17th.

I respectfully ask the support of the voters of the county and I pledge my best efforts, if nominated and elected, to the honest and efficient service of the people in this important position.

NOW UP TO VOTER; HERE IS THE LIST

MONDAY'S ELECTION WILL DECIDE WHO IS TO GO ON FINAL BALLOT.

Any American citizen who fails to vote at the primaries on Monday is a slacker. In many ways he is more of a slacker than the one who seeks to evade military duty. The latter has at least the excuse that he must face danger and privation in order to be a soldier, while for the man who fails to do his duty as a citizen by not voting there is nothing whatever to be said.

The interest in the outcome in the state far overshadows anything else at this time. Local politics have taken a back seat and will remain there until after the gubernatorial scrap has been decided. The senatorial and congressional tickets are receiving but scant consideration, all eyes being turned toward the governorship.

It is expected that the vote at the primaries on Monday will be the largest ever cast in the state, the interest hinging on the Republican nominations. Here are the candidates:

Republican state ticket—For United States Senator, Knute Nelson and James A. Peterson.

Governor—J. A. A. Burnquist and Charles A. Lindbergh.

Lieutenant Governor—Ralph E. Crane, Thomas Frankson and A. D. Stephens.

Secretary of State—Carl G. Malmberg and Julius A. Schmahl.

State Auditor—J. A. O. Preus and S. O. Tjosvold.

State Treasurer—Albert H. Fasel and Henry Rines.

Attorney General—Clifford L. Hilton and Thomas V. Sullivan.

Clerk of Supreme Court—Irving A. Caswell, George Magnussen and Herman Mueller.

Railroad and Warehouse Commissioner—Fred W. Putnam and Fred E. Tillquist.

Congressman Ninth District—Halvor Steenerson and Frank M. Barton.

There is but one state office for which candidates have been put up by the Democrats, that of governor. For this position W. L. Comstock and Fred E. Wheaton are the contestants.

The County Ticket.

The county ticket is also short, there being contests for but five officers, two of these being county commissionerships. The list is as follows:

Register of Deeds—N. J. Anderson, Lars Backe, Theo. H. Liden and W. E. Wood.

Judge of Probate—Wilhelm Michelet, Nels K. Nelson and Ira C. Richardson.

Sheriff—W. J. LaBree, Ove E. Berge and Lewis A. Nelson.

Commissioner First District—Peter C. Wold, Elev Aakre and W. G. Hunt.

Commissioner Third District—Victor E. Brink, Gust Naplin and Hans Anton.

COUNCIL REFUSES ANY SALARY RAISE

MEMBERS ADMIT THAT MEN SHOULD BE ALLOWED OVERTIME, HOWEVER.

The request of Supt. Leonard Peterson and five of the employees of the city water and light department for a ten per cent increase in salaries was turned down by the city council Tuesday evening. Aldermen Benson, Brandon, Olson and Myhrum voting against the raise while President Ihle did not vote. Alderman Froseth was absent. None of the men except Mr. Peterson are receiving $100 per month at the present time, and only two would get more with a ten percent raise.

The men after the action taken by the council protested to being asked to do repair work in emergencies after six o'clock in the evening after working all day, unless they were given extra pay. The council asked the men to leave the matter in abeyance till the next meeting pending some adjustment along the lines of overtime for the men.

To Speak at Winona.

Dr. F. H. Gambell of this city, is on the program for an address at the summer meeting of the State Medical association, which holds its sessions at Winona during the week of June 24. Dr. Gambell speaks on the afternoon of Tuesday, the 25th, his subject being "The Eskimo; Habit, Mode of Living and Diseases."

Will Attend Convention.

Fire Chief Paul Midderigh and Firemen Harry Roberts and Alex Warner left Saturday evening to attend the state firemen's tournament at Montevedio. They expect to be back this evening, although this is not certain.

Strand-Dahlen.

Miss Anna Dahlen of Detroit and Mr. Silas Strand of Ray, Minn., were married in Detroit yesterday morning at eleven o'clock in the Lutheran church with Rev. Quammen officiating.

Miss Dahlen has been domestic science instructor in the Lincoln high school in this city for the past three years and Mr. Strand was also one of the high school instructors here two years ago, but now has a bank position in Ray, Minn.

Mr. and Mrs. Strand left last evening for the home of Mr. Strand's parents in Ada where they will visit for a week before leaving for their new home in Ray.

Curtis-Wing.

Yesterday afternoon at four o'clock Miss Jennie K. Wing of Middle River became the bride of Ray K. Curtis, also of Middle River. The wedding was at the home of Mrs. C. B. Bradley, a sister of the bride, and Rev. R. L. Barackman of the Presbyterian church officiated.

Miss Wing was attended by her sister, Miss Olive Wing and Ray Z. Curtis attended the groom. Mr. and Mrs. Curtis returned last evening to Middle River where they will live on the groom's farm, 2½ miles from town.

W. C. T. U. Convention.
(Contributed)

The 30th annual convention of the 14th district Woman's Christian Temperance Union was held at Ada, in the Congregational church. Delegates from all Unions in the district were present. The convention was one grand inspiration of unity and loyalty. Much good work has been done the past year and much more will be done this year.

The District officers were all re-elected: President, Mrs. Lucy Chapin, Euclid; vice president, Mrs. Mae T. Hanson, Ada; secretary, Mrs. Alma L. Levins, Crookston; treasurer, Mrs. Mary Andrews, Ada.

We feel deeply grateful to the Ada Union for the kind and generous way we were entertained, also to the clergy and the mayor of that city for his kind words. It was rather hard for some of us to keep the tears back while he was pledging loyalty to the flag, which is dearer to every one of us than it ever was before. Mayor Allan has one son in France; one was lost on the Tuscania and the third is a doctor and ready to go.

God's dealings still are love,
His chastenings are alone,
Love now compelled to take
An altered, louder tone.

Notice to the Public.

From and after this date the rates charged by the doctors of Thief River Falls will be as follows: Day calls in city, $2.00; Night calls, $3 to $5. Country calls, $1.00 per mile.

DR. O. F. MELLBY
DR. H. W. FROEHLICH
DR. JACOB BIEDERMAN
DR. A. J. PAULSON
J-13 DR. P. L. VISTAUNET.

POLITICAL ANNOUNCEMENT.

I hereby announce myself as a candidate for County Commissioner in the 5th district, Marshall county at the primaries June 17th. Your support is solicited.

T. Aasland.

Postoffice Address, Route 2, Thief River Falls, Minn.

TO THE VOTERS OF PENNINGTON COUNTY:

I hereby announce my candidacy for the office of Register of Deeds for Pennington County. My motto is fair and equal treatment for all. Your support at the polls will be appreciated.

m-9-tf. N. J. ANDERSON.

POLITICAL ANNOUNCEMENT.
For County Commissioner.

Inserted by Hans Anton, candidate for county commissioner, in his own behalf. Amount paid, 30 cents per inch.

Having filed as a candidate for county commissioner in District No. 3, I solicit the votes of the citizens of that section. I have been a resident of Pennington county for many years and believe that I understand its needs and those of the people of the Third district. If elected I promise to give the office the very best attention of which I am capable.

Yours truly,
HANS ANTON.

Tender, Flavory Meats

We have yet to learn of a single customer who ever complained about the quality of our meats. For we pick them for our trade just as we would for our own table and nothing but the best is ever delivered to us.

It isn't so much the price that counts now—all meat is a good deal higher than it used to be. It is the flavor and the tenderness that counts. One small piece of good, tender meat is worth a whole quarter of the tough, tasteless kind. And it's only good meats that you get here.

[illegible]RM LOAN UNIT [illegible]S FORMED HERE

PURPOSE IS TO LOAN MONEY TO FARMERS AT 5½ PER CENT.

BRANCH OF FEDERAL BANK

PAYMENT OF 6½ PER CENT INTEREST WIPES OUT DEBT IN 36 YEARS.

The Valhal Farm Loan association, a branch of the national association, was formed here this week for the purpose of receiving and passing upon applications for loans by the farmers of this section. Included with P[illegible]nington county in the loan district a[illegible] the folowing townships in Mar[illegible]l county: New Solum, Excell, [illegible]r, Grand Plain and Moylan. [illegible]as W. Bastun, a government ap[illegible]ser, was here for the purpose of [illegible]king over the territory and giving [illegible] officers of the new branch their instructions.

The New Plan.

The National Farm Loan association was authorized by congress for the purpose of assisting actual farmers by making it possible for them to secure money needed for expansion and improvement at a lower rate of interest than is ordinarily possible through other channels. Loans will be made up to 50 per cent of the valuation of farm property and 20 per cent of the value of buildings. The full term of any loan is 36 years, but it may be paid up at any time after five years and at every five year period thereafter, or it may be paid off at the same periods in any amount divisable by $25.

The Amortization Plan.

The present interest rate on all loans will be 5½ per cent per annum, but the borrower will be required to [illegible]½ per cent for any money he [illegible] secure through this agency. The [illegible] one per cent, however, is applied to the reduction of the capital, which will be entirely wiped out at the end of 36 years by this means. In other words, if a farmer borrows a sum of money and pays interest on it at the rate of 6½ per cent for 36 years the indebtedness is automatically cancelled at the end of that time. This does not prevent him from taking up the mortgage against his property at the end of any five year period if he so desires.

Careful Investigation.

For the protection of the bank as well as that of the farmer himself every application for a loan will be carefully investigated before the money is advanced. After it has been passed upon by the local board of managers the application is sent to the Federal Land bank at St. Paul where further consideration is given the proposal, this organization going so far as to send a representative into the district to see that all things are as represented. The plan can only be of value if the securities of[illegible]ed are of such nature that large money-loaning concerns will be glad to take them over at the comparatively low rate of interest offered. As soon as bad loans are reported from any district there will naturally be a tightening up of the accommodations and the loan branches will be unable to serve to the best advantage.

The First Local Board.

The first board of directors of the Valhal Farm Loan association is composed of the following representative farmers: D. P. O'Neill, Peter Engelstad, Oscar J. Peterson and Anton Anderson. L. A. Lampert of the Farmers and Merchants State bank, has been elected secretary, and all communications concerning the association should be directed to him.

Splendid Opportunity Here.

Mr. Bastun stated that this was one of the most promising sections he had yet visited for the success of a farm loan bank. It has the soil, markets and right kind of people and he believed that with cheaper money available the farmers would make [illegible]at strides within a very short [illegible]e. The directors realize fully the [illegible]portunities presented here and have [illegible]ermined to make the Valhal bank [illegible] model institution of its kind in the state of Minnesota.

Orders are Obeyed.

The system whereby all food dealers in the county are required to report weekly to the county food administrator all flour and sugar sales is now working smoothly. The reports are tabulated so that County Administrator C. A. Pitkin can tell at a glance those who are observing the regulations and those who are violating them. The reports show the number of wilful violations or extremely careless observance of the rules to be few in number. These have been checked up and in some instances the violators refused more flour or sugar until the time the amount purchased should have been made to cover. The reports also show that a few good housewives have had difficulty in keeping within the sugar [illegible] although these violations have [illegible]en serious in character. This [illegible]m makes it impossible for a per[illegible] to buy from different stores with[illegible] detection. On the whole the reports show a cheerful compliance with the regulations.

GOVERNOR BURNQUIST

44 MORE LEAVE FOR ARMY CAMP

LARGEST CONTINGENT SINCE FIRST LOT LEFT ALMOST YEAR AGO.

OVER HALF ARE FROM CITY

LEAVES ONLY 48 MEN AVAILABLE OUT OF ORIGINAL 240 IN CLASS 1.

The June draft quota for Pennington county, consisting of 44 Class 1 men will leave for Camp Dodge next Monday afternoon. This is the largest number of National Army men yet called with the exception of the first requisition, made about a year ago, at which time the year, the total number being 192, which leaves 48 in Class 1 out of the original 240 placed in that division by the exemption board. This does not include those among this year's registrants who may be found eligible to this classification.

The Usual Proceeding.

As a mark of honor the boys will be escorted to the train by the band, the home guard and others. The Red Cross has made provision for presenting each one with a comfort kit and it is likely that such other provisions as may suggest themselves will be made. Citizens generally are expected to turn out to honor this large delegation of fighting men who leave their homes and usual lines of business for an indefinite period at their country's call.

Over Half From City.

The city of Thief River Falls will contribute somewhat more than half of those leaving, there being 25 thus

(Continued on page 6.)

EPWORTH LEAGUERS OPEN CONVENTION

MISSIONARY TO JAPAN DELIVERS INTERESTING LECTURE LAST EVENING.

The annual convention of the Epworth League for the Fergus Falls district began a four-day session at the M. E. church in this city last evening. About 50 delegates were registered at that time and every train is increasing the number in attendance.

The feature of the opening meeting was a lecture by Rev. F. N. Scott, a missionary recently returned from Japan, who spoke on Japanese and American relations. He expressed his vigorous condemnation of that section of the press in this country which is constantly attempting to embroil the two nations, giving it as his opinion that it was a part of a deep laid German propoganda.

On every hand, said Rev. Scott, he had found evidence of the kindliest feeling toward America among the Japanese and believed that there exists no cause for worry from that direction. The Japanese are very careful to see that every agreement entered into with America is carried out to the letter, said the speaker, and he was certain that the only way in which a war could be brought about between the two countries would be for America to make a direct attack.

Bart Saturday Night.

"Bart," the great Minneapolis Journal Cartoonist, will be the attraction at a lecture on Saturday evening. This lecture will begin at 8:30 p. m., and an admission fee of 20 cents for children and 35 cents for adults will be charged. The title of Mr. Bartholomew's lecture is "The Modernization of the Cartoon," and he illustrates his own text as he proceeds.

Rev. Dr. Kirkwood will preach the sermon at the M. E. church on Sunday morning.

The W. C. T. U. will be entertained next Tuesday afternoon at the home of Mrs. Ole Finberg, east of the Indian bridge. The meeting will be in the form of a picnic and a picnic lunch will be served on the lawn.

MISSING BANKER AN ABSCONDER

C. E. BALLARD OF GRYGLA, SHORT ABOUT $25,000 IN HIS ACCOUNTS.

SUICIDE THEORY SCOUTED

PLAN USED SIMPLY TO AID GUILTY OFFICIAL IN GETTING AWAY.

C. E. Ballard, president of the Farmers State bank at Grygla, who has been missing for about a month, it is alleged, has been found some $25,000, short in his accounts. His disappearance gave rise to a suspicion that he had met with an accident or foul play, but in the light of later investigations it is evident that he had reached the end of his string and made good his escape while this was still possible.

The Bogus Note System.

A state bank examiner, accompanied by Otto Bremmer of St. Paul, vice president and principal stockholder of the bank, made an investigation last week and it is alleged, found that about $18,000 had been secured by Ballard through the use of bogus notes. Other means of securing money fraudently are said to have been employed by him and the total of his peculations will reach $25,000.

Capital Wiped Out.

There had been a plan on foot to consolidate the Farmers State Bank with the Citizens State Bank but it is now found that the Farmers State will have nothing to consolidate, their capital being wiped out and an assessment necessary on top of that in order to meet the deficiency. The Citizens State Bank has, however, purchased the assets of the defunct bank, these being guaranteed by Mr. Bremmer personally.

Depositors Protected.

Mr. Bremmer states that the stockholders of the bank will make good every cent to the depositors, and as he is the principal stockholder himself he will have to stand the greatest loss. Mr. Bremmer in this connection states further that when there are dividends to be handed out he has never noticed that the stockholders are at all backward in coming forward for their share, and that now when the situation is reversed it is no more than right that they should take the loss.

Will Increase Capital.

The acquiring of the assets of the discontinued bank by the directors of the Citizens State will add greatly to the importance and prestige of the latter institution. In order to properly meet the greater demands which the new order of things will entail the directors have increased the capital of the bank to $15,000 and surplus to $5,000.

Red Cross Picnics.

There will be a Red Cross social at Lind Brothers' place in Sanders township, eight miles southwest of Thief River Falls, on Sunday, June 23. Dr. F. H. Gambell and City Attorney Theo. Quale will be the speakers and music will be furnished by the Black River band. Lunch and refreshments will be served.

The outing to be held under the auspices of the Red Cross at Erie will take place on Thursday, June 28, instead of on the 23rd as stated in The Times last week. This picnic will be particularly for the people in the eastern end of the county, but as many others as can possibly go are invited to attend.

APPOINT STANTON COUNTY ATTORNEY

At the meeting of the board of county commissioners held on Friday the resignation of County Attorney Hans O. Kjomme was received and accepted. Lieut. Kjomme's term does not expire until the first of next January but as he has entered the army and will in all probability remain there until after the war he considered it only right to step out at this time in order not to embarrass any who might become candidates for the office. Lieut. Kjomme entered the first training camp at Fort Snelling, but, he says in a letter accompanying his resignation, military life is uncertain and he did not know but what he might return home soon, in which case he would naturally wish to take up his practice where he left it. For this reason he has withheld his resignation until now.

The county commissioners at once appointed E. M. Stanton to the position. He has been acting county attorney since Lieut. Kjomme's departure and his retention was practically a foregone conclusion. He has given the closest attention to the county's business since taking charge of its legal affairs and his appointment will meet with general approval.

Lieut. Kjomme, in taking leave of his official duties, thanks the citizens of the county for the many kindnesses extended to him and says that it is his intention to again take up his residence among them as soon as his military obligations are at an end.

FIGHT 6 FIRES AT SAME TIME

BUSY SESSION FOR DEPARTMENT AND VOLUNTEERS FRIDAY AFTERNOON.

TOTAL DAMAGE IS $10,000

CARL FROSETH, SHOE AND HARNESS DEALER, IS HEAVIEST LOSER.

Fire breaking out in a shed used for storage purposes by the Oen Mercantile company on Friday afternoon casued a damage estimated at $10,000 before it was checked. A high wind was blowing at the time and for awhile a large part of the business section of the city was threatened.

Boys and a Bonfire.

The blame for the fire is laid at the door of some small boys who had set fire to a pile of paper and rubbish next the Oen shed and directly in the rear of the Union block. The structure had been used as a storehouse for oils, tarpaper and other inflammables and the fire made rapid headway. The Union block adjoining, was for awhile threatened and considerable loss was sustained by the occupants. The second floor of the building is divided into residence flats and the damage to household goods and wearing apparel makes up a considerable part of the total.

Froseth Store Gutted.

The shoe store and harness shop of Carl Froseth across the alley from the burning shed was set on fire by brands carried by the wind and completely gutted. The stock was water soaked and the damage here will amount to about one-half of the total. The bakery of Fred Roth, adjoining the Froseth store, escaped with slight damage, as did the Lyceum theatre. At the latter place the door at the rear was burned away but Manager A. J. Lawrence managed to prevent the flames from reaching the interior by the use of the emergency hose in the building. The clothing and shoe stock of Charles Lieberman was carried out, but the fire did not reach his store.

Brands Carried Far.

The wind was from the southeast and brands and sparks were carried a considerable distance. The old Linde building, partially burned last winter, was set on fire in this manner although it is more than a block away. This diversion caused a division of the fire fighting forces and added its share to the difficulties of the afternoon.

The Principal Losers.

Outside of the Froseth stock the greatest loss was sustained by the Sharp Printing and Manufacturing company, which occupies the west half of the Union block. The damage here is principally to machinery and paper stock. Those residing on the second floor and whose loss consists of furniture and wearing apparel are Mr. and Mrs. Willis Akre and Mr. and Mrs. Frank McKnight. The Thief River Music company, occupying the east half of the building, rushed all pianos and other instruments to a place of safety and the damage is but slight.

Everybody Helped.

The fire occurred while the community picnic was in full swing near Highlanding and a number of those whose property was threatened were in attendance. Volunteers assisted the fire department greatly in saving the contents of the burning buildings as well as in actually fighting the fire and did valuable work.

Baby Bonds Selling Slow.

There is grave danger of Pennington county falling down on its War Savings quota unless a sudden spurt is taken to get greater interest into the campaign. For some reason or other our people do not take this matter as seriously as they did the Liberty Loan, notwithstanding the fact that the matter is every bit as important. They also evidently overlook the fact that as an investment the Certificates are even to be preferred to the Bonds. Not only is the rate of interest better but the convenient negotiation clause makes them vastly more desirable.

It is as important that the sum required from this source be raised as that the Liberty Bond issue shall be floated. The government will have to raise the money some way and if this convenient system fails the deficit will have to be made up by direct taxation. The Certificate and Stamp idea was put into execution in order that everyone might participate, but the interest is yet by no means general.

Chairman George G. Johnson states that thus far there has been reported in to him $42,000, this being from nine precincts in the county, outside the city. There has previously been reported about $35,000, making a total of approximately $75,000. This is only a small part of our quota of $219,000 and some strenuous work will have to be put forth if we are not to fall down lamentably.

The Woman's club members who made a canvass among the concerns employing woman help in the city secured $1,500, which is very good. If others do only nearly as well the required figure will be reached.

HALVOR STEENERSON

1000 NORSEMEN HERE NEXT WEEK

"SAETERDALSLAGET" TO HOLD ANNUAL CONVENTION TWO DAYS.

IS SECTIONAL CONVENTION

SOCIAL GATHERING OF THOSE HAILING FROM SAME SECTION OF NORWAY.

Thief River Falls will next week be host to about 1,000 citizens of Minnesota and nearby states who come here for the purpose of holding their annual get-together meeting. They are people of Norwegian birth or descent whose original place of abode was in the Saeterdal district. This is but one of many "Lag" or "Stevner" of this character in the country, the members of which meet at some central point once a year for the purpose of keeping alive the old traditions and recounting the happenings of bygone days. The meetings are in fact regular neighborhood reunions, corresponding in a large degree to the clubs sometimes formed in the larger centers of population and composed of persons from one particular state. Thief River Falls has on a number of occasions been selected as the meeting place for gatherings of this kind, the visitors evidently liking the treatment accorded them here.

Meetings in Auditorium.

B. Bjornaraa of Highlanding township, is president of the organization, and Grinde Grundeson of Fisher, secretary. The delegates do not require that any particular preparations be made for their entertainment, asking only that a suitable meeting place be provided. The use of the Auditorium has been granted and as the meeting is of considerable importance the visitors will be extended every courtesy of which our people are capable. Secretary G. Howard Smith of the Commercial club, has this matter in charge, but outside of arranging for an auto ride to nearby places of interest, it is not likely that time will permit of much being done. Mr. Smith asks that those who are willing to use their automobiles in this connection notify him in order that everything may be settled beforehand and no confusion arise at the last minute.

There will also be considerable demand for rooms during the one or two nights the visitors will be in the city and those who may have accommodations of this kind to offer should also notify Mr. Smith.

CELEBRATION NOT FAVORED FOR 4TH

There will be no community celebration of July Fourth in Thief River Falls this year. Anything like a proper observance of the day would entail a greater expense than it is thought advisable to encourage at this time and the project has been dropped by common consent. It was suggested that a celebration be given under the auspices of the Red Cross and while this might prove a good thing for the society, there are so many things to consider that the matter has not been pushed very enthusiastically.

A number of the smaller communities of the county have indicated that their citizens will sponsor celebrations and our people have been invited to attend these. The invitations will be very generally accepted and as any proceeds will in most cases go to the Red Cross in any event the same object will have been achieved.

The Marshall county fair at Warren will be in full swing on the national holiday and many will take the opportunity to attend that event. The Pennington county fair will be held here just one month later and our people wish to be in good standing with their neighbors at that time. For this further reason it has been decided that a Fourth of July celebration here will not be advisable.

BURNQUIST, STEENERSON AND NELSON WIN OUT IN PRIMARIES ON MONDAY

Entire State Ticket of Regular Republicans is Nominated---Governor's Majority Will Probably Reach 40,000.

NORTHWEST COUNTIES ARE NONPARTISAN

But Candidates Endorsed by This Organization Fail to Make Any Showing in Cities or Southern Section of State.

◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆

BONDS ARE NOW AT THE BANKS

Purchasers of Third Liberty Loan Bonds, who have paid in full for the securities, may now have same by calling at their banks. The bonds arrived this week and are ready for delivery. They are beautiful specimens of the engravers' art and we are pleased to note that one will shortly be found in practically every home in Pennington county.

◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆ ◆

After Black Bass.

After the battalion drill at Crookston last Sunday, a party of Thief River Falls men concluded that there existed a particularly good opportunity to do a little fishing at Union Lake. They accordingly went out and placed themselves in charge of Mayor G. A. Penney, who knows all about the lake and the fish therein contained. Twenty fine black bass was the result of the day's outing. Those making up the party were F. H. Herrick, H. W. Protzeller, H. H. Spink and Oscar Spanheim.

FIRST BALL GAME SATURDAY EVENING

YOU HAVE THE FUN AND THE RED CROSS GETS THE RECEIPTS.

At last the fans of this city will have an opportunity to see a game of baseball this season, and the familiar cry of "play ball" will be heard Saturday evening of this week at half past seven in the fair grounds.

At that time a game is to be played between the young men of Goodridge (and they think they have some team out there) and the Soo railway employees of this city (who believe they have a better team.) This is to be the first of two games, the next one to be played at Goodridge at a date yet to be determined.

Both teams have offered to pay their expense back and forth and the receipts have been offered to the Red Cross, the local chapter to get what is taken in here while the Goodridge branch gets the money from the second game.

A. J. Marcoe of this city is carefully grooming the Soo men and arranging to stage some professional plays by his proteges when they go upon the field. Daily practice in throwing the ball has been urged upon the men, and they have taken the orders and gone right out to the open fields and shown that they have ability at throwing a ball and swatting those old-time spitballs which they expect the opponents may try to work on them. And the kids of the city who have seen them at practice just gloat over the way long fliers are knocked out.

But reports from Goodridge are not leaking thru for they have a good censor out there. However, they say that they will be able to give a good account of themselves when they step up to the plate and swing the bat at the balls of pitcher——— (We won't publish his name for he is bashful, you know.)

The game is not under the auspices of the Red Cross, but the public is reminded that the proceeds all go to the local chapter. The admission is to be 25 cents to the ground and 10 cents to the grand stand.

LUNDEEN IS DEFEATED; VAN LEAR RUNS SECOND

Complete returns from Monday's primary election in Minneapolis show a plurality of 2,723 votes for J. E. Myers, in the hot race for nominations for mayor. Mayor Thomas Van Lear, who was endorsed by the socialist organization, is second on the list and will oppose Myers at the election. The five candidates who were eliminated last Monday sent messages of support and congratulation to Myers. Complete returns for congress from the fifth district gave Walter Newton of Minneapolis, a plurality of 2,018 over Lundeen who sought the renomination on the Republican ticket.

J. A. A. Burnquist was on Monday renominated for governor of Minnesota by the Republicans, his majority being in the neighborhood of 45,000. Knute Nelson was an easy winner against James A. Peterson, for United States senator.

Congressman Halvor Steenerson defeated Frank M. Barton, who had the endorsement of the Nonpartisan league, by a majority of about 3,000.

The entire state ticket, headed by Gov. Burnquist, with the possible exception of I. A. Caswell, clerk of the supreme court, has also been nominated. For this office I. A. Caswell, who is the choice of the regular Republicans, is being hard pressed by Herman Mueller, who has the Nonpartisan league endorsement.

All the present congressmen were re-elected with the possible exception of Andrew J. Volsted in the Seventh. Here Dr. Shipsted was polling a heavy vote at last accounts and may have won out.

The result in Pennington county was a surprise to everyone. It was recognized that the Nonpartisan league had a particularly large membership in this section, but the results indicate that the number of voters who would support the nominees of the organization against all comers had been much underrated.

Lindbergh Carried Everything.

Charles A. Lindbergh carried the county by about three to one. He carried every precinct outside the city of Thief River Falls and was the winner in one of the wards here by a large majority. Lindbergh came out of the city with a majority of 14 votes which made it certain that he would carry the county overwhelmingly. In Numedal township Lindbergh received every vote cast while Bray came within one of paying him the same compliment.

Nelson is Winner.

Senator Knute Nelson received a bare majority in a county where the vote for him should have been unanimous. He carried the city of Thief River Falls by 184 votes and the county by 124. Out of this total the village of St. Hilaire gave him 21 majority and the village of Goodridge 17. Outside of these precincts the following gave him a majority: Black River, Cloverleaf, Reiner and River Falls, he leading in the last two by but one vote in each instance.

Steenerson Re-elected.

Halvor Steenerson will continue to look after the affairs of the district in congress for two more years. He is re-elected by more than 3,000 votes, although in a number of counties his opponent edged out a majority. Steenerson won in every ward in the city, but his total majority here was only 109, which was the most surprising circumstance connected with the entire proceeding. Steenerson has always been a strong favorite with our people and there was absolutely no indication of any intention to go back on him. Even the men who were loyal supporters of the Nonpartisan league stated time and again that they would scratch their ticket in Steenerson's favor and orders to do otherwise must have been received at the last minute. At any rate, he is renominated and the district is assured of competent representation at the nation's capital for another two years.

Crane Runs Strong.

For lieutenant governor the favorite was Crane, he carrying practically every precinct in the farming districts and everything but the Third ward in the city. In the latter Stephens won out, followed by Frankson. Crane also lost by two votes in the village of Goodridge.

Schmahl the Exception.

Julius A. Schmahl, candidate for re-nomination as secretary of state, was the only regular Republican besides Senator Nelson to receive an endorsement in Pennington county. He had a majority in 14 precincts and won out over Malmberg by 49 votes.

Tjosvold's majority over Preus is 790, he receiving 1402 votes to 612 for his opponent.

Albert H. Fasel ran ahead of his ticket for state treasurer. Thief River Falls is Mr. Fasel's home city and he has a wide acquaintance throughout the county. His total vote was 1,645 against 443 for Henry Rines, the present incumbent of the state treasurer's office.

T. V. Sullivan, law partner of James Manahan, who was a candi-

(Continued on page 6.)

LOCAL PRODUCT SENT OVERSEAS

ORDER RECEIVED FOR SHIPMENT OF ECON-O-KLEEN TO AVIATION SOCIETY.

WANTS EUROPEAN AGENCY

TRIAL ORDER MAY BE FORERUNNER OF BIG DEMAND FOR PREPARATION.

Despite the troublous times "over there" business concerns in France are still on the job.

But they are endeavoring to make every cent count. Economy is the watch word, and linked with that is Econ-O-Kleen.

Proof of this is contained in an order just received by the Econ-O-Kleen Fuel Co., of this city from the Societe Anonyme Franchise de Construction Aeronautiques, Levallois-Perret (Seine), France, for a dozen cans of Econ-O-Kleen.

And more orders are likely to follow shortly, for correspondence is now under way with the above concern relative to their acting as European agents of the local company.

The Societe is one of the strong financial concerns of France, being capitalized at 1,200,000 francs, and is engaged in the exploitation of aeronautics in that country.

Nearly Circles the Globe.

It was but two weeks ago that an order for Econ-O-Kleen was received from the Hawaiian Islands. Thus the product of local discovery and manufacture is being sent to the extreme ends of the earth, and it is safe to predict that within a year Econ-O-Kleen will be on sale and in use in nearly every country where gasoline is generally employed.

This means advertising for Thief River Falls, for every time a can of Econ-O-Kleen is sold the city's name is read. If one concern here can secure a foothold such as this others may in time do likewise.

Ready to Meet Demand.

Manager Scott Laird reports that everything at the new factory is running smoothly and that orders are increasing steadily. New appliances have been installed in the factory which tend to facilitate the production and orders can now be cared for the day they are received.

In Little Old New York.

H. O. Loken, who with Mrs. Loken, is making a trip through the markets of the East, is having the time of his life, to judge by letters received at this office. The Thief River Falls visitors have been at Niagara Falls and properly admired its beauty and grandeur. They have seen the Statue of Liberty and have looked out over the harbor from its upper stories. Mr. Loken evidently thinks that a sight of St. Gauden's great work is in itself enough to warrant a trip to New York as he employs a string of superlatives in describing its greatness.

After telling of the other points of interest visited he goes on to say: "But New York is dead dark every night. Thief River Falls is a bright spot compared to this big city just now—no window lights except in the drug stores. They are preparing for an air raid and taking every precaution."

Mr. Loken states that the harbor is full of war vessels of the Allies and that they present a strange appearance, being camouflaged to deceive the enemy in case any such should happen onto them.

The travelers expect to be home next week.

Cent A Mile For Soldiers.

The new railroad rates, making the price to soldiers on furlough something a little more than one cent a mile is now effective and will mean a saving of many dollars to soldiers when going home on leave of absence.

With very little trouble soldiers going on leave can take advantage of the reduced fare and avoid payment of the increased rate charged civilians under the new order. The difference in these charges is approximately 2½ cents a mile.

In order to get the reduced fare, soldiers leaving the camp on furloughs and traveling on their own expenses, must deliver to ticket agents certificates signed by their commanding officers.

COUNTY MEETING ON DRY WORK

CONVENTION TO BE HELD IN THIEF RIVER FALLS ON THURSDAY, JUNE 20.

A county convention of dry workers will be held in Thief River Falls Thursday, June 20, for the purpose of creating interest in the coming state-wide prohibition campaign.

Hon. Norman T. Mears of St. Paul, will be on hand to address the evening meeting which will be held in the Zion church at 8:00 p. m.

Walter J. Hoshal of Minneapolis, secretary of the Minnesota Dry Federation, will address the dry workers of the county at 2:30 p. m., outlining the plans of the campaign.

Similar conventions are being held all over the state. Those in charge of the state work say that many of the dry people do not understand the danger the dry forces in Minnesota are up against. The constitution is difficult to amend. The drys must secure a majority of all the votes cast at the election, not merely a majority of the votes cast on the prohibition amendment. "This means," says Mr. Mears, "that those who vote the state ticket, but who fail to vote on the dry amendment, really vote against the amendment."

SUGAR

The Department of Agriculture authorizes the following:

If any man has failed to see the reason why he should cut his plentiful apportionment of two spoonfuls of sugar to the one of war time, he can find it in a recent publication of the Department of Agriculture explaining the world wide shortage, especially the shortage among the allies, in the supply of sweets.

Not only has the sugar supply in some parts of the United States been short, but there has been an actual shortage of more than 2,000,000 tons annually in the world since the war began, and the shortage is likely to continue, the publication says, primarily because of the destruction of a large number of sugar mills and the devastation of a considerable area of sugar producing lands in Europe.

Prewar Sugar Map Changed.

Prior to the war practically all the belligerent countries with the exception of the United Kingdom and Italy, exported sugar, the total amount being upward of 3,000,000 tons. War, however, has changed the sugar production map and at the same time has shifted the channels of trade. In 1918 it is estimated that the allies must import a minimum of 1,200,000 tons of sugar.

Formerly the United Kingdom and France depended to a considerable extent upon Germany, Austria-Hungary, Belgium and Russia for sugar. These sources were shut off by the war. The United Kingdom alone thus lost the source of more than half of her normal supply of sugar, and has turned to new as well as other old sources for her supply. The changes thus brought about have been largely a diversion of the product of Mauritius to the United Kingdom instead of to India, and an expansion of the imports of unrefined sugar from Cuba, and the Phillippines, and Peru. For refined sugar she drew upon the United States and Java.

Distance a Factor.

However, the allies cannot turn to such exporting countries as Java and Mauritius without being forced to go a much longer distance and over a more perilous route than across the Atlantic. If the allies are compelled to go to these countries it will require an extra amount of shipping, which is needed for transportation of American soldiers and supplies to France and England.

Russia's exports practically ceased in 1914, and she is now reported as somewhat short of sugar. Italy's crop decreased last year, and her imports have increased largely since the war began. Italy's normal consumption, however, is small and her deficit is not serious.

Letters from the BOYS

OLD NEIGHBORS MEET IN FRANCE

THIEF RIVER FALLS BOYS HAVE REGULAR REUNION ON OTHER SIDE.

FRENCH RAILROADS FUNNY

BEN BOTHUN SAYS THE ENGINES LOOK LIKE PEANUT ROASTERS.

Ben Bothun, a member of the 20th engineers, who was formerly a reporter on The Times and whose safe arrival in France was recorded about two weeks ago, has written a most interesting letter to Judge N. W. Tarrant. He proves that even though there are *hundreds of thousands* of American soldiers now in France it is quite possible to meet one from your own town, even though he is in an altogether different branch of the service. Ben's newspaper training stands him in hand when it comes to writing letters, and The Times will let him tell his own story:

Enjoyed the Trip.

"Somewhere in France," Wednesday, May 29, 1918. Dear Judge: At last I'm 'over here' in France, where once Caeser trampled the sod with his gallant armies. After putting in many days on the broad Atlantic I arrived in good health. Was sick but one day and that was when the sea was pretty rough. Most of the time the waves were about as big as those on Red Lake river. I was surprised to see it, but we certainly had fine weather. The first few days out it was very hot and we went around in our shirt sleeves, but towards the end it was cold enough for mackinaws.

"When we sighted land we were a happy bunch and on landing I still felt dizzy, but now have finally gotten my 'land legs' back. I rather enjoyed the trip even if we did put in days of danger and darkness in the 'sub' zone. When we got in the danger zone we slept with our clothes on for four nights. On the way over I was on a life-boat detail, having to do with the lowering of the boat in case of sinking.

First Glimpse of France.

"Last Thursday I had my first glimpse of a French town. Their engines look like peanut wagons and the cars are dinky things. They signal by blowing a horn.

"The people are glad to see Americans 'cause they know they have partners who are coming here to win.

A Big Surprise.

"I had the surprise of my life the other day. It happened at our debarkation camp. I was watching a ball game and happened to turn around and who do you suppose I ran into—Old 'Prof.' Albert Johnson, who coached the high school football team. Believe me it seemed like a dream as I said to him in a joking manner when he left Thief River, "Well, Johnson, I'll see you in France." I also met "Chesty" Halbert. There was some handshaking, I'll say. Johnson is in the medical corps. It seemed mighty good to see them and with Burns and Paulson here we had quite a re-union of Thief Riverites.

Must Write of Weather.

"Letter writing is the bugaboo of an enlisted man. When you write the weather and scenery are the principal topics. The weather is fine and about the same as Minnesota for this time of the year. I can imagine the Decoration day celebration in Thief River tomorrow.

"The eats are fine and I haven't seen anyone yet who wants to go back—not until the Hun is beaten, anyway. I'm glad I'm here to help do something to bring this war to a close and bring peace back to earth again."

A letter addressed as follows will reach this soldier: Ben E. Bothun, Co. H, 10th Batt., 20th Eng., A. E. F., via New York.

IS APPOINTED TO OFFICERS' SCHOOL

IVER K. LIND IS ANOTHER BOY WHO MAKES GOOD IN SERVICE.

Pennington county people have a *right to feel proud of the record made* by their boys who have entered the service. Promotions have been frequent and reports generally are to the effect that the men sent from here are practically all of a very high order and are doing well.

The latest to receive special notice is Iver K. Lind, who before his enlistment was a mail carrier on the rural route out of St. Hilaire. He left with 11 others last September and was sent to Camp Dodge. Shortly after his arrival there he was made a corporal and now comes word that he has been recommended for a scholarship in the officers' training school and has taken up his studies at Camp Pike, Ark.

In writing home he says that his duties as a corporal at Fort Dorge were at times somewhat strenuous, but that they were play compared to the work in hand now. He is highly pleased over his promotion, however, and determined to make good.

GOOD NEWS FROM OUR SOLDIER BOYS

SEEM TO BE GETTING ALONG VERY WELL WHEREVER LOCATED.

The eight high school boys who enlisted for special training at Valparaiso college have arrived at their destination after putting in a short time at Jefferson Barracks, Mo. If any of them are down in the mouth they are managing to conceal the fact very well in the letters they write. By common consent Mayor G. A. Penney seems to be the home correspondent for the bunch and the letters received by him are full of good cheer and enthusiasm.

Just now the entire delegation seems to have arrived at the conclusion that they are destined for overseas duty. In a recent letter received by Mayor Penney he was instructed to thank The Times for the nice things said about the boys at the time of their departure, but that the paper was mistaken when it stated that they were not intended for foreign service. The writer declares with a considerable degree of conviction that they will be in France before fall, and is greatly pleased at the prospect.

Got Around Censor.

Mauritz Brink, who was one of the boys who went into the army from this city last winter, has already arrived in France, being with an engineering regiment. In writing to friends in this city he states that the unit to which he is attached is about ready to start for a certain point on the fighting line, but that he cannot tell the name of the place as the censor would not permit it to pass. In case anyone is interested in knowing where it is, however, he suggests that they ask Mrs. Leonard Peterson what her first name is and this will give them some idea. The Times made it a point to find out, but dares not publish the information for fear of giving aid and comfort to the enemy.

Peterson in the South.

City Clerk A. K. Akre has received a letter from P. G. Peterson, formerly clerk of the light and water department in this city, dated at some point in South Carolina, where he is in training. He seems to be getting along first-rate and does not even complain of the heat.

LARGE CHECKS ARE BECOMING REGULAR

IMPROVED PASTURES INDICATED BY RECEIPTS FOR MONTH AT CREAMERY.

Hans Anton was the ten dollar a day man among the patrons of the Thief River Falls creamery last month, the amount received from the product of his herds being $290.18. The big check contingent is steadily growing larger, indicating better pastures, while the number of those coming just under the $50 mark is on the increase. Following is the record of the topnotchers for the month:

Hans Anton	$290.18
A. J. Funnesdahl	160.85
Kirk & Christenson	145.27
S. Wieberg	143.80
Hansen & Barzen	140.84
Mrs. J. J. Berg	128.28
Fred Copp	116.24
Henry Koop	101.36
S. Mork	101.71
H. T. Waale	93.37
Henry Pope	92.37
R. M. Johnson	91.12
Carsten Christenson	90.79
H. P. Rued	90.15
Waldie Christenson	82.16
Wm. Hohner	77.91
Frank Kainz	77.07
Oluf O. Omlid	76.86
Aug. Carlson	74.14
M. Stenvold	71.73
E. Edman	67.81
M. O. Saugen	63.73
Oscar Swenson	63.72
H. O. Tommerdahl	63.10
Knut Austin	62.20
Nils Nora	60.94
C. O. Elg	60.34
Soren Sorenson	58.51
A. W. Hanson	57.86
Gorden Olson	57.48
John Philipp	57.48
J. M. Thorstad	57.02
John Kellberg	56.40
Ludvig Larson	54.91
C. Liden	54.56
Max Gehrtz	53.53
Thos. Sanders	53.34
H. E. Eliason	52.39
Albert Hanson	51.27
S. E. Hunt	51.00
Julius Hanson	50.45

BUY SUGAR NOW IS VERY GOOD ADVICE

PRODUCT IS CERTAIN TO ADVANCE IN PRICE LATER IN SEASON.

Grocers of this city have been advised of the impending advance in freight rates and have been asked to make their purchases of as much sugar as they can conveniently carry, up to a 30 days' supply.

The grocers in turn now wish to pass the word along to every householder to buy their canning sugar now—at once. By doing so they will save a considerable sum, for the freight increase will cause an advance of 22 cents per hundred to the retailer, which in turn will be passed along to the consumer.

Other advances will of course be apparent very shortly, but probably no one item will be as much affected as will sugar.

Buy your sugar now and put up as much preserves as possible is the advice of the national and state, as well as the local food administration officials.

AUXILIARIES WILL PICNIC ON FOURTH

MAYFIELD AND WYANDOTTE BRANCHES PREPARE FOR BIG CELEBRATION.

There will be a Fourth of July picnic at the Oscar J. Peterson farm in south Smiley under the auspices of the Mayfield and Wyandotte Red Cross branches. A picnic dinner will be served and a program of speaking, community singing, band music and the usual sports has been arranged. Refreshments will be served during the afternoon and evening.

The following committees will be in charge. Program; O. J. Peterson, Mrs. L. Rawertz, Mrs. J. Evenson, Miss Laura Larsen.

Refreshments; Mrs. Culkins, Miss Laura Larsen, Mrs. J. H. Kiel, Mrs. Hans Jesperson, J. H. Kiel.

Sports; Nils Hanson, O. J. Peterson.

The public is extended a cordial invitation to come and enjoy the day and incidentally help swell the funds of the Red Cross branches.

DELCO-LIGHT

The complete electric LIGHT and POWER plant for Farms, Stores, Schools, Churches, Country Homes and similar places.

Delco-Light will furnish plenty of bright, clean, safe electric light [illegible] any part of the house or barn. Better light means improved liv[illegible] conditions and greater contentment in the farm home.

Delco-Light furnishes power for running the washing machine, cream separator, churn, fanning mill and grindstone. It will operate a vacuum sweeper, heat an electric iron, run an electric fan and over two hundred other time and labor-saving appliances.

Delco-Light will operate a complete pressure water system, with running water, at the turn of a faucet, in any part of the house or barn. This makes possible a modern bath room, which means better health and more comfort for every member of the family.

Specifications:
Engine and Generator: Self-cranking, Air Cooled, Ball Bearings, Self-Stopping. Runs on Kerosene.
Storage Battery: Glass jars, easy to care for. Thick Plates, Long Life, Rubber Sheets, Wood Separators. Durable and Efficient.

USE ALL CLASS 1 MEN THIS YEAR

[illegible]IVISION WILL BE EXHAUSTED [illegible]EFORE JAN. 1, CROWDER'S OPINION.

W[illegible]LL CALL MANY IN 1919

CONSIDERED ALMOST CERTAIN THAT CLASSES 2 AND 3 WILL BE REACHED.

Three million Americans will be under arms by next August 1, the senate military committee has just been told by Provost Marshal General Crowder.

Extension of the age limits in the army draft will be necessary, General Crowder said, if the present rate of draft calls continued. He estimated that all men in Class 1 would be exhausted soon after next January.

General Crowder said that 1,347,000 of the 2,248,000 men placed in class one already have been called to the colors. He estimated that some 400,000 additional men for the first class will be secured from the men w[illegible] registered last June 5, and that [illegible]ther 200,000 will be added by the [illegible]classification of men in the re-ex[illegible]ation of the questionaires now [illegible] made.

Requisitions from the draft to complete the 3,000,000 total by August 1, General Crowder said, have been made. Of these 2,000,000 will be draft registrants and the others volunteers and national guardsmen.

"Everybody thinks there will be heavy calls during the first six months of 1919," was a significant statement made by General Crowder.

Crowder Gives Figures.

General Crowder approved the general principle of the bill introduced by Senator France of Maryland, extending the registration ages to from 18 to 45 years, thereby providing additional men for military and industrial service. He did not, however, approve the age limits fixed in the bill.

After outlining the plans of the war department for additional calls, General Crowder said that at the present rate class one will be exhausted by the end of the present year, and that unless age limits are extended and another registration held, [illegible] will be necessary early next year [illegible] men in class two and probably [illegible] thereafter in class three.

[illegible]nal figures of classification of the [illegible]st registration totalling 8,689,447, were given. The registrants were shown to have been divided as follows:

Class one, 2,428,729; class two, 509,666; class three, 427,870; class four, 3,483,326; class five 1,839,856.

General Crowder submitted figures showing the progress of the draft this year. A total of 1,347,512 men, a[illegible] from [illegible]ass one, will have been called by the end of July.

FINE OPPORTUNITY OFFERED BY NAVY

MEN WILL TRAIN AT DUNWOODY INSTITUTE AND BECOME PETTY OFFICERS.

Young men of the Northwest, who [illegible] been waiting for an opportunity to enlist in the navy and train at Minneapolis, will welcome the news from Lieut. George A. Treadwell, navy recruiting officer for this district, that 150 men are urgently needed for enrollment in the naval reserve force as mechanics. Training will be of eight months' duration and will be at the Dunwoody Naval Training schools and the University of Minnesota, at Minneapolis.

Men enrolled for training in this branch will be a part of 300 authorized by the Navy Department. The other 150 will be sent to Minneapolis from other naval stations.

The Pay is Good.

Applicants should apply at the navy recruiting station, 304 Marquette Avenue, Minneapolis, or at the substations in St. Paul, Duluth, Fargo, Grand Forks and Minot. If physically qualified they will be enrolled as landsmen for machinist's mates (general), the pay of which is $32.60 monthly. At the completion of the training course they will be made petty officers and receive either $55.50 [illegible] $66.50 [illegible] month, according to [illegible]alifications. [illegible]rther promotions [illegible] men of ability will follow. All [illegible]ing expenses, including medical attendance, are borne by the government. Married men will receive an additional allowance of $15.00 per month; those with children will receive further allowances for the support of their families.

Machinists Preferred.

Men who have been apprentice machinists are preferred, the announcement indicates, but any young man possessing a high school education, between the ages of 20 and 32, who has any mechanical ability, may qualify. Instruction will be in bench and vise work, lathes and other machine tools, pipe threading, coppersmithing, blacksmithing, gas engines, boats, engineering laboratory, pattern work, etc.

The recruiting officer points out that this is a rare opportunity for men who wish to have a lengthy training period near home. Accepted applicants will serve on board United States dreadnaughts, battleships, destroyers and other naval ves[illegible]. Application should be made [illegible]mediately. Enrollment is for four [illegible]ars, but reservists are subject to [illegible]all only in national emergency.

Called Into Service.

Postmaster S. S. Benson of St. Hilaire, received notice Thursday afternoon to report for duty in the U. S. Army mail service at Fort Sill, Oklahoma. He was given only five hours in which to close up his business affairs and left the same evening over the Soo. He was accompanied to Thief River Falls by a large number of friends who bid him farewell and good luck at the station here. The postoffice will be under the supervision of Miss Amanda Benson and the Imperial theatre will continue to run under management of John Hanson.

To Open School of Piano in Fall.

Miss Blanche Johnson will leave in two weeks for Minneapolis to study for a short time at the McPhail Conservatory of Music and upon her return will open a studio to continue the School of Piano. Miss Johnson assisted Mrs. Harold Miller in the Chamberlain-Miller School of Piano a year ago, and is a splendid teacher and one of considerable experience. Her studio will open September first.

NO BIRD MAN FOR OUR COUNTY FAIR

UNCLE SAM HAS ENGAGED THE SERVICES OF ALL GOOD AVIATORS.

Looping the loop and flying upside down will not be among the thrillers at the Pennington county fair this year. Secretary N. W. Tarrant has been trying to secure the services of an aviator for exhibition flights during the first week in August but there is absolutely nothing doing. Uncle Sam has prohibited all birdmen from making exhibition flights for the period of the war, they being permitted to make flights only in the interest of the Red Cross, Liberty Loans or Thrift Stamp sales, and then only in case a special permit is given.

Walter Bullock of Minneapolis, one of the best known flyers in the west, was communicated with in the hope that he might be able to fill the dates. He is sorry to have to decline the opportunity offered, but cannot accept for the reasons above given.

Secretary Tarrant says that he is on the track of a particularly good amusement attration for the fair. Owing to the war there are only a very few of these left intact and they are greatly in demand. He believes, however, that one of the best in the country can be secured for the Pennington County fair.

WILL PAY PART OF CURBING EXPENSES

CITY OFFERS TO AID TO THE EXTENT OF TEN CENTS PER FOOT.

Routine for the most part occupied the attention of the city council at the regular meeting last week.

The monthly reports of the various departments were submitted and ordered filed after perusal by the council. The report of the police department showed two arrests for drunkenness, one for speeding, one for larceny, one for forgery and two for truancy on the part of girls leaving home, but who were induced to return to the parental roof. The man charged with forgery is now in the county's custody, while the one who was charged with larceny settled and the case was dismissed.

The report of the city clerk showed that there was $56,986.52 in the city funds on June 1, as against $56,993.84 a month ago. The water and light department showed $3,130.91 earnings during the month of May, with $672.88 uncollected on June 1.

City Clerk Akre reported that his attention had been called to the unpaid sewer assessment against the city for lots 7, 8, 9, 10, 11 and 12, Block 39. This fact was discovered by the county treasurer and was for the sewer laid in 1912. The council asked the clerk to appear before the county commissioners and ask for the cancellation of the taxes and to report back to the council.

Geo. W. Walker presented plans and specifications for the repair of the sewer for districts 1 and 3 and also of the one for district 4 at the point where they cross the mill race and empty into the Red Lake river below the mill. These were scrutinized by the aldermen present and the city clerk was authorized to advertise for bids for the work.

The application for a license of George Christo to sell cigarettes was duly granted, check for payment of the same having accompanied the application.

The application of Bertil J. Backe to operate a pool table was discussed by the city fathers and they were all of the opinion that it would not be wise to grant such license at this time. The city attorney spoke relative to the matter and stated that he wished to advise against the application being granted—in fact he wished to file a protest in the matter.

To stimulate the laying of concrete curbing in the city the council passed a resolution to the effect that the city would be willing to pay the sum of ten cents per lineal foot out of the cost of such improvement.

The Swenson Artesian Well Co., presented their bill for $2,667.75 for work on the well on Duluth avenue, but the council thought that until the company again started work on the well, which they had apparently abandoned, $1,500 would be sufficient.

The bill of Robinson & Ward for $50 as final payment on the sewer laid in the north end of town last fall was laid over till the next meeting, but all other bills were allowed, the largest amount being $270 for street improvements during the past two weeks.

War Savings Day Must Be Made a Positive Success

The National War Savings Committee, which is carrying on, through its State and local committees, a Nationwide campaign to get all the people on or before June 28 to pledge themselves to save to the utmost of their ability and to buy War Savings Stamps with their savings, has given out the following statement:

"Those of us who remain at home while others do the fighting have an ever-increasing number of opportunities to do definite and highly important work for our country. We wish to do this work as an expression of the gratitude we feel in being privileged to continue at our usual tasks, to enjoy the loving companionship of our families, to meet freely with our friends and neighbors, to enjoy all the security of life and most of the pleasures and the economic privileges of peace times while other men, who have had to put aside all these things, are fighting our battles for us on the sacred soil of France and on the high seas.

"Our new opportunity to serve comes as a result of designating June 28 a National War Savings Day, a day on which all men and women and all children of sufficient years to appreciate the day's significance are called upon to pledge themselves to save to the utmost of their ability and to conserve all possible labor and materials for the Government, and to buy War Savings Stamps with their savings. Our part is to do everything possible to make this day stand out among the great days of this period of the war.

"Could any one of us be asked to do less than this? Could any one of us refuse to do so little a thing to win a war for the world's freedom? Could any one of us put aside this plea for saving while all Europe is crying out in its agony to be released from the clutches of the monster that is befouling all it touches? Could we refuse so simple a thing and at the same time ask other men to give their lives that our own precious lives be spared and our firesides be kept safe from the terrors of the Hun?

"Our duty is clear, our privilege is great, our sacrifice is little, our work is important.

"National War Savings Day is to be the great rallying day on which everyone in our country is expected to pledge himself or herself to save and economize. This saving and economizing will first of all leave in the markets a greater supply of labor and materials for the use of the Government with which to fight the war. And then the money savings of the individuals are to be invested in War Savings Stamps.

"What the Government asks us to do is to pledge ourselves to buy at definite periods with our savings a specific amount of War Savings Stamps. The thing to be accomplished is to get subscriptions which will take care during the balance of the present year of the unsold portion of the $2,000,000,000 of War Savings Stamps authorized by the Congress to be sold during 1918.

"When one stops to think of the matter, it is really a small thing to raise $2,000,000,000 in a country of more than 100,000,000 people. If everyone would do his share, it would be necessary for each person to subscribe to only $20 worth of stamps.

"The duty of us at home is to see to it that the entire amount is subscribed. We must work to that end. We must add to our already great army of war savers. We must make more sacrifices ourselves and urge sacrifices upon others. National War Savings Day must be made the great success all of us hope for."

Local Druggist Pleased.

We are highly pleased with the QUICK action of buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, the appendicitis preventative. ONE SPOONFUL relieves sour stomach, gas, and constipation AT ONCE. F. J. Stebbins, druggist.

Good Library Record.

The monthly report of the Carnegie library of this city for the month of May shows that the attendance of readers and reference seekers is well maintained, there having been 3,210 during last month.

The number of borrowed books is also in line with other similar periods. Juvenile notification books borrowed totaled 466; juvenile fiction 492; adult nonfiction 126; and adult fiction 896. The grand total being 1,980.

New patrons during the month were: Juvenile, 11; adult, 8.

Two books were donated to the library by Mrs. I. Aaseby while 66 books which were partially worn out were placed in first class shape again.

LOCAL SINGER IN COLLEGE RECITAL

MISS DORIS HALVORSON ACQUITS HERSELF WITH CREDIT AT OBERLIN.

Miss Doris Halvorson, daughter of Mr. and Mrs. Gay Halvorson of 515 LaBree avenue north, who is studying in the Oberlin conservatory of music, sang last Monday at the song recital given by Professor Edgar G. Sweet. Miss Halvorson's numbers were, "Traumerei" by Rogers, and "The Perfect Hour" by Hahn, and were successfully performed. Miss Halvorson is studying voice, piano, harmony and ear training. She graduated from Lincoln high school in 1917, receiving sufficient credit to enable her to enter the conservatory of music which now demands the same entrance requirements as the college department.

GROWERS INSPECT SPUD WAREHOUSES

COMMITTEE HEADED BY A. E. ANDERSON WILL SOON START ON TRIP.

At a recent meeting of the Pennington County Potato growers it was decided to take the preliminary steps looking toward the erection of a model potato warehouse in this city. In order that first-hand knowledge as to the best modes of construction and handling might be obtained it was decided to send a committee to potato centers in other sections of the state on a tour of inspection. A. E. Anderson was made chairman of this committee and the membership will consist of as many as can make the trip. The journey will be made by auto and it is certain that there will be at least two loads, probably ten or twelve men, in the party.

Particular attention is to be paid to conditions in Clay county, where potato growing has been carried on with signal success for years. Conditions there are very similar to those in Pennington county and it is thought that the system employed can with highly satisfactory results be taken as a pattern. Other points will also be visited, the investigation being made as thorough as possible.

It is not considered likely that a warehouse will be built here this season but the growers wish to be in a position to start the work next spring.

ADDRESS ON FLAG BY REV. DUDLEY

LARGE CROWD ATTENDS ELKS' OBSERVANCE AT AUDITORIUM FRIDAY NIGHT.

One of the most stirring patriotic addresses heard in this city for a long time was that delivered by Rev. W. E. Dudley of Crookston, at the Auditorium last Friday evening, the occasion being the annual observance of Flag Day by the Elks. The public had been invited to join with the members of the order in this celebration and the big hall was well filled when Rev. Dudley began his address. The parade was very good in spite of the fact that many who were attending the picnic at Highlanding had not returned.

Rev. Dudley paid but slight attention to the history of flags in general, devoting his remarks almost entirely to pointing out what Old Glory in particular and the emblems of democracy in general stood for throughout the world. His arraignment of the German ruling classes and their idea of government was the most severe of any ever listened to by a Thief River Falls audience, and that those present agreed with him was evidenced by the manner in which they received his declaration that for the safety of mankind everything that the German flag symbolizes would have to be eradicated from the earth before any lasting peace could be looked forward to.

The regular memorial service of the Elks was exemplified and the following program presented:

March—Orchestra.
"Star Spangled Banner"—Audience.
Introductory Exercises.
Prayer.
"Columbia, The Gem of the Ocean"—Audience.
Flag Record—George G. Johnson.
Altar Services.
Song, "Auld Lang Syne"—Elks.
Elks' Tribute to the Flag—E. O. Mogensen.
Quartet, "Maryland," "My Old Kentucky Home" and "Dixie,"—Joseph Cloutier, Helen Barackman, Blanche Johnson, Rufus Barackman.
Recitation—Una Nelson.
Patriotic Address—Rev. W. E. Dudley.
"America"—Audience.

To Start Baby Census.

Mrs. J. M. Bishop, county chairman of the child welfare movement announces that the work of measuring and weighing the babies in the county will begin about July 15, providing a nurse has been secured by that time. Indications are now that there will be no difficulty in getting the city and county authorities as well as the school board to make an appropriation covering the cost, as it has been ordered by the government as a conservation measure. It has not yet been decided whether a community or school nurse will be secured, but the matter has advanced far enough to make it certain that one or the other will be provided.

Newlyweds Must Go.

Classification of all draft, registrants recently married, including newlyweds among those who registered this month, is the order sent to all local draft boards on official information from Washington. The order is based on all new rules regarding dependents on account of marriage.

RED CROSS ELECTS FOR SHORT TERM

FORMER OFFICERS CHOSEN TO CONTINUE IN CHARGE UNTIL NEXT OCTOBER.

At a special meeting of the executive committee of the Pennington County Chapter of the American Red Cross last Saturday afternoon in the Commercial club rooms of this city, the following officers were re-elected for the short term: Chairman, Thos. A. Way; vice chairman, Mrs. T. L. Melgaard; secretary, Scott Laird; Treasurer, T. L. Melgaard.

The term is for but four months so as to have the local term for officers correspond with that of all other chapters thruout the United States, the annual elections hereafter being held the first of October each year, shortly preceding the annual election of the American Red Cross.

BIG CONTRACT FOR TWO HOT MONTHS

LOCAL RED CROSS WORKERS NOTIFIED THAT BUSY SEASON IS COMING.

Secretary Scott Laird of the Pennington County Chapter American Red Cross is in receipt of word from Northern Division headquarters at Minneapolis that the local chapter has been apportioned its work in surgical dressings for the months of July and August, during which time there must be turned out the following:

4,000 wipes, 4x4
400 paper back pads, 18x23
400 oakum pads, 8x12.

The request also states the above dressings are desired during that period—the two warmest months of the summer—yet the women are willing to go to the room and turn out the order.

During the months of June, July and August the local chapter is also called on to supply 350 pairs of socks and ten grey helmets each month. This work is being apportioned among the women of the local chapter and the various branches, all of whom will have to deny themselves of a certain amount of recreation, yet it is done willingly and cheerfully, the women being thankful they can thus help the cause.

Miss Ruth Gigstad arrived in this city on Friday morning of last week for a brief visit with friends.

'Chain' Tread
DEPOT
United States Tires are Good Tires

Now is the Time to Make Your Tire Buying a Business Proposition

Now, in this time of war, it is more necessary than ever to buy tires for permanent economy

Hundreds of thousands of motorists have found that business judgment in tire-buying leads straight to United States Tires.

The phenomenal growth of United States Tire Sales is positive proof of this fact.

The unusually high quality of United States tires has made them easily the most popular tires among owners of the biggest-selling light cars.

The same quality is built into all United States Tires—into the small sizes as well as the larger sizes for heavier cars.

Select the United States Tire that fits your particular needs. Our Sales and Service Depot dealer will gladly help you. Then stick to it.

We *know* United States Tires are good tires. That's why we handle them.

MEMBER MINNESOTA EDITORIAL ASSOCIATION ORGANIZED 1867

THE PRIMARY ELECTION.

After the stormiest pre-election contest recorded in the state of Minnesota for many years, the result is just what might have been foretold. The regular Republican nominees are chosen by substantial majorities and the returns would indicate that there never was any great danger of things coming out otherwise.

The greatest interest naturally hinged about the nomination for governor. The conditions were different from those existing at any previous period, a new and untried element having entered the arena as a bidder for favor. Many well-posted persons were fully convinced that the Nonpartisan League would muster sufficient votes to land the nomination for the candidate endorsed by that organization, but their caculations went wrong. The attempt to line the farmer up alongside the laboring man in the cities did not succeed. Had the fusion worked out the result would have been different.

Northwestern Minnesota counties gave substantial majorities to Lindbergh, who was the candidate endorsed by the Nonpartisan League, of which thousands of the farmers in this section are members. Pennington county voted nearly three to one in his favor. That the farming sections would be strong for him was conceeded, but he also received a majority of 14 right in the city of Thief River Falls, where such result was far from being expected. The Times makes no attempt to explain this—the fact is simply stated.

The vote given Peterson for United States senator is a positive disgrace. Here is a man not only accused of being disloyal, but actually under sentence, yet he comes very near carrying the county against Knute Nelson. It is the most regretable feature connected with the primaries and it is hard to understand how to account for it. Our people are loyal and have been proud of Nelson's stand in upholding the administration's course in the war. For the first time in their history, however, they turn against him. The rest of the state may be excused for wondering if we know just where we are at.

Congressman Steenerson's vote in the county was a surprise. Outside of a record entitling him to re-election he has a large following of personal friends here and unusual pressure must have been brought to bear to make them desert him. Two years ago Pennington was the banner Steenerson county in the district. This year Barton received a majority of 262. Steenerson is renominated by about 3,000, however, and it would probably be hard to discover anyone here who would now admit voting against him.

For county officials the result was pretty much as expected. In one or two instances slight surprises were sprung, but on the whole the outcome is satisfactory. The people will make the final selections in November and as all candidates are good men there is no danger of a mistake being made.

A DANGEROUS PRACTICE.

The fact that Thief River Falls did not experience a disastrous fire last week was due more to good luck than good judgment, and steps should be taken at once to see that the city is not left in such unprotected condition again. Every citizen who has expressed himself on the subject—and there have been a lot of them—has been outspoken in his censure.

According to those who were at the scene when the alarm was turned in it was fully a half an hour from the time the whistle sounded before a stream of water was brought to play on the flames. This was not the fault of the department. The fire team was hauling a sprinkling cart a half mile or so away from the hall and by the time it had traversed the distance, been unhitched and hitched up again the fire had gained considerable headway.

The teamster is certainly not to blame for this, nor is the chief of the fire department. The fault lies with plan itself. It is all right to practice economy wherever this is possible, and having a fine, healthy team standing in the barn without doing anything does not look like good business. The fact of the matter is, however, that if this particular team was to do nothing but eat oats until it died of old age the taxpayers would be thousands of dollars ahead. A fire team is an emergency provision and should be so regarded. It is needed but seldom, but needed badly and mighty sudden when there is any call at all for its services. It does not take much of a fire to destroy enough property to buy half a dozen teams.

It is safe to say that nothing would please our citizens more than to find that they had invested a lot of good money in fire-fighting apparatus for which there could be discovered no use. This should apply to the motive power for the hose cart as well as to the cart itself. No one would think of pulling the ladders, hooks and hose of the wagon and using it for hauling gravel or potatoes, yet the vehicle is absolutely useless without the team to haul it around.

The streets have to be sprinkled, of course, and the fire team has to be exercised. For the safeguarding of the citizens' property, however, the proceedings should be kept separate. Taking 30 minutes to get from the fire hall to the scene of a blaze when this is only half a block away is altogether too risky a proceeding. It is liable to hurt the city in the region of its insurance premium.

WHEN THE FLAG GOES BY

Prepared by the National Committee of Patriotic Societies, Washington, D. C.

When the colors are passing, the spectator, if a man, should halt if walking, arise if sitting, and uncover, holding the headdress opposite the left shoulder with the right hand; if bareheaded, he should salute with the right hand. A woman should stand at attention as the flag passes by.

When the flag is waving from a stationary flagstaff or pole it is not saluted with the hand.

In decorating, the flag should never be festooned or draped, always hung flat. If hung with stripes horizontal, union should be in upper left corner. If hung perpendicularly, union should be in upper right corner.

When the flag is carried in parade, or when crossed with other flags, the Stars and Stripes should always be at the right.

The law specifically forbids the use of any representation of the flag in any manner or in any connection with merchandise for sale.

The flag should be raised at sunrise and lowered at sunset. It should not be displayed on stormy days or, except when under fire of the enemy, left out over night. Although there is no authoritative ruling which compels civilians to lower the flag at sundown, good taste should impel them to follow the traditions of the army and navy in this sundown ceremonial.

OUR BOYS ARE RIGHT THERE.

"American troops to the number of 800,000 are now in France," says General Marsh, "and we will continue to send them as fast as ships can be found to carry them across." A million men will be there by the first of August, according to Secretary Baker. Wonder if the kaiser will not soon be prepared to revise his first opinion, which was to the effect that no danger was to be apprehended from this side of the Atlantic as "the Americans will never come over here to fight."

In case Hun ruler is inclined to doubt the word of Gen. Marsh, he may get whatever of comfort there is in the following report from London, giving the impression of a Reuter's correspondent who has been with the American forces in France:

"On a front considerably wider than half of France," he says, "the plain facts are that whenever the Germans have fought the Americans, the former have been beaten, though possessing long experience at war and in most cases a considerable superiority of numbers and while able to inflict regretable losses, they always paid much more dearly in defeat than have the Americans for victory. That is incontestable and speaks for itself."

BOTH FAST AND SURE.

Prelimnary work of the United States Food Administration began on May 19, 1917; the food control act was passed by congress on August 10, 1917. Results of the first year's work are summarized in the following figures:

Wheat exports since July 1—Estimated surplus for export, 20,000,000 bushels; actual shipments to June, 120,000,000 bushels.

Beef exports—Ordinary rate one to two million pounds monthly. Largest month this year, 87,000,000 pounds.

Pork exports—Ordinary rate, 50,000,000 pounds monthly. Largest month this year, 308,000,000 pounds.

Price of Flour (Minneapolis)—One year ago, $16.75 per barrel wholesale. Present price, $9.80 per barrel.

Price Margin (between farmers' wheat and flour made from it)—One year ago the difference was $5.68. Present date the difference is 64 cents.

In General—To the farmer going to market, 27 per cent more than last summer. To the housewife buying in market, 13 per cent less than last summer.

And the Allies have been sustained.

The county, city and school authorities should do something toward aiding the child welfare movement. A community nurse is the first necessity in a matter of this kind and as one cannot be secured unless some provision is made for paying for her services the success of the movement hinges primarily upon the willingness of the three bodies mentioned to appropriate the needed funds. The matter is of much greater importance than merely securing the weight and measurement of babies. Their future health, happiness and value to the community may in a large measure depend upon what is learned concerning them at this time. If it were not a matter of concern the national government would not under the present circumstances be urging that the work be taken up. Fads are unpopular and useless experiments frowned upon. Everything must be undertaken with some practical end in view and when we are told in all seriousness that the state of the nation requires this particular thing to be done, it is simply up to us to do it.

Red Cross picnics are the principal diversion in this part of the country at the present time. There are two a week being held on an average and from every section comes the report that they are well attended and that the people are contributing with unheard of liberality toward the cause. It would seem that we are even more willing to give our money than to lend it—a fault that will probably be overlooked under the circumstances.

Have you pledged yourself to purchase a certain amount of War Savings Stamps and Certificates before the first of December? Remember, every quarter counts with Uncle Sam now days. Pennington county has a reputation to maintain in this matter and it would be nothing short of disgraceful to fall down now when we have met all other requisitions with such willingness and ease.

It is to be hoped that in case a serious fire breaks out in this city some day the hose cart team will not be found hitched to a manure spreader somewhere down in Wyandotte township.

Let's begin now to take the steps necessary in order to make the county fair as great a success as was the community picnic.

In Days of Yore

Items of Interest Reprinted From Files of the News and Press of 10 and 20 Years Ago

Twenty Years Ago.

At the adjourned meeting of the Democratic county convention, the following partial ticket was put in the field: Auditor, W. T. Mularky; judge of probate, J. D. Knight; sheriff, Thomas Dorgan; county surveyor, D. F. Stacy. The remainder of the ticket was left blank.

Thief River Falls was defeated by Red Lake Falls in a ball game by a score of 35 to 12.

The annual school meeting was held on Saturday evening and the following business transacted: Ira C. Richardson was re-elected for the Central school and H. E. Mussey for the Knox school. For the former Herbert Fuller was engaged as principal, and Misses Bertha Miller, Sarah Vaughan and Ella Wallin as teachers. In the Knox school H. E. Mussey was chosen clerk and Joseph Votava director.

A whole bunch of river drivers came down from the headwaters and were distributing their wages among the liquid and solid refreshment places of the city.

The following were elected from the city to attend the Republican county convention at Red Lake Falls: John Bauman, I. C. Richardson, Bert Young, P. S. Ware, William Lennan, J. W. Eastman.

The heaviest rain of the season fell during the week, beginning with a hailstorm. Lumbermen were benefitted but grain fields suffered severely.

Ten Years Ago.

Ole Helgeland, a Highlanding farmer, committed suicide by hanging.

Assessor D. P. O'Neill announced that the assessed valuation of the personal property in the city totalled $302,037. D. N. Winton was the heaviest tax payer, his personal property being listed at $95,000. There were 83 pianos found in the city. Two years previously the personal property in the city had been valued at $113,011.

Henry Funkley of Bemidji, county attorney of Beltrami county, filed as a candidate for the legislature, leaving three candidates from this district, the other two being J. J. Opsahl of Bemidji, and H. E. Ives of St. Hilaire.

For the first time in the history of the city a full carload of oranges was received here during the week.

Company L left for the encampment at Lake City on Saturday evening. There were 46 men in the company.

The Red Lake & Manitoba railway company announced that a large power boat would be placed on the Red Lakes in a short time. The government was also constructing a new boat for lake work.

C. C. Gulrud began work on his new cement blacksmith on Main avenue.

Dr. F. H. Gambell, who was touring in the West, had been confined to a hospital for some days because of illness.

The biggest and fastest touring car in the city was received during the week by F. J. Stebbins.

STANDING COMMITTEES OF COMMERCIAL CLUB

The Thief River Falls Commercial club is preparing for an active season along all lines with which it may properly become identified. For a long time it has been considered best to drop everything else in order that work connected with the winning of the war might be carried on without anything to interfere with it, but the conclusion has about been reached that there are many things that will dovetail into these endeavors and prove an aid rather than a hindrance. For this reason aggressive committees have been appointed by President C. R. Crandall and the members are expected to give a good account of themselves. There are many matters awaiting action by the club and everyone will be pleased to note that the organization has again decided to boost things along. There is no sense of permitting our interest in other matters to lag entirely just because we happen to be at war. This conflict will end some time and then the communities that have managed to keep nearest to normal will possess a big advantage over those having permitted themselves to lose touch of things. Following are the committees appointed:

Agricultural—Tobias Reep, chairman; Hans Anton, Peter Engelstad, T. H. Bjerke, M. Bothun, Wm. Korstad, T. K. Rynestad, H. P. Rued, H. C. Woolson.

Auditing—L. A. Lampert, chairman; Harry Booren, Peter Myrum, Chas. Vorachek, Ole C. Granum.

Club Rooms—W. A. Barnard, chairman; Fred Niclai, Dr. G. W. Booren.

Conventions—J. H. Hay, chairman; H. A. Brumund, J. Provencher, John Morgan, E. M. Stanton, Dr. O. F. Mellby.

Good Roads—Daniel Shaw, chairman; W. H. Frederick, W. E. Baker, J. P. Curtis, George Walker, F. E. Wieland, Lester Gesell.

House Committee—Abe Sapero, chairmen; M. L. Swanson, H. H. Spink.

Industrial—T. A. Way, chairman; George Biddick, J. J. Richter, Harry Protzeller, W. B. Fuller.

Legislation—Charles Pitkin, chairman; Theo. Qualo, Perl W. Mabey, Wilhelm Michelet, J. M. Bishop.

Membership Committee—Geo. G. Johnson, chairman; Emil Zeh, G. A. Penney, Carl B. Larson, P. W. Sharp.

Public Affairs—H. R. Prichard, chairman; Oscar Sponheim, Charles Swartz, Olaf Tessum, Fred Roth, H. G. Phillips, O. N. Ostby, Maurice Giller, L. C. Nielson, Carl Christofferson.

Publicity—T. J. Austad, chairman; Dr. A. J. Paulson, H. O. Loken.

Railroads and Transportation—H. D. Keene, chairman; Lars Backe, W. W. Prichard, Sr., Louis Rayson, C. L. Hansen, J. W. Hendry.

Ways and Means—C. A. Nason, chairman; H. S. Dahlen, F. H. Herrick, T. L. Melgaard, E. K. Aasen, Robert McGinn.

Sports—F. F. Haynes, chairman; W. J. LaBree, Severt Brandon, Louis DeCremer.

MEN UP TO 49 MAY BE CALLED TO WAR

LEADERS IN CONGRESS FORECAST RAISING DRAFT AGE TO THIS LIMIT.

That the war department will ask changes in the draft law so as to include all men between the ages of 18 and 45 or 49 has been forecast by well informed congressional leaders. The new legislation which will plan the draft on the same basis as that of Great Britian and facilitate the operation of the inter-allied draft treaties is expected to be launched at the December "short session" of congress.

In the meantime a campaign of education is to be conducted to inform the country of the need for raising the draft ages. These needs include the probable depletion or going into the deferred classification unless the draft limits are broadened.

"Provost Marshal General Crowder has no desire to go into the deferred classification," said Representative Kahn of the house military committee.

Members of the senate foreign relations committee said today that ratification of the draft treaty with Great Britian and Canada would impose a moral obligation upon the United States to raise the draft ages.

GO WITHOUT WHEAT UNTIL NEXT FALL

FOOD COMMISSION URGES NEW PLAN OF FOOD SAVING FOR PRESENT.

Varying production and varying consumption together with numerous unforeseen circumstances that arise in the work of making the world's food supply go around demand that the food administration's regulations undergo constant changes. This constant changing is at times confusing to the consumer and as a result a great many are at sea as to just what is expected of them. For those, this authentic statement of food administration recommendations for the present will be of value:

Wheat—Very urgent that everyone who can possibly do so, go without wheat entirely until the next harvest. Use substitutes available in your locality.

Meat—Strict conservation of meat is urged once more. Eat beans, cheese, fish, milk, nuts instead. Make a little meat go a long way.

Dairy Products—Consumption of all dairy products is to be encouraged. Use all you need. Don't let any go to waste. See that the children get plenty of whole milk. Milk is good for adults too. It can take the place of meat. Those who can afford it may well use butter and cream.

Potatoes—Particularly urged that everybody eat the old potatoes until they are all gone. Two reasons for this. First, they will spoil unless they are eaten at once. Second, they will save the wheat. Eat them three times a day instead of bread.

Cottage Cheese—It is strongly urged that all skim milk be made into cottage cheese and used instead of meat. Try the new cottage cheese recipes.

For Children's Playgrounds.

Mrs. W. A. Bishop, county chairman of the child welfare movement, has appointed Mrs. C. A. Pitkin to take charge of the playground proposition. Playgrounds are a part of the government's program for the winning of this war, far-fetched as the connection may seem, and all communities are asked to make some provision for a spot where the youngsters may find opportunity for safe amusement.

Thief River Falls has no park within the city limits but there are a number of blocks that could be fixed up for the purpose. This is a matter for the city council to take up as it will be necessary to provide amusement facilities of some kind if the movement is to prove of any value.

The ladies in charge of the plan ask the citizens generally to add their influence toward bringing about this very desirable improvement.

Draft Extension Supported.

Support of Provost Marshal General Crowder's proposal to extend army draft to men between 18 and 45 years was given by Senator Chamberlain, of Oregon, chairman of the senate military committee at the hearing on the twelve billion dollar army appropriation bill.

"I have always advocated having it apply to men of these ages," said Senator Chamberlain, "and I think we will yet come to it. There are lots of men over 30 who are really doing nothing and ought to be reached."

Editor Harold Berg, of Middle River, motored to this city last Thursday afternoon for a brief visit with his brother, Victor, who was confined in the Physicians' hospital.

Farm Loans
at 5½ Per-cent

THE Valhall National Farm Loan Association, the local branch of the Federal Land Bank of St. Paul, is now ready to accept applications for farm loans in the entire county of Pennington and also in the townships of New Solum, Excell, Adgar, Grand Plain and Moylan in Marshall County. Who Began Trench Warfare?

THE trench, which always encircled the Roman castra, or camp, was brought to France by Julius Caesar and used by him on the very battlefield where to-day the Allies and the Huns have 25,000 miles of trenches.

With rings of trenches, gradually drawn smaller, probably the first modern trench warfare; the Turks in 1667 took Candia.

Vauban, builder of Verdun, in 1673 employed the first parallel trenches, the system of the present war.

Defeat, not foresight, turned the Germans to trench warfare. But Goodrich never had to dig in.

Since twenty-two years ago Goodrich manufactured the first American pneumatic automobile tire, Goodrich has driven ahead to the big, graceful, masterful—

GOODRICH SERVICE VALUE TIRES

But whether Goodrich was revolutionizing tire manufacture by bringing forth the first American clincher tire—

Or originating the one practical non-skid, the cross-bar, safety-tread, or tough black tread rubber—

Goodrich built tires to one end—SERVICE VALUE—what they are worth to the motorist on his car and on the road in COMFORT of an easier riding car—ECONOMY in gasoline saved,—and LONG MILEAGE.

Small difference whether you buy **GOODRICH SILVERTOWN CORDS, or BLACK SAFETY TREADS,** you get SERVICE VALUE TIRES.

Around Our Town

O. J. Lovin of Mahnomen arrived Monday evening for medical consultation.

Mrs. S. Brandon and Mrs. Wm. Bjorneson of this city visited with friends in Middle River last Sunday.

John Melgaard of this city left yesterday morning for Warren where he will spend the summer on his uncle's farm.

Miss Lucille Sullivan arrived here last Saturday from her home in Langdon, N. D., and is a guest at the home of her cousin, Mrs. George G. Johnson.

Mrs. G. E. McGrail and daughter, Lillian, of Minneapolis, arrived in this city the latter part of last week and are guests at the home of Mrs. McGrail's sister, Mrs. Thos. Chittick.

Dr. Stevens, formerly of Gonvick and now an army surgeon at Fort Riley, was in the city this week on a visit to friends. He returned for the purpose of looking after business affairs at his former home.

Mr. and Mrs. S. A. Hanson received word from their son, Herbert, who sailed three weeks ago for France, and he has now safely landed. Herbert is in the medical corps having enlisted several months ago.

B. E. Bothun writes from Eureka, Mont., that he has started work in the saw mill at that place and likes his surroundings first rate. Wages are good out in that section he states, mill hands receiving $3.75 per day.

Mrs. A. Paulson arrived in this city last Saturday evening from Flaxton, N. D., to visit her son, Dr. A. J. Paulson. Mrs. Paulson while here is a guest at the Olaf Ramstad home, but expects to leave in a few days for Pelican Rapids, this state.

Mr. and Mrs. C. B. Bradley and children returned to their home in this city Tuesday afternoon from Middle River, where they had been visiting at the home of Mrs. Bradley's parents. They were accompanied by Mrs. Bradley's mother, Mrs. Wing.

Mr. and Mrs. T. Tharaldson returned to their home in this city Saturday morning after a visit in Buxton, N. D. Mr. Tharaldson visited at Glenwood and other cities in this state during part of the time, in the interests of the Non-Partisan league.

S. Sapero and daughter, Miss Molly, of Chisholm, Minn., are expected in this city the latter part of this week to visit at the home of Mr. and Mrs. Abe Sapero. Mr. Sapero will remain but a short time to attend to business but Miss Sapero will visit for two or three weeks.

Miss Doris Halvorson, daughter of Mr. and Mrs. Gay Halvorson, arrived in this city Monday morning and will spend the summer months here at her home. Miss Halvorson is a student of piano and voice at Oberlin College, Oberlin, Ohio, and will return there in the fall to begin her sophomore year.

There will be a bowery dance at the Charles Schnabel home next Tueday evening, June 25, for the benefit of the Norden township Red Cross. Everybody is invited and a good time is assured. The Schnabel home is six miles west of the city. In case of rain on the 25th, the dance will be postponed until the following evening.

Dr. H. W. Froehlich of this city motored to Plummer last Tuesday evening on professional business.

Miss Bessie Avelson of St. Hilaire returned to her home yesterday afternoon after a brief visit in this city shopping at the stores.

Mr. and Mrs. Wm. J. Gray have as their guest Mr. Gray's sister, Miss Marie Gray of Minneapolis, who will visit here for two weeks.

Walter Quist, formerly of this city, arrived here Monday morning from his home in Des Moines, Iowa, for a brief visit with friends.

Edwin Bakke, son of Mr. and Mrs. D. B. Bakke, left Saturday for Washburn, Wis., where he has accepted a position in a munition plant.

Miss Gena Granum, librarian of this city, who left last week for Minneapolis is taking a six weeks' librarian's course at the Minnesota University.

Mrs. John Erickson returned to her home in Ojapa, N. D., yesterday afternoon after a week's visit in this city at the home of her daughter, Mrs. A. Solberg.

Capt. F. W. Mead, accompanied by his son, Joseph, of Cedar Falls, Iowa, arrived the first of the week for a visit at the Charles Schnabel farm just west of the city.

Mrs. A. J. Anderson of Grygla, formerly of this city, left last week for Minneapolis where she entered the Fairview hospital for an operation. Mrs. Anderson expects to be there about three weeks.

Rev. G. O. Parish, former pastor of the Methodist Episcopal church in this city, who is now speaking on the Prohibition platform, arrived here yesterday from Cass Lake to attend the Methodist Epworth League convention.

Mrs. F. J. Seltz and daughters, Ruth and Lois, left for Waconia last week for a month's visit with relatives. Rev. Seltz will leave the latter part of this month for that place for a brief visit and will accompany his family to this city about July 15th.

Miss Gena Hanson, one of the clerks in the John Aas store, left this morning for Detroit, Minn., for a few days' visit at the lake. Miss Hanson will also visit in Fargo for a few days before leaving for her home in Ulen, this state, where she will spend the remainder of her two weeks' vacation.

There will be a bowery dance at the Charles Schnabel home next Tueday evening, June 25, for the benefit of the Norden township Red Cross. Everybody is invited and a good time is assured. The Schnabel home is six miles west of the city. In case of rain on the 25th, the dance will be postponed until the following evening.

Miss Anna Brokke returned to her home in this city Monday morning after a week's visit in the Twin Cities with relatives and friends. Miss Brokke also represented the local Rebekah lodge at the national convention held in Minneapolis last week. She was accompanied to this city by her little nephew, George Fritz, of St. Paul, who will spend the summer here at the Brokke home.

James D. Gronna of Lakota, N. D., son of United States Senator Asle Gronna of that state, was in the city over Sunday on a visit to the family of his uncle, O. D. Ostby, who is a brother of the senior Mrs. Gronna. The young man disclaimed any knowledge of politics in his state but stated that the outlook for one of the best crops in the history of the section was particularly bright.

Mrs. John Setter, of Middle River, visited in this city yesterday with friends. She returned to Holt for a brief visit before returning to her home.

Mrs. C. J. Dale returned to her home near Holt yesterday morning after a week's visit in this city at the home of her sister-in-law, Mrs. J. N. Nesse.

Mrs. Katherine Penney, of St. Louis, Missouri, arrived in this city Tuesday morning to spend the summer at the home of her son, Mayor G. A. Penney.

Mrs. A. Rindal returned to her home in this city yesterday from Hatton, N. D., where she had been visiting for about two weeks with friends and relatives.

Mrs. Ferdy Brown returned to her home in this city Sunday evening from Grygla where she visited at the F. J. Brown home for a week. Mr. and Mrs. F. J. Brown accompanied her to this city in their car.

Mr. and Mrs. Henry Jenson and children who motored to this city from their home in Pekin, N. D., last week, left for their home yesterday after a ten days' visit with Mrs. Jenson's mother, Mrs. H. P. Peterson.

Mrs. Ira C. Richardson returned to her home in this city last Saturday evening from Duluth where she spent the week at the home of her son, Wayne Richardson. Mrs. Richardson was accompanied as far as Cass Lake by Mr. and Mrs. J. A. Lindsey and children, and Miss Lillian Morin, of Warren, who made the trip to Duluth from here the previous Sunday in their car. Mrs. Lindsey, Miss Morin and Mrs. Richardson took the train to this city Saturday from Cass Lake while Mr. Lindsey arrived here Sunday in the auto.

Odegaard-Storvick.

A charming June wedding was that of Miss Amanda H. Storvick, daughter of Mr. and Mrs. A. O. Storvick, of Albert Lea, Freeborn county, to Mr. A. O. Odegaard, son of A. A. Odegaard, of St. Hilaire, which was solemnized at 1:30 o'clock, June 5th at the Round Prairie United Lutheran Synod church.

The bride was attended by her sister, Miss Ella A. Storvick as maid of honor and Miss Rosena Hesla, of Rembrandt, Iowa, and Miss Mabel Storvick, of Albert Lea, niece of the bride, as bridesmaids.

The groom was attended by Messrs. Albert C. Storvick and Bennie Odegaard. Tena Storvick acted as flower girl, and carried a beautiful basket of white and pink sweet peas.

After the ceremony a reception was given at the bride's home to 200 guests. The bride is a graduate of the Academy at Albert Lea, and normal school at Sioux Falls, S. D. She is well known as a teacher both in Freeborn and Pennington counties, having taught in the latter place the past year in District No. 221 near Hazel.

Mr. Odegaard grew to manhood in Rocksbury township and is a graduate of Park Region college and at present a senior of the Theological Seminary, St. Anthony Park, St. Paul.

Mr. and Mrs. Odegaard will be at home to their friends after October first at St. Anthony Park, St. Paul.

Card of Thanks.

We hereby express our sincere thanks to the Commercial club for the use of the club rooms Sunday, June 9. Also our thanks to those whom so kindly patronized our lecture. Our receipts were $19.20 and expenses $14.58 left a balance of $4.62 which will be donated to the Red Cross. The following ladies, Mrs. Al. Lamac, Mrs. Nels Syverson, Mrs. Anna Halda, J. J. Vorachek, Mrs. Nettie Hodek, Mrs. John Malafa, Mrs. Louis Cerny, Mrs. Anton Lusian and Miss Anna Vorachek, members of the lodge and Mrs. Hruby, who furnished some of the eatables for the lunch, instead of taking pay due them, donated it to the Red Cross which is $7.02 making a total of $11.64.

Many Attend Picnics.

There were unusually large crowds at both picincs held in the county last Sunday. The citizens of Numedal township had a particularly well attended gathering at which O. A. Naplin and Mr. Nestrud, the latter from Viking, were the speakers. Another big crowd turned out at the Ed. Rewart's farm in Mayfield township, County Attorney E. M. Stanton being the principal speaker there.

The booths at these affairs are always well patronized and as the proceeds go to swell the treasury of the local auxiliaries these are in excellent condition so far as finances go.

REGULAR TICKET IS ENDORSED BY PRIMARY VOTE

(Continued from page 1.)

date for attorney general, received 1,415 votes against 405 for Hilton, the regular candidate.

A Majority For Mueller.

The voters seeed to take a particular fancy to Mueller, candidate for clerk of the supreme court. There were three aspirants for this post and Mueller received more votes than Magnuson and Caswell put together. His total is 1,183 as compared with 364 for Magnuson and 409 for Caswell.

For railroad and warehouse commissioner practically the same ratio was kept up, Tilquist receiving 1,409 votes to 557 for Putnam, the regular candidate.

Result in the County.

The outcome so far as the county is concerned contained no great surprises. Theo. H. Liden's run for register of deeds was perhaps the most astonishing thing connected with the entire proceeding, the rest having been pretty much doped out beforehand.

W. J. LaBree, candidate for renomination as sheriff, carried off the honors among the candidates in the county, receiving a clear majority in a three-cornered contest.

The race between Wilhelm Michelet and Ira C. Richardson for judge of probate was the closest of the entire lot. These two candidates kept switching past each other all during the time the result was being tabulated and were separated by the smallest margin in the final count.

The Commissionerships.

There are three county commissioners to be elected this fall—from the First, Third and Fifth district. In the latter no primary contest was necessary, there being but two candidates. In the First Peter G. Wold leads his nearest opponent, W. G. Hunt, by a vote of 188 to 120. Elev Aakre is the candidate eliminated, he receiving 78 votes.

In the Third Gust Naplin had everything his own way, receiving more than twice as many votes as both his opponents put together. He has 218 as compared with 86 for Hans Anton and 22 for Charles W. Brink.

Wheaton Leads by Two.

In spite of the fact that there are normally between two and three hundred Democratic votes cast in the county, Monday's election disclosed only 72. Out of these Wheaton received 37 and Comstock 35. On the face of first returns Comstock had evidently been nominated but at last reports Wheaton was in the lead and it is probable that he is the party choice.

The Third ward in the city is still the Democratic stronghold, 27 of the votes on Monday being found there. Two were cast in the First ward, 17 in the Second and 11 in the Fourth. Three Democratic ballots were cast in Rocksbury and two in River Falls, Highlanding, Numedal and village of Goodridge, and one each in the following townships: Bray, Cloverleaf, Kratka, Norden, Silverton and Smiley.

Koeppen-Chittick.

On Friday, June 14th, Miss Irene Chittick of Duluth, Minn., became the bride of Mr. Harry Koeppen, of Stewart, Minn. The marriage was a quiet affair and was solemnized in the Westminster Presbyterian church in Duluth. The bride is well known in this city having lived here most of her life and graduated from the Lincoln high school with the class of 1912. She is a graduate of the St. Cloud State Normal and during the past year taught one of the grades in the Northrup school.

Mr. and Mrs. Koeppen will live in Stewart, where Mr. Koeppen is editor of the Stewart Tribune. He will answer the call to service, however, in a few weeks, but Mrs. Koeppen will remain in Stewart and will teach in the public schools of that city next year.

CROP OUTLOOK IS GOOD EVERYWHERE

WHEAT IS A FINE STAND AND OTHER GRAINS PROMISE AS WELL.

The unusual number of community picnics held in the county this summer are giving many people from the city a chance they have never before taken advantage of to see how fields are progressing during the early part of the growing season. And it might be added that they could not possibly have picked out a season more favorable for observation.

Those who attended the big gathering in Highlanding township last Friday found everything in that direction promising particularly well. There has been a sufficiency of rain and but little real hot weather. In fact, conditions could not possibly be more favorable for the stooling out and sturdy development of the young plants. It was feared that much of the winter rye had been killed off, but even this seems to be coming along in a highly satisfactory manner.

To the west of the city the outlook is even better. On the high land of the Pombina ridge the farmers are justified in looking forward to a bumper crop. This land can stand almost any quantity of rain and seems to have been treated to just about enough. The wheat is heavy, even and of excellent color. Other grain crops have given place to wheat in many instances, but these also seem almost certain to break the record.

MAKING RESERVOIR SITE BEAUTY SPOT

LEVELING, SEEDING AND SODDING; WILL ALSO IMPROVE RIVER LANDING.

Supt. Leonard Peterson of the water and light department, and Street Commissioner O. L. Bakken are colaborating on a job of beautifying that will meet with general approval. The banking about the new water supply reservoir is being sloped down and seeded in with lawn grass, which will not only improve greatly the appearance of the place but will prevent the banking from being washed away. The surface gravel about the elevated tank is also being taken off and in its place will be put fine black dirt, which will be seeded in. A cement sidewalk has been constructed along the side of the power house and leading to the reservoir, the top of which may be reached by a short flight of convenient steps.

There was danger of the rains washing away enough of the river bank to endanger the reservoir and protection against this has been furnished by rock riprap. The stone was found in different places about the city and was secured from the owners at no greater expense than that of hauling. About 40 cords have been used and this material would have cost a considerable sum had it been necessary to purchase it.

Mr. Peterson states that the probabilities are that the old boat-houses and other structures lining the river at this point will be removed and a substantial landing dock put in for the accommodation of boat owners. The top of the reservoir also would make an ideal band stand if provided with seats, the necessary lights being easily provided.

The undertaking is a most sensible one and will greatly add to the good appearance of the city, particularly from the river.

Card of Thanks.

We wish to hereby extend our heartfelt thanks to the many neighbors and friends for their sympathy and aid during the illness and death of our husband and father, August Lautenbach, and also to the ladies of the German Lutheran church for the many beautiful floral offerings.

Mrs. August Lautenbach
and family. J-24-p

Midsummer Festival.

A midsummer festival will be held under the auspices of the members of the Swedish Lutheran church at the home of Karl J. Erickson, four and a half miles northeast of St. Hilaire, on Monday, June 24. As the point at which this festival will be held is but five miles southeast of Thief River Falls it is expected that a considerable number will be present from this city.

Hospital Notes.

A baby girl was born to Mr. [illegible] Mrs. Thos. Chittick Friday morning of last week.

A baby girl was born to Mrs. [illegible] Prisky of Mahnomen Tuesday morning at the hospital.

Mrs. George Nicholson of this city underwent an operation Tuesday morning and is recovering nicely.

O. J. Lillibo of Wylie, Minn., entered the hospital Tuesday for medical treatment.

Mrs. C. McNamme of Oklee was discharged from the hospital last Saturday after having recovered from a successful operation.

Mrs. A. Welsh of Lancaster, will be discharged from the hospital the latter part of this week after a confinement of several days receiving medical treatment.

ECON-O-KLEEN

Should Be In Every Home
Where There's a Gasoline Stove

THE withdrawal of high test gasoline from the market creates a new condition which the housewife must meet. This can best be done by using ECON-O-KLEEN in low test gasoline. Constant use for a year past by residents of this city has demonstrated that Econ-O-Kleen

DOES THE WORK!

Get a War Map They Are Free at The Times Office

This is a beautiful three sheet map, 28x36, showing the battlefronts as they are today. The towns are indexed on the back of the map so you can follow the fighting each day and know just where the troops are in action. The location of the United States forces is shown and the surface of the map is a light color so the battle line can be easily marked with a pencil as the fighting causes a shifting of positions.

NO MARRIED MEN IN NATIONAL GUARD

WOULD SEEM THAT ORDER PUTS THIEF RIVER OUT OF RUNNING.

There has been considerable talk concerning the securing of a company of regular militia for Thief River Falls when the new national guard regiment is formed in this state, and things looked very favorable for awhile. Capt. W. B. Fuller of Company C, Minnesota Home Guard, put the matter up to his command on Thursday night and about 50 of the members present signed the application for membership in a regular militia company. It is understood that Thief River Falls is one of the points at which a company would be located if the necessary enrollment could be secured, the fine armory here proving a factor of considerable importance. It was also thought that most of the members of Company C would be eligible for membership in the national guard, but here is where the new order steps in and upsets calculations.

A dispatch from Washington last week conveyed the information that national guard enlistment regulations forbid the acceptance of married men or men with dependent relatives unless it is demonstrated such dependents will be provided for. Inspectors are instructed to see the rule is followed.

To demonstrate his eligibility for enlistment a man with dependents must sign as a part of his enlistment contract a statement showing his dependents have other means of support than his civil income; that he authorizes the allotment of not less than one-half of his pay to such dependents in the event of his unit being called for Federal service and that he has agreed not to ask for his discharge from the service at any subsequent time for any reason relating to the support of his dependents.

A large percentage of the members of Company C are married men and the above order automatically disqualifies them. As the unmarried men have entered the service to a very large extent it is not considered likely that enough availables for a company could be picked up and it looks very much as if the project has gotten as far as is possible at the present time.

TALKING MACHINE OF 1772

Had Wooden Mouth With Lips of Soft Leather, and Was Invention of Erasmus Darwin.

That someone was puzzling over the idea of making a phonograph as early as 1772 is proved by an extract from a hitherto unpublished letter by Dr. Erasmus Darwin (grandfather of Charles Darwin) to Benjamin Franklin, quoted by Dr. L. Hussakof in Science. "I have heard," wrote Dr. Darwin "of somebody that attempted to make a speaking machine. Pray, was there any truth in any such reports?"

And Dr. L. L. Woodruff of Yale university quotes the following interesting paragraph from a note in the "Temple of Nature," published by Erasmus Darwin in 1802:

"I have treated with greater confidence on the formation of articulate sounds, as I many years ago gave considerable attention to this subject for the purpose of improving shorthand; at that time I contrived a wooden mouth with lips of soft leather, and with a valve over the back part of it for nostrils, both of which could be quickly opened or closed by the pressure of the fingers, the vocality was given by a silk ribbon about an inch long and a quarter of an inch wide stretched between two bits of smooth wood a little hollowed; so that when a gentle current of air from bellows was blown on the edge of the ribbon it gave an agreeable tone, as it vibrated between the wooden sides, much like a human voice. This head pronounced the p, b, m and the vowel a with so great nicety as to deceive all who heard it unseen, when it pronounced mamma, papa, map and pam; and had a most plaintive tone when the lips were gradually closed."

Increases Profanity.

"The telephone," says William Lyon Phelps in the New Republic, "has surely spread the habit of cursing. As Figaro says, 'To get your telephone connection is no longer an achievement; it is a career.' Learning to play the typewriter has also loosened the tongue. A friend wrote me—he is a professor in a woman's college—that in playing his machine he had discovered in his nature depths of depravity hitherto undreamed of. But golf has done more for swearing than any other modern employment; it has made taciturn gentlemen as efficient as teamsters. The disappointments of golf are so immediate, so unexpected, so overwhelming. Nearly all men, and women, too, must swear naturally in their thoughts; else how explain such easily acquired proficiency?"

Liverpool's Girl Conductors.

"Does this car travel by Dale street or by Church street?" asked an anxious passenger as he stepped aboard at the corner of Tunnel road, Liverpool, during a darkness which could be felt. "I do not know," was the girl conductor's naive reply. When the passenger expressed surprise coupled with pain, as he had fear of missing the last train to Southport, the conductress added the explanation that her "duty was merely to collect the fares," and she "had nothing to do with the route the car might take." With this the belated one had fain to be content.

Our Butterfat Prices:

Monthly Price:
Sweet Cream 49c
Sour Cream 47c

Cash at once:
Sweet Cream 46c
Sour Cream 44c

It is no exaggeration to state that the Thief River Co-Operative Creamery is one of the main factors to get a high price for butterfat in this section. The private houses don't pay more than they have to. *Whom do you support?*

Thief River Co-Operative Creamery Association

HOME GUARDS MAKE SPLENDID SHOWING

BATTALION DRILL AT CROOKSTON LAST SUNDAY AN ENJOYABLE AFFAIR.

Owing to the short notice given it was impossible for Company C to appear in force at the battalion drill held at Crookston on Sunday. About 40 made the trip, however, and participated in a series of maneuvers that greatly pleased the spectators, to judge by the following account of the proceedings published by the Crookston Times:

"A splendid exhibition of home guard drill was given in Central Park yesterday afternoon when the Warren battalion band and two companies of the Crookston home guard and one company of home guards from Thief River Falls under the command of Captain W. B. Fuller, drilled under Major Chas. Loring.

"Besides a large number of Crookston spectators many cars from Warren and Thief River Falls were in attendance and seemed well pleased with the various maneuvers that the men went through.

"All the men showed the effects of their regular attendance at the home guard drills and maneuvered like veterans keeping their lines straight and performing the commands with a snap that drew favorable comment from the spectators.

"The men drilled for a short time yesterday morning at the fair grounds but on account of the rough grounds they were dismissed until the afternoon performance.

"A number of musicians from Warren came down and helped make the meet a success with their music. Captain Spaulding of Warren, was also present.

"The home guards from East Grand Forks and Ada were also expected to be present but because of a previous engagement with Hendrum Ada could not come. East Grand Forks sent word at the last minute that they would not be able to attend."

AGDER

The Bethlehem congregational annual picnic will be held at the church Sunday, June 23. Don't fail to attend.

Mr. and Mrs. Wm. Rude spent a few days in Grand Forks, N. D., where Mrs. Rude received medical attention.

I. A. Isaacson and Ole Solberg were business callers at Thief River Falls last Wednesday.

The Agder branch of the R. O. of T. C. met at the Williams home last Sunday evening. An enjoyable time is reported by all members present.

The Peterson, Evenson and Nelson families were out to the Mrs. H. Peterson farm and attended the picnic held last Sunday.

Pete Becken and Thos. McCormick spent last Friday in Thief River Falls.

Miss Elizabeth Johnson visited at Thief River Falls Thursday.

Dan Whalen, who left two weeks ago with a carload of stock, returned home Wednesday.

Mr. and Mrs. Harry Ortloff are the proud parents of a baby girl, born to them on Wednesday.

Mr. Sorcelor, who has been visiting for the past month out on the W. Adam's farm south of this village, left Thursday for his home at Seattle, Wash.

Having finished teaching a term of school at Fosston, Miss Lilly Johnson returned to her home in this village Friday.

Miss Neva Sumpter who is employed at Grand Forks, N. D., arrived in this village Thursday for a visit at her parental home near Hazel.

Mr. and Mrs. H. A. Olson and daughter, Gladys and Mr. and Mrs. E. Burkee, attended the Red Cross picnic which was given north of Thief River Falls on Sunday.

Mrs. W. Brink returned Monday to her home at Grand Forks, N. D., having made a month's visit at the home of her daughters, Mrs. J. Almquist and Mrs. T. Johnson.

Miss Amanda Kalland and sister, who have been employed at Baudette, returned to their home in this village Saturday.

Ernest Bessler, of Minneapolis, but formerly of this village, arrived here Monday for a visit with old friends. He has been visiting the past few days at the home of his sister, Mrs. Otto Ortloff, who resides on a farm near Hazel.

Mr. and Mrs. E. Burkee and Mrs. B. E. Burkee and Mr. and Mrs. Glenn Martz autoed to Highlanding Friday where they attended the community picnic.

Mr. and Mrs. W. Janda of Thief River Falls autoed to this village Sunday where they spent the day visiting at the home of the latter's parents, Mr. and Mrs. H. M. Kalland.

Miss Lilly Gunstad left for Crookston Monday where she will make a brief visit with friends.

Miss Amanda Kalland and sister returned home Monday having made a visit at the home of their sister, Mrs. W. Janda, of Thief River Falls.

Joe Hauge, who is employed at Bemidji, spent the fore-part of the week visiting at the home of his parents, Mr. and Mrs. R. L. Hauge.

Mrs. John Peterson and daughters Dorothy and Luella, and Miss Julia Budvik and Miss Hannah Egerude of Thief River Falls, autoed to this village last Wednesday afternoon and visited at the home of the former's sister, Mrs. H. A. Olson.

Miss Nettie Johnson left Monday for Crookston where she will attend summer school.

Stanley Olson and Arthur Hanson returned to their homes in this village Friday having been employed at Baudette for the past month.

Miss Nora Just made an over Sunday visit with her sister, Miss Lilly, who is employed at Thief River Falls.

Miss Olga Fricker left Friday via the Soo at Hazel for Bemidji where she will be employed this summer.

Having made a brief visit at the home of her cousin, Miss Carrie Holden, of Thief River Falls, Miss Edith Dahl returned Wednesday to this village.

Mrs. H. O. Jacobson and son, Harry, returned Monday from Bemidji where they have been visiting at the home of Mr. and Mrs. Selmer Hauge.

Miss Edith Linquist left Monday for Moorhead where she will attend summer school.

Private Roy Sumpter is spending his ten-day furlough at his parental home near Hazel.

W. R. Wicks, professor of the local school for the past three years, left Sunday evening via the Soo at Thief River Falls, for Lincoln, Neb., where he will take up a governmental job as an agricultural county agent. Mr. Wicks has many friends who wish him good luck in his new line of work. Mrs. Wicks and children left the same evening for her home town in Nebraska where she will remain until further arrangements can be made.

ROUTE NUMBER TWO

A large crowd was present at the picnic at Mrs. H. Peterson's on Sunday and a very enjoyable time was reported by all.

Ingvard Peterson, Mrs. Ensrude, Mr. and Mrs. Henry Jenson and family of Pekin, N. D., are guests at the home of Mrs. H. Peterson these days.

Laura Johnson is assisting Mrs. F. Sterns with her work this week.

Messrs. Oscar and Edwin Swanson are the owners of a brand new Ford.

Mr. and Mrs. Clarence Moe and son Clayton, autoed to the home of S. G. Moe on Sunday. They also visited relatives at Golden Valley and Thief River Falls before leaving on Tuesday for their home in Grafton, N. D.

STAR

The community picnic was well represented by the Star farmers. Everybody had a fine time and are now singing, "Keep the Home Fires Burning."

Nels Grane, Sr., departed last week for an extended visit with relatives and friends in central Iowa.

Olaf Omlid was a business caller at Dahlen's on Saturday.

There is some fear expressed that the Farmers' Non-partisan League threatens to break up the Ladies' Aid society. Be not troubled, dear ladies. Some fine day you'll find yourself consolidated and in full accord with the League.

Fred Anderson, Pete and Willie Meyer and a relative of Meyer's from South Dakota, left Friday by auto for Red Lake Agency. The boys will enjoy themselves to the fullest in varied recreations while there before returning in good time to cast their ballot at the primaries.

Mrs. M. Lee was on the sick list last week.

John Hovet and Gilmore Tharaldson are back. John has been employed in North Dakota and Gilmore has spent some time in Canada and Thief River Falls.

Joseph Johnson returned to his farm southeast of Erie Saturday from a two weeks' visit among relatives and friends at Fargo, Park River and other North Dakota points. Sub Urban was in charge of Mr. Johnson's affairs during his absence.

Sakarias Hole is now a Red Cross member and is ready and willing to start knitting if supplied with yarn, he says.

Mr. and Mrs. Osmund Lunden of Rhoda were visitors at Hovet's last Wednesday.

Mr. and Mrs. G. A. Iverson and son were over Sunday visitors with Mrs. Iverson's parents, Mr. and Mrs. Bammerud near Rhoda.

Mr. and Mrs. Ole Trontveth and Gunhild Raensla were guests at the Jens Ramsey home on Sunday.

The Eastern Star Ladies' Aid held a well attended meeting at the H. A. Dahlen home on Wednesday of last week. On Saturday the 22nd they will give a sale and ice cream social at the Clover Nook school. They extend an invitation to everyone as they are working for a good cause—Norwegian school, and will appreciate a good attendance.

Mr. and Mrs. Knute Sunsdahl and children are again nicely settled on their farm here after an absence of about two months. Mrs. Sunsdahl has enjoyed a long earned rest and visit with friends and relatives in Grand Forks while Mr. Sundahl made a business trip to points in Montana and North Dakota. They were accompanied home by Peter Sunsdahl, a cousin from McIntosh.

Mrs. Bergit Dahle and son Daniel were Goodridge visitors on Wednesday.

Thora Roysland, who has been suffering from rheumatism is recovering nicely.

GERMANTOWN

Mr. Folkedahl was calling at the Johnson and Hamre homes on Friday.

Mr. and Mrs. John Phillips, Mr. and Mrs. Klockmann and son, Henry, autoed to Thief River Falls on Sunday to visit with Mrs. Henry Goethi.

Miss Tillie Ristau visited with Mrs. Clarence Wayne on Saturday.

Mrs. Harry Torgerson from Montana is visiting with her father, Nick Bundhund of Goodridge.

Miss Clara Hamre returned home from Thief River Falls Saturday of last week.

Mrs. Stock called on Mrs. Clarence Wayne one day last week.

Guests at the Roller home on Sunday were: Mr. and Mrs. Linvick, Miss Olga and Anton Overby and Mr. and Mrs. Emil Hanson and family.

Benard, Esther and Silva Bendickson were visitors at C. Nelsons on Sunday.

Miss Martha Habedank of Thief River Falls is visiting at her parental home.

A large number of the young folks attended the picnic at Highlanding on Friday. All report a very enjoyable time.

Mr. Johnson, from Wisconsin, is visiting with his daughter, Mrs. Robert Rambeo this past week.

Fred Elmer, of Baudette is visiting at the Will Wayne home this week.

Henry Dau was a caller at Bendickson's one day last week.

Fred and Olga Larson departed for North Dakota where they will seek employment for the coming season.

Amund Johnon was a caller at the Knute Sherley home Friday.

Mr. and Mrs. Amund Johnson were callers at the C. Nelson home one day last week.

Mr. and Mrs. Stokke and children were visitors with Mrs. Stokke's mother, Mrs. Larson on Sunday afternoon.

Miss Olida Kjesbo was a guest at her home near Mavie over Sunday.

Guests at the Bendickson home on Sunday were: Mrs. Dau, Mrs. Bothman and Detlef Dau.

Tractor Demonstration.

Thief River Falls has been selected as one of the points at which will be held public demonstrations of the adaptability of the new Ford tractor to all kinds of farm work. Representatives of the manufacturers will be on the ground for the purpose of explaining the machines in their fullest detail. The exact date for this demonstration has not yet been fixed, but it will be some time in the near future. As an indication of the importance attached to this city as a central point attention is called to the fact that these demonstrations will be held but at two other places in the northwest, one at St. Paul and the other at Fargo. The announcement of the date of this display will be found in The Times later.

3½ inch actual size

It will cost you only the price of average tires for this improved
Firestone Fabric Tire
More and more values are piled into this season's output. Equip for safety, comfort and long mileage.

MORE rubber between layers of fabric reduces friction, stone bruise, and prolongs life of tire body. Thicker cushion of pure rubber between fabric and tread gives greater protection against shock and injury.

Reinforcement in bead and sidewall increases strength and lengthens mileage by holding bending point of sidewall in proper place.

The tough, thick tread gives extra miles of wear with a safe hold.

Come in and examine this cross section and get further details of Firestone building.

NOTICE FOR BIDS.

The school board of School District No. 12, Pennington County, will receive bids up to and including Saturday, June 22nd, 1918, at 7 o'clock P. M., for erecting a school building in said District. District will furnish all material. Plans and specifications on file in the Clerk's office at the Citizens State Bank, Hazel, Minn. Building to be complete on or before September 1st, 1918. A certified check of at least $100.00 must accompany all bids. Board reserves the right to reject any or all bids.

PAUL BORGIE, District Clerk.
j-13-20.

ORDER LIMITING TIME TO FILE CLAIMS, AND FOR HEARING THEREON.

Estate of Sigrid Steen.

State of Minnesota, County of Pennington, In Probate Court.

In the Matter of the Estate of Sigrid Steen, Decedent.

Letters of Administration, this day having been granted to Christian Steen.

IT IS ORDERED, that the time within which all creditors of the above named decedent may present claims against his estate in this court, be, and the same hereby is, limited to three months from and after the date hereof; and that Tuesday, the 10th day of September, 1918, at 10 o'clock A. M., in the Probate Court Rooms, at the City of Thief River Falls, in said County, be, and the same hereby is, fixed and appointed as the time and place for hearing upon and the examination, adjustment and allowance of such claims as shall be presented within the time aforesaid.

Let notice hereof be given by the publication of this order in The Thief River Falls Times as provided by law.

Dated June 8th, 1918.

WILHELM MICHELET,
(Court Seal) Judge of Probate
J-13-21-28.

NOTICE OF MORTGAGE FORECLOSURE SALE.

Default having been made in the payment of Four Hundred Sixty-four and 35-100 Dollars ($464.35), principal and interest, which is claimed to be due and is due, at the date of this notice, upon a certain mortgage duly executed and delivered by Gilbert H. Hagen and Jennie Hagen, his wife, mortgagors, to Ellsworth and Jones, (Incorporated) mortgagee, bearing date the 1st day of April, 1915, and with a power of sale therein contained duly recorded in the office of the Register of Deeds, in and for Pennington County, Minnesota, on the 23rd day of April, 1915, at 8 o'clock A. M. in Book 3 of Mortgages on page 378, and no action or proceeding at law or otherwise having been instituted to recover said debt or any part thereof:

NOW THEREFORE, notice is hereby given that by virtue of the power of sale contained in said Mortgage and pursuant to the statute in such case made and provided the said mortgage will be foreclosed by a sale of the premises therein described and thereby conveyed, lying and being in the County of Pennington, in the state of Minnesota, to-wit:

The northeast quarter of the northeast quarter of Section Thirty-two (32) in Township One Hundred Fifty-four (154) North of Range Forty-five (45) West of the Fifth Principal Meridian, containing 40 acres, according to the Government survey, which sale will be made by the Sheriff of Pennington County at the front door of said County Courthouse, at the City of Thief River Falls, in said County and State, on Saturday, the 3rd day of August, 1918, at 10 o'clock in the forenoon of that day at public vendue to the highest bidder for cash to pay the said debt of $464.35, principal and interest and taxes if any upon said premises, and $25.00 Attorney's fees as stipulated in said mortgage in the case of foreclosure and the disbursements allowed by law, subject to redemption at any time within one year from and after the day of sale as provided by law.

Dated June 15, 1918.

CREAM SEPARATOR

They can't fool the creameryman.

He knows which machine skims cleanest, costs the least to keep in good working order, and lasts the longest.

He has to know. The wrong separator might easily mean a loss to him of several thousand dollars a year.

That's why 98% of all the separators used in the world's creameries and milk plants are De Lavals.

98% of all Separators used in the World's Creameries are DE LAVALS

It's just as important to you as it is to the creameryman that you make no mistake in your choice of a cream separator.

Why not be guided by the creameryman's experience?

The terms on which we sell a NEW De Laval are liberal. The machine will pay for itself out of its own savings. Come in and examine it before you buy. We'll be glad to talk it over with you.

Getting ready with the punch gives a fellow a fine appetite for mess call and a chew of Gravely.

It only Takes a Minute to send him a pouch of Real GRAVELY Chewing Plug

Just drop into any wide awake dealer around here, give him 10 cents for the pouch of Real Gravely, complete in the special envelope ready for mailing.

Address it according to the official directions he will give you. Put on a 3 cent stamp—and Uncle Sam's Mails will see that he gets it.

Real Gravely is the tobacco to send. Not ordinary plug loaded up with sweetening, but condensed quality. It's worth sending a long way, and when he receives it he's got something.

Give any man a chew of Real Gravely Plug, and he will tell you *that's* the kind to send. Send the best!

Ordinary plug is false economy. It costs less per week to chew Real Gravely, because a small chew of it lasts a long while.

SEND YOUR FRIEND IN THE U. S. SERVICE A POUCH OF GRAVELY
Even "over there" a 3c. stamp will put it into his hands.

P. B. GRAVELY TOBACCO COMPANY, Danville, Va.
The Patent Pouch keeps it Fresh and Clean and Good —It is not Real Gravely without this Protection Seal

STYLE FOR ARAB WEDDING

Bridegroom Must Ride Nervous Horse Without Reins or Stirrups, in Middle of Procession.

Coming through the streets of Algiers of an evening you may meet a noisy procession that causes you to [illegible]nder whether it is a food riot or a [illegible]lutionists' parade. This is an [illegible] wedding procession, one of the [illegible] ingenious devices ever developed [illegible] the embarrassment and mental tor[illegible]re of the bridegroom, says a globe [illegible]otter.

It is headed by the father of the bridegroom, an elderly gentleman, who paces soberly ahead, out of the confusion, attended by a few philosophical friends, all clad in white. Behind him come a mob of young men carrying torches and lanterns tied to the ends of poles, beating drums and blowing tin horns, yelling at the top of healthy voices. The center of the procession is made up of particular friends of the bridegroom, who burn red and green flares in addition to waving torches of the milder sort. Behind them is a band of hired musicians, trailed by all the small boys, dogs and idlers of Algiers.

All this parade naturally attracts a certain amount of attention. In the middle of it, mounted on a nervous horse, very much embarrassed and self-conscious, rides the bridegroom. H[illegible] seems to ride very unsteadily and [illegible]wardly, but closer observation [illegible] he is doing well to ride at all, [illegible]nds have taken the stirrups [illegible] his feet and the reins from his [illegible]s so that he has to hold on by [illegible] of gravity and his sense of equi[illegible]rium. The red fire and the drums generally stimulate his mount to superequine activity, and it is a marvel that none of the enthusiastic friends get stepped on. The bridegroom, it is safe to surmise, is not sorry when his triumphal procession is over.

As for the bride, she escapes all this. A few of her girl friends accompany her on a quiet procession of her own in the afternoon when she leaves her father's house for her new home.

PREFERS MIDDLE OF COACH

Safest Place in Case of Accident and Far More Comfortable Riding, Old Engineer's Opinion.

Two men going on a short railroad trip entered a car and the one in the [illegible] walked immediately to the first [illegible] seat, which was on the left side [illegible] the door.

"Come on up here," said his companion as he gave a tug at the other's arm. "Here's a good seat." With that the two went to a place near the middle of the car on the right side.

"What's the game?" asked the first traveler of his friend, who was an old time railroad engineer, as the two plumped down into the seat chosen by [illegible] latter. "I can't see any difference [illegible] seats. One looks as good to me as the other in a railroad train, except that sometimes when traveling at night I want to take a position in which the lights strikes my paper when I desire to read."

"When I get into a car," replied the ex-engine driver, "I always try to get on the right side near the middle, as it is the safest in case of an accident. In the first place, the right side is in less danger from a side swipe, especially on a two-track line. In the second place, if a collision should occur [illegible] middle of the car generally is the least damaged, it seldom being much affected if the cars telescope. In the third place there is more comfort, because a passenger can escape riding over the trucks, as the points above the wheels get most of the bumping and noise."

Usual Conversation.

The first exclamation from a woman shopper when she sees anything that attracts her attention is, "Oh, aren't they sweet?" And as she stops to paw whatever it is, she inquires the price. If it suits her pocketbook the next question is, "Do you guarantee them?" Recently a fastidious young thing fluttered her way down the lingerie aisle of a New York emporium and halted before a counter whereon was heaped what the advertisement writers term robes du nuit, but which facetious persons call "nighties." The young woman gurgled with delight. After satisfying herself that they were all right [illegible]red the price. Then she hesi[illegible] a moment and out came the [illegible]ereotyped question: "Do you [illegible]antee them?" "Certainly, ma'am," [illegible]plied the clerk glibly, "you can't wear them out."

About Cleanliness.

How much there is in habit and training! It is considered the heighth of ill-breeding to take up food with the fingers, and yet there are nations which eat with their fingers, and defend the practice on the ground of cleanliness.

"Excuse me," said a Malay gentleman to his American guest, "but I don't see how you can eat with a fork."

"I beg your pardon," said the guest, "but I was about to make the same remark about your fingers."

"My fingers," replied the Malay, "are certainly clean, because I see to them myself; but how can you be sure of a fork?"

Knowledge of Power.

Pat (watching airplane's flight)—[illegible] what poozles me, Tirence, is what [illegible]ischief kapes it up.

[illegible]erence—Shure, 'tis little yo know, Pat Casey, uv the terrific foorce uv gravitation.

BUTTER MAKER SHOULD KNOW

Must Handle Cream and Churn in Such Manner That He Will Make Best Quality of Butter.

The farm butter maker should know how to handle his cream and churn in such a manner that he will make the best quality of butter from it. The cream must be ripened evenly and then churned at the proper temperature. If too warm the butter will come quickly, but will not be firm and granular. If too cold it will take longer to churn. Generally churning will require from 30 to 35 minutes when cream is at the proper temperature.

BARREL CHURN IS EXCELLENT

Permits Concussion of Cream Against Sides Separating Fat Globules—It Is Best Way.

It has been found that the type of churn that permits concussion of the cream against the sides of the churn is best, because that is the easiest and best way to separate the fat globules of cream, so they may be collected. A good example of this type is the barrel churn which is commonly used in some modified form.

SHOWER BATHS FOR CHILDREN

Low Wash Basins and Little Shower Baths Adapted for the Use of the Tots.

CHATEAU DES HALLES NOW CHILDREN'S HOSPITAL

One of the Most Complete Establishments of Its Kind in France, With Jolly Playrooms and Toys to Amuse Patients.

Up in the mountains, where the snow falls early and lies deep, 80 miles from Lyons, is the little French village of Les Halles—a story book village, with its massive stone church standing sentinel over two long rows of trim, blue-gray plaster cottages. And a mile farther on is the Chateau des Halles, where your Red Cross has established a home for 200 sick children.

Mangini built the chateau. Mangini was the man who built the railroad along the Riviera and many other railroads in France. And thirty odd years ago he built this castle up in the mountains for his country home. But soon after his two children died. Then he died, and when his widow followed him she left the chateau to the city of Lyons to be used as a hospital for children.

The War's Wreckage.

Then came the war. A little rivulet of the war's wreckage began to trickle in at Evian—"repatries," elderly men and women, children, even babies, who had once lived in the parts of France engulfed by the German tides and whom the Germans, finding them useless, were beginning to ship back into France by way of Switzerland. Gradually this rivulet swelled. Soon 1,000 of these unfortunates were arriving at Evian daily. And fully half of them were children, undernourished, thinly clad, dirty, sickly and, worse, grim, spiritless, with faces that had forgotten how to smile.

To care for these children was the task your Red Cross at once assumed. Working with the French authorities, the Red Cross secured permission to make use of the old and almost forgotten Chanteau des Halles up there in the mountains. For years the castle had been closed. No effort had ever been made to fit it up as a hospital. Your Red Cross had to begin at the very beginning.

Rooms Big and Jolly.

But what a wonderful task it has accomplished! The Chateau des Halles, transformed into a children's hospital and rest home in furious haste under the terrible pressure of war needs, with little time to think twice and no time to retrieve errors, is not only one of the most complete establishments of its kind; it is one of the best children's hospitals in all France. The two rooms where the arriving children are isolated for a few days are big, jolly rooms—just what is need to efface from the little ones' minds the memories of those iron days behind the German lines. The big play room is strewn with rocking horses and wonderful smile-enticing parrots and other toys carved by the wounded poilus.

And so you stray from room to room, and everywhere you find new evidences of this watchful care. And then you reach the bathrooms. This chateau was built by a man of wealth. Its plumbing was excellent, and yet it has been stripped out and replaced with little, low wash basins and little shower baths that the children can use more comfortably.

That is how your Red Cross thinks and cares for France's children.

HER WEIGHT IN GOLD.

An Aviator's Letter Tells What a Red Cross Nurse Is Worth.

"As for the American Red Cross—well, I could never in a thousand years express my appreciation and admiration of those American women. I worship them. I guess all the fellows do. The first day I came into camp—and my morale was right low; I'll tell you about it some time—well, I went into the American Red Cross, and there, standing behind a nice clean counter, was a little round faced Red Crossie. She was just beaming on every one. Imagine! I never came as near making a fool of myself in my life. I felt like throwing my arms around her and weeping for joy. As it was, I managed to salt up my chocolate a bit—only a drop or two that I couldn't help rolling off my cheek.

"If I ever paint an angel it will look just exactly like that little Red Crossie. They would be worth their weight in gold if they did nothing but just be here."

FOR BELIEVERS IN OMENS

Numerous Popular Superstitions, Many of Which Are Common Among Men on the Briny Deep.

A well-known superstition is that will-o'-the-wisps, or devil's eyes, seen on the tips of the spars after a gale in the tropics, appear only when the ship is nearing her doom.

A cross-eyed man for a messmate means plenty of good luck, Jack thinks, and it is the best of luck to sail under a red-haired skipper. If, however, he happens to have cross eyes, also, the combination is fatal, and trouble will be experienced before the voyage is ended.

Sunday is considered a fortunate day upon which to begin a voyage, while Friday is, of course, very unlucky.

If the ship's bell is made to toll by the rolling of the vessel it is a sign that there is going to be a loss of life.

All luck is disposed to desert a ship which carries a dead body.

Sailors have been known to hang the end of a rope over the side of a ship when leaving port. The belief is that friends and relatives draw upon this rope, causing the vessel to come safely back.

It is a common belief that for a barber to lather the face of a patron with a single stroke of the brush inevitably brings bad luck.

It is considered bad luck to see a hunchback in the mirror standing or passing back of one. It is said to foretell a death in the family.

The habit of sitting with legs crossed in a barber shop will, it is said, make the hair come out early in life, and render a man prematurely bald.

To be shaved by a red-headed barber is believed by many to be a sure cure for rheumatism.

Good luck is said to follow the man who has his shoes polished at the time he is being shaved.

"There's a Time to Fight."

Miss Miriam, who will be seven years old soon, knows that little girls should not fight but she is not a "pacifist" for all that. A few days ago she was taken to task by her mother for engaging in a pugilistic encounter with another little girl. "Well, mother," she said, "I don't know whether she hit me first, but I know that if I hit her she deserved it, for that child's mother never has brought her up properly."

On another occasion she complained that a small boy of her acquaintance had kicked her, but admitted on being pressed that she had not done much first, "only pinched and slapped his face a little." She was told to tell the boy's father, so the boy might be punished, but to be sure and tell what she had done, too. The father is still waiting for the report.—Indianapolis News.

Education Not a Prerequisite.

Charles Darwin was a misfit child, a misfit youth, and a misfit in young manhood. He failed miserably in mathematics, the classics, and in theology. He was an indifferent student of medicine, yet when at last he was guided into the paths of his natural capacities he soon became the foremost naturalist of his age and probably of any age before or since.

Emerson was an educational misfit, and so were Froebel and General Grant, and the list of distinguished men in all walks of life who were misfits in childhood might easily be extended almost indefinitely. They prove conclusively that much of what is commonly called education is not a prerequisite for success in life.

An Unfailing Sign.

"My dear, this child is going to have plenty of spirit in his voice."

"How can you tell that now?"

"Because already it shows a tendency to high bawls."

SAVE FARM MACHINERY

Word is being sent out to farmers over the country to take special pains this fall and winter to protect their machines. Prices have advanced greatly, and care of farm machinery will pay doubly well this year. So the word is going out—

To put machines under cover as soon as the season's work with them is over.

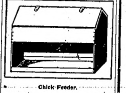
To go over every machine carefully as soon as opportunity will permit, tighten bolts, replacing broken parts, and oiling carefully to prevent rusting.

To paint machines, as painting lengthens the life of a machine. Bridge paint is suggested as best for iron parts.

BENEFITS OF CHICK FEEDER

Advantages Claimed Are That Birds Are Prevented From Overfeeding and Crowding.

The V-shaped bottom of this feed hopper is made of woven wire and the tray beneath is shallow. The advantages claimed for this arrangement are that the chicks are prevented from overfeeding and crowding.—Wisconsin Agriculturist.



Chick Feeder.

BEST PLACE FOR SEED CORN

Well Ventilated Room With Artificial Heat, if Needed, Should Be Had for Curing.

Word is being sent to the farmers of Minnesota to take special pains in drying and storing their seed corn this fall. C. P. Bull, university farm, St. Paul, secretary of the state committee of food production and conservation, says:

"The amount of moisture to be removed from the corn this fall is larger than usual. A well ventilated room with artificial heat, if needed, should be provided for curing. Care should be taken, however, not to dry the corn too rapidly. The temperature of the drying room should be kept somewhere between 60 and 70 degrees. The ears should be hung up by the double string method or should be put on hangers or trees; it should not be dumped in a pile in a bin.

"A double allowance, if it can be had, should be saved, in order to admit of a more rigid selection next spring.

"The present indications are that there will be a good demand for seed corn."

LAYING HENS REQUIRE LIME

Shell Forming Material Necessary in Egg Production—Oyster Shell Most Suitable.

Lime for shell-forming material is necessary in egg production. Some idea of the extent of the need is obtained from the fact that an average flock of 150 hens will produce 137 pounds of egg shells in a year. The grains fed supply a portion of this lime, but the supply is too small in proportion to the number of eggs a hen should be able to produce.

Oyster shell is most suitable for shell making. Old plaster may be used as a substitute. Egg shell may be saved, broken up fine and fed. Dry bones may be broken up and fed. The habit of egg eating often is caused by a lack of shell-forming food.

FEED AND WATER FOR COWS

Attention Should Be Given to Taste and Needs of Each Individual in Dairy Herd.

Do not feed the dairy herd as a herd, for cows differ in their food requirements just as human beings do. By feeding all cows in the herd alike, some are sure not to get enough to the greatest profit and others will get more than they can use to advantage.

Cows need much water and should be induced to drink two or three times a day if possible. The average milk cow requires nearly 10 gallons of water a day and more than two-thirds of that must come as drink and the balance from water in the feed.

"Wear-Ever"
Aluminum Preserving Utensils

enable you to SAVE TIME—to knit for soldiers or sew for the Red Cross—because they require little or no stirring—one at all if fire is properly regulated, thus making it unnecessary for you to stay constantly in the heat of the summer kitchen.

Aluminum utensils are NOT "all the same." That's why so many women prefer "Wear-Ever." Look for the "Wear-Ever" trade mark on the bottom of every utensil. If it is not there it is not "Wear-Ever." REFUSE SUBSTITUTES.

Replace utensils that wear out with utensils that "Wear-Ever"

Wanted One Million Pounds Wool

The Government permits wool dealers to buy wool from growers for the purpose of consigning it to approved distributing centers but they may not receive more than one and one half cents per pound commission for handling said grower's wool. I am therefore obliged to buy direct from growers instead of through traveling men or agents. I will pay from 50c and 60c per pound according to grade and shrinkage.

Will also pay you from 18c to 19c per lb. for No. 1 green salted cured hides, one cent less for No. 2's; 21c for No. 1 kips 8 lbs. to 25 lbs; one cent less for No. 2's; 31c for No. 1 calfskin 8 lbs. to 15 lbs, 1½c less for No. 2's; $1.75 to $2.25 each for deacons under 8 lbs.; $6.50 for No. 1 horsehides with mane and tail, $5.50 for No. 2's, 25c off for each tail that is missing. Sheep pelts, tallow and seneca root at value.

Am also in the market for considerable tonnage of cotton and woolen mixed rags at $2.50 to $3.00 per cwt., according to percentage of wool; No. 1 rubber shoes 7¼c per lb.; trimmed overshoes, 5¼c; untrimmed overshoes 4¼c; auto tires 4c to 4½c; mixed inner tubes 8c to 12c as to percentage of floating; bicycle tires 3¼c; copper wire 21c; light copper boilers and bottoms 18c; red brass 20c; yellow brass 13c; light brass 10c; aluminum scrap 20c; zinc 4½c; heavy lead 5¼c; tea lead 4½c; No. 1 tin foil 55c½ block tin 72c.

All the above prices are f.o.b. Crookston for shipment within twenty days.

For carloads of fifteen tons or more of agricultural and machinery mixed scrap iron free from sheet iron and engine boilers, I will pay $16.00 to $17.00 per ton f.o.b. your station for shipment within twenty days. Will pay a premium of fifty cents per ton if shipment is made before June 25th. Terms cash on receipt of goods.

ANNUAL PICNIC GREAT SUCCESS

MORE THAN 300 AUTOS CONVEY 2,500 PEOPLE TO GROUNDS ON FRIDAY.

NETS RED CROSS OVER $400

BUSINESS IN TRADING CENTERS SUSPENDED DURING THE AFTERNOON.

The best attended and most successful community picnic recorded in northwestern Minnesota this year was that in which all the people of Pennington county joined on Friday—Flag Day. A count of the automobiles parked at the Holm farm in Highlanding township, where the affair took place revealed 300 of these machines on the premises at one time. Besides there were large numbers came with teams, while those residing in the neighborhood walked to the grounds. It is conservatively estimated that there were 2,500 people in attendance throughout the day.

Business throughout the county was generally suspended during the afternoon, everybody turning out to help make this event the greatest of any in the history of the section.

Red Cross Benefit.

One of the things adding to the popularity of the event was the fact that the proceeds, after the slight expenses had been paid, were to go to the Red Cross. A booth supplied with lunching needs and refreshment requirements had been arranged, but long before the crowd showed any signs of dispersing everything salable had been disposed of, even to the chewing gum. Hurry-up calls were sent to Goodridge early in the afternoon and the supply was in a degree replenished but even then it fell short of the demand. Including the cash taken in from the rental of boats and the "swat the kaiser" game the amount turned over to the society was over $400.

Fine Community Singing.

A most popular part of the day's program was the community singing, led by Miss M. Lucille Holiday of Crookston, in which 1,500 voices joined. Miss Holiday's work was deserving of the many high compliments paid her.

Instrumental music was furnished during the day by the Goodridge and Silverton bands, this department of the program being handled particularly well.

Judge Wilson Speaker.

The principal address of the day was delivered by Judge F. T. Wilson of Stillwater, whose subject was "War Interests and Food Conservation." Judge Wilson has been heard in this county before and is known to at all times convey a message of the highest value and interest. His talk was along patriotic lines and dealt with the necessity for a closer co-operation between the country and city during the period of the war and laid particular stress upon the necessity for conservation of food products. He was given a respectful hearing throughout, the large audience seeming perfectly in accord with everything he said.

Short Sport Program.

In the tug of war the team representing Goodridge easily relieved those upholding the prowess of residents on the south side of the river of any reputation they may have enjoyed heretofore, being easy winners after but a few moments of tugging.

The ball game between the Goodridge team and a picked nine resulted in a victory for the former by a score of 8 to 2.

For the Next Event.

At the close of the speaking, on motion of Supt. J. H. Hay, a committee consisting of County Agent Ross P. White as chairman, Hans Anton of St. Hilaire, representing the west end of the county, and Morgan Vaughan of Goodridge, representing the east end of the county, and the president of each farm, commercial and community club in the county were appointed to make arrangements for the fourth annual picnic to be held on Flag Day, 1919. This committee will meet the second day of the county fair to perfect their committee organization and lay temporary plans.

All Farm Produce gladly accepted. Make this store your store, and then you will be satisfied.

Mavie Mercantile Co.
Mavie, Minn.

GOVERNMENT PUTS BAN ON GASOLINE

HIGH GRADE FUEL WITHDRAWN FROM USE IN STOVES AND AUTOS.

Automobile owners and users of oil stoves will hereafter have to content themselves with a lower grade of fuel for their utilities. It may be claimed that gasoline has never been of the best, but hereafter it is liable to be a great deal worse.

The government has withdrawn all high-grade gasoline for practically every purpose, the liquid being needed for war operations. The consumption of gasoline is enormous and as there is only a limited amount of the high-proof product to be had this will have to be employed in licking the kaiser.

This order is likely to bring the local product, Econ-O-Kleen, into general use as a household article. This preparation purifies gasoline and adds the required amount of oxygen to low-grade fuel to make it as easily combustible as the more volatile liquid. A number of housewives in Thief River Falls have been using the preparation in their gasoline stoves for more than a year and would not be without it. The Times has also employed it as a mixture with gasoline for the linotype machine and the results have in every case been highly satisfactory. It does away with all carbon troubles in an open fire as well as an automobile cylinder and there is liable to be a great demand for it when its value in this particular respect becomes more generally known.

The Theatres

Constance Talmadge is the most popular portrayer of the "Regular American Girl" in screen work. In "The Studio Girl" she has an excellent opportunity to display her remarkable talent for refinied comedy.

"The House of Silence," in which Wallace Reid comes on Friday night, is a clever mystery story and has to deal with the investigations by a rich clubman of a murder in a mysterious house. This is a thriller.

Emily Stevens is the attraction on Saturday night in her latest success, "A Sleeping Memory." For sheer intelligent acting Miss Stevens is considered by many as the peer of any woman in moving pictures, her work being always full of individuality and charm. In this picture a surgical operation entirely blots out her memory. The complications are unusual and striking.

If you heard of a play called "Blue Blazes Rawden" you would at once know that William S. Hart would have to be the star. Such is the case exactly and the play comes to the Princess on Sunday. Nothing more need be said. It is simply a matter of finding room for the crowd.

Golden haired Mary Miles Minter is Monday night's attraction. She has an adorable role in "The Mate of the Sally Ann," a seafaring story of a distinctly different type from the ordinary run.

The greatest of all kid plays will be seen at the Princess Tuesday evening. It is "Jack and the Bean Stalk," a Fox production. The giant in this picture is Jim Tarver, who is eight feet six inches on the hoof, while the little princess is Virginia Lee Corbin, five years of age and the most remarkable child actress in the world.

"The White Man's Law" in which Sessue Hayakawa, the great Japanese actor stars, in Wednesday night's attraction. The scenes of this play are laid on west coast of Africa amid surroundings of the most unusual character.

There is a big special picture coming to the Princess on Thursday night of next week. "The Barrier," by Rex Beach has been filmed and is perhaps the greatest Alaska picture yet produced. This is said to be a wonderful picture of mountain, desert, lake and river; of big, strong men in a land of the most rugged scenery. Nothing written by Beach lacks action and "The Barrier" has rather more than its share. You should not miss this picture. It will be shown matinee and evening.

"The Barrier."

The wonderfully vivid and picturesque Alaskan romances of Rex Beach have been read by so many millions of our people that Mr. Beach is today the most popular of American authors. His most widely read story is "The Barrier," which will be shown in film form at the Princess theatre next Thursday, matinee and night. The picture closely follows the swift action and striking situations of the book and is a faithful portrayal and romance of life in Alaska in the days when that land was the haven of hunted men and the last frontier of civilization.

Red Cross Social.

The Whiteford Red Cross auxiliary will hold an open air social Saturday evening, June 29th, at the home of John Olberg, ten miles east of Middle River. The play, "Somewhere in France," will be presented. Everyone is cordially invited.

Maccabees Social.

The Lady Maccabees will give an ice cream social on the Central school grounds on Friday evening to which the public is cordially invited to attend. The proceeds will go to the Red Cross.

Notice.

A reward of $5.00 will be paid to anyone giving information that will lead to the arrest and conviction of the person or persons destroying cues in the private cue racks in the Commercial club rooms.

Thief River Commercial Club,
J-20 G. HOWARD SMITH, Sec.

Nature Sets a Guard.

Since sugar is purely an energy food, it is necessary that a proper balance of muscle-making food go with it; and, since an excess of sugar may cause serious disturbance, a guard has been set—the appetite, which normally refuses more sugar than the system can well care for.

Mr. Business Man

WHY not make your appeal for patronage through the columns of this newspaper? With every issue it carries its message into the homes of all the best people of this community. Don't blame the people for flocking to the store of your competitor. Tell them what you have to sell and if your prices are right you can get the business.

MINNESOTA W-S-S PLEDGE WEEK BEGINS JUNE 6

WILL YOU LEND SOME OF IT BACK TO HIM ?

WAR STAMPS TO HAVE BIG DRIVE

June 6 Is Opening Day for Minnesota Pledge Week for Their Purchase.

"GOING OVER THE TOP"

Director Culver Confident That Loyalty of People Will Bring Oversubscription of State's Quota of $47,000,000.

Director D. S. Culver of the Minnesota War Savings Committee today set aside the week starting June 6th and ending on June 13th, as Minnesota pledge week for the purchase of war savings stamps. In making the announcement, he evinced confidence that the loyalty of people in this state will be manifested by pledging themselves to make purchases during the balance of this year which will result in oversubscribing the state's quota of $47,000,000.

All county chairmen are now preparing for the drive that will soon start. In messages sent from state headquarters in the Metropolitan bank building, Minneapolis, a few days ago, sub-chairmen were asked the probabilities of their respective counties "going over the top" in the coming drive. Practically all replied that they expected to exceed the amounts allotted to their counties.

"During Pledge week all citizens in Minnesota will be asked to pledge the purchase of War Savings Stamps during the balance of 1918 on a minimum basis of $20 per capita," said Mr. Culver today. "This does not mean that each is to be asked for cash subscriptions. Minnesota must raise her $47,000,000 quota during the year and the present amount, something less than $4,000,000, does not make a very good showing.

"So optimistic are reports coming in from the various county chairmen that it has convinced us a great majority of counties will not only secure pledges for their required quotas, but will quite likely exceed their allotments."

County chairmen are already adding to the personnel of their campaign committees with the expectation of making a hundred per cent showing during the big thrift stamp drive. Several recently have visited headquarters here in an effort to derive new ideas and straighten out minor details so the work during June will go along without a single hitch.

Vice Director J. H. Meyering, heading the sales forces, said the purpose of the campaign is not solely to ask immediate cash purchases. On the contrary, he explained, the pledges to be made during the week from June 6 to 13, are for W. S. S. purchases throughout the year. These will probably be on a monthly basis to extend through the coming months in equal portions.

"The purpose of the government in inaugurating its War Savings Stamps sales is to encourage thrift," said Mr Meyering. "That means that citizens can save from unnecessary expenditures enough money to buy their quota of savings stamps. If all do that the campaign in Minnesota will be a great success."

BUY W. S. S.

SAVING "CHICKEN FEED" TO BUY SAVING STAMPS

Minneapolis Editor Says Opportunity Is Making Us Nation of Savers.

Saving buffalo nickels and new dimes to buy War Savings stamps is a pastime these days with Elbert E. Stevens, editor of the Labor Digest, a Minneapolis publication. He has during the past month purchased two W. S. S. with change given to him in these denominations.

HOW MANY PAVE WAY TO SAVE TO BUY W. S. S.

Some men eat only 2 meals a day!

Heavy smokers buy a thrift stamp when they light a cigar!

Golfers play for W. S. S.!

Country clubs sell W. S. S. when members call for drinks!

Autoists reduce time spent in pleasure driving!

Some office employes take lunches to work!

One woman saved $4 on her new hat and bought a W. S. S.!

Sell old clothes and shoes and buy W. S. S.!

Some walk to and from work and spend money on W. S. S.!

Take less expensive vacation trips to buy W. S. S.!

Reduce number of visits to movies each week by one to buy W. S. S.!

Plant a war garden. Use money saved by time so spent and from sale of products to buy W. S. S.!

HINTS FOR W. S. S. CAMPAIGN

Worker Gives Suggestion to Make Pledge Week a Success.

Minnesota can exceed her quota of $47,000,000 in the War Stamp Pledge Week drive beginning Thursday, June 6 by observing the following hints, said a prominent worker:

Aiding the W. S. S. campaign is giving help to the Allied cause and to U. S. soldiers;

Buying stamps is nailing a plank in the nation's ultimate victory over the enemy;

Pledging purchases to be made throughout the year means support for those engaged in forever putting down a regime that glories in the murder of women, children and other civilians;

Creating interest on the part of others to buy W. S. S. is helping to build monuments for those heroes who have died and been wounded in fighting for YOUR protection;

He who does not pledge $20 as a minimum for each person dependent upon him is not helping America to make the world a safe place to live in;

You can lend a helping hand to those who are today fighting YOUR BATTLES in the front line of trenches by buying or pledging to buy your FULL QUOTA OF WAR SAVINGS STAMPS. This applies to every man, woman and child in every township, village, and county in MINNESOTA.

BUY W. S. S.

HAVE FAMILY OF BABY BONDS

Childless Couple Pledge Themselves to Buy W. S. S.

Until two weeks ago Mr. and Mrs. (deleted by censor) had been without children during their six years of married life. Now they have two infants born just a week apart—and it all came about in a unique way.

They had a wedding anniversary on April 25 to which their friends were invited. Before the guests arrived, however, the door bell rang and there, on the front porch when they answered the bell, they found a basket in which was wrapped a wee infant. How delighted they were.

Taking it into the house they removed the coverings and there, sure enough, was their much longed for baby. It was a Baby Bond. Soon the guests arrived and extended hearty congratulations, for the baby—the Baby Bond—was their gift to the happy couple.

Mr. and Mrs. (censored) have vowed they are going to have a large family of children for they have pledged themselves to purchase four War Savings Stamps (Baby Bonds) each month during the balance of this year. By so doing, they told their anniversary guests, they are realizing their wishes to raise a good sized family as well as to give Uncle Sam their support in his battle against autocracy.

BUY W. S. S.

War Savings Stamps and Liberty Bonds work well together.

NEW PRINCESS THEATRE

The Shows As You Like Them

Thursday, June 20—

AUCTION SALE

I will sell at public auction the property named below, at my farm on N E ¼ of Sec. 1, Town of Highlanding, 2½ miles north of Erie P. O. and 7 miles S. E. of Goodridge.

TUESDAY, JUNE 25, '18 Commencing at 10:30 a. m.

Horses.
1 sorrel gelding, 5 yrs. old, wt. about 1250.
1 sorrel gelding, 6 yrs. old, wt. about 1250.
1 brown mare, 3 yrs. old, wt. about 1200.

Cattle.
1 red cow, 9 yrs. old, will be fresh in October.
1 red cow, 10 yrs. old, will be fresh in November.
1 red cow, 6 yrs. old, will be fresh in October.
1 red cow, 5 yrs. old, fresh in November.
1 red cow, 8 yrs. old, fresh in January.
1 red cow, 7 yrs. old, fresh in January.
1 red cow, 8 yrs. old, fresh last month.
1 red cow, 6 yrs. old, fresh last month.
1 red cow, 3 yrs. old, fresh first of this month (calf will be sold with cow, if desired.)
1 red heifer, 3 yrs. old, just fresh.
1 red heifer, 2 yrs. old, just fresh.
1 shorthorn bull, 2 yrs. old.
1 red heifer, 1½ yrs. old.
1 red heifer, 1½ yrs. old.
3 steers, 1½ years old.
5 steers, 1½ yrs. old.
1 heifer calf, 4 mos. old.
5 pigs, 3 mos. old.
1 sow, 1 yr. old; will have pigs about July 1.

Machinery.
1 Emerson Gang plow, complete with 5 horse evener—nearly new.
1 McCormick mower.
1 Woods mower, with flax attachment.
1 14-in. breaking plow.
1 seeder.
1 18-shoe drill.
2 hay rakes.
1 4-horse drag, new.
1 Bull rake, new.
1 Otoma hay stacker complete, new.
1 disc harrow, 12 discs.
1 grindstone.
1 1000 lb. scale, new.
1 5-horsepower Gasoline engine, complete with line shaft belts and pulleys. Also pump jack, fanning mill, feed mill, grindstone and wood saw—all practically new and in first-class running order.
1 wide tire wagon, complete with box and spring seat.
1 bob sleigh.
1 cutter.

Miscellaneous.
1 8-gallon cream can.
20 grain sacks.
1 steel gasoline barrel, with about 45 gallons of gasoline.

TERMS: All sums under $10.00, cash; over that amount, bankable paper due Nov. 1, 1918.

HOT LUNCH AT NOON.

MINNESOTA HISTORICAL SOCIETY

[illegible]LY CALL GETS ALL CLASS ONE

DIVISION WILL BE CLEANED OUT IF USUAL PLAN IS FOLLOWED.

NEW DRAFT COMES NEXT

QUESTIONAIRES BEING SENT TO LATEST REGISTRANTS THIS WEEK.

Minnesota is required to furnish 10,000 soldiers in the July requisition for the United States army and if the usual plan of apportionment is followed it will mean that Pennington county must supply 44 men. Or[illegible]s have been received to have [illegible]aftees ready to entrain begin[illegible]uly 25.

Have Just Enough Left.

[illegible]ccording to Clerk T. P. Anderson [illegible] registration board, there are 47 men left in the first class in [illegible] county. He expects, however, that it will be necessary to exempt a few because of the impending harvest, they being absolutely necessary as farm workers until after the grain has been safely garnered. This makes it doubtful if he will have a sufficient number available to meet the requirements, but he thinks that enough will come forward from the deferred classifications to make good any shortage.

Late Registrants Next.

When Class 1 has been depleted it is evidently the intention of the government to call those who reached the age of 21 during the past year and registered on the fifth of June. There were in the neighborhood of 90 of these in the county and if the list contains the former percentage of Class 1 men it will mean an addition of perhaps 25 to this division. If the August call should be the same as those for June and July the de[illegible]classes will have to be invad[illegible]ess the age limit is in the [illegible]me extended, as now seems [illegible]bable.

Sending Questionaires.

Mr. Anderson began sending out the questionaires to the recent registrants on Tuesday and expects to receive the order for their physical examination in a short time. Five days are allowed for filing out and returning the questionaires, at the end of which time the classifications [illegible] begin.

FELL FROM AUTO; SEVERELY INJURED

YOUNG WOMAN SUSTAINS BROKEN COLLAR BONE IN PECULIAR MANNER.

Miss Tillie Sundahl, stenographer at the offices of the Thief River Grocery company, met with an accident that will lay her up for some time, in a most peculiar manner last Thursday evening. In company with Miss Agnes Lundgren, Hobson Rogers, Tracy Kellberg, Alfred Lundgren and Rev. Albin A. Larson, she was going to attend a meeting of the Willing Workers of the Swedish Lutheran church near Steiner. Rev. Larson was driving the car and was [illegible] in the act of passing Mr. Malberg, who was coming in the opposite direction with a load of lumber, when Miss Sundahl asked if she could not change places and sit in front as it was very close in the rear seat. Her request was granted and she had just gotten up to make the change when she fell forward over the side of the auto and onto the ground. The car was barely moving at the time and was instantly stopped. The young woman was taken to the hospital at once where it was found that her collar bone was broken but that no other injury was apparent.

QUESTION OF FUEL [illegible]OTHERS COUNCIL

ORDERS RECEIVED TO ARRANGE FOR BURNING WOOD THIS WINTER.

Present indications are that the fuel question is going to be fully as interesting next winter as during the past season. The city council has been notified that arrangements must be made for burning wood as far as possible in the heating of the auditorium and for other municipal purposes. The coal supply is not entirely shut off, but the city will have to get along with a minimum.

While compliance with this order will undoubtedly entail considerable added expense, this feature is not of so much importance. The greatest difficulty lies in getting enough wood. Not that there is a scarcity, [illegible] an order issued by Director Gen[illegible] McAdoo of the railroads prohib[illegible] use of box cars for the purpose [illegible]sporting this class of fuel [illegible] the grain movement starts. He [illegible] that sufficient wood to meet the need[illegible] be secured at once, [illegible] an undertaking.

A committee composed of [illegible]men Myhrum and Froseth was appointed to take up the fuel question at once and make whatever arrangements were necessary. They interviewed Chairman Daniel Shaw of the county fuel administration, and were informed that the city would of necessity be supplied with a certain amount of coal but wood will have to take care of a larger share of the heating problems of the entire section than heretofore.

In view of the impending shortage of coal, Mr. Shaw urges those of our citizens who can possibly do so to burn wood during the fall and spring. This would save an immense amount of coal for use during the coldest months of the year and prevent any real hardship being experienced. He believes that now is the time to provide against trouble in the future by making certain of the fuel supply, whether it is to be coal or wood. The cars are now available, but may be withdrawn at any time.

INSANE BROTHERS CALLED BY DEATH

EDWIN AND CARL DAHLSTROM DIE SAME WEEK IN DIFFERENT HOSPITALS.

Two brothers, Edwin and Carl Dahlstrom, committed as insane patients from Pennington county, died within three days of one another last week. They are the sons of Mr. and Mrs. Alfred Dahlstrom, for many years among the most highly respected residents of Sanders township. The cause of death in both cases was pulmonary tuberculosis.

Carl Arvid Dahlstrom, the youngest of the two, was the first called. He was 28 years of age and committed to the asylum at Fergus Falls in February, 1911. He died on Wednesday and the body was shipped to his former home for burial. While preparations for the interment were going forward word was received that the elder brother, Edwin, 30 years of age, an inmate of the St. Peter hospital, had also died, his demise occuring on Friday. He had been at the institution since August 1912.

The funeral arrangements for the first brother were postponed until the body of the other arrived and they were buried side by side in the cemetery in Sanders township on Sunday.

The parents are most excellent people and have had the deep sympathy of the neighborhood during the years that this source of sadness has hung over the household.

Holds Temperance Meetings.

Rev. G. O. Parish, until recently pastor of the Methodist church in this city, came up from St. Paul to attend the convention of the Epworth League this week. Rev. Parish is stumping the state in the interest of the temperance amendment to be submitted to the voters this fall and will hold two meetings in this immediate vicinity on this trip. One will be at Grygla on Saturday evening and the other at Hazel on Sunday evening. It is also probable that a meeting will be arranged for Mavie in the afternoon of Sunday.

Rev. Parish enjoys his new work and says that he is firmly convinced that the dry amendment to the constitution will carry by a large majority.

WRECKED CIRCUS IS HEADED THIS WAY

FILLS ALL DATES IN SPITE OF WORST SMASHUP IN YEARS.

The Hagenbeck-Wallace circus, which is advertised to appear in Thief River Falls on Wednesday, July 10, will fill the date in spite of its having been badly crippled in one of the worst railroad accidents in the history of the Michigan Central road. The accident occurred between Michigan City and Hammond, Ind., on Saturday night and was caused by one section of the circus train telescoping another. The death roll of performers and other employes will reach 80, according to the general manager of the show, many of those killed being artists of the higher class and difficult to replace.

The circus lost but little time, however, being again ready for the performance at Beloit, Wis., on Monday afternoon. Other circus managers came to the aid of the stricken troup and so far as the public is concerned the show is as good as when it started out at the opening of the season.

A number of famous circus families lost some of their best-known members in the wreck. Many valuable horses are gone, but these have to a great extent already been replaced. Managing a circus consists largely in overcoming obstacles and severe as this blow proved it put the organization out of business only for a day or two.

Advertising men for the big show were here on Tuesday for the purpose of billing the town and surrounding country. As this will be the only first class attraction of the kind to visit Thief River Falls this season there is certain to be a monster crowd in the city on that day.

VISIT NEIGHBORS ON THE FOURTH

THIS IS ADVICE GIVEN CITIZENS BY MERCHANTS ASSOCIATION MEMBERS.

MANY PICNICS SCHEDULED

RED CROSS AUXULIARIES ARE IN CHARGE OF OUTINGS EVERYWHERE.

There will be no general celebration of the Fourth in Thief River Falls, although the day will be more generally observed than has been the case for many years past. Business of every kind will be at a standstill and our citizens will observe the nation's natal day in the manner which best suits their inclination.

Stores All Closed.

As will be seen by the announcement in another column the members of the Thief River Falls Retail Merchants association, have decided not to open their doors on the Fourth. Heretofore the matter of closing has largely been a matter of individual inclination, but it has always been realized that it was a mighty poor custom and as soon as the merchants formed themselves into an organization for the general betterment of the community it was done away with. Any merchant who does not close his doors in honor of the nation's birthday this year will likely not only hear from the other business men, but his customers are very liable to indicate their disapproval in no uncertain manner.

Picnics Everywhere.

As is perfectly proper and appropriate, the Red Cross will have charge of anything in the nature of a celebration that may be held in the county. There will be a number of picnics and Thief River Falls people are urged to attend one of these. In this manner they will show a proper respect for the day and will prove to the residents of the particular district they may visit that they are willing to join with them and help make their celebration a success. They will also incidentally swell the exchequer of the auxiliary in charge of the proceedings, a most desirable thing from every point of view.

Four Are Near By.

One of the big gatherings of the day will be held at the Oscar Peterson farm in Smiley Township. Here Theo. Quale and Dr. F. H. Gambell will be the speakers and the Silverton band will furnish the music. There will be a dance in the evening.

The auxiliaries of the townships of Excel and Agder will have a joint picnic at the John Skomedal farm seven miles north of the city. Here also a good program of speaking and singing has been arranged and refreshments provided for.

To the north, near Middle River, there will be a third outing, this being on the farm of John Oberg. Here a musical program of more than ordinary excellence will be the feature.

There are others, undoubtedly, of which The Times has not been advised. It makes no difference where they are held, attend one of them. Our people cannot spend the day to better advantage.

Good Ball Game.

The ball game on Saturday evening between the Goodridge team and the boys representing the Soo railroad in this city, was a decidedly good one and the attendance was not near what is should have been. The city team won by a score of 5 and 3. Several very good plays were pulled off and the work in general much better than anyone would expect from teams having but a few days' practice before the game was announced. It is probable that a return match will be played at Goodridge in the near future.

Dr. Tupper Dies in France.

Word was received in this city on Tuesday announcing the death of Dr. George Tupper in France. Dr. Tupper was for many years a resident of Thief River Falls, having been one of the early settlers. He was still heavily interested in property here, being the principal owner of the building now occupied by the A. M. Langseth shoe store and Ostby grocery. He returned to Thief River Falls about five years ago and practiced for a short time, leaving on a trip through Europe and the Orient. He was in Europe when the war broke out and at once became attached to the medical division of one of the allied nations. The notice of his death contained no information as to the cause.

GRYGLA BANK IS CLOSED BY STATE

EXAMINER PEARSON IS MAKING AN INVESTIGATION OF CONDITIONS THERE.

The whereabouts of C. E. Ballard, former president of the Farmers' State bank of Grygla, who disappeared about a month ago, is still a mystery. The banking department of the state has taken steps to close the bank, as disclosed by the following article appearing in the St. Paul Dispatch of Monday:

"Finding $11,500 of paper believed to have been forged and other account shortages approximating $4,000 following the disappearance of the president, C. E. Ballard, after the cashier, Levi Hawkins, enlisted in military service, F. E. Pearson, state superintendent of banks, today closed the Farmers' State bank of Grygla, in Marshall county.

"An investigation to determine the person or persons responsible for the irregularity and possible forgery, Mr. Pearson said, is being made, but no positive evidence has yet been obtained.

"Otto Bremer, St. Paul banker and capitalist, was vice president of the bank.

"Cashier Hawkins enlisted about three months ago. President Ballard disappeared thirty days ago, Superintendent Pearson said, and no trace of his whereabouts has been found.

"Mrs. Ballard is with relatives at Thief River Falls.

"Ballard came to St. Paul after leaving his family at Thief River Falls. He registered at the Ryan hotel and then dropped from sight."

Election Result in North Dokota is Still in Doubt

Reports from headquarters of the two political camps in North Dakota at 11 o'clock today were to the effect that 700 precincts out of 1978 in the state give Steen a lead of 3,000 over Frazier.

Steen carried the cities of Grand Forks, Fargo and Bismarck nearly three to one, but returns from the rural districts cut down this percentage and it is agreed that the result will be close.

Both sides are still claiming the victory but admit that practically all the returns will have to be in before the result will be known for a certainty. This will in all likelihood not be before Friday morning.

STILL HOPES FOR MILITIA COMPANY

LOCATION OF ARMORY HERE WILL WEIGH HEAVILY IN DECISION.

It appears that the ruling that no married men are to be permitted as members of the national guard does not apply to state militia, another branch of the service being referred to. This makes it easily possible for Thief River Falls to be the headquarters of the companies, particularly as some of the smaller communities in the neighborhood have asked the privilege of furnishing a squad for the new unit.

One squad is offered by Goodridge and it is understood that St. Hilaire, Middle River and Holt could be depended on for one each. With the men available in Thief River Falls this would make a company easily possible.

The new Minnesota National guard will be made up of two regiments, Adjutant General W. F. Rhinow has announced. The first regiment will include Minneapolis and St. Paul companies and will be in command of Colonel Leroy Godfrey, now senior major of the Minneapolis Home Guard organization and privately engaged in the grain business.

The Fourth Infantry will be disbanded, General Rhinow said, and its officers and men will be transferred to the new national guard regiment. The Second regiment will be in command of Colonel G. A. Lewis, a Mankato automobile dealer and senior major of the Home Guard there. The regiment will be made up of companies recruited in the smaller cities, probably those having national guard armories.

SAETER STEVNE DELEGATES HERE

WILL HOLD TWO-DAY REUNION MEETING AT AUDITORIUM.

NOTED PASTOR IS COMING

REV. HARSTAD, PIONEER WORKER AMONG HIS PEOPLE, WILL PREACH.

Delegates to the annual meeting of the Norwegian association, "Saeterlaget," began arriving in the city last evening for a two-day session, and every train is bringing additions to the number in attendance. President B. Bjarnaraa of Hickory township, believes that the total number of visitors will reach 800 at least. This association has often had 1,000 members at its convention, but conditions this year are not ideal for traveling and it is hardly probable that this record will be equalled.

From Entire Northwest.

This association, like all others of similar aim and history, has no established headquarters and no set rules of procedure. It is a purely social organization of men and women who come together by common consent once each year at some central point to talk over old times and renew old friendships. These meetings mean a great deal, particularly to the older people, and they will go to considerable trouble in order to be present.

Today's Program.

The delegates will register at the Auditorium at 10 o'clock. At 1:30 the annual business meeting will be held, reports read and officers for the ensuing year elected. At 4:30 the delegates will be taken on an auto tour to points of interest as guests of our citizens. In this connection the request has been made that those owning autos place the machines at the disposal of Secretary G. Howard Smith of the Commercial club, in order that all may be accommodated.

The Big Event.

The real entertainment session of the convention will begin at 8:00 o'clock this evening, when "Saeterdals Kvell" will be ushered in. There will be speaking, singing and instrumental music on the program and in all probability an exhibition of native dancing. Some of the country's most famous Hardanger violinists will be present and render selections on the favorite instrument of the region inhabited by the forebears of these people for a thousand years. There will also be a song contest between the most famous vocalists in the association.

To Church on Friday.

The delegates will attend the Synod Lutheran church in a body on Friday morning at 10:30, when Rev. B. Harstad, one of the best-known Norwegian church men in the country, will preach. Rev. Harstad is the pioneer pastor of his people in this country and has spent years as a missionary in Alaska. He is at present located at Portland, Ore.

On Friday afternoon the general meetings will be continued at the Auditorium, with singing, addresses, music and visiting around.

Frankson a Member.

It was hoped that Lieut. Gov. Thomas Frankson, whose parents came from this particular section of Norway, would be present, but other engagements prevent his accepting the invitation.

RULING DISCLOSES ONE ALIEN WOMAN

ORDER TO REGISTER DOES NOT UPSET MANY HOUSEHOLDS HERE.

This is registration week for alien enemy females throughout the United States under the proclamation issued by the president on April 19, but thus far it has been unnecessary for Postmaster John Morgan to hire extra clerical help in order to keep track of the registrants. But one woman has placed her name and place of residence upon the record at the postoffice, and it is not likely that the number will be increased before the time for complying expires on Saturday evening.

The one lady thus singled out is Mrs. P. H. Kiehne, and the previous registration would indicate that she will remain alone in her class. There were but five males registered at the time these were ordered to report and Mr. Kiehne was one of them. Only one of the others was married and the family has since received permission to leave the city. Unless some have moved into the community since that time this would make the count exactly right.

Probably Meant Well.

Rev. F. N. Scott, a returned missionary from Japan, who was here to attend the Epworth League meeting, delivered an address at the Auditorium on Monday evening which has been variously commented upon. The subject dealt with was Japan and the Japanese and so long as the speaker confined his remarks to this subject he was on perfectly safe ground. He was evidently not any particular admirer of the President and even the people of this country of the United States, however, did not meet entirely with his approval. His particular hero was Theodore Roosevelt and his principal aversion the yellow press. As a lecturer on the Orient the gentleman may be all right but as a patriotic speaker he did not altogether meet the approval of his audience.

Five For Special Service.

T. P. Anderson, clerk of the local registration board, has received a request for five volunteers for special service. The men will be taken to Dunwoody Institute for a course of traing in mechanics. Candidates must have a grammar school education and preferably some experience. Draftees are eligible to appointment for this service providing their applications are in some time before there is any likelihood of their being called. They will entrain on July 15.

ATTENTION GIVEN STREET CROSSINGS

SPRINKLING ALSO MATTER FOR DISCUSSION AT CITY COUNCIL MEETING.

The city council at the regular meeting on Tuesday evening gave serious consideration to the street crossing trouble. The difficulty is hard to overcome but an attempt will be made at improvement by tamping an apron of rock and gravel down next to the cement work. Street Commissioner O. L. Bakken was ordered to experiment with this treatment on one or two crossings and report the results. It was generally admitted that something will at once have to be done as the complaints are becoming general.

The matter of street sprinkling was also discussed but no action taken. Councilman Myhrum was decidedly of the opinion that the fire team should not be used for the purpose and Councilman Froseth agreed with him. It was suggested that a contract for the sprinkling of certain sections of the city be let to other parties so that the work of the fire team would only have to cover a few blocks in the immediate vicinity of the hall. No decision was reached.

A. J. Lawrence was granted a license to conduct a moving picture show at the Lyceum theatre. The electricians employed by the city were granted a flat raise of $10 per month in lieu of overtime and building permits for one or two minor improvements were ordered issued. The session was short and devoid of interesting features.

RED LAKE SALOONS HINDER FARM WORK

THIS IS CONTENTION OF COUNTY ATTORNEY STANTON AT CROOKSTON HEARING.

County Attorney E. M. Stanton represented Pennington county at the hearing on the petition for closing the saloons in Red Lake county, which was conducted last week at Crookston. Mr. Stanton contended that liquor was brought into the surrounding dry counties in spite of anything that could be done to prevent it and that this would have the effect of greatly retarding the work of harvesting the crops this fall unless prevented.

D. T. O'Brien of St. Paul, representing the safety commission, conducted the hearing and County Attorney Aaron Youngquist and City Attorney Martin O'Brien represented the petitioners. Attorneys F. A. Grady of Crookston and Charles E. Boughton of Red Lake Falls, represented the saloons.

The attorneys for the petitioners stated that liquor was being brought into dry territory in violation of the rulings of safety commission; Red Lake Falls liquor dealers were selling liquor to minors. Also that at least in one instance the saloons had been the indirect cause of a man's death. A number of witnesses were called, including Chief of Police David Sanders, of Crookston, who testified that since Jan. 9, 73 of the 80 arrests made in that city were men who were drunk and who stated that they had obtained their liquor in Red Lake Falls.

NO EXTENSION OF DRAFT AGE LIMITS

The proposal to extend the age limits of men available for the national army to include all those between the ages of 18 and 45 has been turned down for the present, being opposed by President Wilson, Secretary Baker, General Crowder and General Marsh.

"I presented to the committee statements," said Mrt. Baker, "that for the present there are enough men in class one sufficient for our prospective needs and when the enlarged programme of the United States is ready for presentation to congress we will at the same time have complete data on which to base any recommendations for change in the age limits of the draft."

COUNTY FAIR TO FINANCE ITSELF

BUSINESS MEN WILL NOT BE SOLICITED FOR FUNDS TO HELP OUT.

BABY BONDS AS PREMIUMS

CONTRACT WITH HARRISON CARNIVAL COMPANY TO FURNISH AMUSEMENTS.

There will be a large number of new features connected with the county fair this year but perhaps the most popular will be the resolution on the part of the management not to ask the business men of the city for any financial aid. President Herbert Fuller and Secretary N. W. Tarrant announce that with the funds on hand and the appropriations made by the county commissioners and the city council, the association will be able to meet all expenses without the bothersome and unpopular plan of asking for personal donations. Heretofore the business men of the city have always been appealed to for help in order that the expenses of conducting the fair might be met, but this will now be done away with.

Asked to Aid, However.

The business men will be asked to help the fair in another way, however, and will at the same time help themselves. It will be suggested that they run some little notice of the event in their regular advertisements, only a line or two, but enough to indicate to the reading public that they are interested in the success of the undertaking. The officers will also ask that the stores of the city offer special attractions for buyers during the three days of the fair and in this manner help to swell the attendance. The fair association wants to work with the business men in making this the big mid-summer event for Pennington county.

Stamps For Premiums.

It was early decided that premium payments would be made in War Savings Certificates and Thrift Stamps, instead of cash. This will make no difference in the amount paid out by the association but it will help swell the sales of Baby Bonds for the county and give every prize winner a start toward an interest-bearing collection of fair souvenirs that will be better than the cash.

No Airplane Available.

Secretary Tarrant has been informed that it will be impossible to secure the services of a bird-man to make flights during the fair. This will not prove particularly disappointing as airplanes are no longer a novelty. Besides, Uncle Sam needs every experienced flyer for a more important purpose just now.

Other Attractions Plenty.

The amusement features will be well looked after, however. A contract has been entered into with the Harrison Carnival company whereby that well-known troup of entertainers is to take entire charge of this end of the program. Besides the usual complement of tent attractions there will be a number of free acts in front of the grand stand each day of the fair. It is also probable that the Eleventh Batallion, Minnesota Home Guard, will put on a batallion drill on the fair ground the last day of the fair and this should prove a decided attraction.

Widely Advertised.

The fair will not suffer for lack of publicity. The management long ago placed its orders for the necessary posters and lithographs, while newspaper space will be employed more liberally than ever before. It is the intention to make the fair the best ever held in the county and with the co-operation of everyone there is no doubt but that this result will be achieved.

CLOSE GARAGES ON SUNDAY AND 6 P.M.

GASOLINE FILLING STATIONS TO BE ABOLISHED AND NONE SOLD ON SUNDAY.

Uncle Sam needs 40,000 experienced automobile men for his armies and somehow he will have to secure them. According to reports there are this many trucks standing idle for lack of men with the proper training to keep them running. In order to release as many mechanics of this kind as possible it has been ordered that all garages in the country close at six o'clock every day and stay closed on Sunday. At the same time the sale of gasoline on Sunday and after six o'clock at night is to be prevented. The idea of all this is to curtail to some extent the use of motor cars during the war and in this manner release the workmen necessary to keep them running.

It is also suggested that garages do away with all free service as this keeps one or more experts busy.

The new rule goes into effect next Sunday in the cities and will likely also be made effective here. Local garage men have shown themselves willing to meet all demands made upon them thus far and those with whom The Times has spoken will keep right on doing so.

MANY FARMERS LEAVE FOR CAMP

THIRTY OUT OF 44 IN LAST BUNCH CALLED FOR ARMY SERVICE.

GOOD TIME AT CROOKSTON

TOTAL OF 461 SENT BY NORTHWESTERN COUNTIES GATHER THERE.

If the occupational designations given by the men themselves are correct, Pennington county is furnishing more farmers for service in the army than any other section in the country. Last Monday 45 Class 1 men left this city to take up their training duties at Camp Grant and out of this number 30 gave their occupation as that of farmers. That this is hardly correct is obvious, although many of them may have been as much farmers as anything else. More than half the total number leaving were residents of Thief River Falls and could therefore not have followed farming as a regular occupation. Most of them had at one time or another worked on farms, however, and likely expected to do so again at harvest time. During the other seasons of the year they were employed at other classes of labor and thus were not farmers, properly speaking.

One Minister.

Of the other 15 four were laborers, two clerks, two bridgebuilders, and one each of the following trades and professions; minister, warehouseman, carpenter, cement worker, teamster and musician. The minister is Rev. Ralph B. Lightner, a Sunday school worker and field missionary, who has been making this section his headquarters for some time.

Big Time at Crookston.

The draftees from all the northwestern counties, as well as those from the northern end of Beltrami, assembled at Crookston, the total number starting from that city on Monday evening being 461. The people of the Polk county city gave them a great sendoff, providing supper and entertainment for them until train time.

Slight Changes Made.

It was found expedient to make a small number of changes in the published list at the last minute, a few being excused from service for good and sufficient reasons at this time. They will be ready to take their places at a later date.

Merlin Guy Rouse of Goodridge was selected as contingent leader for the purpose of taking charge of the boys until camp was reached. A collection was taken up in the business section in order to provide a few necessities such as cigars, cigarettes, gum and candy and enough of these wares were procured to last a good sized company clear across the continent. The final lineup was as follows:

Ole G. Thune, City.
Lawrence P. Hagen, Landis, Sask.
Axel Henry, Duluth.
Knut T. Berg, Erie.
Max Fred Krause, St. Hilaire.
Elmer Loberg, St. Hilaire.
Peder M. Joringdahl, City.
Ole Myrum, Sunbeam.
Oscar S. Olson, Highlanding.
Oscar Adolphson, Superior.
Charles C. Martz, St. Hilaire.
Otto E. Augustson, City.
Tarjo T. Uppstad, Sunbeam.
Swen Frondal, Oakland, Minn.
Frank Sinkey, Hazel.
Robert Jasperson, Davenport, Ia.
Joe Eidlebis, Beaulieu.
Arthur T. Olson, Highlanding.
Iver I. Westby, Rosewood.
Arthur A. Moran, City.
Joseph Knapp, Lake Benton.
Andrew Brezeney, City.
Albert R. Sandum, City.
Clarence Mennis, Highlanding.
Ben Lonson, City.
Hjalmar Hostvedt, City.
Henry Svaare, Erie.
Merlin Guy Rouse, Goodridge.
Helmer L. Nelson, St. Hilaire.
Edwin Frederick Dahl, City.
Ralph B. Lightner, City.
John Singer, Rhoda.
Sigrud Samuelson, City.
Andrew Feragen, City.
Almer Ferrig, City.
Minton Hoard, City.
John E. Johnson, City.
Arthur C. Larson, City.
R. Dell Smith.
Theodore B. Jenson, Adams, N. D.
Arthur C. O. Dahl, City.
Edwin Hostvedt, City.
Walfred E. Wahlbeck, St. Hilaire.
George Esplund, City.
Eric Gotfred Iverson, Gary.

Looking Up Delinquents.

Guy Aubol, formerly a resident of Pennington county and now a federal examiner, was in the city last week checking up the war revenue stamp sales. It was part of his duties to go over the records with reference to property transfers made since the law went into effect and to see that the proper revenue stamp had in each case been attached. He found that there were a number of offenders in the county and these may find that the neglect is expensive. A fine of $10 for each and every deed, note, mortgage, or other instrument of a similar nature permitted to go on record or become effective without the specified stamps is the penalty for the oversight. This applies to instances of willful evasion only, and while Mr. Aubol found a number of instruments minus the stamp he did not indicate that this was the result of willful atempts at evasion. It will pay to be very careful in matters of this kind, however, as the government is very strict.

Roads Are Inspected.

Postmaster John Morgan made his annual inspection of the roads over which the rural routes are laid out during the past week. He found the highways in very good condition and states that the patrons of the routes have in practically every instance complied with the regulations with regard to keeping the mail boxes in proper condition.

Mr. Morgan returned enthusiastic over the crop outlook. He states that the ridges can stand a little more moisture but that there is as yet no danger of damage by drought. The crops everywhere never looked better to him, and he has resided here for over 20 years. On one farm he found volunteer rye doing so well that the owner had decided upon cutting it, believing it would pay him.

CHANGES IN DRAFT LAWS ARE CERTAIN

ENLISTMENTS IN ARMY ARE THEREFORE EXPECTED TO INCREASE.

Present indications are that congress will soon take action to change the draft age limits from 21 to 31 years, so that the draft will include all men between the ages of 18 and 45 years. Strong pressure has been brought to bear on congress for an increase in the draft age limits, and the general belief among men in close touch with the situation is that speedy action will be taken in the matter.

War industries in all parts of the country are lagging because of a shortage of labor. Various branches of the United States army, particularly the engineers and signal corps, are in need of skilled machanics and artisans of all kinds. The "Work or Fight" law is expected to relieve the situation somewhat, but it is doubtful if it will bring enough men into the army and into the hundreds of government worshops to make army officers change their plans. Secretary of War Baker and Provost Marshal General Crowder are both emphatically in favor of the change, and have gone so far with their plan that a bill already is practically ready for introduction in the House.

Voluntary enlistments in the army have taken a marked slump since the first of June, and strenuous efforts will be necessary in Minnesota during the next week if the state is to maintain its present position in relation to the other recruiting districts in the country. The Minnesota district has been the banner district for the past three months, and Major John D. Yost, recruiting officer for the district, does not want to see this state supplanted by another.

Single men within the age limits of the proposed new draft regulation are urged to get in touch with their nearest army recruiting office and get placed before the new order is in force. All branches of the service are open at the present time and afford excellent opportunities for advancement.

PAID ADVERTISEMENT.

(Inserted by Wilhelm Michelet of Thief River Falls, Minn., candidate for Probate Judge, in his own behalf and to be paid for by him. The amount to be paid therefor is 30 cents per inch.)

I want to thank the voters of Pennington County for the support given me at the Primary Election and respectfully solicit the support of the voters of our county at the General Election to be held on November 5th, 1918.

WILHELM MICHELET,
Judge of Probate.

J-27.

EPWORTH BAND CLOSES SESSION

FOUR-DAY CONVENTION OF VALUE AND INTEREST HELD HERE.

ONE HUNDRED REGISTERED

WAR CONDITIONS MAKE SITUATION DIFFERENT FROM FORMER YEARS.

The Epworth League convention and district conference of the Fergus Falls district of the Methodist church which was held in this city, closed Sunday night, a few more than one hundred delegates having registered. While the attendance was not as large as in former years, owing to the high cost of travel as well as the high cost of living, yet the spirit of the convention, in the judgment of those attending, was the best for years.

Heard Missionary Speak.

Owing to the extreme demands made upon public men at this time the only outside talent present at the convention was Rev. F. N. Scott, for more than fifteen years a missionary to Japan, who gave a series of four addresses that were clear, concise and inspiring. As a result the delegates have a better understanding of world problems and, because of this, a greater sense of world responsibility.

Mrs. W. N. Parrish of Minneapolis, represented the Home Missionary work, bringing to the attention of the convention some of the many acute problems that are at our very door. Among the many things which she emphasized was the question of the influence of the Mormon church in the political life of our nation, its propaganda and danger. She also touched upon the question of the conservation of the child life of the country, and various phases of the social evil and its danger to American life and progress.

A Program of Interest.

Helpful messages were given by Rev. O. D. Cannon of Detroit, Rev. L. W. Bartholow of Warren, Rev. E. E. Shawl of Crookston, Rev. G. W. Powell of Moorhead and Rev. C. H. McCrea of Wadena. J. B. Smith of Park Rapids, a former pastor, delivered a splendid sermon on Thursday night. The lecture of "Bart" on Saturday night was to a full house and a delight to all who heard him. Owing to the fact that Dr. S. F. Kerfoot, president of Hamline university, was recalled to the city Saturday, the district superintendent, Rev. S. L. Parish, delivered the sermon Sunday morning to a crowded house. Dr. Parish was at his best, having just returned from a meeting of all the district superintendents of the M. E. church at Columbus, Ohio, where world problems and world obligation in relation to the church had been considered. The message that he gave will be long remembered by all present. Decisions made at this service may and likely will prove a potent influence in shaping the affairs of the world.

The Officers Elected.

The afternoon service was given over to the installation of the officers of the district league. Rev. F. L. Erlougher of Staples, was re-elected president; Miss Hazel Ebbeling of Barnesville, first vice-president; Miss Mattie Poston of Thief River Falls, second vice-president; Miss Vera Peart, third vice-president; Mrs. C. E. Henderson, Frazee, fourth vice-president; Miss Esther Palmer, Puposky, secretary; A. A. Habedink, Ada, treasurer; Helma Peterson, Fergus Falls, junior superintendent. The illustrated lecture in the evening Sunday was attended by a crowded house.

The Entertainment Features.

Among the recreational features of the convention were the reception of the delegates on Friday night by the local chapter of the Epworth League and the picnic at Squaw Point on Saturday afternoon, when a royal good time was enjoyed by all. The music for the convention was well taken care of by the local choir of the M. E. church, assisted by the district quartet in charge of Rev. Percy Beck of Ada. The solos by Miss Zella Zeh of this city delighted the audience, as did also the solo by Mrs. Halvorson on Sunday evening. The delegates expressed themselves as being highly pleased with the entertainment provided in this city and the expression that the convention was one of the best ever held in the district was often heard.

Welcomed By Mayor.

Following the services on Wednesday evening an address of welcome was given by Mayor G. A. Penney in which he clearly outlined the work and influence of the young peoples' movement. Rev. Barackman spoke on behalf of the churches of the city. This was responded to by Rev. O. D. Cannon of Detroit.

Well Taken Care Of.

The delegates were all well taken care of and the Epworth League of the local church desires to thank those who so generously opened their homes and assisted in the entertainment of the visitors, making success possible.

"ALMOST AS GOOD AS A VISIT HOME"

THAT IS WHAT ONE SOLDIER BOY SAYS OF THE TIMES.

A. H. Ahlborn, son of Mr. and Mrs. E. P. Ahlborn, who was among the first to enlist from Pennington county, has been attached to an interesting and important division of the navy. He is now at Annapolis, Md. and sends the following interesting and appreciative communication to The Times:

"I have been receiving your paper regularly and think it is about time I acknowledged the fact. Getting The Times is almost as good as being at home—not quite, of course, but it sure is good to have the mail orderly throw the paper to me every week.

"I have been transferred again. Am now at the big new naval H. P. radio station about four miles from Annapolis. Would like to tell you something about this station but dare not do so as you know they are very strict about anything of that kind. All I can say is that it is the largest radio station in the world, capable of sending and receiving to or from any part of the world. It sure is wonderful. The towers are each 600 feet high and there are four of them, 850 feet apart. The grounds here are enclosed by a fence ten feet high and charged with electricity so that it will kill a person at a touch. There are barbed wire entanglements on the inside and outside as a protection against coming in contact with the highly charged fence. Sorry I can't tell you more about it."

Complete address: A. H. Ahlborn, Marine Detachment, U. S. Naval H. P. Radio Station, Annapolis, Md.

THIS YOUNG MAN ENJOYS CAMP LIFE

ONLY 18 YEARS OLD BUT AS GOOD A MAN AS ANY OF THEM.

William R. Morben, son of Ole C. Morben, who enlisted with Samuel Cloutier and left for Jefferson Barracks on June 1, has been transferred to Fort Totten, N. Y., from which place he writes that he is getting along fine. This lad was 18 years old in March and is one of the youngest men to seek enlistment in the regular army from Pennington county.

"I am in training here," he writes, "after having been on the train coming from Missouri for four days and three nights. This is a pretty long ride to take all at one time. We traveled through Missouri, Indiana, Ohio, Illinois, Michigan, a part of Canada, New Jersey, Pennsylvania and across the state of New York. It took two engines to haul us over the Appelachian mountains although there were only 15 cars containing 450 soldiers—all coast artillery. We are at present in quarantine here and must remain for 21 days, this being the rule for all men entering camp.

"There are only 1,000 men here and we are getting very fine eats. I like it very well so far. They say that we will be trained pretty hard the first two weeks but I guess I am about as good a man as most of those here. At least I don't take a back seat for none of them and they seem to notice it.

"I have seen the Statue of Liberty and the three largest bridges in the world. One is the Brooklyn bridge which took ten years to build; the other is the Manhattan and I forget what the third is called. I have so much to remember that I can't keep everything straight in my head.

"I have my orders for tomorrow—in fact all of us have. We report at 6:10 for roll call, 6:15 for mess and 6:45 for police duty. This police call sounds kind of funny to you, no doubt, and I will tell you what it is. It means that everybody must pick up all the paper and cigarette butts and even the burnt matches that are lying around the tents.

"Everything is nice and dandy around here so we do not suffer for anything."

Both Morben and Cloutier were formerly employed at the meat market of L. C. Neilsen. The latter was among those who left to join the army with the bunch on Monday so that there is one institution in which not a single one of the former [illegible] remain, all having answered [illegible] to arms.

Ran Car in River.

Oscar Egerud dumped his car [illegible] the embankment at the Squaw [illegible] bridge last Friday and the ma[illegible] never stopped till it reached the river. He admits losing control for no apparent reason but as no one was hurt it did not matter much. Another machine came along and pulled Oscar back onto terra firma again and he got off with a rather severe scare.

WANTED

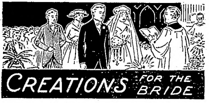
25 Salespeople—at once. Experience unnecessary. Apply at once to Mr. Webster at Chas. Lieberman's Store.

We have a quantity of fireworks left over from last year which we will sell at greatly reduced prices. Did we not have this supply it would be next to impossible to procure any.

Get your fruits for the Fourth at this store. A full supply received every day.

Have us fill your picnic basket. We do it well and at a reasonable price.

Ostby's Grocery



The Jewelry store is the natural place to seek gifts of lasting value.

There are many things here that are beautiful, useful and that will hold their worth almost indefinitely.

Numberless articles in Jewelry, etc., that will give much pleasure to the bride are to be found here.

Olaf Neset
JEWELER AND OPTOMETRIST
EYES EXAMINED PHONE 235-1 THIEF RIVER FALLS, MINN.

Under New Management

The Nielsen Meat Market has been taken over by the undersigned, who will be in charge on and after Monday, July 1. ¶ The business will be conducted on the Cash and Carry Plan as this is recommended by the government and has been found most satisfactory to both customer and merchant. ¶ A full line of Fresh and Salt Meats, Fish and Meat Products will always be found here at the lowest prices and we solicit a share of the public's patronage.
We also carry a full line of canned goods.

Elias L. Rolland

Notice to the Public

In order that the Fourth of July may be celebrated in an appropriate manner by all our people, the Merchants Association of Thief River Falls announces that all members of that association will close their places of business all day, but in order that the public may be accommodated they will remain open until 10 o'clock on the evening of the third.

It is urged that as many of our citizens as find it possible will attend one of the many celebrations given by the citizens of the smaller communities in the county, thereby showing their good will toward their neighbors as well as a proper patriotic observance of the day.

The Merchants Association of Thief River Falls

THE BARGAIN FLOOD GATES ARE THROWN WIDE OPEN

Charles Lieberman's Clothing Store, 212 LaBree Ave., Thief River Falls, Minn., to be Sold Out

Fine High Grade Stock of Shoes, Clothing and Furnishings, All To Go

During the Next 13 Days

SELLING OUT

One Half or More of the Entire Stock

Canvas Gloves One big lot 20c Quality all to go for 12½c

FOR ADEQUATE FIRE PROTECTION.

It has for some time been apparent that the present fire fighting equipment of the city of Thief River Falls is inadequate. The city is spreading out to such an extent that a team of horses kept at a central station no longer answers the purpose. There is too much lost time under conditions in which time is the one great essential.

The demand that the city secure an auto fire truck has become general during the past week or ten days—since the last fire, in fact. That the damage at that time was not greater is due to the good work of the department and volunteers, it is true, but there would have been practically no damage had the fire fighting apparatus been on the ground at the time it should. The loss of a half hour is too great a handicap to accept against any fire. Had there been an auto truck at fire headquarters the damage would not have exceeded a couple of hundred dollars at the outside. As it is $10,000 will hardly cover the loss.

The city council has hesitated in this matter on the score of cost, but should hestitate no longer. The taxpayers will approve the purchase of a power fire truck just as soon as one can be procured. Unless some such step is taken we need not be surprised to find that insurance rates have gone even higher than they are at present.

THE REAL COMMUNITY EVENT.

Farm and city get-together meetings, community picnics, farm and commercial clubs are all very well and serve an excellent purpose, but the one outstanding institution in a farming community is the county fair. The custom of holding these fairs is so old that no one seems to know when or where it first originated. In every civilized country in the world some counterpart of the American and English fair is now recognized as an established institution, however, and it is likely that the interest in the events will grow greater instead of less. A number of hardheaded communities in this country have at one time or another decided that fairs no longer serve any valuable purpose and have attempted their abolishment, but without success. The people want them continued and that is all there is to it.

The nature of fairs has in some measure undergone a change. Originally intended only as a special occasion for the barter and exchange of products rather than for exhibition and entertainment, their plan has been gradually extended until now the dates of the county fair are regarded as the special holiday season for the community in which they are held. Farmers are but little more interested in them than the city people. The arts and sciences are represented alongside of products of the farm and factory. The public school and home kitchen have honored places next the displays of the orchard and dairy. The entertainment features are selected with great care in order that they may contain something for the interest and amusement of all. Addresses and demonstrations of an educational nature find place on the program. It is the season of open discussion and mutual helpfulness and it is not to be wondered at that the institution has grown more important with the passing years.

The Pennington county fair this year will be better than ever before. Since stock raising and dairying assumed such important proportions in northwestern Minnesota this division has been made a particularly strong feature. Last year the exhibit surprised all beholders and will show a decided improvement now. Potatoes were for a long time hardly considered one of the paying crops of this section, while now a large part of the agricultural display is given over to the different varieties produced. The grain section will of course carry its share of interest, although this will not attract the attention it once did. The entertainment feature has been carefully looked into by a capable committee and there will be nothing lacking in this respect. Every department of the fair will be as good as it can possibly be made.

The premium list has been issued and shows that the prizes in a number of divisions have been increased. Cash will not be paid as premiums this year, it having been decided to give Thrift Stamps and Savings Certificates instead. This is a very good idea. These premiums amount to quite a sum in the aggregate and could be put to no better purpose.

Make up your mind that you are going to do everything in your power to make this fair a success. There is always some way in which you can help.

LET'S GET MAD AND SHOW 'EM.

Going over the top in the War Savings pledge drive should be a matter of pride with the people of Pennington county. The campaign is quite a ways advanced and less than half of the amount demanded of us has been secured.

This will never do. We have a reputation to maintain in connection with this matter and every man, woman and child in the county should be interested in seeing that our brilliant record is not dimmed. The sum required of us is $219,000 and only about $100,000 has been reported to Chairman George G. Johnson to date.

Pennington county's assessment is too high, there is no questioning that, but nothing can be done about it now. The figure must stand for the present campaign and if we meet it we will have a smaller amount to provide next time. And there is not the slightest doubt but that there is a next time coming.

Pennington county has a population of not over 11,000 at the present time. At twenty dollars per head this would not make the assessment so far off, but the same consideration has not been given conditions here as in other counties. Marshall, for instance, with a population of 16,000 and a taxable valuation of $12,640,000, has an allotment of $260,000—and is going over the top. Itasca county—to pick out one in another section of the state—has a taxable valuation of $26,296,760, and an assessment of $225,000. This has been oversubscribed. Polk county will have no trouble securing its quota. Pennington county has a taxable valuation of $5,366,307 and we are asked to provide $219,000.

The distribution is not exactly fair, but that is a matter of minor importance. These Saving Certificates and Thrift Stamps are in themselves so highly desirable as an investment that instead of feeling peeved we should consider ourselves highly favored in being thus permitted to secure them in such large amounts. The interest rate is better than on Liberty Bonds and the redemption clause makes the money represented available at any time, plus accrued interest. No great amount of cash is necessary to make a start. The purchaser may buy as many or few of these securities as he likes so long as the stipulated amount is secured by the first of December. These Certificates represent the most desirable investment offered by the government.

Friday the 28th is National War Savings Day. It is the intention to make every family a family of fighters on that day by having the members pledge their support to the boys who are actually facing the dangers. President Wilson has asked that on that day every loyal American sign a pledge to buy all the War Stamps possible in order to help the fighters fight. Are you ready to do your share?

W. S. S. cost $4.17 now. Worth $5.00 on January 1, 1923.

In Days of Yore

Items of Interest Reprinted From Files of the News and Press of 10 and 20 Years Ago

Twenty Years Ago.

Among those in charge of the Fourth of July celebration, which was to be a particularly elaborate affair, the following are found: Robert McGinn, F. J. Stebbins, Phillip Zeh and I. C. Richardson. One of the big features of the parade was announced as Chief Mon-simoh, who would lead his band of painted braves in full native costume.

William H. Eustis, of Minneapolis, was nominated for governor of Minnesota on the Republican ticket.

The firemen of the city left in force to attend the tournament at McIntosh. Among the members were the following: E. E. Zeh, J. E. Farr, Dennis LeSage and Lars Backe.

Rev. and Mrs. Creath, of the Methodist church, moved their household goods to St. Hilaire, having decided to make that village their headquarters. It was announced that services would continue to be held in Thief River Falls twice each month.

Col. Morrill sold the Arlington hotel to Spiro Bisazza and moved his family to Minneapolis where he had purchased the Brunswick hotel.

Rained all week and ditches were taxed to their capacity.

Everyone was worrying over the war tax that was to go into effect on the first of July. It required the paying of taxes on so many things of general use that it was almost necessary for a person to carry a schedule around constantly.

I. C. Richardson was a delegate to the Republican district convention at Fergus Falls.

Rev. Parbst of the Baptist church, returned from a conference in Big Stone county. Accompanied by his son, he traveled 746 miles by buggy and stopped at 47 different towns.

The saw mill began running two shifts. With electric lights, a new band saw, new edger and considerable other new machinery the plant was scheduled for a record run.

Ten Years Ago.

The Minnesota Air Line Railroad company, was incorporated with a capital of $500,000. The principal place of business was to be at Thief River Falls and the aim of the company to build a railroad from this city to Roosevelt.

The total real and personal property valuation of the city of Thief River Falls was almost exactly $800,000, according to Councilmen Prichard, Forder and Evenson, who met as a board of equalization.

D. P. O'Neill was elected chairman of the Republican county committee. M. L. Hanson of St. Hilaire, was made secretary and the following appointed members: Messrs. Halvorson, Swanson, Johnson and Enright.

Grover Cleveland, former president of the United States, died on Wednesday at his home, Princeton, N. J.

The report of Secretary Peter Englestad of the Thief River creamery, showed that there were eight patrons in the $40 division during the month of May, as follows: P. Englestad, Soren Sorenson, Fred Copp, Christ Thompson, Ed. Yonke, Albert Weichman and Halvor Hostveit.

Mayor and Mrs. T. P. Hamre returned from an extended stay at Hot Springs, Ark. The mayor was much improved in health.

Dr. F. H. Gambell returned during the week from a trip through western and southwestern states.

No Errors Found.

The county canvassing board on Thursday finished the the checking up of the ballots cast at the primary election and did not find a single error, the election boards having without exception returned the correct count to the auditor in the first instance. Seven soldier ballots were received, five to be counted in the city and two for other sections of the county. The boys at camp are evidently too busy to bother with anything like primary election and did not take advantage of the opportunity offered them to vote, although blank ballots were sent to those requesting them. There were no close results anyway and it is not likely that any material difference would have resulted even though the yhad all voted.

The canvassing board was composed of Chairman O. J. Peterson of the county board, Clerk of Court Adolf Eklund and Justices of the Peace Tobias Steen and E. O. Berke.

Comparing Expenses

Yes, "WEAR-EVER" aluminum utensils save fuel because they heat quickly and remain hot a long time. Consequently less fuel is needed to keep them hot.
90 HOURS SAVED IN YOUR FUEL BILL—WHA[illegible]
That's what you save in one year by using "WEAR-EVER" utensils, even if you save only five minutes [illegible] in cooking a meal—and it's a small meal in the cooking of which you do not save more.

In 10 Years.
You buy 10 enamel pans, costing 30c a piece.....$3.00
An aluminum pan (which will last more than 10 years) costs .... .50
The saving on one small pan equals..........$2.50
Think how much you will save by replacing all your enamel utensils as they wear out with "WEAR-EVER".
The real question is not, "Can I afford them?" but "Can I afford to be without

A. Lundeen arrived in this city last evening from his home in Alexandria, Minn., for a few days' visit at the home of relatives at Wylie. Mrs. A. Lundeen who has been visiting at her parental home for the past three weeks, will return to her home on Monday with her husband.

Miss Hazel Ebling of Barnesville, returned to her home the first of the week after a brief visit in this city at the home of Mr. and Mrs. J. Q. Cronkhite. While here Miss Ebling represented the Barnesville Epworth League of the Methodist church at the convention held here last week.

Mrs. A. Simonson of Goodridge visited in this city Monday and Tuesday of this week at the home of Mrs. H. F. Erickson. Mrs. Simonson had been visiting with her sons and daughters in Alexandria, Henning and Mahnomen for some time and returned to her home in Goodridge yesterday.

Miss Edith Day, who taught in the public school of Badger during the past year and who had been a guest at the Ira C. Richardson home for two weeks, left last Saturday morning for Mankato to look after her land interests and from there she went to Minneapolis to spend the summer.

Mrs. Tyra Larson returned to her home in St. Hilaire yesterday afternoon after a brief visit in this city at the home of Miss Hannah Gustafson. Mrs. Larson arrived here Tuesday evening from Kennedy, Minn., where she attended the Young Peoples' conference of the Swedish Lutheran church.

A party of Mavie business men left Saturday evening on a business trip through Logan county, in the southwestern section of North Dakota. The party was made up as follows: T. H. Smith, Oscar Pomenke, George Schwandt and D. G. Brownlee. They will make the journey by auto and expect to be gone about a week.

Wm. Dreis, formerly of this city, arrived here Monday morning for a brief visit with friends and to attend to business matters in connection with his shoe shining and repairing store on LaBree avenue. Mr. Dreis is in the shoe shining and repairing business in Albert Lea, Minn., and returned to that city Tuesday morning.

Mrs. George Smith and daughter Marie, of Breckenridge, Minn., arrived in this city last Monday to visit at the home of Mrs. Smith's sister, Mrs. N. K. Harris. Mrs. Smith left Tuesday afternoon for Grand Forks, for a brief visit and will later go to Ray, N. D., to visit at her parental home before returning to her home in Breckenridge. Marie Smith will remain here at the home of Mrs. Harris during most of the summer.

POLITICAL ANNOUNCEMENT.

(Inserted in his own behalf by Theo. H. Liden, Thief River Falls, candidate for register of deeds. Amount to be paid, 30 cents per inch.)

I hereby wish to thank the voters of Pennington County for the generous support given me at the Primary Election and I will appreciate any support which you may give me at the General Election November 6th.

Respectfully,
THEO. H. LIDEN.

Citation For Hearing on Petition to Sell, Mortgage or Lease Land.

Estate of Ole Nelson.

State of Minnesota, County of Pennington, in Probate court:

In the matter of the estate of Ole Nelson.

The State of Minnesota to Nekoline Nelson, Nic Nelson, Ole Nelson, Gina Voldness, Paula Larson, Inga Sjolsvold, Laura Stenserd, Henry Nelson, Nora Josephson, Clara Nelson, Arthur Nelson, Joseph Nelson, Lillie Lubnow and Oscar Nelson, all persons interested in the sale of certain lands belonging to said Ole Nelson. The petition of Gina Voldness as representative of the above named Ole Nelson, being duly filed in this court, representing that it is necessary and for the best interests of said estate and of all interested therein that certain lands of said decedent described therein be sold and praying that a license be to Gina Voldness granted to sell the same:

Now therefore, you, and each of you, are hereby cited and required to show cause, if any you have, before this court, at the Probate Court Rooms in the City of Thief River Falls, County of Pennington, State of Minnesota, on the 26th day of July 1918, at 10:00 o'clock a. m., why the prayer of said petition should not be granted.

Witness the Judge of said Court and the seal of said court, this 26th day of June, 1918.

WILHELM MICHELET,
Judge of Probate Court.
J. M. BISHOP,
Attorney for Petitioner. J-27-Jl-4-11

HAVE YOU ORDERED YOUR COAL TODAY

WASHINGTON said, "In time of Peace prepare for war." We say, "In Summertime prepare for cold weather."

Remember what happened last year? How hard it was to get coal? If we all order our coal now there'll be no coal famine during the coming winter, for the railroads can now handle it easily.

A word to the wise is sufficient.

Food Administration Announcement

The United States Food Administration has issued the following:

"Present conditions make it necessary that use of sugar be reduced.

The Federal Food Board has therefore on advice from United States Food Administrator Hoover adopted the following rules on the sale of sugar to householders:

A.—On and after June 15th retailers must limit each sale of sugar for ordinary household uses to town and city consumers to two (2) pounds, and sales to rural city consumers to five (5) lbs.

B.—Dealers should restrict sales of sugar to all boarding houses, hotels, restaurants, clubs, tea-rooms, and other public eating places, also hospitals and institution to the basis of three pounds per person per month. Dealers are expected to inform themselves of the number of persons served and to fill orders accordingly.

C.—Dealers should sell sugar for home canning purposes only on canning certificates which have been issued to dealers by the Federal Food Board or Deputy Administrators. Sugar purchased on canning certificates must be used for canning and preserving only.

D.—No sugar is to be sold to manufacturers unless they have procured manufacturer's certificates:

Boarding houses, hotels, restaurants, clubs and all public eating places are requested to estimate their sugar needs on the closest possible basis of economy and to adopt all measures which will reduce sugar consumption to a minimum.

All householders are asked to adopt a sugar allowance of three (3) pounds of sugar per person per month."

We Set Tire Standards

Why is it that United States Tires are setting new records for mileage and serviceability?

Why is it that the sales of these tires are constantly mounting by leaps and bounds?

The answer is found in the factories where United States Tires are made.

Standards of construction for these tires are higher than ever before known in the tire industry.

Makers of tire fabrics tell us that the standards we have given them for United States Tire fabrics are higher than any previously known.

Likewise through every process of construction from crude rubber to finished tires—we have set new and higher standards everywhere.

These standards work out on your car in the practical economy demanded by war-times.

United States Tires will raise any car to higher efficiency.

There is a type to suit every condition of service.

The nearest United States Sales and Service Depot dealer will cheerfully aid in selecting right tires for your requirements.

United States Tires are Good Tires

We KNOW United States Tires are GOOD tires. That's why we handle them.

Proceedings of Board of County Commissioners

Thief River Falls, Minn., June 14th, 1918.

On the call of the County Auditor, the County Board of Pennington County met in the office of the County Auditor, in the City of Thief River Falls, at 2:00 o'clock P. M.

Meeting was called to order by Chairman Commissioner Peterson.

Members present: Commissioners Wold, McGinn, Larson, Roy and Peterson. Members absent: None.

Bids for the construction of part of State Road No. 4 was received and after due consideration it was moved and duly seconded to adjourn the meeting until 8 o'clock P. M. Said motion was duly carried.

As per adjournment the County Board re-convened at 8:00 o'clock; all members present.

Bid for the construction of State Road No. 4 was opened and the following bids were received in the following amounts:

Bid of Charley Glen as follows:

For clearing land as per specification at $30.00 per acre.

Excavation End haul, 6188.6 cubic yards at 42 cents per cubic yard.

Side excavation, 22644.3 cubic yards at 25 cents per cubic yard.

Installing concrete culverts including hauling 12 inch to 30 inch pipe $20.00 each.

Installing Steel culverts including hauling 12 inch to 48 inch pipe, $15.00 each.

Certified check for $600.00 accompanied said bid.

Bid of Lloyd E. Crown as follows:

Excavation End haul, 6188.6 cubic yards, 45 cents per cubic yard.

Side excavation, 22644.3 cubic yards, 24 cents per cubic yard.

Installing concrete culverts 12 to 24 inch at 45 cents per linial foot.

Installing concrete culverts 30 to 48 inch at 60 cents per linial foot.

Installing Steel culverts 12 to 18 in pipe, $15.00 per culvert.

Certified check for $600.00 accompanied said bid.

Motion made and seconded that the bid of Lloyd E. Crown be accepted and that the County Auditor be instructed and authorized to enter into a contract with Lloyd E. Crown in behalf of Pennington County. Motion carried.

Bid of Minneapolis Bridge Company for the construction of two concrete culverts on State Road No. 4, was received as follows:

4x8x24 Reinforced concrete culvert	$685.00
4x6x41.6 Reinforced concrete culvert	820.00

Certified check for $75.00 accompanied said bid.

Motion made and duly seconded that the bid of the Minneapolis Bridge Company be accepted. Motion carried.

The committee who inspected the repairing and cleaning of County Ditch No. 30, under contract by P. W. Roark, having filed their report that the work has been done in a satisfactory manner.

It was moved and seconded that the said report be accepted and the work as done by said contractor be approved and accepted as in compliance with said contract, and that the County Auditor be instructed to issue his warrant in the amount due on said contract. Motion duly carried.

The resignation of H. O. Kjomme as County Attorney to take effect from the date of filing with the County Auditor, was duly presented to the Board and said resignation was on motion duly accepted.

Motion made by Commissioner Larson, duly seconded by Commissioner Wold, that E. M. Stanton be appointed County Attorney to fill the unexpired term.

On roll call the following members voted as follows:

For the motion: Wold, McGinn, Larson and Roy.

Against the motion: Commissioner Peterson. Motion was duly declared carried.

On motion duly carried the following bills were audited and ordered paid:

Miller-Davis Co., election supplies	$100.87

GOODRICH TESTED TIRES

The First Infantry Guns Weighed 75 Pounds

FOOT soldiers began to carry firearms about 1350, huge, clumsy guns weighing from 25 to 75 pounds.

Mere hand cannon, iron or copper tubes, they were leveled by a forked support, and fired at a touch hole.

With the invention of the wheel-lock *arquebus*, in 1517, the first self-firing gun, the musket, was a quick step.

Like the first guns, automobile tires, when Goodrich began to develop them, were crude, clumsy affairs, and it's a long, long road of improvement to the symmetrical—

GOODRICH SERVICE VALUE TIRES

The history of the last twenty-two years of The B. F. Goodrich Rubber Company is pretty much the history of pneumatic automobile tire.

But whether Goodrich was bringing forth America's *first clincher tire*, or America's *first cord tire*—

Goodrich built tires to but one end—SERVICE VALUE to the user—the worth of the tire to the motorist on his car and on the road in *comfort, economy, dependability* and *durability, and mileage*.

That is why the tire user to-day gets the utmost SERVICE VALUE in GOODRICH **SILVERTOWN CORDS,** and **BLACK SAFETY TREADS.**

Demand SERVICE VALUE TIRES.

Gambell left last Sunday evening for Winona where Mr. Gambell was on the program for an address at the summer meeting of the State Medical association, which held its sessions this week. Dr. Gambell spoke Tuesday afternoon, his subject being, "The Eskimo, Habit, Mode of Living and Diseases." They returned last evening.

Mrs. Ruth Kennison left on Friday afternoon of last week for Crookston for a few days' visit with friends.

Miss Lottie Austin left last Thursday afternoon for Grand Forks on a brief business trip and short visit with friends.

Miss Stella Williams left Monday afternoon for Grand Forks, N. D., for a few weeks' visit at the home of her sister, Mrs. Earle Doland.

Mrs. Paul Harris and son, Clarence, left Friday afternoon of last week for Poplar, Mont., for a week's visit at the home of Mrs. Harris' brother.

Miss Mabel Knutson left on Friday morning of last week for Holt for a few days' visit with friends and relatives. Miss Knutson returned Monday afternoon.

Mr. and Mrs. V. O. Volden, of Fisher, returned to their home Monday afternoon after a few days' visit at the home of Mr. Volden's parents, Mr. and Mrs. Riceland.

W. Gulbranson of Albert Lea, arrived in this city Tuesday morning for a few days' visit at the homes of Mrs. Andrew Craik, Andrew Buringrud and other relatives.

Mrs. E. Sanders of Highlanding visited with friends in this city Tuesday. Miss Sanders left Tuesday afternoon for Sisseton, S. D., for a few weeks' visit with friends and relatives.

Mr. and Mrs. C. Israelson of Bronson, Minn., arrived in this city last Saturday evening for a several days' visit at the homes of their daughters, Mrs. Henry Holt and Mrs. Martin Bothun.

Mrs. Alfred Glanville, nee Miss Florence Berg, of this city, arrived here last Friday evening from her home in Duluth to visit at the home of her parents, Mr. and Mrs. John C. Berg.

Mr. and Mrs. O. Benson, of Ada, motored to this city last Friday and were guests at the home of Mr. and Mrs. Hans Hermanson for a few days returning to their home Monday afternoon.

Mr. and Mrs. Oscar Sponheim and son Harold, Mr. and Mrs. Olaf Ramstad, Mrs. Ila Reynolds and daughter, Marian, leave Monday morning for Detroit. They have rented a cottage on Lake Lorring and will spend a month at the lake.

Miss Olga Stande arrived in this city from her home in Mahnomen last Saturday evening for a brief visit with friends. Miss Stande, who formerly was employed in the Neset Jewelry store, now has a position as bookkeeper in a garage in Mahnomen.

Miss Millie Aspelund arrived in this city Saturday evening from Adams, N. D., where she is employed in one of the dry goods stores, for a few days' visit at her home and with her brother, George, who left Monday with the drafted boys for Camp Grant.

Lawrence Coyne returned to Fort Francis, Ont., Canada, Monday morning after a brief visit in this city with friends. Mr. Coyne returned last fall from France where he was wounded in service with the Canadian troops and given an honorary discharge. He is now railroading on a Canadian road on which he was employed for ten years before enlisting in the service.

USE LESS BEEF!

F. H. Herrick, secretary of the Thief River Falls Grocery Company, has received the following from A. D. Wilson, State Food Administrator, and requests that the contents be given the proper consideration by the people of Northwestern Minnesota:

UNITED STATES FOOD ADMINISTRATION
Federal Food Administration For Minnesota
A. D. WILSON
University Farm, St. Paul

June 14, 1918.

Dear Fellow Workers:—

Further restrictions as to beef consumption for both hotels and households are requested in this message today from Mr. Hoover:

"The demands for beef for our army and the allied armies and their civil populations for this summer are beyond our present surplus. On the other hand, we have enough increased supply of pork this summer to permit economical expense in its use. It will therefore be a direct service to our armies and the allies if our people would in some degree substitute fresh pork, bacon, hams and sausage for beef products. We request all hotels and restaurants not to place on their menus or serve boiled beef more than two meals weekly, beef steak more than one meal weekly and roast beef more than one meal weekly. We ask householders not, under any circumstances, to buy more than 1¼ lbs., of clear beef weekly, or 1½ lbs., including the bones, per person in the household. The public will realize that the changing conditions of production from season to season, the changing situation in shipping and therefore of the markets available to the allies, and the increasing demands for our growing army with the fluctuating supply of local beef in France, all make it impossible to determine policies for long periods in advance. We have recently asked for economy in all meat consumption. We wish now to emphasize further reduction of beef by the substitution of pork. It is anticipated that it will hold good until September 15th and the cooperation of the public is most earnestly requested."

(Signed) Hoover

Will you please call this to the attention of all of the people of your community with whom you come in contact?

Very truly yours,
A. D. WILSON,
Federal Food Administration for Minnesota.

Space donated by Thief River Grocery Co., distributors of No-Vary Food Products.

SAVE and SERVE
ARMY NAVY

The order of Celebration on Independence Day

EVERY year the plea to make Fourth of July celebration "Safe and Sane" has been urged—this year our own sons are actually paying with their lives to make every day, everywhere, safe and sane.

THEREFORE, it seems only fitting that we at home should more than ever this year, refrain from extravagant and meaningless celebration—instead, let's stock up with Thrift Stamps in place of firecrackers and War Savings Stamps in place of the bigger cannon crackers of years gone by.

LET'S put the money in the hands of Uncle Sam—he'll buy the fireworks—our soldier boys will do the firing, toward Berlin.

Citizens State Bank
Resources Over $600,000.00

If your farm loan is coming due this year, or if you wish a new loan, your government will supply the money at 5 1-2 per cent through the Federal Loan Bank. Make application to

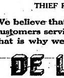
Thief River Falls



Save $10 to $15 per cow a year with a De Laval

Oen Merc. Co.
THIEF RIVER FALLS

We believe that it pays to give our customers service and satisfaction; that is why we want to sell you a

DE LAVAL
CREAM SEPARATOR

Here's why the De Laval is the cheapest machine to buy:

It will pay you in cream saved from $3 to $5 a cow every year over an inferior or half-worn-out cream separator.

It will pay you in cream saved from $10 to $15 a cow every year over gravity skimming.

It will give you a heavier and better cream, the kind the creameryman wants, the kind that gives you more skim-milk for your stock.

It will last two to ten times as long as other cream separators. Figure it out for yourself and you will see why the De Laval is the most economical.

And added to it all is the immeasurable satisfaction of owning a machine that "works like a charm" 365 days in the year.

We know that when we sell you a De Laval we sell you a machine you'll be proud to own. We sell them on liberal terms. Come in and talk it over.

Try The "Want Ad Way"

Returned From Trip.

Mr. and Mrs. H. O. Loken returned Saturday morning from a visit of three weeks to eastern points. They visited Minneapolis, Chicago, Cleveland, Buffalo, Washington and New York, Mr. Loken having business to look after in these different cities. They had a delightful journey, making the trip from Cleveland to Buffalo by boat. Although the trip was primarily one of business so far as Mr. Loken was concerned, they managed to find time to view some of the country's most famous places of interest, including Niagara falls, Statute of Liberty, national capital, hall of the house of representatives and many others.

WOOL Wanted!

For the next ten days we will advance 55 cents per pound on all wool free of tack. Balance will be forwarded as soon as government has graded stock. We will ship within the next ten days. For ten days we will pay—

4 to 6 CENTS RUBBERS

If you have any scrap iron see us before selling. Or if you live close to Mavie see C. W. Nelson.

Thief River Hide & Fur Company
Thief River Falls, Minnesota.

COURT STARTS ON JUNE TERM GRIND

There are 26 civil cases on the court calendar for the June term, which convened on Tuesday morning with Judge Andrew Grindeland of Warren presiding. Out of the total number of civil actions just one-half are now, the remainder having been continued from last term. Eleven of these are brought by the Maple Lake State bank and are the out-growth of the difficulties in connection with the Farmers' State Bank of Holt. The actions were originally brought in Marshall county but were transferred by agreement.

There are three criminal cases on the calendar—one continued and two brought on appeal from verdicts rendered in the municipal court. The grand larceny charge against Earl Long was continued from last term and the appealed cases are State against Matt Urschitz, and the other is brought against Ed. Osgood, Forest Hedrick and John Nelson, assault being charged in both instances.

Few Cases Tried.

The only case reaching trial up to last evening was the action for $5,000 damages brought by O. W. Brink against Milo G. Drake. This grew out of a law suit in the municipal court in which Brink was accused by Drake of having stolen a quantity of hay. The former was acquitted and now brings action against his accuser for damages to his character.

All the Maple Lake bank cases above referred to were continued until later in the term by consent.

A settlement was reported pending in the case of Hans Jerdoo against E. O. Mogensen.

At the request of City Attorney Quale, the case of the city against B. E. Dalquist was stricken from the calendar.

In the case of the Nortz Lumber company against The Prichard company, it was agreed that the matter was to be heard by the court at any time on 20 days' notice.

The grand jury was discharged on Tuesday after one day of work, without reporting an indictment.

Our First Chinese Baby.

Mrs. King Hoo returned to this city Monday evening from her parental home in Grafton, N. D., with her baby girl, born May 23rd at Grafton. Mrs. Hoo was accompanied here by her mother, Mrs. John Cheu and her sister, Miss Mary Cheu of Grafton, who will visit her for a few weeks.

This little girl is, so far as known, the first baby born to Chinese parents in this section of the state and Mr. and Mrs. King Hoo are the recipients of more congratulations than falls to most people, even upon the advent of their first-born. The father is one of the proprietors of the Thief River Cafe.

Store Building Enlarged.

The clothing store of Maurice Giller has been enlarged by the addition of a new section 25 feet in length and full width of the older store. This gives Mr. Giller a room 85 feet in length, with ample provision for light at both ends. A full basement has been placed under the building, it being the intention to use this for storage purposes. Mr. Giller has purchased heavily for summer and fall and the goods are coming in so fast that the new basement will come in very handy. With the new front recently completed the store presents a vastly improved appearance both from the outside and inside.

Regular Meeting.

The regular monthly meeting of the Pennington county Red Cross chapter will be held on Monday evening. On Friday there will be a meeting of the directors.

Red Cross Meeting.

The Cloverleaf auxiliary of the Red Cross will meet at Mavie hall on Monday evening, July 1. As business of importance is to be discussed it is very desirable that all members be present.

NOTICE.

All persons desiring to get gravel from my gravel pit must first call at my house and pay for the same. Anyone taking gravel without first paying for it will be prosecuted.

LOST—Two small black and white pigs. Finder notify M. T. McFarland. —J-27.

Will Remain During War.

Mrs. L. P. Kane of Hinsdale, Mont., daughter of Mr. and Mrs. N. J. Anderson, arrived in the city the first of the week and will remain here for an indefinite period. Her husband enlisted from his state a short time ago and Mrs. Kane has returned to the parental roof to await the end of the war. So far as known this lady is the first to return to Thief River Falls under exactly these circumstances although there are a number of residents whose husbands have answered the call of country and who have returned to the home of their parents. If the war continues it is certain that instances of this kind will be much more numerous.

Card of Thanks.

We, the undersigned, do hereby express our most sincere thanks to one and all who were present at our picnic in the Town of Numedal, Sunday June 16, and helped to make this the grand and splendid success that it really turned out to be. We also desire to extend to the Thief River Falls Brass band, our most hearty thanks for the excellent music furnished during the afternoon. And to all the ladies who so generously contributed to this picnic, we want to extend our greatest appreciation.

Again thanking you one and all, we are yours most respectfully,

ALFRED FORSLUND,
OLOF LARSON,
TURE BLOMBERG.
Committee of arrangements.

August Lautenbach.

August Lautenbach, one of the oldest of the sturdy pioneers of the Township of Silverton, died at his home Friday, June 14th, after an illness of but a short time. Mr. Lautenbach was born in Sekugsfeldt, Germany, August 30th, 1846. He came to America with his parents when fourteen years old, but his mother died before reaching this country. He and his father took a homestead in Clark county, Wisconsin, and on October 27th, 1870 he was married to Miss Johannah Standt, who is left to mourn his death. He was the father of ten children, six daughters and four sons. His sons have all preceded him in death. Though 71 years of age, Mr. Lautenbach was closely in touch with the life and work of his children whose education and welfare he so lovingly supervised. His kindly thought and unselfish devotion to others will long be remembered. The sympathy of the whole countryside goes out to the bereaved widow and relatives of the deceased.

Relatives who are left to mourn his death are his wife and six daughters, namely: Mrs. Gust Becker, Osage, Ia.; Mrs. Harry Wheeler, Estevan, Canada; Mrs. Dan Schreck, Crookston; Mrs. Gus. Geske, Mrs. Albert Geske, Miss Alvina Lautenbach of this city; a brother Carl, Marshfield, Wis.; and twenty-eight grand-children. The funeral services were held Tuesday afternoon of last week from the German Lutheran church of this city, with Rev. F. J. Seltz officiating, and interment made in the Greenwood cemetery.

Bye-Larson.

Miss Evelyn Larson and Henry Bye, both of the town of Star, were married at the office of Judge of Probate Wilhelm Michelet on Tuesday afternoon. The young people are well known and most highly regarded in the eastern section of the county, where they will continue to make their home.

Propp-Adolphs.

A wedding of much local interest was that of Miss Lena C. Adolphs, daughter of Mr. and Mrs. Gottfried Adolphs of this city and Rev. George B. Propp, pastor of the German Lutheran church at Ogema, Minnesota at four o'clock on Tuesday afternoon, June 25th, at St. John's German Lutheran church of this city. Rev. F. J. Seltz was the officiating minister.

Miss Esther Adolphs was her sister's maid of honor, and Miss Elda Propp, of Echo, Minn., was bridesmaid. The groom was attended by his brother, Rev. Reuben Propp, of Echo, and Rev. Paul J. Seltz, of McIntosh. The bride's dress was of pearl white crepe de meter trimmed with bridal veiling. She wore a chiffon veil caught in cap effect about her head and carried a pretty shower bouquet of white bride's roses. The dress of the maid of honor was of pale blue crepe de chene and was pretty in its simplicity. She carried pink and white roses. Miss Propp wore a dainty gown of delicate pink and also carried pink and white roses. The bridal party marched down the church aisle as Lohengrin's wedding march was played by Mrs. H. B. Roemhildt of this city, and the bride was presented to the groom at the altar by her father.

Following the wedding an elaborate dinner was served in the church parlors to sixty-five guests. Appointments were in pink and white, pink and white carnations and sweet peas being the floral decorations. Pink crepe paper and ferns were used profusely. Ferns were prettily arranged on the table cloths of the three long tables and pink was the predominating color of the table decorations with sweet peas and carnations forming the center pieces. Pink crepe paper poppies decorated the electric lights. Rev. F. J. Seltz was toastmaster at the dinner.

An informal reception was given at the home of the bride's parents, 309 11th street east, during the evening and the newly-wedded couple were showered with beautiful gifts. Out of town guests were: Rev. Wm. Kampschmidt, of Roseau; Rev. and Mrs. H. Am End, of Wylie; Rev. Otto Brauer and family of Mahnomen; Rev. E. A. Schuett, of Crookston; Rev. Otto Schulz of Goodridge; Mr. and Mrs. M. Fricker, of St. Hilaire; Mr. and Mrs. W. Steinhauer, of Holt; Mr. and Mrs. John Meier, and Miss Olga Fricker of Bemidji and Wm. Keutzer, of Windom.

Miss Adolphs, who was a student at the Lincoln high school in this city, finished her two years' nurses training in the Physicians' hospital a few weeks ago. Rev. Propp is pastor of the German Lutheran church at Ogema where a fine new church has just been completed and dedicated. Rev. and Mrs. Propp will be at home in Ogema after August 15th. They left this morning by auto for Rev. Propp's parental home in Echo, Minnesota for a brief visit. They will also visit in Waconia, Itaska State Park and several places thruout the state, making the entire trip by car.

More Local Items

Mr. and Mrs. A. K. Hamer and little daughter arrived in this city last evening from their home in Harvey, N. D., for a two weeks' visit at the home of Mrs. Hamer's parents, Mr. and Mrs. Geo. B. Doland.

Word has been received here this week from Al Brink of St. Hilaire, who left last December and enlisted in the infantry at Camp Dodge. He has recently landed "somewhere in France," and is with the 627th Infantry Band as cornetist, headquarters company. He is the third son of Mr. and Mrs. Ole Brink of St. Hilaire to be in the service over there. Tuty Brink has been in England since early winter in the aviation corps, Mauritz Brink, of this city, is now also in France in the signal corps.

James Paranteau leaves Sunday morning for St. Vincent, Minn., where he will spend the summer on the farm of his brothers, Peter and Frank.

A number of the boy scouts of this city, together with three from St. Hilaire, left last Monday for Union Lake where they camped three days. They were accompanied by their scout master, David Gustafson. The boys took long hikes about the lake and had swimming races several times a day. Those who left from this city were: August Langseth, Henry Volesky, Norman and Henry Mellum, Geo. Oppie, John Henry, Bob McGinn, Richard Zeh, Elry Berk, Edward Fiterman and their patrol leader, Earnest Barzen.

POLITICAL ANNOUNCEMENT

(Inserted by W. J. LaBree, candidate for sheriff and to be paid for by him at the rate of ten cents per line.)

I hereby wish to express my thanks for the good will indicated toward my candidacy in the primary election on June 17, and respectfully ask that I may have the continued support of the voters at the general election in November.

Respectfully,
W. J. LaBREE.

[illegible]D MAN UNDER CAPSIZED AUTO

GUST OLSON, RESIDING NEAR ARGYLE, INSTANTLY KILLED ON WARREN ROAD.

DISCOVERED BY DR. MELLBY

SIDE OF CAR ACROSS MAN'S NECK, CAUSING DEATH BY STRANGULATION.

Gust Olson, a well-known farmer residing near Argyle, was found dead under an overturned Ford car about five miles east of Warren on the Th[illegible] River Falls road last Sunday [illegible]ning. The discovery was made [illegible] Dr. O. F. Mellby of this city, who [illegible] returning from a visit at the [illegible] county seat, accompanied [illegible] family.

Death By Strangulation.

Dr. Mellby made a hasty examination on the spot and again later when called to take the place of the coroner of Marshall county, who was away from the city at the time. It is the opinion of the physician that death was caused by strangulation as the side of the automobile rested across the man's neck and the discoloration of the face gave every indication that this was the cause of death. The neck was not broken, in the opinion of the doctor, although no thorough examination to determine this was deemed necessary.

Had Booze Aboard.

It is the opinion of Dr. Mellby that the man had been dead six hours at least when discovered. In the car was found a quantity of whiskey and it has been learned that deceased was at Red Lake Falls on the day previous to the accident. He was not, however, a heavy drink[illegible] according to men well acquainted [illegible], and they deem it improb[illegible] that his condition at the time [illegible] primarily responsible for the ac[illegible]. It had been raining and the road at the spot where the body was found is very slippery under such conditions. A strictly sober man could very easily have gone off the grade in the dark, according to persons who travel the route.

Deceased bore an excellent reputation in his home community and was a well-to-do, progressive citi[illegible]

CHAIRMEN RECEIVE HONOR RECOGNITION

GENEROUS RESPONSE TO LIBERTY LOAN APPEAL BRINGS CHAIRMAN'S THANKS.

A [illegible]utifully engraved acknowledgment has been received from State [illegible]airman Arthur R. Rogers by County Chairman George G. Johnson, who [illegible] charge of the Third Liberty [illegible]n campaign in Pennington coun[illegible] The inscription on the acknowledgment reads:

"Liberty Loan Executive Committee, Ninth Federal Reserve District. It is an honor as well as a pleasure, [illegible] ask you as chairman, to convey to [illegible] citizens of your community my congratulations on the splendid results achieved in the Third Liberty Loan campaign.

"This generous response to the country's call is an emphatic expression of the loyalty of your citizens. You can point to this flag, awarded by the United States Treasury Department, which we are sending you today, with just pride as an emblem of service and a realization that each good American in your community has done his or her part in the struggle for Democracy."

Every township in Pennington county went over the top in the Third loan drive and each will receive an honor flag. These are expected to ar[illegible] within the next day or two and [illegible] once be distributed by Chair[illegible] Johnson.

[illegible]ies of the above acknowledg[illegible] have also been sent chairmen [illegible] each ward and township in the [illegible]unty.

NOW HANDLES ALL EXPRESS BUSINESS

ONE COMPANY, AUTHORIZED BY GOVERNMENT, BEGAN OPERATING JULY 1.

The express business of the nation will hereafter be handled by a single company. The Western Express company, operating in connection with the Soo lines, and the Great Northern Express company, both of which have maintained offices in Thief River Falls, have leased their properties to the Consolidated Express corporation, [illegible]thorized by the government. This [illegible]se is for the period of the federal [illegible]trol of the railroads and the new [illegible]zation took over the business [illegible]onday of this week.

[illegible] ten per cent raise in express [illegible] has also been authorized by the interstate commerce commission, to take affect of even date w[illegible] the consolidation. The company desired an increase of 15 per cent, but this was denied.

The express office at the Great Northern depot will be discontinued and all business will hereafter be transacted at the former office of the Western at the Soo depot.

The horizontal raise of 25 per cent in freight rates went into effect last week and will make a considerable difference in the cost of doing business. The minimum charge on any kind of a freight shipment now is 50 cents, which will have the effect of lessening the number of small packages going short distances. The result of the new program will very likely be that the parcels post will be utilized to a greater extent than ever before.

More Government Control.

Legislation to authorize government control and operation of telegraph and telephone systems during the war has been approved by President Wilson, and leaders at the capitol prepared for its immediate consideration *with a view to action if* possible before the congressional recess this week.

FIRST THIEF RIVER MAN IS WOUNDED

THIS DISTINCTION FALLS TO LEO A. MILLAR OF THE MARINES.

The first man from Thief River Falls to be wounded in action in Europe is Leo A. Millar, son of Mr. and Mrs. Alexander H. Millar, 704 Conley avenue south. A letter received from the officials in charge of Hospital No. 8, American Red Cross, dated June 10, simply conveys the information that the young man was wounded in the right shoulder. It is not thought that there was danger of any serious results or some knowledge of the matter would have been transmitted.

Mr. Millar, senior, is of the opinion that the wound was received in the battle of Cantigny, where the marines distinguished themselves in driving back the enemy. This was during the early days of June and would correspond pretty closely to the date of the letter.

Leo Millar was among the first to go from this city when the call for men came. He enlisted in the Marines and was stationed at Mare Island before leaving for France. He is a member of the 79th company, Sixth regiment.

Close Two-Day Session.

"Satelags Stevnet" closed a two-day convention at the Auditorium in this city on Friday evening. The attendance was good but did not reach the number anticipated. Traveling for pleasure is not very highly recommended by the government at this time and besides costs a great deal more money than formerly. People are generally also very busy just now and do not care to take the time to visit around to any extent.

The meetings were interesting and the program of songs, addresses, musical numbers and dances very good. The big session of the meeting was held on Thursday evening, a large crowd being present. The weather was not particularly favorable for the auto tour in the afternoon and most of the delegates preferred to stay indoors. All went away well satisfied with the meeting and much pleased with the treatment accorded them by the people of the city.

MERGER OF PHONE LINES COMPLETED

NORTHWESTERN CO. FORMALLY TAKES CHARGE OF ALL BUSINESS IN CITY.

There has been but one telephone company transacting business in Thief River Falls since Monday morning, that being the date set for the taking over of the Tri-State properties by the Northwestern company. The latter concern has been maintaining a long distance toll station here for years, the local business being handled exclusively by the Tri-State. In the division of the state permitted by the courts the northern half was assigned as the field of the Northwestern and the larger concern at this particular point is the one absorbed.

George L. Sterns, who has been local manager of the Tri-State for many years, will continue in that capacity under the new arrangement. The switchboard and equipment of the Northwestern have been moved to the larger quarters of the Tri-State in the Auditorium building and the operators employed at both exchanges retained.

The new arrangement will meet with the unqualified approval of the patrons. It will provide for both local and toll business to all points being handled through one central and do away with a duplication of instruments and accounts.

Mr. and Mrs. John Bratrud are expected to return to their home in this city the latter part of this week from Chester and other points in Iowa, and the Twin Cities where they have been visiting for two weeks.

SPUD GROWERS READY TO BUILD

INSPECTION TOUR CONVINCES THEM THAT WAREHOUSE HERE IS NECESSARY.

COWS, CLOVER, POTATOES

FIND THAT THIS COMBINATION CONSERVES SOIL AND INSURES PROSPERITY.

The Pennington county Potato Growers' association, in co-operation with the farm bureau, has again shown the value of its interest in the *development of the potato industry* in this county. A committee of eleven have just returned from an auto tour of Clay county where they visited some of the leading growers of the state, inspecting all of the better class warehouses enroute. Much interest was shown in farm storage as well as the larger co-operative houses. Warehouses were inspected at Fertile, Gary, Ulen, Hawley, Gyndon, Sabin and Moorhead. All these are fully equipped with the necessary modern machinery.

Visited Stock Farms.

Several pure bred herds of livestock were visited, including the famous world record and show herds of Schroder and Schree at Moorhead. Hans Anton of this county has a herd sire from one of the leading cows of the latter herd. She is one of the leading cows of the breed having made a state record as a two-year-old.

On the return trip a short time was spent at the Northwest school and station at Crookston where the livestock and experimental crops were inspected.

Want Warehouse Here.

Many who made the trip feel that they should have a potato warehouse of their own, or at least one in their community, and it is possible that two such houses will be built this season. A movement will be started at once to see if it is possible to construct a co-operative warehouse at Thief River Falls. Many of the small towns of Clay county have five or six such houses.

The Value of Rotation.

Those making the trip were Mr. and Mrs. A. E. Anderson, who left the party at Halstad and took a side trip to Pekin, N. D.; Hans Anton, Fred Beerbower, Nils Anton, Henry Koop, Paul Engelstad, Ben Rosendahl, Ross White, S. O. Lee, Peter Engelstad and O. Gunderson. These men have over two hundred acres in potatoes this year and the investigation was one of vital significance to them.

One of the striking features of the trip was the splendid condition of the crops on the farms where potatoes played an important part in the rotation. These farms were invariably cleaner, had better and more even stands and healthier looking crops. A combination of potatoes, corn, and dairy cattle seemed to be proving the most profitable in the section covered on this tour. All had such an interesting time that before home was reached they were planning on when they could make another tour of this kind.

Swedish Synod's Service Flag.

Rev. Albin A. Larson, of the Swedish Lutheran church, returned this week from attendance at the dedication of the service flag in honor of the young men of that church affiliation who have entered the army. This banner contained 10,810 stars and is the roll of honor of the Augustana Synod. This enumeration does not pretend to be correct at this time, there having many been called to the colors since the count was made. Thief River Falls, for instance, is not represented at all, although it is known that over 20 members of the Swedish church here are in the army or navy. In the big flag dedicated there were 20 gold stars, this being the number having paid the extreme price of patriotism.

AUTO TURNS OVER; DAMAGE IS SLIGHT

ESCAPE OF PASSENGERS MOST REMARKABLE—ONLY ONE HURT.

Christian Engelstad is nursing a cracked arm and looking after a deep gash in one of his legs, counting himself lucky at that. An automobile in which he was riding with Gordon Gunderson and Misses Bertine Soverson and Irene O'Hara turned over twice with the entire load of passengers on the state road on Monday evening, before it finally came to rest at the bottom of the grade. That no one was more seriously hurt must be accounted most fortunate.

The party was coming into town from the east and was about a mile from the city limits when the accident happened. Something went wrong with the lighting system and Gunderson, who was driving, had considerable difficulty in discerning objects ahead, as the night was quite dark. In attempting to pass a car coming in the opposite direction he miscalculated the distance from the edge of the road and the machine went over. The grade at this point is very steep and the auto made two complete turns before finally coming to a stop.

While all the members of the party were considerably shaken up, Engelstad was the only one to receive injuries at all serious.

T. Glenn on the Job.

You can't keep a good man down. A genius is bound to come to the surface some place or other. In this connection it is noted that T. Glenn Harrison, former Thief River Falls newspaper man, civic investigator and amateur actor of sorts, has been playing quite a prominent part in the closing of the saloons at Blooming Prairie. Glenn is now a lieutenant and aide to Adjutant General Walter F. Rhinow, and as such accompanied the commander and 15 soldiers when they went to the Steele county town to put the booze joints out of business.

FREE ATTRACTIONS AT COUNTY FAIR

ALSO DECIDED TO CHARGE NO ADMISSION ON THE FIRST DAY.

In spite of the war there are still very excellent amusement features to be secured for county fair and similar purposes if one knows where to look for them, and the directors of the Pennington County Agricultural association have secured one of the best. The Harrison Carnival company has the reputation of presenting some of the most novel features along this line that are to be found in the country. For this reason the company has been selected as the one to have charge of this important matter at the fair.

The management has decided that no admission fee is to be charged on the first day of the fair, which is Monday, August 5. This will be "free day," and not only will it cost nothing to get into the grounds, but there will be a series of free acts and entertainments put on that no fair in this section will be able to duplicate. Among these are Gus Anderson, slack wire performer, acrobat and clown. The Great Rosards, comedy acrobats, one-wheel equilibrists, etc. A wonderful high-diving dog. "Maud" the burlesque mule. A dog, goat, pony, monkey and bear circus. "King William," the only high-diving goat in the world. This is only a partial list.

Make your preparations for attending now. Let nothing prevent your being in Thief River Falls during the first week of August.

NONPARTISANS WIN IN NORTH DAKOTA

ENTIRE TICKET HEADED BY GOV. FRAZIER SUCCESSFUL IN PRIMARIES.

The entire Nonpartisan ticket, state and congressional, was nominated in the Republican primaries last week in North Dakota.

Governor Lynn J. Frazier, Nonpartisan, who took the lead over John Steen, Independent, as returns came from the rural precincts Thursday, steadily increased that lead until it neared the 15,000 mark.

In the congressional race, in the first district, Congressman J. M. Baer's final majority was nearly 800 over Henry Vick; in the Third district J. H. SinClair had approximately 700 over P. D. Norton, while in the Second district George Young was successful over John Hanchett by a vote of three to one.

As for the legislative assembly, the big majority polled by the Nonpartisans carries the legislative ticket endorsed by the league onto the general election ballot. The Independents were able to hold the Nonpartisans only in some of the heavier populated centers.

Must Fight or Work.

It is not likely that there are many actual loafers in Pennington county, but if such there be they had better hunt a job or a recruiting station at once.

Every red blooded American citizen in the county has been asked to help in the search for loafers and report the same to the county attorney. This request comes from the safety commission which finds it necessary to do this in order to utilize to the best advantage the human energy of the state of Minnesota for purposes essential to the prosecution of the war. Every able bodied man in Minnesota must work and persons violating this law may be found guilty of a misdemeanor and punished by imprisonment in the county jail for a period of not more than three months or a fine of not more than $100. The only persons exempt are children under sixteen years of age, a bonafide student in actual attendance at some recognized educational institution or proceeding with his training for some useful occupation, or persons usually employed but only temporarily out of work owing probably to some difference with the employer.

NEW TRACTOR ON TRIAL SATURDAY

FOOD ADMINISTRATION WILL HAVE CHARGE OF FORDSON DEMONSTATION.

AWAITED BY THOUSANDS

MACHINE PUT OUT AT ACTUAL COST CREATING UNUSUAL INTEREST.

Saturday will see the greatest gathering of farmers in Thief River Falls ever seen in the history of the city. They will come from all directions to witness the demonstration of the new Fordson tractor which will take place here on that day.

Have Awaited Event.

Ever since it was announced that Henry Ford and son would manufacture a farm tractor and place it in the hands of the American farmer at actual cost of production interest in the forthcoming event has been very great throughout the farming sections of the Northwest. Some time ago it was announced that demonstrations by factory experts would be carried on at three central points in this section and this city has been selected as one of these, the other two being St. Paul and Fargo.

This tractor was constructed to supply a national demand. It was recognized that something must be done to increase the crop acreage of the country and the opinion of experts was that nothing would do this so effectively as the production of a low-priced tractor. Mr. Ford at once took the matter up and the Fordson is the result.

Is Low in Price.

The price of the new machine will be $750, this being the actual cost of production. The Fords state that they will charge no profit and the agents are prevented from receiving one cent in commission. The factory cost, plus expense of delivery, is what the farmer will pay, regardless of where he may live.

Food Administration in Charge.

These machines are distributed under the supervision of the Minnesota Food Administration and only a limited number can be alloted to each county. This number will undoubtedly be increased later, but at present the entire output is distributed pro rata. The first machines will be grabbed up quick but Ford efficiency is behind the production and it is safe to predict that the machine will be produced as fast as needed when the factory gets properly going.

Entire Region Notified.

M. T. McFarland of the McFarland Auto company, local agents for Ford cars will be in charge of the distribution locally. At his own expense, Mr. McFarland has sent large posters announcing the demonstration to all nearby sections, has called the farmers by telephone and is running an announcement in The Times today. To judge by the number of inquiries he has received, every farmer in the section will be here Saturday to see the new machines tried out.

NO MORE BENEFITS FOR THE PRESENT

RED CROSS CHAPTERS ADVISED TO LET PEOPLE REST FOR A WHILE.

Chapters of the Red Cross in the Northern division, which comprises the states of Minnesota, Montana and North and South Dakota, are being urged by headquarters in Minneapolis to cut down entertainments to raise money for the next few months, Frank T. Heffelfinger, chairman of the division said on Monday.

The response to the second war fund campaign of the Red Cross was so generous that officials in Washington feel that it would be desirable to have the chapters refrain from any further solicitations of funds for some months to come, he said.

"The impression created by the attempt to raise funds by special entertainments following so closely the national war campaign is apt to be unfortunate," he quoted from a telegram from Washington headquarters. "We are apt, also, to be criticised if too soon after the war fund campaign the public is asked to patronize entertainments of one sort or another for the benefit of the Red Cross."

SCARCITY OF TAME HAY IS THREATENED

That there will be a scarcity of tame hay in northwestern Minnesota this year is almost certain, and the farmer is warned to protect himself in every way possible. Last year was particularly hard on meadows because of the lack of rain throughout the greater part of the growing season. The fall rains were insufficient and much hay land was burned out to such an extent that the owners plowed it up this spring and seeded it to grain. The demand for more wheat also has had the effect of turning much hay land to the production of this grain, all of which naturally makes for a shorter fodder crop. The present season has been fairly good for hay but it is certain that large quantities will have to be shipped in unless the farmers make provision for harvesting the never-failing supply of wild hay available on the natural meadows.

Pennington county was one of the few districts having hay to ship out last year. Hundreds of carloads were cut and baled on the lowlands in the eastern part of the county, the harvest extending over many weeks. That this will again have to be done is certain. The outlook is certainly not more favorable than a year ago and hay is worth much more money. Last year we raised hay enough for our own needs, but it is doubtful if this can be managed this season. It is therefore very important that the wild supply be harvested. The fore-handed farmer will not hesitate in making the arrangements necessary to insure himself of enough fodder to carry his stock over until another harvest can establish the old ratio in tame hay production.

DIRECTED VERDICT IN DAMAGE ACTION

MRS. EDGAR NOT ENTITLED TO RECOVER $25,000 FROM FIRST NATIONAL.

Judge Andrew Grindeland on Saturday directed the jury in the case of Mrs. W. F. Edgar against the First National bank to render a verdict in favor of the defendant. Mrs. Edgar sued the bank, the City of Thief River Falls and C. M. Carlson for $25,000, claiming that injuries sustained by her were due to carelessness on the part of the defendants.

Mrs. Edgar was injured on the night of June 19th while returning to her home from a visit to a friend. In passing the First National bank building, which was then in course of construction, she fell into one of the embrasures cut into the sidewalk for the basement windows. The claim was set up that the bank, the city and the contractor permitted the walk to become and remain dangerous for travel without surrounding the premises with sufficient safeguards.

The hearing occupied the greater part of three days before Judge Grindeland and a jury.

Convenes on the Ninth.

The jury cases were all disposed of before court adjourned on Friday evening. The court cases still remain on the June calendar and these will be heard by Judge Grindeland on the 9th.

WRECKED CIRCUS IS BETTER THAN EVER

DAMAGE WAS MOSTLY TO EQUIPMENT AND EASILY REPLACED PROPERTIES.

When the Hagenbeck-Wallace shows appear in Thief River Falls next Wednesday, July 10, no one will be able to tell that the organization recently went through the most disastrous railroad wreck that has been experienced by a show of the first class in many years. The damage done, while running into the thousands of dollars, was mostly to equipment and properties. First reports were to the effect that many of the wonderfully trained horses had been killed, but such is not the case. Some horses were lost, but nearly all the performing animals were aboard the first section of the train which arrived at its destination without accident.

Very few performers were injured. It was at first reported that some of the most famous bareback riders and acrobats with the show ~~had~~ been either killed or injured, but later it was discovered that they had nearly all escaped. Every break in the wonderful lineup has been filled and the show will appear in Thief River Falls in even better shape than when it started out on the road early in the spring.

No Candidates Yet.

Next Monday is the last day on which nominations for school directors may be made and as yet there are no candidates. Names may go on the ballot by petition for another week, but interest in the matter is not very keen. The terms of Dr. F. H. Gambell and C. A. Pitkin expire at this time. The former says that he is not a candidate for the place, but that if the people see fit to retain him he will consider it his duty to remain. He would rather, however, that another shoulder the responsibility for awhile. Mr. Pitkin states positively that he will not again be a candidate.

In New Quarters.

The offices of the Empire Farms company were this week moved from the Citizens State bank building to the building owned by the concern on Main avenue between Second and Third streets. The place has been remodeled and refitted throughout and is easily one of the finest real estate offices in this section. To the rear of the spacious main office are the private rooms of Thos. A. Way and F. F. Haynes, the entire arrangement being both attractive and convenient.

FINAL POSITIONS IN DRAFT LIST

SECRETARY BAKER BLINDFOLDED SELECTS ROTATION OF THEIR CALL.

BURGRAFF IS FIRST HERE

TWO PRECEDING NO. 10 NOT COVERED BY PENNINGTON REGISTRATION.

America's class of 1918 stood at attention today as the numbers assigned to each young man attaining *his majority in the year ending* last June 5, were drawn in the national draft lottery.

The historic events of a little less than a year ago was represented again today as from the large glass bowl in a committee room of the senate office building, were drawn the numbers representing 744,500, the majority of whom, within a few months, will be enrolled in the forces fighting for democracy and against Prussianism.

Baker Draws First Number.

The drawing of the numbers to determine the order in which the youths of the class of 1918 will be called to military service was conducted with much the same ceremony which marked the great drawing of a year ago.

The first number drawn was 246. As the registration in Pennington county only totalled 87, interest here naturally centers on the rotation in which the numerals under that figure were drawn out. The first to be released from its gelatine capsule and coming under 87 was number 10. This is held in Pennington county by Clarence B. Burgraff, an employe of the Soo railroad, whose home was formerly Mahnomen.

The Rotation of Call.

Following is the order in which the boys will be called for examination and which will also be followed as closely as circumstances will permit in the selection for service. The fig-

(Continued on page 12.)

GOOD PRICES PAID FOR NATIVE SHEEP

PENNINGTON COUNTY RAISER SELLS ENTIRE FLOCK AT $27.50 PER HEAD.

News has just reached here of the biggest sheep deal ever recorded in Pennington county and the figures give some idea of the importance to which the industry has grown without any great amount of fuss having been made over it.

J. A. McEnelly of Reiner township, owned 91 head of sheep. They were very good animals but no better than those any other man should own if he gave a little of his attention to this highly profitable and interesting business. A buyer came along and offered Mr. McEnelly an average of $27.50 per head for the critters right on the hoof and he considered this a good enough price to warrant him in letting go. The total footed up to $2,502.50, which is a pretty good live stock deal.

Mr. McEnelly turned right around and purchased 27 head in order to begin all over again. He says that he would not be without sheep on the place and believes that the Pennington county farmer who does not go into the business, to some extent at least, is making a mistake. It is but little trouble to keep 50 or 100 head of these animals on the place and they will grow fat where almost any other class of live stock would starve to death. They thrive on the sow thistle and other weeds and are worth their keep for this reason alone. In the fall and spring they will follow the harrow and keep down every vestige of weed growth. Sheep will begin looking out for themselves earlier in the spring and keep going until later in the fall than any other farm animal. In the coldest weather all they ask is something to shield them from the wind and they will keep in good condition on a very small amount of the kind of feed that runs into money.

Mr. McEnelly is an enthusiast on the subject and it would be well for the section if there were more like him.

GRANTS EXTENSION TO FARM WORKERS

ALL REGISTRANTS ACTUALLY ENGAGED IN HARVESTING TEMPORARILY EXCUSED.

Governor Burnquist Saturday directed Adjutant General Rhinow to grant all draft registrants engaged in farm work extensions until August 15 or later that the harvest of Minnesota's big crop may be insured against delays.

No registrants actually engaged in crop production will be inducted into service before that date, General Rhinow said, after a conference with the governor and additional extensions will be granted if conditions demand.

EDITORS HELPING RECRUITING WORK

MAJOR YOST THANKS THEM FOR THE INVALUABLE SERVICE RENDERED.

"Minnesota editors have been the most active and most efficient recruiting agents in this state for the past six months, and have been largely instrumental in placing and keeping the Minnesota Recruiting district near the head of the list of 64 recruiting districts in the country," said Major John D. Yost, Recruiting Officer for the district, in addressing the state editors assembled at Glenwood Saturday, June 29th.

"The papers of this state," said the Major, "are running practically 200 columns of publicity every week, which is of inestimable value from a recruiting standpoint. Six months ago this district was not considered a leader, and its usual position in the list of districts was about the middle of the column. Today the Minnesota district is running neck and neck with the leaders, and the state is furnishing as many voluntary recruits for the various branches of the United States army as any state in the union."

Major Yost's talk was of great interest, and the results of their collective efforts were a great surprise to the individual editors. "About 500 papers in the state," he averred, "publish a weekly letter on recruiting and keep the needs of the nation constantly before the general public. Recruiting publicity is translated and published weekly in at least 25 foreign language papers, including Polish, German, Finish, Norwegian, Swedish, French and Austrian publications. Trade and industrial journals and fraternal papers have also been a great aid, but the real results in this district have come through the hearty and continued co-operation of the daily and weekly newspapers of the state."

In concluding his talk, the Recruiting Officer thanked the editors for what they have done, and asked for their further co-operation in his work in this district. He impressed on those present the great need of manpower at the present time, and the necessity for continued efforts in recruiting to make up the losses occurring daily in the ranks of the United States Army.

Chief Bender a Riveter.

The famous Indian base ball pitcher, Chief Bender, for years the mainstay of Connie Mack's Philadelphia Athletics and who is well known to many persons in Thief River Falls where he played ball on many occasions while still a member of the White Earth Indian team, is now one of the champion riveters at work for Uncle Sam. The chief was let out by Connie a few years ago, it being claimed that he was hitting the pace that invariably slows up the best of them, and nothing was heard of the mound demon for some time. Now he bobs up at Boston where he is making a record for himself in an altogether different line of business.

Are Killing Song Birds.

A number of small boys—and some not so small—are going to find themselves in a peck of trouble if they do not stop the practice of killing song birds in this neighborhood. A number of complaints have reached The Times, the informants stating that they have seen boys engaged in stoning and shooting at birds with air guns while in some instances they have even been caught robbing birds' nests. Some ladies a day or two ago met a number of youngsters starting for the woods with a full equipment of bird traps, evidently bent on wholesale destruction.

The state law covering this offense is very severe and anyone guilty is liable to find himself facing decidedly disagreeable consequences. It is a regrettable thing to be compelled to call attention of anyone to a matter of this kind as every right-thinking boy should be a defender and protector of the birds of the section instead of being bent on their destruction.

LEAVES BANK TO ENLIST FOR WAR

CASHIER OSCAR SPONHEIM SEVERS CONNECTION WITH FIRST AND PEOPLES.

SUCCEEDED BY THORESON

LATTER'S PLACE AT PLUMMER BANK TAKEN BY TOBIAS REEP.

Oscar Sponheim, cashier of the First and Peoples State bank and first lieutenant of Company C. Minnesota Home Guard, has severed his connection with the banking house after twelve years of continuous service. He will be succeeded by Theo. M. Thoreson, at present cashier of the Farmers State bank of Plummer, whose place will in turn be taken by Tobias Reep, until lately associated with the Tessum Seed, Grain and Supply company in this city.

Will Enter Officer's School.

Mr. Sponheim will enter the next officers' training school, which it is understood will be opened in the fall. He has contemplated such a step since the first call for officer students was issued but for business reasons has been unable to follow out his inclinations in the matter. For years he has been closely associated with militia work, having been a sergeant of Company L., M. N. G., while that organization was in existence. When Company C, Minnesota Home Guard, was formed his experience was naturally of much value and he was made second lieutenant. Changes in the command soon advanced him to first lieutenant, in which capacity he has devoted much time to the welfare of the company.

OSCAR SPONHEIM

Cashier Ten Years.

Mr. Sponheim entered the old Peoples State bank in 1906 and two years later was made cashier. When the bank was consolidated with the First State he was retained in the position, which it is everywhere admitted he has most acceptably filled. Alert, obliging and a naturally good business man, he has been highly appreciated by the directors of the institution and has enjoyed to an unusual extent the confidence of the public. Being of just the proper age he feels that his training may be of value to the country at this time and therefor lays aside everything else to take up the work he considers most needful.

Gained Favor Rapidly.

Theo. M. Thoreson, who succeeds Mr. Sponheim, was assistant cashier of the Security State bank at Benson, Minn., for ten years previous to his accepting the cashiership of the Farmers State bank of Plummer when that institution was opened last fall. His ability was early recognized and as the same stockholders control both banks it was only natural that he should be transferred to the larger institution when an opening presented itself.

THEO. M. THORESON

Reep Goes to Plummer.

Tobias Reep, who a short time ago disposed of his interests with the Tessum company, goes to Plummer as cashier. He is a business man of wide acquaintance and excellent judgment and the affairs of the new bank will be ably and efficiently administered under his supervision. Mr. Reep has already moved his family and household goods to the Red Lake county town and intends making it his future home.

Important Notice.

We have never before sold a remedy with the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, the appendicitis preventative. ONE SPOONFUL relieves sour stomach, gas and constipation AT ONCE. F. J. Stebbins, druggist.

SECOND RED CROSS PAYMENT NOW DUE

Those who signed Red Cross pledge cards are notified that the second payment, one-quarter of the total amount pledged, is now due and payable at the Farmers and Merchants State bank, Thief River Falls.

It is very important that these payments be made promptly.

Made Happy.

Aaker's Business College received ten requests for office help last week and made the following happy by placing them in fine positions: Emma Fladland, Helen Williams, Ida Gulickson, Mrs. E. Gorman, Agnes Kolstad, Hazel Welo, L. Ulstad, and J. A. Fisher. Would not you like to get a position worth while? Send for catalog to A. B. C., Grand Forks; also for a Tractor and Auto school catalog.—J-4.

PRAISES WORK OF HIGH SCHOOL BOYS

ARMY OFFICER SENDS THANKS FOR CHECKER TABLES PRESENTED.

Some time ago the manual training class of the Thief River Falls high school turned out quite a number of very fine tables for the boys at Camp Dodge, the tops of the tables being designed for checker playing. That things of this kind are appreciated is evidenced by the following letter received this week by Supt. J. H. Hay from Sergt. C. A. Swanson. This officer made a trip to this city for the purpose of aiding enlistments early in the war and became acquainted with a number of our people. He writes:

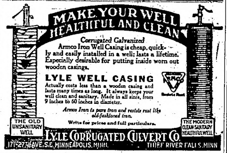
"Supt. J. H. Hay, Thief River Falls, Minn. My dear Sir: A fun-provoking lecturer whom I heard recently, made the assertion that a word of praise or approbation had the same effect upon the individual concerned as 'sic 'em' has upon a canine, i. e. it encourages and inspires to greater effort. Well, I am writing this as a little 'sic 'em' to the manual training department of Thief River Falls high school, and incidentally to the superintendent thereof.

"A few days ago one of the camp Y. M. C. A. workers came to our company with a small table, with two checker boards painted upon its top. I was very much surprised and not a little pleased to find a small plate on this table with the inscription 'H. S. Manual Training, Thief River Falls, Minn.' It matters not though this table should be more often used for other games, than for checkers. The fact remains that it will add to the convenience or pleasure of the soldiers, and further than that, it is concrete evidence of the work done in a modern high school as well as the spirit of helpfulness and patriotism which prompted those in charge to encourage this work in the schools. Personally, though my stay at Thief River Falls was a comparatively short one, I confess I have a very kindly feeling towards that wide awake little city and have the memory of many pleasant associations while I was there.

"Therefore it gives me no little pleasure to take it upon myself to tender the thanks of Company G, 352 Inf. N. A., 88th Division, Camp Dodge, Iowa, to the manual training department of Thief River Falls high school, and to the superintendent thereof."

Soldier is Transferred.

H. E. Emery, who is a member of Co. B, 5th Mn. U. S. G. N. A., writes to have his address changed from Fort Dodge to Fort Robinson, Neb. He says: "Have been receiving The Times at Fort Dodge and am writing to inform you of my change of address. I enjoy the paper very much and heartily thank you for the same. I am going to like this camp much better than Dodge, although I am the only Thief River Falls boy here. We are training hard and consider ourselves well advanced in military tactics. This is a small but very beautiful camp with grass and shade trees all around, while we are only a few miles from many thriving little towns. Our barracks are of brick construction, plastered and painted inside."



MAKE YOUR WELL HEALTHFUL AND CLEAN

Corrugated Galvanized Armco Iron Well Casing is cheap, quickly and easily installed in a well; lasts a lifetime. Especially desirable for putting inside worn out wooden casings.

LYLE WELL CASING

Actually costs less than a wooden casing and lasts many times as long. It always keeps your well clean and sanitary. Made in all sizes, from 9 inches to 60 inches in diameter.

Armco Iron is pure iron and resists rust like old-fashioned iron.

Write for prices and full particulars.

The Bat and Ball Fund For the Boys 'Over There'

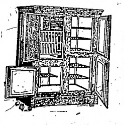
Clark C. Griffith, manager of the Washington American Baseball club, has asked Secretary F. H. Herrick of the Thief River Grocery Co., if the traveling salesmen for the concern may be included among the solicitors for the Ball and Bat Fund.

We are pleased to add this to the other war activities upon which we are engaged. It will require hundreds of thousands of base-balls and bats to supply all those "over there" for whom the national game forms the only recreation worth while. Our salesmen have been instructed to lay this matter before our friends and patrons in the hope that they may be willing to donate something toward procuring these articles for our soldiers.

(Inserted for the purpose of helping a good cause along by the Thief River Grocery Co., distributors of No-Vary Food Products.)

Hammocks

We have the finest line of porch furniture to be found in Northern Minnesota. This includes an unusual supply of hammocks. A shady porch cannot be enjoyed fully unless it is fitted out with a hammock and appropriate porch furniture. See our line.



Refrigerators

It does not take much spoiled food these days to equal the cost of a refrigerator. Conserving food stuffs is now a national duty and this cannot be done unless a place for keeping the left-over victuals is provided. All sizes and all prices.

ARE CELEBRATING THE FOURTH.

The Fourth this year should be a day of silent contemplation instead of noisy demonstration. In the first place we have a great many things to which we may with profit give serious consideration, while making a noise such as has been the accepted custom on the Fourth heretofore would take a lot of money that might better be expended for War Stamps.

There is no desire on the part of the American people to shout and jubilate and be wasteful just now, and this is well. Making the eagle scream to no purpose is wasting too much of the noble bird's energy at a time when it should be saving its strength for the most severe task it has ever undertaken. The time to celebrate in a different manner will come again and there will be nothing lacking in the enthusiasm and spirit with which the subject is approached.

We may never get back to the old-fashioned Fourth of July and we will be better off if we do not. In future years the day is more likely to take on the form of a general thanksgiving than one of unseemly noises and meaningless bluster. The country has been sobered considerably since last we celebrated the anniversary of our independence and there is every indication that the process will be carried still farther.

If you want to do something really worth while on the Fourth, sit down and write a letter to a soldier. Write a cheering, chummy letter. Tell him that the people at home did not feel as if they should be holding a celebration while he facing death to uphold the principles the Fourth of July was instituted to commemorate. He will understand the situation and appreciate your attitude.

WE'LL MAKE IT YET.

Pennington county is not going to reach its War Savings quota this time. This is not because our people have lost interest in the war or are unwilling to loan their government the money. They simply haven't it to loan. A little later on we will again be in shape to take the proper hold of these matters but for the present the section is pretty well stripped of its available cash.

At that we are going to do better than some of our neighbors. Grand Forks, for instance, is not going to pledge more than half its allotment and there are many others in the same fix. Pennington county will subscribe in about the same proportion, which is doing pretty well when everything is considered.

The war hit the country right after this particular section had experienced two rather disappointing crop seasons. We were managing all right, but along came all these extraordinary outlays and very quickly took away the rather meager reserve upon which we were attempting to subsist until harvest time. We gave freely while we had it, but ran out too soon.

We have met the government's request for loans up to about half a million dollars. If the amounts donated to the Y. M. C. A., Red Cross, Knights of Columbus, Lutherans and others are added it will be found that the sum is nearer $600,000. This is $60 per head for every man, woman and child in the county, which is a record no community situated as we are need be ashamed of.

We will, however, come mighty near raising the $219,000 assessed against us for War Savings securities. We cannot do it just now but before winter sets in we will be in different shape. Numerous communities in far better circumstances are not doing near so well. The public spirited men in charge of the campaign have no cause for feeling discouraged. Everybody is going to do the best they can—just as soon as they can do anything at all.

WE WILL SECOND THE MOTION.

J. J. Opsahl of Bemidji, is very much in favor of a railroad being built to tap the Red Lake district and the northern part of Beltrami county. He suggests that settlers and land owners along the proposed right-of-way contribute $1.25 for each acre of their land bordering the proposed line. This sum would be assessed against the lands the same as ditch taxes and payable in 25 equal annual payments. What interests the people of this section particularly, however, is the following proposition:

"Make a permanent line of the Backus logging road through the Red Lake reservation west to Sugar lake, extending same as soon as possible to the Red Lake river near outlet, to encourage farm development on the 325,000 acres of semi-prairie lands on the west part of the reservation as well as provide an outlet for forest products coming down the two lakes. And from the Red Lake river two branches should be built to meet the county's needs, one due north to Warroad, connecting with the Canadian Northern railway there, and the other northwest past Grygla, Gadske, Wenaske and Roseau, connecting with the Canadian Northern as well as the Thief River Falls Electric line, giving direct short line hauls to Duluth and the Twin City markets for farm produce, and direct prairie outlets for posts, poles, fuel products and lumber."

We don't pretend to know anything about the feasibility or soundness of Mr. Opsahl's plan for financing the enterprise, but commend its object unreservedly.

AN EXCELLENT SUBSTITUTE.

It will be some little time before the streets of Thief River Falls are properly paved. The matter was quite seriously discussed and a start even made about the time the war broke out, but that event put a damper on a great many things, and public improvement was one of these.

In order to temporarily place our thoroughfares in the best condition possible the council very sensibly decided to remove the unsatisfactory top dressing now covering the streets and replace it with a deep coat of river gravel, of which almost any amount can be secured at a comparatively low cost. As an experiment one block was thus treated—and then the whole enterprise came to a standstill.

Criticism arose. On almost every hand could be heard ridicule directed at the council, street commissioner and anybody else who even hinted that the job might turn out all right. The council has never gone officially on record as being opposed to any more work of the kind being done, but if the citizens who must use the streets would rather have them the way they were, well and good. It will cost less to wallow in the mud than to strip the streets and fill them in again with gravel.

One block was finished and today it is easily the best in the city. The cost was very low, when the results are taken into consideration, and the job generally regarded as a good one. When other streets are ankle deep with mud, this short stretch is firm and dry. There are neither bumps nor ruts and the dust nuisance is certainly no worse than other places in the city. The experiment was undoubtedly satisfactory, but no more work of the same kind is being done. For this the chronic fault-finders are themselves to blame. The council members have evidently decided that as long as people are bound to kick anyway, they may as well kick on the mud. It's cheaper.

AN IMPORTANT EVENT.

Henry Ford's latest aid to American crop production will be demonstrated in Thief River Falls next Saturday. The one thing needed to turn thousands of waste acres into productive farms has been a cheap gasoline tractor, and it looks as if Ford has furnished it. At a cost approximating that of a good team of horses a farmer can now secure a traction engine that will do the work of half a dozen teams at a smaller expense for maintenance. These tractors are being put out at actual cost. No one is permitted to make one cent in the handling of them. The original price is the exact cost of production at the factory and from the time a machine leaves the Fordson plant until it is in the hands of the farmer there is no handler's profit attached. Mr. Ford wants this tractor to stand as his recognized contribution to the greater crop movement in America, and he could make none greater.

Thief River Falls is signally honored in this connection. But three cities in the northwest have been selected as points for these demonstrations—St. Paul, Fargo and Thief River Falls. Others may be added later in case it is possible to turn the machines out in sufficient numbers to meet the great demand that will follow their introduction, but for the present these three are the advertised points of exhibition.

There will be thousands of farmers in the city next Saturday. They have known of the Ford intention to place a low-priced tractor on the market for some time and have been awaiting the announcement. The entire northwestern corner of the state will be represented here on this occasion and the visitors should be made welcome.

IT WORKED IN KANSAS.

Northwestern farmers have been threatened with a shortage of labor before and have somehow managed to get their crops harvested. It has heretofore merely meant that a little less efficient class of labor had to be employed or the paying of somewhat higher wages. They are therefore evidently not very greatly concerned over the labor outlook for this fall. The men necessary have always been found and will be found again when the time comes, according to their way of thinking.

They are wrong, however, and their mistake is liable to prove a very serious matter. Harvest hits the Northwest late in the season—after nearly every other section of the country has completed the work, in fact—and the experience of regions farther to the south should have the effect of waking our farmers up to the seriousness of the situation.

In Kansas the wheat harvest is already on. The farmers there, the same as here, sneered when the suggestion was made that business and professional men from the cities drop their usual vocations and turn themselves into harvest hands for the purpose of saving the situation. They are no longer sneering. The "town riff-raff and soft pen-pushers and chair-warmers," who would "simply be in the way," according to the verdict of the farmers, turned in and did the work. The croakers said they couldn't do it—they were too soft and too lazy. The fact remains, however, that they did do it, and did it well. The Kansas farmer now has a different opinion of the city man's stamina and adaptability—and his wheat crop is saved.

There seems to be sufficient labor for the farms in this section to meet the demands at present. When the wheat is ready to cut it will be different. Men will be needed, and at once. Experienced harvest hands will by that time be scarcer than at present. Every week sees an increasing number going into the army. They are generally of the proper age, social status and physical condition to be in the early draft classes. The situation will be serious and the farmer may as well face the fact.

It can't be done, of course—that's why Americans will take particular delight in doing it. No city man can possibly stand the gruelling task of harvesting for one day—that is why he will stand it for as many days as necessary. Croakers and pessimists may see no way out of the difficulty—but the crop will be harvested. And it is none too early to begin lining up the volunteers.

Do not expect our men to die for you if you are not worth living for. Show our Army and Navy that you are worthy of protection. Save to the utmost of your ability and buy W. S. S. with your savings.

In Days of Yore

Items of Interest Reprinted From Files of the News and Press of 10 and 20 Years Ago

Twenty Years Ago.

The rain let up in time to permit of a sort of bobtailed Fourth of July celebration. The News announced that "everything went off as merry as a wedding bell and no one was hurt."

Two ladies' base ball teams were organized in the city—the Deweys and the Sampsons. In the former team were Mesdames Sorum, Cary and Abbott; Misses Ellingwood, Grandstand, Curran, Dee, LaFreniere and Cary. The Sampsons had the following line-up: Mesdames O. P. Johnson, Stranahan and Morrissette; Misses Cary, Wallin, Schusser, Bailey, Wallin and Kirsch.

There were an even hundred ordinary homestead filings at the Crookston land office during the month of June and 70 filings on Red Lake reservation lands.

The following description of an electric storm which visited the city during the week is taken from the files of The Press: "Distant thunder was heard for a long time and finally the elements arraigned their forces in bold, black array in the west and marched boldly along, continually firing its lightning bolts in all directions, belching forth deafening peals of thunder and laden with immense quantities of water. As the storm clouds towered over the city the lightning's bolts came thick and fast and succeeded in striking F. J. Stebbins' barn at the peak of the roof, following a studding to the ground. All the damage that was done was the tearing away from the studding and scattering a few splinters around the barn. Although a horse was standing in the barn at the time, no injury was done to him."

At the meeting of district firemen held at McIntosh Lars Backe of Thief River Falls was elected treasurer.

Martin Evenson moved his family to the new residence erected by him on LaBree avenue north. It was one of the finest and most modern places in the city.

The Odd Fellows lodge was making preparations for the erection of a two story brick bulding.

A meeting of townspeople and citizens of North and Rocksbury townships was called for the purpose of discussing the matter of opening the big ditch south and west of the city limits. Lands in the neighborhood were being flooded, there being no outlet for the water.

Ten Years Ago.

The city ball team cleaned up Grand Forks, Red Lake, Hallock and Bemidji, all in one week.

J. F. Jacobson of Lac que Parle county, was nominated for governor by the Republicans.

Mr. and Mrs. Jacob Jonas celebrated the silver anniversary of their wedding on the 21st.

Rev. I. T. Aastad delivered the Fourth of July oration at the picinc at Rynesstad's farm in Silverton township.

Prof. J. H. Hay was in charge of the summer school at Bemidji.

Master Gynther Tessum returned from a visit to the home of an uncle in the southern part of the state. A cyclone struck the district while he was there and did much damage.

It was reported that Bernhard Knudsen and family would within a short time leave for Alabama for the purpose of making that state their future home.

Mr. and Mrs. A. J. Berry motored to Maple Lake Sunday to spend the day.

QUESTION CLEANED UP.

Thief River Falls Readers Can No Longer Doubt the Evidence.

Again and again we have read of strangers in distant towns who have been cured by this or that medicine. But Thief River Fall's pertinent question has always been "Has anyone here in Thief River Falls been cured?" The word of a stranger living a hundred miles away may be true, but it cannot have the same weight with us as the word of our own citizens, whom we know and respect, and whose evidence we can so easily prove.

O. Froseth, prop. of shoe & harness shop, 218 LaBree Ave., Thief River Falls, says: "In the [illegible] business I am on my feet ne[illegible] day and this together with [illegible] ment indoors caused me to h[illegible] ney trouble. I had awful bad [illegible] of backache and every little [illegible] made, sent twinges all throu[illegible] body. The kidney secretions [illegible] pass regularly and were unna[illegible] When I was told to try Doan's [illegible] ney Pills I did and soon after using them, I improved. I haven't had any more kidney trouble since using Doan's; they made a cure that has lasted."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Froseth had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

Around Our Town

[illegible]. H. Conner left last Saturday af[illegible]noon for Fargo, N. D., on a few [illegible] business trip.

[illegible]s. Wm. Korstad and children of [illegible]landing, visited with friends in [illegible]ity last Saturday.

[illegible]s. A. Sautter and son left last [illegible]urday morning for Steiner to visit for a few days at the home of Mrs. Sautter's sister-in-law.

Harold Lee, of Gonvick, returned to his home last Saturday morning after a several days' visit in this city at the home of his aunt, Mrs. C. T. Storholm.

Carl Korstad, of Highlanding, motored to this city last Saturday for a brief visit attending to business matters.

Mrs. Nordby accompanied by her daughter, Miss Margaret, returned to their home in Strathcona after a brief visit in this city with friends.

Miss M. D. Knox, of Grand Forks, N. D., returned to her home on Friday afternoon of last week after a few days' visit in this city on business.

Miss Julia Zengel returned to her home in Grand Forks, N. D., last Saturday afternoon after a several weeks' visit in this city at the home of Mrs. P. H. McAndress.

Miss Clara Peterson, who had been visiting in this city at the home of her sister, Mrs. S. O. Grolid, for the past month, left last Saturday afternoon for her home in St. Hilaire.

Miss Grace Hall, of St. Hilaire, visited with friends in this city last Saturday evening.

Miss Elizabeth Giefer left Sunday night for Minneapolis and St. Paul for a two months' visit with friends.

R. J. Rudsen, cashier of a bank at Leonard, arrived in this city last Friday evening for a few days' business trip.

Theo. Salverson, accompanied by Alvin LaCross, motored to this city last Thursday from Ada for a brief visit with friends.

Miss Alpha Bishop left Saturday night for Maple Lake where she will visit at the home of Mr. and Mrs. P. Peterson for ten days.

Mrs. M. Ove left Monday afternoon for Poplar, Mont., to visit her daughter, Mrs. Geo. Conlin, formerly Miss Ida Ove of this city.

Miss Cora Hanson left the latter part of last week for Maple Lake for a week's visit at the summer cottage of her cousins of Grafton, N. D.

Mrs. M. T. McFarland and little son left on Saturday afternoon of last week for Fisher for a few days' visit at the home of Mrs. McFarland's parents.

Mr. and Mrs. O. Olson of Gully, this state, arrived in this city last Friday evening for a few days' visit at the home of Mr. and Mrs. Wm. Parbst.

Mrs. H. O. Prestby of Lakeville, left last Sunday night for her home after a two weeks' visit in this city at the A. Prestby, T. W. Turnvall and H. Rustad homes.

B. A. Lee, who had been visiting in this city for several days at the home of his sister, Mrs. E. T. Emmerson, left Sunday evening for his home in Colfax, Wis.

Mrs. H. Nelson left Sunday night for her home in Columbia Falls, Mont., after a week's visit in this city at the home of her parents, Mr. and Mrs. E. G. Follman.

Jos. N. Gulden, accompanied by his son, Edwin, left last Friday night for Jordan, Minn., where Mr. Gulden will remain for some time receiving treatment for rheumatic trouble.

Miss Josephine Eichhammer returned to her home in East Grand Forks last Saturday afternoon after a two weeks' visit in this city with her sister, Miss Margaret Eichhammer.

Mrs. T. C. Garceau and Mrs. N. C. Schreiter of Red Lake Falls, returned to their homes last Friday afternoon after a brief visit in this city shopping at the local stores.

Harold Berg, editor of the Middle River Pioneer-Press, visited in this city last Thursday for a short time. He left Thursday evening for Glenwood to attend the Editorial association meet.

Mrs. W. E. Frenette and little son, left last Saturday morning for their home in Ft. Francis, Ont., Canada, after a three weeks' visit in this city at the home of Mrs. Frenette's sister, Mrs. C. Maidment.

Miss Elsie Sundmark, accompanied by her sister, Miss Huldah Sundmark, left last Saturday morning for their home on Roseau to spend the summer. They have been employed in this city for the past four months.

Mrs. L. G. Larson and daughter, Alice, of this city, left on Friday morning of last week for Kenmare, N. D., where they will visit for a month at the home of Mr. Larson's parents, and with other relatives and friends.

Arthur Froseth arrived in this city the first of the week from Valley City for a few days' visit at the home of his parents, Mr. and Mrs. Carl Froseth and with his brother, Perry, who was here on a furlough from Camp Dodge.

Mrs. Henry Holt left last Friday evening for Minneapolis for a week's visit. Mr. Holt who motored to Minneapolis last week, met Mrs. Holt there and they enjoyed several days' of fishing in company with Mr. and Mrs. John Finnigan of Grand Forks.

Mr. and Mrs. Arthur Johnson, formerly of this city, arrived here last Saturday in their car from their home in Grafton, N. D., for a brief visit at the home of Mr. Johnson's parents, Mr. and Mrs. M. M. Johnson. They returned to their home on Tuesday.

F. E. Weiland left last Saturday for Storm Lake, Iowa, for a few days' visit at the home of Mr. and Mrs. O. C. McCormick. Mrs. Weiland who has been visiting at the home of her sister, Mrs. McCormick for several weeks, will remain there for several weeks longer.

Henry Holt and L. B. George left last week for Minneapolis and Deerwood to attend to business. They spent several days in Deerwood attending to business in connection with the sanatorium being erected there of which the Holt & George Co., have the plumbing and heating contract. The trip was made in the Holt car.

R. F. Froehlich of Painesville, Minnesota, motored to this city last Friday for a brief visit at the home of his brother, Dr. H. W. Froehlich. He left Saturday morning, accompanied by little William Froehlich for Devils Lake, N. D., on a brief business trip and returned by train Saturday evening. He returned to Painesville Saturday night.

Mrs. Elmer Ohm and children returned to their home in this city last Friday evening from Comertown, Mont., where they had been visiting for three weeks at the home of Mrs. Ohm's sister, Mrs. L. Severson. Mrs. Ohm was accompanied here by her neice, Miss Mina Severson, who will visit here during the summer with her aunts, Mrs. Ohm and Mrs. C. T. Storholm.

Mrs. Ed. Foster and daughter, Ruth, of Superior, Wis., returned to their home the first of this week after a ten days' visit at the home of Mrs. Foster's sister, Mrs. John Lund and with friends. Mr. and Mrs. Foster were residents of this city six years ago when Mr. Foster railroaded on the Soo out of this city. From here Mrs. Foster and daughter left for Tennesse where they will visit several cities before returning to their home.

Mr. and Mrs. Lunde, of Crookston, motored to this city last Thursday for a several days' visit with friends.

Mrs. Ruth Kennison left last Saturday morning for Steiner to visit over Sunday at the home of her brother.

Miss Ragna Loberg returned to her home in St. Hilaire last Saturday afternoon after a brief visit in this city with friends.

Mr. and Mrs. W. Warnecke left last Friday afternoon for Grand Forks, N. D., for a brief visit and to attend to business.

Miss Myrtle Myrin returned to her home last Saturday evening from Barratt, Minn., wher she had been visiting with relatives for two weeks.

Mrs. A. C. Dale arrived in this city Saturday morning of last week for a few days' visit at the home of her parents, Mr. and Mrs. J. O. Sether.

Mr. and Mrs. John Riedl, accompanied by their daughter, Miss Lena, and son, August, of Steiner, visited in this city last Saturday with friends.

Mr. and Mrs. Clifford Noel who have been visiting in this city at the home of Mrs. Noel's parents, left last Sunday evening for their home in Kalispel, Mont.

Martin Troland arrived in this city last week from Milton, N. D., for a two days' visit with his sister, Miss Minnie Troland. He left on Friday for his home in Gatzke.

Mrs. Jens Erickson and children returned to their home in this city last Saturday evening from Averill, where they had been visiting with friends and relatives for a month.

Mr. and Mrs. Abe Sapero celebrated their third wedding anniversary last Sunday at Squaw Point. The celebration was in the form of a picnic and there were six guests.

Raymond Robinson, of Oslo, arrived in this city last Saturday evening for a few days' visit at the F. H. Herrick home. Mr. Robinson returned to his home Tuesday morning.

Henry Froseth arrived here Monday evening from Eveleth, for a brief visit at his parental home and with his brother, Perry, who was here for a few days' visit from Camp Dodge.

Little Ardell Olson, of St. Hilaire, was discharged from the Physician's hospital last Thursday and was accompanied to his home by his mother who came here in the morning from St. Hilaire.

Mr. and Mrs. John Sorum of the township of Silverton, returned to their home last Saturday from North Dakota where they had been visiting in several cities. The trip was made in their car.

Miss Minnie Nelson, of Highlanding, visited at the home of Mrs. Albert Lieberman the latter part of last week. Miss Nelson left Saturday afternoon for Fertile, for a two weeks' visit with relatives and friends.

Mrs. L. J. Severson and son Lloyd, who had been visiting in this city for two weeks at the Nels Olson, Ole Revdahl and Ed. Ness homes, left on Thursday afternoon of last week for their home in Tacoma, Washington.

Misses Thelma and Gladys Christenson, daughter of Mr. and Mrs. C. T. Christenson, left last Saturday afternoon for Nellsville, for a three days' visit at the home of Belva and Alice Torgerson, formerly of this city.

Mrs. Henry Heitsch and children, of Rugby, N. D., left for their home last Saturday afternoon after a month's visit at the home of Mrs. Heitsch's parents, Mr. and Mrs. P. A. Boe, who live a few miles south of this city.

Miss Laura Ducet arrived in this city on Friday afternoon of last week from Baudette for a brief visit with her sister, Miss Albina Ducet of this city. Miss Ducet left Friday night for Plummer where she has accepted a clerical position.

Mrs. Abe Sapero informally entertained a number of girls on Wednesday afternoon of last week in her apartments, 321½ Atlantic avenue north, in honor of her sister-in-law, Miss Molly Sapero, of Chisholm, Minnesota who is her guest.

Mrs. H. W. Froehlich and children, and Mrs. E. O. Mogenson and daughter, left Sunday for Maple Lake to spend a week. They were accompanied to the lake by Miss Marie Nelson, Mr. Mogenson, Dr. Froehlich and C. L. Hansen, who returned Sunday evening.

George Erickson, editor of the Spooner News, visited in this city last Thursday with friends on his way to Glenwood to attend the Editorial Association convention which convened there the latter part of last week. Mr. Erickson is president of the association.

Rev. Robertson Mac Fadyen arrived in this city last Friday evening from Minneapolis for a brief visit at the home of Rev. R. L. Barackman. Rev. Mac Fadyen left Saturday for Orleans where he will have charge of the Presbyterian church. He will also be pastor of the Halma congregation, succeeding Rev. Grant of this city.

Mrs. C. T. Christenson and daughters, Thelma and Gladys, of this city, leave Saturday for an extended trip through Montana, North Dakota and Iowa. They will visit with Mr. Christenson's relatives in Harlowton and Ft. Benton, Sentinel and Butte, Mont., and Minot, N. D., and several cities in the state of Iowa. They will also visit with the Thief River Falls boys at Camp Dodge, Iowa. They expect to return home about August 15th.

Gilmore H. Huseby, formerly clerk in the office of Car Foreman G. J. Conklin at the Soo roundhouse, who has been a member of the medical corps at Camp Dodge for about four months, returned home last week on a furlough. He likes army life but says that particular division of the army to which he was assigned certainly has some work to do. He is looking fit as a fiddle, however, and is evidently not in any immediate danger of being either worked or starved to death.

Henry Swenson left Sunday evening for Minneapolis on a few days' business trip.

Miss Laura Culver left Saturday for Minneapolis, where she will visit with relatives and friends for an indefinite period.

Mrs. Thos. Hovet returned to her home in St. Hilaire last Thursday afternoon after a brief visit in this city with friends.

Miss Alta Olson and brother, Harwood, of St. Hilaire, returned to their home last Saturday afternoon after a day's visit in this city.

Mrs. James Currier and Mrs. James Hanzo, of Red Lake Falls, returned to their homes last Saturday afternoon after a brief visit in this city shopping.

Miss Jessie Barnette returned to her home in this city last Saturday evening from Detroit where she had been visiting for two weeks with her friends.

Mrs. Fred Will returned to her home in this city last Friday evening from Alexandria where she had been visiting with her parents for two weeks.

Miss Selma Shefveland and sister, Miss Louise, who have been employed in this city for the past month, left last Saturday morning for their home in Newfolden, where they will spend the summer.

Misses Tillie and Mina Erickson of Grand Forks, N. D., who had been visiting in this city at the home of their sister, Mrs. Andy Selberg, for several days, returned to their home Saturday afternoon.

Misses Helga and Amanda Kolland, of St. Hilaire, arrived in this city the latter part of last week for a few days' visit at the home of their sister, Mrs. Gando, who lives a few miles from this city.

Miss Alma Peterson, who has been employed in this city during the past year, left last Friday morning for her home in Vasser, Manitoba, Can., for a two months' visit. Miss Peterson will return to this city.

Mrs. Val Yager and daughter, Miss Alice Yager left last Saturday afternoon for Red Lake Falls where they met Mr. Yager who is in business there. From Red Lake Falls they were accompanied to Ada by Mr. Yager in their car.

Misses Anna and Hattie Gladitsch, of Gaylord, who were guests in this city for a week at the home of their brother, John Gasow, left on Thursday afternoon of last week for Hingham, Mont., where they will be located in the future.

Miss Clara Ingvalson returned to her home in Climax last Saturday afternoon after a week's visit in this city at the home of Mr. and Mrs. O. K. Ricland. She was accompanied by Oscar and Obert Volden, of Climax who were also guests at the Riceland home.

Mrs. J. L. Hendrickson and little son, arrived here last Friday morning from their home in Crookston for a few days' visit at the home of Mr. Hendrickson's aunt, Mrs. Claus Rasmusson, and with her brother, Alfred Gulseth, who is confined in the Physician's hospital.

Chris Halvorsen, watchmaker at Neset's jewelry store, accompanied by his daughter, Miss Ruby Halvorsen, left last Sunday night for a month's visit in the East. They will visit in Minneapolis, Buffalo, and New York City, for a short time before going to Boston, Mass., where they will visit with relatives until the first of August.

THE SERVANT PROBLEM

In three ways a cook destroys cooking utensils. She allows them to rust, she strikes them against the stove and they chip and scale, and she ruins them by burning food in them.

NOW a "WEAR-EVER" utensil cannot rust, it cannot chip or scale, and burning food in it—which *does not happen as readily as in other utensils*—the burning has no effect whatever upon the utensil. How, then, can a servant destroy it? She may burn it or pound it with a hammar, but even then it can be restored to its original shape and worth.

Since "WEAR-EVER" utensils are made without seams, are bright and cleanly, and because food cooked in them requires less stirring than when cooked in other utensils, they are favorites with the cooks.

THE SERVANT-PROOF WARE

Phillips-Laing Hardware Company

"DORIS DELL" Wins the $100 Prize

To Mrs. O. L. Johnson of Terrace, Minnesota, belongs the honor of naming our fine line of women's shoes. Her name "Doris Dell" wins the $100 first prize in our contest.

From the thousands of good names submitted by our friends, the judges have chosen the following to receive the seven other prizes:

Second Prize:	$25.00	DURABELLE	Mrs. J. A. Burgeson, Fort Dodge, Iowa.
Third Prize:	10.00	ELITA	Marie Charles, White Earth, N. Dak.
Fourth Prize:	5.00	MISWELTOE	Yvonne Morgan, Walcott, N. Dak.
Fifth Prize:	5.00	ADAMSEVE	F. C. Dunn, Plevna, Mont.
Sixth Prize:	5.00	HER X-L-N-C	Flora Koeckeritz, Bellingham, Minn.
Seventh Prize:	5.00	FASHIONAIDE	Mayme Larson, Clarks Grove, Minn.
Eighth Prize:	5.00	MISS OH KAY	Sam Ingbam, Menomonie, Wis.

(Checks have already been mailed)

We hope every woman who participated to this contest will have the pleasure of wearing a pair of the new Gotzian "Doris Dells." Ask the leading shoe man in your town for "Doris Dell" Gotzian Shoes.

Are you an Ant--
or a Grasshopper?

'Member Aesop's story of the Ant and the Grasshopper? How the grasshopper sang all summer long with no thought of the coming winter, while the ant worked and stored up a supply of necessities for use during the cold weather? If you do, you'll also remember that the grasshopper froze to death, while the ant continued to enjoy life for many moons thereafter.

Better be a human ant and lay in your supply of coal now. Deliveries are certain at this time —they won't be later. And prices will never be any lower.

The Prichard Co.
"BILL AND HARRY"

Clarence Pope motored to Badger yesterday morning for a brief visit with friends.

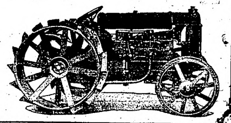
W. J. LaBree, Auctioneer First and Peoples State Bank, Clerk

Here It Is



THE EVENT YOU HAVE BEEN WAITING FOR

Fordson Tractor Demonstration

Thief River Falls, Minn., Saturday, July 6, 1918

No farmer who can possibly get to Thief River Falls on this date should miss this opportunity. The McFarland Auto Company has received a shipment of the tractors and there will be two demonstrators from the factory present to show just what the machines will do. The tractors will be put to an actual test on the farm of F. B. Conklin just north of the city and instructions in their handling and care given right on the ground by experts whose duty it is to see that the best possible results are obtained.

These Tractors Are Mr. Ford's Contribution to Civilization

They are manufactured for the purpose of increasing the food production of the country and are sold to farmers at actual factory cost. The event is one of the of the most important in the history of farming in the United States and the interest in the tests exceeds anything ever before known.

This Is Your Only Chance

Lay aside everything else and come to Thief River Falls on the 6th. It means more to you than anything that is liable to happen for years.

A GENERAL INVITATION EXTENDED

McFARLAND AUTO CO.

Sole Representative in this section for Fordson Tractor Company

BUY FOR YEARS TO COME

TAX SETTLEMENT TOTALS $125,544

JUNE DIVISION SHOWS WHERE MONEY OF TAXPAYERS GOES.

SCHOOLS' SHARE IS $39,209

CITY COMES IN FOR $18,353.15—TOWNSHIPS DIVIDE $13,909.86 BETWEEN THEM.

The regular June distribution of the general taxes has been completed and checks for the amounts due each subdivision have been mailed to the different treasurers. The total is $10,111.74, the balance being devoted to county, township, city, village and school purposes. Included in the report below is the sum of $22,955 which is the total due to the county ditches and which is not properly a part of the regular tax budget.

The amount returnable to the state is divided as follows: State revenue, $7,503.53; state school, $2,506.33; teachers' retirement fund, $101.88.

County Gets $20,746.06.

The different county funds to which the money returned is credited are as follows, with the amount coming to each:

County revenue	$9,650.17
Road and bridge fund	6,832.43
Bond and interest	1,285.33
Sinking fund	1,227.96
Sanitorium	1,750.17

To this is added the county ditch settlement money which brings the total received for all county purposes up to $43,701.79.

The Townships' Share.

In the township list North leads, with Rocksbury and Silverton following close. Deer Park is at the bottom of the list with Goodridge but a short distance above. Following are the amounts received by the different township funds:

General revenue	$2,787.85
Road and bridge	7,975.87
Dragging	1,431.53
Town ditches	705.03
Poor	1,009.58

The distribution to the different towns will result in their receiving the following sums:

Black River	$ 427.87
Bray	608.92
Cloverleaf	519.61
Deer Park	199.73
Goodridge	233.46
Highlanding	621.52
Hickory	477.16
Kratka	768.84
Mayfield	516.40
North	1068.41
Norden	369.81
Numedal	731.65
Polk Centre	537.84
Rocksbury	993.69
River Falls	524.98
Reiner	277.23
Silverton	922.13
Sanders	899.33
Smiley	547.11
Star	307.14
Wyandotte	502.81
Goodridge Village	286.99
St. Hilaire Village	724.87
Thief River Falls	18353.15

Big Sum For Schools.

District No. 18, which is practically the city of Thief River Falls, comes in for the largest share in the school distribution, with the villages of St. Hilaire and Goodridge following. Following is the list:

S. D. No.	Am't.	S. D. No.	Am't.
1	$ 133.16	55	289.39
2	190.50	56	152.55

Letters from the BOYS

EYEWITNESS OF AIRPLANE FIGHT

HAROLD PROVENCHER TELLS OF WHAT HAPPENED TO ONE BOSCHE AVIATOR.

MAY BE ON ITALIAN FRONT

CERTAIN FEATURES OF LETTER INDICATES THAT SUCH IS THE CASE.

Harold Provencher of this city, has been in France for some time and previous letters have indicated that [illegible] not far from the scene of actual fighting. He is a company cook with the 151st Field Artillery, and there is not the slightest doubt but his unit has been where there [illegible]ething to do besides preparing [illegible] trouble.

Enclosed in this soldier's letter is a roseleaf together with the information that it came from Italy. This may indicate that the section of the Rainbow division of which the 151st battery forms a part is actively engaged on the Italian front and that Cook Provencher has employed this means of letting his people know where he is without having the censor pump all over him. There would not seem to be any particular sense in sending an Italian rose leaf from France.

Cooking For Gun Crew.

"I am now cooking for the boys on the guns," writes this Thief River Falls boy, "and let me tell you we are not far from Bosche land. In order to give you some idea of just how close we are I will tell you a story. A few days ago I was figuring on giving the boys pancakes for supper. It was about three o'clock in the afternoon so I went over to the telephone dugout to wait until later in the day before starting the meal. I joined some others in a game of cards and just about the time I was supposed to start making my fire a fellow came rolling down the stairs shouting, 'Gas! gas!' Well, you should have seen us let down those gas curtains and adjust our masks. They sure do shoot the stuff over at us. I do not know how many gas shells they shot over at us, but it sure was some celebration.

"It is bad stuff. When the horn sounds you may be certain that we lose no time in getting our gas masks adjusted.

Saw Airplane Fight.

"A little while ago I saw the thing I was looking for. I heard a lot of shooting and the whir of an airplane. Beating it 'upstairs' as fast as I could I saw a Frog and a Bosche battling. I had a pair of glasses and was thus able to see what was going on pretty well. They circled around trying to get the advantage, when all of a sudden the German plane caught [illegible]. It was the worst sight I have seen. All that could be seen for [illegible] was the plane enveloped in smoke, when all of a sudden one of the men in it jumped. I watched him fall until he hit the ground. He was a captain in the aviation division of the German army and he struck with such force that he went four feet into the ground. The pilot stuck to his machine and was burned to a crisp.

Wants Tobacco and Cake.

"I have seen more since being stationed here with the guns than in all the time I have been on this side. If ever I get home I will have a little to tell alright.

"Now to change the tune. You say you have sent me some tobacco and cake. I shall certainly be glad when it arrives. I do not get cake very often. And say: Tell the folks to write letters instead of postcards. The latter last too quick for a man so far away from home.

"Will have to stop now as it is 10:30 and I have to get up at 3:30. Before turning in I will have to get the things ready for breakfast so you see I will not get too much sleep tonight."

Address: Cook Harold Provencher, 151st Field Artillery, Battery F, A. E. F., via New York.

SIGHT-SEEING AT NATION'S CAPITAL

GEORGE MOSTUE TELLS OF MANY WONDERFUL THINGS ENCOUNTERED THERE.

To a lad raised in northwestern Minnesota there are many things of interest to be found in Washington and it would seem that George Mostue, son of County Superintendent and Mrs. E. A. Mostue, has found some of them. In a recent letter he says among other things:

"Have been receiving The Times regularly and have enjoyed it very much. I have not got the copy for the week after the 17th yet so I did not know anything about the election and its results. But I didn't forget it anyway, even tho I am here.

"Saturday afternoon we were dismissed at 12 o'clock. I went up town immediately and got my dinner and then went to the National Museum. I came there at about a quarter of one and stayed there until they closed at 4:30. I was on my feet continually for that time and did not rest a single second. Believe me, I was tired when I got out of there.

"To begin to tell about this building and its contents is practically impossible because of the thousands of things that are exhibited there. This, of course, does not mean that I saw everything. Not by far! I'll have to make two or three more trips before I can say that I have seen everything. And this isn't the only museum here. There are three or four more that I intend to see.

"Just a little bit of what I saw: Nearly every wild and domestic animal in the world; Indian relics; marine life, that is, the fishes, corals, and other things gotten from the ocean; every bird imaginable and many other things too numerous to mention.

"Things that interested me particularly were the relics of the ancient Greeks. I saw the earliest form of architecture by examining the reproductions of these prominent buildings. I walked through the picture galleries where the original of many of our famous pictures were hung on exhibit. In the marine section I saw the different plant and animal life as pictured in the bottom of the sea. I saw fishes all the way from half an inch to 90 feet in length, the latter being whales, of course.

"I visited the section wherein the skeletons of the prehistoric animals were set up. The largest animal that was set up was about 150 feet in length. Just try to imagine a lizard that length and you will get a good picture of how this animal looked when roaming about hundreds of years ago. Of course, only the skeleton was there.

"Yesterday afternoon I visited the Congressional Library. Talk about a pretty building! I doubt if I'll ever see another one that beautiful and stately. I have not been inside the capitol yet but I, don't think any building could be much better. It's grand! Inside everything is made of the finest marble. Inscribed on the marble and above the doors are the names of the famous men, authors, statesmen, both in this and in other countries, as France and England.

"Here they keep the manuscripts of the U. S. from the first 13 colonies and down to our time. The letters and some documents that prominent statesmen signed and wrote are kept here—Washington, Lincoln, Jefferson, etc. As soon as possible I'll see the rest of these famous buildings."

George encloses the following poem, saying that it expresses exactly the feeling of the clerks in the department with which he is connected.

The Government Clerk.

How dear to my heart are the scenes of the office
When mountains of labor I mournfully view,
The papers and files and reports that are endless,
And all the punk stuff that I have to wade thru.
The folks back home think I'm rolling in velvet,
How little they know of conditions that are;
In the job of the clerk there is nothing to cover,
However, rose-colored when viewed from afar.
The small stuffy office, the large crowded office,
The place where you bid your ambitions goodbye.

I long for the fields and the woods and the streamlets,
And pensively heave a deep cavernous sigh,
And think of the farmer girls counting their greenlets,
While I mournfully watch the promotions go by.
I long for a lawn with big trees growing on it,
A garden with flowers and eatables green,
Instead, I've a hole in the wall near the sidewalk
With a sad little yard that's ashamed to be seen.
The gloomy old office, the life-tenure office,
It cannot compare with my job back home.

Oh, these flat chested houses, each just like the other,
All the same on the street, just as far as you see,
You have to stay sober to find your own cover
And identify your's by the fit of the key.
I joyfully welcome the coming of payday
When the ghost walks around with the seed and the bones,
But the butcher, the baker, the loan shark and fakir
Get the very last sou, not a cent is my own.
The old Civil Service, the ossified service
With pay roll secure, but so hopelessly small.

I would like an auto, at least a tin flivver,
To ride around town with companions so dear,
But alas for the lot of the Government worker,
Only those having "pull" can afford such things here.
So I bend to my work with such grace as is in me,
And hope a better day will soon quickly dawn
When the long promised pension roll really gets working,
And my name in big letters is written thereon.
The old stuffy office, the prison cell office,
The Graveyard of hope of the Government Clerk.

Bill Midderigh in France.

Deputy Sheriff Paul Midderigh has received two letters from his son, William, during the past week. The lad was one of the first to enlist from Thief River Falls and is almost a veteran when compared with some of the others. He was first stationed at Chattanooga, Tenn., and was at a number of camps before leaving for France early this spring. The first letter is dated May 26, and states that since his arrival in France he has been in the best of health, the weather not having affected him at all. "In spite of its already being very hot, we are required to drill about seven hours a day. There were about three weeks that we did not drill, being in charge of a remount station. A remount station is a good deal like a recruiting station, only we take in horses instead of men and train them for artillery duty. But now we are through and it is back to drill again."

The second letter was written on May 29, and contains more concerning the journey across the pond. "I think we would have gotten over here in less time if we had not been turned back twice upon entering the war zone. We landed somewhere in England, but are not permitted to tell where it was nor at what camp we rested. I would like to tell you but fear that I might put something in the letter that does not belong there and get into trouble. I have had no trouble of any kind since enlisting, never having been even reprimanded."

Like all other soldiers who have passed through England, Mr. Midderigh speaks enthusiastically of the beauty of the English landscape. No dirt or paper, the fields beautifully even and green and as clean as if they had been swept.

Address: William Midderigh, Co. A, Third Ammunition Train, A. E. F., France, via New York.

Aid Jewish War Sufferers.

A total of $750 was last week collected among the Jewish people of this section to help the war fund being raised in America for the relief of the people of that race who are sufferers because of the war. A. S. Sapero and Lazarus Gill compose the local committee in charge and they secured $550 in this city. In company with S. Sapero, a merchant of Chisholm and father of the Thief River Falls man, they visited St. Hilaire and Red Lake Falls, securing $100 at each place.

The Jews of America are attempting to raise $15,000,000 for the purpose of aiding their unfortunate brethren in the war-infested regions. The greater part of this sum will be raised among the people of their own race but contributions from other sources are most thankfully received. Every dollar collected goes direct to the territories where aid is most imperatively needed, not one cent being employed for administration purposes. This last item is taken care of by wealthy Jews, who assume this burden in addition to their other large contributions.

Is Rapidly Recovering.

Jacob Pfeffer of the Northern Construction company, who was seriously injured while in charge of the work on a building at Hibbing a month ago, returned to his home in this city last week and is getting along well. His recovery, which now promises to be complete, is remarkable when the nature of the injury is considered. Mr. Pfeffer fell off the wall from which he was removing the concrete frames and drove a splintered scantling through his body, the details being substantially as reported in The Times a couple of weeks ago. For days he hovered between life and death, but pulled through and he has been assured that no permanent disability will result. It was a most peculiar accident and a very close call.

Getting Ready For Business.

Carl Froseth, whose stock of harness and shoes as well as building were damaged by fire a couple of weeks ago, has repaired the place and will soon be established as well as ever. Much of the stock in the store was water-soaked and this will be placed on sale in a short time. Mr. Froseth will have something of interest to offer in this connection through the columns of The Times next week.

Is Safe in France.

Word has been received by Mr. and Mrs. E. Ryland, informing them that their son, Joseph Norby, who sailed some time ago for France, has landed safely and is in good health. Private Norby is a member of the Ordinance Corps of the 108th Ammunition Train.

No More Picnic Lemonade.

According to the latest orders issued by the food administration there will be no more lemonade served at picnics and outings. This is for the purpose of saving sugar and likely does not apply to circus lemonade as that product was never suspected of containing either sugar or lemons.

Will Give Fair Dances.

The city council on Tuesday night granted Company C, Minnesota Home Guard, the use of the Auditorium for the purpose of giving dances during the three days of the county fair—August 5, 6 and 7. The guards will pay all expenses connected with the moving of seats, removing of decorations and relaying of floor covering.

It is hoped that these dances will enable the boys to catch up somewhat on a bothersome treasury deficit. They have been spending their own money for many of the things necessary in order to keep the organization up to the standard set, but there are several accounts of considerable size which must be paid and it is not right that they should be asked to foot the bills.

The Week's Food Fact.

Every aspect of the wheat situation, both present and prospective, intensifies the need for the greatest possible limitation in American consumption. If the present restrictions would be in the slightest degree relaxed it would result in serious want for the people of Europe before the new crop can reach the market. Home consumption of wheat flour was reduced to the minimum and those who can do so are urged to give up wheat entirely. With the many substitutes for wheat that are now available this is possible for most people.

Every meal in the rural communities and the city communities as well, where they have followed to the food administration recommendation to plant a garden, should now be a garden party. The use of the home grown garden and orchard products now will release immense amounts of the more concentrated and staple foods for the Allies and soldiers and for the people living in industrial centers where gardens are impossible. It is not patriotic to use canned goods at this time when fresh products are available. Immense stocks of commercial canned goods must be reserved for the army and navy and every home can help to build up this surplus by eating fresh foods and canning all they need for themselves.

The demand for beef for the army, the allies and their civilian population for this summer is beyond our present supply and as a consequence the food administration is asking that the consumption of beef of all kinds be greatly reduced for the time being. On the other hand we have increased our supply of pork and an economical expansion of the use of this product is advisable at this time. Milk, cream and butter are now abundant and represent on many farms "perishables" not marketed. These products with cheese may well be used to make up for the shortage of beef and supply the necessary protein and fat to balance the diet of fresh vegetables.

Heed This Warning!

Don't forget to order your coal, and when you have your order placed don't forget that it doesn't mean you are sure of your coal until you have it in your bin. ¶ Our storage for coal is now being erected and we are putting in other equipment necessary for the handling of coal.

ROSEWOOD

Monday.

M. Monson of Holt left on the morning train from this place for a brief business visit to Warren.

Julius Alby who is spending the day at Warren and was to have left with the boys from this county for a military training camp, came back this evening on account of having a touch of measles, and will not go before the next call in July. Hans Ness from north of town was summoned to take his place.

Axel Larson, John Sjolsvold and John Krogstad motored to Thief River Falls today on business.

Mrs. James Johnson and son Earl arrived on the morning train from Thief River Falls.

Mr. and Mrs. C. Helquist and children and Miss Hannah Helquist left this evening for Thief River Falls and will return by Wednesday.

Assessment of the property and real estate within the town was completed today. The taxed valuation of the real estate amounts to $614,000, or an average of $20.00 per acre on the whole town.

Gust Opseth and Olof Nordhagen motored to Viking this forenoon to attend to matters of business.

Axel Larson and Mr. and Mrs. E. Nelson and three daughters spent yesterday at Strathcona visiting the H. Backlund home.

Tuesday.

Mrs. T. J. Taggert accompanied by a daughter and son left on the morning train for Warren on business. Carl Hagen took them in his car to this place.

Dr. Gambell of Thief River Falls is in town attending to professional business.

John Sjolsvold left this morning for Anita after a visit with his brother Peder Sjolsvold in town.

Miss Mabel Lappegaard left for Thief River Falls this evening where she will stay to look after the property of the Henry Carlson family, while the latter will spend a week visiting with friends in North Dakota. She was accompanied by Miss Ethel Kron who will visit with friends for a couple of days.

Postmaster Carlson is attending the patriotic bowery dance at the Schnabel farm in western Norden this evening.

Questionaires to the boys who register the fifth of this month were mailed out from Warren today. Justice of the Peace, Olof Opseth will administer oaths and assist with their proper filling out.

Wednesday.

Mrs. Carl Mellem left this morning for Warren where she will visit with her mother, Mrs. O. Holson over Sunday and will also have her baby daughter baptised there next Sunday.

E. P. Johnson is spending today at Viking attending to matters of business.

Mrs. Frank Olson left this evening for Thief River Falls where she will shop and visit for two days.

Martin Evenson of Newfolden conducted prayer meeting services at the S Rafteseth home in town this evening.

Thursday.

The Red Cross picnic held at the Rosebank school grounds this afternoon was, considering the threatening weather, very successful. Somewhere in the vicinity of one hundred and fifty persons were present. State Senator E. E. Lobeck of Minneapolis was present and delivered an eloquent lecture on prohibition and its relation to the present war. The meeting was opened by Rev. Geo. Larson of Thief River Falls with a Scandinavian hymn and O. Nyhus, also of Thief River Falls gave a few suitable remarks for the occasion. The speaker was introduced by Rev. Larson and in his introduction he said: "I have personally known Hon. Lobeck for the last quarter century and I have, with much interest and deep respect followed his career as an anti-saloon man, his forceful and inexhaustible sermons on this subject have been preached to thousands upon thousands of our citizens. With a throbbing heart have I watched his marching from victory to victory until today he stands before you, with large territories of the state already dry, and in a final struggle for an entire dry State of Minnesota through the majority of votes at the next general election on November 5th, this year.

Senator Lobeck, who commenced speaking at 3 o'clock, an hour later than was set on account of the rain, did not directly commence his prohibition propaganda, but stopped for a few minutes on the present world conditions. "I believe," he said, "that the people of the world may look back upon their best time, my reflection of the world situation causes me to believe that a revolutionary spirit, similar to never before is pressing itself upon the governments, the nations and the individuals. *Political* parties fight political parties, society fights society, religion fights religion and nations fight against nations. Where do we find brotherly love today? The world has had the most wonderful time in its history, a time of inventions, of improvements and of civilization whose pinnacle has never been attained before, and still what has taken years to build up, what has been the pride of nations, the benefit of individuals and the pride of civilization, is being destroyed, demolished and with bullets of lead and steel, shot to pieces in a war so horrible and with dimensions so large that the world has never witnessed its peer. An idea prevailing with some is that this war will end in a world monarchy and with the Kaiser as a second Napoleon. This is not however in accordance with the prophesies through the world. We have several times noticed the attempt of one man to monopolize the world and become its chief regent, but we see that every attempt has failed and resulted in utter destruction of the attemptor, and so it shall end today. Justice shall not be set back, but shall, although not without trials, come forward triumphant.

"Who would have believed a few years ago, that our government would be instrumental in placing a ban upon the use of products raised by the farmers upon their own farms, in the necessity of shipping it across the world oceans for the feeding of nations, whose struggles are in accordance with ours, the fighting for the maintenance of a world democracy; and to the accomplishment of this successful feat it is necessary that we as citizens of this country, as true Christians who long for a lasting and honorable and on the grounds of equity obtained peace, conscript all our energies in the backing of our country, buy their obligations to our utmost. In regard to myself personally I have vowed not to lay aside any money these years, but all what I obtain in excess of my and my family's needs, shall be converted into government bonds. We must assist with the conservation of foods which will assist our Allies on the other side, and is this too much when our boys are over there in the trenches in the midst of whizzing bullets facing death at any moment? However nobody would desire peace more than I. Could I by giving my life today end this abominable world war, I would not hesitate for one instant in so doing. Delving deeper, however, into the restrictions our government places upon us, I want to point out at least one injustice. Last winter when the coal supply was nearing exhaustion, our government asked that the evening services at all churches be suspended; and also the diminishing of the daily meetings, when in the meanwhile the breweries were allowed their full supplies, and also the price fixing of wheat and the free gambling at all other kinds of grain and bread foods. But we hope that the government will soon take steps to correct these faults. Today, anyhow, I have the glad tidings to tell you of a telegram that was sent me from Washington two weeks ago stating that a movement was on foot, to close all breweries in the United States within sixty days and I ask that all of you who can write, write immediately to your State Senator and Representative, and ask him to work for the passing of this movement. Think what it would mean to our country. Up to last winter enough bread foods were daily used up to make 11,000,000 loaves of bread, in the production of this deadly whiskey. By an act of congress the alcohol in ale was reduced ¼, but still enough material for 8,219,000 loaves of bread a being wasted daily.

"In the year 1916 congress appropriated $635,000,000 for the maintenance of the war; in 1917 $7,000,000,000 was appropriated and today it takes about $24,000,000 daily, and it is calculated that at the end of this war, our country will have to raise over $50,000,000,000 in taxes to pay for debts brought on during this war, and it must be admitted that the outlook for the future is far from promising, and it is doubtful if our country for generations to come will attain a position similar to the years before this war. And in addition to the financial side, consider the lives lost that can never be regained, the sorrows and heartaches, tears and grievances and broken hearts that are left at home, when the dear ones are called perhaps never to return.

"I wish to say a few words in regard to the physical and moral conditions of the drafted young men in our cities and in the country. From Los Angeles, California, came last winter, at the end of the first call's examination, the report that of the drafted men in that city about 90 per cent were unfit for military service, and what caused it? While at Fort Snelling once last summer, I inquired of one of the examiners what was the main cause of the unfitness of the majority of these men, and his answer was plain enough, "liquor and low women." In the country the average rejections and disqualifications is less than 25 per cent and it is noted even here that in counties where the saloon has full sway, the rejections are greater than in the dry territories. As an example, the drafted young men from the state of North Dakota have obtained a nation-wide reputation, on account of their physical fitness, their correct stature and general health. In one camp alone where a company of North Dakota soldiers were training, their average length above the other companies was two inches. And what is the reason, there may be many, but one is this—North Dakota voted out the saloons over thirty years ago. In regard to this physical difference between the country and city draftees, it led one of our statesmen to say once, that we must take our country men and send them to camp, as they are physically fit, and substitute them with the city wrecks on the farms. Yes they may do so, but they will be sorry in the end. We need food production, perhaps better than we need soldiers, experience has taught us what the average city man will accomplish on the farm. Without the proper experience farming is just as difficult a business to undertake as any other, and without our experienced farmers and farm laborers our country would have a very meagre show of winning this war." In conclusion Mr. Lobeck explained the dry state amendment that will be before the voters of Minnesota on Nov. 5th. This amendment will, if passed, dry the entire state and ought to bring every thinking man to the polls at next election. The amendment will be printed on a separate pink ballot and will be presented to all voters asking for the state and county ballots, and if not received should be promptly requested, as it has been observed that at certain polls where the clerks favored the saloons, the ballots were not distributed with the others but were placed in a secret drawer unless the voters asked for them specially. This is illegal but has happened, and may happen again.

Envelopes for voluntary contributions were distributed through the audience and without doubt a good sum of money was subscribed to this cause. After the speech ice cream and lemonade was sold and netted a neat sum of money which was forwarded to the Red Cross. Hon. Lobeck will leave tomorrow morning for *Viking* where he will deliver another lecture.

Theo. Liden and family of Thief River Falls, E. Nelson of Viking, John Sorenson and family, Lars Furan and family of Thief River Falls, are in town today calling on friends and attending the Red Cross picnic.

Mrs. Lloyd Crown and baby arrived from the Town of Rocksbury this morning for an over-Sunday stay at the home of Mrs. Crown's parents, Mr. and Mrs. John Bloom.

Theodore Nelson who has been employed near Warren for some time, arrived here this evening and is now working for Peter Mellem.

Gust Opseth has purchased an automobile.

Henry Sagmoen recently left for Duluth where he expects to be employed the rest of the summer.

Sigurd Rafteseth motored to Thief River Falls today to attend to some business.

Friday.

A general meeting of the Rosewood Farmers' club was held this evening at Rosebank and was attended by over one hundred persons. President A. C. Vorseth and Secretary William Sorenson presided. Some minor business matters were under consideration and the following new members were admitted: Martin Alby, Newfolden; Fred G. Dols, Rosewood and Irvin J. Russell, William Meyers, Hubert Malberg, Helmer Kellberg and Vernon Malberg, Steiner.

The following program had been arranged by Harvey Copp and was presented:

Song, "America"—By Audience.
Recitation—Harvey Copp.
Song, "Old Glory."
Reading, "The Gas Blower"—Harvey Copp.
Recitation—Hobson Rogers.
Song, "Star Spangled Banner."

For the next meeting it was decided that this be held at the Rosewood hall on Saturday evening, July 20th. This will make it only three weeks between these two meetings, but as a new draft call is expected on July 22, when several of our boys will be called for training, it was thought advantageous to have a meeting and farewell reception for the boys immediately before they leave. For this meeting the following were appointed: Miss Clara Nelson, program committee and Benhard Ranum as caterer. Lemonade and lunch was sold after the meeting and parlor games furnished the amusement for the remainder of the evening.

Newell and Lloyd Anderson visited at the Peter Mellem home a few days the last part of this week.

David Mosback who has been employed at Viking this spring, returned home this evening and will now assist his brother Victor with haying and fall work.

O. Granum of Thief River Falls was in town today with the country oil car of the Standard Oil Co.

Mrs. Victor Mosbeck is visiting her parents, Mr. and Mrs. E. P. Johnson and her sister, Mrs. Chas. Sagmoen for a few days.

Ernest Styrlund and Walter Lindquist of Viking were in this vicinity this evening to attend to some business matters.

The Russell, Whitman, Rogers, Meyers, Riedl, Kellberg and Malberg youngsters of Steiner were at this place this evening to attend the Farm club meeting.

Saturday.

Axel Axelson drove to Viking this morning on business.

Miss Olson of Wannaska has been visiting the last week with her friend Miss Viola Axelson of this place.

Herbert Carlson left this afternoon for Pennington county where he will spend Sunday among friends and relatives.

Mrs. Ingrid Nordhagen and Miss Ella Nelson surprised Even Anderson at his home yesterday evening in commemoration of his sixty-ninth birthday. He was given several beautiful presents and the evening was pleasantly spent in the midst of his family.

A surprise was given Miss Karen Rundfloen, the parochial school teacher, on her birthday the twelfth of this month, when all the members of the Norwegian Sewing society met at the school house after school hours to show her their respect and esteem. A dainty luncheon was partaken of. A gift of $5.00 was given Miss Rundfloen.

Mr. and Mrs. Ole Nyhus of Thief River Falls motored up today for a visit at the home of their daughter, Mrs. Swen Swenson.

Emil Styrlund of Viking is in town this evening to renew old acquaintances. According to rumors, it is his intention to soon leave in company with his brother David, for the Pacific coast, where they will seek carpentry work.

Miss Pearl Anderson in company with a number of friends, was in town this evening from Thief River Falls.

Matt Rafteseth left this week for Grand Forks where he will be employed in the future.

Sunday.

Great festivities were held today at Rindal in celebrating the concluding exercises of this year's confirmation class and the last day's program of the Parochial school. A complete program will be published next week.

Mr. and Mrs. John Rafteseth left today for Forest River, N. D., where they will visit for a few days with relatives.

The Lars Furan family and Miss Isabel Sagmoen of Thief River Falls are in town today visiting with relatives and friends.

Misses Carrie and Myrtle Nelson and Lilly Axelson of Viking are visiting here today with school friends.

Mrs. Helmer Ostrom and two children of Thief River Falls are spending the day with Mrs. Eva Carlson, south of town.

Miss Irene and Melford Sorenson of Thief River Falls are visiting for a few days at the Peder Sorenson home.

Mr. and Mrs. Carl Stromberg and family of Forest River, motored up today for a visit at the Rafteseth Bros.' home.

Carl Mellem motored to Warren today to visit with relatives.

MORTGAGE FORECLOSURE SALE.

NOTICE IS HEREBY GIVEN, that default has been made in the condition of a mortgage executed by Andy Solberg and Alma Solberg, his wife, Mortgagors, to Louis Kruse, Mortgagee, dated February 23rd, 1917, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 23rd day of February, A. D., 1917, at Eleven O'clock A. M., in book 13 of Mortgages, on page 303 thereof, that the amount claimed to be due on said mortgage at this date is Five Hundred Fifty-three and 42-100 Dollars ($553.42); that the premises described in and covered by said mortgage are described as Lot Number Twenty-seven (27) and the South Ten Feet (S. 10 ft.) of Lot Twenty-six (26) of Block Numbered Eleven, (11), in Porter's Addition to the City of Thief River Falls, Minnesota, according to the plat thereof on file and of record in the office of the Register of Deeds in and for said Pennington County, Minnesota, and are situated in Pennington County, Minnesota; that said mortgage contained a provision that if default be made by the mortgagors in any of the provisions of said mortgage, that it should be lawful for the Mortgagee to declare the whole usm secured by said mortgage to be due and payable, that the mortgagors have failed and neglected to pay the interest which fell due under the terms of said mortgage on Februray 23rd, 1918, and have failed to pay the taxes on said premises for the year 1917, and the mortgagee has elected to declare, and has declared the whole amount of said mortgage, principal and interest due and payable; that by virtue of the power of sale contained in said mortgage and pursuant to the statute in such case made and provided, said mortgage will be foreclosed by the sale of said premises at public vendue to the highest bidder for cash, by the Sheriff of Pennington County, Minnesot, at the east front door of the Pennington County Court House, in the City of Thief River Falls, Pennington County, Minnesota, on August 17th, 1918 at Ten O'clock A. M., to satisfy the amount then due on said mortgage together with the cost of such sale and Twenty-five Dollars ($25.00) attorney's fees stipulated in said mortgage.

Dated June 24th, 1918.

LOUIS KRUSE,
Mortgagee.
THEO. QUALE,
Attorney for Mortgagee.
Thief River Falls, Minn.

Citation For Hearing on Petition to Sell, Mortgage or Lease Land.

Estate of Ole Nelson.

State of Minnesota, County of Pennington, in Probate court:

In the matter of the estate of Ole Nelson.

The State of Minnesota to Nekoline Nelson, Nie Nelson, Ole Nelson, Gina Voldness, Paula Larson, Inga Sjolsvold, Laura Stennerd, Henry Nelson, Nora Josephson, Clara Nelson, Arthur Nelson, Joseph Nelson, Lillie Lubnow and Oscar Nelson, all persons interested in the sale of certain lands belonging to said Ole Nelson. The petition of Gina Voldness as representative of the above named Ole Nelson, being duly filed in this court, representing that it is necessary and for the best interests of said estate and of all interested therein that certain lands of said decedent described therein be sold and praying that a license be to. Gina Voldness granted to sell the same;

Now therefore, you, and each of you, are hereby cited and required to show cause, if any you have, before this court, at the Probate Court Rooms in the City of Thief River Falls, County of Pennington, State of Minnesota, on the 26th day of July 1918, at 10:00 o'clock a. m., why the prayer of said petition should not be granted.

Witness the Judge of said Court and the seal of said court, this 26th day of June, 1918.

WILHELM MICHELET,
Judge of Probate Court.
J. M. BISHOP,
Attorney for Petitioner. J-27-Jl-4-11

PROPOSALS FOR BIDS FOR CONSTRUCTION OF SEWER IMPROVEMENTS.

The City Council of the City of Thief River Falls will receive bids, under the above title, for furnishing all labor, skill and material for the construction of a bridge and abutments for sewer over mill race and certain other sewer improvements within the City of Thief River Falls, such bids to be made upon a basis of cash payment for the work and labor, and no bid will be considered unless accompanied with a cash deposit or duly certified check paid to the order of the Treasurer of the City for at least fifteen per cent of the amount bid. Such bids to be in accordance with the plans and specifications now on file with the City Clerk of the City of Thief River Falls, Minnesota. The City Council reserves the right to reject any and all bids.

Dated at Thief River Falls, Minnesota, June 26th, 1918.

A. H. AKRE,
City Clerk.
J-27-Jl-4-11 Thief River Falls, Minn.

CITATION FOR HEARING ON PETITION TO SELL, MORTGAGE OR LEASE LAND.

Estate of Stein Jorgenson.

State of Minnesota, County of Pennington, in Probate Court:

In the Matter of the Estate of Stein Jorgenson.

The State of Minnesota to Annie Jorgenson, Margarette Jorgenson, Loyd Jorgenson, Paul Jorgenson, Ethel Jorgenson, Gladys Jorgenson and Arnold Jorgenson, heirs at law and next of kin to Stein Jorgenson, deceased, and all persons interested in the sale of certain lands belonging to said Stein Jorgenson, deceased. The petition of Carl Christofferson, as representative of the above named decedent, being duly filed in this court, representing that it is necessary and for the best interests of said estate and of all interested therein that certain lands of said decedent described therein be sold and praying that a license be to him granted to sell the same:

NOW THEREFORE, you, and each of you, are hereby cited and required to show cause, if any you have, before this court, at the Probate Court Rooms, in the City of Thief River Falls, County of Pennington, State of Minnesota, on the 27th day of July, 1918, at 10 o'clock A. M., why the prayer of said petition should not be granted.

WITNESS the Judge of said Court, and the seal of said court, this 2nd day of July, 1918.

WILHELM MICHELET,
Judge of Probate Court.
(Court Seal.)
THEO. QUALE,
Attorney for petitioner.

Proceedings of the City Council

Council Chambers, Thief River Falls, Minnesota.

A regular meeting of City Council was called to order by O. L. Ihle, president, at 8:00 o'clock P. M., June 25, 1918.

Roll Call: Members present; Myhrum, Olson, Brandon and Ihle. Members absent; Benson.

Minutes of the meeting of June 11th were read and approved as read.

Moved by Brandon, seconded by Olson, that the application of C. Froseth for a permit to repair building be granted. Motion carried.

Moved by Brandon, seconded by Olson, that the application of A. J. Lawrence to operate and conduct moving picture theatre at the Lyceum and Princess be granted. Motion carried.

Alderman Olson, seconded by Alderman Myhrum, introduced a resolution increasing the salaries of First and Second Electricians $10.00 per month for overtime work. (See Resolution.)

Moved by Myhrum, seconded by Brandon, that the Home Guards be granted the use of the Auditorium free of charge for August 5, 6 and 7 on condition that they pay for moving of seats. Motion carried.

On motion duly carried the Council adjourned.

O. L. IHLE,
President of the Council.
Attest:
A. H. AKRE,
City Clerk.

RESOLUTION.

At a regular meeting of the City Council held June 25, 1918, Alderman Olson, seconded by Alderman P. O. Myhrum, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minnesota, that the salary of the following city employees be and hereby is fixed as follows:

First Electrician	$105.00
Second Electrician	90.00

This salary to commence and be in effect from and after June 1st, 1918, and the increase of ten dollars per month is granted on condition that one of such employees be on duty to answer trouble calls from six P. M. to 10 P. M., during alternate weeks.

The city clerk and mayor are hereby authorized and required to issue and deliver the city warrants on the last day of each month in payment of such salaries in accordance herewith.

Roll Call:

Aldermen voting Yes; Froseth, Myhrum, Olson, Brandon, Ihle.

Aldermen voting No; None.

Resolution declared passed.

O. L. IHLE,
President of the Council.
Approved June 28, 1918.
G. A. PENNEY,
Mayor.
Attest:
A. H. AKRE,
City Clerk.

RESOLUTION.

Sold by all druggists, 75c.
Hall's Family Pills for constipation.

One Carload Every Two Minutes

15,000 POUNDS MEAT A MINUTE GOING TO ALLIES

One Hog Out of Every Four Being Sent Abroad.

Shipments of meat have been going to the allies for some time at the rate of 15,000 pounds a minute. As the shipments are kept up during a ten hour day the amount is 9,000,000 pounds daily. The meat goes to soldiers of the United States and to the allies and to the civilian population of all the countries at war with Germany.

—*Chicago Tribune, June 4, 1918*

These statements were made by a prominent representative of the United States Food Administration.

No industry in the country has played a more important part in helping to win the war than the American livestock and meat-packing industry.

Swift & Company alone has been forwarding over 500 car loads of meat and meat products per week for overseas shipment.

Swift & Company, U.S.A.

BEST IN THE LONG RUN

FAIR TREATMENT

The World's First Torpedo Failed

ITS inventor, David Bushnell, an American, in 1776 attempted to sink the British warship, Eagle.

Bushnell towing his torpedo, charged with powder, by means of a hand-power semi-submersible, planned to fasten it to the hull of the attacked ship with a steel plunger; then explode it by clock work.

His torpedo—too much of an experiment—failed.

Safeguarding the user against failure, Goodrich never markets an *experiment*, tires or anything else.

Goodrich Tires, though built with the *experience* and *skill* of the oldest and largest rubber factory, are proved out by the practical road travel of Goodrich Test Car Fleets to make them in *word* and *deed*—

GOODRICH SERVICE VALUE TIRES

For Goodrich recognizes but one value in tires—their SERVICE VALUE on your car and on the road; one tire value—SERVICE VALUE.

Whatever pounds of rubber and other material go in tires; whatever hours of work and skill, their VALUE to motorists is their SERVICE, in *comfort, dependability* and *durability*.

And you are sure to get it if your tires are GOODRICH SILVERTOWN CORDS, or BLACK SAFETY TREADS.

Make sure of *economy* and *security* in tires by demanding big, masterful SERVICE VALUE TIRES.

Railroad News Notes

Items Concerning Soo and Great Northern Activities

Rejected in Draft—Victor Polman, clerk in the office of Master Mechanic, J. W. Hendry, until he was called to join the army about the middle of last month, has returned and is again back on the old job. An injury received while playing basketball some years ago put one arm somewhat out of commission and the army surgeons would have none of him. During his absence at Camp Grant his place has been filled by Miss Velma Price.

Promoted to Firemen — George Houfek, Arthur Rambeck, John L. Leirnen and Richard Hornseth, who have been employed at the roundhouse as helpers, have been promoted to firemen. Railroads everywhere are short of help of this class and new men are being broken in. Everyone anticipates a tremendous business this fall, particularly on Northwestern roads, and department heads are preparing for the rush.

Weed Burner on Duty—After undergoing repairs in the round-house here, the weed burner was started westward on Sunday to begin the work of keeping the tracks and right-of-way from becoming overgrown with weeds and grass.

Steel Chip in Eye—James Farley, foreman at the roundhouse, is going around these days with a curtain hung over one eye. He was dressing down a tool in the turning lathe the other day when a chip was dislodged and struck him in the optic. The injury is not dangerous but painful and a nuisance generally.

Next Draft Will Get Them—The draft has not thus far hit the railroad men particularly hard, but their turn is apparently coming soon. There are a lot of them due to go in the next draft and the worst of it is that the longer the call is delayed the harder it will be to get along without them. The heavy business season of the roads is just coming on and officials are more than a little worried over the outlook.

Return From Visit—Engineer William Smithers, wife and children, returned this week from an extended visit with relatives and friends in Canada and Michigan.

Buried Soldier Brother—Engineer Albert Engen returned this week from Iowa, where he had been to attend the funeral of his brother who died at the naval hospital in Brooklyn, N. Y., while serving as a sailor on one of Uncle Sam's battle ships.

Express Business Combined—The business of the Consolidated Express corporation in this city will be looked after by R. S. Varette, formerly of St. Paul. The offices of the company will be at the Soo depot, and here all business will be transacted, no matter over which one of the railroads shipments are to be made. The Western Express company and the Great Northern Express company are out of business for the period of the war and the work will be carried on under government control.

Division Jottings.

Henry Carlson, car repairer, went up to Roseau this week to look after affairs on his homestead, which is located in that county.

Joseph Johnson, formerly clerk in the office of Master Mechanic J. W. Hendry, is now in France with Uncle Sam's forces. He has written to former companions here stating that he is thus far having rather a good time of it but expects to find that things have changed before long.

Coleman Buoen, car repairer, left Tuesday evening for Veblin, Iowa, for a visit of ten days with relatives and friends.

Gust Wollen of the repair department, went to Warren the first of the week intending to spend the Fourth with friends and relatives there.

Richard Rupprecht went to Sioux City, Iowa, the first of the week for a short visit. He was accompanied back by Mrs. Rupprecht, who has been visiting for some time at the Iowa city.

Martin Stenborg began work as an engine wiper in the roundhouse on Friday

Victor Nordquist is a new man at the shops, having been put on as machinist's helper during the week.

Machinist John Skog is away on a visit to relatives and friends at Wadena.

For County Nurse.

At the last meeting of the school board a committee composed of Dr. F. H. Gambell and Lars Backe was appointed to meet with the county commissioners on July 8, for the purpose of discussing the question of securing a county nurse. This matter is one of importance, being a part of the government's campaign for better babies. The school board favors the proposition strongly and as the county commissioners have always shown themselves willing to do everything possible in the public interest it is thought that there will be no difficulty in securing valuable aid from that direction. The school board discussed the proposition of making the nurse an assistant superintendent of schools, this having been found one of the best plans in other communities. It would be well if those interested would let their county commissioner know that they favored the move before the meeting takes place and thus indicate to the board that interest in the subject is general.

FINAL POSITIONS IN DRAFT LIST

(Continued from page 1.)

ure preceding the name is the order number while that following is the serial number on the registration records:

Miss Miriam Bishop, daughter of Mr. and Mrs. J. M. Bishop, who has been attending Vassar College at Poughkeepsie, N. Y., arrived here last Friday morning to spend her summer vacation at her home. Miss Bishop visited with friends in Chicago and also at Camp Dodge with her brother, Morlan, who is doing Y. M. C. A. work there, and who accompanied her to this city on a short leave of absence.

Husby-Hoyum.

Last Saturday evening at eight o'clock Miss Sophia Hoyum, daughter of Mrs. Peter Hoyum, 406 Riverside avenue south, became the bride of Private Gilmore H. Husby. They were married at the Methodist Episcopalian parsonage by Rev. J. A. Orrock. Mr. and Mrs. Husby left the same evening for Minneapolis for a few days' visit at the home of Pte. Husby's parents, before the former's return to Camp Dodge, Iowa, where he is a member of the Hospital Corps. Mrs. Husby returned to this city this morning and will leave this evening with her mother for Seattle, Wash., where she will make her home.

Midderigh-Rodich.

Miss Lucy Midderigh, daughter of Mr. and Mrs. Paul Midderigh of this city, and Mr. M. Rodich, of Colraine, Minnesota, were quietly married on Wednesday, June 26th at Coldaine. Miss Midderigh has been nursing in Colraine for several months past and they will make their home in that city.

Cut in Wire Fence.

Axel Blom, residing near Rosewood, was brought to the Physicians hospital in this city on Tuesday morning to receive attention because of injuries received by running into a wire fence on a motorcycle. Blom was riding toward town on the Jefferson highway, following the usual route. One portion of this had been closed and a detour provided, but Blom did not know this and kept on going until he ran full tilt into a barb wire fence stretched across the road. He received a severe cut over one eye and a deep gash in one arm, the latter just missing an artery. He was brought to the hospital by John Funnesdahl and is getting along all right.

Circus Day Dance at the Rink, Wednesday, July 10th.—J-4.

The Ladies Aid society of the M. E. church will be entertained at the church Wednesday afternoon, June 10, by Mrs. J. H. Hay and Mrs. W. W. Prichard, Sr.

A series of meetings will be conducted at the Swedish Baptist church, beginning Friday evening, July 12, and continuing over Sunday. Several speakers will be present.

E. Cote, accompanied by his daughter, Miss Louise, of Summerset, Wis., visited in this city for several days with Mr. Cote's son, Philip J. They left Tuesday afternoon for Crookston to visit with relatives before returning to their home.

DELCO-LIGHT
Increases Farm Efficiency

1. Saves time and labor—Work formerly done under poor light and by hand can be done better and in less time with the aid of electric light and power.

2. Labor is attracted to the farm—The "back to the farm" movement is made practical when the conveniences afforded by electric light and power can be had in the country.

3. Keeps the boys and girls on the farm—Electric service [illegible] Valuable labor and valuable young manhood and womanhood are saved to the country community.

4. Solves the retired farmer problem—Electric light and power make the farm home so attractive and comfortable that the farmer and his wife remain on the farm where their advice, experience, and immediate interests are of great practical value.

5. Lightens burden of the housewife—Increased farm work in war times means increased labor for the housewife. Electricity offers the only practical means of taking the drudgery of household tasks from her shoulders.

Delco-Light is a compact electric plant for farms or country homes. Self-cranking. Air-cooled. Thick plate, long-lived battery. Ball bearings. No belts.

Over 50,000 Satisfied Users throughout the World

While everyone else is whooping 'er up, we are doing business along the same old lines.

Good values at all times---by that we mean your dollar goes farther here than at so-called sales.

Dependable merchandise at the lowest price consistent with sane business methods is the only way to retain public confidence and at the same time meet both obligations and competition.

We have nothing to give away. We cannot sell below cost and stay in business. Neither can anyone else---just remember that.

"If it comes from Mogensen's it must be good." This was our motto at the outset of our business career here and remains our motto today. If you want an honest article at a fair price, we are here to serve you.

Historical Society

MINNESOTA HISTORICAL SOCIETY

[illegible]Y VALUATION [illegible]ALLS A TRIFLE

PERSONAL PROPERTY TAX ROLL IS $12,000 LESS THAN YEAR AGO.

REAL ESTATE IS UP $15,000

[illegible]LUE OF LOTS AND STRUC[illegible]URES IS NEARLY THREE MILLION DOLLARS.

In spite of wars and two poor crop years, Thief River Falls seems to be holding its own. City Assessor E. M. Evenson has finished his labors and submitted the result to the county [illegible] of equalization, which will [illegible]art the work of equalization on [illegible]

[illegible] Estate Up a Little.

[illegible] assessment books show that [illegible]ull value of the real estate [illegible]thin the city is $1,029,420 and that [illegible]e structures thereon are worth $1,674,125, making a total of $2,703,535. This class of property is assessed at 40 per cent of its true value, making the assessed valuation $1,079,274. At the time of the last assessment, taken two years ago, the taxable value of the real property and improvements was $1,062,023, showing a gain for the two years of $17,251. The personal property valuation, however, has taken a slight slump, being placed at $307,178 at this time as compared with $319,662 a year ago. This sum is the basis for taxation and not the true and full value of this class of property.

The Household List.

Class 2, which covers all items of household utility, is assessed at $35,397, which is one-third of the actual [illegible]ue of the articles, which would [illegible]s be $106,131. Pianos are one of [illegible] large items in this class, there [illegible] 195 of the instruments in the [illegible]ith a total value of $8,666. [illegible] are only about half as many [illegible] machines, the number of those being 272 and their value $1,052. Household furniture and wearing apparel accounts for $17,587 of the total, while books, pictures, etc., represent $870.

Over 100 Horses.

Automobiles have not quite supplanted the horse in the city, but the horse is a very poor second. There are 236 autos listed for taxation, their value being $29,411, while the horses number only 106 and their [illegible] $3,743. There are 52 cows in [illegible]ty and 30 head of other kinds of [illegible]tle, including calves. Their total value is $1,305. Quite a few people lied out of owning a dog as the assessor was able to find only 47 of the animals. Their value is given at $175.

Retail Stocks Light.

Goods in the hands of retail establishments in the city are valued at [illegible]281, which shows that the uncer[illegible] conditions [illegible]d continually in[illegible]ing prices have the effect of [illegible] the merchant run as close to [illegible]nd as possible. The stock of [illegible]e houses is assessed at $27,[illegible] The value of office furniture in the city is $4,442 and the printing material is placed at $3,917. The motorcycles and bicycles are of very poor grade, being valued at but $42.

$50,000 in Bank Stock.

Elevators, warehouses and other improvements on railway lands are valued at $22,940 and the shares of bank stock issued are worth $47,848. This is 40 per cent of the full value of the above items.

The Red Cross Payments.

[illegible] pledge card payments due on the first of Junly came in very promptly in a great many cases, according to Cashier L. A. Lampert of the Farmers and Merchants State bank, but there are still a number who have overlooked the matter. On the first day over half of the signers had appeared at the bank and left [illegible]ount pledged but after that the [illegible]umber fell away rather fast. It is [illegible]ery important that these payments [illegible]et when due as remittance must [illegible] made to headquarters at stated [illegible]eriods.

PRIMARY EXPENSES WERE NOT HEAVY

LARGEST OUTLAY INCURRED BY CANDIDATES FOR REGISTER OF DEEDS.

Pursuant to the statute in such case made and provided, the candidates on the ticket at the late primary election have filed their statements of the expenses incurred during the fracas. Only the accounts of the aspirants for the county offices are filed at the county seat, legislative and state candidates making their reports to the state auditor.

From the amount of money spent in securing the nomination it would seem as if the register of deeds' office is the most desirable in the county. N. J. Anderson, the present incumbent, let go of $61.25 for the privilege of retaining the job. T. H. [illegible]on, who will be his opponent in the race this fall, spent $70.75; Lars Backe, who was also a candidate for the place, invested $79.40, while W. E. Wood, only wanted to be nominated bad enough to spend $36.90.

Judge of Probate Wilhelm Michelet and Ira C. Richardson, who will be the candidates for judge of probate, distributed $53.98 and $67.29 respectively. Nels K. Nelson, who was also a candidate, went through with an outlay of only $13.25. Ove E. Berge, candidate for sheriff, spent $91.90, while his opponent, W. J. LaBree, got by with $35. It cost Louis A. Nelson almost as much to come in as third man, his expenses being $34.00.

The candidates for county commissioner in the First district—Peter C. Wold, W. G. Hunt and Elev Aakre—only invested the $10 required as filing fees. In the Third district Victor Brink pleads guilty to an outlay of $4.10 over and above the fee required to get his name on the ticket, while his opponents, Gust Naplin and Hans Anton, only spent what was absolutely necessary, to-wit: Ten dollars.

CORRECT FIGURES GIVEN BY SNYDER

MAJOR ADMITS ERROR WAS MADE IN PENNINGTON COUNTY REPORT.

Some time ago a report given out at the office of Adjutant General Rhinow under authority of the general's assistant, Major J. P. Snyder, stated that Pennington county had provided less than 15 per cent of Class 1 men out of its total registration on June 5, 1917. As this was clearly an error County Auditor T. P. Anderson, clerk of the local registration board, took the matter up with the major and this week received the following in reply:

"Your communication of June 8th has been held up, awaiting definite information that we could give you along the lines set forth in your letter. In this connection I desire to enclose copy of information which was given to the newspapers. I certainly hope that this will appear and that the error with reference to the classifications in Pennington county may be rectified."

Is Over Thirty Per Cent.

The item sent to the newspapers under a release for the morning of July 3, reads as follows:

"A recheck on percentage of men in Class 1 to the total registration places Pennington county, instead of below 15 per cent, as well above 30 per cent.

"Last month Provost Marshal General Crowder asked for figures from the various local draft boards to discover the percentage of registrants in Class 1 and in that count Pennington county was placed in the 'less than 15 per cent' class.

"The total registration in the county is 905 and the number of men in Class 1 is 273."

HELP RECRUITING AND ALL WAR WORK

COMMITTEE FORMED FOR PURPOSE OF LOOKING AFTER ALL DETAILS.

Major Yost of the regular army, has suggested that all Minnesota communities be provided with a civilian committee to take charge of matters connected in one way or another with the war but which still are not of a strictly military nature. The work would include seeing that proper publicity is given to the different calls for men, not necessarily in the drafted classes, as this is now very efficiently looked after by the registration board, but in order that knowledge of the openings to be found in the military or naval establishment of the country for older men may be properly brought to their attention.

In order that no time might be lost in complying with this request Mayor G. A. Penney called a meeting of representative citizens to meet at the Commercial club rooms on Monday, at which time the committee was organized. The mayor was made chairman, P. W. Mabey secretary, and Julien Provencher treasurer. The officers will also act as the executive committee, Rev. I. T. Aastad and John Morgan being added as members.

Among the first undertakings of the committee will be the staging of a big demonstration at the Auditorium in this city. An attempt will be made to secure a speaker of national prominence to address the people and a general patriotic program is being planned. There is a vast amount of work to be done by a civilian committee of this kind and the move is a good one.

Was in Circus Wreck.

Charles Olson, a brother of Mrs. Thyra Snyder and Mrs. E. J. Richards, arrived in the city last week and is now at the home of the latter. Mr. Olson is a harnessmaker employed by the Hagenbeck-Wallace circus and had his shoulder broken in the railroad wreck near Hammond, Ind., about two weeks ago. In the confusion following the smashup he lost everything he had in the line of clothing and was left practically stranded. He will remain in this city until such time as he has sufficiently recovered to again join the circus.

CROPS NOW ARE BELIEVED SAFE

RECENT RAINS HAVE GREATLY BENEFITTED BOTH GRAINS AND VEGETABLES.

MOST PROMISING OUTLOOK

NEARLY TWO INCHES OF RAIN HAS FALLEN HERE SINCE FIRST OF JULY.

The crop situation in Pennington county could hardly be better. The rains of last week practically placed the grains where even a protracted dry spell can have but slight effect on them. There is nothing, according to those who are posted on the matter, that can now prevent the harvest from yielding a highly satisfactory crop of every kind of cereal and vegetable. County Agent Ross P. White has heard of but little damage in any direction, the most frequent cause of complaint being the cutworms. That these have succeeded in materially lowering the total yield is not thought likely however.

Wheat Looks Well.

Wheat and rye are for the most part well headed out and there can be no damage to them except for unusual storms or hail. A dry season would have little effect on these grains now.

The late sown wheat is more apt to suffer if a dry spell would continue. Oats and barley are reported to be very good. The hay crop has been much improved by the recent rains and pastures have been benefitted very greatly. The potato crop in the county is exceptionally good.

Hay is Rather Poor.

While the outlook for hay is undoubtedly better than it was a short time ago, it is admitted that there will be a considerable shortage of the tame varieties. The wise farmers are therefore placing their dependance more completely in fodder corn and in their ability to secure wild hay. There are hundreds of acres of this latter product in the county and parties from outside have already been making inquiries concerning the possibility of securing some of it. Last year, when almost the entire country was experiencing a hay famine, Pennington county was able to ship out hundreds of tons.

Two Good Rains.

According to L. M. Rayson, local weather observer, a total of 1.79 inches of rain has fallen already this month, the precipitation on the 3rd being .84 inches while on the 7th it amounted to .95 inches. This insures against any danger from lack of moisture.

Northwestern Fair.

The directors of the Northwestern fair at Crookston are congratulating themselves upon having secured the Wortham Carnival Shows for the coming fair on July 29th to Aug. 2nd. This is claimed to be the largest carnival ever brought together. It takes 30 double-length cars to carry the equipment and performers. They have four rides: the whip, the merry-go-round, ferris wheel and aeroplane swings. Among the performances might be mentioned Essie Fay's Arabia, high school jumping horses, Beckman's wild animal circus and LaDaro's war shows, the battle of the tanks, aeroplanes, submarines and war ships. They carry 300 people and are as clean and upright an aggregation as Ringling Brothers' circus.

TWO FILINGS FOR SCHOOL DIRECTOR

DR. H. W. FROEHLICH AND P. O. MYHRUM ARE PLACED IN NOMINATION.

The time for filing as candidates for school director closed last Monday with but two names being presented—Dr. H. W. Froehlich and P. O. Myhrum. This does not necessarily mean that no more will go on the ticket, as it is still possible to get these on by petition. In fact the general rule is that all nominations are made in this manner and at the last minute, which means that they still have until Monday evening.

There are two directors to be elected and unless there are more aspirants for the place the balloting will be a rather tame affair.

FARMERS' ELEVATOR HAS GOOD SEASON

RECEIPTS MORE THAN DOUBLE THOSE OF THE PREVIOUS YEAR.

As will be seen by the official report of the Farmers Exchange Elevator company, published in another column of this issue of The Times, business at the co-operative plant has been very good during the past year. The amount received for grain sold was more than three times as great as for the preceding twelve months, the figures being $68,069.61 and $20,962.62 respectively, while the total receipts were $73,735.51 as compared with $31,874.87 for the preceding twelve months. The balance on hand is shown to be $4,828.17 at this time against $484.63 a year ago. The net profits for the year were $922.64, which overcomes a loss of $475.37 for the previous twelve month and leaves a balance of $447.27.

A new warehouse has been built during the past winter. This structure, 24x40 feet, will be used for the handling of flour and feed, it being the intention to add this as a department of the elevator's business in the fall. The annual meeting, which has been called for one o'clock on Saturday, July 20, will be held in this building.

Secretary P. O. Bergh believes that the business outlook for the future is very good and that next year's report will show an even greater increase in the amount of business transacted.

SEVERE TEST FOR FORDSON TRACTOR

NEW MACHINE IS PUT THROUGH PACES BEFORE LARGE CROWD SATURDAY.

Although but a short time was allowed for advertising the demonstration of the Fordson tractor which took place on the F. B. Conklin farm just north of the city on Saturday afternoon, there was a large crowd of farmers present. An attempt was made to keep track of the their names and addresses, but after the tally-men had reached 1600 the arrivals came so fast that the effort was abandoned.

The Fordson is decidedly some machine. The experienced farmers present were more than satisfied with the performance and predicted a big demand for the new tractor. A field with varying soils was selected and the plows cut through the hard clay with as little effort as in the loose mold. One advantage with the new machine is the small space required for its operation. It can be turned around in practically its own length and seems to be extremely easy to handle. M. T. McFarland, the local Ford agent, will have charge of the sales and the first allotment has practically been disposed of. The demonstration was in charge of Mr. Clulson of the Schn[illegible]el Tractor company, St. Paul.

PROVIDED BOUNTY ON COMMON PESTS

COMMISSIONERS DECIDE TO WAGE WAR ON GOPHERS AND CROWS.

If the board of county commissioners can do anything to bring it about there will be war declared on crows and gophers in Pennington county. At their meeting held this week it was decided to offer three cents for each common gopher destroyed, five cents for pocket gophers and ten cents for crows.

These destructive pests are responsible for a vast amount of damage done to crops every year, and the state legislature some time ago authorized the different counties to offer bounties for their extermination. Not many commissioner boards in the northern section of the state have as yet offered a cash reward for each crow or gopher brought in, but all are coming to see that it might prove a good investment to do so.

The commissioners also accepted the work done on the Pembina trail and ordered a hearing on a peitition for a new school district at Mavie. The commissioners will meet again on Monday as a board of equalization.

Red Cross Picnic.

There will be a picnic for the benefit of the Red Cross held at the O. M. Peterson farm in Smiley township on Sunday, July 14, under the auspices of Bethania Lutheran church. Dinner will be served on the ground and an appropriate program has been arranged. The entire proceeds will go to the Red Cross.

CARRY NEWSPAPERS FREE TO SOLDIERS

THIS IS PURPOSE OF BILL INTRODUCED BY CONGRESSMAN STEENERSON.

Congressman Steenerson, ranking republican member of the post office committee, on Saturday introduced a bill providing that during the continuance of the present war newspapers entitled to the second class mailing privilege, when addressed to officers, soldiers, sailors or marines in the military service, within or outside the United States, shall go free thru the mails. Mr. Steenerson said the application of the zone system postage rates to second-class matter under the revenue law approved Oct. 3, 1917 and which went into effect July 1, results in placing a greater burden upon our boys in the camps and on the battle front. The bill seeks to give them the news from home without extra cost.

MANY RECALLED BY LOCAL BOARD

EVEN THOSE EXEMPTED FOR PHYSICAL REASONS MUST BE RE-EXAMINED.

NO CHANGE IN CLASS 4

OTHERS MUST SHOW CAUSE WHY THEY SHOULD NOT BE PLACED ON LIST.

Pennington county men of selective service age who have thus far managed to escape going into the army will be given a chance to show why they should be allowed to remain at home while others are required to fight. This is in accordance with orders received from Provost Marshal General Crowder, who does not seem to be entirely satisfied with the number of Class 1 men found in the different sections of the country. The rules were not very strict at the outset and in many instances registration boards permitted men to plead exemption on very light grounds. This was not the case in Pennington county, as is evidenced by the large percentage of Class 1 men found in the first registration, but the list has been gone over again in order to notify those whose status may have changed or who may have given an excuse, acceptable at that time but now of no force, that they will again be required to report for examination.

Is Preliminary Call.

Sheriff W. J. LaBree, County Auditor T. P. Anderson and Dr. H. W. Froehlich, assisted by County Attorney E. M. Stanton, on Monday started going over the deferred lists and found a number whom they deemed it advisable to recall. This does not necessarily signify that those notified will be placed in different classes from those in which they find themselves, but they must fill the questionnaires sent them and their cases again come up for consideration. Even some of those who were exempted as physically unfit will be re-examined, and if it found that their condition can be bettered to such an extent as to make them available they will have to serve.

Class 4 Not Touched.

None were taken from Class 4 and placed in the other divisions, it being figured that their status had not changed. Quite a number from Classes 2 and 3, however, will have their claims passed upon again.

There are 13 in the physical exemption class who are ordered to report, as follows: Johnnie Nelson, city; John Alf Borry, city; Albin C. Johnson, city; Eugene F. Hance, city; Olof Alfson Gausien, Erie; Herbert Everett Race, Erie; Ludwig Christianson, city; Alfred Stene, city; Oscar Wilhelm Hogquist, St. Hilaire; John N. Nelson, city; Glenn I. Richardson, city; Jorgan Ulsvang, city; Ivor K. Sande, city.

Sixteen in Class 2.

The following list contains those claiming exemption generally on agricultural grounds and who must show cause why they should remain exempt: Schuyler Satre, St. Hilaire; Alvin K. Olson, St. Hilaire; Jerry Adams Race, Erie; Hugo Richard Menzel, Anoka; Albert Moengen, city; Martin Sjostrand, city; Michael Leo Bowe, St. Hilaire; Ernest H. Johnson, Wylie; Thor Skommedahl, Wanke; Sam Myrom, Sunbeam; Elmer Huseby, St. Hilaire; Albert Lappegaard, Rosewood; Einar Hendrickson Morken, Erie; John Edward Johnson, Wylie; Henry Meyer, St. Hilaire; Emil Zinter, St. Hilaire.

The Sole Support Class.

In the third division are all those who were exempt by reason of their having aged or infirm parents or children other than their own depending on them for support. Those who must again fill out the questionnaire are: George [illegible] Swanson, city; Adolph Melvin Iverson, Erie; Arthur Stenberg, city; Gustav M. Fritag, Webb, Iowa; Layman W. Fossum, city; Henry Walter Jonas, city; Henry Lewis McMahon, city; Clarence Bentson, city; Orval A. Herron, city; John Adolph Anderson, city; Albert Moseid, Woodville, Wis.; Robert Dempsey, Ruddell.

Deposit Mail Earlier.

The postoffice department is again urging upon the business men of the country the importance of getting their outgoing mail to the postoffices as early in the day as possible.

At present it is the practice of many business men and firms to hold practically all outgoing mail until the late afternoon or early evening hours. This necessitates the facing, cancellation, distribution, pouching and dispatching of from 60 to 80 per cent of all outgoing matter within a period of three or four hours. It is apparent that if this work could be distributed over twelve or fourteen hours not only would it be handled with greater facility but its dispatch would be hastened many hours.

At division points such as Thief River Falls, where trains generally leave and arrive in the early morning or late evening the general habit is to wait until the last thing at night before mailing letters. This causes a rush of work at the postoffice and sometimes delays occur that could very easily be avoided if letters were mailed earlier. The matter is regarded by the department as of considerable importance and it is one easy way of helping meet the war demands on the department.

Patriotic Parade Picture.

Secretary Scott Laird of the Pennington County Chapter of the Red Cross has received a notification to the effect that a moving picture of the Red River Valley Rural Patriotic parade held at Warren on June 21 in connection with the summer meeting of the association will be ready for exhibition within the coming week.

Besides numerous views of the parade, which was one of the best ever seen in this section, the film contains pictures of the battalion drill of the Eleventh battalion, Minnesota home guard, in which companies from Thief River Falls, Crookston, East Grand Forks and Warren took part. It is probable that the picture will be shown in this city at an early day and it is certain that it would prove a big drawing card.

CIRCUS RIDER HAS NASTY FALL HERE

WAS STILL UNCONSCIOUS AT TIME TRAIN PULLED OUT FOR GRAND FORKS.

One of the women hurdle riders with the Hagenbeck-Wallace circus, which showed here yesterday, was seriously injured at the evening performance when the horse she was riding failed to take a low hurdle and fell in alighting. The woman struck on her head and was rendered unconscious. She was taken to the dressing room and Dr. F. H. Gambell summoned. He found no broken bones or dislocations and there was no indication of concussion of the brain, although the woman remained unconscious until the train pulled out for Grand Forks some time after midnight.

The hurdle placed across the track was not over 30 inches in height and a number of other horses had made the jump easily. The injured woman and her husband then attempted to send their horses over abreast of one another and her mount failed to leap far enough, striking his heels in coming down. He fell, throwing his rider on her head and badly scratching her face. In getting to his feet it looked to those sitting nearby as if he stepped on her, but such was not the case. Circus people say that the animal is inclined to jump too high and not far enough in taking low hurdles but that this is the first time this habit has resulted in an accident.

VALLEY DOCTORS MEETING TODAY

The regular quarterly meeting of the Red River Valley Medical association will be held at the Princess theatre this afternoon. Dinner will be served at the Hotel Evelyn at 12 o'clock, after which the following subjects will be discussed: "General Surgery Under Local Anesthetics," by Dr. Farr. Lantern slides will be employed in illustrating this lecture. "Hernia of the Diaphragm" will be the subject handled by Dr. H. W. Froehlich of Thief River Falls, while Dr. O. F. Meliby, also of this city, will speak on "Dislocated Spleen."

The officers of the association are as follows: Dr. H. W. Froehlich, Thief River Falls, president; Dr. F. M. Dryden, Crookston, vice president; Dr. Ralph L. Kirsch, Crookston, secretary-treasurer; Dr. C. E. Dampier, Crookston, councellor; Dr. G. S. Wattam, Warren, and Drs. H. E. Nelson, Crookston, delegates; Dr. A. H. Kahala, Crookston; Dr. O. H. Olson, Erskine, and Dr. O. F. Meliby, Thief Rivetr Falls, censors; Dr. J. S. Kjelland, Crookston, and Dr. W. H. Hollands, Fisher, alternates.

BUT 17 LEFT IN FIRST DIVISION

FIVE CLASS ONE MEN LEAVE ON 17th AND 25 WEEK OF 22nd.

FIRST GO TO DUNWOODY

REGULAR JULY QUOTA BOOKED FOR CAMP WADSWORTH, SOUTH CAROLINA.

When the July requisitions for service in the army have been met there will be but 17 men left in Class 1 in Pennington county. The questionnaires sent to those who registered on June 5 have nearly all been returned and the board will meet soon for the purpose of classification. This will again bring the first division up somewhat, it being estimated that among the young men who reached 21 years during the past year there should be 50 per cent available for assignment to Class 1. At the rate they are being called, however, even this number will be depleted before the end of the year when it will be necessary to invade the deferred classes or extend the age limit.

A Few to Dunwoodie.

The five who leave on the 17th will go to the Dunwoodie institute in Minneapolis for special instruction as aviation mechanics. Class 1 men were permitted to volunteer for this service but they overlooked the opportunity and have been selected by the board. A lack of understanding of the highly desirable nature of this service is perhaps responsible for the fact that applications were not more plentiful. Those selected to go are: Carl Walberg, John N. Nelson, Arvin Radke, Olaf N. Thompson, Ludvig C. Nelson.

Twenty-five More Follow.

The regular July draft quota for the county is 25 and these will be taken as they appear on the original registration list except in cases where special reasons exist for excusing them at this time. According to the latest ruling of the adjutant general it is permissible to exempt farm workers for the present, but as it is now only a matter of time until these must also go it is not likely that many requests for postponment will be entered. It is likely that some changes will have to be made in the lineup and four more than the 25 necessary have therefore been selected; these appearing last on the following list which also contains the present address of all those called. They will be sent to Camp Wadsworth, S. C.:

M. A. Eisenpeter, city.
John T. Hanson, Hazel.
Ole J. Olson, Highlanding.
Arthur Williams, City.
Elmer E. Johnson, St. Hilaire.
August Frank Hoppe, Proctor.
Swen Alfred Olson, Goodridge.
Olaf Lappegaard, City.
Alexander Swenson, St. Hilaire.
Herman Snyder, St. Hilaire.
George Johnson, St. Hilaire.
Thom Olson, Plummer.
Clarence Syrtvedt, Lillo.
James Tedroff, City.
John C. Larson, Erie.
Edward Erickson, St. Hilaire.
Earl Elmer Swenson, City.
M. M. Hieberman, Patterson, N. J.
Ulrick Erickson, Hazel.
John Bloomquist, City.
William W. Long, City.
Leonard Erickson, City.
J. A. Olson, Prince Albert, Sask.
Oliver O. Ronning, City.
Carl Vake, Erie.
Edward Lacy, City.
R. H. Burrill, International Falls.
William Pura, City.
Ray Herron, City.

All Subscriptions Must Be Paid In Advance

On July 1st postage rates on all newspapers in the United States were increased by act of congress. Prices of paper have again increased, as well as wages, and every item of expense that enters into the production of a newspaper.

The Government Requests

that all waste of paper be eliminated as far as possible and that papers be sent only to subscribers who have paid for them.

We Are Going to Comply With This Request

and on August 15th every paper that is not paid for in advance will be stopped. This rule will be enforced without favor to anyone. If your paper is not paid in advance by August 15th it will be stopped. We still have a few of the big WAR MAPS left and they will be given away to those paying their subscription in advance as long as they last.

MAY NAME MEN ON FALL TICKET

ALLEGED NON-PARTISANS WILL TRY FOR GOVERNORSHIP AT LEAST.

COMBINE WITH SOCIALISTS

ACTION WITH REGARD TO OTHER OFFICES NOT YET DECIDED.

The following article is taken from Sunday's St. Paul Dispatch and bears out the general impression entertained in this section of the state since the primaries. Nonpartisan league members generally have made no secret of the fact that a candidate for governor by petition was a possibility, but it has been generally thought that no such action would be taken with regard to the other offices. The Dispatch, however, seems to know, as will be seen by the article which reads:

"Formal announcement is made today that the Nonpartisan league will have a candidate for governor of Minnesota at the general election next fall.

"This announcement, made through the official newspaper of the league, is not unexpected, as it had been anticipated that the league would make an effort to make use of the vote rolled up for Lindbergh through the expenditure of thousands of dollars in organization work.

Farmers Summoned.

"With its announcement of a decision to back a candidate for the highest office in Minnesota, the league also calls another "farmers' state convention" to take place soon, at which time it is said the league will go down the line to obtain control of the balance of power in the state legislature.

"The decision of the league was made at a meeting of a state committee here this week. Among the farmers said to have had a voice at the committee meeting are E. D. Paquin of Long Prairie, E. E. Johnson of Balaton and Eric Anderson of Detroit.

"It was declared at the meeting of the committee that as a result of the vote polled by the league at the primaries, the league will be the determining factor in the fall election.

May Use Socialists.

"The official announcement says: The Nonpartisan league will have candidates for Governor and perhaps other state offices in the field this fall without doubt. Whether any of the candidates who are now on the ticket will be endorsed or whether an independent candidate will be put up will be decided in due time.

"Observers of Nonpartisan activities since the primaries believe the league is planning to form a combination with city socialists, who may by petition place a candidate in the field, or already has formed this combination. Unless it can produce 2,000 voters who did not cast a ballot at the primaries, the league will be unable to place an independent candidate on the ticket."

SUGAR ALLOWANCE IS AGAIN REDUCED

CHEAPER SUPPLY IS PROMISED DURING MONTHS OF AUGUST AND SEPTEMBER.

County Food Administrator C. A. Pitkin has received further information on the sugar situation from State Administrator A. D. Wilson. The matter is of such general interest and importance at this time that The Times believes it will be doing its readers a service by reproducing the letter in part. Mr. Pitkin asks that all concerned note carefully the contents of the communication and govern themselves accordingly. There will be sugar enough to go around by the time the canning season is on in this section of the country. In the meantime it is the part of patriotism and good sense not to growl because the South is provided first. If such were not the case a vast amount of early ripening products would be ruined. Mr. Pitkin's instructions in part are as follows:

"It has been necessary for the Food Administration to reduce the July allotment for Minnesota in order that the more southerly states, who are now in the height of their preserving season, may be supplied and so that their home fruits can be saved.

"In Minnesota, August and September are the principal months for canning and preserving, for it is during that period that our apples, plums, grapes, etc., will be harvested. Our situation will then receive special consideration and a fair allotment of available supply of sugar will be ordered for us.

"The present sugar supply can be conserved to an important extent if the people will plan to put up their fruits without the use of sugar. Full information and instructions regarding this may be secured by applying to the 'Home Economics Division'; in fact, the government has already engaged in a campaign regarding this feature and instructions have been distributed widely. Anything, however, that you can do to further this plan will greatly assist at the present time."

WEDDING AVERAGE ABOUT AS USUAL

WAR HAS NOT SPEEDED UP MARRIAGES IN PENNINGTON COUNTY.

There are very few men of military age in Pennington county who are attempting to escape service for any reason whatever, and none who try to do so by the marriage route. At least the records in the office of Clerk of Court Adolf Eklund indicate that there has been no rush to get in under the dependent wife exemption clause. The number of licenses issued average practically the same as during the past three years—about ten per month. The highest record since the outbreak of the war was that for June, 1917, when 14 permits to wed were issued. During the last six months of that year the number totalled 57, while for the six-month period ending on June 30, 1918, the number was 69. The record for the year is as follows:

July	7	January	6
August	9	February	9
September	9	March	12
October	13	April	12
November	9	May	9
December	12	June	9

MAY CALL SOON FOR LAST REGISTRANTS

INDICATIONS ARE THAT 1918 CLASS WILL BE WANTED IN AUGUST.

State draft executives were directed by Provost Marshal General Crowder on Saturday to have local boards call up for physical examination immediately all new registrants under the selective draft law who have been placed in Class 1.

District and local boards and medical advisory bodies will be instructed to speed their work so as to have new Class I men available for call to the colors in August.

Draft executives were also asked to report at once the approximate number of registrants brought into Class 1 from the deferred classes by the recent combing out and rectification of these classes under the work or fight order.

The local registration board has not yet received instructions with regard to the time for holding the physical examinations but T. P. Anderson, clerk of the board, has been ordered to hold his office in readiness to issue these at any time.

Red Cross Meeting.

The Red Cross Auxiliary of Rocksbury township will hold their regular monthly meeting on Sunday, June 14th at the home of Henry Oen.

If You Don't Can It
You Won't Have It

Think of the comfort of knowing that there are on the shelves home-canned fruits, vegetables, greens, soups, meats, etc., from which a good meal can be prepared in the few minutes required to open the jars and heat the contents.

"Wear - Ever" Aluminum Preserving Utensils

are pre-eminently fitted to help you realize such comfort. They heat quickly and uniformly, saving fuel. They require little or no stirring, depending entirely on how carefully the heat is regulated. They have no joints or seams—no place for food to lodge—no coating to chip off—are as pure and safe as china. Their wonderful durability saves the expense and annoyance of continually buying new cooking utensils.

Replace utensils that wear out with utensils that "Wear-Ever"

We have only a limited number of these "WEAR-EVER" preserving sets. Get yours today and help preserve—and conserve—the food supply.

Phillips-Laing Hardware Company

Food

QUESTIONS ANSWERED

The Organization for and Purposes and Methods of Food Conservation in the United States.

1. What is the United States Food Administration?

   A government organization created as a war measure to meet all food problems, national and international.

2. How was it created?

   Congress gave the President power to create it by Executive order.

3. When was it created?

   August 10, 1917.

4. What work was begun before this date?

   On May 17, 1917, the President requested Mr. Herbert Hoover to take over the proposed task of food administration, and on June 12 he urged Mr. Hoover to begin assembling the voluntary forces of the country to save food.

5. What is the purpose of the Food Administration?

   (a) To secure sufficient food for our civilian population, for our soldiers, for the soldiers and civilians of our associates in the war.

   (b) To maintain an even supply of essential foods.

   (c) To stabilize prices by abolishing speculation, hoarding and profiteering.

6. What does the Food Administration ask of the American people?

   To save wheat; to save meat; to save sugar; to save fats; to save transportation; to eliminate waste; to substitute other foods for those we are asked to save; to eat only as much as we need.

7. How can these things be accomplished?

   By increased production, proper distribution, control of exports and checking of speculation; but chiefly by the voluntary effort of every man, woman, and child in the United States.

8. Is the entire work of the Food Administration done from the central office in Washington?

   No; the work is decentralized. Every state has its own Federal Food Administrator recommended by Mr. Hoover and appointed by the President.

9. What is the meaning of the term "decentralized"?

   Removing some of the functions of an organization from the central authority to local authorities.

10. Why can not all administrative work be done in Washington?

    Because the state laws and local conditions vary so greatly; but the central authority remains there and all policies are decided by the United States Food Administration.

11. How is the work in each state decentralized?

    Through the appointment by its Federal Food Administrator of a county chairman or administrator for each county.

12. What assistants has the Federal Food Administrator in his work?

    State and county administrators are aided by home economic directors; by merchant representatives, who look after the stores; by hotel chairmen, who supervise hotels and restaurants; by library directors, who render service through the public libraries; by educational directors.

13. Do the Federal Food Administrators of the various states keep in touch with the United States Food Administration in Washington?

    Yes.

14. How?

    By frequent conference and constant interchange of information relating to national policies and local conditions.

15. What salaries are received by the United States Food Administrator and the Federal Food Administrators of the different states?

    They receive no salaries; they give their services to the government.

16. Why does the Food Administration seem to change its policy in many of its rulings?

    Because, although the purpose remains the same, new factors constantly arise in our present disturbed condition which make necessary a readjustment of method and policy to that purpose.

(Questions on Bread and Beef answered in a later issue.)

Sugar Purchases Limited—Two Pounds in City—Five in Country.

Under regulations announced by the Food Administration this week and effective at once, single purchases of sugar by the consumer for regular household purposes, exclusive of canning, are limited to two pounds in the city and five pounds in rural communities.

Consumers will also be required upon making this purchase to sign and leave with the retailer a pledge to use the sugar thus purchased according to food administration regulations, and in quantity not exceeding 3 pounds per month for each member of the household.

Sugar for canning purposes is obtainable as heretofore—25 pounds at a purchase upon signing of a certificate. After four purchases have been made for canning no more will be allowed except on special certificate issued by the county food administrator.

U. S. Food Administration

Wheatless Recipes

Tested in the Experimental Kitchen of the Food Administration (Conservation Division) and the Department of Agriculture.

BAKING POWDER LOAF BREADS

(Using no Wheat)

All measurements are level.—In the following recipes the weights given are accurate. The measurements are approximate; that is, they are given in the nearest fraction of a cup which a housewife ordinarily uses. It is convenient to remember in measuring unusual fractions that two level tablespoons are one-eighth cup.

Method.

Mix the melted fat, liquid, sirup, and egg. Combine the liquid and well mixed dry ingredients. Bake as a loaf in a moderately hot oven (206 degrees C. or 400 degrees Fahrenheit) for one hour or until thoroughly baked.

Nuts, raisins or dates may be added making the bread more nutritious and very palatable.

OAT AND CORN FLOUR BREAD

50 Per Cent Ground Rolled Oats.
50 Per Cent Corn Flour.
1 cup liquid.
2 to 4 tablespoons fat.
4 tablespoons sirup.
2 eggs.
6 teaspoons baking powder.
1 teaspoon salt.
1¼ cups (5 ounces) corn flour.
1½ cups (5 ounces) ground rolled oats.

RICE AND BARLEY BREAD.

50 Per Cent Rice Flour.
50 Per Cent Barley Flour.
1 cup liquid.
2 to 4 tablespoons fat.
4 tablespoons sirup.
2 eggs.
6 teaspoons baking powder.
1 teaspoon salt.
1¼ cups (5 ounces) rice flour.
1⅔ cups (5 ounces) barley flour.

CORN FLOUR AND BUCKWHEAT BREAD.

50 Per Cent Corn Flour.
50 Per Cent Buckwheat.
1 cup liquid.
2 to 4 tablespoons fat.
4 tablespoons sirup.
2 eggs.
6 teaspoons baking powder.
1 teaspoon salt.
1¼ cups (5 ounces) corn flour.
1 cup (5 ounces) buckwheat.

BARLEY AND OAT BREAD.

50 Per Cent Barley Flour.
50 Per Cent Ground Rolled Oats.
1 cup liquid.
2 to 4 tablespoons fat.
4 tablespoons sirup.
2 eggs.
6 teaspoons baking powder.
1 teaspoon salt.
1⅔ cups (5 ounces) barley flour.
1½ cups (5 ounces) ground rolled oats.

BISCUIT.

(Using no Wheat)

METHOD.

Sift dry materials together. Work in fat well. Combine liquid and dry materials, handling lightly. Roll or pat ½ inch thick and cut as biscuits. Bake in a hot oven.

Use a coarse sifter or mix instead of sifting if the flours are coarse, so that none is wasted.

Biscuits made of the substitutes are less like the normal wheat-flour product, particularly in texture, than are the muffins, loaf breads, and cakes.

If one-fourth more liquid is used, a drop biscuit having better texture is the result.

CORN FLOUR BISCUIT.

1 cup liquid.
2 2-3 cups corn flour.
3 tablespoons fat.
6 teaspoons baking powder.
1 teaspoon salt.
Appearance, good.
Texture, very dry and close.
Color, white.
Flavor, corn flavor.

CORN FLOUR-ROLLED OAT BISCUIT

50 Per Cent Ground Rolled Oats.
50 Per Cent Corn Flour.
1 cup liquid.
1 1-3 cups corn flour.
1 cup ground oats.
3 tablespoons fat.
6 teaspoons baking powder.
1 teaspoon salt.

BARLEY BISCUIT.

1¼ cups liquid.
4 cups barley flour.
3 tablespoons fat.
6 teaspoons baking powder.
1 teaspoon salt.

Appearance, light, well risen, good shape.

Texture, good.

Color, somewhat dark, but typical of barley.

Flavor, typical of barley; good.

Comment. These biscuits do not get light and fluffy as wheat biscuits, but are still a desirable and edible product.

Conner-Schmitt.

On last Thursday, July 4th, at the summer cottage of Rev. and Mrs. G. O. Parish on Wolfe Lake, two miles from Cass Lake, Miss Edna L. Schmitt, daughter of Mr. and Mrs. W. H. Schmitt of Bemidji, became the bride of Herbert R. Conner of this city. The service was read by Rev. Parish, former pastor of the Methodist Episcopal church of this city, on the porch of the cottage which was patriotically decorated with red, white and blue bunting and flags. The bride wore a simple dress of white crepe de chine and carried wild roses. Miss Stella Conner, sister of the groom and Mrs. G. O. Parish attended them. The wedding was quiet and informal but pretty in its simplicity.

Mr. and Mrs. Conner returned to this city Friday evening and are residing on the Conner farm northwest of this city. Mrs. Conner, who is teller in the Citizens State Bank, will continue her work there. Mr. Conner is in Class 3 and will undoubtedly be another to answer his country's call in a few months, unless war conditions change.

The Theatres

The week at the Princess opens this evening with charming Constance Talmadge in "The Lesson." This is a strong, wholesome photoplay that should be seen by everyone.

On Friday evening the always-popular Vivian Martin appears in "A Petticoat Pilot." This is a seafaring picture to a very great extent and shows Miss Martin in a role she has never before attempted. The story is wholesome and whimsical but contains also its highly dramatic moments.

"An American Widow," in which Ethel Barrymore has added to her already sufficient laurels, is Saturday night's offering. There are very few American actresses who have the hold upon the public fancy enjoyed by trashy picture, and this latest offerlife is Mrs. Russell Colt. It would be impossible to find her in a cheap, thrashy picture, and this latest offering is said to be fully up to the standard of the others in which she has starred.

Sunday night—Douglas Fairbanks. That is perhaps announcement enough but we will add that the name of the picture is "Mr. Fix-It." The play is heralded as the funniest in which this athletic comedian has ever appeared.

Mary Miles Minter appears in a new play on Monday night. The title is "Beauty and the Rogue." It is the story of a little girl who attempts to give assistance to a burglar just released from prison with results that are not wholly satisfactory.

Tuesday night's picture is one of the famous Goldwyn series and presents Mae Marsh in "Fields of Honor." In this picture the murder of the Austrian Archduke, Francis Ferdinand, which is claimed to have been the direct cause of the present war in Europe, is shown. The scenic effects are very realistic and give a good idea of the surroundings at the time of this historic happening.

Dorothy Dalton is a strong favorite with movie patrons in Thief River Falls. In the "Mating of Marcella," which appears next Wednesday night, she will be seen in another of those strong characterizations which [illegible] made her famous, although the [illegible] kan rough-house stuff will be [illegible] ing.

Delicious Eats

Do you like them? Do you have them? Eatibles that "melt in your mouth" are made only with ingredients that are high class, sold by a quality grocery store. If you want Delicious Eats morning, noon and night, come to the store that stands for Quality.

CLASS OF 1918 RURAL SCHOOLS

FIRST ANNUAL COMMENCEMENT TO BE HELD ON JULY 14.

TWENTY-SEVEN GRADUATES

SUPT. J. H. HAY WILL DELIVER ADDRESS—EXERCISES AT HIGH SCHOOL.

The Class of 1918, Pennington county rural schools, will hold its annual commencement exercises at the Lincoln high school in this city on Saturday afternoon, beginning at 1:30 o'clock. There are 27 pupils who will receive their diplomas from County Superintendent E. A. Mostue, 18 different districts being represented. This is the first event of this kind to be held in this city for the schools of the outlying districts and the proceedings will be of much interest to every resident of the county. Supt. J. H. Hay will deliver the commencement address and musical numbers, vocal and instrumental, will be rendered by citizens of Thief River Falls. The following program has been arranged for the occasion:

Piano selection—Agnes Tandberg.
Invocation—Rev. A. N. Skogerboe.
Solo, "America, My Country"—Theodore H. Liden.
"American Creed"—Class of '18.
Recitation, "Somebody's Mother"—Johanna Wedul of Dist. No. 60.
Select Reading, "The Star Spangled Banner"—Augusta Beiswinger of Dist. No. 31.
Recitation, "Liberty and Union"—Constance Nelson of Dist. No. 4.
Selection—Mrs. Gaston Ward.
Recitation, "Launching of the Ship"—Clara M. Moe of Dist. No. 154.
Recitation, "The Flag on the Farm"—Clara Orzechowski of Dist. No. 46.
Valedictory—Edwin Haug of Dist. No. 29.
Address—Prof. J. H. Hay.
Presentation of Diplomas—Supt. E. A. Mostue.
Song, "America"—Class of '18 and audience.
Benediction—Rev. A. N. Skogerboe.

Following are the names of the graduates, together with the district in which they have attended and the teacher in charge:

District No. 4—Constance Nelson and Niel Wood. Margaret J. McCrum, teacher.
District No. 12—Sylvia Denhart. Lilly M. Boehm, teacher.
District No. 25—Luella Gilland. Ella Engen, teacher.
District No. 30—Ingeborg Barstad. Anna Longren, teacher.
District No. 31—Augusta Beiswinger. Esther Tanberg, teacher.
District No. 39—Elmer Johnson, Edwin Haug and Lena Kaushagen. Emma Tandberg, teacher.
District No. 46—Clara Orzechowski, Jennie Skaar and Olga Svensgaard. Inga Hamry, teacher.
District No. 52—Oscar Lundeen. Gertrude I. Olson, teacher.
District No. 54—Gladys O. Maland. Agnes Elg, teacher.
District No. 56—Olga T. Lokken. Mrs. Hilda O. Sands, teacher.
District No. 59—Edith Shosten. Alma C. Sether, teacher.
District No. 60—Johanna Wedul. Elva Bartlett, teacher.
District No. 64—Effie Joringdal. Alice Thompson, teacher.
District No. 70—Rachael Ethel Baker and Ray Wilmot Knudson. Anna Paulson, teacher.
District No. 99—Nora Lindquist. Nora E. Highberg, teacher.
District No. 133—Gerald H. Stephens. A. O. Brevig, teacher.
District No. 154—Clara J. Berg, Clara M. Moe and Hulda Torstveit. Anna Moengen, teacher.
District No. 219—Julius C. Liden. Esther R. Kellberg, teacher.

BABY IMPROVEMENT CAMPAIGN BEGINS

PARENTS WILLING TO AID GOVERNMENT IN SECURING DESIRED DATE.

Some people may be surprised that [illegible] million and more babies have been entered in the weighing and measuring test without any one taking a mother by the hand and saying, "You must. Uncle Sam says so."

The Children's Bureau of the U. S. Department of Labor was surprised too, that so many parents wanted to have their babies weighed and measured. The response to the test entirely outran its highest estimates. But it was not because any one shook a finger at the millions of children in the United States, and said "You've got to let us know how much you weigh, and how tall you are."

The Children's Bureau believes that parents always want to do the thing that will enable them to be wiser parents; that they always want to do the thing that will help their children to be better and stronger.

The mothers and fathers of the country have responded with very definite decision to the Children's Year appeal to work now in war time for a healthier childhood, because "the health of the child is the power of the nation." The Children's Bureau urges that each community see to it that the parents shall not have had their children weighed and measured in vain, but that they organize such permanent work for the protection of children as will not only save the lives of the hundred thousand children to be saved during Children's Year, but will make their lives worth living, because the community sees that they have a fair chance of health, education and happiness.

Postmaster Examination.

The United States Civil Service commission has announced an examination to be held at Thief River Falls, Minn., on July 27, 1918, as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth-class postmaster at St. Hilaire, Minn., and other vacancies as they may occur at that office, unless it shall be decided in the interests of the service to fill the vacancy by reinstatement. The compensation of the postmaster at this office was $853 for the last fiscal year.

Applicants must have reached their twenty-first birthday on the date of the examination, with the exception that in a state where women are declared by statute to be of full age for all purposes at eighteen years, women eighteen years of age on the date of the examination will be admitted.

Can All You Can.

Baudette Region: We know that advice is very much like castor oil—easy to give but hard to take—but in advising you to can, pickle, preserve, store and dry everything you can we are donating you a flock of advice that will help cure the war.

FILL YOUR CANS FROM GARDENS

THE GARDEN WILL SUPPLY MUCH FOOD IF HANDLED RIGHT.

USE CANNING PLANT FREE

SCHOOL AUTHORITIES PLACE FINE EQUIPMENT AT PUBLIC'S DISPOSAL.

(By F. G. Wells.)

It is time to begin the filling of your empty cans. It is hoped that the housewives of Thief River Falls will make an extra effort this year to can up some of the vegetable products from the garden.

Realizing the importance of this form of food conservation, the board of education has opened the domestic science rooms at the high school to the public for canning purposes. Two steam pressure outfits have been provided and are now ready for use. The work will be done under the supervision of the high school department of agriculture.

Steam pressure canning is not new. Products such as greens, peas, string beans, sweet corn and beets are considered hard to can by ordinary methods without the use of canning compound. The hot water method of canning these products, while it is effective, is slow and tedious during hot weather. The use of steam pressure makes unnecessary the adding of canning compound and saves much time as compared with the hot water method of canning. It is hoped that every household having a garden this year will endeavor to can up at least ten or twelve quarts of vegetables for winter use.

Cultivate a taste for greens. You may not like "grass," as some people are disposed to call them, but you will find them good for your digestion. There are few things that can be obtained and canned so readily. When you thin out your lettuce and beets, use them for greens. Make use of the wild greens that are everywhere so plentiful. Milkweed, purslane, lambs quarters (often miscalled pigweed) and other weeds make excellent greens. Begin your canning now.

(Mr. Wells will be pleased to arrange with anyone for the use of the school outfit free of charge if they will communicate with him. Call telephone No. 578L.—Ed.)

No Liquor Sales After Jan. 1.

Legislation to prohibit the sale of distilled liquors, wine and beer after January 1, 1919, and to prohibit the manufacture of wine and beer after November 1, next, was agreed on last Monday by the Senate agricultural committee.

The legislation is proposed as a substitute for the pending Norris amendment to the emergency agricultural appropriation bill, which would stop the sale of distilled liquor and wine on June 30, 1919, and prohibit the manufacture of beer three months after the bill becomes law.

Provision for the exportation of liquors already produced was considered by the committee and probably will be reported in some other form before the Senate acts on the amendment.

Wilson-Olson.

The wedding of Miss Amanda Olson of Tracy, Minn., and Herman Wilson, son of Mr. and Mrs. C. M. Wilson of this city, was quietly celebrated on Tuesday of last week in Duluth. Mr. Wilson is express messenger on the Soo road out of Duluth and the newly married couple will make that city their home.

Are the Packers Profiteers?

Plain Facts About the Meat Business

The Federal Trade Commission in its recent report on war profits, stated that the five large meat packers have been profiteering and that they have a monopoly of the market.

These conclusions, if fair and just, are matters of serious concern not only to those engaged in the meat packing business but to every other citizen of our country.

The figures given on profits are misleading and the statement that the packers have a monopoly is unsupported by the facts. The packers mentioned in the report stand ready to prove their profits reasonable and necessary.

* * * *

The meat business is one of the largest American industries. Any citizen who would familiarize himself with its details must be prepared for large totals.

The report states that the aggregate profits of four large packers were $140,000,000 for the three war years.

This sum is compared with $19,000,000 as the average annual profit for the three years before the war, making it appear that the war profit was $121,000,000 greater than the pre-war profit.

This compares a three-year profit with a one-year profit—a manifestly unfair method of comparison. It is not only misleading, but the Federal Trade Commission apparently has made a mistake in the figures themselves.

* * * *

The aggregate three-year profit of $140,000,000 was earned on sales of over four and a half billion dollars. It means about three cents on each dollar of sales—or a mere fraction of a cent per pound of product.

Packers' profits are a negligible factor in prices of live stock and meats. No other large business is conducted upon such small margins of profit.

* * * *

Furthermore—and this is very important—only a small portion of this profit has been paid in dividends. The balance has been put back into the businesses. It had to be, as you realize when you consider the problems the packers have had to solve—and solve quickly—during these war years.

To conduct this business in war times, with higher costs and the necessity of paying two or three times the former prices for live stock, has required the use of two or three times the ordinary amount of working capital. The additional profit makes only a fair return on this, and as has been stated, the larger portion of the profits earned has been used to finance huge stocks of goods and to provide additions and improvements made necessary by the enormous demands of our army and navy and the Allies.

* * * *

If you are a business man you will appreciate the significance of these facts. If you are unacquainted with business, talk this matter over with some business acquaintance—with your banker, say—and ask him to compare profits of the packing industry with those of any other large industry at the present time.

* * * *

No evidence is offered by the Federal Trade Commission in support of the statement that the large packers have a monopoly. The Commission's own report shows the large number and importance of other packers.

The packers mentioned in the statement stand ready to prove to any fair minded person that they are in keen competition with each other, and that they have no power to manipulate prices.

If this were not true they would not dare to make this positive statement.

Furthermore, government figures show that the five large packers mentioned in the report account for only about one-third of the meat business of the country.

They wish it were possible to interest you in the details of their business. Of how, for instance, they can sell dressed beef for less than the cost of the live animal, owing to utilization of by-products, and of the wonderful story of the methods of distribution throughout this broad land, as well as in other countries.

The five packers mentioned feel justified in co-operating with each other to the extent of together presenting this public statement.

They have been able to do a big job for your government in its time of need; they have met all war time demands promptly and completely and they are willing to trust their case to the fairmindedness of the American people with the facts before them.

Entered as second-class matter at the Postoffice at Thief River Falls, Minnesota.

WHAT AMERICA IS DOING.

On the first day of July the United States had 1,019,115 troops in France. The report of what America has thus far done in the war for democracy must fill our people with pride and silence the croakers, of which there are still an occasional specimen to be encountered. Secretary Baker's report for July is a record of achievement such as has never before been equalled in the history of the world. We may have been a little slow in getting started, but we certainly are now making up for lost time.

Following is the official report of troop movements since America entered the war:

1917		1918	
May	1,718	January	46,776
June	12,261	February	48,027
July	12,988	March	83,811
August	18,323	April	117,212
September	32,523	May	244,345
October	38,259	June	276,372
November	23,016		
December	48,840		

Total, army 1,004,471
Marines 14,644

Grand total 1,019,115

Total number lost at sea, 291.

Total number returned from abroad and casualty, 7,874.

Ship production in the United States in June totaled 280,400 tons.

Ship production for the year totals 1,004,670 tons.

The June troop movement maintained for twelve months would place 3,316,464 additional soldiers in France.

If June's ship building record were maintained 3,364,864 additional tons would be launched in year.

Continuing his summary the Secretary of War says: The first units—noncombatant—left American shores on May 8, 1917. General Pershing followed twelve days later and at the end of the month 1,718 men had started for the battlefields of France.

June saw this number increased by 12,261 and thereafter khaki-clad "crusaders" from the Western Republic followed overseas in a steady stream until more than 300,000 had departed when the Great German thrust began last March.

President Wilson's determination to meet Germany's supreme effort with the utmost of America's available man-power to assist the desperately resisting French and British armies is sharply reflected in the movement of troops in the past three months.

The March sailings of 83,811 were increased in April to 117,212. May saw 244,345 men embark and last month 276,372 were sent away, making a total for the three months of 637,929. This, Secretary Baker said later, put the troop movement six months ahead of the original program.

Substantially thirty divisions are in France ready to meet whatever move the German staff has in preparation. Some of these divisions already have been formed into the First field army under Major General Liggett, others are holding trench sectors at important points along the battle line and still others have been broken up and brigaded with the French and British troops.

TWO BIG NORTHWESTERN FAIRS.

On the dates immediately preceeding the Pennington County Agricultural association's fair at Thief River Falls there will be held at Crookston the biggest sectional agricultural and industrial exhibition of the year. This is the fair of the Northwestern Minnesota Agricultural association, in which organization are included all the counties in this section of the state. Secretary O. K. Berget has just issued the premium list, which has been greatly extended and enlarged. Particular attention will be given to the live stock department of the exhibition, it being realized that under existing circumstances the increased production of beef, pork and mutton is one of the greatest importance. Liberal premiums will be awarded as prizes in the different divisions and it is certain that representative animals from the best herds in the section will be on exhibition.

The other big fair will be held in Thief River Falls on August 5, 6 and 7, and it is probable that many of the prize features shown at Crookston will also be on exhibition here, this applying particularly to live stock. These will naturally not come into competition with the home products for awards but will be entered by the owners for advertising purposes. This will add interest to an event already well provided with interesting features.

The amusement department has this year been particularly well taken care of. It is realized that people are having a sufficiency of serious matters thrust upon them at this time and the management has rightly figured that anything that provides a diversion will be welcome.

Prizes will be paid in the shape of War Savings Stamps. So far as we know this is the only instance in which this is being done in Minnesota, but the idea is a good one. It will help the county's Stamp sale record, perform a patriotic service and give exhibitors better than the cash equivalent of the amount due.

It is expected that there will be a large outside attendance at the home fair and for this reason it is hoped that as many as find is possible will take a day off and visit the Crookston exhibition. These friendly visits by the people of neighboring counties help to keep the community spirit alive and aid in carrying on constructive work for the entire region. Our problems are identical with those of our neighbors and the oftener we compare the results achieved by others with those to our own credit, the better it will be for us all.

THE NON-PARTISAN CASE.

"Nor can it be held that the resolutions taken as a whole support the charge. The court cannot inject by inference matter of substance between the lines of the resolutions and predicate a conviction thereon, for the fact and not the prosecutor's inferences must be the basis of a conviction under the statute.

"The resolutions taken as a whole appear to be nothing more serious than a rhetorical, and somewhat flamboyant, platform upon which a certain class of citizens are solicited to join an organization whose avowed purpose is the amelioration of the alleged evils of present economic conditions, and to bring about a more equal distribution of the wealth of the world among all classes of mankind. The pursuit of this object does not violate the statute in question. U. S. vs. Pierce, 245 Fed. 878, is not in point. It is perhaps not out of place to say that the resolutions have not yet attracted the attention of the federal authorities.

"On the whole our conclusion is that demurrers to both indictments should have been sustained. We answer the certified questions accordingly and remand the causes to the court below for further proceedings.

"Reversed."

Above are the closing paragraphs in the opinion of the Supreme Court of the State of Minnesota in the case brought in the name of the state against two leaders of the Nonpartisan League by the prosecuting attorney of Martin county.

The court finds that the charge of disloyal utterances and attempts to hinder the operation of the draft are not sustained by the facts and that the language of the resolutions passed and adopted by the League is not calculated to encourage persons in opposing the government in the conduct of the war.

Both sides to this controversy should learn a lesson from the result of this prosecution. The members of the League have been very free and not always particularly careful in their manner of referring to our courts, claiming, or at least implying, that the judiciary is more or less influenced by "big business" and the political organizations opposed to the league's program. This charge the decision certainly most effectively disposes of and proves that any case coming before the supreme court of the state of Minnesota will be decided in accordance with the evidence submitted, no matter what the issue or whom it may affect. There is no getting around the fact that a decision sustaining the charges would have been popular with a large number of very influential people in the state, but this did not enter into the calculations of the court. It might be well for the league managers to remember this when next they condemn everything in sight, including the courts.

On the other hand the outcome should have the effect of making officials a little more careful. It is certain that in some sections of this state rather high-handed methods have been employed in the treatment of League speakers and agents. Membership in the organization does not imply that a man is no longer a good American citizen. Something in the nature of positive evidence that such is the case must be presented before the courts will assume anything of the kind.

A BETTER PRICE FOR WHEAT.

Unless vetoed by the President, the bill guaranteeing the American farmer a price of $2.40 per bushel for his 1918 wheat crop will soon be a law. The Senate and House conferees agreed on this as a compromise between the present figure and the $2.50 suggested.

Congressman Steenerson was in favor of the latter price and presented strong arguments to prove that it was none too high when compared with other commodities. He showed that the annual bread bill of the average American family would be but slightly increased even if the $2.50 price were fixed, while it would make a great deal of difference to the farmer. It was largely because of the presentations made by him that the price for the present year's crop was advanced at all over that of last year, he having been untiring in his efforts to get the measure through.

The new figure gives the farmer a fair margin over the cost of production and with the excellent yield promised he should be able to produce wheat at a small profit. That this has been impossible heretofore is certain. Even the basic price of $2.18 for last year's output, while it loomed large when compared with that received in former times, hardly met the increased cost of production. This cost will be higher this year and in simple justice to the man who is producing the article of food most necessary in the winning of the war the price should be raised. There will be no serious objection on the part of the general public to this increase. People fully realize that if the wheat supply is to be sufficient for our needs and those of our allies the farmer must be guaranteed a price that insures him against loss.

NO COMPROMISE.

President Wilson is the right kind of pacifist, says an exchange. He has come to realize that there cannot be peace by negotiation until the power of Germany to go on the rampage whenever it suits her aims is destroyed. "The settlement must be final, there can be no compromise," President Wilson said in his Independence day speech at Washington. Ninety-nine and a half per cent of the thinking people of the nations united in the fight against German autocracy have this same opinion. Many of them have given their lives because they believed that there was no other way out of it. The three or four individuals in every community, who would seek peace at any price, make no sacrifice, accept the protection of those who go out to fight the barbarians, give no money to the Red Cross or other patriotic causes. Mostly they talk, talk. Why is it that the spineless pacifist is always such a great talker? Most of them could talk the Germans into submission if they would only go to the battle line.

In Days of Yore

Items of Interest Reprinted From Files of the News and Press of 10 and 20 Years Ago

Twenty Years Ago.

The Meehan saw mill had received a number of improvements and started the year's cut. There were 90 men employed at the plant here and 25 more at the sorting gap up the river. The mill was running night and day and turned out about 100,000 feet of lumber, 30,000 shingles and 20,000 lath.

The work of laying the cornerstone for the new Minnesota state capitol was announced for the 27th of the month.

Peter Eberhart rowed down from the lake in a skiff for the purpose of transacting business during the week.

Mrs. F. J. Stebbins paid a visit to friends in Crookston.

Quite a crowd went to Winnipeg to be present at the American Day observances at the exposition there.

A saw mill outfit belonging to D. W. Carter was shipped to the city and was to be set up on the river bank some distance above the city.

Carl Kretzschmar was shipping about two tons of wool every month and about 3,500 pounds of snake root.

Fifteen ladies formed a bicycle party for the purpose of visiting points of interest in the nearby territory. The party was given by Mrs. C. J. Knox in honor of some lady friends who were visiting her.

Ten Years Ago.

The board of county commissioners was called to meet at Red Lake Falls on the 25th for the purpose of considering the proposition of removing the county seat from Red Lake Falls to this city.

The Red Lake county training school opened in this city with an attendance of over 100.

The Fourth passed off without an accident, probably for the first time in the history of the city. W. A. Bishop had his face slightly burned, that being the only unusual thing being noted by the papers of the week.

Frank Lyons, owner of most of the land at the mouth of the Tamarack river, was in the city during the week and presented Daniel Shaw with a beautiful mounted caribou head.

Close Saturday Afternoon.

As is the custom nearly every place in the United States during the summer months, the offices at the court house will be closed Saturday afternoons during the months of July and August. A notice to this effect was posted last Saturday and signed by Sheriff W. J. LaBree, Treasurer Theo. H. Liden, Supt. E. A. Mostue, Clerk of Court Adolf Eklund, Register of Deeds N. J. Anderson and Auditor T. P. Anderson.

President Wilson Gives Message to the World

Sword Will Not Be Sheathed Until Issue Between Democracy and Autocracy Has Been Settled For All Time to Come.

From the shadow of Washington's tomb, President Wilson today offered America's Declaration of Independence to the peoples of the world, with a pledge that the United States and its allies will not sheath the sword in the war against the Central powers until there is settled "once for all" for the world, what was settled for America in 1776.

Foreign-born citizens of the United States, thirty-three nationalities, who had placed wreaths of palms on the tomb in token of fealty to the principles laid down by the Father of His Country, cried their approval of his words in many languages and then stood with reverently bared heads while the voice of John McCormack soared over the hallowed ground in the notes of the "Star Spangled Banner."

The president's speech in full was as follows:

"Gentlemen of the Diplomatic corps and my fellow citizens:

"I am happy to draw apart with you to this quiet place of old counsel in order to speak a little of the meaning of this day of our nation's independence. The place seems very still and remote. It is as serene and untouched by the worry of the world as it was in those great days long ago when General Washington was here and held leisurely conference with the men who were to be associated with him in the creation of a nation. From these gentle slopes they looked out upon the world and saw it whole, saw it with the light of the future upon it, saw it with modern eyes that turned away a past which men of liberated spirits could no longer endure. It is for that reason that we cannot feel, even here in the immediate presence of this sacred tomb, that this is a place of death. It was a place of achievement. A great promise that was meant for all mankind was here given plans and reality. The associations by which we are here surrounded are the inspiring associations of that noble death which is only a glorious consummation. From this green hillside we ought to be able to see with comprehending eyes the world that lies about us and should conceive anew the purposes that must set men free.

"It is significant—significant of their own character and purpose and of the influences they were setting afoot—that Washington and his associates like the barons at Runnymede, spoke and acted not for class, but for a people. It has been left for us to see to it that it shall be understood that they spoke and acted not for a single people only, but for all mankind. They were thinking, not of themselves and of the material interests which centered in the little group of landowners and merchants, men of affairs with whom they were accustomed to act, in Virginia and the colonies to the north and south of her, but of a people which wished to be done with classes and special interests and the authority of men whom they had not themselves chosen to rule over them. They entertained no private purpose, desired no peculiar privilege. They were conspicuously planning that men of every class should be free and America a place to which men out of every nation might resort who wished to share with them the rights and privileges of free men. And we take our cue from them—do we not? We intend what they intended. We here in America believe our participation in this present war to be only the fruitage of what they planted. Our concert with men out of every nation case differs from theirs only in this, that it is our inestimable privilege to what shall make not only the liberties of America secure, but the liberties of every other people as well. We are happy in the thought that we are permitted to do what they would have done had they been in our place. There now must be settled once for all what was settled for America in the great age upon whose inspiration we draw today. This is surely a fitting place from which calmly to look upon our task, that we may fortify our spirits for its accomplishment. And this is the appropriate place from which to avow, alike to the friends who look on and to the friends with whom we have the happiness to be associated with which we act.

"These great objects can be put into a single sentence. What we seek is the reign of law, based upon the consent of the governed and sustained by the organized opinion of mankind.

"These great ends cannot be achieved by debating and seeking to reconcile and accommodate what statesmen may wish, with their projects for balances of power and of national opportunity. They can be realized only by the determination of what the thinking peoples of the world desire, with their longing hope for justice and for social freedom and opportunity.

"I can fancy that the air of this place carries the accents of such principles with a peculiar kindness. There were started forces which the great nation against which they were primarily directed at first regarded as a revolt against its rightful authority but which it has long since seen to have been a step in the liberation of its own people as well as of the people of the United States and I stand here now, to speak—speak proudly and with confident hope—of the spread of this revolt, this liberation, to the great stage of the world itself. 'The blinded rulers of Prussia have roused forces they know little of—forces which, once roused, can never be crushed to earth again. For they have at their heart an inspiration and a purpose which are deathless and of the very stuff of triumph.'"

"This, then, is our conception of the great struggle in which we are engaged. The plot is written plain upon every scene and every act of the supreme tragedy, on the one hand stand the peoples of the world—not only the peoples actually engaged, but many others also who suffer under mastery but cannot act; peoples of many races and in every part of the world; the people of stricken Russia still, among the rest, though they are for the moment unorganized and helpless, opposed to them. Masters of many armies, stand an isolated, friedless group of governments who speak no common purpose but only selfish ambitions of their own by which none can profit but themselves, and whose peoples are fuel in their hands; governments which fear their people and yet are for the time their sovereign lords, making every choice for them and disposing of their lives and fortunes as they will, as well as of the lives and fortunes of every people who fall under their power—governments clothed with the strange trappings and the primitive authority of an age that is altogether alien and hostile to our own. The past and the present are in deadly grapple and the peoples of the world are being done to death between them.

"There can be but one issue. The settlement must be final. There can be no compromise. No half-way decision would be tolerable; no half-way decision is conceivable. These are the ends for which the associated peoples of the world are fighting, and which must be conceded them before there can be peace.

"1. The destruction of every arbitrary power anywhere that can separately, secretly, and of its single choice disturb the peace of the world; or, if it cannot be presently destroyed, at the least its reduction to virtual impotence.

"2. The settlement of every question, whether of territory or sovereignty, of economic arrangement, or of political relationship, upon the basis of the free acceptance of that settlement by the people immediately concerned, and not upon the basis of the material interest or advantage of any other nation or people which may desire a different settlement for the sake of its own exterior influence or mastery.

"3. The consent of all nations to be governed in their conduct towards honor and of respect for the common law of civilized society that govern the individual citizens of all modern states in their relations with one another; to the end that all promises and covenants may be sacredly observed, no private plots or conspiracies hatched, no selfish injuries wrought with impunity and a mutual trust established upon the handsome foundation of a mutual respect for right.

"4. The establishment of an organization of peace which shall make it certain that the combined power of free nations will check every invasion of right and serve to make peace and justice the more secure by affording a definite tribunal of opinion to which all must submit, and by which every international readjustment that cannot be amicably agreed upon by the peoples directly concerned shall be sanctioned."

Cornell-Wood-Board
Easy to Put Up—Lasts a Lifetime

An Attractive Made-Over Attic

Provide your wife with that cozy, comfortable sewing room she's been waiting so long. Cover the bare, cobwebbed walls and ceiling of your attic with Cornell-Wood-Board. You can do it yourself, if you choose, because it comes in convenient sized panels. And full directions are included with every bundle. You will take pride in the pleasing appearance of this re-created room.

Cornell-Wood-Board
Excels for Walls, Ceilings and Partitions
Repairs Alterations or New Work

Tough and durable, Cornell-Wood-Board is ideal for use in any room of your Residence. Also for Garages, Churches, Stores, Theaters, Schools, Farm Houses, Dairy Barns, Summer Kitchens, etc. Warm in winter and cool in summer, it is a wonderful moisture and fire resistant, and will not warp, crack, split or buckle. Nails direct to the framework, or right over the old walls.

Come in and let us show you how Cornell-Wood-Board will best meet your needs.

Speed—Speed—Speed!

Uncle Sam pushed the clock ahead one hour to give more light.

Take advantage of it. You owe it to yourself and your country to make every minute count.

Use your car—passenger or commercial—to the limit.

Samuel P. Colt, president of the United States Rubber Company, helped awaken the country to the economic value of the automobile last fall. He said—

"Everything on wheels must be used and mobilized.

"The automobile is second to the railroads as an adjunct and supplementary to them in collecting and distributing merchandise.

"Owners should use their cars, both passenger and commercial, more and more."

Make the most of your car by using the tires that will extend its usefulness to the utmost.

Use *good* tires—United States Tires.

They last longest and carry you farthest at least cost.

There is a United States Tire for every car or truck—to guarantee uninterrupted service and greatest economy.

Our nearest Sales and Service Depot dealer will tell you which ones will serve you best.

United States Tires are Good Tires

We KNOW United States Tires are GOOD tires. That's why we handle them.

The Times Printing Plant

THOS. J. AUSTAD
Editor.

M. A. MATTISON
Mechanical Supt.

A local industry of importance that is working 52 weeks in the year for the upbuilding of Thief River Falls and Pennington County.

The weekly payroll of the Times is $250, all of which is spent in this city. This is a total of $1,000 a month and $12,000 a year. We give these figures that the people may know the outlay in wages necessary to produce the Times and conduct our Job Printing Department.

MISS ELSIE WATSON
Reporter.

MISS ROSE PARENTEAU
Press Feeder.

We reproduce herewith likenesses of the employes of The Times. It is through their constant efforts, noteworthy efficiency and enviable pride in their work that The Times is produced each week, the paper maintained at its high standard of typography and the quality of our job printing always made "just a little better than seems necessary."

—*The Times Company.*

R. H. ROSS
General Manager.

We thank you for your patronage in the past; trust that our business relations have been mutually pleasant and profitable and sincerely hope that the quality of our work, and the efficiency of our service merits a continuance of the same. May we in the future at all times co-operate for the betterment of Thief River Falls and Pennington County.

Compositor.

JOHN HAVEL
Compositor.

4,000 copies of The Times are printed each week and circulated to our subscribers, which is the largest subscription list of any weekly paper in the Northwest. This list requires two tons of print paper a month or twenty-four tons a year. It is estimated that an average of three people read each paper (some estimates place the figure at five), which means that The Times has at least 12,000 readers each week.

Our Job Printing Department

Is the most complete and up-to-date in Northwestern Minnesota

L. M. LUNDGREN
Linotype Operator.

G. A. AXT
Pressman.

All classes of printing are solicited and the work is given the same careful attention that it receives in the most up-to-date shops in the larger cities. No job of printing is too large for us to handle, and your work when placed in our hands will be printed skillfully and speedily.

Modern machinery, together with our large force of skilled workmen, makes this possible. Our printers have spent years learning their trade, and are constantly on the alert to adopt any methods that may tend to improve their work. Printed matter produced by them is more than mere printer's ink on paper—it stands alone as a work of art with force behind it.

If you want 500 letterheads, call The Times and you will receive the best job of printing that can be produced—if you want 100,000 catalogs the job will be handled just as easily and with the same thoroughness. Whether you need anything or not, come in and let us show you the work we produce.

Around Our Town

Miss Mildred Mousley left Monday night for Minneapolis where she will be employed in a Munsing Wear factory.

Miss Viola Parson of Warren arrived in this city Tuesday evening for a few days' visit with Miss Doris Brumund.

Miss Lena Bente, of Brooten, arrived in this city the first of last week for a few days' visit at the home of Mrs. Ed. Aga.

Miss Ella Reep left last week for Plummer where she will spend the summer with her father, who is cashier of the First State Bank of that place.

Miss Anna Erickson arrived Monday evening from Plummer for a brief visit with friends. She left on Tuesday for Red Lake Falls, where she will be employed.

Miss Olive Booren arrived from her home in Stillwater last Thursday morning for a few days' visit at the home of her brothers, Dr. G. W. Booren and Harry Booren.

Mrs. M. E. Swanson and children left on Wednesday afternoon of last week for Grand Forks and St. Thomas, N. D., for a two or three weeks' visit with relatives and friends.

Miss Ruth Vik of Strandquist arrived in this city the middle of last week for a few days' visit at the homes of Miss Lucille Burns and Miss Mary Prichard and other friends.

Mrs. Chas. Adams and children left on Wednesday of last week for Warroad, to visit Mr. Adams, who is employed with a dredging crew near that city. They will return in a week.

Olaf Finberg arrived here last week from Argyle where he is employed on the Olson & Hollen farm. Mr. Finberg returned to Argyle last Thursday after a brief visit at his parental home.

Miss Florence Cote, who was employed at Walter's confectionery up to the time it discontinued business, left on Thursday morning of last week for Mill Lak, Minn., to visit relatives and friends.

J. J. Richter returned Tuesday morning from Melrose, Minn., where he spent the Fourth celebrating his parents' 50th wedding anniversary. His parents have been residents of Melrose since the year 1872.

Harold Smith arrived in this city last Tuesday evening from his home in Brooks, Minn., for a few days' visit at the home of Miss Alfa Werstlein. Harold was one of Miss Werstlein's little pupils in her school at Brooks during the past two years.

Jos. N. Gulden has returned from Jordan, Minn., where he had been taking treatments at the mud baths for rheumatism. He is now taking treatment at the Bath and Massage parlors in this city, saying that he finds the treatments here superior to those at Jordan. J-11

Miss Agnes Wilson, who taught in the high school of St. Charles, accompanied by her sister, Miss Alice Wilson, who taught near LaFayette during the past year, arrived in this city last week to spend the summer at the home of their parents, Mr. and Mrs. C. M. Wilson. Miss Agnes Wilson will teach in the Lincoln high school next term.

A number from this city motored to Maple Lake last Thursday morning to spend the day at the Mogenson and Froehlich cottage. They were: Mr. and Mrs. Abe Sapero, Mr. and Mrs. Harry Booren, Mr. and Mrs. G. Howard Smith, Mr. and Mrs. W. H. Bon Durant, Mr. and Mrs. S. C. Coumbe, Miss Olive Booren of Stillwater, Miss Marie Nelson and Messrs. C. L. Hansen, E. O. Mogenson, H. C. Nielsen and Dr. H. W. Froehlich.

Henry T. Swenson, accompanied by his brother, G. W. Swenson and J. H. Hoely, of Fargo, autoed from Minneapolis to Fargo Wednesday of last week. Mr. Swenson was unable to return to this city in his car as he ran out of gasolene, and in accordance with the new ruling was unable to buy any on the Fourth in Fargo to make the trip home. He returned to this city by train last Thursday and will leave the latter part of this Fargo to bring his car home.

Dr. and Mrs. D. D. Sullivan and daughters, Ileen and Kathaleen, accompanied by E. W. Johnson, of Fargo, who autoed to this city about ten days ago to visit at the home of Mr. Johnson's sister, Mrs. J. B. Olson, left this morning for Bemidji for a few days' visit before returning to Fargo. Mr. and Mrs. J. B. Olson and daughter, Donabel, and their guests returned yesterday from Lake of the Woods where they spent about two weeks camping. Mr. and Mrs. Thos. A. Way, of this city, motored to Lake of the Woods last Saturday and were guests of Mr. and Mrs. Olson over Sunday.

Pledge All They Have to Aid In Winning the War

STRONG PATRIOTIC STAND IS TAKEN BY NORWEGIANS MEETING HERE.

At the meeting of the Satesdals Laget, a Norwegian society, recently held in this city, the following stirring resolutions were adopted by a rising vote and with enthusiastic acclaim:

"We, naturalized and native-born American-Norwegian citizens, and others not citizens, hailing from Ovre Valley, Satesdalen, Norway, pledge our loyal support to the United States government.

"We shall gladly and cheerfully give our unswerving support to all its laws and regulations. We will willingly offer our sons to go to the front to achieve victory for a glorious democracy which shall be worldwide. We will give our daughters as nurses and workers at home and abroad.

"We pledge all our prosperity to aid the government; all our wheat, pork, beef, butter, oats, barley—any and everything—and we shall labor assiduously and unceasingly to produce all we can in order that our boys, our allies and ourselves shall not go hungry.

"We will buy *Liberty Loan Bonds* and War Savings Certificates and Stamps and do all we possibly can to aid the Red Cross, the Y. M. C. A., and other war auxiliary activities, not forgetting the Lutheran fund campaigns.

"We extend to the citizens, the Commercial club and the Sons of Norway lodge of Thief River Falls our hearty thanks for their aid and co-operation in making this Sateslag a great success.

"We heartily thank our friend and fellow-countryman, Rev. B. Harstad, for his presence and his generous and able aid and advice, which helped so materially in making the meeting a success."

(Signed) Knut Nomeland, Arne Grundeson, Olaf Neset, committee.

DOING THEIR DUTY.

Scores of Thief River Falls Readers are Learning the Duty of the Kidneys.

To filter the blood is the kidney's duty.

When they fail to do this the kidneys are weak.

Backache and other kidney ills may follow;

Help the kidneys do their work.

Use Doan's Kidney Pills—the tested kidney remedy.

Thief River Falls people endorse their worth.

Mrs. C. Battleson, 518 Dewey Ave., Thief River Falls, says: "I suffered from kidney trouble for two years. I had awful pain in my head, extending down into my back. The pain kept me from stooping and I was always in misery when these attacks came on. My kidneys were in a terrible bad shape. I had always been healthy until this trouble came on and I was glad when I discovered that there was such a good medicine as Doan's Kidney Pills. They certainly made me feel like a different woman and I have often recommended them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Battleson had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

LUTHERANS RENDER VALUABLE SERVICE

BUILDING AT CAMP DODGE IS GATHERING PLACE FOR MANY MEN.

The people of the Lutheran denomination in Pennington county contributed about $2,000 toward the general fund to be used for welfare work among the soldiers at the different camps in this country and in the war zone. The excellent purpose to which this money was put is attested to by relatives of boys from this city who are at Camp Dodge.

Of special value has been the Lutheran building in receiving and caring for the parents and friends of the soldiers who come here to see their sons, husbands or friends. It is no easy task for one unaccustomed to the big camp to locate a certain soldier. The matter is quite simple, however, for those who understand the course of procedure and the men in charge always aid visitors in this way.

The building has a large front room or reception parlor back of which is an auditorium with benches which may be removed easily, providing a large floor for athletic games and entertainments. There is a large trench phonograph and many records. The reading room is separate and is provided with plenty of chairs and *other comforts.*

The quarters for the workers and the desk and business office open off the main reception room.

There are six men comprising the organization here.

They are: The Rev. Messrs. James Osterling of Manuius, Ill.; P. N. Sjogren of Minneapolis, Nels Kleven, of St. Paul, Henry Noss of Mankato, Minn.; Julius Nickel of St. Louis, Mo., and S. D. Rodholm of Des Moines.

Get No Furloughs.

Word was received on Tuesday from the office of the adjutant general at St. Paul that the four men leaving July 15 from Thief River Falls were to close up their business affairs before leaving as no furloughs will be granted nor passes after once they have reported for duty at the institution and absolutely no extensions will be given.

Storm Wrecked Barn.

Quite a wind storm hit the eastern part of the county last Wednesday afternoon, accompanied by rain, but no damage was done to the crops. A new barn, belonging to Peter Dunn, was wrecked by the wind and several small buildings were blown down. Hail fell farther to the south and the grain in the neighborhood of Highlanding was bent to the ground but had straightened again by the following morning. County Commissioner P. C. Wold has interested himself in aiding Mr. Dunn get another start toward a barn as the loss falls rather heavily on him at this time.

Number of Men in Army Units Is Explained

In these days of war and army maneuvers more questions are asked without anyone being able to answer them than ever before in the history of the world. Very few of us have any idea of how many men constitute an army corps or the difference between the number in an infantry regiment and an engineer regiment. The following information, therefore, will come handy very often. One good way to memorize the list is to post it in your hat. Thereafter whenever you are asked any question pertaining to an army all you will have to do is take off your lid, scratch your head, look wise and glance at what is here set down:

An Army corps is 60,000 men.
An infantry division is 19,000 men.
An infantry brigade is 3,000 men.
A regiment of infantry is 3,000 men.
A battalion is 1,000 men.
A company is 250 men.
A platoon is 60 men.
A corporal's squad is 11 men.
A firing squad is 20 men.
A supply train has 283 men.
A machine gun battalion has 296 men.
A engineer's regiment has 1,098 men.
An ambulance company has 66 men.
A field hospital has 55 men.
A medical detachment has 13 men.
A major general heads the field army and also each army corps.
A brigader general heads each infantry brigade.
A colonel heads each regiment.
A lieutenant colonel is next in rank below a colonel.
A major heads a battalion.
A captain heads a company.
A lieutenant heads a platoon.
A sergeant is next below a lieutenant.
A corporal is a squad officer.

Unclaimed Letters.

The following is a list of the unclaimed letters at the post office of Thief River Falls, Minn., for the week ending July 6, 1918. If not called for in two weeks from the above date they will be sent to the Dead Letter Branch at Chicago, Ill.

Axelson, Miss Alvera.
Carlson, Mrs. Ellen.
Evans, Miss Bertha.
Erickson, Mr. A. J.
Hall, Mrs. India.
Hack, Alex.
Johnson, Mr. Emil.
Johnson, Mrs. Ben.
Kallard, Miss Mandy.
Lindahl, T. R.
Mattson, Mr. Irving.
Newman, Miss Perle.
Olson, Olaf.
Roisum, Henry.
Sorenson, Miss Minnie.
Stang, C. H.
Swanson, J. P.

When calling for the above letters please state that they were advertised.

JOHN MORGAN, P. M.

Railroad News Notes

Items Concerning Soo and Great Northern Activities

To Exempt Railroaders—Plans to ask special exemption for drafted railway employes of the Northwest, who are deemed essential to transportation were considered at a conference of Federal managers in St. Paul this week. Thousands of railroad men are in the fighting ranks and engineering units and even shop and track labor is scarce, rail executives said. The government is asking for railway experts now in civil life for the army railway units, and is prepared to leave those found essential in service. The handling of the Northwest grain crop is the matter of chief concern now and Federal managers are making every effort to assure its proper transportation. Expert operating men are held as necessary as adequate equipment and the government will be asked to keep the rail ranks intact as far as possible.

Crop Reports Good— The section traversed by the Soo railroad in Minnesota is in the best shape, so far as crops are concerned, that it has been for many years. The rain of Sunday night was general as far west as Fordville and placed all grains in that strip of country practically out of *danger. According to L. M. Rayson,* local weather observer, the rain on Sunday night amounted to .95 inches, while that on the night of July 3 was .84 inches. From Milo, N. D., to Kenmare the outlook is not so good, while in the territory west of Devils Lake the crops will suffer considerably from lack of moisture.

Employing Older Men—While the railroads in this section have not yet begun to feel the labor shortage to any appreciable extent, it is noted older men than formerly are to be found doing the work on the division. It was thought that the industrial railroads in the East might be able to turn off a large number of experienced hands toward the end of the summer season, but there seems to be but slight possibility of this now as the situation there is but little better. It has been suggested that railroad workers be exempted from military duty until after the heavy crop movement of the fall months has somewhat subsided, but the government seems loath to grant this.

Division Jottings.

W. E. Bens has been transferred from Alexandria to Southam, N. D., as agent. B. C. Gire, agent at Winger, will go to the Alexandria station as cashier in place of Mr. Bens, and Relief Agent M. E. Carlson will temporarily succeed Gire at Winger.

O. L. Skorheim, a regular operator at division headquarters here, on Tuesday relieved G. A. Krueger as agent at Plummer, the latter being called to Crookston as witness in a law suit.

Clifford M. Tiegen has been put on as warehouseman at Detroit, succeeding L. C. Watt, who goes to join the army.

A. J. Odin, chief train dispatcher, is this week absent from his post, it being the season for his annual vacation.

Miss Olga Gulrud of the superintendent's office spent three days last week on a visit with relatives and and friends at Minneapolis.

Division Superintendent W. A. Barnard transacted business in Minneapolis last week, returning Monday evening.

Trainmaster H. D. Keene and Master Mechanic J. W. Hendry were at St. Cloud this week attending a meeting of the stockholders of the Pan Motor company.

E. H. Taylor, traveling claim agent for the Soo, was in the city on business the first of the week.

Miss Selma Simonson, day ticket agent at the Soo depot, starts on her vacation of two weeks today. Mrs. H. A. Pratt will be in charge of the office during her absence, while Miss Velma Price will take Mrs. Pratt's place at the freight offices.

T. D. Scanlan, night car foreman, is in Chicago this week, paying a visit to friends and relatives.

Julius Linde, car repairer, is visiting former neighbors in Duluth and Superior this week.

John Ellison, machinist's apprentice, has left the service and has enlisted in the navy.

Louis Vevea, who has been laid up since last May on account of an injured eye, has again resumed work at the roundhouse.

Oscar Ellingson has begun work as a wiper at the roundhouse.

Charles Bartless has been appointed as engine watcher out on the Wheatline.

Ole O. Offerdal was sent out on the Western run in response to a hurry-up call the other day. Something went wrong with the engine pulling No. 202 and Ole was sent to remedy the trouble.

Ralph Askeland, engine watchman, is visiting friends and relatives in Duluth this week.

Hans S. Peterson accompanied the members of his family to Alexandria last week, where they will visit for a time with relatives. Mr. Peterson returned Sunday.

Mr. and Mrs. J. P. Farley and E. Norquist enjoyed a fishing trip to Glenwood on Sunday. They had very good luck.

Engineer Victor Robarge has returned from Bismarck, where he spent a few days on a visit to his family.

Heard Tax Cases.

Judge Andrew Grindeland was in the city on Tuesday and Wednesday to finish up the cases on the calendar for the June term. Personal property tax matters occupied the greater part of the court's time, but the St. Hilaire school matter also came up for consideration. The decision was not pronounced at the close of taking the testimony, Judge Grindeland taking the matter under advisement.

Visiting Day at N. W. Aggie.

The soil is the mother of us all. This is why so much attention is paid to farming nowadays. At the annual Northwest Experiment Station, Crookston, visiting day, July 17, opportunity may be had to see the effects of different soil treatments, the use of commercial fertilizers, of manures in varying amounts, of twelve different rotations, and hundreds of different varieties of wheat, oats, barley, flax, forage and root crops, vegetables and trees. Printed reports will tell you about yields but nothing will take the place of seeing for yourself the experiments carried on there. Professors Boss, Alway and Morris will be present and also a food conservation speaker. The Warren meeting film will be shown. Free coffee and lemonade will be furnished. The farmers and townspeople of the Red River Valley are cordially invited to come.

Mrs. Isak Helseth.

The death of Mrs. Isak Helseth of this city occurred Sunday afternoon at three o'clock at her home, 905 LaBree avenue north. Mrs. Helseth was 38 years old and was born in Christiansand, Norway, July 10th, 1870. She was married to Isak Helseth nine years ago and has lived in this city four years, Mr. Helseth being manager of the Northern Construction company. Their former home was at Donaldson, this state. Mrs. Helseth had not been in good health for the past two years but her condition was not thought serious until the last two months. Deceased is survived by her mother, three sisters and three brothers, who live in Norway, besides her husband and three children: Oswald, age seven; Bernice, age two and a half years, and a step-son, Paul, aged fifteen. The funeral was held yesterday afternoon from the Synod Lutheran church, with Rev. I. T. Aastad conducting the service, and interment was made in Greenwood cemetery. An aunt, Mrs. R. Reedberg, and two uncles, M. and F. Christianson, of Bovey, Minn., were in attendance at the funeral.

Mrs. Harriet M. Downs.

Mrs. Harriet M. Downs died yesterday morning at one o'clock at the home of her daughter, Mrs. Gay Halvorson. Deceased was 89 years of age at the time of her death and was born in Stockholm, St. Lawrence county, New York, Oct. 7, 1829. Ten years ago she suffered an attack of paralysis and from that time her health was poor. In recent years she was quite feeble. She was naturally a very active woman and kept well informed on current events. She occupied her time at knitting and various kinds of needlework up to a few days before death came.

Mrs. Downs was a woman of strong character, and lived her life for her children and those about her. She was twice married, her first husband, Orman Murray, being killed in action in the Civil war. With the first marriage were born three sons, all of whom are living. They are Dr. W. N. Murray, Eugene and Julian Murray of Minneaplis. Deceased was married in 1869 to Mr. Downs, and to this union one child, Mrs. Gay Halvorson of this city, was born. For many years Mrs. Downs had made her home with her daughter.

Other survivors are two stepdaughters, Mrs. Ida Tuttle of Minneaplis, and Mrs. Hattie Jacobs of Orting, Wash. A small home funeral will be held this afternoon at the Halvorson home, 515 LaBree avenue north, with Rev. R. L. Barackman of the Presbyterian church officiating and Rev. J. A. Orrock of the Methodist church assisting. The Methodist choir will furnish the music.

The remains will be laid to rest in the Greenwood cemetery.

Haying Time Spraying Time

Now is the time to get your haying tools such as Rakes, Slings, Forks Carriers, Ropes, Pulleys, etc. We have them on hand and at very low prices.

Mavie, Minn.

HOSPITAL NOTES.

Those who have entered the hospital for treatment during the past week are Engel Bloom of Rosewood, Carl Christofferson, Holt; Miss Rosine Dahlen, city; W. H. Hall, city; C. J. Hillard, city; August Dahlin, Wylie; Lloyd Vollrath, Plummer; Mrs. I. Larrimore, city, and Miss Marie Erdman, St. Hilaire.

Miss Mina Rock, superintendent at the hospital, returned Monday morning after a month's vacation spent in Iowa and Illinois. Miss Rock attended the commencement exercises at the university at Iowa City and visited Chicago and St. Louis during her absence. She offered her services to the Red Cross but as it is necessary that all of the nurses at the head of institutions for the training of nurses remain in this country, she will not be placed in active service in France but instead will be kept in service here at home to assist in the training of new nurses.

Two new students have entered the hospital to take a course in nursing: Miss L. Welsh of this city and Miss Hannah Utabjan of Glenville, Minn.

CHIROPRACTORS

Do not practice Christian Science, not medicine, not surgery or osteopathy, but meet with a greater percentage of success than is shown in any other healing art.

Numerous diseases that show no improvement under other systems have responded under spinal adjustments and been permanently removed. Yet this should not be held so very remarkable, because first, last and always, chiropractic seeks to remove the cause of the trouble, not treat the effect.

Hours: 2 to 5 P. M., or by appointment.

Ford
THE UNIVERSAL CAR

GET your gasoline, Tires and Ford parts before 11 o'clock on Saturday night as we will remain closed all day Sunday in order to comply with the Government's request.

McFarland Auto Company

Our Butterfat Prices:

Monthly Price:
Sweet Cream 51c
Sour Cream 49c

Cash at once:
Sweet Cream . . . 47c
Sour Cream 45c

IT IS NO exageration to state that the Thief River Co-Operative Creamery is one of the main factors to get a high price for butterfat in this section. The private houses don't pay more than they have to. *Whom do you support?*

Thief River Co-Operative Creamery Association
Thief River Falls, Minn.

Letters from the BOYS

PROBABLY NOW ON THEIR WAY

LOCAL BOYS FINISH PREPARATORY COURSE AT PITTSBURGH UNIVERSITY.

NOW IN REGULAR ARMY

SERGT. KARWAND ADVISES FRIENDS TO ENLIST BEFORE DRAFT TURN COMES.

Minnesota seems to be furnishing her full share of the soldiers who are leaving the country for the battle front in France, and Pennington county's percentage is evidently being amply maintained. Nearly every mail brings notification of the safe arrival of some of the boys on the other side. So far as known there has not been a single casualty in the numerous quotas from this county that have gone across.

One bunch of 14 is perhaps now on the ocean. These are the men sent to the university of Pittsburgh in May for special training as aviation mechanics. In a letter to The Times Sergt. E. C. Karwand, formerly cashier of the Citizens State bank of Hazel, tells something concerning the activities of this contingent of exceptionally fine young men. The letter is as follows:

Moved to Long Island.

"We have made another move and hope we are a little nearer to France. At present we are quartered on Long Island and like it here fine. The entire Minnesota contingent at the University of Pittsburgh, with 30 more Gophers from the Carnegie Technical Institute, were sent here in a unit. We are known as the Replacement Detachment and are waiting to be filled to a strength of 200 men. As we were all volunteers we were transferred from the national army to the signal corps of the regular army and we like it much better.

Advises Boys to Enlist.

"There seems to be quite a difference here so I advice that wherever it is possible for our men to enlist, that they do so before their draft turn comes.

"We have Camp Mills to the south of us; also an artillery outfit and a cavalry outfit farther down. There are so many planes of the large 12 cylinder Liberty Motor type here flying about and so many horses that we have gotten used to it all in just a few days. Every day we hear the rat-tat-tat of the machine guns and the whir of propellers overhead, and this will help remove any nervousness that may exist when we get to where these things are simply a part of the day's work.

Working in Office.

"Succeeded in getting a bum mechanic's certificate all right, but the first hour I was here they placed me in the office where I have charge of sick reports, passes off and on duty, and see that the work is done all right. Of course that is what I know how to do. Am pretty green yet but expect to get wise to this army dope soon. It's all 'dope' in the army.

Scrappers From Arkansas.

"I saw a regular bunch of Arkansas ruffnecks go to Camp Mills to join the infantry yesterday. If you have any idea that Minnesota sends out large-sized men you should have been where you could take a look at that outfit. Every one of them over six feet and some hardned nuts they were. Am thinking some German will say, "kamerad" with a considerable amount of sincerity when they see this rawboned aggregation coming with fixed bayonets.

Health is Very Good.

"There are some home boys at Camp Mills also but couldn't get a line on any of them as I was too busy dodging guards to talk much to anyone. However, our Minnesota bunch is getting along fine and we have had only one death in the entire contingent from sickness since leaving home.

Help the Y. M. C. A.

"The Y. M. C. A. is the greatest institution in the world for the soldier boys and any money donated to this work by the home folks will certainly be more than well invested. We can see here how much it means to have a place where we can go and write letters, hear lectures and enjoy various kinds of entertainments. And then just think of how much more it means 'over there.'

Congratulates Home Folks.

"Want to congratulate the home folks on the way they are standing back of the boys. We can feel it right here, folks, and it makes us push on so much harder."

The other boys who left Thief River Falls for Pittsburgh university with Sergt. Karwand are: Lars Heckne, Edwin B. Servig, H. H. Halstrom, Alfred G. Adolphs, LeRoy Tulland, Carl G. Gulrud, Arthur F. Liden, Myles H. Jackson, Annund O. Brevik, Max H. Goldsmith, Gilbert Reiersgaard and Elling O. Iverson.

Harry Bakken Writes.

Harry Bakken, son of Mr. and Mrs. O. L. Bakken, who is a member of Company I, 325th Infantry regiment, now in France, has written a letter to his folks in which he encloses one for The Times. He says:

"Have been thinking of writing a letter for your valuable publication for some time. Ever since leaving Thief River Falls with the bunch last February I have been on the go and with a few of the other boys who left at that time have seen most of the United States and a part of the Old World.

"Our trip over the ocean was sure fine, although for a couple of days I did not feel much like eating. We had drills every day on deck with life preservers. One day we were resting in the lower regions of the boat when all of a sudden we heard a shot. The way we cleared out was not slow. When I got on deck I discovered that I had left my hat behind. Every man was on deck in about five minutes, so you can imagine we have some system.

"We are camping in tents and the country is beautiful. The hills are covered with trees and every foot of land that is clear is under cultivation. If you are going to travel one mile you will probably walk three as the roads do not run straight the way they do in Minnesota.

"Frank LaFlex and I are sleeping in the same pup tent and are kind of colaborating on this letter. We do not want to make it too long as in that case it would probably not be printed."

Paraded in London.

In a letter to his folks Private Bakken says that he was in the big parade of American soldiers in London which was inspected by King George. "I had a good look at the old gentleman," says the writer, "but the mob was such as I never expect to see again. You will probably get some idea of it from the moving pictures.

"The article I find most scarce is snuff. The supply you sent must have miscarried and I will probably have to quit using it. I guess Mother will not feel particularly bad about that. Am sitting on the ground writing this letter. It sure is a beautiful country—too pretty to be ravaged by a war like this.

"The more I travel these roads, the more they remind me of those father described in his old home country. When this war is over and I can do so I am going to see that also.

Likes Going to Church.

"Yesterday was Sunday and we all went to church where the regimental chaplain held services. I seldom went to church at home but here it is different. I enjoy going and shall do so every chance I get."

IS HE WORRYING? WELL, NOT MUCH!

SOLDIER IN FRANCE ONLY ANXIOUS TO GET A WHACK AT THE BOSCHES.

Raymond A. Stageberg, one of the Thief River Falls boys who is now on the firing line in France, is evidently not greatly concerned about anything except getting a chance to take a slam at the enemy. In a recent letter to his parents, Mr. and Mrs. T. O. Stageberg, this soldier says:

"The weather here is great. Almost as hot today as in the state of Georgia. We have had a lot of rain until the last couple weeks.

"We are under fire of the big guns new and all us boys are wishing for is a chance to get to the front line, which is not very far away. All we hear night and day is the roar of guns. Have seen several air battles, which I think is real life.

"I hope you do not worry about me. I am feeling fine and ready to 'go get 'em Bosch,' so do not get uneasy. The bosches are not fast enough for the Battling 38th.

"I like the bunch of boys in this company and will be glad to go over the top with them. The ground is good and dry and no more cold weather, so the trenches are O. K.

"Greetings to all friends and relatives and hoping to eat Xmas dinner at home (maybe). Tell brother Truman (in Texas,) will write him soon. I hope he is feeling as good as I am and that army life agrees with him as well."

GUARD TRAINING IS OF DECIDED HELP

ANOTHER DRAFTEE WHO REGRETS NOT HAVING JOINED HOME COMPANY.

Officers and members alike of Company C, Minnesota Home Guard, have been trying to impress upon the Pennington county boys who are liable soon to be called into the service that they are losing an invaluable opportunity to learn at least the rudiments of military tactics by not joining the home guards. The latest member of the Pennington county draft contingent to regard his negligence in this regard is Ben (Sping) Lonson, who was one of the boys called in June. He has written to friends telling of his induction into military service and seems to like it first rate as far as he has gone. He says, however, that the boys who had put in even a short time drilling with the guard were at once spotted and pushed right ahead. Some of them have already been taken from the preparation camp and have been shifted to other places where their knowledge of drilling can be put to better use. They have landed in positions as noncoms and squad leaders and seem to be marked men from the outset.

The officers of the company, and Capt. W. B. Fuller in particular, have tried to impress upon those liable to service that it will be to their very great advantage to get this preliminary training, but it seems a hard matter to get them to fully realize the value of the service offered. All officer and private in the ranks have declared themselves willing to give special attention to the men who expect soon to be called and those who have taken advantage of the offer have profited greatly. Anyone interested in this matter should lose no time in getting into communication with Capt. Fuller, Lieuts. Spanheim or Prichard, or any of the non-commissioned officers of the company.

Investigating Rejections.

Capt. W. H. Eaton, of the United States army, whose home is at Duluth, was in the city last week to assist the local registration board in getting a better understanding of the reclassification order. Capt. Eaton is making a tour of the state with a view to finding out what has gone wrong with the men sent from certain sections lately. It is claimed that 25 per cent of the last draft quota sent to Camp Grant were physically disqualified and the percentage is too large to look right. Only one man was returned to Pennington county, but other sections did not fare so well. The Twin Cities and Duluth particularly had a lot of men turned back and the draft authorities as well as the citizens generally want to know where the trouble lies. Camp Lewis for a long time held the record for rejections, but the plum now goes to Camp Grant.

The City Churches

German Lutheran Church—The ladies' aid of the German Lutheran church will be entertained at the home of Mrs. H. W. Froehlich on Thursday afternoon, July 18th.

Coal! Buy Your Bituminous Coal Now!

It is safe to predict that the immunity from suffering, on account of shortage of coal, which was enjoyed by the Northwest during the winter just passed, will not be duplicated during the winter of 1918-19 unless dealers and consumers of coal join in an earnest effort to comply with the suggestions made from several quarters; that the consumer order his next winter's supply of soft coal from his dealer at once and have it placed in his cellar just as soon as coal is available at the lake docks.

This is identical with the suggestions made by the Minnesota Commission in the circular issued May 1st, 1917, with reference to the hard coal supply for 1917-18, but this year it is hoped that all users of soft coal will co-operate to the fullest extent, and this can best be done by complying with the suggestion of the Fuel Administration and securing their next winter's supply of soft coal at once.

It must be borne in mind that under the Zone System of coal distribution, as announced by the Fuel Administration, soft coal for use in Minnesota can only be shipped into this state through the lake ports and from the Illinois field; and Illinois coal for domestic use can only be shipped into Minnesota during the period from April 1st, to September 30th, 1918.

There are a very few plants which can store six month's supply of coal, and it will therefore be necessary for such plants to arrange for the purchase of their fuel after September 30, 1918, from the docks at the Head of the Lakes.

All users of soft coal should do their utmost to secure their winter's fuel during the summer, while cars are available to move the coal from the docks, as next winter will see a repetition of the past winter's shortage of cars, but in a greatly aggravated form.

Community News

ROSEWOOD

Sunday.

The annual confirmation class have their closing exercises at the Rindahl church this forenoon. About 150 persons attended. Rev. Geo. Larson of Thief River Falls delivered an interesting lecture and Theo. Liden also of Thief River Falls, sang several selections to organ accompaniment. The following constituted this year's class: Misses Tena Westby, Eshter Thoreson, Evelyn Saugen and Viola Axelson and Messrs. Marshall Flann, John Nakken, and John Hall, all of whom passed the examination with hig honors and were given their diplomas.

In the afternoon was held at the same place the closing program of a six weeks' parochial school term under the auspices of Miss Karen Rundfloen, the teacher. The following program was given part of which was given in the Scandinavian language:

Song—"School Days" by the school.

Prayer—A. T. Thoreson.

Dialogue, by Annie Blomberg, Julia and Minnie Axelson and Clara Thorson.

Song—"Our Aim" by Pearl and Myrtle Mellem.

Dialogue—Arnold Nakken and Melvin Saugen.

Recitation—"We are Glad" by Otto Saugen.

Song—"Come Youths" by the school.

Dialogue—Victor Axelson and Arnold Flann.

Recitation—"O, Jesus, if You Would" by Roy Mellem.

Recitation—"I Am Not Big" by Lloyd Anderson.

Recitation—"The Clear Heavens" by Gunda Mattson.

Song—"Shall We Meet Beyond the River" by the school.

Dialogue—Gladys Sagmoen, Olivia Swenson, Betsey Flann, Alma Axelson and Gennivia Swenson.

Recitation—"God Loves Little Children" by Alma Blomberg.

Recitation—"Jesus Dear" by Elmor Blomberg.

Recitation—"Jesus Loves Me" by Newell Anderson.

Recitation—"Roses" by Alma Thoreson.

Song—"Nearer My God to Thee" by the school.

Short repetition of school work by the pupils and teacher.

After the program Rev. Geo. Larson gave a short speech in which he heartily thanked the teacher for her work here. This year was Miss Rundfloen's 40th year anniversary as a parochial and Sunday and Saturday school teacher. Thirty-two of these years she taught in the United States and 8 in Norway. Outside of the 8 years taught in Norway and one, 1905, in S. Dakota, she has taught every year in the state of Minnesota. This is somewhat of a record and that Miss Rundfloen is well acquainted with her work was noticed on her well disciplined and cheerful class. It is in fact seldom that the public has the opportunity of listening to a program similar to the one this afternoon, and the audience was very enthusiastic in voicing their sentiments. We wish to thank Miss Rundfloen for her admirable work. The Lord's supper was partaken of after this speech by the congregation and the forenoon's confirmation class and Theo. Liden sang several religious hymns. Lemonade and ice cream was sold on the church grounds after the program for the benefit of the church.

Monday.

Ensign Borden, in company with two salvation army girls of Thief River Falls, is spending today at this place as guests with Mrs. Nina Anderson and attending to business for their society.

Mr. and Mrs. Adolph Haugen and daughter Eileen, left this morning for Warren where they will spend the Fourth and visit with a sister of Mrs. Haugen, Mrs. Otto Anderson and family over Sunday.

The following are spending the day at Thief River Falls attending to business: A. T. Thoreson, Alich Hellquist and John Bloom.

Motor Cycle Accident.

While enroute to Thief River Falls on his motorcycle this forenoon, Emil Bloom had the misfortune of driving his machine into a barbed wire fence with the result that he received several nasty gashes over both his arms, breast and forehead. Mr. Bloom had been driving at a good rate along the road south of the Sandridge cemetery. This is not the legally laid out road but is used extensively by the public as it is a better thoroughfare than the legal road further west. This road is usually open excepting when a farmer, J. Funnemdal, whose land the road crosses, drives his cattle from one pasture to another, when a barbed-wire gate is stretched across same. Ordinarily drivers observe this gate as the road is clear for a long stretch on both sides. Now, however, the rye fields on both sides have grown close to the road leaving only width enough for a vehicle to pass and young Bloom, coming through there did not notice the wires in time to check his machine, but drove into them with the above result. He was immediately taken to the Physicians' hospital at Thief River Falls, by Mr. Funnesdal in his car, where his wounds were dressed and he will be about in a few days.

Death of Mrs. John Hellquist.

Mrs. John Hellquist died at her home north of town at 1:30 this afternoon, following a three week's illness with gastric carcinoma.

Mrs. Hellquist, whose maiden name was Anna Louisa Bergman, was born in Orebro Province Sweden, on Aug. 27th, 1860. She lived there until May 1881, when she emigrated to America. She settled at Ispheming, Michigan, where in June 1882, she was united in marriage to John E. Hellquist, who survives her. They moved to Marshall county in July 1883, where they took up a government homestead and they have been residing there ever since. She was 57 years, 10 months and five days old and is survived by her husband and eight children, namely: Chas. E. Hellquist and Mrs. James Johnson of Thief River Falls; Albert of Willmen, N. D.; August of Raymond, Wash.; and Alex, Emil, Marie and Hannah of this place. Deceased was a kind mother and a lovable companion. She was of strong Christian faith and was loved by all who knew her. Mrs. Hellquist has not been strong for years and although cautioned by medical attendants to rest, it has been against her nature to remain idle and although her suffering during the last three weeks when she was confined to her bed was very trying, she bore it with admirable calmness and resignation, looking forward to a brighter beyond. The funeral will take place on Friday at the Wildwood cemetery; with Rev. Werner Drotts of Viking officiating.

Thursday.

The Oscar Blomberg family of Crookston arrived here yesterday and will visit among relatives and friends over next Sunday, their main stay being at the Swen Haugen home.

Saturday.

Mrs. Ella Clovestead and daughter Sibyl of St. Paul arrived this morning for an over-Sunday visit at the home of P. Sorenson.

Money orders to the amount of $1326.07 were issued at the local postoffice during the second quarter of this year ending July 1st, in comparison with $965.81 for the same period last year. Envelopes and paper was sold to the amount of $79.60 and cancellation including war stamps amounted to $57.50.

Jalmer Rafteseth of Pipestone, Minn., was home for a few days this week.

Leonard DuChamp and E. LaBree of Thief River Falls were in town today on business.

Lawyer Leo Kennedy of St. Paul who owns extensive real estate west of this place was up today in an automobile to look after his interests. He had a break-down and had to have his car hauled to Thief River Falls for repairs.

Dick Hall is spending today at Thief River Falls, attending the tractor show.

The program committee had a meeting at the local school building this evening to arrange a program for the next farm club meeting.

Mrs. John Jerde of Angus is spending a two week's vacation at the home of Mr. and Mrs. S. Rafteseth.

Mrs. O. Eide of Viking arrived here this evening to visit over Sunday with friends.

Sunday.

Come and Bring the Family
Something to Instruct and Amuse All

HERBERT FULLER, President.
N. W. TARRANT, Secretary.

Community News

ST. HILAIRE

A very serious accident occurred last Wednesday evening when Herman Ortloff started for his home 8 miles west of this village. He had a wagon load of lumber and shingles and a hay rake hitched on behind. As he was getting ready to climb up on the wagon his horses became frightened from a passing train and began running away. Mr. Ortloff grabbed for the lines, but one line fell down and he had only one in his hand which made the horses make a quick turn. In so doing Mr. Ortloff was thrown down and the wagon went over his body, crushing several ribs on both sides and giving him other serious injuries. The runaway team was caught on the street up town after a good deal of damage had been done. Mr. Ortloff was immediately rushed to the home of his mother, Mrs. W. Ortloff and Dr. C. Swanson was summoned. From present reports Mr. Ortloff is improving quite rapidly.

Herman Anderson of Devils Lake, N. D., who has been visiting for the past two weeks at the home of Mr. and Mrs. H. O. Jackson, left Wednesday for Bemidji where he will visit at the home of Mr. and Mrs. Selmer Hauge.

CHARLES A. PITKIN,
Clerk.

Approved:
H. S. DAHLEN,
President.

NOTICE OF MORTGAGE FORECLOSURE SALE.

Default having been made in the payment of Four Hundred Sixty-four and 35-100 Dollars ($464.35), principal and interest, which is claimed to be due and is due, at the date of this notice, upon a certain mortgage duly executed and delivered by Gilbert H. Hagen and Jennie Hagen, his wife, mortgagors, to Ellsworth and Jones, (Incorporated) mortgagee, bearing date the 1st day of April, 1915, and with a power of sale therein contained duly recorded in the office of the Register of Deeds, in and for Pennington County, Minnesota, on the 23rd day of April, 1915, at 8 o'clock A. M. in Book 3 of Mortgages on page 378, and no action or proceeding at law or otherwise having been instituted to recover said debt or any part thereof;

NOW THEREFORE, notice is hereby given that by virtue of the power of sale contained in said Mortgage and pursuant to the statute in such case made and provided the said mortgage will be foreclosed by a sale of the premises therein described and thereby conveyed, lying and being in the County of Pennington, in the state of Minnesota, to-wit:

The northeast quarter of the northeast quarter of Section Thirty-two (32) in Township One Hundred Fifty-four (154) North of Range Forty-five (45) West of the Fifth Principal Meridian, containing 40 acres, according to the Government survey, which sale will be made by the Sheriff of Pennington County at the front door of said County Courthouse, at the City of Thief River Falls, in said County and State, on Saturday, the 3rd day of August, 1918, at 10 o'clock in the forenoon of that day at public vendue to the highest bidder for cash to pay the said debt of $464.35, principal and interest and taxes if any upon said premises, and $25.00 Attorney's fees as stipulated in said mortgage in the case of foreclosure and the disbursements allowed by law, subject to redemption at any time within one year from and after the day of sale as provided by law.

Dated June 15, 1918.

Proceedings of the City Council

Thief River Falls, Minn., July 2nd, 1918.

A special meeting of the City Council was called to order by O. L. Ihle, president, at 3:00 P. M. Tuesday, July 2nd, 1918.

Roll Call:

Members present; Benson, Myhrum, Brandon and Ihle.

Members absent; Olson.

Moved by Myhrum, seconded by Brandon, that whereas, the well sunk and construction by the Swenson Artesian Well Co., has failed; Now, Therefore, be it Resolved that the Clerk be and hereby is ordered to advertise for bids for the construction of another well and furnishing the labor and material therefor and that a special meeting be called for Friday the 19th day of July, 1918, at 8:00 o'clock P. M. be fixed as the time and place of opening and considering such bids to be on the basis of guaranteeing to sink well 235 feet and pulling pipe back sufficiently to place 25 feet of screen. Motion carried.

On motion duly carried the Council adjourned.

O. L. IHLE,
President of the Council.

Attest:
A. H. AKRE,
City Clerk.

Proceedings of Board of Review.

Pursuant to Law the Board of Review of the City of Thief River Falls met in the Council Chambers at the City Auditorium June 24th, 1918, for the purpose of reviewing and adjusting the real estate and personal property assessment of the City for the year, 1918, and for the purpose of hearing any and all complaints of persons feeling aggrieved by said assessment.

Meeting was called to order by P. O. Myhrum, Vice President of the Council at 10:00 A. M.

Members present: Froseth, Myhrum, Olson, Brandon.

It was moved and seconded that the Board of Review adjourn until 10:00 A. M. July 1st, 1918. Board adjourned to date set.

Pursuant to adjournment the Board of Review met in the Council Chambers at 10:00 A. M. July 1st, 1918.

Members present; Froseth, Benson, Myhrum, Olson, Brandon, Ihle and Akre.

On motion made and carried O. L. Ihle was elected chairman of the board.

All members present having prescribed to the required oath the board proceeded to examine and review the personal property assessment submitted by the assessor and to list such personal property and real estate as may be found to have been omitted.

The Board of Review having been in session each day from 10:00 A. M. to 5:00 P. M. on July 1st, 2nd and 3rd, and having heard all parties interested for or against the assessment on real estate or personal property and having made such adjustments as was deemed by the Board as wise and proper the changes or corrections to appear on the assessment books.

And no further business to come before the Board, the said Board on motion adjourned.

O. L. IHLE,
President of the Council.

Attest:
A. H. AKRE,
Clerk of the Board.

MORTGAGE FORECLOSURE SALE.

NOTICE IS HEREBY GIVEN, that default has been made in the condition of a mortgage executed by Andy Solberg and Alma Solberg, his wife, Mortgagors, to Louis Kruse, Mortgagee, dated February 23rd, 1917, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 23rd day of February, A. D., 1917, at Eleven O'clock A. M., in book 13 of Mortgages, on page 303 thereof, that the amount claimed to be due on said mortgage at this date is Five Hundred Fifty-three and 42-100 Dollars ($553.42); that the premises described in and covered by said mortgage are described as Lot Number Twenty-seven (27) and the South Ten Feet (S. 10 ft.) of Lot Twenty-six (26) of Block Numbered Eleven, (11), in Porter's Addition to the City of Thief River Falls, Minnesota, according to the plat thereof on file and of record in the office of the Register of Deeds in and for said Pennington County, Minnesota, and are situated in Pennington County, Minnesota; that said mortgage contained a provision that if default be made by the mortgagors in any of the provisions of said mortgage, that it should be lawful for the Mortgagee to declare the whole sum secured by said mortgage to be due and payable, that the mortgagors have failed and neglected to pay the interest which fell due under the terms of said mortgage on February 23rd, 1918, and have failed to pay the taxes on said premises for the year 1917, and the mortgagee has elected to declare, and has declared the whole amount of said mortgage, principal and interest due and payable; that by virtue of the power of sale contained in said mortgage and pursuant to the statute in such case made and provided, said mortgage will be foreclosed by the sale of said premises at public vendue to the highest bidder for cash, by the Sheriff of Pennington County, Minnesota, at the east front door of the Pennington County Court House, in the City of Thief River Falls, Pennington County, Minnesota, on August 17th, 1918 at Ten O'clock A. M., to satisfy the amount then due on said mortgage together with the cost of such sale and Twenty-five Dollars ($25.00) attorney's fees stipulated in said mortgage.

Dated June 24th, 1918.

LOUIS KRUSE,
Mortgagee.

State of Minnesota, County of Pennington, in Probate court:

In the matter of the estate of Ole Nelson.

The State of Minnesota to Nekoline Nelson, Nic Nelson, Ole Nelson, Gina Voldness, Paula Larson, Inga Sjolsvold, Laura Stenseth, Henry Nelson, Nora Josephson, Clara Nelson, Arthur Nelson, Joseph Nelson, Lillie Lubnow and Oscar Nelson, all persons interested in the sale of certain lands belonging to said Ole Nelson. The petition of Gina Voldness as representative of the above named Ole Nelson, being duly filed in this court, representing that it is necessary and for the best interests of said estate and of all interested therein that certain lands of said decedent described therein be sold and praying that a license be to Gina Voldness granted to sell the same;

Now therefore, you, and each of you, are hereby cited and required to show cause, if any you have, before this court, at the Probate Court Rooms in the City of Thief River Falls, County of Pennington, State of Minnesota, on the 25th day of July 1918, at 10:00 o'clock a. m., why the prayer of said petition should not be granted.

Witness the Judge of said Court and the seal of said court, this 26th day of June, 1918.

WILHELM MICHELET,
Judge of Probate Court.

J. M. BISHOP,
Attorney for Petitioner. J-27-Jl-4-11

NOTICE FOR BIDS.

Notice is hereby given that the City Council of the City of Thief River Falls will receive sealed bids for sinking and constructing of a twelve inch well within the City of Thief River Falls, up to July 19th, 1918, at Eight O'clock P. M., at which time the bids will be opened and considered, at the City Council rooms within the City of Thief River Falls, Minnesota; such bids to be in accordance with the plans and specifications now on file in the office of the City Clerk of said city for such wells, and to include the furnishing of all labor, material and skill necessary to complete such wells.

The city Council reserves the right to reject any and all bids.

Dated this 2nd day of July, 1918.

A. H. AKRE,
J-4-11. City Clerk.

CITATION FOR HEARING ON PETITION TO SELL, MORTGAGE OR LEASE LAND.

Estate of Stein Jorgenson.

State of Minnesota, County of Pennington, in Probate Court:

In the Matter of the Estate of Stein Jorgenson.

The State of Minnesota to Annie Jorgenson, Margarette Jorgenson, Loyd Jorgenson, Paul Jorgenson, Ethel Jorgenson, Gladys Jorgenson and Arnold Jorgenson, heirs at law and next of kin to Stein Jorgenson, deceased, and all persons interested in the sale of certain lands belonging to said Stein Jorgenson, deceased. The petition of Carl Christofferson, as representative of the above named decedent, being duly filed in this court, representing that it is necessary and for the best interests of said estate and of all interested therein that certain lands of said decedent described therein be sold and praying that a license be to him granted to sell the same:

NOW THEREFORE, you, and each of you, are hereby cited and required to show cause, if any you have, before this court, at the Probate Court Rooms, in the City of Thief River Falls, County of Pennington, State of Minnesota, on the 27th day of July, 1918, at 10 o'clock A. M., why the prayer of said petition should not be granted.

WITNESS the Judge of said Court, and the seal of said court, this 2nd day of July, 1918.

WILHELM MICHELET,
Judge of Probate Court.

(Court Seal.)
THEO. QUALE,
Attorney for petitioner.
J4-11-18.

Notice of Annual School Meeting.

Notice is hereby given that the annual meeting of the qualified voters of Independent School District No. 18, of Pennington county, Minnesota, will be held at the Auditorium in the City of Thief River Falls in said county, on July 20th, 1918, at 7 o'clock p. m., for the purpose of electing two directors to succeed F. H. Gambell and Charles A. Pitkin, whose terms will expire, and to transact any other business which may come before the meeting.

Notice is further given that applications have been filed for the following persons as candidates for directors to be voted upon at said meeting.

P. O. Myhrum
H. W. Froehlich

Dated this 8th day of July, 1918.
J-11-18 CHARLES A. PITKIN,
Clerk.

E. O. MOGENSEN
"If it Comes from Mogensen's it Must be Good"

LOCAL BANKER IS SIGNALLY HONORED

GEORGE G. JOHNSON ONE OF FIVE DELEGATES TO NATIONAL CONVENTION.

One of the most important gatherings in the history of banking in this country will be held at St. Louis on July 15. The meeting has been called for the purpose of organizing a national association of state bankers, and there will be five delegates sent from Minnesota. As one of these George G. Johnson, vice president of the First and Peoples bank in this city, has been appointed and will leave on Friday evening for the southern city.

GEORGE G. JOHNSON

Badly Hurt in Runaway.

St. Hilaire Spectator: Herman Ortloff had several ribs broken, was cut about the head and probably suffered internal injuries in a runaway accident shortly after supper last Thursday evening. He had a load of lumber on his wagon and a hay rake tied on behind, and while in front of the Hans Wilson home stopped to adjust the fastening of the rake. While so engaged another team came by and Ortloff's team started. In trying to stop them he ran between the whiffletree and wagon wheel, grasping one rein, which frightened the horses so they ran away, pulling the loaded wagon over the unfortunate man. Dr. Swanson was called at once and found injuries to the extent noted above.

Many at Warren Fair.

The Marshall county fair at Warren was the objective of a large number of Thief River Falls citizens on the Fourth of July. According to reports brought back the fair was very good while the attendance was the largest ever recorded. The Warren fair is the first held in this section of the state and people from far and near always make it a point to attend. The Thief River Falls contingent had a good time and did some excellent booster work for the Pennington county fair which will be held in this city on August 5, 6 and 7.

Use Plenty of Water.

There is a reduction of 35 per cent in the water rates in effect during the present quarter and it would seem as if our citizens should make more use of it for lawn sprinkling. Last summer was particularly hard on lawns about the city and the past spring did not give the grass the right kind of start. In many instances the roots have evidently been damaged to such an extent that the plots will have to be reseeded or dressed with new sod, but much could yet be done to save the remnants if enough water were used.

Millers Have Son.

A seven pound son was born to Mr. and Mrs. Harold Page Miller of Crookston, formerly of this city, Monday morning, July 8th, in Minneapolis. He has been given the name, Lewis Ainslee Miller.

Gustafson-Martinson.

Miss Doris I. Martinson, daughter of Mr. and Mrs. M. Martinson, who live on a farm between this city and Viking, Minn., was married on Wednesday, June 26th, at Hempstead, on Long Island, New York, to Private G. M. Gustafson who is with the American Expeditionary forces now in France. Miss Martinson, who has been cashier and bookkeeper in the store of Theo. Salverson in Ada, since leaving this city a little over a year ago, will continue her work there. Private Gustafson, who was cashier in the Farmers & Merchants' State bank of Ada, previous to his enlistment, sailed for France on the Saturday following the wedding.

Dan Biddick in Town.

D. C. Biddick, vice president of the Peterson-Biddick company, came over from Jamestown the first of the week to look after the progress of the firm's business in this section. Mr. Biddick will shortly leave for Chicago, where he will open a headquarters office to have supervising charge of shipments from all of the company's warehouses, of which there are five in this section of the state, located at the following places: Thief River Falls, Wadena, Crookston, Deer Creek and Jamestown. Mr. Biddick says that business has been fairly good throughout the summer and that he expects the good crops to bring on prosperous conditons generally this fall.

Unclaimed Letters.

The following is a list of the unclaimed letters at the post office of Thief River Falls, Minn., for the week ending June 29, 1918. If not called for in two weeks from the above date they will be sent to the Dead Letter Branch at Chicago, Ill:

Finsan, Mr. John.
Gherts, Mr. Max.
Gilbertson, Mr. Olaf.
Halvorson, Mrs. Rilla G.
Hill, Henry.
Lindquist, Mr. Fred.

When calling for the above letters please state that they were advertised.

JOHN MORGAN, P. M.

GIRLS WILL TAKE CHARGE OF BABIES

CONDUCT DAY NURSERY TO AID MOTHERS WHO ARE DOING RED CROSS WORK.

Four young ladies in this city have hit upon a plan for helping along the work of the Red Cross that is both novel and commendable. They propose to operate a day nursery where the mothers who are engaged in producing the things needed by our soldiers may leave their children while they are busy. The nursery will be fitted up in the Central school and be in charge of the following: Misses Helen Barackman, Lucile Burns, Zella Zeh and Mary Prichard. The new plan will be put into execution on Friday of this week and the rooms will thereafter be open on every Tuesday and Friday afternoon. There will be no charge of any kind for this service and the young ladies only hope that every mother who wishes to do something for the Red Cross will leave the children in their care. The idea is a good one and deserves encouragement.

Thief River Falls People Helped.

Thief River Falls people have discovered that ONE SPOONFUL of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, relieves sour stomach, gas and constipation AT ONCE. This remedy is well known as the appendicitis preventative. F. J. Stebbins, druggist.

Boy Scouts Meeting.

There will be an important meeting of the Boy Scouts at the usual place on Friday evening for the purpose of arranging for the trip to St. Hilaire on the following Friday. All members are ordered to attend.

ADDITIONAL WANTS
Too Late to Classify

WANTED—Competent cook at Physicians' Hospital. Will have first class assistant. Best wages paid. About five weeks' employment. Miss Mina Rock, Supt. Phone 234.—J1-11-

Food

QUESTIONS ANSWERED

BREAD

Is bread as important to the American as to the Frenchman?

No; only 9½ per cent of the average American income spent on food goes to bread and flour, and these articles form only 39 per cent of the average American diet.

How important is bread to the Frenchman?

It is the basis of his nourishment; bread constitutes 57 per cent of the total food consumption during normal times in France.

Is European bread now made of wheat flour entirely?

No; it is heavily admixtured.

What is the percentage of admixture?

In England, France and Italy bread must be admixtured with at least 20 per cent of some other cereal flour, and it is permitted to use a large percentage of other cereals. The extraction of flour is also very much higher in other countries than here.

Why is bread cheaper in England?

Because the British government has subsidized the bread.

How much does it cost the British government?

$200,000,000 annually.

Is not this money ultimately obtained by taxation?

Yes.

Is corn bread used in the army?

Corn is not acceptable as an army ration because it can not be made into a transportable loaf for trench use.

Are other cereals just as nourishing as wheat?

Generally speaking, yes.

What is the advantage of ordering bread 24 hours in advance at the stores?

The baker or grocer can then estimate correctly the amount of bread to have on hand, and thus eliminate waste.

What percentage of wheat flour substitutes does the Food Administration require bakers to use in bread and rolls?

Twenty-five per cent

Why has the Food Administration standardized the size of the bakery loaf of bread?

To reduce the cost of baking and distributing, to give the public a square deal, and to fix competition upon price.

What are the standard weights of bread loaves?

Three-fourths of a pound, 1 pound, 1½ pounds, 2 pounds, and other pound weights.

Why does the Food Administration advocate the use of the ¾ pound loaf?

As a wheat conservation measure, in the hope that the ¾-pound loaf may do the work the 1-pound loaf did before.

How many 1-pound loaves of bread can be made from a barrel of flour?

Two hundred and seventy loaves.

Is graham bread a wheat bread?

Yes; but it also contains 26 per cent bran, shorts and middlings, which are included in the list of wheat-flour substitutes.

What is whole wheat bread?

Bread which contains varying quantities of bran, shorts or middlings. To comply with the "Victory" rule, it must contain at least 25 per cent of these products.

May graham bread and whole-wheat bread be used on wheatless days?

As a general rule, no. Public eating places can not well do without these and Victory bread, but in the home, no wheat should be eaten on wheatless days.

What is Victory bread?

Bread baked with at least a 25 per cent admixture of other cereals than wheat; the bread that will help win the war.

What other cereals can be mixed with wheat to make Victory bread?

See answer to 197, which gives list of wheat-flour substitutes.

May bread made entirely of graham flour or whole-wheat flour be called Victory bread?

Yes, if it contains 25 per cent of bran, shorts and middlings.

Was rye flour used in making "Victory" bread?

Yes, until March 31, when it was withdrawn from the substitute list because a shortage of rye flour for rye-bread baking was threatened.

How else may the name Victory be used?

The name Victory may also be given by bakers to sweet yeast-dough goods, crackers, biscuits, cakes, pies, fried cakes, and pastry, provided one-third of their flour or meal content consists of wheat-flour substitutes.

Restrictions in Use of Beef.

Roast beef, whether hot or cold, is to be served only on Monday at the midday meal; stewed, boiled or beef hashes are to be served only on Wednesday and Saturday at the midday meal, and steaks in any form, including hamburger, on Thursday only at the midday meal, according to recent regulations for hotels, restaurants and public eating places, announced by Walter A. Pocock, hotel representative of the food administration for Minnesota, with the approval of A. D. Wilson, state food administrator.

These regulations for the saving of beef require that the householder use not more than 1¼ pounds of clear beef per person per week, or more than 1½ pounds including the bone.

U. S. Food Administration

Wheatless Recipes

Tested in the Experimental Kitchen of the Food Administration (Conservation Division) and the Department of Agriculture.

COMBINATION MUFFINS.

(Using no Wheat)

METHOD OF MIXING

Add to the cup of milk the melted fat, sirup, and slightly beaten egg; sift the salt, baking powder, and flour together. Use a coarse sieve so that no part of the flour is wasted. Combine the two mixtures, stirring lightly without beating. Bake in a hot oven (437 degrees F. or 225 degrees C.) for 20 to 30 minutes, depending upon the size of the muffins.

These recipes make 24 small muffins (3 of which make a 2 ounce serving) or 8 very large muffins.

The ground rolled oats are the same as rolled oats ground in a food chopper. When using oats, mix them with the other sifted dry ingredients.

When corn meal is used, mix—do not sift—the ingredients.

Suggestions: The wheat substitute recipes given below show that a wide variety of combinations is possible even when limited to the use of a few substitutes.

All of the combinations are good. In nearly all cases a combination of substitutes makes a better product than the use of only one substitute. Muffins containing oats have a particularly pleasant flavor.

Other substitutes used with buckwheat will modify the color and improve the flavor of the product. The use of molasses will also do this.

COMBINATION SUBSTITUTE MUFFINS.

50 Per Cent Barley.
50 Per Cent Oats.
1 cup liquid.
1 tablespoon fat.
2 tablespoons sirup.
1 or 2 eggs.
4 teaspoons baking powder.
1 teaspoon salt.
1½ cups barley flour (4 ounces).
1½ cups ground rolled oats (4 ounces).

COMBINATION SUBSTITUTE MUFFINS.

75 Per Cent Barley.
25 Per Cent Oats.
1 cup liquid.
1 tablespoon fat.
2 tablespoons sirup.
1 or 2 eggs.
4 teaspoons baking powder.
1 teaspoon salt.
2¼ cups barley flour (6 ounces).
⅔ cup ground rolled oats (2 ounces).

COMBINATION SUBSTITUTE MUFFINS.

50 Per Cent Buckwheat.
50 Per Cent Oats.
1 cup liquid.
1 tablespoon fat.
2 tablespoons sirup.
1 or 2 eggs.
4 teaspoons baking powder.
1 teaspoon salt.
¾ cup buckwheat (4 ounces).
1⅓ cups oats, ground (4 ounces).

COMBINATION SUBSTITUTE MUFFINS.

50 Per Cent Buckwheat.
50 Per Cent Corn Flour.
1 cup liquid.
1 tablespoons fat.
2 tablespoons sirup.
1 or 2 eggs.
4 teaspoons baking powder.
1 teaspoon salt.
¾ cup buckwheat (4 ounces).
1 cup corn flour (4 ounces).

COMBINATION SUBSTITUTE MUFFINS.

50 Per Cent Rice Flour.
50 Per Cent Buckwheat.
1 cup liquid.
1 tablespoon fat.
1 tablespoon sirup.
1 or 2 eggs.
4 teaspoons baking powder.
1 teaspoon salt.
⅞ cup rice flour (4 ounces)
¾ cup buckwheat (4 ounces).

COMBINATION SUBSTITUTE MUFFINS.

50 Per Cent Ground Rolled Oats.
50 Per Cent Corn Flour.
1 cup liquid.
1 tablespoon fat.
2 tablespoons sirup.
1 or 2 eggs.
4 teaspoons baking powder.
1 teaspoon salt.
1⅓ cup ground rolled oats (4 ounces).
1 cup corn flour (4 ounces).

OAT SPONGE CAKE

⅔ cup oat flour (2 2-3 ounces)
¼ cup corn flour (1 ounce).
1 cup sugar (7 ounces).
4 eggs (7 ounces).
1 tablespoon lemon juice.
¼ teaspoon salt.

BARNWARMING FOR RED CROSS BENEFIT

NEW SINGER STRUCTURE AT RHODA TO BE PROPERLY COMMISSIONED.

On Saturday evening, July 20, there will be a regular old-fashioned barn dance given at Rhoda. The affair will take place in the George Singer barn, recently completed, and which is one of the largest and most modern in that section of the county. The building is 36x80 feet so that there will be room for even the largest crowd to properly disport themselves. Refreshments will be served and the receipts given to the Red Cross. This will be the biggest event of the kind in the county this summer and people from far and wide are expected to attend.

This last move on the part of Mr. Singer again proves his interest in everything connected with the war and incidentally the Red Cross. He already has $300 worth of Liberty Bonds and $150 invested in Saving Certificates. He donated one acre of wheat to the Red Cross when the county agent called for his contribution and he has one son preparing himself for a soldier's career at Camp Grant.

SALARY RAISE FOR POSTAL EMPLOYES

CLERKS AND CARRIERS GET FLAT INCREASE OF $200 PER YEAR.

Employes at the postoffice are rejoicing over the announcement that they will receive a salary increase of $200 per year, the raise affecting also all carriers and other salaried employes receiving less than $2,200 per year at present.

The increase will apply to six clerks and the three city carriers at the postoffice here. The three rural carriers will also get a raise, it being expected that this will amount to 20 per cent and mileage over their present rate of pay. Star route carriers are under contract and the advance does not affect them.

ERIE

Henry Svarre writes from Camp Grant that he finds himself well and enjoying it, not lonesome at all among forty thousand recruits and soldiers there.

Mrs. August Roland is on her way to recovery after her recent illness.

Mr. and Mrs. O. P. Dahlen, accompanied by their son, Peter, and daughter Alice, all of Kindred, N. D., arrived Thursday by auto for a brief visit at the home of Mr. and Mrs. H. A. Dahlen in southeast Star. The elder Dahlens are the parents of H. A. Dahlen. The visiting party left Sunday for Kindred, via Grygla, where they also visited with relatives. Peter Dahlen is soon to enter the military service, having enlisted. The folks report prospects for a bumper crop in their part of the state.

John Johnson of Neptune visited relatives in eastern Star the latter part of the week.

Born to Mr. and Mrs. Knute Sunsdahl on Tuesday, June 25th, a bouncing baby boy. Mother and child are doing well and Knute wears a smile.

Thelma Howard visited at the Carl Vake home Sunday afternoon.

Mr. and Mrs. Frank Savage were business callers in Erie Wednesday.

Mr. and Mrs. Molder Lee entertained a number of their friends and relatives at their home Sunday.

Sheriff LaBree transacted business in southeast Star Tuesday.

Legal Notices

Order of Hearing of Petition of Freeholder to be Set Off.

Whereas, A petition signed by Nels Aarnes a freeholder of School District No. 41 in this county, with the approval of the County Superintendent endorsed thereon, representing that he is the owner of the following described lands situate in said District, to-wit:

Se¼ Section 34 Township 154 Range 41 School District No. 44 and asking that his said lands may be set off from said District No. 44 to said District No. 66 for the following reasons:

That the distance from my residence by nearest traveled road to school house Dist. No. 41 is 2½ miles, while the distance from my residence to school house District No. 66, is only 1¼ miles. Also it is more convenient for my children to attend school in District No. 66, being that they have attended since I moved here in March 1914, was presented to the County Board of Pennington county, Minnesota, at a session of said Board held on the 5th day of July A. D. 1918, for the action of said Board thereon.

Now, therefore, it is ordered that said petition will be heard by this Board at the session thereof commencing on the 5th day of August, A. D. 1918, at the office of the County Auditor in the City of Thief River Falls in said County.

And it is further ordered that notice of time and place of such hearing be given by giving two weeks published notice thereof, and posting a notice of such hearing in three public places in each of the School Districts to be affected by said petition and by serving upon the clerk of each of said School Districts personally a copy of said notice of hearing, at least ten days before the time appointed for such hearing.

OSCAR J. PETERSON,
Chairman County Board,
Pennington County, Minn.

Attest:
T. P. ANDERSON,
County Auditor, and
Ex-Officio Clerk of Board. J-11-18

Notice of Hearing on Petition For Formation of New District.

Whereas, A petition has been filed with the County Board of the County of Pennington with the approval of the County Superintendent of Schools of said County endorsed thereon, signed and acknowledged by a majority of the freeholders who reside in the proposed new district herein described, and who are entitled to vote at school meetings in their respective districts, and duly verified by the affidavit of one of the residents of said proposed new district, praying for the organization of a new school district out-of-the-territory hereinafter described, to-wit:

The Southeast Quarter Sec. 8, the south half of Sec. 9, 10 and 11, the Southwest Quarter of Sec. 12, the West half of Sec. 13 all of Sec. 14, 15, 16 the East half of Sec. 17 and 20, all of Sec. 21, 22 and 23, the West half of Sec. 24 the Northwest Quarter of Sec. 26, the North half of Sec. 27 and 28 and the Northeast Quarter of Sec. 29, all in Township 154 and Range 41, Pennington county, Minnesota, and the said County Board have appointed a time and place for a hearing upon said petition as by law required;

Now therefore,

NOTICE

Is hereby given, that a hearing upon said petition will be had at a meeting of the said Board, commencing upon the 5th day of August, A. D. 1918 at 3 o'clock in the afternoon of said day, at the office of the County Auditor in the City of Thief River Falls, in said County, at which time and place the said County Board will hear arguments of all persons interested, for or against the proposed organization of said new school district.

Dated at Thief River Falls, this 10th day of July, A. D. 1918.

By order of the County Board of Pennington County, Minn.

By T. P. ANDERSON,
County Auditor and
J-11-18 Ex-Officio Clerk of Board.

DELCO-LIGHT
Increases Farm Efficiency
1. Saves time and labor—Work formerly done under poor light and by hand can be done better and in less time with aid of electric light and power.
2. Labor is attracted to the farm—The "back to the farm" movement is made practical when the conveniences afforded by electric light and power can be had in the country.
3. Keeps the boys and girls on the farm—Electric service on the farm offsets city attractions. Valuable labor and valuable young manhood and womanhood are saved to the country community.
4. Solves the retired farmer problem—Electric light and power make the farm home so attractive and comfortable that the farmer and his wife remain on the farm where their advice, experience, and immediate interests are of great practical value.
5. Lightens burden of the housewife—Increased farm work in war times means increased labor for the housewife. Electricity offers the only practical means of taking the drudgery of household tasks from her shoulders.
Delco-Light is a compact electric plant for farms or country homes. Self-cranking. Air-cooled. Thick plate, long-lived battery. Ball bearings. No belts.

ALL MUST HELP HARVEST CROPS

MATTER OF ENLISTING CITY DWELLERS TAKEN UP IN EARNEST.

SEASON IS NOW UPON US

FARMERS WILL MANAGE HAY CROP BUT MUST HAVE HELP WITH GRAIN.

That the Thief River Valley will be blessed with one of the largest crops in its history is practically assured and it now becomes the patriotic duty of every man, woman and child, if necessary, to do his or her part in seeing that not a grain of wheat or other product is lost. Every other line of business or endeavor must be a secondary consideration and, if necessary, be closed rather than to lose to the farmers, to the county, to the nation and to the boys fighting in France, one kernel of grain from lack of farm labor.

Every Man Needed.

Under the direction of Charles A. Pitkin, Pennington county representative of the Public Safety Commission, all persons in the county will be requested to enlist in performing some task in helping to save the crop and it is expected that each one will respond to this call as they have in the past. It is especially hoped that all retired farmers living in this community who can possibly assist in harvesting this year's crop, look up either the ward chairman or G. Howard Smith and sign the enlistment blank.

Chairmen Are Named.

Mr. Smith has been named chairman for the city of Thief River Falls; K. O. Gigstad for St. Hilaire; T. H. Smith for Mavie; Nick Bundlund for Goodridge and Paul Borgie for Hazel. Chairman Smith has named the following as ward chairmen in the city: First ward, Wilhelm Michelet; Second ward, Martin Benson; Third ward, P. O. Myhrum; Fourth ward, John Morgan. These men will have charge of securing farm labor pledges and volunteers to take the place of business men and clerks who have done farm work before and who enlist to go on the farm.

Have Enough Hay Makers.

Ross P. White, county agent, has charge of the application for help, and farmers are requested to put in their requests for farm labor as early as possible.

Mr. White estimates that haying and threshing will not present a serious problem, but if the grain ripens rapidly harvest will create a demand for farm labor that can only be met by a sacrifice on the part of every business man in Pennington county.

Many Have Experience.

Very often the farmers scoff at the idea of the men from the city assisting in saving their crops, but it must be remembered that the majority of the business men, office people and clerks in Pennington county have had experience on the farm and that on various occasions they have saved crops in Kansas as well as in Canada, England and France. Even the women and children have saved the crops and what they can do, men should certainly be able to accomplish.

Large City Concerns Help.

The wholesale houses, jobbers, department stores, and every line of business in the larger cities have offered their own time and that of such among their help who have had farm experience, to engage in saving the crops. Realizing that the business men and clerks in the smaller towns are better adapted by experience for farm work, they have agreed to replace any clerk who enlists for farm work with their own employes.

Are All Classified.

The program for Pennington county will be to follow the lines of least resistance, all persons having done farm work before and who are able to get away without injury to their own business will be placed in Class one and called on first.

All those who have done farm work and can be replaced by others who have not done farm work will be placed in Class two, and they will be called on when Class one is exhausted.

All persons who can adapt themselves to farm work readily will be placed in Class three.

All persons who will serve if required by emergency will be placed in Class four.

All persons who will take the place of a clerk or other person doing farm work will be placed in Class five.

Asked to Volunteer.

It is hoped that every person in the county will go to the party in charge of his town or ward and volunteer and not require the chairmen and ward managers to call on them. It is also hoped that every man, woman and child in Pennington county will offer themselves and do his or her part in seeing that every bit of farm produce is saved.

Sign Up For Service.

On another page of this week's issue of The Times will be found two coupons to be signed by those who wish to enlist in this great movement for saving the crops. One is for those having previous experience in work of this nature who are willing to personally go out and take their place in the harvest fields. The other is to be used by men who for any reason are not available as field laborers but can take the place of one who is thus equipped in whatever line of work the latter may be engaged. Cut these coupons out and mail or hand them to G. Howard Smith, local labor agent, Citizens' Bank building, Thief River Falls.

GET A FAIR BANNER.

Secretary Tarrant of the Pennington County Fair association, has received a number of banners advertising the big event and urges every auto owner in the county to get one and fasten it to his car. The fair this year is going to be bigger and better than ever and everyone should be anxious to help get it properly advertised. Get your banner from the judge and see that no car leaves town even for a short distance without having one attached.

NO CHANGE LIKELY IN DEPOT SITUATION

SAVING IN RUNNING EXPENSE WOULD NOT WARRANT ABANDONMENT OF ONE.

There is but slight likelihood of the Soo depot in this city being made the terminal for the Great Northern road also. The saving to be effected by such move would not be sufficient to warrant the cost of making the transfer, at least not for a long time to come. This is understood to have been the conclusion arrived at by officials of the two roads who were in conference here this week.

T. E. Cannon, general master mechanic; J. R. Miller, superintendent of the Northern division and John Laughlin, general road master, were Great Northern officials in the city looking over the situation. Soo railroad interests were looked after by Superintendent W. A. Barnard of the Winnipeg division, and the matter was pretty thoroughly gone into.

Change Inadvisable.

Elimination of depot crews is only recommended by the federal commission where the change can be made at a low cost and where there will result a direct and considerable saving in either time or expense. It is understood that no such condition was found at Thief River Falls. In order to have the Great Northern trains run in to the Soo depot it would be necessary to cover an additional distance of at least four miles on every trip because of the necessity for backing in from the wye and returning again. It would be necessary to maintain substantially the same depot crews as are now employed by the roads and the expense of operation would therefore be but little reduced.

It is understood the report will be that the plan is neither practical nor safe.

MEN WANTED FOR SPECIAL SERVICE

ONE THOUSAND TO BE SENT TO UNIVERSITY OF MINNESOTA THIS MONTH.

Fifteen states were called on by Provost Marshal General Crowder on Tuesday for 7,000 draft registrants fit for general military service to be sent to schools for special training. The movement will be between August 1 and 15.

The registrants may be voluntarily inducted for this service until July 22. A special call has been issued for 399 drafted men qualified as cooks to move August 1, and to be accepted as volunteers until July 23.

The allotment for school calls for Minnesota includes 422 to the University of Minnesota and 515 to the University of Minnesota agricultural college.

For Limited Service.

A special call for 200 limited service Minnesota registrants to serve with guard and fire companies at points of embarkation was received by Adjutant General Rhinow today. These men are to be entrained in the five day period beginning July 29 for Syracuse, N. Y.

Were Not To Blame.

Secretary N. W. Tarrant of the fair association, has had the top of his head nearly taken off on a number of occasions during the past week by persons who blamed him for something he could by no means help. Last week when the circus was here the management absolutely refused to allow any automobiles to be parked on the fair grounds. The circus people had paid their rent for the premises and had a perfect right to prevent autos from entering if they so determined, but quite a number of people seem to think that the fair board made the ruling and have been rather caustic in their comments anent the subject. Judge Tarrant was absolutely helpless in the matter. The circus people had the full say of the premises while they were in the city and it would seem as if this should have been understood.

GREAT RESULTS ON PEAT AREAS

EXPERIMENTS IN GOLDEN VALLEY TOWNSHIP PROVE LAND MAY BE RECLAIMED.

FINEST OF HAY AND GRAIN

THESE CROPS BETTER THAN THOSE ON LOAM OF SURROUNDING FIELDS.

That the vast peat areas of this section will at no very distant day be converted into the most valuable and productive farms in the state is a strong possibility. Experiments carried on by the University of Minnesota on the *Berg* farm in Golden Valley township of Marshall county prove that with proper treatment this class of soil can be made to bear crops that will put those in the shade raised on what is now considered the more favored soils.

A Remarkable Showing.

A delegation composed of Daniel Shaw, Robert McGinn, A. L. Lampert and The Times editor autoed out to the Dahl place on Saturday afternoon for the purpose of finding out just what had been accomplished on these lands under the state's supervision. What they found astounded them.

More Than 300 Plots.

The Golden Valley station is one of three authorized by the last legislature. If the others are showing the results of intelligent administration in the same degree as the one in the Thief River Falls territory, the investment will prove one of the best ever made by the state.

There are more than 300 small plots in the experimental area, these being divided into series receiving different forms of treatment.

New System Employed.

Instead of giving one entire plot a certain kind of treatment the superintendent has employed different systems on the same plot. For perhaps 20 feet of the distance from the lower end the crop has been placed in the peat practically as it was turned over by the plow. Following this for a similar distance exactly the same crop has been put in after the peat had been given a heavy coating of barnyard manure. Still further along phosphate had been used alone, while on the last strip phosphate and manure had been combined. This permits of results being very accurately gauged.

Phosphate Alone Best.

Neither the grains, grasses nor vegetables are doing well on the peat alone. Manure helps to a very great extent, but the best results were obtained where phosphate alone was used. Here the grain is so heavy that it is lodging in many places, barley seeming to thrive particularly well. The hay was easily the finest seen on the entire trip, although some very good timothy was noted on peat lands which had never received any attention whatever.

Grain is Wonderful.

On the entire Dahl farm the grain stand is wonderful. The wheat, oats, barley and rye seem to be doing about equally well. Mr. Dahl has resided on the place for many years and has made a study of peat. He has done an immense amount of burning, thus providing an excellent fertilizer in the shape of ashes, and has carried on experiments on his own hook in a highly intelligent manner. The results are such as to hold forth the greatest encouragement to owners of lands of this character.

A full report of the result of this experiment will be published by Prof. Alway later in the season and it is safe to say that no document ever issued by the state will be received with greater interest in sections where peat forms any considerable part of the soil formation.

SCHOOL BOARD IS PRAISED BY M'GEE

FUEL ADMINISTRATOR PLEASED AT SPIRIT OF CO-OPERATION DISPLAYED.

The school board of District No. 18 is on the preferred list in the office of State Fuel Administrator J. F. McGee. In a letter received from him this week by Daniel Shaw of the county fuel board, the judge says: "I am glad to know that the school board of Thief River Falls has on hand, or contracted for, 652 cords of wood. In the present distressing fuel situation in the country such cooperation is worth while."

Judge McGee further stated that Hazel is the one town in the county to which no coal will be permitted to be shipped except upon a specific order from his office.

Must Buy At Home.

Anyone who is figuring on stealing a march on the fuel administration by going to another town for his fuel is doomed to disappointment. Judge McGee says that the amount to be shipped to each locality will not be equal to that received last winter, but just what the percentage will be he is unable at this time to state. For this reason the orders are that everyone must buy their supplies in their home town. "This coal should be sold only to consumers whose usual source of supply is that town," says the administrator. "Any other course would permit consumers to go from one town to another, getting as much as possible at each place and thereby nullifying the fuel regulations designed to fix the quantity of coal that each consumer shall receive. Whatever the supply determined upon for a given town happens to be, that amount will go there and it behooves all the dealers in that town to see that the consumers whose actual source of supply has been that town shall get all their coal, because no more will be shipped into the community. If coal is sold in violation of this order and goes elsewhere than to consumers whose source of supply is that town, it will not under any circumstances be replaced."

FORMER FRIEND OF KAISER WILL BE HEARD HERE

FRITZ OSTEN-SACKEN TO SPEAK AT AUDITORIUM ON TUESDAY EVENING.

NOW STERLING AMERICAN WITH FOUR SONS IN ARMIES OF ALLIES.

On Tuesday evening the people of this section of the state will be given an opportunity to hear something of the aims and ambitions of the kaiser and the German government from the lips of a man who was born in Germany and himself reared in the atmosphere of junkerdom. He is Hon. Fritz Osten-Sacken, former nobleman of the German empire, member of the Bundesrath and close personal friend of the kaiser. Mr. Osten-Sacken has been a resident of the United States for a number of years and is at present connected with the diplomatic branch of our government being assigned to the department headed by George Creel, director of publicity.

Is Thorough Democrat.

Mr. Osten-Sacken was banished from Germany because of his belief in an advocacy of popular government. A scion of one of the oldest houses in that country, he took his family and left for the land where a man is not persecuted because of his opinions. So intense did his dislike of German methods, intrigue and ambitions become that he forever foreswore all connection with their authors and determined to devote his talents and his life, if need be, to the end that the German system be prevented from expanding and also that his own countrymen might see the light and free themselves from the yoke that is keeping them under the heel of a military despotism. Four sons of this expatriated nobleman share his views and are today fighting in the armies of the allies against their former masters.

Began at the Bottom.

Mr. Osten-Sacken was personally present at the interview between the kaiser and Ambassador Girard when the latter was informed by the German overlord that he would stand no nonsense from America, he being at that time a member of the imperial staff. He came to this country and is proud of having begun his career here at the bottom of the ladder and blesses the day he made the change from the splendor of the German court to accepting a position at one of the most menial occupations on this side. When the war broke out he offered his services and those of his sons to his adopted country, and being a man of more than ordinary ability and experience his offer was accepted without delay.

A Wonderful Speaker.

No man appearing on an American platform since the outbreak of the war has succeeded in so impressing his hearers. This former German knows first hand what he is talking about and wherever he has appeared he has been greeted with unbounded enthusiasm. A speaker of rare charm, he presents facts for his hearers to consider—facts that cannot be denied by anyone because the speaker is in a position to prove every statement he makes. His appearance here at this time is due to the efforts of the newly organized Civilian Recruiting committees, and the members of these bodies are to be congratulated on their ability to secure a man so much sought after.

Others Will Be Here.

Major Yost, recruiting officer for the state of Minnesota is expected to be present and will deliver a short address. Sergt. F. Morkowski of the state recruiting headquarters, will certainly be on hand, while Private Leon Brown, who is at present recuperating at Bemidji, has been invited over to tell of his experiences on the fighting line.

Big Crowd Expected.

Notice of the event has been sent far and wide and it is expected that hundreds will come from neighboring towns to attend this meeting, the biggest patriotic gathering thus far scheduled in northern Minnesota. Admission is free and out-of-town visitors will be given the preference in the matter of seats.

POTATO MEN MAY BUY WAREHOUSE

TWO AVAILABLE SITES ARE BEING CONSIDERED BY COMMITTEES.

PLANT GREATER ACREAGE

OUTLOOK FOR CROP THE PRESENT SEASON CONSIDERED PARTICULARLY GOOD.

The Pennington County Potato Growers' association held a very interesting meeting in the farm bureau office, Saturday afternoon, at which time seven of the men who made the trip into Clay county to look over potato warehouses *made a report of* the trip and outlined what they thought should be some of the leading features in the upbuilding of the potato industry in this county.

Two Buildings Considered.

The question of building a potato warehouse was discussed. The proposition for the purchase of the Prichard warehouse on the Soo railway tracks was considered and the proposition placed in the hands of a committee for investigation.

A marketing committee consisting of Paul Engelstad, Hans Anton and A. E. Anderson was appointed. This committee will also atttend the annual meeting of the Farmers' Elevator company to present a warehouse proposition to that organization.

Will Plant More Spuds.

All present declared their intention of increasing the potato acreage next season. The standardization of varities and seed certification was recommended and encouraged.

The outlook for a potato crop is good and most of the growers realize the value to the following crop of growing a larger acreage of potatoes.

An invitation to join was extended to those present who were not already members of the association and ten new members were taken in.

NO AUTO SERVICE NIGHTS OR SUNDAY

GARAGE MEN IN CITY WILL COMPLY WITH REQUEST OF GOVERNMENT.

People expecting to take an auto trip on Sundays hereafter had better see to it that they are supplied with gasoline and other necessities before the time for starting arrives. The garage men of the city have all agreed not to transact any business on Sundays, this applying also to the sale of auto parts and making repairs. This is not an arbitrary act on their part but is done in order to comply with the government's request, as explained in the joint advertisement inserted by them in this issue of The Times.

Hereafter garages will be open until 10 o'clock on Saturday night only, closing at six on every other night of the week. On Sunday the storage room will be open from 7 to 9 in the morning and from 9 to 12 in the evening in order to accommodate those who have their cars stored. In case a rain storm comes up during the day or in the evening an attempt will be made to have someone on hand to permit of returning cars being housed.

It is figured that by following this plan all over the country a large number of automobile mechanics will be released for enlistment in the army where they are badly needed.

THOUSANDS ATTEND NORSEMEN'S PICNIC

GATHERING AT MAPLE LAKE ON SUNDAY WAS MOST ENJOYABLE.

With the day an ideal one from the morning on, over 100 members of the Snore lodge of Thief River Falls autoed to Maple Lake to attend the annual picnic of the Sons and Daughters of Norway.

Thousands of picnickers from Crookston, Fertile, Warren, Eldred, McIntosh and other cities of the Red River Valley gathered at the grounds in the morning, to take part in the outing. All during the forenoon they spent the time fishing, rowing, boating, and bathing, and at 2:30 the program was carried out, under the direction of A. G. Sorlie of Grand Forks.

After patriotic songs by the Liberty Male Quartet of McIntosh and choral selections by the union chorus of the Red River Valley choruses, H. H. Aaker of Grand Forks made the speech of the day.

Mr. Aaker spoke of the Norsemen, who, refusing to become subjects of King Harold Haarfager, were deported to English Isles, France and southern Europe. He told of the effect these people must have had on the later revolutions in England and France. He spoke of the connection this had to the settling of America, and the consequent uprisings in France and Spain. He dwelt on the importance of the meaning of the day, July 14, comparing it to July fourth in this nation. In concluding, he mentioned the wars in which the Americans as a nation had fought and won, showing that the people of America must win the present conflict.

AN IMPORTANT ARRIVAL.

Richard Harold Ross, Junior, arrived in the city on Monday over the Stork route and is for the present domiciled with his mother at the Physicians hospital. This is the first event of the kind occuring in the immediate household of the manager of The Times and considerable importance attaches to the baby. Mrs. Ross is getting along splendidly and it is thought that with careful handling the father will also be able to get his mind back into the uninteresting channels of business details in a day or two.

Late War News

Thursday, 9 a. m. (Special)—German offensive weakens. Americans improve lines by numerous counter attacks. Air fighting is intense and the American aviators have brought down a large number of enemy planes. Situation highly satisfactory to allied commanders.

Quentin Roosevelt Killed.

Lieutenant Quentin Roosevelt, the youngest son of Colonel Roosevelt, who has been attached to the American line forces on the Marne front, was killed at Chateau Thierry on July 14, says a dispatch to Paris from the Exchange Telegraph company.

Lieutenant Roosevelt, the dispatch says, was returning from a patrol flight when he was attacked by a German squadron. It was seen that Roosevelt suddenly lost control of his machine, having probably received a mortal wound.

The German offensive is in its third day and according to the view of entente observers it has no longer the character of a general attack, reports the Associated Press. It already, they declare, has worked itself into a series of comparatively local operations.

The success of at least one of these operations would amount to a considerable achievement for the Germans, however much it might fall short of its original design. What the German high command intended the offensive to be can not be surmised. It is apparent the offensive encountered a defense that was sufficiently stubborn to prevent immediate achievement of the most important objectives and the Germans pursued their usual tactics of making the most of local successes at various points along the front.

Thus the offensive now appears largely to take on the aspect of a turning movement against the Rheims salient.

Reports from the battle field show that the Germans during the night made progress in two sectors on the front of the Marne attacking positions on the heights commanding the river crossing taken by the French in the counter offensive on Tuesday.

Praising Americans.

LONDON—Brilliant contributions of American troops to the allied defense at Fossoy figure conspicuously in the battle reports under big heads and is made the subject of special mention in the editorial columns of the morning newspapers.

(Additional War News on Page 8.)

THRESHING COST NOT YET FIXED

COMMITTEE WILL REPORT ON THIS MATTER IN THREE WEEKS.

A. D. WILSON IS PRESENT

EXPLAINS TO THRESHERMEN JUST WHAT GOVERNMENT EXPECTS OF THEM.

The threshermen of Pennington county held an interesting meeting in the Commercial club rooms last Tuesday afternoon. G. Howard Smith, secretary of the club and chairman of the campaign for securing local labor for harvest and threshing, explained a plan to be used in this county for getting in touch with the necessary labor, a full account of which appears elsewhere in this issue.

Food Administrator Here.

State Food Administrator A. D. Wilson was the principal speaker of the afternoon. He explained to the threshermen what the government expected of them this fall and emphasized very strongly the need of securing all necessary repairs at an early date. Having the machines in first class running condition is important, he said, in order that they may do as good a job of threshing as possible. Many other points relative to the operation of a machine such as overtaxing, speeding, leveling, etc., were discussed.

Must Report Monthly.

The matter of government reports to be made monthly by each thresherman was explained thoroughly. These reports consist of a statement giving the names of all parties for whom threshing has been done, the number of acres, and total yield of each crop. A monthly report is to be made on wheat and a final report on all other grains to be made at the close of the threshing season. These reports are to be sent in to the county agent, where a county summary will be made and forwarded to Washington.

Price Question Later.

In regard to a uniform price for threshing it was decided that the question should not be settled for at least three weeks. Accordingly a committee consisting of one thresherman from each township was selected and the county agent was instructed to choose one farmer from each township to meet with the threshermen in the Commercial club rooms on Tuesday, August 6th, at 9 o'clock. This date was chosen because it was thought that most of the men would be attending the county fair on that date. The committee chosen by the threshermen was as follows: Bray, Stromberg Brothers, St. Hilaire; Black River, Emil Erickson, St. Hilaire; Cloverleaf, Ed. Kotlan, Mavie; Deer Park, No machine; Goodridge, C. N. Urdahl, Goodridge; Hickory, Carl Clemmentson, Rudell; Highlanding, George Baird, Erie; Kratka, Max Ghertz, Kratka; Mayfield, Clove & Ravic, Hazel; North, Iver Aasby, Thief River Falls; Norden, L. Savig, Thief River Falls; Numedal, Albert Forslund, Thief River Falls; Reiner, Tollefson & Peterson, Goodridge; River Falls, H. L. Hanson, St. Hilaire; Rocksbury, Tom Lien, Thief River Falls; Polk Center, C. R. Melin, Wylie; Sanders, Swanson Brothers, St. Hilaire; Silverton, John Baner, Thief River Falls; Smiley, W. E. Wood, Thief River Falls; Star, No machine; Wyandotte, Eli Peterson, Hazel.

All Subscriptions Must Be Paid in Advance

On July 1st postage rates on all newspapers in the United States were increased by act of congress. Prices of paper have again increased, as well as wages, and every item of expense that enters into the production of a newspaper.

The Government Requests

that all waste of paper be eliminated as far as possible and that papers be sent only to subscribers who have paid for them.

We Are Going to Comply With This Request

and on August 15th every paper that is not paid for in advance will be stopped. This rule will be enforced without favor to anyone. If your paper is not paid in advance by August 15th it will be stopped. We still have a few of the big WAR MAPS left and they will be given away to those paying their subscription in advance as long as they last.

NEW STALLS FOR CATTLE AT FAIR

LARGER DISPLAY OF LIVE STOCK MAKES MORE ROOM A NECESSITY.

IMPROVED POULTRY COOPS

THIS DEPARTMENT OF FAIR TO BE ACCORDED SPECIAL RECOGNITION.

Present provisions for the display of live stock at the Pennington county fair grounds are inadequate and will be enlarged by the addition of 70 new stalls. In spite of the fact that one entire side of the grounds is practically taken up with cattle pens it is realized that the stock and dairy industry in the county has reached such proportions that a special effort will have to be made if all the exhibits pertaining to these pursuits are to be properly accommodated. The directors at their meeting last week decided to begin work on the new quarters at once in order that they may be completed in time for the big show.

McKerrow Will be Judge.

The stock judging will this year be done by W. A. McKerrow of the state agricultural college, one of the best known cattle men in the west. The stock will in all probability be judged on the second day of the fair as all the exhibits will then be in place, it having been decided to receive entries up until noon of Monday.

C. E. Brown of Crookston, will be the poultry judge. Mr. Brown has officiated in this capacity at numerous fairs in Minnesota and is one of the most competent men in the business.

New Poultry Coops.

People who this year bring in feathered stock for exhibition may feel assured that it will receive the best of care. It has been decided to build 100 new coops in accordance with the most approved designs, thus making the entire exhibit uniform. Considerable interest attaches to this division. The Pennington County Poultry association is a very much alive and energetic organization and the members have been steadily improving their flocks. During the past three years this particular industry has been given a tremendous boost everywhere by reason of poultry having taken the place to a large extent of beef, pork and mutton, and the business is now one of the most profitable in which farmers can engage as a sideline.

Two Racing Days.

Horse racing will not be particularly featured at the coming fair. This is due to the difficulty and expense connected with the transportation of horses at the present time. Purses totalling about $800 have been hung up for races on Tuesday and Wednesday, however, and it is likely that some good animals will be entered.

On Tuesday there will be two races—the 2:30 trot or pace, and the free-for-all. Prices aggregating $200 are provided for the winners in the first-named event, while $250 will be distributed in the latter. A prize of $75 will also be awarded for untrained horses in the Pennington county trot or pace event.

Dr. G. A. Penney will officiate as starter in all horse races and Roy Lambert will act as clerk.

Automobile Race Also.

On Wednesday there will be a race of running horses in which the prize totals $100. A like amount has been set aside for the winners of the five mile automobile race, while $50 will be awarded in the 10 mile motorcycle race. This latter event is always one of the most interesting of the entire program.

Good Music Furnished.

The directors have not yet decided upon the best means of providing the music which is a necessary adjunct to any successful fair. It is probable, however, that besides the Thief River Falls band there will also be on hand the Silverton band, at least on one of the fair days.

RURAL GRADUATES RECEIVE DIPLOMAS

FIRST EVENT OF KIND IN COUNTY WELL ATTENDED AND INTERESTING.

There was a fair crowd present at the commencement exercises held by the graduates of the rural schools of the county at the auditorium of the Lincoln high school last Saturday afternoon. The program throughout was well rendered, the commencement address delivered by Supt. J. H. Hay of the city schools, being particularly noteworthy. It was the first event of the kind for Pennington county and a large percentage of those present were from the rural districts. There were 28 graduates instead of 27 as stated in The Times last week, the name of Miss Nina Erickson from District No. 133, where A. A. Brevik is teacher, having been omitted.

Following is a list of those to whom County Superintendent E. A. Mostue presented diplomas: Constance Nelson, Niel Wood, Sylvia Denhart, Luella Gilland, Ingeborg Barstad, Augusta Beiswinger, Elmer Johnson, Edwin Haug, Lena Kaushagen, Clara Orzechowski, Jennie Skaar, Olga Svensgaard, Oscar Lundeen, Gladys O. Maland, Olga T. Lokken, Edith Shosten, Johanna Wedul, Effie Jorngdal, Rachael Ethel Baker, Ray Wilmot Knudson, Nora Lindquist, Gerald H. Stephens, Nina Erickson, Clara J. Berg, Clara M. Moe, Hulda Torstvelt, Julius C. Liden, Esther R. Kellberg.

Must Wear-Out Shoes.

When next you meet a man whose shoes are all patches, do not at once jump at the conclusion that he has suddenly lost his money or that he has invested so heavily in Whr Stamps that there is nothing left for footwear. He will only be following out the government's orders." The leather-saving campaign is on in earnest and no shoes will be purchased while the old ones can be made to answer. In this campaign the manufacturer and dealer will assist in seeing that the order is obeyed. The former have already pledged themselves not to sell to retailers until these have filed a pledge agreeing to urge customers to purchase only such shoes as may be necessary for actual service, to use shoes as long as practicable, to have them repaired when necessary, and not to discard them for new shoes as long as they can be used. It is necessary to impress upon the whole civilian population the necessity for conserving the materials used in the manufacture of footwear.

WILL SPEAK HERE FOR STATE LEAGUE

REV. DAVID OSTLUND TO HOLD TWO MEETINGS IN CITY ON SUNDAY.

One of the most widely-known and effective temperance speakers in the state will deliver two addresses in Thief River Falls next Sunday. He is Rev. David Ostlund and has been engaged in temperance work in some of the most notable campaigns in this country. He will speak at the Swedish Mission church in the afternoon and at the Norwegian Free church in the evening. Rev. Ostlund is superintendent of Scandinavian temperance work in Minnesota and appears in behalf of the dry amendment to the constitution which will be submitted to the voters at the next general election.

REV. DAVID OSLUND

The Big Social.

There is perhaps more general interest in the big Red Cross benefit to be given in connection with the opening of the big new barn on the George Singer place at Rhoda next Saturday than has been displayed in any similar event in the county. It has been decided to add a basket social to the other activities of the evening and the ladies are urged to bring baskets containing sufficient provender for two.

All the proceeds are to go to the Red Cross and indications are that these will be substantial. Mr. Singer has fixed the premises up in fine shape for the dance and those attending are certain to have the time of their lives.

OVER $2,000,000 IN COUNTY BANKS

DEPOSITS SHOW FINANCIAL CONDITION OF OUR PEOPLE IS SATISFACTORY.

MONTHLY INCREASE $20000

BOND AND STAMP PURCHASES ARE EVIDENTLY MET FROM CURRENT SAVINGS.

The statements of condition published last week show that the banks of Pennington county are increasing their deposits in spite of the fact that the opposite would naturally be expected to be the case at this time of year. Just before harvest no farming community is particularly flush with cash and bank patrons are more often borrowers than depositors, but the reports show that money in the banks has increased at a very satisfactory rate during the past three months.

Total Over $2,000,000.

The ten banks in the county have on deposit a total of $2,179,656.16, of which $1,708,363.79 is held by the four Thief River Falls banks. These last institutions reported $1,650,526.24 at the time of the April call, showing an increase for something less than three months of $57,837.55.

Farmers are Prosperous.

Outside the city the same condition is noted. The two banks at St. Hilaire have on deposit $278,631.75, while those at Goodridge report a total of $162,957.57. The Hazel and Mavie institutions also both show increases over their previous statements.

The Showing is Unusual.

That there should be an increase in the deposits of the city banks is not surprising, as business in general is very good. But even here it has been thought that the drain naturally caused by investments in Liberty Bonds and War Savings issues would have the effect of cutting down the amount held by the banks. Such is not the case, however, and the figures go to prove that our people are meeting the extraordinary demands out of current savings. This is exactly what is hoped for by the government as it leaves the usual amount of capital available for the conducting of general business and places banks in a position to meet the demands of their customers without difficulty. From present indications we shall be in excellent shape to meet all requirements incident to a particularly heavy crop and a busy harvest season.

PHONE VALUATION IN COUNTY BEGUN

DETAILED INVENTORY OF ALL TRI-STATE PROPERTY NOW UNDER WAY.

Field work on the state telephone valuation was begun this week in Pennington county when a crew headed by Charles E. Hoy of Minneapolis, as chief, started to make a detailed inventory of all the property of the Tri-State Telephone & Telegraph company devoted to the long distance or toll service. The task of appraising the value of the toll lines in Minnesota was imposed upon the State Railroad and Warehouse Commission by the state legislature, and the commission entrusted the actual work to D. F. Jurgensen, its chief engineer.

He has about 10,000 miles of toll pole lines extending to every corner of the state to enter upon his reports and as these must include a record of the condition of every unit entering into telephone construction and that to the minutest detail, the task is an exacting one. If a sufficient number of capable men will be available this season, it is expected that the outside work will be done this year.

The notes now being taken will not only give the commission a complete record of the telephone property in this state, but the data will also form a basis in determining the reasonableness of the long distance or toll rates prevailing in Minnesota, which have been subject to some criticism.

The inventory of the toll line properties of the Northwestern Telephone Exchange company will be done a little later in the year.

For Thief River Falls People.

Simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, the appendicitis preventative, drains so much foul matter from the body that ONE SPOONFUL relieves sour stomach, gas and constipation AT ONCE. The QUICK action is astonishing. F. J. Stebbins, druggist.

LAST BILL WAS FOR SETTLERS' RELIEF

CONGRESSMAN STEENERSON GETS THROUGH MEASURE LEGALIZING ENTRIES.

On motion of Congressman Steenerson the house of representatives on Monday passed under suspension of the rules the bill to validate certain public land entries which legalizes the homestead entry of Olaf Gustafson and thirteen other settlers in the vicinity of Thief River Falls and Gonvick. The bill has already passed the senate. It was the last bill acted on in the house before recess adjournment.

STEENERSON LEAD 3,740 IN DISTRICT

CARRIES RAILROAD TOWN AND SOME FARMING DISTRICTS GO BACK ON HIM.

Halvor Steenerson defeated his opponent, Frank M. Barton by 3,740 votes in the primaries on the 17th of June, according to the official count, which is just announced. In commenting on the matter the Warroad Pioneer, edited by Martin Widsten, who was the manager of the Steenerson campaign, says:

"It was a most peculiar election in that the farmers, who have always given a majority for Steenerson, voted for Barton, the railroad engineer, while the main railroad town in the district, Dilworth, in Clay county, consisting exclusively of railroad workers, gave a considerable majority for Steenerson. Past political affiliations also were ignored, and the two counties that gave Steenerson the heaviest majorities two years ago, Pennington and Roseau, returned a majority for his opponent.

"The total vote cast was 36,016. At the general election two years ago the total vote in the district was 31,489, of which about 22,000 was republican."

Steenerson carried eight of the thirteen counties in the district, as is shown by the following table:

County.	Steenerson.	Barton.
Becker	1,834	1,522
Clay	1,872	1,159
Clearwater	593	579
Kittson	1,074	705
Mahnomen	341	481
Marshall	1,759	1,530
Norman	1,289	1,226
Otter Tail	4,214	3,195
Pennington	886	1,169
Polk	3,747	2,358
Red Lake	597	629
Roseau	841	1,108
Wilkin	831	492
Totals	19,878	16,138

No Rust in Wheat.

Almost total absence of wheat rust discovered by the northwest farms lend a most encouraging aspect to this season's crop outlook, according to Dean Edward M. Freeman of the College of Agriculture, University of Minnesota. Indication of presence of rust are practically negligible, he says, and this one fact alone has given the farmers cause for optimism. The barberry is not serious at this time, according to reports received at the farm school.

Andrew Boss, of the farm school, declared that rain in any amount would be beneficial at this time. The rain in Montana, he said, comes a little late to do much for the wheat crop, but in corn and potato sections it must have helped greatly.

The Automobile Business On a War Basis

The Government is in urgent need of mechanics, helpers, automobile men, office help, and asks our united support; we give it gladly, with your indulgence.

You can help by releasing these men from unnecessary work, by self-sacrifice, by making your own tire changes and minor adjustments, by keeping your extra tires and tubes in repair; having your tools, pump and equipment intact before starting out; by preparedness to meet any emergency without calling for assistance; by conserving GAS, OIL and GREASE wherever possible.

On request of the WAR ECONOMY BOARD of the COUNCIL of NATIONAL DEFENSE the following wartime policy will be strictly enforced and adhered to:

EFFECTIVE JULY 15, 1918

1. We will discontinue ALL unnecessary and free service, inspections and minor adjustments that any one can personally make.

2. Our salesroom, stockroom, repair shop, battery department and all other departments will be CLOSED after 6 P. M. daily and all day Sundays and holidays.

3. In order to eliminate unnecessary office work the government asks that all business be conducted as economically and efficiently as possible.

DO YOUR PART—help us obey this urgent call of the government; conserve wherever possible; do as much work as you can yourself, ask for credit only in cases of absolute necessity, and pay your bills promptly.

Garages will be open for storage from 7 to 9 Sunday morning and 9 to 12 Sunday night. In case of bad weather someone will be in charge at other times during the day.

Letters from the BOYS

[illegible]AVING GOOD TIME BUT HOME IS BEST

SERGT. KARWAND TRANSFERRED TO GARDEN CITY—GOES OVER SOON.

In writing to request that The Times be sent to his new address, Sergt. E. C. Karwand, who has been at Pittsburg university, states that the remainder of the bunch of 14 who left from here for that institution have all been scattered, most of them having been called into active service.

"I do not expect to be at the new address very long," he writes, "but I sure want the home news while here. 'East is east and west is west,' you know, and I sure have a warm spot in my heart for my home town —the best place on earth, absolutely.

"Not doing much of anything here just at present. Most of our Minnesota boys are crossing the pond and [illegible] are doing work at the headquarters office, awaiting our turn. It is very pretty here at Long Island and the climate and everything is very agreeable. I go down to Rockaway beach once in a while for a salt water swim and roll about in the sand. It's quite a bit of sport, but the sharks make us hit for shore occasionally. It wouldn't be profitable to let the sharks eat us if we are to get any Huns.

"Presume things are very quiet in the home town just now but with the prospects of a good crop I imagine they will be humming this fall. Wish I could take in some of the Elks' parties again and be with the bunch, but at that we have a number of real fellows in the regulars who make things pretty lively where they are.

"Max Goldsmith is about the only home boy still here out of our bunch and it is not his fault as he is sure anxious to get over, believe me.

"Well, here's 'ho' and best wishes to all my friends. We will all be with you again soon."

Complete address: Sergt. E. C. Karwand, Av. Field, 2nd Replacement Battalion, Garden City, L. I. New York.

WANTS TO GO OVER; MUST STAY BEHIND

ONE SOLDIER WHO CONSIDERS REMAINING ON THIS SIDE A HARDSHIP.

The Times has yet to hear of one single soldier from Thief River Falls who is not anxious to get over on the other side and into the real war game as soon as possible. They may all be well enough satisfied with camp life, but that this is far from the goal of their ambitions is certain. Ralph Werner, who was among the early recruits, si still at Fort Riley, much against his will. He is attached to the officers' training camp and writes to assure his old neighbors that his remaining over here when so many of the others have been selected for overseas duty is no fault of his. He says:

"Received a copy of The Times the other day and was certainly glad to get some news of the old town once more. I have been in the army 11 months now but have never had a chance to go 'over there.' They have kept me on special duty all of the time. Tried time and time again to get off, but somebody has to do the work in camp also, and in the army it is not what you want but what you get that goes. Of course, I am not grumbling, but I just wanted to say that I am not staying here because of any physical disability or because I have a yellow streak.

"We have the very best of food all the time, and plenty of it. The officers are very kind and considerate about everything except leaves of absence. This, however, is because the fellows who are lucky enough to get one usually abuse the privilege by returning late.

"On the 15th of January we had about 150 regulars in our company, but since that time we have been split up, several going to organize new companies and others being taken to fill overseas detachments, so that now we have only about a dozen regulars, the remaining being National Army men.

"They shipped out two companies the other day and one of them received a lieutenant and ten non-coms from us awhile back. It sure gave me the 'willies' to see all the old boys go and think of myself staying behind. One of the lads had just been married and the little wife was very brave until after the train left, but then she went all to pieces. I could not help being sorry for her."

FALL OF 1920 WILL BRING END OF WAR

THIS IS OPINION OF RELATIVES OF THIEF RIVER FALLS' CITIZEN.

Dr. Walter N. Murray, of Minneapolis, was in the city last week, paying a visit to the family of his kinswoman, Mrs. Gay Halvorson. A few days previous to his leaving home he received a letter from his step-son, Major C. W. Elliott, who is an instructor in the army trench artillery school with the American Expeditionary Forces in France, in which that officer holds out no very great promise of an early end of the war. The letter contains a number of features of more than usual interest and is in part as follows:

"I have not been very busy lately but my work starts on Monday when I have a class of 156 enlisted men coming here to be trained as trench artillery replacements. I have five likely youngsters to help me and I shall put the men thru a five-weeks' course, which is supposed to turn them out all ready to take on the Hun.

Americans Pouring In.

"Things are getting a little more active over here, but the Allies are now holding off Mr. Boche in good shape and meanwhile the Americans are pouring in by the thousands and are being put through their final training at top speed. Before next spring we shall be in shape to take over a good part of the job and by the fall of 1920 I think we can count on seeing the end.

Can We Hold Out?

"Can you folks back home hold out that long? You sure are doing magnificently now and I can tell you that the army over here knows about it and appreciates it. We know you are all back of us and you can count on us to do our d——est. I think that I shall probably be down here at the school all summer but hope in the fall to get a battalion of trench mortars and go up where the fun is. My majority hasn't come yet altho it is long overdue as I was No. 6 on April 18. I'll probably hear most any day now. I have the gold leaves in my pocket right now ready to slap on when the time comes.

Lost All Letters.

"I see the Huns are in your front yard these days and over here they got one of our returning transports the other day. One of my lieutenants was on board with a big bundle of letters I had given him to take home. He lost them all as they were in a trunk in his stateroom which was destroyed by the explosion."

Was in Philippines.

Major Elliott is a campaigner of experience, having been with Gen. Pershing in the Philippines. He seems to have no doubt whatever as to the outcome of the present war but places the time for its final windup at a somewhat later date than most observers.

Woman's Duty to Conserve Food Supply

CONTRIBUTED BY A MEMBER OF THIEF RIVER FALLS WOMAN'S CLUB.

War Food.

The great concern of all leaders in the war is the food supply. Armies cannot fight if they are hungry and men lose their courage when families are starving at home. America has food in abundance, but ships are few and their uses many, hence we should save those foods which will stand shipping in the least shipping space.

Wheat, sugar, lard, butter and meat serve the purpose best. In order that there may be enough of these foods we must use potatoes, rice, corn, barley and oats in place of wheat, while peas, beans, milk, cheese, fish, eggs and poultry should be used in place of meat. Vegetable oils and lard substitutes must be used in place of lard and butter in cooking. Fruit, molasses, syrup and honey should be used for sugar.

Not only must we use these foods but there must be no waste. Get into the heart the thought, "As I save, so I serve my country." Three times a day comes this opportunity to back our soldiers and help win the war. The housewife should be the food guard for she is next to the soldier on the firing line. Ignorance is the cause of most of the so-called disloyalty on the food question. People do not understand. One great aim of the Woman's Department at the Pennington county fair this year will be to help the people to understand. Leaflets will be distributed and there will be booths displaying the different articles which can be made from the foods we must use. One booth will illustrate the things that can be made from potatoes. Another things which can be made from corn, etc. This disphy is not for prizes but to show people what can be done in providing a variety of food with the products we should use.

A prize contest is announced by the National Garden commission, which has offered $10,000 in Thrift Stamps and National Capitol prize certificates as prizes for the best home canned vegetables grown in war gardens located in villages, towns and cities. With each certificate will be awarded a book half filled with Thrift Stamps. This competition is recognized at canning exhibits at fairs. There must be at least five entries in each competition. Surely some of our home canners will be able to secure some of these Thrift Stamps.

We will have demonstrations in canning vegetables by the steam pressure method which is the practical way of canning in communities where there are Farmers' clubs willing to buy the outfit. There will also be a demonstration of the cold pack method which any housewife may follow without any expense, for it is her duty, even if she does not care to enter in competition, to have for her slogan, "To provide my own family with home canned products" or as some one has said: "To can until she can't."

See the fair premium list for prizes in household economics. Besides taking care of our soldiers physically scrap books are being made for their diversion. The Sharp Printing Co. have donated 100 of these books and a prize will be given for the nicest. They may be secured fre at Mogensen's clothing store or at Dr. Froehlich's residence. If these should not supply the demand they may be purchased at Mr. Sharp's for 25c.

HARVEST WILL NOT AFFECT DRAFTEES

MEN FROM NORTHWEST CANNOT BE EXEMPTED IS CROWDER RULING.

Pennington county farmers, as well as the Class 2 men who have been laboring under the impression that they will be exempted from military duty until after harvest, may as well get the notion out of their heads. The latest information from Washington is to the effect that Provost Marshal General Crowder has informed the Department of Agriculture that the military program will not permit of delay in filling the monthly demand for drafted men.

Northwest Made Appeal.

Farmers and farm organizations of the Northwest had appealed for aid. When Assistant Secretary Ousley took up the question with General Crowder he found that the situation had been canvassed thoroughly before the July call was placed, and that to relieve conditions in the spring wheat states as far as possible entrainment in that section was ordered to begin July 22 instead of July 5 and 15 as elsewhere. More than this, it was stated, the needs of the army would not allow.

City People Gave Aid.

"Farmers in those sections which are confronted with the problem of harvesting wheat at a time when some of their help will be called to the colors should receive inspiration from the wheat growers of the central states," said Mr. Ousley today. "In June the farmers of that section faced the same situation, yet every acre of grain was cut and shocked. City people with farm experience responded to the call for help and were organized into 'shock troops' and went into the harvest fields. Illionis and Kansas, two great wheat producing states, each registered 40,000 city men for farm work. From Ohio to Iowa, boys responded loyally and farmers found them willing and valuable helpers."

BUT ONE PURCHASE OF CANNING SUGAR

ONLY ONE LOT OF 25 POUNDS ALLOWED—PRESERVING WITHOUT SUGAR.

Because of a further curtailment of the supply of sugar allotted to Minnesota for July, the state food administration announces a change in the amount allowed to consumers for canning purposes. Under this change no sugar may be purchased by a family or a person for canning purposes if they have previously made one or more purchases for this purpose. The family or person who has had no sugar for canning and preserving may buy one lot of 25 lbs. or less, but not until a certificate has first been approved by the food administrator for the county in which the family or person lives.

Sugar for regular household purposes may be used at the rate of three pounds per month per individual, but may only be purchased in quantities of two pounds by residents of cities, and five pounds by residents of rural communities.

"The use of sugar in fruit preservation is not necessary to prevent spoilage," says the state food administration. "It is necessary that the fruit be brought to the temperature of boiling water throughout to kill all yeasts and molds, and that no air, water or unsterilized utensil shall come in contact with it after it is heated. The purposes of sugar in canning has been two-fold: To produce the extreme sweetness demanded by the American taste, and to make the liquid surrounding the fruit thick enough so that the fruit will not break nor the sweetness be so much drawn out of it that the pulp would be tasteless. The problem of saving fruit without the use of sugar may be solved in several ways: 1—Canning fruit in water; 2—Canning fruit juices without sugar; 3—Canning fruit in fruit juice; 4—Canning fruit butter without sugar; 5—Drying fruit."

Methods and receipts for canning without sugar by these various plans may be secured by application to the Home Economics Division, University Farm, St. Paul.

Card of Thanks.

We wish hereby to express our sincere thanks to the many kind neighbors and friends who so kindly assisted us during the illness and at the funeral of our late wife and mother. We also wish to thank those who extended the use of their cars at the funeral and for the many beautiful floral offerings presented.

WILSON VETOES WHEAT INCREASE

CHANGE IN LAW WOULD UPSET GENERAL VALUES THRUOUT WORLD.

IS SUSTAINED BY HOUSE

MAJORITY OF 100 AGAINST MOTION TO PASS MEASURE IN SPITE OF DISAPPROVAL.

The house of representatives on Saturday sustained President Wilson's veto of the agricultural appropriation bill. A motion to pass the measure over the veto was defeated, 172 to 72.

The bill was referred back to the agricultural committee and house leaders planned to pass it without the wheat price fixing provision.

In the senate strong efforts were planned by senators from wheat growing states to block elimination of the amendment. Some of the senators who have supported the amendment were said to favor an attempt to pass the bill over the president's veto.

Others, believing it would be impossible to muster the necessary two-thirds vote, were disposed to attach the amendment to the $11,000,000 emergency agricultural appropriation bill, which already has as a "rider" the national war-time prohibition provision.

In vetoing the $28,000,000 annual agricultural appropriation bill because of its amendment fixing the government guaranteed minimum wheat price at $2.40 a bushel, the president informed congress that he did not believe the farmers of America "depend upon a stimulation of price to do their utmost to serve the nation and the world at this time of crisis."

The president said the patriotic spirit of the farmers has been "worthy of all praise and has shown them playing a most admirable and gratifying part in the full mobilization of the resources of the country." He added that the bumper crops they have raised this year have relieved "the anxiety of the nations arrayed against Germany with regard to their food supplies."

Increase Living Cost.

Congress was further informed the president did not believe such inelastic price provisions as contained in the bill could be administered in a way that would be advantageous to the producer and consumer because they establish arbitrary levels which are quite independent of the normal market conditions. The administrative method in fixing prices, he said, has been entirely satisfactory and should be continued.

A fixed minimum price of $2.40 a bushel, the president said, would increase the price of flour from $10.50 to $12.50 a barrel and would put an additional burden of $387,000,000 this year on the consumers. Such an increase in price, he said, would force a similar increase in Canada, thus enlarging the whole scale of financial operations in this country by the allied governments and affecting practically the entire world.

Praises Farmers.

Referring to the part the farmers are playing in the war, the President said in his veto message.

"Personally, I do not believe that the farmers of the country depend upon the stimulation of the price to do their utmost to serve the nation and the world at this time of crisis by exerting themselves to an extraordinary degree to produce the largest and best crops possible. Their patriotic spirit in this matter has been worthy of all praise and has shown them playing a most admirable and gratifying part in the full mobilization of the resources of the country. To a very much greater increased production of wheat they have added an increased production of almost every other important grain, so that our granaries are likely to overflow, and the anxiety of the nations arrayed against Germany with regard to their food supplies has been relieved.

"The administrative method of agreeing upon a fair price has this very great advantage which any element of control would partly destroy, namely, the advantage of flexibility of rendering possible at every stage and in the view of every change of experience a readjustment which will be fair alike to producer and consumer.

Would Increase Flour.

"A fixed minimum price of $2.40 per bushel would, it is estimated add $2 per barrel to the price of flour; in other words, raise the prices of flour from the present price of $10.50 to $12.50 at the mill and inasmuch as we are anticipating a crop of approximately 900,000,000 bushels of wheat this increase would be equivalent to the immense sum of $387,000,000."

Red Cross, Scrap Books.

A committee of the Woman's club with Mrs. E. O. Mogensen as chairman, has provided about 100 scrap books to be sent to Pennington county soldiers and sailors. These books are to be had free of cost by anyone who will fill them up with such matter as will prove of interest to the boys on the fighting line, and forward them. A sample left at The Times offices contains clippings consisting mostly of poems and humorous anecdotes and it can readily be seen that the article would furnish considerable amusement to men who do not receive any too much reading matter at the best. No set rules for filling the scrap books are laid down, each sender being permitted to use his or her own judgment in this respect. The books may be had by applying to Mrs. Mogensen.

Visiting Eastern Markets.

A. S. Sapero left Sunday evening for eastern markets for the purpose of making selections of his fall and winter stock for the firm's store in this city and he will also purchase for the Chisholm store at the same time. The fact of operating in two different sections of the state is of considerable advantage when it comes to the purchasing of merchandise such as women's wear. A merchant is safe in making his purchases twice as large as would ordinarily be the case without any danger of duplication being noticed and in this manner gets very much more consideration in the matter of prices. Marketing conditions are such that the careful merchandiser is almost compelled to go to the wholesale centers and make his selections in person or he stands a very good chance of getting left altogether or of being compelled to accept some article other than that selected. Mr. Sapero will be gone about a week. He was accompanied as far as Minneapolis by Mrs. Sapero, who will visit with relatives there during his absence.

AGE LIMIT RAISED FOR HOME GUARDS

MEN BETWEEN AGES 18 TO 21 AND 26 TO 52 ARE ELIGIBLE.

Increase in the strength of the Minnesota Home Guard to 25,000 is expected to result from an order made public on Saturday by Adjutant General Rhinow changing the age limit from 26 to 52 years and making eligible to guard membership youths of 18 to 21 years old and draft registrants outside of Class 1.

Enlistment in Home Guard companies will not afford drafted registrants any exemptions as such, but will give them and youths under draft age special opportunities to serve in the home defense and thus aid in the prosecution of the war.

Have Big Number Now.

The Home Guard now number about 16,000 and this strength is believed to place Minnesota in the front rank of states for big Home Guard organization. The expected addition of 9,000 men would place it far in the lead of other states.

The strength of a Home Guard company is limited officially to 73 men and three officers—the number required to respond in the event of calls into active service. St. Paul, Minneapolis and Duluth companies now have 100 men each on their rolls, and it is expected that the other companies will be recruited to that strength now that the age limits have been lowered.

The state will not assume responsibility for furnishing uniforms or equipment, but will give them official recognition as members for drill and other local service.

Given Intensive Training.

Intensive training in all the latest branches of warfare has been started in nearly every Home Guard battalion in the state.

Advanced bayonet instruction and hand-to-hand tactics are proving especially popular as best adopted to the needs of the Home Guards in dealing with riots or other disorders.

Many Home Guard commanders are asking for permission to arrange a concentration of Home Guard troops next fall. Before any action is taken on the plan, pledges to defray their own expenses must be obtained from a majority of the members, it was explained.

Mr. and Mrs. Gust Fellman and daughter, Mildred, of St. Hilaire, motored to this city last Saturday for a brief visit and to shop at the local stores.

THE FUTURE OF PEAT LAND.

It is doubtful if anything the state of Minnesota has ever undertaken has been so productive of positive results as have the agricultural experiment stations located in different sections of the commonwealth. Experiments have been conducted in the most favored localities with the result that conditions have been improved. In the heavily timbered sections it has been demonstrated that men of determination and judgment can not only manage to live but gain independence and a competence by pursuing *dairying and diversified farming.* On high land or low land, in dry or wet regions, the state experts have proven that only intelligent application and a study of conditions are required in order to make the soil productive and success certain.

The latest effort in this direction is the attempted reclamation of peat land. This class of soil has been regarded as worthless and because of the vast area of arable soil yet remaining untouched not much attention has been paid to it. The last session of the legislature finally appropriated a small amount of money to be used in making experiments on land of this nature, and the work was placed in charge of Prof. F. J. Alway of the University of Minnesota, perhaps the best-posted man on the subject in America. Three different plots were selected for the work, one of which is located near this city. It is too early to expect a report on the results as yet, but unless every indication is proven misleading there is a big surprise in store when the final accounting is made.

It is claimed by many who have made a study of the subject that the time is fast coming when peat land will be considered the most valuable to be had anywhere. The crops now standing on the plots cultivated under state supervision would lead most anyone to believe that such is the case. Whether put to grain, grass or vegetables the peat plots are carrying crops that put the surrounding fields far in the shade. And this has been accomplished with a little burning and an expenditure of about $3.50 per acre for phosphates.

If the peat lands of northern Minnesota can in this manner be reclaimed it will add an empire to the arable area of the state. The general condition in which these lands are found make them highly desirable from the point of view of the settler. There is little or no clearing to be done and plowing is easy. The peat will burn readily and cleanly if properly handled, the ashes thus derived forming also a very valuable fertilizing agent.

All this will take time, but a start has been made and when the success thus far attained is noted there is no question but that future legislatures can be prevailed upon to make provision for a more extended experimentation. It is a subject that may well occupy the attention of those who have the future welfare and prosperity of the section and state at heart.

OUR ONE WEAK POINT.

There is one war activity in which the people of this community have failed to make good. In everything else we have come to the front most nobly but in the one item of Smileage Books we are decidely lame. This is because our people have failed to understand the importance of the movement.

The first two weeks a soldier is in camp are the most severe. He naturally misses all his former companions and amusements more at this period than at any other in his career. Everything is strange to him and he does not know how to make the best use of any time he may have to himself. All this was foreseen and patriotic men and women all over the country set to work to provide means for his entertainment.

Here is where the Smileage Books come in. Any soldier having one of these has twenty admission tickets to the Smileage theatres maintained at each camp. Clean, wholesome entertainment is here provided, making it possible for the boy to take his mind off the grim business actually in hand for a short space of time. The plan has the enthusiastic endorsement of the President, the Secretary of War and of every other person who has visited the camps and noted the pleasure derived by the soldiers from these entertainments.

It is stated that there are more than 10,000 Minnesota men at Camp Grant alone who have not been provided with Smileage Books. This is not a very good record for the state of which we are all so proud. In war work of every other description our people are counted among the leaders, but in this one respect we are certainly most lacking.

And it is a matter of such very great importance to the soldier in the making. He sees his comrades from other states spending their spare time at the places provided for their amusement and instruction and begins to wonder just what kind of an outfit he is representing anyway. A soldier has considerable time to think of theses things and it is decidedly bad for him to be allowed to get the impression that the folks at home care nothing about his welfare.

Did that soldier happen to be where we could see him every day and we found that a Smileage Book would add so greatly to his happiness and consequent efficiency we would see to it that he was supplied without delay. But he is far away and we forget. The very fact that he is thus removed from our midst should be all the more reason why we should take an interest in his welfare, but somehow we have failed to size the situation up just right.

Send a soldier boy a Smileage Book today. It is a small thing to do for one who is doing so much for you.

THE WHEAT PRICE VETO.

It is doubtful if even in the wheat-growing regions of the country there is any very great disappointment over the President's failure to approve the $2.40 guarantee for the 1918 crop. Farmers, as a general thing, wish to be reasonable.

The price set for the 1917 crop is undoubtedly the best that can be had without seriously upsetting general values both in this country and in the lands of our allies. There is a certain place at which the price of any given commodity reaches a point which throws it out of balance with all other things, and when this occurs the result is most unsatisfactory even to those who may be producing the seemingly favored article. It is the President's opinion that the present price of wheat is as high as it can safely be made at this time, and the general impression is that he is right.

It must be remembered that the farmer is not the only man to be considered in this matter. There are millions of people residing in the cities who are finding it a great deal harder to get along than is the farmer and it would hardly be right to add to their burden in order that the latter might be guaranteed a higher price for a product for which it is admitted he is already being exceptionally well paid. The raise in the price of wheat as proposed by congress would have added two dollars a barrel to the price of flour. It would have imposed upon the consumers of this country and of its war-weary allies an enormous tax of nearly four hundred million dollars.

The president says that the farmers of America do not need this extra guarantee in order to insure their doing all in their power to aid in winning the war, and again he is right. When the farmer realizes that in order to secure this raise in price he would have to take the difference out of the pockets of the workman in the cities and from the harassed peoples who are supporting armies in the field against the Hun, he will approve of the President's action.

A COMMUNITY SERVICE FLAG.

No one seems to know just how many men from Pennington county are now in the service. The number in the National Army is easily ascertained but there are a large number of enlisted men of whom no record is to be found, the relatives being the only ones who know of their having joined the fighting forces of Uncle Sam. A correct count should be had and a community service flag secured. This work should be undertaken at once in order that the banner may be dedicated at the big patriotic meeting planned by the Civilian Committee to Aid Recruiting formed here last week.

A service flag with a star for each of the men who have gone from the county should be obtained. The cost would not be great and might better be covered by popular subscription than by any appropriation on the part of either the county board or city council. Other communities are taking the matter up in earnest and will soon have these honor emblems floating in the breeze upon all occasions at which anything connected with the war is the chief object of the gathering. These communities are also having the same difficulty as would be presented here—that of getting the names of all the men who have gone forth at the nation's call. If a start is made, however, stars can be added as more names are secured and in a very short time all would be represented. If we wait until we are certain that, all those entitled to a place on the banner are fully known, we will never even make a start, leave alone finish the job.

We hope that the new committee will consider this as among the duties it will have to assume.

"A CROP FOR THE RED CROSS."

On one thousand Pennington county farms will be found placards conveying the following information: "Raising a Crop For the Red Cross—1918." County Agent R. P. White is busy making the distribution to those who are entitled to this mark of honor—and there are very few farmers in this county who will be without one.

The crop pledge donation scheme for helping the great humanitarian movement has proven the most popular ever devised. The response was so general and so enthusiastic that the solicitors were astounded. Hardly a family but what promised to set aside some part of the earnings of the farm during the present year for this purpose and the total value of the donations will run into thousands of dollars this fall. The Red Cross is something that every man and woman in America understands.

The wheat thus pledged will alone aggregate more money than the Red Cross in the county has had to work with since it was first started. There are dozens of donations of a whole acre of this grain while smaller fractions are naturally even more numerous. Cows, calves, pigs, chickens, and even cordwood are included in the list. Besides these things there is a very considerable cash income from the pledges made by city people, this being the fund at present used to keep things going. Taken as a whole, our citizens have every reason to feel proud of the record made in connection with this movement.

The St. Hilaire Spectator has entered upon its 38th year, being the oldest paper published in this section of the state. As Editor Gunstad says in the birthday announcement of his paper: "When founded there was no railroad nearer than that at Crookston and it was necessary to haul in the old Hand press by an ox team which took several days. It has seen many ups and downs; it has seen St. Hilaire grow during sawmill days and has been published during the re-construction period following that period." The Spectator is a clean, ably-conducted paper and would be a credit to any city twice the size of St. Hilaire.

In Days of Yore

Items of Interest Reprinted From Files of the News and Press of 10 and 20 Years Ago

Twenty Years Ago.

An ordinance was introduced in the city council which had for its purpose the compelling of saloonkeepers to keep their curtains drawn aside on Sundays.

J. W. Falk of Eveleth, submitted a proposition to put in an electric light plant. Matter laid over.

The residence flats belonging to John Moylan were to be converted into a grain elevator.

Carl Kretzschmar purchased a new three-roller feed grinder for his flour mill.

Lightning struck the flag pole on the city hall but did no further damage. During the storm a cow belonging to Mr. Evenson was killed.

Harry Sanders, who spent his boyhood in Thief River Falls, purchased the Roseau Region and started upon his career as an editor.

Louis Hanson returned from a business trip to Minneapolis and Duluth. He was reappointed as agent in this district for the Jacoby Elevator company.

Ten Years Ago.

The Thief River papers were crowing over the fact that the valuation of all property in Red Lake Falls was about one-third that disclosed in this city.

There were 140 students in attendance at the summer training school.

Secretary Daniel Shaw of the Commercial club received word from Supt. Huntington of the Soo to the effect that the work of improving depot conditions in the city would at once be undertaken.

Citizens of St. Hilaire wanted to bond Red Lake county for sufficient funds to establish an agricultural school near there.

The railroads were urging coal dealers to get their order in early as there was certain to be a grave shortage of fuel.

The county fair management was trying to get Gov. John A. Johnson to deliver an address here on the second day of the show.

Wallace Watson and Miss Rosebud McDonald were married at the home of Jason Weatherhead at Ada.

Judge N. W. Tarrant announced that he was a condidate for re-election to the office of judge of probate on the Democratic ticket.

Norway's Ships Continue to Be Prey of Hun Pirates.

(Duluth News Tribune.)

The sea wolves of Germany devour Norway's shipping, and when the sturdy country protests, the mailed fist is shaken in her face. Her tonnage has been reduced by 1,154,143. This is a heavy blow to the mariners of Stavanger and Egersund. It would be a heavy blow to any nation. It is unfortunate that Norway is so close to the Hun zone. The Von Tirpitz cubs can growl and sink and slay and get away with little hindrance.

Now and then some cheap "regret" comes out of Hunland that Norwegian sailors were blown up or drowned through the too thorough methods of the undersea pirates. Norway has suffered and suffered. She is going to continue to suffer as long as U-boats can prowl the intestines of the ocean. She suffers almost as much in her shipping as a neutral as she would if a belligerent along with the rest of the allies. Of course, were she to raise her hand, as well as her voice, the kaiser would order some of the fatherland ruthlessness be directed in Norway's direction; and the country is not in a position to run that risk. Her sons sail the seas with the same intrepidity that marked the voyages of their great sailor, Leif Erickson, and the cause of the allies is served thereby. The least the peace conference can do is to invite the Norse to present their claims for destroyed shipping and murdered sailors on behalf of owners and widows and children, and include the total in the bill to Germany, insiting no less upon satisfaction for Norway than for Belgium or Serbia.

Miss Amy Whitman, of Steiner, arrived Monday afternoon for a brief visit with her aunt, Mrs. Ruth Kenison.

Get Your Preserving Utensils Here

We carry the most complete stock of preserving utensils in this section. Preserving is now, not only an economy which every thrifty housewife should practice, but is a patriotic duty which every American should be glad to aid in. Half the success in putting up preserves and vegetables depends upon having the proper kind of utensils with which to accomplish this,

Our preserving necessities, just like everything else we handle are guaranteed.

We Recommend WEAR-EVER Aluminum Ware.

Phillips-Laing Hardware Company

Buy COAL now

If for any reason you were unable or neglected to order your coal during "Coal Week"—it's not too late now. But the sooner you order, the better it will be—for the Country—for us—and most of all for yourself.

For the Country will need the railroads later to move the crops. We'll not be able to get the coal and consequently you'll not have it when you need it most—when the temperature drops down and gets chummy with the zero mark.

It is already practically impossible to secure anthricite coal and the bituminous will be as scarce by-and-by as the former is now. PROTECT YOURSELF WITHOUT DELAY.

Now we can give your orders prompt attention. Phone 110 before you forget it.

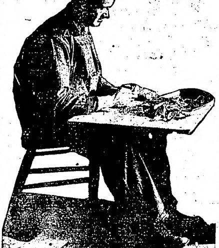
Big Grain Crop Show's Aim
Wheat Needed to Feed World



There is desperate need for more wheat and other grains with which to keep the world from starvation. So apparent is the need, and so necessary is it for America to encourage the raising of more cereals, that liberal premiums are to be given to owners of the best exhibits of grain at the coming Minnesota State Fair, September 2 to 7.

More wheat must be raised not only for home consumption but for shipment abroad to be mixed with the coarse flours of Europe in the making of bread. It is necessary for America to raise more barley, rye, and oats, not only to meet an unprecedented foreign demand, but to serve as substitutes for wheat flour at home. Only in this way can the wheat of the world be made to go around.

The high prices for grain will induce big crops of grain for several years. Yet the scarcity of farm labor, the shortage of heavy work horses, and the high prices of seed grains, are three factors which must be contended against in our efforts to increase the grain crop. The fair is assisting in this work. —Copyrighted.

Will You Help During Harvest?

If so, fill out the coupons below and mail same to G. Howard Smith, Thief River Falls, Minn. Do it today.

In consideration of the scarcity of Farm Labor, I hereby offer my services for a period of two weeks to take the place of some person who is leaving his position to do farm work.

NO MORE CANDIDATES FOR SCHOOL DIRECTOR

Never in the history of Thief River Falls has so little interest been shown in a school election on the very eve of the annual meeting. Two members of the board are to be chosen on Saturday and there are two candidates announced—Dr. H. W. Froehlich and Peter O. Myhrum. The only way in which others can now be voted for is to write their names in on the ballot.

You Can Save 5 Per Cent on Every Purchase Made at This Store

The Cash and Carry System of doing business permits of our making a considerable cut in the price of the goods we handle. In order to make this cut still greater we have decided to issue coupon books in sums of

$5, $10, $15 and $25

These books will be sold at a discount of five per cent for cash. The coupons are just as good as the money and mean that you have saved five cents on every dollar out of your annual food bill. This is one dollar out of every hundred. In these times that is a saving worth while.

Around Our Town

Chas. Vorachek left yesterday morning for Mahnomen on a brief business trip.

Mrs. J. C. R. Charest arrived in this city Monday evening from Plummer, for a few days' visit with friends.

Miss Clarice Finberg returned to her home in this city Tuesday evening from Plummer where she visited with friends for a few days.

Oscar W. Bishop, who resides on a farm just south of this city, returned Monday evening from Bronson, where he had been looking over the crops.

Misses Nellida and Hazel Haroldson, of Crookston, returned to their homes Tuesday afternoon after a few weeks' visit in this city with their aunt, Miss Lottie Austin.

Mr. and Mrs. S. T. Marshall, accompanied by a party of friends, autoed up from Crookston yesterday and paid a visit to Mr. Marshall's aunt, Mrs. L. F. Douglass.

Mrs. Robt. Patton and little son, of Aberdeen, Wash., visited in this city the first of the week with friends. They left Tuesday night for St. Paul for a brief visit before returning home.

Leslie Wygant, formerly an employee here in the division superintendent's office of the Soo, visited in this city the first of the week with friends. He left Monday night for Minneapolis where he has a position in the Soo freight auditor's office.

Mr. and Mrs. Wm. H. Frederick and son, William, left Monday morning in their car for Minneapolis where they will visit for a week or two with friends and relatives. Mr. Frederick will attend to business matters in connection with his land office while there.

A farewell social will be held in honor of the Salvation Army officers, Capt. and Lieut. Aaserude and Ensign Bolden, who are leaving this city for other fields of labor on Friday, July 19th at 8:30 p. m. Ice cream and cake will be served and a short musical program has been arranged.

Miss Beatrice Holmes, the nine year old daughter of Mr. and Mrs. Jos. H. Holmes of this city, has knit two pair of socks for the local Red Cross chapter, besides several other knitted garments. Miss Beatrice is undoubtedly the youngest knitter of socks in this city and is to be congratulated on the bit she is doing to help win the war.

Mrs. J. H. Jones left yesterday morning for Steiner for a brief visit with her children.

H. H. Spink returned Monday evening from Warren after a brief business trip to that city.

Miss Hazel Goins returned to her home in St. Hilaire Tuesday afternoon after a brief visit in this city with friends.

Mr. and Mrs. Staley of Minneapolis are visiting at the home of Mr. and Mrs. J. W. Hendry. They expect to return to their home this evening.

Miss Ella Foster visited with friends in this city Tuesday and left Tuesday evening for her home at Hendrum after a several days' visit in Erskine.

Mr. and Mrs. C. E. Noel returned to their home in this city Monday morning from Kalispell, Mont., where they visited at the home of Mr. Noel's parents for two weeks.

H. B. Newell, who has been confined to his bed for the past eight or nine weeks, is now able to be up around his home, but will be unable to attend to his business for a week or two.

Mrs. Erick Johnson, of Egland, Minn., arrived in this city Monday evening for a brief visit at the home of Mrs. John Hoffseth. She left on Tuesday morning for her home at Baudette.

Mrs. Julia Jacobson and daughter, Miss Mildred, left the latter part of last week for their home in Minot, N. D., after a few days' visit in this city at the home of Mrs. Jacobson's brother, Nels Christianson.

Mrs. Elmer Klungness and daughters, Margaret and Clara, returned to their home in this city Sunday morning from Garretson, S. D., and Luverne, Minn., where they visited with friends and relatives for several weeks.

Prof. J. H. Hay visited with his family in this city over Sunday. He returned Sunday evening to Crookston where he is one of the instructors at the session of summer school at the agricultural college. He will return to this city in two weeks.

Rev. James A. Orrock of the Methodist church, was the principal speaker at a big Red Cross picnic at Bronson on Friday. There was a large attendance and the affair was very successful throughout, netting a neat sum for the benefit of the Bronson chapter.

Capt. and Lieut. Aaserude, of the Salvation Army leave the latter part of this week for their home in Grand Forks for a short vacation. Lieut. Aaserude will take up the work in Jamestown, N. D., while Captain Aaserude will go to Williston, N. D. It is not yet known where Ensign Bolden will be stationed.

Miss Emma Folkedal of Hendrum, visited with friends in this city on Tuesday.

Miss Elsie Watson left last evening for Oslo, this state, where she is a guest today at the Henry Robinson home.

Miss Igna Hamry returned to this city last Saturday night from Plummer where she visited with friends for two weeks.

Mrs. Axel Rod, of Spooner is a guest at the home of Mr. and Mrs. John Hoffseth at their home on Red Lake boulevard.

Miss Stella Charboneau returned to her home Tuesday evening from Argyle where she visited with friends for a few days.

Orvan Hamry arrived in this city Tuesday evening from Bemidji for a few days' visit with his sisters, Misses Effie and Igna Hamry.

Mr. and Mrs. J. D. Brown of Egeland, Minnesota, arrived in this city Tuesday for a brief visit with friends and to attend to business matters.

Miss Agnes Linde left yesterday afternoon for Perley, to visit at the home of Miss Trina Dosland. Miss Linde will also visit with friends in Fargo, N. D.

Miss Mildred Owen, of West Union, Minn., left for her home Thursday of last week after a two weeks' visit in this city at the home of her sister, Mrs. L. A. Lampert.

Miss Anna Aspelund returned on Tuesday evening to her home in this city from Adams, N. D., where she visited for a week with her sister, Miss Millie Aspelund.

Miss Dorothy Wilson arrived in this city on Friday evening of last week from her home in Fordville, N. D., and is a guest at the home of Miss Margaret Burns.

Mrs. L. Fawson arrived in this city yesterday morning from her home in San Francisco, Cal., to spend the summer at the home of her daughter, Mrs. Nels Christianson.

Maurice Mabey returned to his home in this city Tuesday morning from Lake City, this state, where he visited at the home of his grandparents for two weeks.

Leslie Provencher returned to his home in this city Monday evening from Minneapolis where he had been visiting with friends and relatives for two or three weeks.

Mrs. Anna Walbach and daughter, Miss Ella, visited in this city the first of the week with friends. They returned to their home in St. Hilaire Tuesday afternoon.

Mrs. Henry Holt and Mrs. Carl B. Jung, with their babies, returned to their homes in this city Monday evening from Cass Lake, where they enjoyed a few days' outing at the lake.

Mrs. L. R. Johnstone and daughter, Lillian, and son, Gordon, returned to their home in this city last evening from Nekoma, N. D., where they visited with relatives and friends for a month.

Misses Esther and Minnie Anderson arrived in this city last Monday evening from Viking for a brief visit with their sister, Miss Myrtle Anderson and with friends, enroute to Minneapolis.

Miss Celestine Strom, who is one of the workers with the Salvation army of Grand Forks, N. D., visited in this city with her mother the first of this week. She returned to Grand Forks yesterday.

Theron Rank, of Dover, Minn., left for his home Tuesday night after a several days' visit in this city at the C. M. Wilson home. Mr. Rank will be among the drafted men to leave next Monday for Camp Wadsworth, S. C.

Miss Ruth Bamford and Miss Elva Bartlett, accompanied by Everett Bowman of Evanston, Ill., who is visiting in Thief River Falls, motored to this city Sunday and were the guests of Miss Gertrude Hetler.—Crookston Times.

The W. C. T. U. will be entertained Tuesday afternoon of next week, July 22nd at the home of Mrs. A. A. Wangenstein, Horace avenue north. This is an important business meeting and the annual election of officers will take place.

Pte. Harold Holmes arrived the first of this week at his home in St. Hilaire to spend a thirty day furlough. Pte. Holmes is in the mechanical department of the aviation corps and is stationed at the navy yards, at Pensacola, Florida. He visited with friends in this city Tuesday.

Sunday, July 21st, the Salvation Army officers, who have been stationed here during the past year will conduct their farewell service in their hall in the Scandia block. A welcome meeting to the incoming officers will take place the Sunday following. These services will be interesting and everyone is invited to attend.

Mrs. A. C. Dale leaves tomorrow afternoon for Fargo, N. D., to visit her husband who was among the drafted men who were sent from Crookston a few weeks ago to Fargo for training at the agricultural college. Mrs. Dale will return to this city to make her home with her parents, Mr. and Mrs. J. O. Sether during the absence of her husband.

Edward Cochran, assistant superintendent of the Stevenson mine at Hibbing, stopped for a short time in the city Tuesday enroute to Drayton, N. D., where he went to visit his relatives. Mr. Cochran drove from the range town to Thief River Falls in one day and found the roads fair except at one point in Itasca county. He says that times are good on the ranges, miners earning anywhere from $4 to $7 per day. Mr. Cochran is a friend of Dr. H. W. Froehlich, the latter having formerly been one of the physicians employed by the same company.

FEDERAL GOVERNMENT IS SEEKING TO PREVENT THRESHING LOSSES

A national grain threshing division has been created under the federal food administrator, Herbert C. Hoover. The division is attached to the National Grain Corporation, which is headed by J. H. Barnes, former grain-buyer of Duluth, and Capt. K. D. Hequembourg, with offices at 42 Broadway, New York, will direct the affairs of the division.

The aim is to organize the threshermen of the various grain states for the purpose of saving every possible kernel of grain in harvesting and threshing operations.

D. B. Bassett of University Farm has been appointed by the federal food administrator for Minnesota to have charge of the work in Minnesota. Mr. Bassett requests the federal food administrator of each county and the county agricultural agent to select a competent thresherman to act with them as a county committee.

Threshermen to Sign Cards.

One of the first duties of the county committee will be to furnish the state office with a complete list of threshermen who are actively engaged in threshing in their county. Every thresherman will be asked through the county committee to sign a pledge card and mail it to the federal food administrator. In return he will receive a certificate of membership signed by Herbert C. Hoover, the national food administrator. The pledge card and certificate will indicate that the thresherman agrees to do all he can to save grain and co-operate with the administration.

Every man who expects to operate a threshing rig in Minnesota this fall is urged to get his machine in first-class repair before starting to thresh. Repairs will in many cases have to be ordered from the factory. If the threshermen will go over their machines this next week and get the machines in first-class running order, they will be doing their part. Threshing manufacturers and implement men are very desirous that orders for repairs be sent in immediately so as to give them time to get the repairs out. Any trouble in securing repairs should be reported to the county committee. If the county committee cannot handle it it should then be referred to the state office.

Manufacturers to Help.

The threshing machine manufacturers have all pledged themselves to do all in their power to assist. There may be some machines that will need expert attention. If this be true, application should be made to the county committee and if the committee cannot furnish experts they should ask assistance of the state office.

Application for extra labor should be made to the county office and if they cannot furnish it they will in turn take it up with the state office.

Fuel Situation Watched.

A ruling has been secured from the department at Washington placing fuel for threshing on the preferred list. This means that the railroads, now under the supervision of the government, will be asked to rush the fuel supply for threshing through even though it means the delay of other freight.

The state department is taking steps to urge the farmer to shock his grain properly, rake the stubble field where much loose grain is left, and if the grain is to be stacked have it stacked properly so that the thresherman can do a good job. Suggestions regarding the handling of separator and shocking and stacking of grain will be mailed from time to time to the county committees and published in the county papers.

The whole object of this campaign is to awaken the thresherman and the farmer to the necessity of saving every kernel of grain possible.

Annual Loss is Large.

If the average loss is 2 per cent only, the loss of wheat alone in the state of Minnesota would be more than one million bushels, which would be worth more than two million dollars at the present price of wheat. If half this can be saved, the farmer and thresherman can save for Minnesota in wheat alone over one million dollars' worth of grain. A similar saving of other grains may be made.

The county committees will receive full instructions as to method of action in case of trouble, and threshermen are requested to apply first to the county committees. If the county committees cannot help, appeal should be made to the state office. All correspondence to the state office should be addressed to L. B. Bassett, University Farm, St. Paul.

STYLE FOR ARAB WEDDING

Bridegroom Must Ride Nervous Horse Without Reins or Stirrups, in Middle of Procession.

Coming through the streets of Algiers of an evening you may meet a noisy procession that causes you to wonder whether it is a food riot or a revolutionists' parade. This is an Arab wedding procession, one of the most ingenious devices ever developed for the embarrassment and mental torture of the bridegroom, says a globe trotter.

It is headed by the father of the bridegroom, an elderly gentleman, who paces soberly ahead, out of the confusion, attended by a few philosophical friends, all clad in white. Behind him come a mob of young men carrying torches and lanterns tied to the ends of poles, beating drums and blowing tin horns, yelling at the top of healthy voices. The center of the procession is made up of particular friends of the bridegroom, who burn red and green flares in addition to waving torches of the milder sort. Behind them is a band of hired musicians, trailed by all the small boys, dogs and idlers of Algiers.

All this parade naturally attracts a certain amount of attention. In the middle of it, mounted on a nervous horse, very much embarrassed and self-conscious, rides the bridegroom. He seems to ride very unsteadily and awkwardly, but closer observation shows he is doing well to ride at all, for friends have taken the stirrups from his feet and the reins from his hands so that he has to hold on by force of gravity and his sense of equilibrium. The red fire and the drums generally stimulate his mount to superequine activity, and it is a marvel that none of the enthusiastic friends get stepped on. The bridegroom, it is safe to surmise, is not sorry when his triumphal procession is over.

As for the bride, she escapes all this. A few of her girl friends accompany her on a quiet procession of her own in the afternoon when she leaves her father's house for her new home.

PREFERS MIDDLE OF COACH

Safest Place in Case of Accident and Far More Comfortable Riding, Old Engineer's Opinion.

Two men going on a short railroad trip entered a car and the one in the lead walked immediately to the first vacant seat, which was on the left side near the door.

"Come on up here," said his companion as he gave a tug at the other's arm. "Here's a good seat." With that the two went to a place near the middle of the car on the right side.

"What's the game?" asked the first traveler of his friend, who was an old time railroad engineer, as the two plumped down into the seat chosen by the latter. "I can't see any difference in the seats. One looks as good to me as the other in a railroad train, except that sometimes when traveling at night I want to take a position in which the lights strikes my paper when I desire to read."

"When I get into a car," replied the ex-engine driver, "I always try to get on the right side near the middle, as it is the safest in case of an accident. In the first place, the right side is in less danger from a side swipe, especially on a two-track line. In the second place, if a collision should occur the middle of the car generally is the least damaged, it seldom being much affected if the cars telescope. In the third place there is more comfort, because a passenger can escape riding over the trucks, as the points above the wheels get most of the bumping and noise."

Usual Conversation.

The first exclamation from a woman shopper when she sees anything that attracts her attention is, "Oh, aren't they sweet?" And as she stops to paw whatever it is, she inquires the price. If it suits her pocketbook the next question is, "Do you guarantee them?" Recently a fastidious young thing fluttered her way down the lingerie aisle of a New York emporium and halted before a counter whereon was heaped what the advertisement writers term robes du nuit, but which facetious persons call "nighties." The young woman gurgled with delight. After satisfying herself that they were all right she inquired the price. Then she hesitated for a moment and out came the old stereotyped question: "Do you guarantee them?" "Certainly, ma'am," replied the clerk glibly, "you can't wear them out."

About Cleanliness.

How much there is in habit and training! It is considered the heighth of ill-breeding to take up food with the fingers, and yet there are nations which eat with their fingers, and defend the practice on the ground of cleanliness.

"Excuse me," said a Malay gentleman to his American guest, "but I don't see how you can eat with a fork."

"I beg your pardon," said the guest, "but I was about to make the same remark about your fingers."

"My fingers," replied the Malay, "are certainly clean, because I see to them myself; but how can you be sure of a fork?"

Knowledge of Power.

Pat (watching airplane's flight)—But what poozles me, Terence, is what the mischief kapes it up.

Terence—Shure, 'tis little ye know, Pat Casey, av the terrible foorce av gravitation.

BOARD COMPLETES JULY DRAFT CALL

FIVE HAVE ALREADY GONE AND 25 MORE ARE IN READINESS.

Pennington county will have contributed a total of 30 men to the army for the July draft quota when the 25 who are scheduled to go to Camp Wadsworth, S. C., depart on the 22nd. Five left Monday morning for Dunwoody Institute, Minneapolis, being selected for special service. They were Carl Wiberg, John N. Nelson, Arvin Radke, Olof N. Thompson and Ludwig C. Nielsen.

While the arrangements have not yet all been announced it is expected that the larger contingent will leave on the afternoon train on the 22nd. The selections have been made by the registration board but it is probable that there may be some changes later on. There is a demand that certain of those chosen be exempted until after harvest time, but the board is helpless in this matter now as the provost marshal general has ruled that farm work can no longer be permitted to interfere with the workings of the draft. There are certain special cases where such claim for exemption may be taken into consideration, but they are few and their nature so well specified that the board members can see no way out of it but to permit the regular rotation to apply in each instance. In this way no injustice can possibly be done anyone.

Following are the names of those who will make up the contingent on the 22nd. Henry Myrom, who is last on the city list, has waived all classification rights and requested that he be included as a volunteer:

Oliver Olson Ronning, John Theodore Hanson, Arthur Williams, Ole C. Granum, Nels Mensbraaten, Leonard Erickson, William Ward Long, Edward Truen Erickson, Henry Erickson, Nels Alfred Rolstad, Ingvold Hesby, James Tedroff, Alfred Stene and Henry Myrom, all residing in the city or on one of the rural routes running out from here; Elmer Emanuel Johnson, George Walter Johnson and Oscar Wilhelm Hogquist, St. Hilaire; Hubert Joseph Garseau, Wylie; E. E. Swenson, Valley City, N. D.; Clarence Syrtvedt, Lillo; Olaf Lappegaard, Rosewood; August Frank Hoppe, Proctor; Carl Vake, Erie; J. A. Olson, Prince Albert, Sask.; Ingebert Drydall, Minot, N. D.; Jorgen Ulsvand, Overley, N. D.

Improvements at Lyceum.

Roy Morgan, owner, and A. J. Lawrence, manager, of the Lyceum theatre, are colaborating in the work of repainting and redecorating that playhouse. The exterior has received a coat of white, the foyer being enameled throughout. The walls are being redecorated and the trimmings gilded or otherwise refinished. Seats will be given a coat or two of varnish and when the entire job is completed the playhouse will present a brand new appearance throughout. While Mr. Lawrence has not stated positively what his intentions with regard to the theatre are, it seems reasonable to suppose that he would not go to the expense of improving it unless he expected to put it to some use. The probabilities are that he will book several vaudeville attractions during the fall months for presentation at the Lyceum, the house being excellently adapted for feature productions of this kind.

Applicant From Austria.

Judge Grindeland will hold a special term of the District court for the purpose of considering applications for citizenship on July 26. There are 13 applicants out of the 16 registered who are expected to present themselves. Ole Hanson Thiegen has died since his registration and Frederick Robert Head will have to wait another 90 days before his case can be disposed of. He is an Austrian citizen at the present time and consequently an enemy alien. Citizenship papers may be issued to him in accordance with an act of congress passed last May, but he must give 90 days notice of intention, which has not been possible for him as the time since the bill went into effect has not been sufficient.

Dr. Spofford Optometrist

will make regular visits to northern Minnesota towns, as usual, during the coming fall, winter and spring. In the meantime send all correspondence and broken glasses for repairs to Long Prairie, Minn.

We Want Poultry

There is a good and steady demand for poultry of all kinds and we are paying the highest market prices. Bring us your chickens, ducks, geese and turkeys.

Thief River Produce Co.

If They're Obtainable
We Have Them!

You'll always find at this market the choicest fruits and vegetables both in and out of season. None but the most solid and freshest are ever offered to our patrons, for we cater to a particular class of people who want their food good and wholesome—or not at all. And best of all our prices are most reasonable.

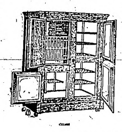
Special Friday & Saturday

Bengal Peas .... 18¢
Fruit Nectar .... 30¢
No-Vary Vinegar .... 25¢
U-Like-Em Peaches .... 20¢
Farm House Peaches .... 20¢
U-Like-Em Strawberries .... 22¢

Ostby's Grocery

Waste is Unpardonable

It is also unnecessary. The government asks every housewife to make the greatest possible use of the food supplies coming under her hands for preparation or serving in every family in the land—from the richest to the poorest—it is now regarded as almost disloyal to waste anything that can, by proper care, be saved.



A GOOD REFRIGERATOR

is something that every household should have. This fact is even more evident now than in ordinary times. A REFRIGERATOR PREVENTS WASTE. Food-saving means more for our own people, for our soldiers and for our allies. Waste is always sinful. Just now it is positively criminal. GET A REFRIGERATOR AND STOP IT.

We have them at all prices and in all sizes.

Larson Furniture Company
221 North Main.

Railroad News Notes

Items Concerning Soo and Great Northern Activities

Back Pay is Coming In—The office force at both the Soo and Great Northern road have this week received the first installment of the back pay coming to them under the recent wage adjustment ordered by the government whereby practically every person in the employ of the roads received a substantial raise, the advance taking effect as of Jan. 1, 1918. The payment arriving this week was for the month of January and the rest will follow just as rapidly as the department in charge is able to arrive at the correct figures.

Two Depots Probable—Officials of the Great Northern railroad were in the city this week for the purpose of looking into the feasibility of running the trains of that line into the Soo depot. The latter road was represented by Division Superintendent W. A. Barnard and the matter was gone into with considerable thoroughness. The investigation was naturally only for the purpose of reporting to the Federal Railroad board, and it is thought that the report will be in opposition to the project.

Pay For Their Bonds—The back pay checks received by some of the boys and girls employed by the railroads amounted to quite a respectable sum and the beneficiaries in most cases proceeded to put them to a use that will be highly approved. A considerable number figured that the remittance was "velvet" and invested the entire amount in Savings Certificates and War Stamps. If such excellent use was made of the money everywhere in the country the sales of Baby Bonds would be boosted considerably.

Division Jottings.

Train Dispatcher E. F. Dolan, accompanied by Mrs. Dolan, is absent on his vacation, which is being spent among relatives and friends at Minneapolis and Fergus Falls.

L. E. Gilhausen, traveling auditor for the Soo, was looking after affairs pertaining to his office in the city the first of the week.

Oscar Eggerud, clerk in the car repair department, was a Minneapolis visitor over Sunday.

John Linde, car checker, returned Thursday morning from a visit with friends and relatives at Superior.

T. F. Scanlon, night car foreman, returned Monday from a visit of ten days in Chicago.

G. J. Conklin, car foreman, has been busy during the past week overseeing the work of remodelling his house and having a cement basement placed thereunder.

Ed. Krogstad, who has been in charge of the coal chute at the Soo round house for some time, has resigned that position and gone on the road as a brakeman. John Jordal, former section man, has been given Krogstad's old job.

Roy J. Bartlett has been added to the roundhouse crew as wiper.

Joseph Novak, engine inspector, went to Emerson on Wednesday for a short visit.

Leonard Johnson, formerly a fireman on the division, has returned to his old job after having been out of the service for some time, during which he resided at Minneapolis. He is running out of Mahnomen.

Mr. and Mrs. W. E. Miller left last Friday for a visit with relatives and friends at Henning.

Engineer John Sagvold was a Minneapolis visitor on Monday.

McFarland Auto Company

DAIRY FACTS

GIVING MILK TO DAIRY CALF

Guesswork in Apportionment Is Expensive in More Ways Than One —Good Rule Is Given.

"Guesswork in apportioning milk to the dairy calf is expensive both from the fact that irregular amounts often cause digestive troubles and because more milk than necessary is frequently fed." This statement is quoted from Circular No. 202, published by the Illinois Experiment station, Urbana, Ill.

A general rule is to feed one pound of whole or skimmed milk to each eight pounds of live weight, rarely feeding in excess of 12 pounds of either. The schedule of feeding used by the Illinois station calls for four pounds of whole milk to a Jersey calf the first two days; six to eight pounds from third to twenty-eighth day; three to four pounds of both skim milk and whole milk from twenty-eighth to thirty-fifth day; eight to ten pounds skim milk from thirty-fifth to fifty-sixth day, and ten to twelve pounds from fifty-sixth to ninety-first day. A holstein calf is given somewhat more milk at a younger age, though rarely does the total fed go above 12 pounds.

Splendid Dairy Type.

Fifth Drive Is Now On

AMERICANS PLAYING IMPORTANT PART IN WHAT MAY PROVE BIGGEST BATTLE OF ENTIRE WAR.

The long expected German offensive started Monday morning at daybreak. It is the most pretentious enemy effort of the year, extending as it does over a front of 65.1 miles.

So far, as bulletins from the front line show, the Germans have crossed the Marne in several places, probably between Chateau Thierry and Dormans, while before Vaux, the enemy has been met, checked and thrown back by American troops under the command of General Hunter Liggett.

From every indication it would appear as if the American troops are destined to play a most important part in the present offensive. Dispatches from Allied capitals on Tuesday morning state that the peoples of the different countries opposing the Germans are enthusiastic over the showing made early in the fighting by the American troops.

Look at Your Map.

Those who have secured one of the Times War Maps will have no trouble in keeping in daily touch with the progress of events on the western front. The map marks every point of interest clearly and thus makes the tide of battle easy to follow.

Penetrate Yankee Lines.

The only indication of German gains is contained in a dispatch from the American headquarters, which said the Americans launched a counter-attack at Conde.

It is likely this Conde is Conde en Brie, which is three and three-quarters miles south of the Marne and eight miles southeast of Chateau Thierry. This would mean that before they were thrown back by the Americans the enemy had penetrated the Yankee lines to a depth of three and three-quarters miles.

To Drive in the Wedge.

The Times map shows that the farthest advance westward made by the Germans came to a halt at Chateau Thierry where the Americans put up such a brilliant defense in the former drive.

This latest effort of the Germans to seek a decisive victory on the west front is directed against the French and American defenses from Chateau Thierry to Maison de Champagne, north of Massiges and far east of Rheims.

Where the Enemy Stands.

The Germans hold the north bank of the Marne for a distance of about twenty miles east of Chateau Thierry. Their line leaves the Marne near the village of Dormans and runs off to the northeast to Rheims, where it turns abruptly to the southeast and runs down the valley of the Vesle river to the village of LaPompelle, where it runs eastward and runs in a relatively straight line to Verdun. Maison de Champagne, the eastern limit of the present battle, is thirty-one miles west of Verdun.

Located back of the Allied line east of Rheims is the railroad which supplies the French forces at Verdun and the Americans at St. Mihiel with food and supplies.

In this sector, too, are the important cities of Chalons, Epernay and Bar le Duc, all three of which are important supply centers for the Allies' forces. The railroad was interrupted to some extent by the German advance to the Marne between Rheims and Chateau Thierry, but it is still a very important artery for the Allied forces.

The only other fighting of moment reported from the front has occurred on the Villers-Bretonneux sector, in front of Amiens, where the British have improved their positions.

All of these points are clearly shown on The Times map as well as their positions in relation to the American army bases at Toul and Nancy. In order to get a clear understanding of just what is taking place everyone should be in possession of one of these maps.

Rheims Not Touched.

The fighting extended on both sides of Rheims (8-K on War map), but the city was not touched. On the west the Germans penetrated to a depth four or five miles on a front 22 miles wide. South of the Marne the enemy was driven back by the Americans who took over 1,000 prisoners, according to the statement made by Bonar Law in the House of Commons.

The Associated Press observers are of the opinion that the aim of the German drive is Chateau Thierry (9-H on map), but state that the allied staffs are absolutely confident of their ability to hold the line.

Situation on Monday.

French Front—The Germans continue to launch their attacks against the French lines between Chateau and Rheims. Wave after wave, the Huns move forward, to be met by unwavering lines of sky blue poilus. The German losses are reported as extremely heavy, and in spite of their tremendous sacrifices the enemy has been able to make only the slightest and most unimportant of gains. South of the Marne the most intense fighting is taking place at St. *Agnan, La* Chappelle, Monthodon, Lisier and near the forest of Boquigny. Here the French have taken more than 1,000 prisoners.

North of the Marne on the outskirts of Chatillon and east of Rheims the enemy has failed to penetrate the French zones of defense.

American Front—Germany's spirit for the latest offensive has been broken. This is indicated in advices from the American army on the Marne. The Americans are continuing their policy of delivering counter attacks in the midst of the German advance. This has the result of demoralizing the enemy and many foe assaults are smashed almost before they are fully under way. It is a method of warfare to which the Huns are not accustomed and which they find difficult to stomach.

English Front—While the German guns are busy in the region southwest of Albert, (G-6 on Times war map), the English again report a local success in the neighborhood of Villers-Bretonneux. Here, just east of Amiens, the British improved their line and captured prisoners and some war material. At various points in Flanders, the British war office report increased artillery activity.

BUILT GALLOWS ON WHICH THREE DIED

THIEF RIVER MAN HAS UNENVIABLE EXPERIENCE AT CAMP DODGE.

War is naturally full of unpleasant experiences, but it is doubtful if a more disagreeable duty could be assigned to a man than providing the machinery with which comrades in arms are to be executed. This, however, became part of the task of Oscar J. Cerny, a Thief River Falls man, who is an army blacksmith at Fort Dodge.

The papers a few days ago were full of the hanging of three negroes at the camp for having assaulted a white woman, and Cerny was destined to play an unwilling part in their punishment. In a letter to his parents here he says:

"I have been quite busy and my system has been turned outside down since last Friday morning. I am not sick but that hanging got my goat.

"I suppose you received the papers and read all about it. Well, I helped build the gallows and made the hooks that dropped the trap doors. It was kept quiet while we did the work, which was carried on in my sop and only one carpenter and myself and one officer knew what was going on. No one else was allowed to come in. We had to work on it at night and on Thursday we worked all night putting it together, finishing it just a few minutes before the hanging took place. I was 15 feet from the gallows all the time and long before the actual execution I wished I was 15 miles away. My knees became pretty weak at times. All the soldiers were there but placed 150 yards away, and even then a considerable number of them fainted. But the Negro troops were the worst of all. Half of them acted as though they were crazy and the other half vomited so that it was not a very inspiring sight for a man who had been up all night. Hope I never have to go through anything like that again.

"Today is the first time I have worked since the hanging. It sure was a good lesson for the rest of the Negroes."

Cooper-Boyce.

M. L. Cooper and Mrs. Kate Boyce, of this city, were united in marriage July 13th at the Methodist Episcopal parsonage with Rev. J. A. Orrock officiating. Mr. and Mrs. Cooper will live on East Bridge street.

About Advertising

SOME PEOPLE think
ADVERTISING is simply
SPENDING MONEY.
BUT THE wise man knows
IT'S THE surest way to make more.
THE ONLY problem is
WHAT MEDIUM to use.
CIRCULARS AND hand-bills
COST A LOT of money,
BUT YOU give them away,
SO NOBODY wants them
ON THEIR front porches
NOR IN their morning mail.
THE ORDINARY man
PAYS REAL money
FOR HIS newspaper
AND THAT'S why he values it
MORE HIGHLY
THAN A circular.
HE BRINGS his paper home
SO THAT every member
OF THE family
CAN READ and enjoy its
BREEZY, up-to-the-minute news
AND PROFIT by heeding
THE HOME-TOWN merchants'
BID FOR their trade.
AND THAT'S a good reason
FOR ADVERTISING
IN A newspaper,
AND NOT only that,
BUT THE
MERCHANT using hand-bills
AND CIRCULARS hopes
FOR 10 readers to the 100 bills
IF WILLIE delivers the 100.
WHEREAS the newspaper advertiser
IS SURE of at least 4 readers
TO EVERY copy of the paper,
AND THEY all read and heed
HIS ADS.
AND THAT'S why he always
LOOKS PLEASANT
AND GROWS fat in the
BANK ACCOUNT.

P. Liden and daughter Mathilda autoed to Warren last Wednesday to attend to business matters.

Julius Liden spent Wednesday afternoon at Thief River Falls on business.

Several of the people of this vicinity attended the county graduation exercises at Thief River Falls Saturday afternoon.

ERIE

Rev. Hoyum of Esplee conducted religious services in the District No. 1 schoolhouse Sunday.

Lars Hyland transacted business at Goodridge Saturday.

Joseph Johnson spent the week-end at his home in Thief River Falls.

Salve Omlid is completing his barn, 26x40 feet.

Christian Amundson attended to business at Goodridge Saturday.

Joseph Johnson had his left shoulder badly twisted and his skull scratched last Thursday when his mule "Pete" rebelled at being tied to the manger. He knocked Mr. Johnson down on the floor and it was with considerable difficulty that he made his way out of the barn to the house, being alone on the place at the time. The shoulder is healing nicely and "Pete" is due for the minimum ration and extra hard labor for the rest of the fall. Perhaps the pesky mule would rather fight than work and Joe may decide to send him "over there" —to France or Flanders.

WYANDOTTE

The Booster Farmers' club held their regular monthly meeting at the Poplar Glen school house Saturday evening. There was a large attendance. As there was no program arranged, Mrs. J. R. Larsen and Mrs. C. Carlson were appointed by president I. E. Wilson to choose ten from the audience and have a spelling match. Mrs. C. Carlson's side carried off the honors. Misses Esther Hansen, Gena Haugen and Ella Berg served the refreshments. A motion was made to eliminate the August and September meetings on account of the rush season. The motion was put to a vote and carried, so there will be no more club meetings until the second Saturday in October. Mrs. K. Thorvilson and Ruth Larsen were appointed on the refreshment committee.

Ed. Larson of Thief River Falls who has been drilling a well for F. W. Earier struck a good supply of water at 140 feet.

S. Nelson of Grand Forks visited with his brother-in-law, K. Thorvilson a few days last week.

Andrew Olson of St. Paul spent a few days here looking over his real estate affairs last week.

Mr. and Mrs. O. Amundsen of Thief River Falls made a brief visit at the Sam Hansen home list Thursday.

Andrew Nelson bought an Overland.

A large crowd attended the Red Cross meeting held at Nils Hansen's. The Fourth of July celebration held by Wyandotte and Mayfield Red Cross branches netted each sixty dollars above expenses.

Misses Ellen Nelson and Esther Hansen shopped at Plummer last Friday.

Joe Mares is spending a few days visiting his parents at Maple Lake.

Among the Wyandotte people who attended the circus at Thief River Falls were Mr. and Mrs. Isaac Wilson, Mr. and Mrs. Knute Thorvilson, Mrs. Ed. Hallaway, Alfred Rolstad, Hjalmer Peterson and Ted Olson.

Knutsen and Gilbertsen are erecting an addition to the J. R. Larsen home.

President D. Haugen and Secretary H. J. Hemstad of the Plummer Co-op. Creamery association, were through this township last week selling shares for the association.

J. R. Larsen transacted business at St. Hilaire Monday.

Ben Mares and John Carlson brought cattle to Plummer Friday to be shipped.

K. Thorvilson and T. Berghdal autoed to Mahnomen Saturday and visited with friends and relatives over Sunday.

Mr. and Mrs. Sam Hansen were at Plummer Monday.

Gladys Kiel visited with Alice Lee last week.

T. Iverson is putting up a screened porch for D. Haugen.

School District 125 is having a new well drilled.

How The Bayonet Lost a Great Battle

BAYONETS, first made at Bayonne, France, whence they get their name, to begin, were almost as dangerous to the army with them as to its foe.

Fashioned with a solid butt, to be jammed into the muzzle, it rendered a gun useless for firing.

The butt was soon changed to a socket, but not before the new fangled bayonet brought the English army to grief at Killiekrankie.

The English soldier found the bayonet a poor fit, hard to get into his gun; and when he got it in, hard to get out. When he had to bayonet, he couldn't bayonet; when he had to shoot, he couldn't shoot.

GOODRICH SERVICE VALUE TIRES

The bayonet experiment gave the Scots the battle.

To safeguard tire users against the chance of *experiment*, Goodrich Test Car Fleets put the *road test* to Goodrich Tire, to make them in *word* and *deed* SERVICE VALUE TIRES.

Goodrich sees but *one tire value*, SERVICE VALUE—

That is, what a tire proves it is worth to the motorist on his car and on the road, in *comfort, economy, dependability,* and *durability.*

All Goodrich skill and sincerity build up SERVICE VALUE, whether you get **SILVERTOWN CORD TIRES, or BLACK SAFETY TREADS,** you get SERVICE VALUE TIRES.

Gain mileage, and the security of knowing your tires will not fail, by demanding SERVICE VALUE TIRES.

NOTICE OF MORTGAGE FORECLOSURE SALE.

Default having been made in the payment of Four Hundred Sixty-four and 35-100 Dollars ($464.35), principal and interest, which is claimed to be due and is due, at the date of this notice, upon a certain mortgage duly executed and delivered by Gilbert H. Hagen and Jennie Hagen, his wife, mortgagors, to Ellsworth and Jones, (Incorporated) mortgagee, bearing date the 1st day of April, 1915, and with a power of sale therein contained duly recorded in the office of the Register of Deeds, in and for Pennington County, Minnesota, on the 23rd day of April, 1915, at 8 o'clock A. M. in Book 3 of Mortgages on page 378, and no action or proceeding at law or otherwise having been instituted to recover said debt or any part thereof;

NOW THEREFORE, notice is hereby given that by virtue of the power of sale contained in said Mortgage and pursuant to the statute in such case made and provided the said mortgage will be foreclosed by a sale of the premises therein described and thereby conveyed, lying and being in the County of Pennington, in the state of Minnesota, to-wit:

The northeast quarter of the northeast quarter of Section Thirty-two (32) in Township One Hundred Fifty-four (154) North of Range Forty-five (45) West of the Fifth Principal Meridian, containing 40 acres, according to the Government survey, which sale will be made by the Sheriff of Pennington County at the front door of said County Courthouse, at the City of Thief River Falls, in said County and State, on Saturday, the 3rd day of August, 1918, at 10 o'clock in the forenoon of that day at public vendue to the highest bidder for cash to pay the said debt of $464.35, principal and interest and taxes if any upon said premises, and $25.00 Attorney's fees as stipulated in said mortgage in the case of foreclosure and the disbursements allowed by law, subject to redemption at any time within one year from and after the day of sale as provided by law.

Dated June 15, 1918.

ELLSWORTH & JONES,
Incorporated,
Mortgagee.

Order of Hearing of Petition of Freeholder to be Set Off.

Whereas, A petition signed by Nels Aarnes a freeholder of School District No. 44 in this county, with the approval of the County Superintendent endorsed thereon, representing that he is the owner of the following described lands situate in said District, to-wit:

SE¼ Section 34 Township 154 Range 41 School District No. 44 and asking that his said lands may be set off from said District No. 44 to said District No. 66 for the following reasons:

That the distance from my residence by nearest traveled road to school house Dist. No. 44 is 2½ miles, while the distance from my residence to school house District No. 66 is only 1½ miles. Also it is more convenient for my children to attend school in District No. 66, being that they have attended since I moved here in March 1914, was presented to the County Board of Pennington county, Minnesota, at a session of said Board held on the 8th day of July A. D. 1918, for the action of said Board thereon.

Now, therefore, it is ordered that said petition will be heard by this Board at the session thereof commencing on the 5th day of August, A. D. 1918, at the office of the County Auditor in the City of Thief River Falls in said County.

And it is further ordered that notice of time and place of such hearing be given by giving two weeks published notice thereof, and posting a notice of such hearing in three public places in each of the School Districts to be affected by said petition and by serving upon the clerk of each of said School Districts personally a copy of said notice of hearing, at least ten days before the time appointed for such hearing.

OSCAR J. PETERSON,
Chairman County Board,
Pennington County, Minn.

Attest:
T. P. ANDERSON,
County Auditor, and
Ex-Officio Clerk of Board. J-11-18

Notice of Hearing on Petition For Formation of New District.

Whereas, A petition has been filed with the County Board of the County of Pennington with the approval of the County Superintendent of Schools of said County endorsed thereon, signed and acknowledged by a majority of the freeholders who reside in the proposed new district herein described, and who are entitled to vote at school meetings in their respective districts, and duly verified by the affidavit of one of the residents of said proposed new district, praying for the organization of a new school district out of the territory hereinafter described, to-wit:

The Southeast Quarter Sec. 8, the south half of Sec. 9, 10 and 11, the Southwest Quarter of Sec. 12, the West half of Sec. 13 all of Sec. 14, 15, 16 the East half of Sec. 17 and 20, all of Sec. 21, 22 and 23, the West half of Sec. 24 the Northwest Quarter of Sec. 26, the North half of Sec. 27 and 28 and the Northeast Quarter of Sec. 29, all in Township 154 and Range 41, Pennington county, Minnesota, and the said County Board have appointed a time and place for a hearing upon said petition as by law required;

Now therefore,

NOTICE

Is hereby given, that a hearing upon said petition will be had at a meeting of the said Board, commencing upon the 5th day of August, A. D. 1918 at 2 o'clock in the afternoon of said day, at the office of the County Auditor in the City of Thief River Falls, in said County, at which time and place the said County Board will hear arguments of all persons interested, for or against the proposed organization of said new school district.

Dated at Thief River Falls, this 10th day of July, A. D. 1918.

By order of the County Board of Pennington County, Minn.

By T. P. ANDERSON,
County Auditor and
J-11-18 Ex-Officio Clerk of Board.

MORTGAGE FORECLOSURE SALE.

NOTICE IS HEREBY GIVEN, that default has been made in the condition of a mortgage executed by Andy Solberg and Alma Solberg, his wife, Mortgagors, to Louis Kruse, Mortgagee, dated February 23rd, 1917, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 23rd day of February, A. D., 1917, at Eleven O'clock A. M., in book 13 of Mortgages, on page 303 thereof, that the amount claimed to be due on said mortgage at this date is Five Hundred Fifty-three and 42-100 Dollars ($553.42); that the premises described in and covered by said mortgage are described as Lot Number Twenty-seven (27) and the South Ten Feet (S. 10 ft.) of Lot Twenty-six (26) of Block Numbered Eleven, (11), in Porter's Addition to the City of Thief River Falls, Minnesota, according to the plat thereof on file and of record in the office of the Register of Deeds in and for said Pennington County, Minnesota, and are situated in Pennington County, Minnesota; that said mortgage contained a provision that if default be made by the mortgagors in any of the provisions of said mortgage, that it should be lawful for the Mortgagee to declare the whole sum secured by said mortgage to be due and payable, that the mortgagors have failed and neglected to pay the interest which fell due under the terms of said mortgage on February 23rd, 1918, and have failed to pay the taxes on said premises for the year 1917, and the mortgagee has elected to declare, and has declared the whole amount of said mortgage, principal and interest due and payable; that by virtue of the power of sale contained in said mortgage and pursuant to the statute in such case made and provided, said mortgage will be foreclosed by the sale of said premises at public vendue to the highest bidder for cash, by the Sheriff of Pennington County, Minnesota, at the east front door of the Pennington County Court House, in the City of Thief River Falls, Pennington County, Minnesota, on August 17th, 1918 at Ten O'clock A. M., to satisfy the amount then due on said mortgage together with the cost of such sale and *Twenty-five Dollars ($25.00) attorney's* fees stipulated in said mortgage.

Dated June 24th, 1918.

LOUIS KRUSE,
Mortgagee.

THEO. QUALE,
Attorney for Mortgagee,
Thief River Falls, Minn.

Proposals For Bids For Construction of Sewer Improvement.

The City Council of the City of Thief River Falls, Minnesota, will receive sealed bids under the above title up to Eight O'clock P. M., on August 10th, 1918, at which time the bids will be opened and considered, for furnishing all labor, skill and material for the construction of a bridge and abutments for sewer improvements within the City of Thief River Falls, Minnesota, such bids to be made upon a basis of cash payment for the work and labor, and no bid will be considered unless accompanied with a cash deposit, or duly certified check payable to the order of the Treasurer of the City for at least fifteen per cent of the amount bid. Such bids to be in accordance with the plans and specifications now on file with the City Clerk of the City of Thief River Falls, Minnesota. The City Council reserves the right to reject any and all bids.

Dated at Thief River Falls, Minnesota, July 9, 1918.

A. H. AKRE,
J-18-25-A-1. City Clerk,
Thief River Falls, Minn.

Notice of Expiration of Redemption No. 787.

Office of the County Auditor, County of Pennington, State of Minnesota.

To W. S. Barclay.

You are hereby notified that the following described piece or parcel of land, situate in the County of Pennington and State of Minnesota, and known and described as follows, to-wit:

The W½ of SW¼ of Section 2, Township 152, Range 43 is now assessed in your name; that on the 11th day of May, A. D., 1914 at the sale of land pursuant to the real estate tax judgment, duly given and made in and by the District Court in and for the said County of Pennington on the 18th day of March, A. D., 1914 in proceedings to enforce the payment of taxes delinquent upon real estate for the year 1912 for the said County of Pennington the above described piece or parcel of land was sold for the sum of $15.49, and the amount required to redeem said piece or parcel of land from said sale, exclusive of the cost to accrue upon this notice is the sum of $15.49 and interest as provided by law at the rate of 12 per cent per annum from said 11th day of May, 1914 to the day such redemption is made, and also subsequent taxes and interest as follows:

$16.37 and interest thereon at the rate of 12 per cent per annum from the 15th day of January, 1915 to the day such redemption is made, and $15.29 and interest thereon at the rate of 12 per cent per annum from the 15th day of January, 1916 to the day such redemption is made, and $14.71 and interest thereon at the rate of 12 per cent per annum from the 23rd day of January, 1917 to the day such redemption is made, and $18.00 and interest thereon at the rate of 12 per cent per annum from the 22nd day of January, 1918 to the day such redemption is made.

And that said tax certificate issued upon said sale has been presented to me by the holder thereof, and the time for redemption of said piece or parcel of land from said sale will expire sixty (60) days after the service of this notice and proof thereof has been filed in my office.

Witness my hand and official seal this 8th day of July, A. D., 1918.

CITATION FOR HEARING ON PETITION TO SELL, MORTGAGE OR LEASE LAND.

Estate of Stein Jorgenson.

State of Minnesota, County of Pennington, in Probate Court:

In the Matter of the Estate of Stein Jorgenson.

The State of Minnesota to Annie Jorgenson, Margarette Jorgenson, Loyd Jorgenson, Paul Jorgenson, Ethel Jorgenson, Gladys Jorgenson and Arnold Jorgenson, heirs at law and next of kin to Stein Jorgenson, deceased, and all persons interested in the sale of certain lands belonging to said Stein Jorgenson, deceased. The petition of Carl Christofferson, as representative of the above named decedent, being duly filed in this court, representing that it is necessary and for the best interests of said estate and of all interested therein that certain lands of said decedent described therein be sold and praying that a license be to him granted to sell the same:

NOW THEREFORE, you, and each of you, are hereby cited and required to show cause, if any you have, before this court, at the Probate Court Rooms, in the City of Thief River Falls, County of Pennington, State of Minnesota, on the 27th day of July, 1918, at 10 o'clock A. M., why the prayer of said petition should not be granted.

WITNESS the Judge of said Court, and the seal of said court, this 2nd day of July, 1918.

WILHELM MICHELET,
Judge of Probate Court.

(Court Seal.)
THEO. QUALE,
Attorney for petitioner.

Notice of Annual School Meeting.

Notice is hereby given that the annual meeting of the qualified voters of Independent School District No. 18, of Pennington county, Minnesota, will be held at the Auditorium in the City of Thief River Falls in said county, on July 20th, 1918, at 7 o'clock p. m., for the purpose of electing two directors to succeed F. H. Gambell and Charles A. Pitkin, whose terms will expire, and to transact any other business which may come before the meeting.

Notice is further given that applications have been filed for the following persons as candidates for directors to be voted upon at said meeting.

P. O. Myhrum
H. W. Froehlich

Dated this 8th day of July, 1918.

J-11-18 CHARLES A. PITKIN,
Clerk.

Notice of Sale in Ditch Proceedings. SALE OF DITCHING JOBS.

Notice is hereby given, that on the 5th day of August, 1918, at 3:30 o'clock p. m., at the office of the County Auditor in the City of Thief River Falls, Minnesota, I will sell the jobs of digging and cleaning the Ditch No. 32 of Pennington county, ordered by the Board of County Commissioners of Pennington county, State of Minnesota, by their order bearing date August 15th, 1918, viz: For the work as one job, and also for one or more sections of 100 feet each, and also for one or more of the construction jobs, each of said sections to be known and numbered by stakes as shown by the report of the Engineer in said matter, commencing at the one including the outlet, and from thence, successively, up stream to the one including the source 3711.0 cubic yards, to the lowest responsible bidder or bidders, and that bids are invited for said work; said work to be completed within the time required and in the manner specified, in said Engineer's report. And no bid will be entertained which exceeds more than thirty (30) per cent over and above the estimate cost of the construction, in any case, as stated in the said order; and the successful bidder will be required to give a satisfactory bond, to be approved by the Auditor of said County, with two freehold sureties, for the faithful performance and fulfillment of his contract, and to pay all damages that may accrue by reason of his failure to complete the job within the time required in the contract. The said order and estimates and profile are on file, and may be seen at my office.

The approximate amount of work to be done in the construction of said ditch is as follows:

All bids must be accompanied by a certified check payable to the Auditor of said county, for not less than ten per cent of the amount of each bid.

The right to reject any and all bids is hereby reserved.

Dated July 16th, 1918.

T. P. ANDERSON,
County Auditor Pennington county,
State of Minnesota. —J-18-25

Mr. and Mrs. Elias Peterson and daughter Grace, accompanied by the Misses Oline and Ida Larson of Thief River Falls, autoed to Roseau Saturday where they visited with relatives until Tuesday.

GOLDEN VALLEY

Matt McKeever, wife and children and Billy Homer of Bowsmont, N. D., spent the Fourth with the Stanley Groshon family.

Mrs. Kenyon has gone to Austin, Minn., to visit with her parents for a few months.

Mrs. Murray came Friday to spend the balance of the summer with Mr. Murray. He is building a new barn and will add another room to the house.

George Lillie arrived last week to visit with Robert Lillie and family. He will return to his home at Rollette, N. D., in a short time.

Alfred Knudtson who was kicked in the head by a vicious horse at the young peoples' hall east of Rollis, is getting along nicely.

Mrs. John Anderson who has been a sufferer from a cancer died last Thursday night. She was buried at the Edie cemetery on Saturday. Her son, who was at Camp Dodge, Iowa, arrived Saturday morning in time for the funeral. The deepest sympathy for the family is felt by all who knew them.

Cornell-Wood-Board
Easy to Put Up—Lasts a Lifetime

That Den You've Wanted

FIX up a regular room of your own—where you can rest or study, as your mood dictates. Do it yourself in your spare moments, if you choose, with Cornell-Wood-Board. It nails right over the old walls or direct to the framework. Full directions in every bundle.

The Public Forum

Readers of The Times are invited to make free use of this column to express their ideas on topics of general interest, but discussion of sectarian religious differences as well as personalities are barred. All communications must be signed, not necessarily for publication, but in order to show the good faith of the writer. In thus throwing open its columns to the public, The Times assumes no responsibility for the opinions expressed, nor is it to be assumed that their tenor necessarily corresponds with the policy of the paper.

The Nurse Question.

At a time when there is a great cry for nurses, the government comes forward and urges capable young women to enter the training schools for nurses connected with our hospitals. If there is a young woman in good health who has a liking for the care of the sick or who is capable of developing a desire to help the needy, it is her duty at this time to enter into training and to fit herself for the work the country demands. Your country calls you to prepare for this work for which you are so ably fitted just as it calls for the soldier boy who fights and who afterwards need you.

"If you are in earnest, are tidy, have a few womanly accomplishments, are of good moral character, and in good health with an aptitude for work, you should prepare to serve your country.

Our local hospital, with its new nurses' home, can give you a personal training that is equivalent to the training you can get in larger hospitals in the city. In fact you are better prepared in many ways to follow your profession when you get out than when you finish at larger institutions. All the work that you get there you get here.

The hospital can take three bright young women now and will do its part in making them ready for government Red Cross work.

The hospital is an accredited hospital and all the time a young woman spends here is allowed as full time should she wish to do graduate work in the city hospitals later.

The government has sent a call to you, young woman, to lend yourself to the preparation of a profession than which there is none more noble. Will you answer the call? Will you take advantage of the opportunity so near your door?

Should you be interested will you see or correspond with Miss Rock, superintendent of the hospital, or let Dr. Gambell know of your desires.

Thief River Falls, July 16th.

AGDER

Martin and Ole Twedt returned to Thief River Falls last Friday after having been employed at the Isaacson home for a couple of weeks.

I. A. Isaacson was a business caller at Thief River Falls last Friday.

Cream Buying Stations To Be Abolished August 1

Federal Food Administrator for North Dakota calls cream stations a shameful and needless waste of effort and should be stopped

E. F. Ladd, federal food administrator for North Dakota and J. J. Osterhaus, dairy commissioner, have ruled that all unnecessary cream stations shall be closed Aug. 1st. In a statement issued a few days ago Federal Food Administrator Ladd says:

"As a war measure, for the conservation of man-power, to prevent unnecessary shipments, our railroads already congested, to enable the best possible utilization of all dairy products, and to insure a good and permanent market for the milk and cream for the dairy men of the state, it is deemed essential that all unnecessary buying agencies for cream be abolished and that all of this creamery work be concentrated and brought under inspection and regulations."

A decision similar to this one in North Dakota very probably will be put in force in Minnesota in the near future. Meanwhile each individual can do his share to relieve the congestion on the railroads and save food by sending your cream to the nearest and best market, which for this territory is

SWIFT & COMPANY U.S.A.

How France Has Been Fed

"Before the war, a distinguished French Officer, General Maitrot, wrote a series of articles in the 'Echo de Paris' to warn France, that in case of war, the French meat industry would be unable to supply the French army in the field with fresh meat,—owing especially to the lack of modern refrigerating plants and of refrigerating transportation,—and too, owing to the deficiency in the national herd."

"Since the war began the French army has never been short of fresh meat, thanks mainly to the prosperous condition of the American meat industry, and too, to the American live stock breeders."

The foregoing statement was made by a representative of the Allies now in the United States.

Another representative of the Allies said recently:

"that the American packers have been of the greatest possible assistance to the Allies and have, by their efficient cooperation, contributed in the utmost degree to the successful prosecution of the war."

CROWDS AROUND TIMES' WAR MAP

EVERY MOVE OF CONTENDING ARMIES CAN BE EASILY FOLLOWED.

As soon as news of the latest German offensive on the western front was received here on Monday morning one of the new war maps was placed in the west window of The Times office and as the bulletins were posted each move of the contending armies was followed with interest and accuracy. It proved an easy matter to locate the scene of the principal action, as the battle line as far as Chateau-Thierry is marked out in colors. There was much enthusiasm displayed when the reports giving accounts of the part played by our soldiers was received. On the excellent map every move of the armies could be traced and interest in the proceeding was intense.

The Times' War Map is the best we have yet seen and may be had absolutely without cost by anyone paying one year's subscription to the paper. Besides the western front there is a map of Italy and also one of Europe. Minnesota covers one whole page of the four-page hanger and the United States and Mexico another. The whole thing is indexed making it an easy matter to find any desired point.

CREAM AGENCIES CALLED WASTEFUL

MUCH SPECULATION AS TO EFFECT OF NORTH DAKOTA ACTION HERE.

Minnesota creameries and dairymen are much interested in noting the effect of an order recently issued by State Food Administrator E. F. Ladd of North Dakota, abolishing all cream-shipping stations within his jurisdiction. It is generally admitted that if such action is found necessary or advisable in the sister state it will only be a short time until a similar rule is laid down for Minnesota. In his notice to dairymen and agents Prof. Ladd calls the maintenance of cream stations a "shameful and needless waste of effort that should be stopped." As further reasons for issuing this rather revolutionary order the North Dakota administrator says:

"As a war measure for the conservation of man power; to prevent unnecessary shipments over railroads already congested; to insure the best possible utilization of all dairy products, and to insure a good and permanent market for all milk and cream for the dairymen of the state it is deemed essential that all unnecessary buying agencies for cream be abolished and that all this creamery work be concentrated and brought under inspection and regulation."

At the Theatres.

The attractions at the Princess for the coming week will run rather strong to emotional productions. When two such stars as Clara Kimball Young and Elsie Ferguson appear at the same house during the same week, that house may be said to have presented the best there is to be found.

Clara Kimball Young appears tonight in "A House of Glass." This is one of those high-class, intense plays in which this remarkable actress seems to delight.

"The Firefly of France," a story recently running in the Saturday Evening Post, has ben picturized and will be presented on Friday night with Wallace Reid in the leading role. This is the story of a young American who becomes involved in a German spy plot, but manages to win both fame and love in the end.

Francis X. Bushman and Beverly Bayne have a particularly clever play in "Social Quicksands," Saturday's offering. One regular old fashioned fist fight with thugs forms an interesting interlude to a rather amusing play.

"Let's Get a Divorce," is the title of a very unusual play coming to the Princess on Sunday night with Billie Burke in the lead. It is taken from one of Victorien Sardou's famous productions and as the brilliant Frenchman was never sparing in his treatment of a subject it is likely that this piece will furnish food for gossip.

"The Beast of Berlin" will be shown on Monday and Tuesday evening. It is said to be the most masterful picturization of the kaiser that anyone has ever attempted. The film has been running in the leading theatres of the country for some time and has only lately been released for presentation in the smaller towns. It is the most powerful, timely and enlightened photoplay yet produced dealing with the war and has been the subject of more comment than anything since "The Birth of a Nation" first appeared.

Elsie Ferguson comes on Wednesday evening in the great Ibsen play, "A Doll's House." This is considered one of the very finest of the great Norwegian's productions and is said to have lost nothing in being translated to the screen. Miss Ferguson has played the piece on the legitimate stage and has acquired still greater fame by it in pictures.

+ + + + + + + + + + + + + + + + + +

THIS IS IMPORTANT.

A meeting of the Commercial club will be held at the club rooms on Friday evening, July 19, at 8 o'clock. A meeting of the directors will follow immediately after the adjournment of the club meeting. Matters of interest and importance to the entire membership are to be discussed.

C. R. CRANDALL, President.
G. H. SMITH, Secretary.

More Fordson Tractors.

M. T. McFarland, agent for the Ford lines in this city, has been informed that he will be able to receive 14 more tractors to be disposed of at cost. Only seven machines were allotted to the district in the first distribution, but this has been increased because of the demand among farmers for the machines. This additional supply will be taken up as fast as was the first consignment, and the farmer who does not get his order in stands a good chance of getting left. Fordson tractors will be built in large numbers later on but it is not to be expected that they can be handled always at the bare cost of production.

ECON-O-KLEEN IS BECOMING FAMOUS

ORDER FOR HOME PRODUCT IS RECEIVED FROM SHANGHAI, CHINA.

There is one product manufactured at Thief River Falls that is bringing the name of the city to the attention of people at the far corners of the earth. The Econ-O-Kleen Fuel company a couple of weeks ago received an order for the product from France; about the same time an auto owner in the Hawaiian Islands wanted to try out the famous carbon preventive, and this week Manager Scott Laird was showing an order from far-off China. This last consignment will go to the British Cigarette company, Ltd., of Shanghai, the manager of which writes that he has seen the advertisements of the preparation and realizes that it is bound to be in great demand.

Mr. Laird states that the sales for the first 15 days of the present month have been greater than for the entire month of June and that the gain is growing with every mail. There is no question but that the manufacturers of this article have discovered something the use of which will become universal as soon as its value becomes more generally known.

Nature Sets a Guard.

Since sugar is purely an energy food, it is necessary that a proper balance of muscle-making food go with it; and, since an excess of sugar may cause serious disturbance, a guard has been set—the appetite, which normally refuses more sugar than the system can well care for.

LAGERQUIST AGAIN ESCAPES OFFICERS

JUMPS FROM TRAIN WHILE ON WAY TO FORT LEAVENWORTH.

Andrew Lagerquist, the young man who attempted to wreck a train some time ago on the Soo railroad near Karlstad, was captured near his home, after eluding the officers who were after him for some days. He was being taken from Fort Leavenworth to Des Moines last week to appear as a witness in the trial of his father, I. J. Lagerquist, who is charged with being the instigator of the plot. The pair are also charged with the opening of the faucets of large oil tanks, allowing the contents to drain out.

The young man occupied the upper berth and was handcuffed and chained fast, while the guard occupied the lower berth. In some manner the prisoner twisted until he broke the chains and made his escape. He has returned to Karlstad, where he remained concealed in the woods about there. The sheriffs of Kittson and Roseau counties employed posses of men to scour the woods to recapture the man. It is claimed that he is mentally deranged.

STAMP SALES NOW TOTAL OVER $30,000

LIBERTY LOAN CAMPAIGN HAS CAUSED SLUMP WHICH IS NOW OVERCOME.

Postmaster John Morgan reports the sale of Savings Certificates and War Stamps for June to have been $30,753.51, which is over $1,150 for each of the 30 days of the month. If each day is counted as containing ten working hours it means that our people are investing in these war issues at the rate of more than $100 an hour.

During May and June the sales of stamps fell off to a marked degree, due to the floatation of the Third Liberty Bond issue, and things have not yet reached the point at which they were broken off. A steady improvement is noted, however, and while it is doubtful of we will reach the high water mark of nearly $8,000, which was the record for March, it is certain that the securities will move at a better rate than at present.

Following is the monthly record since the baby bonds were placed on sale: December, $885.97; January, $3,584.27; February, $4,937.05; March $7,933.79; April, $6,000.50; May, $2,946.40; June. $3,753.51.

CREAMERY MAKING NEW HIGH RECORDS

RECEIPTS FOR JUNE SHOW INCREASE OF $11,000 OVER YEAR AGO.

In spite of the somewhat tardy appearance of good pasturage the past spring and the alleged reduction in the number of milch cows on farms because of the high beef prices, the reports at the Thief River Falls Cooperative creamery show an increase in receipts over last year for every month of 1918. March thus far holds the record, the receipts during that month going practically 100 per cent over the corresponding period of 1917. For the month of June the receipts from all sources totalled $35,000 as compared with about $24,000 a year ago. From indications during the first half of July it is certain that the total will reach $35,000 for that month.

During the less favorable months of the year the receipts will naturally be decreased to a considerable extent, but if the average of increase is maintained it means that the creamery will do a total business of about $200,000 in 1918. This is an increase of nearly $50,000 over last year.

The number of patrons sending the product of their herds to the co-operative institution is steadily on the increase, while the size of the check received by each grows larger every month.

Farm Club Meeting.

The West Side Farm club will hold a special meeting on Friday evening, July 26. Because of the rain it was found necessary to postpone the meeting at the time of the regular date. A full attendance is requested as matters of much importance are to be discussed.

+ + + + + + + + + + + + + + + + + +

A BATTALION OF PRAYERS.
(Contributed)

The Christian people all over the United States, joining in a Battalion of prayers through the advice of President Wilson, pledge themselves to pray every day for the soldiers and sailors, doctors and nurses, who are fighting for us at home and abroad. The W. C. T. U. has always been a praying Battalion and our beloved Francis Willard never neglected her noon tide prayer hour.

Those who have sons in the service know what it costs to give such gifts and are drawn instinctively nearer to each other and to God as we pray together for that strength which alone can stand the test of these days of world's crisis. There is no Christian man or woman too busy to come before the throne of mercy and pray for victory of our forces at war. Lord teach us to pray.

+ + + + + + + + + + + + + + + + + +

Rolled Hoops to St. Hilaire and Back Again.

A boy's idea of what constitutes fun is sometimes a little hard for older persons to grasp. He will work like a nailer at some absolutely useless occupation if he thinks he is having a good time and then roar his head off if asked to perform some trivial task in which he sees no amusing feature. For instance, rolling a hoop for a distance of 16 miles this hot weather would hardly appeal to most folks as being a particularly hilarious proceeding, but four Thief River Falls boys evidently take a different view of the matter—and that is, of course, their privilege.

Hoop-rolling, as a juvenile pastime, has gone pretty well out of date but these four boys—two the sons of Mr. and Mrs. B. Dan Bjorkman, and the others the young hopefuls in the family of Mr. and Mrs. A. J. Collins—proceeded to resurrect it the other day. They started out in the afternoon with their hoops and never stopped until St. Hilaire was reached, a distance of eight miles. Here tehy visited for awhile with their former chum, Jerome Aga, son of Mr. and Mrs. Jacob Aga, and then started back over the same route, still rolling their hoops.

They arrived home in good order and did not seem to be particularly tired after their trip, although it is recorded that their parents had no trouble in getting them to eat a little supper.

Visited Returned Veteran.

Mr. and Mrs. W. F. Edgar returned the first of the week from a visit with their son, Sergt. C. L. Diffenbacker, at Winnipeg. This soldier, who has just come back from service overseas, has been in the Canadian army for more than two years and has been invalided home. He was first gassed, but recovered and went back to the trenches again; was seriously wounded at the battle of Vimy Ridge but recovered and again took up his duties, being promoted to sergeant for distinguished conduct under fire. He was finally unable longer to stand the front line grind and given other war work to do. Securing his discharge he returned to Canada and will join his family at Steppler, Alta.

Sergt. Diffenbacher presented his parents with a number of mementos of his army career. One is a brass shell for a large caliber gun which has been cut down to represent a Canadian service cap. Another is a wicked-looking knife taken from a dead German, while a cartridge clip and several coins make up the remainder of the collection. The articles may be seen in the east window of The Times office.

Only Two Are Returned.

There has been quite a row raised in some sections of the state over the number of draftees returned as physically unfit, from Camp Grant, but Pennington county boys are passing the tests in fine shape. Out of a total class of 45 sent down last month but two have been returned because they failed to pass the examinations. No county in the state has a better record than this.

CLASS OF 24 TO BE CONFIRMED SUNDAY

SPECIAL SERVICES ARRANGED FOR OCCASION AT NORWEGIAN LUTH. CHURCH.

Confirmation services will be conducted at the Norwegian Lutheran church next Sunday by Rev. I. T. Aastad. There are 24 members in the present class, this being about the average during the past few years. Those who will reaffirm their baptismal vows at this time are: Roscoe N. Bakke, Robert W. Rassmussen, Emma M. Johnson, Beatrice E. Erickson, Helen A. Langseth, Lina M. Kaushagen, Julia Lonson, Esther Hadrath, Roy W. Wold, Arthur H. Amble, Oliver Loyland, Paul A. Helseth, Herschel Hanson, Mabel H. Olson, Bertha Aaseby, Irene A. Aastad, Elsie Granum, Thora Loyland, Lena Omundson, Pearl Larson, Maria Nelson, Lena Hagen, Gertrude Hjelden, Olga Bunde.

MAY NOW CONVERT ALL FORMER BONDS

FIRST LIBERTY ISSUES SHOULD BE CHANGED INTO THE NEW SERIES.

From now on up to November 9, holders of first and second Liberty bonds may convert them into bonds of the third loan, bearing 4¼ per cent interest by presenting them to their banks and filling out application blanks which have been furnished. Interest at the higher rate will be allowed from June 15 on first and from May 15 on second bonds. Conversion bonds to be issued in exchange will bear the same terms as those of the Third Liberty Loan, except that the maturity dates, periods for payment of interest and terms of redemption are to remain the same as those of the bonds for which they are given.

Hot Stuff.

Recently a Frenchman invented an electric furnace in which all the operations of making and refining glass are carried on continuously with the some source of heat.

NEW PRINCESS THEATRE

The Shows as You Like Them

SPECIAL ATTRACTION FOR Thursday, July 18—
CLARA KIMBALL YOUNG in
"THE HOUSE OF GLASS."
One of Miss Young's best pictures. Also a comedy. Night, 11c and 20c.
Friday, July 19—
WALLACE REID in
"THE FIREFLY OF FRANCE."
At least 5,000,000 people read this story of American pluck and German intrigue in the Saturday Evening Post. See it brought to life on the screen. Also a comedy.
Saturday, July 20—
FRANCIS X. BUSHMAN and
BEVERLY BAYNE in
"SOCIAL QUICKSAND."
A story of romance, adventure and a girl burglar. Also a 2 reel Keystone comedy at no advance in prices.
Sunday, July 21—
Special Attraction
MISS BILLIE BURKE in her greatest picture
"LET'S GET A DIVORCE."
A comedy drama every man, woman and child will enjoy. Also a comedy.
Adults 20c; Children 11c. First show 7:15; second 9:00.
Monday and Tuesday, July 22 & 23—
Matinee and Night.
A wonderful attraction
"THE KAISER—THE BEAST OF BERLIN."
The most powerful, timely and enlightening photoplay dealing with the present war against Prussianism. A picture every American citizen wants to see. Adults 25c; Children 15c. First show 7:30; second 9:10.
Wednesday, July 24—
ELSIE FERGUSON in
"A DOLL'S HOUSE."
By Henrik Ibsen, the great Norwegian writer. There is no greater artist on the screen today than Miss Ferguson. Be sure to see her. Also a 2 reel Triangle comedy.
Big Special Thursday, July 25. "THE PUBLIC BE DAMNED." A picture highly endorsed by pulpit, press and public. Exposing the food situation and its causes.
Matinees Tuesdays, Wednesdays and Saturdays, 5c and 10c. Night 10c and 15c. First show, 7:30; second 9.

Auction Sale.

An important sale of high grade guernseys will be held on the John Philipp farm on the northeast quarter of section 82, five and a half miles west of Mavie in the town of Grand Plain on Wednesday, July 24, when the fine herd belonging to Mr. Philipp will be sold under the hammer. There are 16 head in the herd, from two to six years of age, all of them one-half or three-quarter guernsey. All of these cows with the exception of two are now milking. This will without doubt be the most important cattle auction to be held in this section the present season as the Philipp herd is regarded as one of the very finest in the neighborhood. Terms are cash or bankable paper due Nov. 1, 1918. W. J. LaBree is the auctioneer and Thomas H. Smith of Mavie will clerk the sale.

Auction Sale.

There will be an auction sale of household goods at the home of Mrs. E. Fallman on East Bridge street on Thursday afternoon, July 25, at which a considerable amount of household furniture will be offered. There will also be placed on sale one five-year old cow, half Jersey and Guernsey and 13 brown Leghorn chickens. A half-acre plot of Early Rose potatoes will also be disposed of as the owner is leaving the city and will not be able to look after them. W. J. LaBree is the auctioneer.

PROGRAM OF EXAMINATIONS

For Common School Certificates, July 29, 30 and 31, 1918, at the Lincoln High School building, Thief River Falls, Minn.

Monday, July 29:
A. M.— 8:00 to 8:45 Enrollment.
— 8:45 to 9:15 Spelling.
— 9:15 to 10:00 Penmanship.
—10:00 to 12:00 Arithmetic.
P. M.— 1:15 to 3:00 Geography.
— 3:00 to 4:00 Composition.
— 4:00 to 5:00 Reading.

Tuesday, July 30:
A. M.— 8:00 to 9:45 U. S. History.
— 9:45 to 11:30 Eng. Grammar
—11:30 to 12:00 Music.
P. M.— 1:15 to 2:45 Physiology-Hygiene.
— 2:45 to 4:00 Civics.
— 4:00 to 4:45 Drawing.

Wednesday, July 31:
A. M.— 8:00 to 8:30 Enrollment.
— 8:30 to 10:15 Geometry.
—10:15 to 12:00 Physics.
P. M.— 1:15 to 2:45 Algebra.
— 2:45 to 4:15 Physical Geography or General History.
— 4:15 to 5:15 Agriculture.

If Geography, Physiology-Hygiene, or Algebra do not require the full time, the remaining time may be used for the subjects that follow.
J-11-18-25.

AUCTION SALE of High Grade Guernseys

I will sell at Public Auction on my farm, the NE Quarter of Section 28 in the town of Grand Plaine, 5 miles north and one-half mile east of Mavie, on

Wednesday, July 24th

at 1 o'clock P. M. sharp, the following described Guernsey cattle:

GUERNSEY MILK COWS

Color	Age	Grade	Will freshen
One Black Cow	6 years	one-half Guernsey	Nov. 19th
One Red and White Cow	5 years	one-half Guernsey	Dec. 14th
One Red Cow	5 years	one-half Guernsey	Sept. 10th
One Red Cow	5 years	one-half Guernsey	Sept. 18th
One Black and White Cow	4 years	one-half Guernsey	Sept. 20th
One Black and White Cow	3 years	one-half Guernsey	Jan. 19th
One Red and White Cow	3 years	one-half Guernsey	Jan. 19th
One Black and White Cow	2 years	one-half Guernsey	April 8th
One Light Fawn and White Cow	4 years	three-quarters Guernsey	Sept. 20th
One Light Fawn and White Cow	4 years	three-quarters Guernsey	Sept. 20th
One Light Fawn and White Cow	3 years	three-quarters Guernsey	Jan. 21st
One Light Fawn and White Cow	2 years	three-quarters Guernsey	March 30th
One Black and White Cow	3 years	three-quarters Guernsey	Jan. 31st
One Light Red and White Cow	2 years	three-quarters Guernsey	April 2nd
One Fawn and White Cow	2 years	three-quarters Guernsey	April 12th
One Fawn and White Cow	3 years	three-quarters Guernsey	Just fresh

ALL THE ABOVE COWS ARE MILKING EXCEPT TWO

TERMS OF SALE: Cash or bankable paper due Nov. 1st, 1918.

John Philipp, Owner

W. J. LaBree, Auctioneer
Thos. H. Smith, Clerk

LAYS BLAME AT DOOR OF KAISER

FRITZ OSTEN-SACKEN SAYS RULER POSSESSES AN INSANE AMBITION.

WOULD BE WORLD MASTER

A GLIMPSE OF GERMAN AMBITION AND INTRIGUE FROM THE INSIDE.

Declaring that before the world can be made a safe place in which to live the German military autocracy, *with the kaiser at its head*, must be forever crushed and his belief that the United States is destined to be the nation to deliver the final blow that will relieve mankind from any danger of domination by the mad-man of Potsdam, Fritz Osten-Sacken on Tuesday night closed one of the most remarkable addresses ever heard in Thief River Falls. This former German nobleman, now an American citizen with four sons in the army of his adopted country, flayed those who are misruling the land of his birth in a manner that must have satisfied even the most ardent hater of the kaiser. The address was delivered at the Auditorium before one of the largest audiences ever seen in the city.

The First Speakers.

The meeting was held under the auspices of the America First association and had been brought about by the efforts of the Civilian Recruiting committee. Mayor Penney acted as chairman and called first upon G. Howard Smith to explain what was expected of those who are able to go out and help gather the crops. Mr. Smith stated that the matter was of the greatest importance and told his hearers how they might enlist for this work. He was followed by Sergt. C. H. Foucault of the regular army, who came over from Bemidji to talk of the opportunities now offered those who wish to enter the service through this branch.

One of the "Princess Pats."

The next speaker was Sergt. Hanley of Winnipeg, a member of the famous "Princess Pat" Canadians who were among the first to answer England's call to her colonies. Sergt. Hanley has been invalided home and will never again be in condition to enter active service. He was desperately wounded, has been gassed and suffers yet from shell shock. He told of the early days of the war and how the British and French were compelled to fight without adequate equipment in any department and how they consequently suffered. The Princess Pats started from Canada 1,200 strong and now 13 remain alive. The regiment has been twice recruited up and as many times again decimated. Hardly a man remains of the original contingent.

Unspeakable Atrocities.

But it was in speaking of the modes of warfare employed by the Huns that Sergt. Hanley was at his best. He spoke without heat and with no attempt at oratory, telling his story in a straightforward manner that held the hearers spellbound. He said that no one will ever know why the Germans did not continue their drive toward Paris in the autumn of 1914. The British could not have held them and the French were as helpless. Belgium had been overrun and the German army was at the height of its victorious march. Yet they stopped, said the speaker, and it seemed as if God had decreed they should go no further. Their failure to continue at that time forever put out of their reach the possibility of winning, as from then on the allies gained in strength while the Germans have been losing.

Concerning the atrocities committed by the German soldiers, Sergt. Hanley could hardly speak. They are so far more terrible than anything that people who have not been actual eyewitnesses can possibly imagine that they would not be credited. He has promised to give a moving picture lecture at the Auditorium on Monday evening when these things will be more fully explained. Sergt. Hanley received an ovation at the close of his address.

The Madman of Potsdam.

Mr. Osten-Sacken spoke from the standpoint of a man who knows the German ruling classes from close association. He is himself a nobleman of the realm, his family having been in the favored class for hundreds of years. He is personally acquainted with the kaiser and knows that those who say he is not to blame for the present war are mistaken. Wilhelm the Second aims to become a greater man than Alexander, Ceaser, Napoleon or Frederick the Great. His ambitions have made him a madman. He is a nervous wreck and his decisions are given without any effort at reasoning. The speaker was present when the kaiser told our ambassador, Mr. Girard, that "he would stand no nonsense from America after the war." At that time he added, according to Mr. Osten-Sacken: "I have 3,000,000 Germans in the United States who will do my bidding."

Are Not Supermen.

The speaker was particularly effective when referring to the American soldier and comparing him with the minions of the kaiser. He exploded the "supermen" myth and bombarded German claims to superiority with keen sarcasm. The German soldier with all his training is no more a matter for self-reliant American than is a child. He can only obey and go where he is sent. As to thinking for himself, that is out of the question.

A Thorough American.

The speaker told of how he had been assisted after breaking with his father and coming to this country. Germany became intolerable to a man of his independent way of thinking and he found here opportunity and honors. He said he was an American now and forever. Not a German-American as so many men were satisfied to be, but just a plain American citizen, trying to do his bit for the many things Uncle Sam had done for him.

Many Visitors Here.

The audidence paid the closest attention to his remarks throughout, hottest night of the *season but few* left the hall before the proceedings were at an end. A large number of people were present from Red Lake Falls and other nearby towns, the former bringing their band which alternated with the local band in furnishing music before and after the addresses.

AUTO THIEVES ARE IN NEIGHBORHOOD

STOLE FORD CAR AT HAZEL BUT FAILED TO GET OVERLAND.

Automobile thieves are plying their trade in the neighborhood and several losses have already been reported. A Ford car belonging to Ole Peterson of Hazel was taken the other night and no trace of it has since been found. At the same time an attempt was made to get away with a new Overland machine belonging to Andrew Nelson. But for the fact that the latter car was without a battery at the time it is altogether likely that it would have been added to the haul.

Mr. Nelson's car was brand new and had just arrived from the factory. The thieves tried to start it and upon meeting with failure decided to push it along. They managed to get about a quarter of a mile away from where they found the machine when they gave the job up, the car being found in the morning.

At Greenbush a car was stolen a day or two before the Hazel theft and it is thought that a gang is operating in the neighborhood. Officers in the different cities and villages have been warned to be on the lookout for them.

GIRLS TAKE PLACE OF MEN ON FARMS

YOUNG WOMEN VOLUNTEER TO HELP DURING HARVEST AND THRESHING

Last summer quite a number of young women from the cities went onto the farms to help in the work, confining their activities for the greater part to duties about the house, dairy, etc. This summer their sphere of activity will be extended, if one is to judge by the action of those who have already enlisted, and they will take up any kind of farm employment they are capable of handling.

Misses Katherine Thill, a graduate with the 1918 class of the Thief River high school and Anna Knudson, daughter of Mr. and Mrs. Bernhard Knudson, have set the example in this city and that others will follow is certain. These girls will engage in no light occupations, but expect to get right out into the field, pitching hay or bundles, as the case may be, and putting in a regular day at it.

There was no particular necessity for either one of these girls taking up work of this character, but they feel that they can better do their part in the present crisis by doing the work of men as far as they are capable of doing it than by helping at women's duties for which no labor scarcity exists.

Now that a start has been made it is probable that there will be large numbers of these young women volunteers and their assistance is by no means to be despised.

"America First" Buttons.

Every loyal person in Pennington county should wear an "America First" button. They are issued together with a card on which is printed a loyalty pledge to be signed by the purchaser. The proceeds will be kept as a fund with which to defray the expenses of any affair connected with the war that may require a cash outlay, the balance being held for the benefit of returning soldiers.

Perl W. Mabey, secretary of the Civilian Recruiting committee, has charge of this work in the county. The buttons may be procured by applying to him or to Julien Provencher at the Evelyn hotel.

Pennington county should have one of the largest "America First" organizations in the state. Get your button and sign up as a member. The fee is 50 cents.

Pennington County Fair, Aug. 5, 6 and 7.

NO INTEREST IN SCHOOL ELECTION

DR. H. W. FROEHLICH AND P. O. MYHRUM CHOSEN AS DIRECTORS.

LEVY PLACED AT $45,000

EXPENSES KEPT WITHIN $200 OF BUDGET ESTIMATE YEAR AGO.

The affairs of school district No. 18 must be administered in a highly satisfactory manner, if the amount of interest taken in the selection of members to fill positions on the board is to be taken as a criterion.

The annual meeting was held on Saturday evening and 22 votes cast their ballots. Of these 22 were for Dr. H. W. Froehlich, 18 for Peter O. Myhrum, three for Dr. Gambell and one for Charles A. Pitkin. The last named two gentlemen are the retiring members of the board and were not candidates for re-election.

Dr. H. W. FROEHLICH

Levy Remains the Same.

At the meeting held after the election it was decided that the levy for the ensuing year should be $45,000, this being the same as for the present year. Expenses will be greater, but it was figured that if the state aid totals $5,000 the sum can be made to cover. The district still has in the neighborhood of $9,000 coming from this source as unpaid aid, but even if the appropriation is made by the next legislature the money will not be available until 1920.

Kept Within the Budget.

The report of Clerk Charles A. Pitkin showed that the district is in good shape financially. Expenses during the past year were kept within $200 of the budget allowance made at the meeting held last July, and this is certainly an excellent showing. During 1918 the board will have to take up $6,800 in bonds which are held by private parties and become due, this finishing the bond payments, except those held by the state, until 1935. The state looks after the collection of both interest and principal of the amounts loaned so that this debt will gradually disappear without any further steps being taken to meet it.

PETER O. MYHRUM

Teachers Are Hired.

Practically all the teachers necessary for the coming term have been secured, which is a fortunate thing as they are liable to be both scarce and costly. The fuel problem has in a great measure been solved by the purchase of a large quantity of wood, but the heating of the buildings will cost considerable more money than ever before.

Red Cross Helpers.

Any young ladies in the city who may have taken to heart the words of Sergt. Hanley at the Auditorium on Tuesday night and have come to the conclusion that they ought to be doing something for their country will now be given an exceptional chance. Mrs. Scott Laird will take on a class of 25 in surgical dressing work at the rooms of the society in the Auditorium beginning on Saturday afternoon. She prefers that young women who are not too busily engaged become interested in the Red Cross program. Those who graduated from high school at the last term and others of similar age are particularly desirable candidates. These young ladies make exceptionally proficient dressing-makers and they should be devoting their spare time to the work.

The First Aerial Letter.

The Econ-O-Kleen Fuel company this week received the first letter to pass through the postoffice here having made part of its journey via the air route. The communication was from the Aerial Age Weekly at 280 Madison street, Chicago, and had a regular air service postage stamp affixed. This system of carrying letters, however, is not likely soon to supercede the old way as a 16 cent stamp was required to get it through—and then it came part of the way by rail. Regulation stamps for this class of service have already been printed by the government and one was affixed to this communication.

Late War News

After practically an entire week of reverses the Germans are trying to stabilize their lines on the salient between Rheims and Sossions by throwing in reserve divisions. The Allied progress has been steady since the counter-offensive was started and the enemy has lost position after position, sacrificing an enormous number of men and a vast quantity of material in a vain attempt to stem the tide.

It is reported that Germany has launched another peace offensive with Spain as the medium of communication.

Along the line north of Chateau Thierry the Franco-American forces have driven the Germans out of nearly all of the Chatelet forest.

The Allied advance was made in considerable jumps in that area. The Germans continuing their rear guard fighting and depending much on their machine guns.

Further the Americans gained the ascendency over the Germans and drove through and beyond Epieds.

American cavalry was used in the operations north of the Chateau Thirry line.

To the northward the most intense resistance was offered on the German right flank, but reports show the allies made gains and the Germans were unable to halt the movement toward their lines of supplies.

WAR LECTURE BY SERGEANT HANLEY

"PRINCESS PAT" HERO TO APPEAR WITH MOVING PICTURES MONDAY NIGHT.

Perhaps no feature of the big patriotic meeting at the Auditorium on Tuesday evening appealed more strongly to those present than did the address of Sergeant Hanley, one of the survivors of the famous "Princess Pat" regiment of Canadians. He spoke from actual experience and made a tremendous impression. His straightforward manner of handling his subject met with enthusiastic approval, and his first-hand knowledge of conditions at the front made his remarks of more than ordinary value.

Sergeant Hanley has been invalided home. He was wounded and gassed while in the service and was so badly injured that he can never completely recover. The regiment to which he belonged started out 1,200 strong. After participation in some of the most sanguinary engagements of the first two years of the war but little was left of the original unit. Twice recruited to some semblance of their original strength they continued the fight. Now there are but 13 members of the entire lot remaining and not a man among them does not carry the marks of conflict.

Sergeant Hanley has secured about 5,000 feet of moving picture film of actual battle scenes on the western front which he is showing to American audiences. At the earnest request of a number of people in Thief River Falls arrangements have been made with Company C, M. H. G., to have these films shown under company auspices on Monday night. Sergeant Hanley will be present to lecture the pictures as these are projected on the screen, and those who heard him on Monday night know that they will be given a story of the war such as no one has yet been able to give them.

An admission fee of 35 cents will be charged for adults and 25 cents for children. No one should miss this as it is the only exhibition of the kind to be seen anywhere at which an actual participant in the scenes shown is present to explain them.

+ + + + + + + + + + + + + + + + + +

BETTER CUT YOUR WEEDS.

Street Commissioner, O. L. Bakken has issued an ultimatum to property owners who have weeds uncut on their property. The property owners will be given until August 1st to rid their premises of the weed pest. If it is not done by that time the street commissioner crew will get busy and make quick work of it—with the property owner footing the bill.

+ + + + + + + + + + + + + + + + + +

BUNCH OF 26 TO LEAVE FOR CAMP

JULY QUOTA OF SELECTED MEN OFF FOR CAMP WADSWORTH.

EIGHT ARE IN 1918 CLASS

YOUNGEST OFFER THEMSELVES FOR SERVICE BEFORE THEIR TURN.

Twenty-six men from Pennington county will leave Friday afternoon over the Great Northern for Camp Wadsworth, S. C., where they will go into training for service in the army. This is a large contingent and the registration board has had to exercise both care and judgment in their selection. Several undoubtedly valid claims for exemption at this time were presented and it looked as if it would be a hard matter to find the men necessary to meet the county's quota for this particular call. Class 1 is nearly depleted at best and when a number proved that it would work hardship and loss both upon themselves and others to leave at this time the board was rather up against it.

Youngsters to the Rescue.

Here is where a number of those who registered in June as having become 21 years of age during the year came to the rescue. Seven of these will go with the bunch tomorrow, being included at their own request. This leaves the list filled up and has still permitted the board to temporarily excuse the bona-fide farmers and railroad men. The lads who are thus offering themselves before being called are:

Henry Froseth, city, captain.
Henry Dostal, city.
Martin Ernest Carlson, city.
Selmer Andrew Gongene, city.
Henry Myrom, Route 1.
Carl E. Johnson, Route 1.
William Engh, St. Hilaire.

Granum is Captain.

Those on the regular selective list who have been chosen to make the contingent are:

Ole C. Granum, captain, city.
August Frank Hoppe, Proctor.
Alfred Stene, city.
Elmer E. Johnson, St. Hilaire.
Arthur Williams, city.
Olof Lappegaard, Rosewood.
James Tedroff, city.
George Mossestad, Route 1.
Elmer E. Svenson, city.
Henry Erickson, Hazel.
J. A. Olson, Prince Albert.
Ingvald Hesby, Route 3, city.
Carl Vake, Erie.
Leonard Erickson, city.
Ingbert Dyrdahl, Route, 1, city.
Thom Olson, Rhoda.
Michael Leo Berve, Forest city, Ia.
M. M. Lieberman, Patterson, N. J.

Out of the original list as selected by the board ten were temporarily exempted for agricultural reasons or because they were railroad men and two are on the sick list.

From Other Sections.

There are five men residing in the city at the present time but registered at other points who are included among those wanted at this time. They will join the bunch from here and be credited to their point of registration. They are:

Roy R. Wallen, Minneapolis.
Alfred Johnson, Superior.
Alexander Ross, Plentywood, Mont.
Edward S. Johnson, Bemidji.
Torger M. Lintvedt, Yangton, S. D.

Must Burn Soft Coal.

It is the opinion of the members of the Pennington county fuel board that a considerable number of our citizens will find themselves without fuel during the coming winter unless more attention is paid to the warnings sent out by the government. Everyone is urged to use wood where possible and to secure a supply before the railroads are tied up with the grain movement. People have also been asked to lay in their coal and while the response to this request has been more general there are many who are hesitating.

Instructions were this week received from headquarters prohibiting the sale of the stove and nut sizes of anthracite to anyone who is not dependent upon magazine stoves. This means that all heaters wherein any other size of coal can be used will have to be fired with something besides these two grades. It was further ordered that no egg size anthracite be sold to persons whose heating apparatus will permit of bituminous coal being burned.

NO PASSES ISSUED TO FAIR THIS YEAR

EVERYONE MUST PAY THE REGULAR ADMISSION FEE OR STAY OUTSIDE.

At a recent meeting of the Pennington county fair association, it was decide to cut out the free list entirely. Heretofore it has been the custom to distribute season tickets broadcast among sundry and all who may have had anything whatever to do with the event, but this has always been a nuisance and the management will be saved a lot of bother now that it has been done away with. Everyone will pay the regular admission fee and all work done for the association will be paid for. This is good business.

The fair association is not asking the merchants for anything in the way of a donation this year, which is another new departure. Heretofore the business men have invariably helped out to a considerable extent by giving whatever they felt like outright, but this has been found unnecessary this year.

The association does ask, however, that the merchants make special efforts to present visitors with trading inducements in the way of special bargains. Those coming to town from the outside will likely not wish to spend all their time at the fair grounds and will take the opportunity presented for visiting and shopping. Several *of our business* houses are using the columns of The Times for the purpose of issuing invitations this week and the number having something special to offer will be greater next week. Watch the next issue of The Times for some extraordinary bargain offerings in all kinds of merchandise.

VISITOR'S DAY AT STATE PEAT FARM

EXPERTS WILL BE ON HAND TO EXPLAIN METHOD EMPLOYED WITH SOIL.

The Northwestern Peat Soil Experiment station, located on the Dahl farm in Golden Valley township, will be open to inspection by the people on Saturday, August 3, and an invitation is extended to everyone interested in the reclamation of this class of land to be present. The event will be in the nature of a picnic and all who attend are asked to bring their lunch along, the neighboring farmers volunteering to furnish the cream necessary for the coffee.

Some of the foremost agriculturists in the state will be on hand to deliver addresses and explain the system followed in securing the different results to be noted. Dr. J. N. Alway, under whose supervision the work has been carried on; Dean Thatcher of the agricultural division of the state university; Dr. J. C. Russell, soil expert; Supt. C. G. Selvig of the Northwest School of Agriculture, Crookston; State Senator D. P. O'Neill and others, will be present. It will wthout question be one of the most important meetings for the discussion of peat lands ever held in the state.

The road to the Dahl farm will be marked through Mavie and there will be no possible chance of anyone getting lost on the way out. The roads are good and the trip itself will prove worth while as it takes the observer through sections containing all kinds of soil. Opportunities for comparing other crops with those grown on peat will thus be afforded and the comparison prove of much interest and value.

Serve Beef At Noon.

Julien Provencher, hotel and restaurant inspector for the county, who is under the jurisdiction of the State Safety commission, has received notice that beef may be served every noon until further notice. The restrictions as to beef at other meals still holds good. The meat may be served in any style preferred at the noon meal, however.

LEVY FOR YEAR IS AGAIN $45,000

BOARD FINDS THAT EVERY COUNTY FUND HAS SUBSTANTIAL BALANCE.

CASH ON HAND IS $62,000

TOTAL OF PERSONAL PROPERTY TAX UNCOLLECTABLE IS BUT TRIFLING.

Pennington county will try to get along with the same amount of money for general expense during the coming year as that which sufficed in the cycle just passed. The board of commissioners set the amount at $45,000 again and as they start the year with a balance in practically every fund they will without doubt be able to keep within this figure. The levy for the current year is divided among the different funds as follows:

County Revenue Fund	$25,000.00
Road and Bridge Fund	15,000.00
Bonds and Interest	1,000.00
Sanitarium Construction	1,000.00
Sanitarium Maintenance	2,500.00

Have Money Left.

The amounts paid out from the different funds during the past year are as follows: County revenue, $22,660.63; road and bridge, $14,274.19; bond and interest, $2,854.76; sinking fund, $2,854.77; sanitarium, $3,806.60. The cash balance to the credit of these funds, in which is included the amounts remaining unpaid on outstanding contracts are as follows: Revenue, $4,825.12; road and bridge, $3,436.52; bond and interest, $2,837.43; sinking, $8,802.26; sanitarium, $1,281.94.

Taxes Uncollectable.

The delinquent personal property list was found to be very small, the total marked off as being a total loss amounting only to $167.13, of which sum $105.28 is chargeable to the city of Thief River Falls.

Very Good Showing.

The semi-annual report shows that the expenses of the county have been kept well within the levy made and that every department has been economically administered. The people have been compelled to bear no losses because of poor judgment in the alloting of contracts and all work done has had to bear the closest personal inspection on the part of the commissioners so that no money has been paid out where any doubt existed as to its having been earned. Every member of the board has given his concientious attentio to the public's business and the highly satisfactory condition of the county finances is largely due to this fact.

Sunday School Convention.

The Sunday School association of the Swedish Augustana church for the Red River Valley district was organized in this city yesterday, delegates and representatives being present from ten of the twelve congregations in the district.

A permanent organization was effected and the following elected as officers for the ensuing year: President, Rev. J. Moody, Roseau; vice president, Prof. Sjostrand, North Star College, Warren; secretary, Miss Jennie Estland, Kennedy; treasurer, Miss Irene Malberg, Thief River Falls.

All Subscriptions Must Be Paid in Advance

On July 1st postage rates on all newspapers in the United States were increased by act of congress. Prices of paper have again increased, as well as wages, and every item of expense that enters into the production of a newspaper.

The Government Requests

that all waste of paper be eliminated as far as possible and that papers be sent only to subscribers who have paid for them.

We Are Going to Comply With This Request

and on August 15th every paper that is not paid for in advance will be stopped. This rule will be enforced without favor to anyone. If your paper is not paid in advance by August 15th it will be stopped. We still have a few of the big WAR MAPS left and they will be given away as long as they last to those paying their subscription in advance.

Statements Have Been Mailed This Week

to all subscribers whose subscription has expired or will expire before August 15th. If you want the paper continued you must pay in advance. All subscriptions will positively be stopped on the day they expire.

FULL EXPLANATION OF CLOSING ORDER

AUTOMOBILE MEN WORKING WITH SAFETY COMMISSION IN THE MATTER.

While there are some who may be inclined to blame the automobile men for any inconvenience to which they may have been put by reason of the night and Sunday closing order of the State Safety commission, the public generally realizes that it was issued because there was a real need for some such regulation.

Wishing to get an exact understanding of the order, Mayor G. A. Penney telegraphed the commission last week for full instructions on the subject and has received a copy of the following rules:

The Minnesota Automobile Trade association is handling the matter at the request of the Council of National Defense and a definite understanding has been reached.

In large cities the garages will close at 6 p. m. every day.

In country towns they will close at 6 p. m. every day except Wednesday and Saturday, on which days the closing shall be at 10 p. m.

It was explained that in country towns service should be given to farmers two nights a week for opportunity to get emergency repairs and to buy gasoline and needed parts was held an essential to harvesting the crop.

Garage men are permitted, under the agreement, to keep open after the designated hours for storage purposes only. In the designated closed periods no mechanical work is to be done or sales made except in an emergency. For instance, in country districts physicians are exempted in application of the restrictions. In cities, physicians who puncture a tire or run out of gasoline after hours are expected to hire a cab.

Implement dealers in country towns who operate automobile or garage departments in connection are expected to close only such departments at the designated hours and may operate the rest of the shop as usual.

The 10 p. m. closing provision on Wednesdays and Saturdays in rural communities is to hold only until September 15. After that date all places are expected to observe a rigorous 6 p. m. closing every week day.

Agreements as indorsed and as entered into by hundreds of dealers went into effect Monday, July 15.

Joins Thousand Lake Club.

At a meeting of the Commercial club held on Friday evening it was decided to join the Thousand Lakes association, an organization of Minnesota municipalities formed for the purpose of advertising their respective advantages as summer resorts. Thief River Falls has no lake or park region to back up any publicity of this kind, but the fact of the city's being the last considerable city on the Jefferson highway before Canada is reached, and the first when leaving that country will be played up strong. The cost of membership is only $50 and in return for this outlay the city will be given a writeup in a large number of the leading magazines. A booklet setting forth the advantages of each point mentioned will also be printed and sent broadcast to prospective summer tourists.

MORE NURSES IS OUR GREAT NEED

By Mrs. J. H. Hardesty, Chairman of Defense Work for Pennington County.

Enrollment of United States Student Reserve.

The United States must have 25,000 student nurses now in order to release graduate nurses for work at the front. The prosecution of the war demands that every nurses' training school be kept filled by student nurses to their maximum teaching and housing capacity. The American Red Cross and the Council of Nation Defense are uniting their forces to conduct an immediate, short and intensive campaign to enroll a United States Students Nurse Reserve for training schools in both army and civilian hospitals.

This message is addressed to all young women of America who are well educated, physically capable and otherwise able to put their full time and energy into some definite form of service.

Your brothers and friends are either in the hard and dangerous service or getting ready for it. Are you as eager and ready as they to give up your personal pleasure and make any of the sacrifices that may be required of you? This is probably the most vital form of service which any woman can render her country at this critical time.

The nurse stands side by side with the fighting forces in the first line of defense, and out of this fearful havoc she saves numberless precious lives and mitigates the sufferings and horrors of war. She helps to protect the soldiers from the scourge of disease and helps to keep alive the faltering courage and spirit of wounded men. The question for each one is: "Do I care enough for my country during this great calamity to enlist and take this training?" It is not only a vital need but a great opportunity for public service and doing something worth while. Although much is demanded there is great reward in knowing that one is doing something practical and constructive and can see actual tangible results of one's work.

The call is for women between the ages of 19 and 35. The qualifications are: Intelligent, responsible women of good education and sound health. The term varies from two to three years, according to the particular school to which the student nurse may be sent, and her qualifications. But it must be remembered that her usefulness begins the moment she enters the school as she is not only learning to serve her country but serving it from the beginning. The United States Student Nurse Reserve is the aquivalent for women of the great national army training camps for our boys.

Every woman who completes her training satisfactory is eligible for service as an army nurse at the front and stands a chance of being assigned to duty abroad. Let us show that we know how to answer our government's call to the women of our country.

You may secure further information from Mrs. J. H. Hardesty, 417 Red Lake Blvd., or at the Library building in Thief River Falls where you may enroll between the dates of July 29th and August 11th, from 2:30 to 3:30 or in the Red Cross department at the fair, Aug. 5, 6 and 7.

Will You Help During Harvest? If so, fill out the coupons below and mail same to G. Howard Smith, Thief River Falls, Minn. Do it today.

In consideration of the scarcity of Farm Labor, I hereby offer my services for a period of two weeks to take the place of some person who is leaving his position to do farm work.

I have had..........................years of experience and for the past

..........................years I have been engaged as follows:..............

....

....

I will go whenever called to take the place of any person whose position I am able to fill and to work for the going wages.

Signed..

Address...

Name of Local Labor Agent: G. HOWARD SMITH.

In consideration of the scarcity of Farm Labor, I hereby offer my services for a period of two weeks as a harvest hand when needed in this vicinity. I have had..........................years experience in farm work. For the past..........................years I have been engaged as follows:..........................

....

....

I will go whenever called to assist in harvesting and saving the crop of grain, hay or other crops now growing and agree to work for the going wages, leaving my business whenever requested to do so; Saturdays excepted.

Signed..

Of..

GOVERNMENT'S ORDERS AFFECTING NEWSPAPERS.

As the result of a peremptory order to effect greater economy in the use of print paper, newspaper publishers will no longer be permitted to accept unsold copies, send papers in exchange for others, send more than one copy to advertisers or give away copies as liberally as in the past. The order was issued by the war industries board, of which B. M. Baruch is chairman, and went into effect on Monday, July 15.

Following are the most important sections of the order, so far as it applies to weekly papers:

"Discontinue the acceptance of the return of unsold copies.

"Discontinue the use of all samples or free promotion copies.

"Discontinue giving copies to anybody except for office-working copies or where required by statute law in the case of official advertising.

"Discontinue giving free copies to advertisers, except not more than one copy each for checking purposes.

"Discontinue the arbitrary forcing of copies on news dealers (i. e. compelling them to buy more copies than they can legitimately sell in order to hold certain territory).

"Discontinue the buying back of papers at either wholesale or retail selling price from dealers or agents in order to secure preferential representation.

Discontinue the payment of salaries or commissions to agents, dealers or newsboys for the purpose of securing the equivalent of return privileges.

"Discontinue all free exchanges."

In order to fully comply with the spirit of the order most of the publishers of newspapers of standing in the country have decided to cut off their lists all those who do not promptly pay their subscriptions. It is the only way in which the requests for saving paper can be met and it is being done without fear or favor by the better publications everywhere. In line with this policy The Times will drop every subscriber from the list on August 15 who is not paid up in advance. Statements have this week been mailed to all delinquents together with a notice of the government's request.

HOW TO PRESERVE WITHOUT SUGAR

FRUITS SHOULD BE SAVED IN SPITE OF THE SUGAR SHORTAGE.

Preserves Needed for Future Food Supply—Sugar Not Necessary to Preservation.

The Federal Food Administration for Minnesota emphatically denies the report that housewives should not put up any fruit this year because of the scarcity of sugar. If Uncle Sam is going to have sufficient supplies for his fighters and enough to spare to the Allies, every housewife in America who possibly can, must "put up" enough for her family's needs this winter.

The problem of saving fruit without the use of sugar may be solved in several ways:

Canning fruit in water.
Canning fruit juices without sugar.
Canning fruit in fruit juice.
Canning fruit butters without sugar.
Drying fruit.

Canning in Water.

(a) Open kettle: Gently simmer the fruit in very little water, allowing the water to evaporate as much as possible. Fill sterilized cans with the boiling hot fruit and seal. Do not expect the fruit to keep its shape. This will make excellent pie filling.

(b) Cold-pack: Pack the fruit very closely in the cans. Fill with water, cover and steam from twenty to thirty minutes, according to the hardness of the fruit and the degree of ripeness. The skins will burst, and peeled fruit will drop shreds to the bottom of the can, but the shape will be kept.

(c) Hot pack for small sour fruits such as cherries: Pack the fruit quickly in a hot jar. Fill the jar at once with boiling water. Clamp and set quickly into a boiler or large pail containing boiling water enough to cover. Remove the boiler at once from the stove and let the jar cool in it. Success in this method depends on promptness. The fruit will remain unbroken.

Canning Fruit Juices Without Sugar.

Any fruit juice extracted for jelly may be canned without sugar by reheating to the boiling point, filling sterilized jars and sealing. This juice may be used for flavoring sauces, for beverages or for jelly making. If space must be saved, the juice may be evaporated to one-half its volume before canning.

Fruit juices may be canned without sugar now. There may be sugar later for jelly making. If not, the juices will keep till next season.

Canning Fruit in Fruit Juice.

Any fruit sweet enough to be eaten without sugar may be canned in its own juice. This gives a product of finer flavor than can be produced by the use of sugar syrups. Divide the fruit into two equal parts, selecting the best for the canning, and leaving the poorer for making the juice. Extract the juice as for jelly making and can the fruit in it, using the cold pack or open kettle method. The fruit will stay whole and keep its shape. If fruit is expensive, this juice may be poured off for jelly making before using and the fruit recooked in syrup.

Canning Fruit Butter Without Sugar.

Fruit which is small or imperfect, though in good condition, may be poor in appearance but of excellent flavor. Such fruits, boiled till soft, rubbed through a puree sieve make a good foundation for relishes and for cake and pie fillings. Pick the fruit over carefully; cut large fruits, such as apples, in pieces. Add as much water as would be used in extracting juice for jelly and simmer till fruit is tender. Rub through a sieve to remove skins and seeds. Simmer the pulp in a shallow pan over hot water or directly over the stove, until it is as thick as cake dough. If direct heat is used constant stirring will be necessary.

Adjust rubbers to the preserving can, fill it with the fruit butter, adjust the cover but do not clamp. Boil 15 minutes in a closely covered steamer. Clamp cover and invert jar.

RECIPES.

Cherries Canned in Cherry Juice.

4 quarts cherries, ½ pint water.

Pick out 4 quarts of the best cherries. Simmer the remaining cherries with the water till they are thoroughly soft (about one-half hour). Drain through a jelly bag. Return juice to the kettle, place the remaining cherries in it. Simmer until soft (about 10 minutes). Adjust rubbers on sterilized jars, fill with fruit, seal and invert.

Raspberries Canned in Raspberry Juice.

4 quarts raspberries, ½ cup currant juice or 1 pint currants

Select 2 quarts of the best raspberries. Simmer the rest with the currant juice or currants until soft. Drain through a jelly bag. Simmer the whole fruit in this juice about five minutes. Adjust rubbers on sterilized jars, fill with fruit, seal and invert.

Plums Canned in Plum Juice.

4 quarts sweet plums, ½ pint water.

Select 2 quarts of the best plums and prick each one with a fork or fruit pricker. Cook the remaining plums and water together till the pits separate. Drain through a jelly bag. Adjust rubbers on clean cans, pack with plums, fill the can to within ¼ inch of the top with the juice, cover, and steam 16 minutes. Seal at once.

'PHONE INVENTORY IS NOW COMPLETED

LONG DISTANCE LINES OF TRI-STATE COMPANY ARE INSPECTED.

All the long distance telephone lines in Pennington county operated by the Tri-State Telephone & Telegraph company have been inspected and a complete detailed inventory obtained by a crew of expert telephone men under the direction of the Minnesota Railroad and Warehouse commission. The crew which was at work in Pennington county was in charge of Charles E. Hoy of Minneapolis, and covered every foot of pole line in the county, making a complete record of the condition of each unit, such as poles, wires, crossarms, and pins.

These reports will be forwarded to the office of D. F. Jurgensen, chief engineer of the Railroad and Warehouse commission, for compilation, and will form the basis for making an appraisal of the physical value of the long distance telephone lines in Minnesota. The records also will become a part of the permanent archives of the engineering department. The valuation is desired by the Railroad and Warehouse commission at this time, mainly for the purpose of enabling it to determine the reasonableness of the telephone toll rates in the state, against which there have been more or less criticism. If competent telephone men will be available, Mr. Jurgensen hopes to complete the field work this year, but the task is an immense one, entailing as it does the inventorying of fully ten thousand miles of pole lines.

The inventorying of the toll line properties of the Northwestern Telephone Exchange company will be done a little later in the year.

CHILD WELFARE CAMPAIGN ON

(By Mrs. J. M. Bishop.)

An order has been issued by the United States government that all babies shall be registered, weighed and measured.

The Council of National Defense has charge of this work and each county has a chairman.

It is not only in Pennington county that this work is to be done but in every county of every state in the United States, and is a war measure for better future citizens. The draft has shown many physical defects that might have been corrected in early childhood and since the war it has also been discovered that the rate of deaths from needless causes among young children is greater than that of the men in the trenches.

By the method of registering, weighing and measuring the government secures a record upon which to base future observation of the child's growth and development. These registration cards are sent to the Children's Bureau at Washington.

The work in Pennington county has been delayed in the hope that a permanent county nurse might be secured, but as this has again been postponed by our commissioners, the Pennington County Public Health association has offered its reserve fund for this purpose and a nurse will be here to begin work about Aug. 15.

The school buildings in the county will be used for this work to make it convenient for parents, and a schedule of the time this work will be done in each district and word will be published in next week's county papers. No individual notices will be sent to parents, but they are requested to watch for the announcement as to when to bring their children including all those up to five years of age.

An advertisement in The Times is sure to bring the desired result. It is the real business tonic.

ALLOW MORE FLOUR FOR FARM WORKERS

PER CAPITA ALLOWANCE DURING HAYING AND HARVEST IS INCREASED.

In order to minimize the effort that must be put upon the preparation of meals for men doing heavy work in haying and harvesting upon the farms, the state food administrator, A. D. Wilson, believes that it is proper to raise the six pound per month flour limit to farm workers during the season; according to word received by Charles A. Pitkin.

County food administrators are authorized to grant permission to farmers employing extra labor and working long days, to purchase up to 12 pounds per capita, per month of wheat flour, provided they purchase this on 50-50 basis as they have in the past.

The question of labor is a very serious one and in view of the crop prospects it would appear to be justifiable to relieve as much as possible the extra labor that is forced upon the housewife in the preparation of foods that must be substituted for wheat flour in satisfying the appetites of men and women doing strenuous work of haying and in the harvest.

OPENING FOR BOYS AND GIRLS AS PHARMACISTS

The Minnesota State Pharmaceutical association has just issued a bulletin calling attention to the unusual opportunities which pharmacy now affords to qualified boy and girl high-school graduates who are ambitious enough to undertake to educate themselves to a fairly high degree of efficiency in pharmacy. Present war conditions have put into service practically all clerks of military age. Salaries for those who remain have increased greatly. In some sections stores have already been closed due to shortage of prescription pharmacists.

High school graduates would no doubt have little difficulty in finding positions as apprentices. They would of course have to make up their minds to complete a course in pharmacy at a recognized college. The college of pharmacy of our own University affords pharmaceutical educational facilities exceeded by no other college.

The demand is for young women as well as for young men. Information concerning pharmaceutical educational requirements may be obtained by requesting the Registrar of the State University to send copy of the pharmacy bulletin.

Ever since Secretary F. H. Herrick of the Thief River Grocery Company announced that the company would award prizes for the best war gardens planted and cared for by the employes, there has been a spirited rivalry for first position. The prizes will be divided $10, $8, $7 and $5 and in order that every competitor might have more time in which to care for their plots a half holiday was declared for Saturday afternoons.

The result is astonishing. A close account is kept of the produce raised and marketed and an average will be struck at the end of the season. Last Saturday one of the contestants realized $14 from the sale of young onions alone and he had other products to dispose of at the same time. The gardens are of themselves proving decidedly paying propositions and when the award is added the returns from the summer's experiments will net a tidy sum.

Consistency.

Roseau Times-Region: Now, honestly, farmers, how can you vote for Lindbergh and against "big business" and on the same day ship your cream away from the local creamery to the "big business" centralizer. Be consistent.

No Man is Big

Enough to be careless in his business affairs. The safest place for legal papers, wills, policies, contracts, bonds and all valuable documents is in a safe deposit box in our burglar and fire proof vaults.

STEAM CANNING IS IN PROGRESS

HIGH SCHOOL EQUIPMENT BEING PUT TO GOOD USE BY CITIZENS.

INSTRUCTIONS BY WELLS

AGRICULTURAL TEACHER IN CHARGE OF WORK—WILL BE AT FAIR.

Steam pressure canning of vegetables has been in progress at the Lincoln high school for about two weeks. A number of people have taken advantage of this opportunity and up to Saturday evening 141 cans had been put through. Peas and greens have been the principal products thus far.

Two bushels of lettuce were brought for canning one afternoon. This made just six quarts of greens. There is a quantity of this material about town that will be wasted if not used in this manner.

Notify the Director.

When planning to can at the high school you should call F. G. Wells on the phone and make sure that the building will be open and that there will be room for your products. Mr. Wells will be pleased to give every attention to the matter, but it makes the work rather strenuous to have to keep it up until eight or nine o'clock in the evening, as has had to be done upon three different occasions.

Use Fresh Products.

Pick your products the morning of the day you agree to can them. This is important if first-class results are to be had. Provide good covers and rubbers for your cans. Any type of can may be used, but such as have all glass covers are preferred. "Economy" top cans are not the best for steam pressure canning. The high heat to which they are subjected is apt to melt out the gum in the covers, upon which a perfect seal depends.

Always bring sufficient salt. Vegetables are canned with water and a little salt. One level teaspoon to the quart is all that is required.

Exhibit at Fair.

Special attention is called to the fact that no canning will be done at the high school during the week July 22 to 28, as Mr. Wells will be out of town. During the fair the canning equipment will be at the Woman's building and products may be canned there. An exhibit will also be made of some of the products already put up by this method.

ABLE-BODIED MEN MUST GO TO WORK

SAFETY COMMISSION EXTENDS ORDER TO INCLUDE MALES OF ALL AGES.

Any man in Pennington county who is physically competent and mentally responsible will have to be engaged in some gainful occupation or go to jail. This is the edict issued by the Minnesota Commission of Public Safety and goes into effect throughout the entire state at once. This ruling has applied to men of draft age for some time but has now been extended so as to include all. The new order, which is designated as No. 37, stipulates and resolves as follows:

Whereas, It is necessary to enact such regulations as will utilize to the best advantage the human energy of the State of Minnesota for the purposes essential to the prosecution of the present war, and

Whereas, The need of men of military age to provide reinforcements for the army and the equally urgent need for labor to assist in the production of food and other articles essential for war purposes, necessitate special provisions to the end that all persons domiciled in Minnesota shall, in the absence of reasonable cause to to the contrary, engage in useful occupations.

It is therefore ordered by the Minnesota Commission of Public Safety:

First: That every male person residing in Minnesota shall be regularly engaged in some useful occupation.

Second: In any proceeding hereunder it shall be a defense that the person is:

(a) A bonafide student in actual attendance at some recognized educational institution, or proceeding with his training for some useful occupation.

(b) Children under sixteen years of age.

(c) Persons physically unable to comply with the provisions of this order.

(d) Usually employed in some useful occupation and temporarily unemployed owing to differences with his employer common to similar employes with the same employer.

Third: It shall be the duty of the sheriff of the respective counties, and of the Peace Officers, and of any other officer, state or municipal, charged with enforcing the law, to seek and continue to seek diligently, names and places of residence of able bodied male persons within their respective jurisdiction not regularly or continuously employed, as provided by this order, and report the same to the county attorneys in their respective counties.

Any person violating or refusing or failing to obey this order shall be guilty of a misdemeanor and shall be punished by imprisonment in the county jail for not more than three months or by a fine of not more than $100.00.

Win in Supreme Court.

G. Howard Smith and E. M. Stanton, attorneys for C. H. Struble, as appellant in an action brought before the state supreme court on appeal for the judgment rendered in the district court of Marshall county, have been notified that the case has been decided in their favor, the judgment of the trial court having been reversed.

The case was originally brought by C. A. Doty against Struble and involved the payment of commissions in a land deal. The court holds:

1. An agency contract for the sale of land provides that the agent should receive half of the proceeds over $100.00 an acre, "cash or trade." The land was traded. Held, the value of the land received forms the basis for figuring the agent's commission. The court erred in excluding evidence of the value of the land received.

2. There is testimony that the principal's land was "valued at" $125.00 an acre, but no evidence that the parties balanced accounts on the basis of a cash value of either piece of land. It was error to instruct the jury that if the principal's land was figured in or valued at $125.00 an acre, that price determined the amount of the commission.

3. This court cannot regard a stipulation made in the trial court unless incorporated in the settled case.

ADVISED TO BEGIN TRAINING AT ONCE

ALL CLASS 1 MEN URGED TO GET ALL DRILL INSTRUCTION POSSIBLE.

The Times has been pressing upon the young men subject to draft into the army the advisability of securing all the drill experience possible before leaving for camp. This advice is now urged by Provost Marshal General Crowder, who has issued an appeal to the same purpose. He is calling upon them to begin now their preparation as chosen soldiers to defend the country and not wait until they actually have been called into camp.

The men are urged to interest themselves now in soldiering, to learn something of the different branches of the military service, and to fit themselves physically for the rigorous duties of a soldier's life.

Selected Fraternity.

"Regard yourselves as a selected fraternity of active patriots," says General Crowder. "Encourage those who are weak, inspire the indifferent, inform the ignorant, search out the slackers.

"Have you ever thought that our enemy is attacking us, not only in Europe but at home? Have you realized that his especial trickery consists in seeking to make men disloyal here in our own country?

"Have you tried to discover and suppress the enemy's work here in the peaceful regions of our own homes?

"It will take some time to make good soldiers out of you. The sooner you start, the sooner you will arrive."

Boys Make a Start.

Last Thursday night a few members of the class of 1918 joined Company C at the weekly drill. They were taken in hand by Capt. Fuller himself while Lieut. Prichard commanded the guardsmen. The boys showed themselves apt pupils and were complimented by the captain on their enterprise in beginning now. A number of the non-commissioned officers of the company offered to continue the instructions at any time the recruits might name and the work has been going forward steadily. These boys will be the ones who will be marked out for promotion soon after arriving at camp. More should follow their example.

RED CROSS RECEIVES A NOTABLE CONTRIBUTION

ENTIRE PROCEEDS OF ENTERTAINMENT DONATED BY VARIETY SHOW CO.

In spite of the fact that the events had been but little advertised, fair sized and very exclusive audiences witnessed the entertainments given by the Variety Show company in this city last week. The entire proceeds, without one cent having been deducted for hall rent or other expenses, went to the Red Cross and receipt of the money has been duly and properly acknowledged by Treasurer T. L. Melgaard of the Pennington county chapter.

As the name implies, the troup presents a varied entertainment. The program is in part rehearsed a few minutes before the first number is announced but generally speaking everything is impromptu and unpremeditated. The company is under the competent management of Miss Lorrayne Crandall, and three entertainments have been presented thus far.

These performances were staged in the Crandall garage, 406 Bridge street, which had been fitted up especially for the presentations. Popular admission prices prevailed, these varying from one to five cents, the latter sum entitling the spectator to a choice of the most particularly reserved seats. The shows lasted until everybody had their money's worth and the performers were tired.

The motto of the troup evidently is: "Boys is a Nuisance," as the cast of characters is made up of the following young ladies, all about 10 years of age: Misses Ruth Mellby, Katherine Mellby, Ellen Crandall, Lorrayne Crandall, Lucy Nason, Margaret Melgaard, "Peggy" Shaw and Mabel Johnson.

The total receipts thus far amount to $2.30, which sum has been turned over to Mr. Melgaard without a bond having been exacted to insure its safe keeping, and proper distribution.

STATE FAIR WILL HAVE WAR EXHIBIT

FEDERAL GOVERNMENT WILL HAVE FULL DISPLAY OF BATTLE MACHINERY.

The Minnesota state fair, September 2 to 7, is to be a "War Exposition," as far as every department is concerned.

Its greatest aid will lie in encouragement of food raising and food saving. Stupendous exhibits of live stock, farm products, children's contest work, women's work and machinery, will feature this part of the fair. Nothing of the kind, as planned, has ever been staged anywhere in America.

But the greatest thing of interest to all the people of the Northwest will be the gigantic exhibit of war relics, great guns, and every kind of instrument used in waging of war in Europe. Combat planes, and all kinds of paraphernalia used by the aviation department, will also be exhibited. The Federal government, for the first time in history, is coming to the State Fair with a wonderful exhibit, demonstrating the work of practically all the leading departments at Washington in the prosecution of the war.

It is believed that the Northwest is so interested in the War for Democracy, which the Fair is assisting to such a degree, that the attendance record of 400,000 established last year will be shattered by a wide margin.

STEENERSON BACK HOME FOR MONTH

WILL RETURN TO TAKE UP CONGRESSIONAL DUTIES AGAIN IN AUGUST.

Congressman and Mrs. Halvor Steenerson returned Saturday, direct from Washington where the congressman has been active at the capitol. They will reside in their Crookston home during the remainder of July and most of August, returning to Washington the latter part of next month.

In speaking of the affairs at Washington, the congressman said, according to The Crookston Times:

"Everyone is enthusiastic over the outcome of the war in the east and are confident that the thousands of American soldiers in France will win a victory for the allies. The decks are stripped for action in congress and both senators and congressmen alike have pledged themselves to do everything possible to support the president for the successful prosecution of the war.

"Just before I left I talked with Mr. Kitchin, leader in the house and he informed me that the first thing to be done when congress convenes in August was to work on the new revenue bill. This bill is now under consideration by the committee and although it is expected a few changes will be made, as a whole it will carry a good many of the provisions reported by the newspapers a couple of weeks ago."

The congressman said he was glad to return home again for a rest and will be very glad to see all of his old friends.

The Flag Means America.

This message to the children of America comes from a great American. Major Grayson M. P. Murphy carried the American Red Cross over to Europe where it is healing and helping men and women, boys and girls. Major Murphy knows that the American Flag flies over the freest and the happiest and the greatest nation in the world, and that is why he is sending to you boys and girls this message.

"The Red Cross is America's messenger to her Allies.

"At this time, when our armies are in the field, it is the foremost agency in giving them active help. It takes care of the little children whose fathers are in the armies, and it cares for the soldier-daddies when they are sick and wounded. The French, the Italians, the English, and the Belgians see American men and women working for them in canteens and hospitals under the Red Cross Flag, and whenever they see that flag they are reminded anew that the United States has taken her stand beside them.

"Every soldier in Europe would be a better fighter if he knew that the boys and girls of the country are banded together for patriotic service, had pledged friendship to him and to the children of our Allies. I, personally, have never been so touched by any gift as I was by that of a little boy who saved up his pennies until he had a dollar for a Red Cross membership. Boys and girls of America, my word to you is this: Join the Red Cross. For through it, better than in any other way, you can send your message of friendliness and hope to the battlefields of Europe."

Cream Buying Stations To Be Abolished August 1

Federal Food Administrator for North Dakota calls cream stations a shameful and needless waste of effort and should be stopped

E. F. Ladd, federal food administrator for North Dakota and J. J. Osterhaus, dairy commissioner, have ruled that all unnecessary cream stations shall be closed Aug. 1st. In a statement issued a few days ago Federal Food Administrator Ladd says:

"As a war measure, for the conservation of manpower, to prevent unnecessary shipments, our railroads already congested, to enable the best possible utilization of all dairy products, and to insure a good and permanent market for the milk and cream for the dairy men of the state, it is deemed essential that all unnecessary buying agencies for cream be abolished and that all of this creamery work be concentrated and brought under inspection and regulations."

A decision similar to this one in North Dakota very probably will be put in force in Minnesota in the near future. Meanwhile each individual can do his share to relieve the congestion on the railroads and save food by sending your cream to the nearest and best market, which for this territory is

DISTRIBUTING THE LABORERS.

The Department of Labor of the Federal Government has taken steps to put a stop to a very costly and foolish practice. The labor shortage in the country is such that drastic measures to meet the requirements were necessary and it would seem as if the department has acted none too soon.

On August 1, the supplying of war industries with common labor will be centralized in the United States Employment Service of the Department of Labor, and all independent recruiting of common labor by manufacturers having a payroll of more than 100 men will be diverted to the United States Employment Service. This is in accordance with the decision of the War Labor Policies board and approved by the President on June 17.

While the restrictions against the private employment of labor apply only to common labor at the present time, these restrictions will, as soon as possible, be extended to include skilled labor. In the meantime recruiting of skilled labor for war production will be subject to federal regulations now being prepared.

It is not, however, to the war industries alone that this order will apply. The farmers and the railroads are also to be protected so far as it is within the power of the government to protect them. Labor will be drawn from the non-essential pursuits and placed where the need is greatest. In this connection the annual migration of laborers to other sections during harvest time will likely be stopped. The general trend among harvest laborers has always been, "just a little farther westward." Those residing in Minnesota have suddenly discovered along about the latter part of August or first of September that the Dakotas held out unusual inducements for men, while those in Dakota have headed for Alberta. This has been the case in spite of the fact that the work required of them in the neighboring state or province was exactly the same as that offered right at home. At the close of the harvest season these wanderers have invariably found themselves worse off than if they had stayed where they were and accepted the work that was so plentiful at the time they felt it incumbent upon themselves to leave.

This is a most wasteful proceeding and the government is going to put a stop to it. There will be a census of the available labor in any community taken the first of next month, and this supply will be apportioned. Whatever can be spared will be turned over to the war material producers, the needs of the farmers and the railroads being always taken into consideration. Each state will be alloted a certain quota, these in turn being distributed among localities.

Within each locality employers in non-war work, including those who are only partially in war work, will be asked to distribute the local quotas from time to time amongst themselves. Quotas by localities and individuals are to be accepted as readily as they are for Liberty Loan and Red Cross campaigns. This plan of labor is a protection for all communities.

The object is to keep any community from being drained of labor, and to use local supply, as far as possible, for local demand. The situation, however, is such that in certain cases some men may have to be transported over long distances.

THE QUESTION OF SUFFICIENT HAY.

According to the returns of the township assessors there are exactly 400 more milch cows in Pennington county at the present time than when they made their rounds a year ago. This is not a big gain, perhaps, but it is vastly better than the decrease predicted when it became apparent that the hay crop of last summer was far short of normal. Further than this, it disproves the claim of those who thought they knew all about it and who maintained that the farmer would be unable to withstand the temptation held out by the high prices for beef. When feed is scarce and high in price, while beef, in spite of all the rules laid down under such circumstances, also goes to unheard of altitudes, the almost invariable result is that the live stock supply is depleted.

It was expected this would be the case in Pennington county during last fall and winter. Creamery officials and The Times sounded repeated warnings to the farmers not to be carried off their feet by the high prices offered for their milking stock, but to hang tight, buy feed if necessary and keep their cows at all hazzards. This they did and are today very much to the good because of the fact. Milk and cream prices went up along with feed and beef, and the man who went to a little trouble and expense to provide winter fodder for his cattle now finds himself very far ahead of the one who sold off his stock.

The county gained one milch cow and over for every day of last year. There are now 6,582 head in the county, or about two cows for every three inhabitants. That's very good.

The hay situation again this year is not all that could be desired. Quite a number of meadows dried out last summer to such an extent that they failed to come back this spring. Consequently the same plan will have to be followed again. Fodder corn and wild hay will have to take the place of the tame article. They are very good substitutes, the former being actually the premium feed where the cattle owner has provided himself with a silo. The redtop and bluejoint hay on our wide expanses of natural meadow are not perhaps equal to clover in milk production, but cattle will winter through on them in good shape and will keep up a satisfactory production, particularly where a little grain is used as a supplementary ration.

The packers are clamoring for beef critters and the prices will be better than last year. Do not, however, make the mistake of selling the good cows off the place. If your hay crop is insufficient to carry through the winter, make arrangements to cut some of the excellent product that will go to waste in the eastern part of the county unless it is gone after. You get only one check for the beef you send to market; your cream check comes every month in the year.

PRAISE WORTH WHILE.

Autoists passing through Thief River Falls, no matter from what direction they may come, are enthusiastic in their praise of the manner in which our highways are kept up. It is certain that there are but few counties in Minnesota with a better road system and the authorities and people have alike every reason to be proud of the fact.

Our road policy is intelligent and efficient. Instead of permitting the highways to become run down and thus costing a large sum of money when it comes to putting them in shape again, the patrol system is followed whereby the work is continuous. The contract for maintaining a certain section of road during the season is given to one competent man at a stipulated price and it is up to him to see that his beat is properly patrolled. Dragging and repair work generally is part of his contract and must be attended to whenever and wherever needed. The men selected have thus far given excellent satisfaction and the judgment of the county commissioners in adopting the plan has been fully vindicated.

Only two qualifications are required in the men who accept these patrol jobs. They must reside near enough to reach their section in the shortest possible space of time and must know their business. No other considerations have been permitted to count in their selection, and the result proves it.

The plan also saves money. The patrolman is paid by the month for working on the road and is supposed to have no business of another nature which may in any way interfere with this. Roads have been graveled during the present summer at a cost of fifty cents per load for the surfacing material where it would have cost at least one dollar per load under the old day-labor system or by contract work. It is one of the few plans adopted for public approvement that seems to meet with the approval of everybody.

A SATISFACTORY SHOWING.

The annual report of School Clerk Charles A. Pitkin shows that the affairs of District No. 18 have been well administered during the past year. The financial condition is such that there will be no difficulty in meeting all the probable expenses, in spite of the fact that these will be heavier than ever before. The budget for the coming school year has been made up and the officials have made provisions for meeting it.

Two members of the old board retire from the board at this time. Dr. F. H. Gambell and Charles A. Pitkin have both served during a period which has in many respects been trying in the extreme. With their colleagues they have had to somehow meet the steadily increasing demand for more school room when the providing of added accommodations seemed almost an impossibility. They have labored with the single purpose in view of giving Thief River Falls the best school system in the state and have in a great measure succeeded. In order to do this they have had to overcome opposition from many sources, but have gone ahead, guided only by what they considered the best interests of all, and the excellent results attending their efforts proves that their position was right. The people of the district owe to Dr. Gambell and Mr. Pitkin a large measure of gratitude for the manner in which they have applied themselves to a most exacting and oftimes thankless job.

Their successors on the board are both citizens of standing who have only the interests of the community at heart. They will give to the office the very best attention of which they are capable. The fact that no opposition to their selection was even considered is sufficient evidence that they enjoy the full confidence of our people.

FOLLOW THE TIDE OF BATTLE.

Those who are fortunate enough to have secured the war map given as a premium by The Times have followed the fortunes of our soldiers in France with added interest during the past week. The sectors upon which the boys are fighting are shown with particular distinctness and it has been a comparatively easy matter to trace each movement. More than 300 of these maps were secured by subscribers who paid for The Times in advance since the big offensive started, but we believe there are enough on hand to supply all.

Our readers should take advantage of this opportunity to secure this map, the price of which, if purchased alone, is one dollar. It has been published in the shape of a hanger and contains four pages, printed on two sides. There is a good map of Minnesota and of the United States, as well as of France and Italy. Photographs of all the leading personages connected in any way with the war are shown, while interesting scenes of the war-devastated countries are reproduced in halftone.

It is the best war map yet published and is to be had by the simple expedient of paying for one year's subscription to The Times.

RIGHT IN THE MIDST OF IT.

The news from France during the past week has been of a nature to send a thrill through every American. Our boys are right at the front where the battle rages hottest and they have acquitted themselves in a manner that makes us all unspeakably proud. It is yet too early to predict when the end will come, but if there ever existed a doubt as to what the end would be, this has now been dispelled.

The Americans are proving equal to the task. We all knew they would. We all know now that the kaiser was right when he said he "would stand no nonsense from America after the war." Nonsense is one of the things he will not be called upon to stand either during or after the conflict. He will find that America and Americans are a little the most earnest propositions it has ever been his ill fortune to encounter.

Items of Interest Reprinted From Files of the News and Press of 10 and 20 Years Ago

Twenty Years Ago.

H. E. Mussey, who besides being editor of the Press was also justice of the peace, paid his respects to certain parties who had claimed that the fines assessed and collected by him had not been turned over to the city treasurer.

It was reported that about 20 per cent of the grain in the county was lost because of too much rain early in the season but that what remained would yield particularly heavy.

Miss Jenson, sister of Mrs. I. T. Aastad, returned to her home in St. Paul after a short visit here.

J. L. Finke, who had been farming on the sand ridge for 16 years, went to Crookston to purchase his first team of horses, he having used oxen entirely up until that time.

Editor Mussey was at St. Paul during the week to attend the ceremony connected with the laying of the corner stone of the new capitol.

Judge Ives came up for the purpose of hearing applications for citizenship and extended the right to vote to 44.

Ten Years Ago.

The board of county commissioners raised the real estate valuation of Red Lake county 25 per cent. This was expected to bring the county into the $4,000,000 class.

There were 194 patrons of the Thief River Falls creamery, 41 of whom received checks in excess of $40 for the product delivered during the month.

The voters of the town of Highlanding voted against bonding the township for $2,500 with which to guy a ditching machine.

Louis Rayson was promoted from yard clerk to time clerk at the Soo, succeeding Charles Halgrim who accepted a position in the First State bank.

Messrs. Zeh and Jackson were reelected as members of the school board, there being 173 votes cast. The board anticipated reducing the tax levy from 26 to 18 mills. The total expenditures for the previous year was $19,675.40.

Mrs. O. Tessum and daughter, Evelyn, returned from a visit to Lanesboro, where they had been visiting for about six weeks.

Hilda Wiberg and Mat Brandon were married in the town of Rocksbury.

John Morgan received word that the state dairy and food department would send an exhibit to the county fair.

PACKAGE FREIGHT SERVICE CUT DOWN

Less than carload shipments of merchandise will be carried by northwest railroads only three times a week, it was announced last week. The order for curtailment of transportation facilities came from the railroad administration and is effective on Monday, July 29.

Although restricting shipments to country merchants, it was said, the order provided additional carriers to move the northwest grain crop which will be under way within a few weeks.

FINDS SALOONS AT RED LAKE MENACE

THIS IS CONCLUSION OF T. D. O'BRIEN AFTER HEARING TESTIMONY.

"In my judgment, the continued maintenance of the saloons and supply houses in Red Lake county, as at present conducted, will necessarily result in the county being used to a greater or less extent as a depot for beers and liquors, a large portion of which will inevitably find its way into the surrounding prohibited territory."

This is the gist of the decision of Thomas D. O'Brien, who heard the testimony submitted in the hearing held a couple of weeks ago in which complaint was made that the saloons of Red Lake Falls and Plummer were responsible for liquor being shipped into the prohibited districts in the neighborhood of those towns.

In his report to the Safety Commission Mr. O'Brien said that the testimony showed the public officers of Red Lake county had made efforts to prevent abuses, but that these efforts were unavailing.

Mr. O'Brien recommends that if the actual closing of the saloons be not available at this time, an order be issued similar to that in Martin and Pipestone counties which provided that the sale of liquor to be removed from the premises be prohibited and that the saloons be required to close at an early hour in the afternoon, which would prevent visitors from outside coming in for supplies of this character after the usual business hours.

A further hearing in the matter has been requested by the saloon men.

A copy of the decision reached by Mr. O'Brien has been received by County Attorney E. M. Stanton, who represented Pennington and Marshall counties at the hearing and appeared in opposition to the saloons being permitted to continue.

NEWSPAPER FREE LIST SUSPENDED

GOVERNMENT RULING PROHIBITS SENDING OF THE TIMES TO SOLDIERS.

In common with most other Minnesota newspapers, The Times publishers have been sending the paper to many of the boys in France and at training camps in this country free of cost. This practice must now be discontinued, the government having recently ordered newspapers to cut off their lists everything except actual paying subscribers. Even the exchanges must go.

The shortage of print paper is becoming so alarming that every possible means must be resorted to in order to bring down the amount used. It is figured that if only those persons receive newspapers who actually pay for them a very large saving will be effected. This list on a weekly is not large as a rule, but the aggregate would mean thousands of pounds. If this can be saved it will help stave off the shortage that is bound to occur unless the most stringent conservation is employed.

The many letters received from the boys in the army and navy testify to the pleasure they derive from the columns of The Times every week. That a failure to longer receive the paper will prove a sore disappointment to these fighters is certain, and were it not for the strict orders received the publishers would continue sending it as in the past. Some of those to whom a paper has been regularly addressed have never received it, but there are enough who have received it to make sending the entire list worth while.

If you want your soldier boy to get all the home news you will have to subscribe in the regular way. Remember that you can send him nothing that will please him more.

+ + + + + + + + + + + + + + + + + + +
+ THE LARGEST BACON ORDER. +
+ + + + + + + + + + + + + + + + + + +

The largest single order for bacon and canned meats in the history of the world—99,560,000 pounds of bacon and 134,000,000 pounds of canned meat—has just been placed by the Quartermaster's Department, U. S. A., for the American Army overseas.

Louis F. Swift, in commenting on this, said the order will take the bacon from approximately 1,900,000 hogs, and if other work were dropped to produce it would be equivalent to the total bacon production of the five largest Chicago packers for nearly five weeks. However, six months will elapse before delivery is to be completed.

Mr. Swift said: "At the current prices on the day last week when the purchase was made, the packers would pay the live stock producers about $80,000,000 for the necessary hogs and over $50,000,000 for about 900,000 cattle required.

"The cattle will cost us twice as much and the hogs two and one-half times as much as in the pre-war period.

"The whole order will be made up before the first of the year, despite the fact that, even before this purchase, one fourth of the packers' facilities have been devoted to filling military demands.

"In order to get out the canned goods the packers will find it necessary to employ night and day shifts of canners. Notwithstanding the fact that the products are being pushed forward thus hurriedly, not a single complaint has been received on meats delivered to the armies abroad.

"The five packers are now killing about 360,000 hogs weekly to keep abreast of material and domestic needs."

CANNING FRUIT WITHOUT SUGAR

A shortage in sugar, far greater than was anticipated, has occurred. Enough sugar cannot be secured to save the present fruit supply according to the usual methods. It is possible, however, to save it by other methods—and it must be saved.

The use of sugar in fruit preservation is not necessary to prevent spoilage. It is necessary that the fruit be brought to the temperature of boiling water throughout, to kill all yeasts and molds; and that no air, water, or unsterilized utensil shall come in contact with it after it is heated.

The purpose of sugar in canning has been twofold:

To produce the extreme sweetness demanded by American taste;

To make the liquid surrounding the fruit thick enough so that the fruit would not break; nor the sweetness be so much drawn out of it that the pulp would be tasteless.

The problem of saving fruit without the use of sugar may be solved in several ways:

Canning fruit in water.
Canning fruit juices without sugar.
Canning fruit in fruit juice.
Canning fruit butters without sugar.
Drying fruit.

Canning in Water:

(a) Open kettle: Gently simmer the fruit in very little water, allowing the water to evaporate as much as possible. Fill sterilized cans with the boiling hot fruit and seal. Do not expect the fruit to keep its shape. This will make excellent pie filling.

(b) Cold pack: Pack the fruit very colsely in the cans. Fill with water, cover and steam from twenty to thirty minutes according to the hardness of the fruit and the degree of ripeness. The skins will burst, and peeled fruit will drop shreds to the bottom of the can, but the shape will be kept.

(c) Hot pack for small sour fruits such as cherries: Pack the fruit quickly in a hot jar. Fill the jar at once with boiling water. Clamp and set quickly into a boiler or large pail containing boiling water enough to cover. Remove the boiler at once from the stove and let the jar cool in it. Success in this method depends on promptness. The fruit will remain unbroken.

Canning Fruit Juices Without Sugar:

Any fruit juice extracted for jelly may be canned without sugar by reheating to the boiling point, filling sterilized jars and sealing. This juice may be used for flavoring causes, for beverages or for jelly making. If space must be saved, the juice may be evaporated to one-half its volume before canning.

Fruit juices may be canned without sugar now. There may be sugar later for jelly making. If not, the juices will keep till next season.

Canning Fruit in Fruit Juice:

Any fruit sweet enough to be eaten without sugar may be canned in its own juice. This gives a product of finer flavor than can be produced by the use of sugar syrups. Divide the fruit into two equal parts, selecting the best for the canning, and leaving the poorer for making the juice. Extract the juice as for jelly making and can the fruit in it, using the cold pack or open-kettle method. he fruit will stay whole and keep its shape. If fruit is expensive, this juice may be poured off for jelly making before using the fruit recooked in syrup.

Canning Fruit Butters Without Sugar.

Fruit which is small or imperfect, though in good condition, may be poor in appearance but of excellent flavor. Such fruits, boiled till soft, rubbed through a puree sieve make a good foundation for relishes and for cake and pie fillings. Pick the fruit over carefully, cut large fruits, such as apples, in pieces. Add as much water as would be used in extracting juice for jelly and simmer till fruit is tender. Rub through a sieve to remove skins and seeds. Simmer the pulp in a shallow pan over hot water or directly over the stove, until it is as thick as sake dough. If direct heat is used, constant stirring will be necessary.

Adjust rubbers to the preserving can, fill it with the fruit butter, adjust the cover but do not clamp. Boil 16 minutes in a closely-covered steamer. Clamp cover and invert jar.

MORE BIG CHECKS THAN EVER BEFORE

NINETY PATRONS RECEIVE AMOUNTS IN EXCESS OF $50 FOR THEIR CREAM.

In one respect at least June proved to be the biggest month in the history of the Thief River Falls Co-operative creamery. There were exactly 90 patrons who received checks of over $50 for the products from their herds, showing that not only are the cows doing exceptionally well but also that many of those who have not been sending their cream to the creamery have come to the conclusion that this is the most profitable thing to do. It is expected that the July business will show an even greater increase.

These are the days when the man with the milk herd is on top of the heap. With one of the best creameries in the state right here at his door he is enabled to market his product in the best shape and thus secure the best returns. Following is the prize list for the month:

Hans Anton	$298.51
A. J. Funnesdahl	255.89
Mrs. J. J. Berg	195.98

PASTOR FLAYS HUN IN STIRRING TALK

PEOPLE OF GRAFTON FLOCK TO HEAR THIEF RIVER FALLS MAN SPEAK.

Rev. E. A. K. Grant, who is covering the missionary field in this neighborhood as a minister of the Presbyterian church and who is making his home at Thief River Falls, delivered an address at Grafton last Sunday which is receiving much commendation. The churches in the North Dakota city remained closed during the evening in order that everyone might have the opportunity to hear the address. Rev Grant said in part:

"No ordinary man, nor yet the most intellectual, can conceive or in the slightest degree comprehend the religious principles of the enemies of our nation and its allies. The most blessed thing about their religion is that it is 'copyrigted.' They will never sell it, nor yet give it away. Neither need they keep a man or an army to guard it—it's quite safe.

"For more than sixty years they have served according to the dictates of a supreme power, and that is the power of darkness. Their eyes have become blinded to the aspirations of a Christian religion. The power that led Christ into the wilderness, has led and is today leading those powers into the valley of desperation and destruction.

"Murder does not in the least disturb their consciousness. Their religion has the mark and approval of the 'Beast.' Yet we have these years looked to Berlin for our religion and education. Kant, Mills, Huxley and others whose text books were used convey no lofty principles or aspirations.

"They have accepted the religion of Mahomed, Sultan—the sword. Today they are fighting, not for Christian aspiration nor inspiration, not to set the world free, but to bind it; not to save, but to kill.

"It is no wonder they are fighting. They drew the sword and by the sword they must fall. The beast must be slain; Berlin must be free. Our army which fought to liberate the captives in bygone days, is today fighting to liberate not only the German people but all nations. They have turned their bats into guns, their balls into shells and have started for the home base—Berlin.

"Our enemies are now reading the hand-writing on the wall. Their dreams are proving to be quagmires, their guide a Will-O-the-Wisp. Their great forts are but tissue paper. Their game is lost. 'Strike Three' is now recorded."

SONS OF NORWAY GIVE AMBULANCE

WILL BE FULLY EQUIPPED AND SENT ACROSS AT ONCE.

Bernhard Knudsen returned the first of the week from Great Falls, Mont., where he attended the annual convention of Supreme Lodge, Sons of Norway as district delegate from northern Minnesota. Mr. Knutson says that the war was the one topic of consideration outside of matters pertaining purely to the affairs of the association and resolutions pledging to the government the utmost support of the organization were adopted amid cheers.

Before the final adjournment on Friday evening the Supreme lodge appropriated $10,000 with which to purchase and equip an ambulance for service in France. The ambulance will be known as the Sons of Norway ambulance and the money will, the officers believe, not only buy and equip the ambulance, but will also provide for the salary of the driver and attending nurse. The vehicle will be purchased just as soon as possible and a committee was named with full powers to act. The nurse and driver will be of Norwegian birth but both naturalized Americans.

THE BEST TEST.

Is the Test of Time.

Chas. J. Krause, chief engineer of City Electric Power Co., of 707 Arnold Ave. N., Thief River Falls, told of good results from using Doan's Kidney Pills. Now Mr. Krause confirms the former statement—says there has been no return of the trouble. Can Thief River Falls people ask for more convincing testimony?

Mr. Krause gave the following statement January 16, 1914: "Pains in my back bothered me for a long time. When I lifted anything, a sharp stab of pain was sure to catch me in my back and make it hard for me to straighten up. Mornings, my back was very painful and other symptoms showed my kidneys were weak. It might have been a strain that affected my kidneys in the first place. When I read about Doan's Kidney Pills, I used them and all the trouble left me."

Hasn't Suffered Since.

On December 1, 1917, Mr. Krause said: "I am glad to say the cure Doan's Kidney Pills made for me has remained permanent. I gladly confirm my former statement."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Krause had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

Astonishes Thief River Falls.

The QUICK action of buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, the appendicitis preventative, astonishes Thief River Falls people. ONE SPOONFUL of this remedy relieves sour stomach, gas and constipation AT ONCE. E. J. Stebbins, druggist.

ROSEWOOD

Monday.

Sigurd Rafteseth left this morning for Forest River, N. D., to visit for a few days with Mr. and Mrs. Carl Stroberg, a section foreman of that place.

Thor Sevaldson returned to Warren this morning where he is employed at carpentry work, after having spent Sunday with his home folks here.

Nels Eye arrived from Thief River Falls this morning to look after real estate matters for a few days.

Benhard and Benny Raum left this morning for Alvarado.

Ted Nelson arrived from Viking today and has accepted a position at the Even Anderson farm during haying and harvest.

Mrs. I. M. Westby left yesterday for Goodridge where she will visit at the home of her son, Martin, for an indefinite period.

The P. Sorenson family returned last night from a visit with the A. Stroble family at Angus.

The Brecht and Baker families of Strandquist visited at the E. Dola home yesterday.

Tuesday.

O. J. Dahl and Steiner Johnson left this evening for Thief River Falls to attend to business for a few days.

Rudolph Sagmoen motored to Thief River Falls today on business.

Mr. and Mrs. John Berglund and baby of Bemidji arrived here today for a visit with relatives. Mr. Bergland is in the present draft call and will leave next Monday. Mrs. Bergland will stay at the Nina Anderson home for some time.

Wednesday

A carload of flour and feed was shipped in at the local elevator today.

Mrs. Henning Backlund and two children and Mrs. Nina Anderson are visiting with the S. S. Nordgaard family at Viking today.

The following from Norden township enlisted today at Thief River Falls in the Mechanical department of war service: Harry Myrom, Carl and Ed. Johnson.

Enoch Nelson arrived from Viking this evening to attend to business matters for a few days.

Miss Olga Thoreson returned home from Thief River Falls where she has been employed for some time and will spend some time with her parents.

Thursday

Alfred Rafteseth left this morning for Forest River, where he will visit with his sister, Mrs. Stromberg, for a few days.

Mrs. Taggart and daughter arrived this evening from Warren where they [illegible] work done.

[illegible] Sjolsvold was in town today from Thief River Falls to visit with his parents and other friends.

Gilbert Carlson and Sigurd Rafteseth left today for Norden for a short visit.

Albert Vorseth, Mrs. Ingrid Nordhagen and Ella Nelson motored to Viking this evening.

Friday.

Miss Isabel Sagmoen has accepted a position as clerk for [illegible] moen.

Mrs. Henry Windmueller left this morning for Bismarck to join her husband, who is employed at that place. She was accompanied by her parents, Mr. and Mrs. Stenhelsen, who will visit at their home for a few days. Mr. and Mrs. P. Sjolsvold went out to the Stengelson farm this evening where they will stay during the latter's absence.

Victor Mosbeck is at Viking today attending to business.

Mrs. Nina Anderson and son Lloyd, and J. Berglund, left this evening for Thief River Falls where they will attend the farewell reception given in honor of the departing Salvation Army Officers.

Mrs. Henry Backlund and children returned today to Strathcona after their visit with the Mellem family.

Saturday.

Miss Ebba Wallbeck, of St. Hilaire, teacher at the Busy Bee [illegible] arrived here this evening for a brief visit with friends.

The Lars Furan family of Thief River Falls motored up this evening to attend the soldiers' farewell and to visit with the John Sagmoen family.

Mr. and Mrs. E. Nelson and daughter Eleanor arrived from Viking this evening for an over-Sunday visit with the T. Mellem family.

Miss Ethel Styrlund of Viking is visiting with Miss Clara Nelson.

Miss Irene Sorenson of Thief River Falls was a guest of Miss Synneva Sorenson this evening.

Jaimet Rafteseth returned from Pipestone, this state, the latter part of the week where he has been employed.

The largest combined Farm club meeting and soldier farewell party ever held in this community was held this evening at the Rosewood hall and was attended by about three hundred people. The meeting was opened at 9:30 by President Albert Vorseth and the preliminaries of the club gone through after which the evening was left to the program committee. Miss Nelson, who had arranged the following program, with the assistance of a number of local [illegible]:

Song, "America"—By audience.
Dialogue by five characters.
Monologue, "On the Road to Home Sweet Home."
Recitation—Thelma Dola.
Song—Misses Bella Sagmoen and Synneva Sorenson.
The making of a rope halter, demonstrated by Joel Shoberg.
Song by four girls.
Dialogue, "Making Her Beau Propose"—Bella Sagmoen and Alfred Rafteseth.
Song, "America My Country"—Roscoe Hatten.
Song, "Battle Hymn of the Republic."

After the program, which was greatly enjoyed, John Bakken, president of the New Solum farmers club was called upon to give a talk for the four local boys, Messrs. Herbert Carlson, Olaf [illegible], Sigurd Rafteseth and Julius Alby, who leave next Friday for Camp Wadsworth to receive military training. The talk was brief on account of lack of time but tending to cheer and encourage the boys in their new undertaking. Lunch was served at midnight and dancing formed the remainder of the amusement for the evening. The next Farm club meeting will be held at the Rosewood hall four weeks from date, with Olga Thoreson and [illegible] son on the program committee and Harry Conn as caterer. Almost every town and nearby village was represented at the meeting this evening, including Newfolden, Holt, Steiner, Thief River Falls, Plummer, St. Hilaire and Red Lake Falls.

Sunday

Afternoon services were held today at Rindal by Rev. Larson of Thief River Falls and evening services were held at the Congregational church by J. Bloom of Norden.

H. Loken and family of Thief River Falls were in town this afternoon on a short visit, making the trip by auto.

Mr. and Mrs. Anton Gulseth of Viking visited with O. J. Nordhagen this evening.

Misses Annie and Carrie Sahlberg of Comstock are callers at the Carl Mellem home. Carrie Sahlberg was a pupil of Mrs. Mellem's in the year 1915, when she taught at that place.

Monday.

Joseph Kullseth and Louis Meyers are at Warren today to be examined for war service.

Miss Thompson returned this morning from Thief River Falls where she had been visiting on Sunday.

The July cream checks arrived this morning. The total amount was $1244.45 and the largest check $74.40, was issued to Sorenson. Other large checks were: A. Myrom, $73.53; P. Schankey, $63.23; O. A. Flann, $52.67; G. Nakken, $50.38; O. Barhals, $52.44; T. Holten, $53.74.

Schultz will conduct English services in the Espelee school house next Sunday at 10 o'clock a. m. German services in the Germantown school house at 3:00 o'clock p. m.

AGDER

Christ Nelson attended to business matters at Thief River Falls Wednesday.

Mrs. Victor Trochman visited with Mrs. Chas. Evenson Tuesday.

Miss Millie Nelson called on Mrs. I. A. Isaacson Wednesday afternoon.

Noble, Raymond and Ruth Larson, from Thief River Falls, visited at the Hans Peterson home last week.

Oscar Evenson had some feed ground at Peterson's Tuesday.

Mr. and Mrs. Olson and daughter, Daya, came down from Middle River and visited at the Sam Groven home Thursday.

Clarence Forthun called at Thief River Falls Wednesday.

Mrs. Antonson called on Mrs. Wm. Rude Thursday afternoon.

Walter Evenson was a Thief River Falls visitor Friday.

Mrs. Andrew Carlson visited with Mrs. Isaacson Thursday.

Albert Swanson assisted Thos. McCormick with his haying a few days last week.

Misses Hannah Peterson and Targer Senum were calers at Thief River Falls Saturday.

[illegible] Halverson from Goodridge visited at the Forthun home Sunday.

Messrs. Oscar and Elbert Peterson, Walt Evenson, Peter Becken and Clarence Forthun called at the Martin Johnson home Sunday afternoon.

Mr. and Mrs. Wm. Rude and Mrs. George Senum were guests at the Groven home Sunday.

Severt and Anton Forthun were Thief River Falls callers Sunday.

Misses Gladys Evenson, Hannah Peterson and Targer Senum were callers at the W. E. Rude home Sunday evening.

Oleander Johnson and Louis Larson and daughters, Clara and Pearl and son Leonard, autoed to Thief River Falls Sunday.

Rueben Larson is employed at the Espelien home now days.

Ole Listol and Gunder Senum autoed out to Steiner Sunday and called on friends.

Miss Annie Antonson spent Sunday at her parental home.

Carl Isaacson called on Tom Senum Sunday.

Mr. and Mrs. Arthur Benson, accompanied by the latter's mother, Mrs. M. Grefsheim, autoed from Northwood, N. D., last Saturday for an over Sunday visit at the Peterson home.

ROUTE NO. 2.

The Red Cross picnic given by the Thorwick Branch at the farm of Mr. and Mrs. John Skomedal, July 4th, was a great success. A patriotic program was rendered in the afternoon and the sum of $78.77 being the net amount to the Red Cross. This is the correct statement, the other which was printed being a mistake.

Arne Sordahl, G. A. Solney and daughter Alma, Ed. Hansen and son Ralph, who have been spending several months in different parts of Canada, returned to their homes on Wednesday. They report the crops all burned out.

Annie Falman had the misfortune of breaking her arm last week.

A large number of young folks spent Sunday evening at the S. Bergland home.

Mrs. John Skomedal, Soren Bergland and daughter Thora, went to Thief River Falls where the former consulted a doctor about her health.

A number of young folks autoed to Newfolden on Sunday.

[illegible] Johnson was kicked on the knee by one of his horses, and was unable to walk for a while, but is getting along nicely at present.

Food

QUESTIONS ANSWERED

SUGAR

How can we save sugar?

By using substitutes and giving up candy and soft drinks.

Does it save sugar to use brown sugar instead of granulated?

If there is any saving it is too slight to be of value.

How much sugar may we eat?

Not more than 3 pounds a month per person.

Does this amount include candy and soft drinks?

Yes. We should reduce our consumption of candy and soft drinks as much as possible.

Does this amount include the sugar used in canning fruits and vegetables?

No.

What could we accomplish by cutting out the use of candy alone?

We could thereby release enough sugar to meet England's shortage, or to more than meet the shortage of France.

What was one factor that probably helped bring about the sugar shortage last year?

Canning and preserving. In August, 1917, there was an increase of 48 per cent and in September, 1917, an increase of 44 per cent of sugar consumption over the corresponding months of 1916.

Was this good conservation?

Yes; it will be justified in the long run.

Will there be another sugar famine?

If the American people use not more than 3 pounds per month per person allowed and refrain from hoarding, there will be enough sugar this year.

How is sugar used commercially?

In breadstuffs, condensed milk, flavoring extracts, chewing gum, certain medicines, confectionery, canned fruits and vegetables, cocoa, chocolate, syrups, beverages, and in a number of nonedible products, such as paste, leather, explosives, etc.

When did the beet sugar industry begin in the United States?

About 1866.

What has its increase been since then?

From 896 tons to 820,657 tons, or over 90,000 per cent increase.

Does the United States get most of its sugar from this country?

No. Most of it is imported, and refined here.

Why should we not compare our total consumption of sugar with the sugar rations of the Allies?

Because total consumption means household use and commercial use, while the rations are amounts allotted to individuals, and do not even include the allowance for canning and preserving.

What was the total per capita consumption in the United States for 1917?

84.35 pounds.

How much of this was for household use?

61.15 pounds per person.

What was the total per capita consumption in England and in France in 1916?

66.82 pounds in England.

37.83 pounds in France.

What is the individual ration now in England, France, Italy, and Germany?

England, 26 pounds a year.
France, 13.2 pounds a year.
Italy, 13.2 pounds a year.
Germany, 21 pounds a year.

These rations are not guaranteed. They represent the maximum portion possible if the government can get the sugar.

What is the total amount obtainable from our present sources of sugar?

6,759,968 short tons.

What are the requirements of the United States and the Allies?

7,945,423 short tons.

What is the deficit to be made good?

1,185,455 short tons.

What possible amelioration of this condition could we expect?

Sugar from Java and the Philippines, and larger crops from Cuba and the United States.

Would it be wise to depend on all these favorable conditions?

Decidedly not.

Why can we not get sugar from Java and the Philippines?

Because the journey is so long that it is an extravagant use of ships.

What, then, is required of us?

That we reduce our sugar consumption by 15.33 per cent.

Why is this more than our Home Card asks for?

Because the Home Card was issued before the sugar situation was known to be so serious.

BEEF ONCE A DAY IN PUBLIC EATING PLACES UNDER NEW RULE.

Favorable developments in the beef situation have made it possible for the food administration to ease up somewhat on the rather complicated and stringent rule regarding the use of beef in public eating places, and these are now permitted to use beef for the mid-day meal every day in the week. The mid-day meal hours are set at from 11 o'clock a. m. to 2:30 p. m.

Householders are permitted to purchase no more than 1¼ pounds of clear beef, or 1½ pounds including bone per week per person.

Times Wants

The following resolution was offered by Commissioner Larson, who moved its adoption duly seconded by Commissioner Roy:

BE IT RESOLVED, that the County Auditor be instructed to notify George J. Holt, contractor for the repairing of County Ditch No. 32, that work on the repairing of said ditch must be commenced on or before the 15th day of July or his contract will be cancelled.

Resolution was duly approved.

The following resolution was offered by Commissioner Larson, who moved its adoption duly seconded by Commissioner Roy:

BE IT RESOLVED, that the County of Pennington will pay a bounty for the killing of gophers and crows within said county for the year 1918 in the following amount:

Pocket gophers, 5 cents each; Common gophers, 3 cents each and crows, 10 cents each. Same to be paid in accordance with Section 5203 of the General Statutes of Minnesota for 1913 and amended by Chapter 357, Laws of 1915.

Resolution was so declared approved.

REPORT OF COUNTY BOARD OF AUDIT.

To the Honorable County Board:
Pennington County, Minnesota.

GENTLEMEN:

The undersigned Board of Audit of said Pennington County, met at the office of the County Treasurer of said County, on the 1st day of July A. D., 1918, for the purpose of examining and auditing the Accounts, Books and Vouchers of Theo. H. Liden, Treasurer of said County, and to count and ascertain the kind and description and amount of funds in the County Treasury and belonging thereto.

We respectfully make the following report thereon:

Respectfully submitted this 8th day of July, 1918.

PETER C. WOLD,
Vice Chairman County Board and Board of Audit.
T. P. ANDERSON,
County Auditor.
ADOLF EKLUND,
Clerk District Court and Clerk of Board of Audit.

BOARD OF AUDIT.

Verification of Current Tax Collections.

TO THE COUNTY BOARD, Pennington County, Minnesota.

GENTLEMEN:

The Board of Audit of Pennington County respectfully report to your Honorable Body that they have examined the books, accounts and vouchers of the County Treasurer, counted and ascertained the kind, description and amount of funds in the treasury of said county, or belonging thereto, for the period from March 1st, 1918, to May 31, 1918, both days inclusive.

We find the treasurer charged with the Tax Levy for 1918 as follows:

Tax Levy for 1918	$291,051.02	
Total Debit		$291,051.02
Taxes Collected	$157,292.43	
Taxes abated	201.23	
Total Credit		$157,493.66
June 1st, 1918, Balance uncollected		$133,557.36

We hereby certify that we have verified the correctness of the foregoing statement, by checking the duplicate receipts with the tax books for the period above named.

PETER C. WOLD,
Vice Chairman County Board.
T. P. ANDERSON,
County Auditor.
ADOLF EKLUND,
Clerk of District Court.
Board of Audit Pennington County.

Notice of Hearing on Petition for Formation of New District.

WHEREAS, A petition has been filed with the County Board of the County of Pennington with the approval of the County Superintendent of Schools of said County endorsed thereon, signed and acknowledged by a majority of the freeholders who reside in the proposed new district herein described, and who are entitled to vote at school meetings in their respective districts, and duly verified by the affidavit of one of the residents of said proposed new district, praying for the organization of a new school district out of the territory, hereinafter described, to-wit:

The Southeast Quarter, Sec. 8; The South Half of Sec. 9, 10 and 11; The Southwest Quarter of Sec. 12; The West half of Sec. 13; all of Sections 14, 15, 16; the East half of Sections 17 and 20. All of Sections 21, 22 and 23. The West half of Sec. 24. The Northwest Quarter of Section 26. The North half of Sections 27 and 28, and the Northeast Quarter of Sec. 29; all in Township 154 and Range 41, Pennington County, Minnesota, and the said County Board has appointed a time and place for a hearing upon said petition as by law required;

Now therefore,

NOTICE

Is hereby given, that a hearing upon said petition will be had at a meeting of the said Board, commencing upon the 5th day of August, A. D., 1918, at 3:00 o'clock in the afternoon of said day, at the office of the County Auditor in the City of Thief River Falls, in said County, at which time and place the said County Board will hear arguments of all persons interested, for or against the proposed organization of said new school district.

Dated at Thief River Falls, this 10th day of July, A. D. 1918.

By order of the County Board of Pennington County, Minn
By T. P. ANDERSON,
County Auditor and Ex-Officio Clerk of Board.

j11-18.

Order of Hearing of Petition of Freeholder to be Set Off.

WHEREAS, A petition signed by Nels Aarnes, a freeholder of School District No. 44, in this County, with the approval of the County Superintendent endorsed thereon, representing that he is the owner of the following described lands situate in said District, to-wit:

SE¼, Section 34, Township 154, Range 41, School District No. 44 and asking that his said lands may be set off from said District No. 44 to said District No. 66 for the following reasons:

That the distance from my residence by nearest traveled road to school house Dist. No. 44 is 2½ miles, while the distance from my residence to school house Dist. No. 66 is only 1½ miles. Also it is more convenient for my children to attend school in District No. 66, being they have attended since I moved here in March, 1914, was presented to the County Board of Pennington County, Minnesota, at a session of said Board held on the 8th day of July, A. D. 1918, for the action of said Board thereon.

Now, Therefore, It is ordered that said petition will be heard by this Board at the session thereof commencing on the 5th day of August A. D. 1918, at the office of the County Auditor in the City of Thief River Falls in said County.

And it is further ordered that notice of time and place of such hearing be given by giving two weeks published notice thereof, and posting a notice of such hearing in three public places in each of the School Districts to be affected by said petition and by serving upon the clerk of each of said School Districts personally a copy of said notice of hearing, at least ten days before the time appointed for such hearing.

OSCAR J. PETERSON,
Chairman of County Board,
Pennington County, Minn
Attest: T. P. ANDERSON,
County Auditor, and Ex-Officio Clerk of Board.

j11-18

On motion duly carried the County Board adjourned until 8:00 o'clock A. M., on July 9th.

OSCAR J. PETERSON,
Chairman.

T. P. ANDERSON,
County Auditor.

Thief River Falls, Minn. July 9, 1918.

As per adjournment the County Board re-convened at 8:00 o'clock. All members present.

On motion duly carried the following application for refundment of taxes was approved by the County Board subject to the approval of the Minnesota Tax Commission:

James McGinty, real estate in the city of Thief River Falls.
Ole Ommundson, personal property in town of North.
Joseph Welrus, personal property in town of North.
Jackson Brothers, personal property in Village of St. Hilaire.
A. B. Mandt, personal property in Village of Goodridge.

The following application for refundment were on motion duly rejected:

Lazarus Gill, personal property, city.
Gopher Real Estate Co., real estate, city.
Carl E. Steen, real estate, city.
P. A. Kolden, real estate, city.

The following resolution was offered by Commissioner McGinn, who moved its adoption duly seconded by Commissioner Wold:

RESOLVED, that the sum of Four Thousand Dollars be and the same is hereby transferred from the Sinking Fund to the County Revenue Fund and that the County Auditor and the County Treasurer hereby is directed and authorized to make the proper transfers on their books in their respective offices.

All members present voted for the resolution and it was so declared approved.

Motion made and seconded that the job of construction on State Road No. 6 known as the Pembina Trail under contract by Alfred Forslund, be accepted and, that the County Auditor be instructed and authorized to issue his warrant to the contractor for the balance due on his contract. Motion duly carried.

Pursuant to Section 695 of General Statutes for the year 1913 the County Board of Pennington County, Minnesota, did examine the accounts of the Auditor and Treasurer and counted all the funds in the County Treasury, and filed their certified statement of the same with the county Auditor, the following of which is a copy:

A statement of the exact amount of money in the treasury of the County of Pennington, State of Minnesota, on the 9th day of July, 1918.

Consisting of Pennies nickels and dimes	$ 8.14
Checks and Cash Items	146.56
Gold and Silver	2.25
Currency	10.00
Deposited in Banks	62,295.81
Total	$ 62,462.76

We hereby certify that the foregoing statement is true and correct according to our best knowledge and belief.

By the Board of County Commissioners of Pennington County.
By OSCAR J. PETERSON,
Chairman.

To The County Board of Pennington County, Minnesota:

The following is a true and correct statement of the condition of the respective funds of said County at the close of the business on the 30th day of June, 1918, showing the amount levied for the various county funds for the current year, together with the actual cash balance and the amount unpaid on contracts of the County:

Name of Funds.	Amt. Levied.	Actual cash balance.
County Revenue Fund	$22,666.63	$ 4,825.12
County Road & Bridge Fund	14,274.19	3,436.52
County Bond & In. Fund	2,854.76	2,837.43
County Sinking Fund	2,884.77	8,802.26
County Sanatorium Fund	3,896.60	1,281.94

Dated this 9th day of July, A. D., 1918.

Respectfully submitted,
T. P. ANDERSON,
County Auditor.

The following resolution was offered by Commissioner Roy, who moved its adoption duly seconded by Commissioner Wold:

WHEREAS, after due consideration this Board has estimated the necessary expense of the County for the ensuing year to be as follows:

County Revenue Fund	$ 25,000.00
County Road and Bridge Fund	15,000.00
County Bond and Interest Fund	1,000.00
Sanatorium Construction Fund	1,500.00
Sanatorium Maintenance	2,500.00

Therefore, Be It Resoved, that to meet such expense the following sums be levied on the taxable property of Pennington County as a basis for the year 1918 as follows:

County Revenue Fund	$ 25,000.00
County Revenue & Bridge Fund	15,000.00
County Bond and Interest Fund	1,000.00
Sanatorium Construction Fund	1,500.00
Sanatorium Maintenance Fund	2,500.00

All members present voted for the Resolution and it was so declared approved.

H. S. Dahlen	5.00
Henry Young	1349.25

Meeting adjourned.

CHARLES A. PITKIN, Clerk.

Approved: H. S. DAHLEN, President.

ANNUAL SCHOOL MEETING.

Minutes of the Annual School meeting of the electors of Independent School District No. 18, County of Pennington, State of Minnesota, held at the Auditorium in the City of Thief River Falls, on the third Saturday of July, being July 20, 1918, at 7 o'clock P. M., pursuant to statute and notice duly given by the Clerk, proof of the posting of which notice appears on record in the office of said Clerk.

H. S. Dahlen, President of the Board of Directors of said district presided as Chairman, and Charles A. Pitkin, clerk of said district, acted as clerk at said meeting.

The annual report of the Treasurer, with the report of the auditing committee attached thereto was read by the Clerk. The annual report of the Clerk was presented to said meeting. It was moved by A. H. Fasel, seconded by George Doland, that such report be accepted and placed on file. Motion carried.

A. H. Fasel presented the following resolution and moved its adoption. Said motion was seconded by George Doland, and unanimously carried.

BE IT RESOLVED, That the electors of Independent School District No. 18, of Pennington County, Minnesota, direct the Board of Education of such district to levy at least the sum of forty-five thousand ($45,000.00) taxes for school purposes for the ensuing year, 1918-1919.

At 7:10 o'clock P. M. the Chairman of the meeting announced the polls open for candidates for two directors. Lars Backe and George Doland acted as judges of such election and A. H. Fasel and Charles A. Pitkin acted as clerks. The polls remained open continously until 8:15 P. M., when all present at said meeting had voted. The clerks and judges certified the following as a result of said ballots: Total number of votes cast 22, of which H. W. Froehlich received 21; P. O. Myhrum, 18; F. H. Gambell 3 and Charles A. Pitkin 1. H. W. Froehlich and P. O. Myhrum having received the majority of votes cast were therefore declared elected as directors for a term of three years.

Upon motion the meeting duly adjourned.

CHARLES A. PITKIN, Clerk.

Approved: H. S. DAHLEN, President.

To The Clerk of Independent School District No. 18, Thief River Falls, Minn.

Dear Sir:

In accordance with law I herewith file with you for presentation to the annual school meeting to be held on the 20th day of July, 1918, the following report of moneys received and disbursed by me as treasurer of said district for the fiscal year ending July 17th, 1918.

LARS BACKE, Treasurer.

Thief River Falls, Minnesota, July 17, 1918.

We, the committee appointed to audit the accounts of the Treasurer of Independent School District No. 18, Pennington County, Minnesota, do hereby certify that we have carefully examined the books and warrants of said Treasurer and find the foregoing Treasurer's report to be a correct statement of moneys received and orders paid.

H. S. DAHLEN, Director.
F. H. GAMBELL, Director.

Thief River Falls, Minn., July 17, 1918.

To The Board of Education and Electors of Independent School District No. 18, Pennington County, Minnesota:

The following is a statement and report of the receipts and disbursements of the district during the fiscal year; a statement of the assets and liabilities of the district; and an estimate of the receipts and expenditures for the coming year, all of which is respectively submitted to you in accordance with the duties of my office.

CHARLES A. PITKIN, Clerk.

OSCAR J. PETERSON,
Chairman.

T. P. ANDERSON,
County Auditor.

Thief River Falls, Minnesota, July 15th, 1918.

As per adjournment the County Board re-convened in regular session at 7 o'clock P. M. All members present.

Motion made by Commissioner Peterson and duly seconded by Commissioner Roy, that the County Auditor be instructed to re-advertise for bids for the repairing of County Ditch No. 32. Motion duly carried.

Motion made and duly seconded that K. O. Gigstad be re-appointed as member of the Sanatorium Committee for a term of three years. Motion carried.

The bonds of Dr. O. F. Mellby and K. O. Gigstad in the sum of $5,000.00 as members of the Sanatorium Committee were on motion duly approved.

There being no further business the County Board adjonred sine-die.

OSCAR J. PETERSON,
Chairman.

Attest:
T. P. ANDERSON,
County Auditor and Ex-Officio Clerk of the Board.

City Council Proceedings

Thief River Falls, Minnesota.

A special meeting of the city council was called to order by M. N. Benson, President, Protem, at eight o'clock p. m., July 19th, 1918 for the purpose of receiving and opening bids for the construction of a deep well and any other business that might come before the council.

Roll call: members present: Froseth, Benson, Olson and Brandon. Members absent: Myhrum and Ihle.

Moved by Froseth, seconded by Olson that bids for the construction of a deep well be opened and considered. Motion carried.

Bids were submitted as follows:

McCarthy Well Co.: for drilling and placing pipe $11.00 per lineal foot. Cook or Johnson strainer $50.00 per foot.

H. Swenson Artesian Well Co.: for drilling and placing pipes $8.85 per lineal foot, 12 in. screen per foot $42.00; 10 in. screen per foot $37.00.

Moved by Brandon, seconded by Olson, that action on bids for construction of a deep well be postponed until the next regular meeting July 23, 1918. Motion carried.

Moved by Brandon, seconded by Froseth that the bonds of W. H. Robinson on waterworks contract be reduced to $500.00. Motion carried.

On motion duly carried the Council adjourned.

M. N. BENSON,
President of the Council, Protem.

Attest:
A. H. AKRE,
City Clerk.

NOTICE OF MORTGAGE FORECLOSURE SALE.

Default having been made in the payment of Four Hundred Sixty-four and 35-100 Dollars ($464.35), principal and interest, which is claimed to be due and is due, at the date of this notice, upon a certain mortgage duly executed and delivered by Gilbert H. Hagen and Jennie Hagen, his wife, mortgagors, to Ellsworth and Jones, (Incorporated) mortgagee, bearing date the 1st day of April, 1915, and with a power of sale therein contained duly recorded in the office of the Register of Deeds, in and for Pennington County, Minnesota, on the 23rd day of April, 1915, at 8 o'clock A. M. in Book 3 of Mortgages on page 378, and no action or proceeding at law or otherwise having been instituted to recover said debt or any part thereof;

NOW THEREFORE, notice is hereby given that by virtue of the power of sale contained in said Mortgage and pursuant to the statute in such case made and provided the said mortgage will be foreclosed by a sale of the premises therein described and thereby conveyed, lying and being in the County of Pennington, in the state of Minnesota, to-wit:

The northeast quarter of the northeast quarter of Section Thirty-two (32) in Township One Hundred Fifty-four (154) North of Range Forty-five (45) West of the Fifth Principal Meridian, containing 40 acres, according to the Government survey, which sale will be made by the Sheriff of Pennington County at the front door of said County Courthouse, at the City of Thief River Falls, in said County and State, on Saturday, the 3rd day of August, 1918, at 10 o'clock in the forenoon of that day at public vendue to the highest bidder for cash to pay the said debt of $464.35, principal and interest and taxes if any upon said premises, and $25.00 Attorney's fees as stipulated in said mortgage in the case of foreclosure and the disbursements allowed by law, subject to redemption at any time within one year from and after the day of sale as provided by law.

Dated June 15, 1918.

ELLSWORTH & JONES,
Incorporated,
Mortgagee.
A. T. LARSON,
Attorney for Mortgagee.
